MARVIN-CLOUTIER RITES READ SATURDAY

A very lovely wedding ceremony took place on Saturday morning, June 21 at 9 o'clock a, m, at the St. Michael's Church of Pontiac when Lorraine Maryin, daughter of Mrs Grace Marvin and the late Fred Maryin was united in marriage to Deward Cloutier, son of Mr. and Mrs. Fred Cloutier of Williams Drive, Scott Lake.

A nuptial high mass was performed by the Rev. Father Thomas W. Watterson before an altar Wolverton and Dale Warble, Rich- | beautifully decorated with baskets and vases of flowers and lighted candles.

The bride given in marriage by her brother, Bill Jones of Clarkston, chose for her wedding presented Mrs Donald Herr and a long gown of white chiffon with white velvet brocaded flowers. The sleeves were long ending in points over the wrists. The bodice was fitted and the skirt was full to which a bustle and long train was attached at the waist line. Her fingertip veil of illusion fell from a tlara of seed pearls. She wore a string of pearls, a gift of the groom and carried a white mother of pearl prayer book on which laid a small bouquet of white rose buds from which a shower of white satin ribbon flowed.

Maid of honor was Mary Atkin son of Pontiac, who wore a gown of yellow taffeta made with a fitted bodice with a sweethear neckline and a full skirt. On her head she wore a beaded tiara to which was attached a yellow veil She carried a colonial bouquet of pink carnations in which was concealed the corsage for the recep-

Bridesmaids were Frances Lee Reese of Richwood, W. Va. and Evelyn McCann of Clarkston. Frances wore a gown of blue net over blue satin and Evelyn wore a gown of blue satin. The bouquets and headdress of the bridesmaids were alike.

Flower girls, Eileen and Barbara Jones of Clarkston, nieces of the bride were gowned in blue net over satin with a fitted bodice, puffed sleeves with ruffles and full skirts with ruffles on the bottom. They wore bonnets of blue net and carried baskets of flowers. The bridegroom was assisted by Don LaMar of Pontiac as best man and his brothers, Warren and Lloyd Cloutier. Seating the guests were Allen Cloutier and Lloyd Cook.

For her daughter's wedding, Mrs. Marvin chose an afternoon dress of aqua gabardine with white accessories and a corsage of white carnations. Mrs. Cloutier chose a two piece rose and black dress with white accessories and a corsage of white carnations.

After the wedding about 100 guests enjoyed a wedding breakfast at Rotunda Inn on Pine Lake

followed by a reception in the evening at the Knights of Pythias Hall on Voorheis Road where about 200 guests were received by the newlyweds.

Out-of-town guests were from W. Virginia, Pennsylvania, Bannister, Oxford, Walled Lake, Clarkston and Pontiac.

The couple left for a honeymoon through the eastern States. They will be at home at 4245 Joyce Street after July 1st. For traveling the new Mrs. Cloutier chose a white gabardine suit with luggage tan accessories.

#### Michigan Bell Plans Program

Thomas N. Lacy, president of Company, today announced a \$49,000,000 construction program for 1947.

The program will be the largest in Michigan Bell's history, surpassing the expenditures for last year's record program by over nine million dollars, Lacy said. He stressed, however, that the planned construction was contingent upon an uninterrupted flow

of materials and equipment.

"Our expenditures this year represent an important part of our post-war expansion program which may cost \$220,000,000 during the five years following V-J Day", Lacy stated.

Included in the projects this year are construction of nine new telephone buildings, major additions to 15 others, and either construction of or additions to 15 smaller

Cities to receive new buildings are Ann Arbor, Charlevoix, Detroit, Fenton, Oxford and Reed:

Major additions will be made to Buffalo, Niles, Petoskey, Pontiac, struction work. Royal Oak, St. Ignace, Traverse Lacy said a pa City and Ypsilanti.

#### Prepare For Summer Storms

Summer electrical storms can mean plenty of trouble on the farm unless adequate protective measures are taken, warns county agricultural agent, Karl D. Bailey.

Each year lightning kills about 400 people in the United States. Many of these people live on farms,

be a trèe, a barn, a fence, or a man standing in a field. Buildings the best places to seek shelter when an electrical storm comes up. If you are working in a field and do not have time to reach a protected building, lie down in a low spot in the field, away from wire fences, trees, livestock and machinery.

The time to prepare for the summer electrical storms is now. Agent Bailey lists the following practices: 1. Install your lightning rods properly. Be sure they are correctly grounded. 2. Ground hay carrier tracks, cow stanchions, water pipes and wiring systems. 3. Never ground lightning rods to the wiring system or water pipes. 4, Place grounds for wiring and water systems at least 15 feet from the lightning rod ground. 5. Protect livestock by grounding wire fences every 100 yards, using

three feet into the earth.

#### Veterans Earn **Better Grades**

A recent survey made by L. C Emmons, dean of the School of Science and Arts at Michigan State college, shows that veterans who have resumed their studies in that school are making significantly better grades now than before the war.

In the college credit-point system in which A is 3.0, B is 2.0 and C is 1.0, results show that the 247 pre-war and post-war students averaged a gain of .35 credit-points during the fall and winter terms over their average grades before they left for service. Of the group The important thing to remem- 198 boosted, their grades more her during a lightning storm is than half a grade point, averaging that lightning tends to strike the a .53 increase. Only 49 lost ground, highest point in the area. It may and then but .38 credit-point. The most surprising fact re-

or less before the war are making the biggest improvements in grades today. On the other hand, those who had high grades before the war seem to have lost the knack of getting the same high marks now.

Those with a below"C" average in the surveyed group numbered 47. Now 46 are receiving grades an average increase of .7 of a credit point; and the one person who slipped has lost only .1 of a point, In comparison, the 31 students who were once scholastically tops with grades between "B" and "A" today show an average loss of .1 credit point. Sixteen of them actually gained .29 grade points during the two terms work, and 15 saw their grades drop an average of ,51 credit points.

Most of the students who have bettered their pre-war grades have explained to the dean that they "know what they want to do," and they readily admit that during

-BUT I WAS RIGHT DEAD RIGHT!

> "I was going into that intersection first. I had the right of way that truck driver should have stopped when he saw me-I was right, dead right!"

"Yes dear — you always were right — the other fellow always wrong. That's why we're here."

You know the kind, you've met him on the road—and ducked. He always barges through traffic when it's a question of split-second judgment. Never anticipates other drivers' actions — just assumes that traffic will give way. Owns the road. Drives with his horn.

He may get away with it for a time, plus a few tickets, because other drivers are more careful, more conscientious. But his kind eventually steps on the gas once too often—and for the last\_time, he is "right—dead right!"

4,000 people died last year because "know-it-all" drivers violated rules of the road and the courtesies of driving. Good drivers never need to hold cemetery post-mortems. They drive carefully and live longer.

Commissioner Donald S. Leonard the G. I. Bill, should submit to the in an effort to hold down highway Veterans Administration a certiaccidents. They will be maintained fied or photostatic copy of their from 3 p.m. July 3 to 3 a.m. July

The State Highway department estimates that if fair weather prevails, the Fourth of July traffic volume will be 20 to 25 per cent higher than last year and 5 to 10 war year of 1941.

State Police records show that 10 persons were killed in motor of his entitlement to education or vehicle crashes over the holiday training is computed on basis of last year, the lowest number in the last nine years, but 22 were killed in 1941. In addition, as many as 500 personal injuries and 1,500 to 2,000 traffic accidents may be expected unless the public cooperates in enforcement efforts by driving safely.

The records also reveal that one or both drivers were violating in 13 of the 16 fatal accidents which occurred during the recent Memorial holiday and resulted in the death of 19 persons. In two of the three accidents in which drivers were not reported at fault, pedestrians failed to grant right-of-way to motor vehicles, and in the remaining accident the car left the roadway at a curve because of

excessive speed. Leonard urged that drivers safeguard their lives and the lives of others by observing the following

1. Be sure your car is in safe operating condition.

2. Start your holiday trip in time to reach your destinaton without driving too fast for conditions. 3. Drive with the normal flow of traffic.

4. Avoid passing any more than ecessary and then only when safe. 5. Observe stop signs, traffic signal indicators and warnings.

6. Drive in the proper lane and signal intention to turn well in advance of any change in course of travel.

7. Be alert for pedestrians at all times and avoid driving so fast at night that you are unable to stop within the distance of your headlight beams.

8. Don't drink and drive.

9. Show the same consideration for other drivers that you would like to have them show you.

#### **Veteran's News**

World War II veterans in Ohio, Michigan and Kentucky today were advised that G. I. insurance payments at Veterans Administration sub-regional offices should be made in person and not by mail

branch office in Columbus, Ohio, said that the regional offices are authorized to accept only insurance premiums which are paid in person by veterans.

Premiums which are mailed to these offices must be remailed to the insurance collections unit at ply restores lost material and supthe Columbus Branch Office, officials explained.

disability.

The time for fowl pox vaccinrecord of service, officials at the VA's Ohio -Michigan -Kentucky ation is near, says Dr. C. E. Hardin, extension poultry pathologist at Michigan State college.

If fowl pox has not appeared in an was inducted as an enlisted your area, it is definitely not adman and later commissioned, or if visable to vaccinate. It is possible per cent higher than the last pre- he had more than one period of that the vaccination will introduce service, records for both periods the disease if it is not already should be furnished, as the amount prevalent. In areas where the disease is discovered, vaccination of young birds from six to twelve length of service, both enlisted and weeks of age, is advised.

There are two kinds of pox vaccine. For outbreaks of pox in World War II veteraps with 90 flocks of adult birds, milder vaccharge other than dishonorable cine should be used. This is called are eligible to apply for education pigeon pox vaccine,

For vaccination of young birds and turkeys, the regular fowl pox vaccine should be used.

Youny turkeys should be vaccinated at the same age as chickens. Turkeys will not hold the application for education or trainimmunity for more than five to ing benefits at their nearest VA six months and birds held over as breeders should be vaccinated about four or five months after agement is a good crop rotation. the first vaccination.

Both types of vaccine are made of living germs and extreme caution must be used in handling them. Outbreaks of the disease are possible if the vaccines are improperly handled. Instructions for use should be obtained from a veterinarian or other person qualified to do this kind of work

#### Swine Breeders Meet July 23

The annual Michigan Swine Breeders' Swine Type conference scheduled for Charlotte, Mich., on July 23, will emphasize production as well as type, announces W. N. McMillen, Michigan State college husbandry specialist.

Several of the leading production registry sows in Michigan are to be on exhibit.

#### Mange of Pigs **Easily Treated**

Pigs infested with mange, sun burn or some type of itch can be treated with the methods recommended by W. N. McMillen, Michigan State college animal husbandry specialist.

Until new, recommended chemicals are on the market, McMillen recommends that the pigs be dipped or sprayed with liquid lime sulphur, one part to 18 to 20 parts of water, for the mange and similar diseases.

For controlling lice used crank case oil is helpful. It also keeps the pigs from sunburning and prevents development of other skin troubles when the pasture is wet

#### Clean Utensils For Clean Milk

Improperly cleaned utensils are listed by D. L. Murray, Michigan State college extension dairyman as the cause of a large amount of bacteria getting into milk.

A good near-neutral dairy cleaner should be used, and all surfaces of the equipment should be cleaned. The equipment should be stored in a clean place during the day. Before use, a chlorine rinse or other means of sterilization should be used.

MICKEY and HIS MA

The family or friends will sing praises to the cook that serves hot milk sponge cake topped with ice cream and a chocolate or fruit sauce. Scoop the ice cream from the package and serve it on the whole cake for a crowd, or prepare individual servings when the whole cake is

While berries, peaches, or fresh rhubarb are in season, serve these with the cake for variety. And any flavor of ice cream will taste "super" as a topping for this simple sponge cake.

2 cups cake flour 4 teaspoon salt 2 teaspoons baking powder

4 eg s 1½ eups sugar cup milk, scalded 1 teaspoon vanilla 3 tablespoons butter, melted

Sift flour, measure; sift three times with salt and baking powder. Bent eggs with a rotary beater until light and lemon colored; add fluffy. Fold in flour mixture. Add scalded milk, flavoring and melted butter last. Fold until well blended. Pour into an 8½x9x2 inch

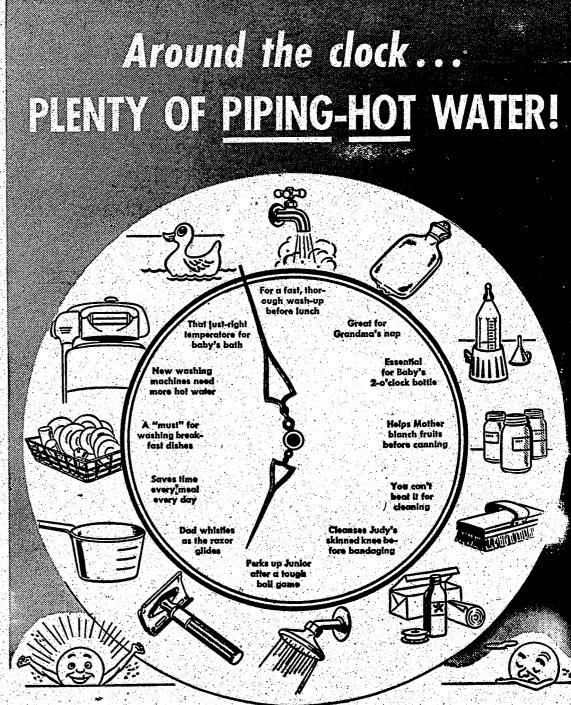

ICE CREAM FUDGE SQUARES | Cool in pan. Top with ice cream and hot fudge sauce. Hot Fudge Sauce squares chocolate

2 tablespoons butter

1/2 cup milk, scalded

1 cup sugar 2 tablespoons light corn syrup 1/8 teaspoon salt
1/2 teaspoon vanilla
1/8 teaspoon salt
1/8 teaspoon sa

rect heat until mixture thickens, stirring constantly. Add sugar, corn syrup, and salt and boil to-gether about 6 to 8 minutes or until butter last. Fold until well blended. Pour into an 8½x9x2 inch buttered cake pan, lining bottom of pan with wax paper. Bake in moderate oven, 350° F., 30 minutes.

Why be a hot-water waiter? It's easy today to have all the hot water you need-all the time-with an automatic electric water heater. The luxury and convenience of one of these heaters will cost you only a few pennies a day. That's because your

water is heated during the nightwhen the demand for current is at a minimum and the low water-heating rate is in effect. They're spotlessly clean—and they never make a sound. No wonder thousands of your neighbors prefer 'em. See your dealer soon.

#### Plan Proposed For Bangs Control

Farmers in Oakland County heard Dr. C. S. Clark, State Veterinarian, discuss a proposed plan for a county-wide Area Bangs Control Program, Wednesday evening, June 18th at the Clarkston Town Hall.

About 60 farmers attending the meeting listened with interest as Dr. Clark discussed a proposed

The Spirit of

The spirit of July 4, 1776, is with us today... the spirit of freedom of thought...of enter-prise...of individual initiative. It is this spirit

which, through the years, has made America great. And it is only by preserving this spirit that America can meet the challenge of today and solve the problems of tomorrow.

plan for herd testing and calfhood vaccination as a means for control of Bangs, Dr. Clark pointed out that from up to 25 percent of the herds in areas already in this plan have been found to be infected. At present, only one county in the state has not requested the program.

Under the proposed plan for Oakland County, a mobile laboratory would be centrally located and testing woud be carried on by local, state and federal veterinarians at state expense. Dr. Clark did not indicate when the program might be started in the county.

#### APPOINTED

EDWARD HAVLIK

Edward Havlik, formerly grocery merchandiser of the Kroger company's branch in Cleveland, O, has been appointed merchandise manager of Kroger's Detroit branch; according to an announcement by Ira O. Shy, branch manager. Havlik succeeds C. E. Armstrong who recently was appointed manager of the company's branch in Day-

Starting with Kroger in Cleveland in 1925 as a grocery clerk, Havlik was promoted to store manager the same year, and in 1926 was made a supervisor of stores. After three years he was promoted to branch personnel manager. Next he was named assistant sales promotion man-ager, followed by appointment as a district manager in charge of a group of stores. In 1941 he was named produce operator, and four years later he was

appointed grocery merchandiser.
As merchandise manager Havlik will supervise buying and sales promotion of grocery, meat and produce items in 191 Kroger stores in the Detroit area.

From where I sit ... by Joe Marsh.

The Picnic Was a "Hug" Success!

cause folks are so temperate and Our local Wild Life League went

on a picnic Saturday, and I went along to cover it for the Clarion. Monday, folks kept stopping me, and saying: "Must have gotton out of hand, that picnic!"

"Nonsense," I says. "It was mighty pleasant and congenial. Just beer and hot dogs, cheese and cider." And then they show me the headline reading: "WILD WIFE PICNIC HUG SUCCESS."

Of course it was Elmer, my typesetter, who had made the misprints: But is my face red! It's only be-

well-behaved in our town, that they could afford to take the whole thing as a joke.

From where I sit, even a newspaper editor's entitled to a few mistakes. And since I reported that they served a moderate beverage like beer, I'm sure nobody thinks the picnic was the least bit wild, or anything but a huge success-and I mean huge!

Kim Hunter will appear "Claudia" with Frances Starr, Olga Baclanova and John Craven to offer gladiolus corms for interof the original Broadway cast.

#### Gladiolus Produce Important Business

Few folks realize when traveling through Michigan that over 6,000 acres of gladiolus were planted last year and the flowers and gladiolus corms from these acres produced a crop valued at over \$25,000,000.00, according to C. A: Boyer, Chief of the Bureau of Plant Industry, State Department of Agriculture.

In order to protect this important industry in the state, a regulation recommended by the growers and approved by the National Plant Board has been put into effect. This regulation will be uniform within the 48 states.

The inspection covers gladiolus corms to be offered for interstate shipment, It assures the purchaser that the corms are within the

tolerances permitted. Copies of these regulations are

### TAKES ENGINE TEMPERATURES

How does heat affect your automobile engine? This huge test engine thermometer developed by Gulf research at Mellon Institute is helping find the answers. The apparatus gives quick temperature data for as many as several hundred points on a battery of laboratory test engines used in fundamental studies of fuel and oil behavior. An engineer here shows a laboratory assistant the mutiple temperature record taken in tests run on a single engine.
