Caution To **Duck Hunters**

With shotgun shells reported selling at nine or ten cents apiece 10:00 a. m. Next weekend save this fall, veteran duck hunters working in your own kitchen and hope the beginners will think twice before pulling the trigger while the ducks are still out of complaints on almost all the state's marshes last season.

Water is reported in many a southern Michigan marsh and pothole that was dry a year ago assuring duck hunters of many more shooting spots this fall. Statistical reports of conservation department field men and experienced cooperating observers are now being tallied for estimates of local duck abundance for the season opening October 7.

Besides paying more for shells. hunters will pay \$2 for the Michigan license, \$1 for a duck stamp.

Efficiency On Farm Key To Income

"Sky shooters" caused Friday, Sept. 26, to which all of the women in the district are invited; waste paper drive on Saturday, Sept. 27; the Firemen's Ball, Oct. 4th and of course you will get your tickets this weekend for the P. T. A. dinner next Wednesday evening. Reservations are limited to 150 and all must be in by Monday noon. No reservations will be taken after that time. farms (averaging 86 acres) that

were well operated paid an average annual labor income of \$1,560. This shows the value of

efficient operation. Times ahead may not be as favorable for farmers as during the period when these records were kept. Changes in the farming program will be necessary to help keep incomes up. Increasing crop yields and livestock production are two of the best ways of doing this. Changes to be justified.

Doneth lists the following questions that farmers should ask themselves in planning for future farm operations: 1. What oppormanagement department from tunities are there to increase the 1938 to 1945 show that farmers gross income? 2. Will these chanmade more money by having their ges result in better use of labor while poorly operated large farms increased by making the proposed Clemmie Slaughter, Sunday School

By The Way

NUMBER:

This is a true story. My friend McLaughlin, who used to run a laundry in Pontiac, sold out, and to have something to do bought a trailer camp on the Dixie. He is supposed to be retired but, like all the retired, he was working too hard around his camp when two of his tenants saw him and remarked "Only horses and fools work"-you know old and corny but something used to pass the time of day. However if two new inmates of the Southern Michigan branch of the Michigan State seems they were picked up after delivering the sage advice about work, for robbing a sizeable piece of money. I understand Mack now requires references to even get into his store for a package of cigarettes. . . . This week our shop is working all of the days and far into the nights on tickets, posters and newspaper size handbills -all in connection with the home talent production 'Cornzapoppin' to be given at the Drayton Plains school next Thursday and Friday.

... Incidently among the "jobs" A short address was given by in the shop is designing a certificate of membership for Charter troit Chapter of the American Members in the Michigan Gun-Club meeting in Lansing, Sept. cipal speaker was Anne Camp- 27-28. Our old friend, Carl Brablec, is one of the moving spirits in this extravangaza, Carl says that any person using a gun later than the one used by Daniel Boone is not eligible. In fact the poster worked out by Carl and this office shows a pilgrim with a blunderbuss getting a thanksgiving turkey in spite of an Indian arrow in his hat, . . If you are interested in horses and horse shows the Michigan Rangers will be holding their biggest and best show October 5. This show is in Clarkston's back yard so plan to attend... The Morgan & Son oil station had an easier job than usual carrying their money to the bank on Monday. Seems someone helped himself to some of the assets by breaking in on Sunday. However, the sherriff's office is not going into particulars just yet so forgive us if we omit any details, as if we knew any.

Clarkston Locals

After the Methodist Youth Fellowship meeting last Sunday evening the group went to the home of Marie Bennett where young ladies have they enjoyed a social time and refreshments.

${f Calloused?}$

The average man while at his Snaps answers back at questions

His eyes are drawn like points of steel When he's the pilot at the wheel

Of daytimes' ship, upon its course He skirts the shallows under force: Through working day, by all is

To act like he is some machine Thats run by shafts, and cogs, and springs, Or flies about as if on wings. Life's finer things in daytimes'

race With average man can't find no From end of day 'til early morn

He's like a creature just reborn. He justly feels inside a pride, As he surveys life's finer side. His thoughts then turn to others

While time is spent in kindly deeds.

The old persuasive man of force Has steered his vessel off the course To find routes leading here and

With pleasantness instead of care. Here love supplants that look of steel.

Waterford Township

The regular monthly social meeting of the Waterford Township American Legion Post 431 and its Auxiliary was held Tuesday evening September 16 at the Old Mill-Tavern.

A very enjoyable evening was planned by the netertainment committee and consisted of games of bingo. The proceeds from the bingo games went into the building fund. Hot dogs and coffee were served by the Auxiliary.

A short business meeting was then held. The Auxiliary is sponsoring a "Funds for Danny" drive. Danny as we all know is the little boy from Leonard who is a victim of chronic nephritis, a dangerous kidney disease. There is still hope for Danny's life and anyone wishing to donate to this very worthy cause please send your donations to the Waterford Township American Legion Post 431, in care of Commander Louis Dorman Jr.

It has been decided that Sunday, September 21, at 9:00 a. m. the ground will be broken for the building of the new Legion home on Townsend Blvd. This is the day we have all been waiting for. We urge every Legion member to get out their shovels Sunday and "dig in".

Walter, Administrator of said estate, having filed in said court a petition praying that the time for the presentation of claims against said estate be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said court.

Judge of Probat RONALD A. WALTER, Attorney at Law, Clarkston, Michigan. Sept. 16-26; Oct. 3-10

Cars and Campuses

Colleges in Michigan are expectthis fall, with more veterans than ever planning to enroll in addition to thousands of recent high school graduates.

College authorities, meanwhile, are expecting an increase in the number of student-drivers as the collegians pour onto the campus late in September. If your son or daughter or perhaps you yourself will be taking a car to school this year, remember to contact your respective college for its driving regulations, since each school has set up special rules for their par-ticular situation.

On two of the largest campuses, Michigan State College and the University of Michigan, students are not permitted to drive automobiles except where disability or employment require use of a car. Other colleges, require student drivers to register vehicles with the school and prescribe regula-

tions for their use. College - going motorists should familiarize themselves with local ordinances of their college towns. Common sense safe driving rules apply everywhere, of course. Remember always that any speed which is unsafe is unlawful.

19 Automobile Insurer's Safety Association,

week in October. The definite or a combination of, four optional settlements for his National Service Life Insurance. These settlements are: (1) In one sum (may be elected only by the insured); (2) Equal monthly installments of from 36 to 240, in multiples of 12; (3) Monthly income for life, 120 months guaranteed; (4) Refund life income, face value guaranteed. If the insured veteran elects no option, the insurance will be payable in 36 monthly installments.

bit different from Ishpeming, tion of the program. where Miss Collins was born and JUNIOR NEWS spent half her life, as Ishpeming

is an Indian word meaning heaven. Miss Collins teaches the commercial course for which she has had ertensive training. She received her bachelor's degree at Marygrove College, her master's degree at Wayne University and her commercial certificate at Ferris Institute. She has attained a speed of 70 words a minute in

typing. Miss Collins studied classical music and enjoys playing the piano. She definitely specified -for my own amusement". She also likes to take long walks. She certainly has ample space for this hobby in Clarkston, where she lives during the week with the

Rockwells. This will come as a complete surprise but Nora Collins says that the students at C. H. S. are much more polite than average but she quickly adds, "I don't know yet whether or not they're smarter". She did say, however, that, so far, she likes the school very much. FOOTBALL SCHEDULE

Coach "Doc" Thayer released the Clarkston football schedule this week. Eight games are slated and the team is pointing for the opener with Goodrich, September 19 on the Clarkston gridiron.

Schedule September 19 Goodrich Here September 26 Romeo There Bloomfield October 3 Big Beaver October 8 Waterford October 17 October 24 Auburn Heights There October 31 Log Cabin Here November 7 Lake Orion SENIOR CLASS NEWS

The year has begun with grea plans and high hopes on the par of the seniors. At the first class meeting, last Thursday, tentative plans were made for the trip which they hope to take in the

Class officers were chosen: Martin Wager, the new and able president, will be assisted in all legal matters by Pat A. Watson, vice class and Shirley Crosby will keep son; secretary, Sally Porritt, us informed in financial matters. We are getting a good star

Kick-off Kapers! The football game Friday afternoon will be followed by a dance that evening. Good tackling, boys!

Committees for the dance were selected: Advertising by Pat J Watson, Shirley Crosby, Sally Curry, Beverly Walstead and Raymond Day; decorations, Marilyn Kennedy, Donna McDermott, Mary To Pettengill and Marjorie Jones Fred Mortimore and Gerald Kidder will serve refreshments and Martin Wager and Bob Casky will plan the lighting.

"Spike" Masters and the boy will provide for the musical por-

The junior class had its class meeting on September 11th, They elected their officers who are: president, John Adams; vice president, Bob Fell; secretary, Regina Jennings; treasurer, Floyd Tower.

We also selected our candidates for the student council. They are: Boys' Commissioner of Activities, Lewis Masters; Girls' Commissioner of Activities, [Regina Jennings; Boys' Commissioner of Buildings and Grounds, Donald Dubats; Girls' Commissioner of Building and Grounds, Mary Porritt and Business Manager, Bob Fell. SOPHHOMORES.

The new officers of the sophomore class are as follows: president, Nancie Heineman; vice president, Alene Richardson; secretary, Joan Booth; treasurer, Jenny Schroeder.

A representative from the Josten year. ring company will come Friday SECOND GRADE NEWS to show the sophomores class rings, FRESHMAN NEWS

After a series of class meetings, our class is once again organized for another year. One of profit --

we hope! Plans have been made for the sale of potato chips each noon by the freshman class, This will start sometime in the next two weeks.

We have decided to charge 50 cents per semester for class dues, which will help pay for our dances and our senior trip when it comes. Our class sponsor, Miss Collins, has many new and original ideas

for our benefit. In our election of officers the following were in the majority: president, Gail Oswald; vice president, Jim Smith; secretary, Elsie LaRue; treasurer, Donald Dawley.

With the class behind them we are headed for a year of cooperation and enjoyment. SEVENTH GRADE

The seventh grade enrollment is thirty-four this year. This class is not as large as the last seventh grade.

Our class has had a meeting to elect officers. They are: president, president; Mary Jo Pettengill will Hazel Carter; vice president, Tom handle the correspondence for the Bullen; treasurer, Charles Robert-Hazel Carter; vice president, Tom

We are getting a good start in the seventh grade. SIXTH GRADE

The sixth grade boys have organized their Safety Patrol, Ronald Dawley was the chairman of the first meeting. George Mann was elected captain and Billy Dunston, lieutenant.

Visitors to our room the first week were interested in the large collection of prize ribbons, won by one of our class, George Mann, displayed on our bulletin board. George won these ribbons in sheep exhibits at 4-H and State Fairs. FIFTH GRADE

We have four new people in our

grade who have not attended Clarkston School before, They are: James Alexander, Gerry Greer, Helen Parton and James Rudduck Some of our people took some

very interesting trips during their vacations. Later we will publish some of their vacation stories.

People who earned a mark of E, for excellent, in spelling last week were: James Alexander, Clayton Bell, Gloria Crome, Joan Dark, Dawn Marks, Lawrence Mc-Neil, Marvin Menzies, Janet Miller, Jean Porritt, Lorraine Rioux, Laura Ruggles, Marcia Smith. Mickey Tersigni, Pat Thompson Alan Walton, Bob Yahnke, THIRD GRADE

There are 27 boys and girls in the third grade. We have Betty Laws, Betty Lou Gradver, Douglas Alexander, Donald Alexander, Paula Parton and Patricia Kniser who were not in our school last

There are 28 children in our room. Two new boys are with us this year. They are Richard Zeplin and James Greer.

Last week we went to the li brary for the first time. FIRST GRADE

The first graders have been divided into two groups because our room was very crowded. Those who live out in the country come in the morning and the others in the afternoon.

We have started our first work books and are doing quite well.

In these trying days of motor ca shortages, it is easy to forget the true measure of motor car value.

That's why we are publishing, here the factory-suggested local delivered price for each Pontiac model.

We feel it may benefit the public to be reminded that a fine car-which offers all you could ask of any car—is still priced by authorized Pontiac dealers at such reasonable figures.

If your decision is to own a Pontiac we ask that you please be patient. The Pontiac factory is doing all it, can, consistent with Pontiac standards, to further production.

When your Pontiac is delivered, you'l be doubly glad for your patience. Fo. you'll receive an outstandingly fine and beautiful automobile—at a price which represents sound, honest value.

Due to our unfilled orders on band, you may experience some delay in getting a new Pontiac. Place your order now to avoid urther delay. In the meantime, let us keef our present car operating at top efficiency

CHECK MADE ON JAPANESE BEETLES

The annual trapping for 1947 of the Japanese Beetle has been completed by the State Department of Agriculture, reports C. A Boyer, Chief of the Bureau of Plant Industry. 7000 traps were used covering thoroughly the area from the southern boundary of the State northward to M-46. As a result of this trapping, 3 beetles were caught in Kalamazoo, 35 in Grand Rapids, 30 in Grosse Pointe, 20 at River Rouge and in the old known infested area of Detroit 1500 were caught. All other areas Bureau, State Department of Agof the state where traps were set gave negative results.

It is believed more may be added at the disthat as long as the trapping and cretion of the director of the consoil treating program is continued servation department. If more this most serious pest may be than the allowable number file kept in subjection, and prevent the serious losses that have been experienced in some states.

IMITATION FLOWERS HIT SNAG

During the State Fair at Detroit nspectors of the State's Bureau of Plant Industry were called upon to check two concessions offering for sale water Begonia tubers reports C. A. Boyer, Chief of the iculture.

Upon investigation it was found that the proprietor of these two concessions was using a Cyclamen plant with a floret of gladiolus attached, to make the public believe this was a specimen of the water begonia being sold. Since the camouflaged "specimen" was pleasant to the eye, naturally it encouraged sales of the bulbs When the plan was revealed to the Fair manager, the proprietor of these two concessions was disparred from the grounds.

The State Department of Agriculture will continue to check on such type of operator, to assure the public adequate protection from purchasing this kind of worthless merchandise.

PERMITS ISSUED FOR DOG TRAINING AREAS

Hunting dog owners who want place to train their dogs on game at any time of the year in game at any time of the year in 1948 may apply between now and October 1 for a permit for a dop training area. The number of areas is limited by law, but applicants filing with the conservation department by the first of the month will get equal consideration.

As defined in the act of the 1947 Legislature authorizing them, special dog training areas will cover not less than 80 nor more than 240 acres. Regulations provide that applicants — a club or group of 10 citizens — must own or have legal control over the land set aside for this purpose. The areas are an answer to hunters' pro-

All protected animals and birds captured by dogs being trained must be released immediately if must be turned over to the local hours. No hunting is permitted on the training areas at any time. A maximum of six special dog and devises at their last known place of address at least ten days prior to said day of hearing. ARTHUR E. HELP THE PHYSICIAN HELP YOU

★ An accurate case history is an invaluable aid in arriving at a correct diagnosis. In order to get the information needed to make an accurate diagnosis, the physician must ask you many searching questions. If you

answer his questions frankly and accurately, he has a valuable group of facts with which to work. Withholding information from him only serves to obscure the very result you seek.

We are not diagnosticians, but we are skilled in the art of compounding and dispensing medicine at the order of your physician.

DRAYTON DRUG STORE E. G. GREER, Prop.

From where I sit ... by Joe Marsh

Yes, I'm Guilty!

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big . . . human, local news in place of world events.

I can't deny it. Read the Clarion and you'll learn about the Martina golden wedding anniversary ... about the community sing down by the river. . the husking bee at Sober Hoskins, where neighbors helped husk the corn, and later

drank sparkling beer together. "Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns . . . the helping hand ... the respect for one another's rights. And above all the love of fellowship and freedomwhether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.

DRAYTON PLAINS

I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.

Goe Marsh

Bartle-Hamill Rites ories and a corsage of white roses

Marion Bartle was her sister's only aftendant. She wore a wine colored suit with black accessories and a corsage of mixed shattered carnations and gladioli.

Mr. Hamill was assisted by his brother, John Hamill of Drayton Following the ceremony the wedding party left for Franken-

muth for a wedding dinner. That evening at eight o'clock a reception for 350 guests was held at Juhl Hall near Marlette. Dancing and delicious refresh-

ments were enjoyed.

Mrs. Bartle, mother of the bride wore a grey silk dress with white accessories and Mrs. Hamill was in blue crepe with white accessories. Both mothers wore corsages of shattered gladioli and

stephanotis. The young couple left on honeymoon in northern Michigan, On their return they will make

their home in Pontiac. Mrs. B. T. Burke of Rock Island Ill., came for her nephew's wed-Other guests were from

General License Good For Cisco

Fishermen planning to lay in a winter's supply of cisco this fall will buy the special \$1 cisco spearing license for the last time as a new legislative act, effective January 1, 1948, makes the general fishing license good next year for this activity also. Cisco netting regulations, including the \$1 netting license, are not affected by the change, this year or next

Spearing of cisco, whitefish and carp is permitted October 15-December 31 in designated waters represented. Purebred sheep-men north of an east-west line through Clare, and November 1- December 31 in designated waters south of this line. Netting of ciscoes in certain designated lakes is permitted November 15- December

Cisco spearing and netting licenses are obtainable only from conservation officers and conservation district headquarters after October 1.

Prevent Accidents In Barns

cident in the barn. A survey shows at his expense. that last year more than 25 Michigan farmers sufffered serious injury or death from falls in or a- which will provide an excellent round the barn. Many of these were falls from the hay mow, and several were from ladders and stairs. One death and two serious injuries were also recorded in falls from silos.

Right now when the barn is fullest is a good time to make the barn safer by improving the ladders and necessary platforms.

County agricultural agent, Karl D. Bailey, says that barns with weak and wobbly stairs and broken steps are accident traps. In some barns a straight ladder has been substituted because there is no room for a permanent stairway. A stair hinged at the top and be raised to the ceiling when not in use is safer and easier to use than a straight ladder. Sometimes stairs are used as hay chutes and made hazardous by a covering of hay or straw.

In many barns the hay chutes consist of only dangerous holes in the floor. These should always be guarded with a railing, or an enclosure built over the top. When the hole is in the mow space there is need for a cage extending to the roof, or at least a little higher than the greatest depth of hay.

Another point of danger is the lack of suitable platforms in the end of the barn for servicing the hay carrier and truck safely. Even an acrobat would hesitate to climb in many barns to oil the hay carrier, change rope, or clean out the bird nests.

Keep Fertilizer In Dry Location

The suggestion to buy fertilizer when it is available is a good one to follow. Take delivery when you can, but be careful in storing that fertilizer.

C E. Millar, head of the soil science department at Michigan State college, says that fertilizer supplies should be stored in dry places — out of drafts that bring in moist air.

Don't put the bags directly on a concrete floor. If your storage space has this kind of floor, place boards over it so they are criscrossed. This will also let air circulate under the bags.

Another point to consider is the stacking of the bags. Don't overdo it and stack the bags too high. The weight may cause the fertilizer to cake. This, in turn will make application more diff icult when the time comes.

Easier Climbing With Good Stairs

Did you ever notice how some tairs are hard to climb and others are very easy? A. J. Bell, agricultural engineer at Michigan State college, advises that the dimensions of the stairs make a big difference in the case of climbing. Good stairs have at least a ten-

In remodeling or moving stairs the exact dimension to use will depend somewhat on the space gal. tank, 25 feet copper tubing available and the height of the ceiling, Bell points out.

RAM DAY AT MSC OCT. 8

sheep-men of the state will be able to select a ram from the best purebred flocks in Michigan by attending Ram Day at the Michigan State college sheep barn on October 8; reports Graydon Blank. MSC extension animal husbandry specialist.

The program will begin at 1:00 p. m. with the main sheep breeds are encouraged to bring in some of their best rams for this event.

If possible prospective buyers should make their wants known as soon as possible to their county agricultural agent, or by writing directly to the Animal Husbandry department at Michigan State col-

Sheep-men unable to attend Ram Day may place an order with their agricultural agent or the MSC Animal Husbandry department, indicating the breed wanted, the number of ewes to be bred and the price to be paid. A careful selection will be made and Falls are a common type of ac- the ram shipped to the purchaser

Blank calls the day a "one stop' visit to Michigan's best flocks opportunity to select a purebred ram. Ram Day at MSC replaces the Ram Truck which operated form-

Good market prices for fat lambs coupled with the fact that 90 percent of the feed eaten by sheep is grass and roughage, place this class of livestock in a very favorable position, the specialist ad-

Trench silos can be built with farm machinery and will save the feed value of immature corn.

Here's valuable information from Michigan State college agcounterweighted so that it can ricultural specialists on the soft corn problem; don't be in a hurry about picking soft corn. It will dry faster on the stalk than in the crib. The corn can be cut as needed or hogged down.

> Every year three billion tons of soil are washed from the fields of the United States, This loss is equivalent to six inches of top soil for three million acres. About five million heifer calves

are raised every year in the United States for replacements in dairy herds.

Because the grains are good sources of carbohydrate materials they are called energy foods.

The U.S. Department of Agriculture forecasts more butter, cheese and evaporated milk than last year will be on hand during the rest of 1947. Milk output will
