CLARKSTON, MICHIGAN, FRIDAY, JUNE 13, 1947

NUMBER 41

Board of Education Sets Tuition Rates

At the regular monthly meeting of the Board of Education held June 9, tuition for high school students from sending districts was set at 25% above actual per capita operation costs for 1946-47. This is the same policy in effect at present. Operation cost is expected to be about 117.00 per child, Supt. Brablec reported, and since it is expected that the state will pay up to \$150 for high-school the girls in white and the boys in tuition, probably no tuition dif-blue. ferential charges will be necess-

Children who are enrolled from outlying districts in the grades up to and including the eighth, will be charged 15% above actual operating costs, whereas this year, the districts were charged only the exact operation, and no charges Saxman gave the sermon, using were made in years before that as his subject "Blueprints for assisted considerably by the state all true construction is built from with those of the graduates of at 2:30. in meeting their educational obli- a plan drawn on paper. Fore- 1947. He brought out the fact that gations. The state pays up to \$50 thought and reasoning must be per child for transportation, \$50 used in the building. Just so, in per child toward tuition, about life, we must have idealisms and \$13 per child in primary interest it is an excellent idea to jot these fund money and tax diversion receipts besides.

The Board approved the superintendent's recommendation for the purchase of 60 classroom chairs to replace auditorium-type seating in the English rooms. The Board will advertise for bids on the auditorium seats, as they are of no further use to the school and represent a troublesome storage problem. Two teachers' desks will also be purchased.

Redecorating of five classrooms and the gymnasium was approved; also the purchase of a power

Mr. Brablec reported on vacancies filled for the coming year. Miss Joyce McKeachie of Ypsilanti will teach social studies and English, Mr. William C. Ladd of Ithaca, Mich. will conduct the mucic program, Miss Marguerite Bennett of Grayling is to teach junior high mathematics. The Board authorized the hiring of a commercial teacher who would give farmers an opportunity to Covert, assistant superintendent devote full time to this branch and so relieve Mr. Thayer to an extent which would allow him more time for the physical training and athletic program. Vacancies not filled are first grade and high school mathematics and physics.

Final checks given to the teachers this week will be adjusted by a Board ruling calling for equal sion collections and special state Clarkston, passed away at Ponaid payments to all members. This tiac General Hospital on Wednesapplies to the janitors as well.

Average school membership from kindergarten through twelfth grade inclusive for the school year 1946-47 has been 512.6 pupils.

Clarkston Locals

The finance committee of the local O. E. S. will sponsor a sale of home baked goods at the Township hall on Saturday morning starting at 10:00 o'clock.

A guest at the home of Mr. and Mrs. Lee M. Clark this week is Mrs. Edwin Clark of Detroit.

The Past Matrons and Past Patrons of Joseph C. Bird Chapter, Indiana. O. E. S., will be guests of honor at a 6:30 pot-luck picnic supper on Wednesday evening, June 25, at the home of Mr. and Mrs. Henry Garter on North Main Street. All other members of the chapter and their families are invited to attend and they are asked to furnish their own table service and a dish of food to pass. In case of rain the supper will be served in the Tem-

By The Way

It seeme that during this last

week many folks did get a couple of days to plant gardens, although they claim the ground is very wet. . . . Yes, it was even warm enough one day this week for swimmers to venture into the water at Deer Lake. The water, was fine, but the good time was spoiled because some careless people had thrown bottles either in the lake or along the beach and the swimmers suffered severe cuts on the feet. It would be wise to take caution at the beach. Do not run into the water without looking for broken glass. You might suffer some bad cuts too. ... There is nothing more beautiful than a picture of a little child. It usually stands for innocence and purity. This picture was seen in the Clarkston Methodist Church last Sunday during the morning service when little Sue Walter, daughter of Mr. and Mrs. Maney Walter, decided to go to church, all by herself, and find her daddy who sings in the choir. Just as the Reverend Saxman was two-thirds along in his sermon the little Miss walked slowly down the center aisle and looked carefully along each row of seats for her daddy. Finally when she had about reached the altar rail she was spied by Mr. Walter who beckoned to her. Sue, without saying a word, went straight to her daddy and sat quietly beside him during the rest of the service. She then had the honor of walking out with the choir. It might have been embarrassing for daddy but everyone who saw it said that it was the sweetest picture they ever saw in church. . . . Speaking of graduations the little chap said to his sophisticated, teen age brother, "Why does grandmother read the Bible so much?". Came the reply, "Boning up for her

TERRY-DEWEY RITES READ SATURDAY

Last Saturday evening at eight o'clock the Clarkston Baptist Church was the scene of a pretty wedding when Elizabeth A. Terry, daughter of Mr. and Mrs. Leverne Terry of 3223 Warren Drive Drayton Plains, and Martin H Dewey, Jr., son of Mrs. Lucille Dewey of 3438 Oakhurst Drive, Waterford and Mr. Martin Dewey, also of Waterford, spoke their marriage vows. The candlelight ceremony was performed by the Reverend William S. Ross before an altar decorated with large baskets of white flowtrs, palms and lighted candelabra.

Howard Boyns of Clarkston sang "Because" and "I Love You Truly".

The bride, given in marriage by her father, was gowned in Dubuque, Iowa. The wedding will white satin fashioned with long fitted sleeves with points over the wrists, a portrait neckline celebrated her 11th birthday on and a bustle back skirt. Her Saturday, June 7th, when twelve fingertip veil, which had a lace guests gathered at her home. The edging, was held in place by a group enjoyed a theater party beaded tiara. Her only jewelry and then returned to the house was a strand of pearls, a gift for games and refreshments from the bridegroom. She carried white roses and lilies of the valley.

Barbara Terry was her sister's maid of honor. She wore yellow silk marquisette and carried blue Street on Satuday afternoon. Four- | carnations, iris and snapdragons. The bridesmaids were Normagean Terry, the bride's sister, and Betty Dewey, sister of the groom. Their gowns of silk marquisette were alike except that Normagean's was pink and Betty's was blue. They carried bouquets of mixed garden flowers.

> Katharine Kriefelt of Muskegon as flower girl wore a blue gown. Russell Lance of Drayton Plains was the ringbearer and carried the ring on a white satin pillow.

> Assisting Mr. Dewey as best man was Gale Scafe of Waterford and Earl Ganther of Andersonville, Frederick Hemingway of Clarkston and Robert Dewey, brother of the groom, of Waterford,

and acrobatic stunts on June 17, sage of yellow carnations. Following the ceremony a re-

ception was held in the church table was attractive with a lace cloth, bouquets of pink and white snapdragons and a four tiered Millersburg are spending several wedding cake. The cake was topped with a miniature bride and presided at the table.

The young couple left on a short honeymoon. For traveling the new Mrs. Dewey wore a light blue suit with white accessories and a corsage of roses taken from her bridal bouquet. On their return they will make their home

The bride is a graduate of the Clarkston High School. The bridegroom served 11/2 years in the

> SAVES EVERY PIG WITH BROODER LAMP

There's a Bay county farmer who is a believer in the use of the lamp brooder for saving little pigs. W. E. McCarthy, veteran Bay county agricultural agent, says Howard Mosher had 20 sows produce 140 pigs this spring. Those are not particularly large litters, but the fact he saved every pig is unusual. "Mosher gives credit for his saving every pig to the use of the lamp brooders", McCarthy

To save steps, to save backs, and to accomplish more, farm labor specialists of the Michigan State college extension service advise using carts to transport cans, pails, strainers and other milking equipment from the barn to the milk house and back.

Carts can be made from any type of light wheels such as light buggy wheels, cultivator wheels, light automobile wheels or bicycle wheels as in illustration A. Wheels with rubber tires should be used if possible

tinless alley ways and sidewalks are fairly smooth.

A simple cart for milk cans consists of a wheel, two rails and an angle iron frame the correct size for two cans. In illustration B, C, C, Waltz, Mason, has added an extra rail to hold a can lid when the strainer is in use. A simple iron hook saves that extra trip back to the barn for the milk pail. A low, three-wheeled cart like illustration C is found highly satisfactory by Frank Thompson, of Mason. Long and thin, this cart

needles.

The American Red Danish Cattle Association was recently organized by 52 dairymen from 11 Michigan counties. This started from a small beginning made years ago when the extension service at Michigan State college arranged to have the first imported Red Dane bulls brought into the "thumb" area. Today there are 5,000 Red Danish cows of the first three generations in Michigan.

them into the brush, leaves or pine

A. C. Baltzer, extension dairyman, fostered the program from its beginning. It marks the origin pipe. Leon Clark, Davisburg, of a program whereby a dairy phone Holly 73295. farmer with ordinary grade dairy cows can build up a herd having Ford model A transmission, Call lor was formerly associated with registered animals.

"All of the original 14 farmers who started this program are still with it and were among the en- Godey prints. Good selection of thusiastic supporters of the national organization," Baltzer said.

About 300 dairymen now are participating in the program. It requires that every participant have his herd in a Dairy Herd Improvement. Association testing program. To prevent scrub males

From where I sit ... by Joe Marsh Here's to

the Women-Folk!

There's a line at the heading of comfortable but too-worn chair

"Women through the years have stood Keepers of the flame . . ." Pretty easy to see what it means;

whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife-who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

the Woman's Column in my paper that we can't bear to throw away. From where I sit, those little

satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives - "keepers of the flame" - whose tolerance and understanding helps preserve them!

Rotary Club News

Chief of Police Charles J Rhodes of Pontiac, talked to the Rotary Club on crime prevention. He gave some interesting statistics on the crime rate, comparing the prohibition days of 1928, 1929 and 1930 with 1939, 1940 and 1941. Everyone was surprised to be informed that the rate was nearly double for the prohibition days.

Visiting Rotarians were: Charles D. Carr of Detroit, and Emery Beedle of the Waterford - Drayton Plains Club.

The ladies who served the dinner were: Mrs. James Bennett, Mrs. Theresa Tonkin, Mrs. Howard Huttenlocher, Mrs. Ward Robbins, Miss Shirley Crosby, and Miss Patricia Watson. C, W. Robinson

X_Ray Tests Mostly Negative

Reports have reached the Clarkston school on the chest x-ray films taken April 8. Total number of 70mm, films taken was 371. From this number only one reray was advised and all persons taking the test have been advised indiv dually by mail.

Help Find The Biggest Tree

Where is the biggest tree in Michigan?

That's a question that members of the department of forestry at Michigan State college are often asked to answer. And since Michigan has a few million trees, they just don't have the answer at their finger tips.

Paul A. Herbert, head of the department of forestry at MSC hopes to find the answer and as a lure is offering a half-gallon of pure maple syrup to the individual who reports the tree with the largest circumference.

Just reporting won't be enough -the forestry department members are going to check the biggest ones reported to determine the winner.

Trees should be measured in circumference at a height of 41/2 feet above the ground. Information should give an accurate account TOPS IN COLUMNISTS FOR
