More Books Added To School Library

On Wednesday afternoon of last week the annual Book Tea was held in the auditorium of the school. On account of the inclement weather the attendance was not as large as was expected. However those who were there enjoyed a good program, a fine display of new library books which were attractively arranged on a table decorated with apple blossoms, a talk with neighbors and friends and dainty refreshments served by the kindergarten room mothers.

The program opened with two pretty selections by the girls' sextet with Ruth Davies playing the piano accompaniment. Miss Kloock then presented her Home Economics class in a style show. This was especially interesting as the girls had made their own outfits in class and all had done a beautiful job.

Mrs. Russell Colton welcomed the guests and called on Mrs. Otto Ivonen to say a few words about the books for the elementary library. Mrs. Ivonen invited everyone to visit the library and said there were more than 530 books now on the library shelves. Those who acted as librarians or assisted in any way were introduced and special attention was drawn to the books on display at one end of the auditorium. Anyone who wished could contribute a dollar and a half or more and then select the book they would like to have bear their name as donor. About \$55 was realized.

Mrs. Leslie Shanks, a past president of the P.T.A., installed Mrs. Kenneth Johnson as the president for the new year and Mrs. James Glennie as vice president. Mrs. Shanks then presented Mrs. Colton with a past president's pin from the P.T.A. and a lovely vase from the executive board. Mrs. Colton responded, in her usual pleasing manner, and thanked all who had cooperated so well during her term of office.

At the close of the meeting dainty refreshments were served from a table covered with a lace cloth and centered with a beautiful arrangement of garden flowers flanked with lighted white tapers in crystal holders. Mrs. Colton poured.

Before the program and during the serving of refreshments Kitty Rockwell and Ivan Rouse presided at the piano and played several pretty numbers.

If for some reason you were unable to get to the Tea but you would like to have your name on one of the library books as donor, contact one of the board members or librarians and they will gladly accept your \$1.50.

Respects Paid To Deceased Veterans

The Memorial Day service at Lakeview cemetery was well attended. The Legion of Clarkston and of Waterford and the Boy and Girl Scout organizations were all represented in the parade which was led by the Clarkston School Band under the direction of Legionnaire Harold F. Lamb.

The invocation was given by the Reverend W. S. Ross after the band played the national anthem. Harold Kennedy, Commander of the local Legion post read the roll of deceased veterans and this was followed by the band playing "The Vacant Chair". Legionnaire A. E. Butters recited Lincoln's Gettysburg Address and the band played "America".

The speaker of the day was the Reverend Ross, pastor of the Clarkston Baptist Church. His words sank deep into the hearts of the listeners. His tribute to those who gave their lives for the American way of life might live as one to be remembered.

Legionnaire John Alander placed the wreath on the grave of Henri F. Buck who passed away in January, 1946, and Frank Ronk sounded Taps.

Guests at the home of Mr. and Mrs. George Elliott on Tuesday were Commander and Mrs. Harold P. Gerdon and their two daughters, Judy and Joan, who were on their way from Newport, R. I., where he has been stationed for the past year to his new post at Glenview, Ill., where he expects to stay for the next two years. Mrs. Gerdon is Mr. Elliott's niece. Other guests were Mr. Elliott's brother-in-law and sister, Mr. and Mrs. Frank Mapley of Porter St., in Pontiac.

What Shall I Wear?

Is there a home with kids around, That's not acquainted with this sound, Each morning as the kids arise With plaintive pleadings in their cries,

To add a load to mother's care, By quizzing her on what to wear.

Now if the family's five or six It places mother in a fix Upon an instant she should know How each should dress from head to toe; Be tactful and select with care The garments each would like to wear.

I've marveled at her judgment sound In seeing that the family's gownned, Properly as they appear For orders from the engineer.

Though scanty be the bill of fare She's planned ahead what each should wear.

She's done so well with color schemes That clashing colors haunt her dreams. And, when I dress, her searching eyes Will prompt selection of my ties. So cautiously I choose a pair Then ask her, which of them to wear.

Sliding Door On Truck

Ed and Jim Long, of St. Johns, Mich., can unload grain in record time. A sliding door in one side of the truck box does the trick. Farm labor specialists of the Michigan State college extension service recommend the sliding door or a hinged door to save the time and effort required to bend and lift the grain over the side of the truck. With an opening in the side even with the floor of the truck, unloading a truckload of grain is a mere matter of pushing the grain, instead of lifting.

Girls receiving their "wings" and graduating to scouting were Ruth Ann Eddy, Garnet Hawkins, Alberta Thornburg, Joyce Pursley and Terrie Keech. Every girl participated in a candlelight service to mark their third birthday. Each girl received a corsage. Ice cream and cake were served from a very attractive table centered with a bowl of yellow tulips and 3 large yellow tapers.

MICHIGAN Motoring Bass will be fair prey for Michigan's army of fishermen on and after Wednesday, June 25 — as if any true disciple of Izaak Walton needs to be reminded. Fishermen will be up early in the morning, disturbing their neighbor's sleep as they coax their aging motors into action. They'll be out late at night, too. One grand thing about bass fishing in Michigan. You can catch them in almost any lake — if you are lucky. The Michigan Conservation Commission does a fine job of stocking them, so the bass are there if you know how to get them. Fishermen sometimes get too impatient to reach their favorite lake. They drive too fast for safety. Safe driving authorities call upon them to prove they are sportsmen. Good sportsmen don't jeopardize the safety of others. They keep their cars in good mechanical condition. They check and double check steering apparatus, brakes, horns and lights. And they drive with due regard for the safety of others, as well as themselves. (© Automobile Insurer's Safety Association)

THE HILLTOPPER

INTERLOCHEN

Dave Leak and Dick Allen have been fortunate in being admitted to the National Music Camp at Interlochen, Michigan, for this summer. High school and college students from practically all states in the country, Dr. Maddie of the University of Michigan and famous guest conductors participate at the camp. The two boys were admitted at the instigation of Mr. Lamb.

SENIOR ACTIVITIES

Sunday, June 8th, the members of the graduating class and their parents and guests will attend baccalaureate services to be held

Mr. James Covert, Assistant Superintendent of Pontiac Schools, will deliver the commencement address. Music will be supplied by the two piano combination of Mrs. Charles Matthews and Adele Thomas. Reverend Saxman will offer the invocation.

AIRPLANES

They're not mosquitoes or flies, not the real thing though they look like them -- yes, they're model

airplanes. Last Wednesday Clarkston's budding aviators displayed model airplanes in the gymnasium and flew the flying models for the judges in the afternoon.

EXAMS

That last week's here with exams scheduled for Monday and Tuesday. Tests will run:

YEAR BOOK

Tuesday of this week the 1947 Hilltoppers were distributed, culminating the year long efforts of Miss Niblack, faculty adviser and the annual staff, Katie LaPlante, editor-in-chief, Harold Smith, Ida Beattie, Mary Keelean, Vivian DePiazza, Mary Jane Beattie, Bill Ludwig, Dean Anderson, Wayne Longair, Richard Allen and Ken Hempstead.

The book with its blue cover and yellow lettering and theme of "Willis Wolf" is well made. The annual is dedicated to Miss Niblack this year.

BAND CONCERT

A large crowd enjoyed the spring concert of the band and chorus last Thursday night in the school auditorium. The band numbers which were first on the program featured solos by Dave Leak and Dick Allen. The chorus part of the program began with "My Hero" a solo excellently sung by Pat Hoyt. A mixed quartet composed of Ida Beattie, Barbara Boadway, Denny Warden and Martin Wager and the girls' sextet were featured. At the close of the program Ida Beattie in behalf of the group presented Mr. Lamb with an album of records.

JERRY McSAFETY

The entire school was entertained last week by Jerry McSAFETY and Sergeant Fruelins of the Detroit police. Jerry (just another Charlie McCarthy) with rolling eyes and flapping ears, held the attention of the audience while he taught the principles of safety. Sergeant Fruelins also "constructed" a busy intersection on a blackboard. The assembly was presented through the courtesy of Mr. Robert C. Beattie and the Ford Motor Sales.

JUNE DANCE

The freshmen are sponsoring the final dance of the year tonight in the school auditorium from nine until twelve. Lewis "Spike" Masters and his band will play the music.

With spring flowers for decorations and June the motif Jerry and Jenny Schroeder, Donna Gobel and Alene Richardson are in charge of decorations. Refreshments will be secured by Marian Edwards, Ken Sinkler, Ruby Powell and Jerry Anderson. Advertising has been done by Joan Booth, Dawn Coleman and Marilyn Mortimore.

CLARKSTON PLACES TWO ON ALL-LEAGUE BASEBALL TEAM

At a recent meeting of the Twin-County Conference, Glenn Davison was selected as one of the two pitchers and Charles McGee made shortstop. The rest of the team is as follows: Hering, catcher; Dell, Todd, Sieferlein, infielders; Hagerty, Acion, J. Doan, outfielders.

Davison had previously made the All-League football and basketball. This is a fine finish to a brilliant high school athletic career.

TRACK

Last Wednesday a meet was held between the track teams of Clarkston and Orion. In spite of inclement weather both teams did well totaling 53 2/3 points for Orion and 53 1/3 for Clarkston. The third of a point difference came from a three way tie in the high jump with two men from Orion and one from Clarkston.

Scores were as follows:
High hurdles—Ludwig (C) 1, Collins (O) 2, Fowler (O) 3.
100 yard dash—Venstrom (O) 1, Bird (C) 2, Peltier (O) 3.

Shot put—Thuenic (O) 1, Trim (C) 2, Warden (C) 3.
Mile run—Wager (C) 1, Ruge (O) 2, Burrows (O) 3.
Low hurdles—Collins (O) 1, Bird (C) 2, Lamb (O) 3.

440 yard run—Greathouse (C) 1, Tonkin (C) 2, Green (O) 3.

Great improvement was shown in the Clarkston team and Mr. Bonner's 43 team should be benefited by the experience and interest gained.

STYLE SHOW

Last Wednesday afternoon at three o'clock Miss Kloock's home economics class presented a style show as part of the May P.T.A. tea. The tea, in charge of the kindergarten mothers was enjoyed by all. The gym was tastefully decorated with lilacs. Mrs. Hancock chairman of the affair, was assisted by Mrs. Powell. A display of grade library books (since the tea is for the grade library) was presented by Mrs. Shanks, Mrs. Iyonen, Mrs. Hammond and Mrs. Huttenlocher.

Although many interesting articles of apparel were modeled the more outstanding included a light weight summer wool pastel blue, long sleeved dress with fly front worn by Mary Jane Beattie, the two Cooper sisters Ardis and Shirley in identical flowered print outfits and Iva, the very little Cooper sister, in a pink and white dotted swiss frock which was modeled by Ardis. Mary Lee Volberding appeared in a soft yellow pique dress trimmed with white eyelet embroidered bodice inserts and the new push up sleeves in part white and yellow. Norma Terry modeled white pleated shorts which contrasted with Imogene Potter's navy blue pedal pushers. Marilyn Mortimore appeared in flowered crinkle crepe bare midriff pajamas. Helen Dean displayed a brown and white broomstick skirt topped by a white organdy turtle-necked blouse. Ida Beattie's stark white rayon frock with varicolored belt created much comment. Shirley Powell modeled a watermelon red date dress with an off-the-shoulder eyelet ruffle and narrow watermelon colored shoulder straps.

SENIOR TRIP

The Seniors spent all last week recovering from their trip.

In the words of the reporter: We started off the trip by boarding a bus at the school Wednesday

morning which took us down to the docks in Detroit. There we boarded our ship, The S. S. South American which was to carry us all the way to Chicago. That night there was dancing on the boat and a singing program. The next morning we landed at Mackinac Island and spent about 3 1/2 hours there, sightseeing and shopping. That night on the boat they held an Amateur Hour and Clarkston was represented by Pat Hoyt and Denny Warden. Friday morning we arrived in Chicago and spent seven hours there before coming back to Detroit by train Friday night.

Except for a few cases of "sea-sickness" the trip was wonderful and we were all glad to have had a chance to go. Miss Niblack, our class adviser, and Mr. and Mrs. Ridgley went with us. There were approximately 15 other schools on the ship. I'm sure a good time was had by all.

Backward Spring Means More Corn

Michigan corn acreage could establish new records this year as farmers prepare to seed in one of the most backward springs in many years. Farm crops department officials at Michigan State college say the 1946 record seeding of 1,830,000 acres may be surpassed this spring.

Little of the intended 1,600,000 acres of oats and barley was planted by early May because of the cold, wet spring. Although many farmers, determined to get a small grain crop in the ground, continued planting, much of that intended acreage has been held for planting of other crops.

Corn seeding may be accomplished late in May with good

prospects of maturing. Bean acreage, particularly in areas adapted to the crop, may also be increased due to the inability of some farmers to plant oats or barley.

Corn requires a good seed bed preparation, but unless the weather continues unusually bad, there will be ample time for planting.

Adequate supplies of hybrid corn seed are available in Michigan and crop specialists advise farmers to get varieties adapted to their locality. On agricultural agents are prepared to give information on rates and dates of seeding as well as to recommend varieties adapted to certain areas.

THE DETROIT EDISON COMPANY
2000 SECOND AVENUE
DETROIT 26, MICHIGAN
May, 1947

To Our Residential Customers:

The Detroit Edison Company has a story that needs telling. It is an important but little noted phase of the story of skyrocketing prices and the now dramatic effort to stop dangerous increases in the cost of living.

The fact is that Detroit Edison fought this fight all through the days when there was no drama in it.

Through the war, and since then, there has been no increase in the price of Detroit Edison electricity to residence customers. This Company, while PAYING higher prices for labor and materials, has been able to REDUCE the price of electricity.

Detroit Edison residence customers now use 50 per cent more electricity than they did in 1939.

This increase in use is a major factor in making possible the reductions in price.

That process, applied to ALL production, opens the door to lower prices, progress and prosperity, and to better living for the people.

Chairman of the Board
James W. Parker,

Michigan Poultry Scarce On Market

Michigan's poultry production is only "scratching the surface" in meeting the demands of the great Detroit market, according to figures compiled on receipts of poultry and poultry products in the Detroit market in February.

Michigan produced only 40 percent of the live poultry and 5 percent of the dressed poultry sold on the Detroit market in that month.

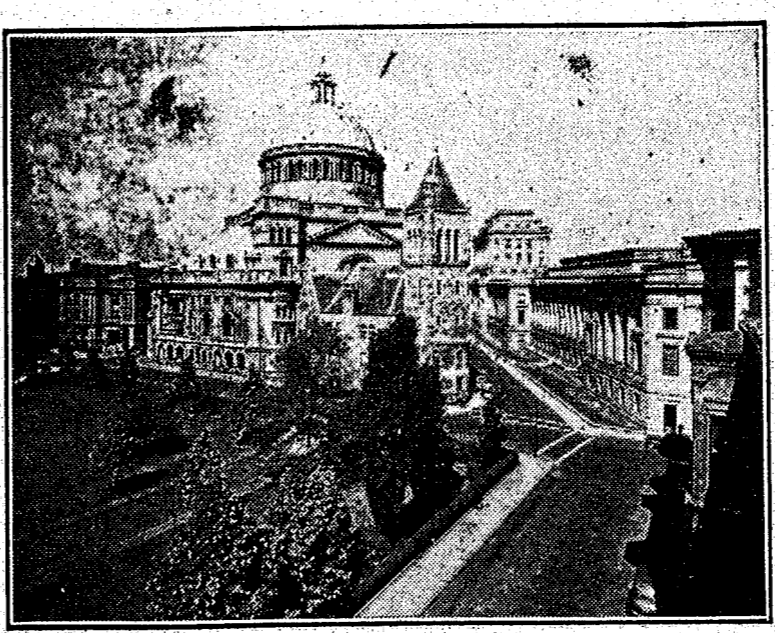

C. G. Card, head of the poultry department of the Michigan State college, believes Michigan poultry and egg producers are surrounded by the finest markets in the world. Michigan alone consumes far more poultry and eggs than are at present produced in the state.

Michigan producers originated 35,166 of the 89,424 cases of eggs sold during February in the Detroit market. Ohio with 31,903 was second, with Indiana, Illinois, Iowa and Minnesota following.

The story was far different in live poultry. Michigan producers, with 183,000 pounds of live birds, ranked fourth behind Indiana's 458,000, Kentucky's 275,000 and Illinois' 203,000. Of the total of 1,857,024 pounds of live poultry sold, Michigan producers originated less than 10 percent. Faraway states like Kentucky, West Virginia, Arkansas, Delaware, and Virginia found the Michigan market attractive.

Furnishing approximately 5 percent of the dressed poultry going on the Detroit market, Michigan ranked ninth on the list. Arkansas, Delaware, Illinois, Iowa, Maryland, Missouri, Nebraska, and Ohio all provided more dressed poultry for the Detroit market than did Michigan.

"Poultry should be treated as a regular farm enterprise and the individuals who have stayed with it year after year, good times and bad, have found poultry production a sound enterprise," the MSC poultry department head said.

Annual Meeting Held Recently

Affirming that God rules the affairs of man, The Christian Science Board of Directors told the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, that neither fear nor animality can give evil power to boast itself over good.

Supporting this challenge, Mrs. Helen Chaffee Elwell, newly elected President of The Mother Church, urged both pulpit and press to unite in a crusade of righteousness. The hour has struck she indicated, "for the Church to dare to be a David".

The Directors' and The Mother Church President's remarks highlighted one of the largest meetings

Godon V. Comer, Clerk of the Mother Church, disclosed a substantial increase in church membership in 1946. In his report he disclosed that more than 200,000 food parcels were sent to Christian Scientists in 25 hunger-ridden countries during 1946, that food parcels were also transported directly to churches and societies in 11 European countries, and that a gift of 17 tons of books and periodicals was forwarded to German churches the moment shipping channels were reopened.

In conclusion, Mr. Comer echoed the keynote of the annual meeting in these terms: "Today the world is confronted with tremendously important problems. It is a time when the peoples of the world must begin to see that they can no longer lean upon manmade things and theories, but must lean more and more upon divine Principle—upon God".

William D. Kilpatrick, Manager of Committees on Publication, reported that today, only one of 48 states fails legally to recognize Christian Science as a healing medium. "That one state is Ohio," he said. Since the 1946 annual meeting, he pointed out, West Virginia and Maryland have passed laws legally recognizing the right of Christian Science practice.

When fed, it carries the fish to the river bottom to eat it before returning for more. It scampers about the lawn, tried to get into one cabin, poses for snapshots. As long as the fish supply lasts it is expected to be a frequent visitor. for it is believed to have young in its den.

An accurate case history is an invaluable aid in arriving at a correct diagnosis. In order to get the information needed to make an accurate diagnosis, the physician must ask you many searching questions. If you answer his questions frankly and accurately, he has a valuable group of facts with which to work. Withholding information from him only serves to obscure the very result you seek.

We are not diagnosticians, but we are skilled in the art of compounding and dispensing medicine at the order of your physician.

The new Advance-Design line of Chevrolet trucks and commercial cars will be shown to the public June 28th in Clarkston it was announced today by Seeterlin Bros. Inc.

"All over the nation on that date, Chevrolet dealers will be exhibiting the new trucks," Joe S. Seeterlin said. "We are having a special showing in Clarkston and

cordially invite truck owners, fleet operators and others interested in trucks to visit our show-rooms."

Advance information on the trucks, Joe S. Seeterlin said, indicates that the line will be the most comprehensive in the history of Chevrolet and will feature driver comforts and conveniences not heretofore available in motor trucks.

"For the first time in the history of the automotive industry, a truck has been designed which has as a basic concept the comfort and safety of the driver," Mr. Seeterlin said. "We predict that the result will have the complete endorsement of truck owners and drivers."

Chevrolet will soon present a new line of commercial cars and trucks, Joe S. Seeterlin of the Seeterlin Bros. Inc. said today upon his return from Detroit, where he witnessed a pre-showing for Chevrolet dealers in this area.

"Without doubt, the new line of Chevrolet trucks is the finest ever offered to the American public," Mr. Seeterlin said. "In style, comfort and hauling efficiency, the vehicles set new standards which are certain to secure the endorsement of all truck owners and drivers."

HOE WITH CARE AND AVOID WORK

Weeds rob cultivated plants of water, plant food, and even light and space. Getting rid of weeds is a necessary part of garden care, but the weeding should be done with judgment, according to soils specialists at Michigan State college.

Once a seedbed is correctly prepared, there is little to be gained from hoeing or cultivating too often. A light stirring of the surface soil is all that is necessary to control weeds in most garden crops.

Deep cultivation is hard work for the home gardener and the specialists warn that it can be injurious to plant roots.

From where I sit... by Joe Marsh How to Go to Sleep We were sitting around Bill Webster's parlor Friday evening and the talk turned to the best way of overcoming sleeplessness...like breathing real slow and deep, imagining that you weigh a ton, or simply throwing away the pillow. The consensus favored counting sheep. But right away was the question: what kind of sheep? There were some votes for countin' Merinos, Shropshires, Oxfords and Dorsets. Ed Mapes said he had best luck counting crossbreeds. Finally, Bert Childers spoke up with his formula: A light snack and a mellow glass of beer at bedtime. Sort of puts you in the mood for quiet thoughts and peace of mind. Lets you relax... and "ho hum," off to pleasant dreams! From where I sit, there's nothing like a temperate glass of beer to smooth away the creases of the day, relax a body, and pave the way for a good night's sleep. Try it, and see if I'm not right.
