The Ladies Auxiliary of the Metropolitan Club met at the home of Mrs. Earl Wilcox Monday evening for a regular business meeting conducted by Mrs. Robert Poorman. Plans were made to have a movie on June 18 at the Metropolitan room in Pontiac with the members of the Pontiac Auxiliary and their husbands as guests. A bake sale is scheduled for June sixth with the plate to be announced later. The group voted to send Mrs. Poorman and Mrs. Earl Rives to Detroit from August 19 to the 26th as delegates to the State Convention. There will be no regular meeting in June and the meeting on July 21 will be at the home of Mrs. Robert Bahm in the form of a picnic for the families of members.

Thirty American Legion members and members of the Ladies Auxiliary enjoyed a barbecued spare rib supper at the home of Mr. and Mrs. Donald White Tuesday evening. Special guests were retiring department commander Joe Nichols and the new department commander, George Simmons and his wife. The menu committee included Mrs. Glenn Campbell, Mrs. James Saylor, Mrs. Donald White, and Mrs. Edwin Lamberton. Outdoor games were enjoyed before the shower. Thirty-five Luther League

members enjoyed a progressive supper Sunday evening. The group started at the home of James Helman for cocktail, then to the home of Charlotte Taylor for salad, the main course at the home of Martin Wager, and the dessert at the home of Martha and Jack Davidson where the group remained for the regular business meeting and period of devotion. Martin Wager, Jr., conducted the business meeting and the Rev. Philip A. Jordan led a discussion on higher christian education. (Continued on page 4.)

The Club was divided into three groups, for the contest only, with Mrs. Louis Hillman as captain of the Waterford Group, Mrs. Dale McClelland, captain of the Dixie Group, and Mrs. Lester Patton, captain of the Williams Lake Group.

Mrs. Louis Hillman was named Good Will Chairman for the coming year.

MARRIAGE VOWS SPOKEN LAST FRIDAY EVENING

Beautiful in its simplicity was the ceremony that united in marriage Ruth K. Wood and Jack R. Harrington at 8:30 o'clock on Friday evening at the home of the bride's parents, Mr. and Mrs. Clifford R. Wood on Grandview Blvd, Williams Lake.

The bridegroom's parents are Mr. and Mrs. George Harrington of Pontiac.

The setting for the double ring

ceremony, performed by the Reverend Phillip A. Jordan, pastor of the Christ Lutheran Church, Waterford, was formed by an attractive arch shaped arrangement of spring blossoms, under which the young couple pledged their vows.

Just before the rites were read Mrs. Roy Olson sang "I Love You Truly" and "Because". Miss Arvil Williams played the accompaniment.

The bride, who was given in marriage by her father, was smart in a peplum styled, pastel blue suit with white accessories. She wore a corsage of white roses centered with gardenias.

Mrs. Ralph Porter, a bride of six months, was her sister's only attendant. She wore a grey suit with pink accessories and a corsage of pink carnations.

Assisting as best man was the bridegroom's cousin, Robert L. Harrington of Pontiac.

For her daughter's wedding Mrs. Wood was wearing a grey dress with black accessories and a corsage of red roses. Mrs. Harrington wore an aqua dress with black accessories and a corsage of yellow roses.

A reception in the home followed the ceremony. The table covered with a white cloth was centered with a tiered wedding cake flanked by tall white tapers. As an attractive background for the cake was a beautiful handmade lace centerpiece, a memento of World War I, brought from Czechoslovakia by the bride's brother, Harold Wood.

The young couple is honeymooning in Pittsburgh, Penn. They will return to Pontiac soon and make their plans to leave about June 1st for Santa Monica, Calif., where they will make their home.

The groom is a veteran of the last World War, having served in the U. S. Navy in the Pacific theater.

Out of town guests at the wedding were from Pennsylvania, Linden, Flint, Clarkston, Pontiac and Waterford.

STUDENT LOANS

Through the student loan program of the Office of Veterans Affairs more than 3,000 Michigan veterans have been able to remain in colleges and universities in spite of the delay in receiving their subsistence checks from the Veterans Administration. More than \$200,000 has been borrowed by students in lieu of subsistence checks. It has been clearly demonstrated that many of these students would have been forced to leave college had this service not been available to them.

SWIMMING SAFETY

Maybe spring is here to stay. In preparation for the mild wea-

ther and good swimming days that are to come the Automobile Club of Michigan has issued the following rules for safe swimming and safe camping or picnicking:

THREE IMPORTANT RULES FOR SWIMMING

1. Never go in the water when overheated.
2. When diving, be sure the water is deep enough and free of obstructions.
3. When swimming far from shore always have someone in a boat near you. If using water wings or inner tubes for floating, stay in shallow water. Don't drift or let the breeze blow you beyond your depth.

CARELESS CAMPERS CAUSE MANY DANGEROUS AND DESTRUCTIVE FIRES

1. Campfires must be put out before leaving them.
2. A match or lighted cigarette tossed out of a moving automobile often starts a fire, too. They should be extinguished before they are discarded.

BEWARE OF POISONOUS PLANTS

Learn to recognize them and avoid touching them. If you are not familiar with farm animals and machinery, keep away from them.

A good tan must be acquired slowly.

Dress properly, avoid heat, exhaustion and strenuous exercise. Sunburn is painful and can cause severe illness.

The best assurance for an enjoyable vacation is to be alert and keep safety in your mind at all times.

FORENSICS

Pat Hoyt presented her original oration, "The Noble Profession", at Clawson in Regional J forensics contest last Thursday. Although Pat did not bring back the pennant she did present her speech very well.

CELEBRATION

The ninth grade and several members of the tenth and eleventh grades trekked over to Walled Lake last Friday night for an outing. Ray Frazier, Nancy Heineman, The Schroeder twins, Glenn McGee and Shirley Allen survived numerous rides on the roller coaster. Bob Rioux and Carl Stitt kept the little bumper cars hot for the evening. Chaperones for the affair were Mr. and Mrs. Lambert, Mr. and Mrs. Bradley, Miss Niblack, Mr. Beach, Mrs. Warren Allen, Mrs. Sue Webster, Miss Krell and Miss Campbell, ninth grade class adviser.

SENIOR TRIP

The halls were strangely quiet the latter part of this week. Clarkston lost its "intellectual" look to be sure, but the underclassmen managed to get along without the seniors. The mighty class of '47 was off on a three day cruise of Lake Huron and Lake Michigan aboard the S. S. South American. Mr. and Mrs. Ridgley and Miss Niblack chaperoned most of the members of the class on their cruise and tour of Chicago and fast train trip home.

MOVIE

The High School enjoyed a showing of Julius Caesar, a movie based on the Shakespearean play of the same name. The movie was of especial interest to the second year Latin class who have been reading Caesar's Commentaries in the original Latin for the past 3 months.

CLARKSTON BEATS LOG CABIN 7-2

Last Friday Clarkston played Log Cabin at Clawson. Davison did the pitching for the Wolves and almost had a perfect game. Clarkston got a four run lead in the first inning when McGee laid down a bunt and was safe at first. Dubats laid down another bunt and both runners were safe. Smith singled McGee scoring. Greathouse struck out, Ludwig filed out, Kidder got on first on a ball and McGee struck out and ended the inning.

Log Cabin had one man on base in the fourth by an error, but he did not get around.

Clarkston got their last runs in the seventh when McGee, Smith and Davison scored.

Baker got the only hit off Davison in the seventh when Log Cabin got two runs on errors.

May 13, Clarkston lost to Big Beaver on the Wolves home field by a score of 1-0. Beaver got their first and only run in the first inning on a single, two stolen bases and a passed ball. Clarkston had trouble with the Beaver pitcher, Smith getting the only hit for Clarkston. Davison gave up two singles.

CARE SHOULD BE TAKEN WHEN STORING WOOL

If wool is to be stored on the farm before marketing, a few important rules should be observed to prevent damage to the fleeces.

Graydon Blank, extension animal husbandry specialist at Michigan State college, says that dry, rainproof buildings are essential. Wool stored on a dirt floor will mildew. A clean granary, lined with tar paper, is a good storage place. Where this is not possible, wool can be placed on a dry floor and naphthalene flakes sprinkled over it at the rate of one and one-fourth pounds per 100 cubic feet. A sheet or canvas should cover the pile to keep in fumes and exclude dust and dirt.

Residue left by the weed killer 2, 4-D in spraying equipment will kill desirable plants unless the equipment is thoroughly cleaned.

Cattle should not be turned into pasture until the grass gets a good start.

Check Dial Gage On Pressure Canner

Before you start the season's canning, be sure to have the dial gage of your pressure canner tested for accuracy.

If your canner gage is undependable, your canning will be undependable, warns Roberta Hershey, foods and nutrition specialist at Michigan State college. Food may get too little heat for safe

Small Seeds Need Shallow Seeding

Large acreages of new seedlings are lost annually because of too deep covering of the legume and grass seeds. To sow alfalfa and bromegrass seed close to the surface, grain hoses should be removed from the drill. The oats will usually fall through the shoe, while the bromegrass seed will separate from the oats as it comes from the drill box and sit to one side.

If possible, extend the small seed hoses so as to scatter the alfalfa seed behind the drill. Where this is not possible, cutpack before seeding, set the drill to run as lightly as possible and cutpack to cover. In this manner, the small seed will be put close to the surface, the bromegrass will be on top, and with a cutpacker following, the seeding will be sufficiently covered.

Presented by C. M. Harrison, Michigan State college farm crops specialist, these suggestions are ardently supported by the Emergency Farm Labor program of the MSC extension service.

keeping, or it may be overcooked and lose vitamins and flavor.

Some foods can be canned safely only in a steam pressure canner. These are the low-acid foods, such as snap beans, corn and other common garden vegetables with the exception of tomatoes. It is recommended that these foods be processed at 10 pounds pressure.

Weighted gages need only to be very clean and properly put on the canner. Dial type gages, new or old, need to be checked before the canning season, and again during the season if used a great deal. See your dealer, canner manufacturer or county home demonstration agent about checking the gage.

If the gage is found to be 5 pounds or more off, it should be replaced. If it is not more than 4 pounds off, you can use a corrected canning scale which you should write up and attach to the canner.

If the gage reads 1 pound high, process at 11 pounds; 2 pounds high, process at 12 pounds; 3

pounds high, process at 13 pounds; 4 pounds high, process at 14 pounds. If the gage reads 1 pound low, process at 9 pounds; 2 pounds low, process at 8 pounds; 3 pounds low, process at 7 pounds; 4 pounds low, process at 6 pounds. This scale applies to foods which you would ordinarily process at 10 pounds.

Put Healthy Plants In Your Garden

If you're planning to buy vegetable plants for your garden this year, you should be looking for healthy, vigorous plants.

County agricultural agent Karl D. Bailey says that weak plants set in the garden mean poor growth and lowered yields.

Tomatoes, peppers and cabbages are most commonly bought to be set out in home gardens. They come in three types: potted plants, transplanted ones and seedlings. Potted plants are generally the

furthest along in development. Many growers buy a few potted plants to supply early fresh vegetables for the table. The main crop then comes from transplanted plants which produce later. Seedlings have not been transplanted and are not as far along in development as the potted or transplanted plants. Seedlings are relatively low in price and produce satisfactory yields when they are handled carefully. They are suitable when early crops are not important.

Agent Bailey states that there are three rules to follow when buying plants for the garden. First, buy plants that are strong and well-rooted. Second, select plants that are free from disease. Third, purchase varieties adapted to growing conditions in your locality.

When spraying with DDT, do not allow the solution to come in contact with food or water intended for humans or livestock.

League Trophy Won By Girls' Team

Clarkston's girls' softball team, by defeating Big Beaver last Wednesday, won the much coveted League trophy. Mrs. Lambert and the team which consists of Marilyn Kennedy, Pat A. Watson, Mary Jo Pettengill, Barbara Tarlton, Doris Van Wagoner, Ellen Rockwell, Donna McDermott, Marjorie Jones, Marianne Marshall, Shirley Crosby, Joyce Moore, Janet Keelean, Lois Baynes, Mary Nell Brooks, Dawn Coleman, Charlotte Bentley, walked off with the honors this year in the Twin County League. The trophy will be presented to the team at a later assembly.

Last week proved to be a bad week for the girls' softball team, with one tie and two losses. The first game was Tuesday, here, against Waterford. The line-up was as follows: Kennedy P.; Watson 1; Pettengill 2; Tarlton 3; VanWagoner ss; Jones rf; Marshall lf and

Crosby c. Due to rain the game was called in the last half of the third inning with the score tied 3-3.

The second game was Wednesday against Bloomfield Hills, there. This was a league game. The line-up was: VanWagoner; Crosby, c; Watson, 1; Kennedy, ss; Moore, 2; Tarlton, 3; Keelean, ss; McDermott, cf; Baynes, rf; and Jones, lf. It was a close game and both teams played hard. The first two innings were three up and three away for both sides. Bloomfield took a five point lead in the third and lost only two points on that lead, winning the game 8-5.

The last game of that week was at Walled Lake on Thursday, with Marilyn Kennedy pitching, the Clarkston girls played a tight game, but lost to their opponents 16-14.

The final league game was against Big Beaver, Monday. This game has been postponed earlier in the season due to bad weather. Marilyn pitched again and the final score was in Clarkston's favor 30-26.

APPRECIATION

My sincere appreciation is extended to all who remembered me with flowers, gifts, cards and many kindnesses while I was ill and since I have been convalescing. I certainly enjoyed the luncheon sent to me by the Mary Circle and wish to say "many, many thanks". Mrs. Alice Gulick
