FIRST GRADE

The first grade started phonics last week and are becoming quite interested in the names of the letters and what they say.

Another thing we like to have people know is that we have learned fourteen words. Maybe some day we'll know as many as the second grade.

SECOND GRADE

We have completed our first booklets containing our seat-work. Last week we wrote letters to Mary Lynn Muma who is ill.

THIRD GRADE

We are now reading a science reader, "The Seasons Pass". This week we read about earthworms, snails and bees. We learned that bees are harmless when they are hibernating and that snails eat lettuce.

We enjoyed the Puppet Show very much.

FOURTH GRADE

In correlation with our language work, we have posters showing the progress of Communication.

This week we had our first Self-Testing Drill in arithmetic.

FIFTH GRADE

Champion spellers for last week were James Alexander, Mary Jane Bearsley, Clayton Bill, Vern Carman, Carol Ann Collins, Joan Dark, Jimmie Gray, Bob Jones, Carolyn Kerton, Dawn Marks, Lawrence McNeil, Jean Porritt, Raymond Powers, Lorraine Rioux, Betty Root, Bob Roy, Jim Ruduck, Marcia Smith, Mickey Terigni, Pat Thompson, and Bob Yahnke.

SIXTH GRADE

Mrs. Otto Iovonen and Mrs. F.L. Spooner were in charge of the elementary library last Wednesday. They were assisted by Elaine Watson, D. I. Pettengill and Onalee Hillman.

Sixth graders who are assisting with hall duty this week are: Buddy Clement, Beverly Broegeman, and George Mann.

SOPHOMORE NEWS

The sophomores are sponsoring the Harvest Moon Hop which will be held Friday, October 31. The committees have been chosen and are as follows: refreshment, Ray Frazier, Carl Stitt, Joan Fuller, and Albert Potter; decoration, Jenny Schraeder, Norma Terry, Marilyn Mortimore, Bettie Stauter, Nancie Heineman, Dona Gobel, Bob Rioux, Jerry Anderson and Glenn McGee; ticket, Norma Terry, Clark Morgan, Shirley Allen, Joan Booth, and Carolyn Waterbury; advertising, Marilyn Mortimore, Norma Terry, Joan Booth, Roy Frazier, Dawn Coleman, Lee Johnson, and Jerry Anderson; clean-up, Glenn McGee, Bob Rioux, Marilyn Mortimore, Jerry Anderson, Albert Potter.

Roy Frazier, Dawn Coleman, and Alene Richardson. The patrons for the dance will be Mr. and Mrs. Mortimore, Mr. and Mrs. Coleman and Miss Bennett.

JUNIOR NEWS

Yup, it's here! The day, that is when the girls of the community have their innings. Sponsored by the junior class, a Sadie Hawkins Day Dance will be held in the gym tonight, starting at nine o'clock. "Spike" Masters and his band will offer the music.

John Adams, general chairman of the shindig, has been assisted in arrangements by Mary Lee Volberding and Phyllis Weyer on advertising, Roy Johnson on tickets, and "Spike" Masters on music.

Get out your lasso and running shoes gals, and catch that partner for the Sadie Hawkins affair at the school tonight.

SENIOR NEWS

Wednesday was the big day! We now have all the student council offices, to be represented by Juniors and Seniors, filled competently. Bill Ludwig, who was running as a sticker candidate, took the office of president. Other seniors of the student council are Shirley Crosby, girls' commissioner of buildings and grounds; Wayne Longair, boys' commissioner of activities and Dean Anderson, boys' commissioner of buildings and grounds.

Representatives from the Junior class are: Bob Fell, business manager, and Regina Jennings, girls' commissioner of activities.

The seniors are still trying to find a photographer to take their class pictures. They have samples of work from two photographers now and are expecting to have more this week. They will have to make time in choosing a photographer because they would like their pictures before Christmas.

The play books have arrived and Miss Campbell and Mrs. Berg have already begun casting. Rehearsals will start immediately after the cast has been chosen and the production will be late in November.

STUDENT COUNCIL NEWS

The first meeting of the Clarkston High Student Council was opened Tuesday, October 14, by the president, Bill Ludwig, and the new officers were introduced. They are as follows: president, Bill Ludwig; business manager, Bob Fell; Boy's Comm. of activities, Wayne Longair; Girl's comm. of activities, Regina Jennings; Boy's comm. of buildings and grounds, Dean Anderson; Girl's comm. of buildings and grounds, Shirley Crosby. The class representatives are: 7th, Hazel Carter; 8th, Frank Keelean; 9th, Beverly Covert; 10th, Nancy Heineman. Shirley Crosby was appointed secretary. The duties of each member were made clear and parts of the Student Council Constitution were read. Another meeting was called for Wednesday. The meeting was adjourned by the bell.

ADMINISTRATION NEWS

The students of Clarkston Schools returned to their abandoned school work after a short vacation. Teachers' Institute was held last Thursday and Friday in Detroit and the teachers attended many interesting lectures pertaining to school and world affairs. The students hoped that the teachers enjoyed their brief recess from the world of study as well as they did.

MUSIC

Clarkston High School was fortunate in securing a very capable music teacher this year and are already boasting of their potential band and chorus.

The new music teacher is Mr. William Ladd, who comes here from Ithaca, Michigan. Already he has under his able direction a sixty voice chorus and a seventeen piece band.

Last week the band gave a short concert for the grades. The purpose of this concert was to interest the younger students in the music field.

WOLVES BATTLE TO TIE

Fighting back from two straight defeats, the Clarkston Wolves held Big Beaver in the waning minutes last Wednesday, and walked away with a 6-6 tie.

Only five days before, Dick Miner, Bloomfield Hills' star back, skirted 65 yards in the last minute to hand Clarkston its second straight defeat.

The first half of the mid-week tussle at Big Beaver was closely fought, but neither team could find pay dirt. However, as the second half opened, Clarkston found the wind in their favor. Putting this to their advantage the Clarkstonites promptly scored. Starting a drive with end runs, the Wolves fought from their territory into the Beaver's and then climaxed their efforts with the game's first marker. Doyle passed 35 yards to Chuck McGee, who went over the goal line to give Clarkston a 6-0 lead. The try for the extra point wasn't good, but the lead looked large at that time. Then the Beavers seemed to tear apart the visitors and they scored from a reverse to tie the score.

The all important extra point was denied them too and the score remained at 6-6 'til the gun finally sounded, ending the game.

Today Clarkston meets the new Waterford team in what promises to be a battle, and next Friday the Wolves travel to Auburn Heights.

Nobody likes
to do dishes
EXCEPT

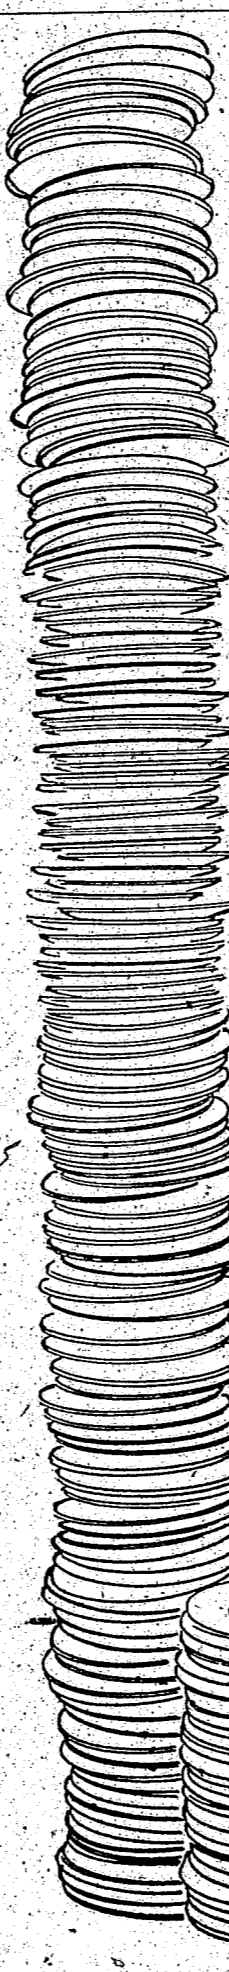

THE AUTOMATIC ELECTRIC DISHWASHER

If you're the average housewife, you struggle through six tons of dirty, greasy pots and dishes in a year.

If you are, then this is just what you've been waiting for. This push-button marvel floods your cutlery and crockery with water far too hot for human hands. The average electric dishwasher will hold up to 95 pieces, wash, and rinse them without attention; leaving every pot, dish and glass gleaming... bone-dry and safe in its rack.

The Automatic Dishwasher uses a special soapless cleaning agent. No film is left on glass or china. When it has finished its chore, every drop of water vanishes and everything is sparkling clean.

Yes, the Automatic Electric Dishwasher loves to do dishes. See your dealer about one today. Many models and makes are available.

From where I sit... by Joe Marsh
Mystery of the Missing Farms
 Yep, the number of farms in America is shrinking (by a quarter-million in the last five years!). What's happened to the missing farms? The land has been taken in by other farms, increasing the average size by twenty acres!
 Does this growth mean farming's no longer a family enterprise? Just the opposite! More families own farms today than ever—only with labor-saving equipment they can handle more land, more work.
 That's as it should be. The family farm is a fortress of democracy—
 where our free, American life is secure. Where every member cooperates and shares the work... living together in temperance and tolerance—temperance that prefers a moderate beverage like beer, and tolerance for a taste that may be different from one's own.
 From where I sit, our Family Farms (and they're 98% of all farms) are something that this country can be proud of!

How many of these does your telephone save you every day?

- Imagine trying to see in person everybody you talk to on the telephone in a single day. Think of the time and the shoe leather... the gasoline or carfare it would take!
- We've installed thousands of new telephones in recent years. And thousands are still to be installed for folks now waiting for service. Each new telephone makes your telephone that much more valuable. It means more people you can call—more jobs your telephone can do for you.

MICHIGAN BELL TELEPHONE COMPANY

It's to your interest to know about this proposed feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too
 On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees
 In addition to this, an Arbitration Board has just granted a wage increase of 15½ cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?
 Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.
 In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase. No other course is open.

Railroads Do Not Run For Employees Alone
 Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

Mrs. Grace Barnhart and Mrs. Charles Williams went to Lansing on Tuesday where they attended the funeral of Mrs. Estella Robinson, mother of Mrs. O. R. Barnhart of 708 Baker St., Lansing.

The Bible Class party which was to have been held tonight has been postponed until Friday evening of next week at the church at 7:30.

PATTERSON-BOWDEN RITES READ OCTOBER 4

A lovely wedding took place on October 4th when Vivian Marie Patterson, daughter of Mr. and Mrs. Stuart D. Patterson, and H. Lloyd Bowden, Jr., son of Mr. and Mrs. H. Lloyd Bowden, all of White Lake spoke their marriage vows at a candlelight service in the Drayton Plains Presbyterian Church.

Two hundred and fifty guests witnessed the candlelight ceremony performed by the Rev. Leslie M. Gonnson, assisted by the Rev. C. J. Sutton, before an altar decorated with palms and baskets of white flowers.

The bride was lovely in a gown of white satin fashioned with long sleeves, a nylon net yoke and a cathedral train. Her fingertip veil of illusion was trimmed with Chantilly lace and lace inserts and was held in place by a beaded tiara. She carried a bouquet of white roses and baby mums.

Irene Patterson, was her sister's maid of honor. She was gowned in aqua corded taffeta. Bridesmaids, Connie Burnham and Marjorie Sutherland were dressed similarly in pink and yellow moire taffeta, respectively. All of the attendants wore matching mitts, net headresses and carried bouquets of gladioli and baby mums.

William Schriber of Pontiac was best man and Russel Patterson and Charles Nolan seated the guests.

Following the ceremony a reception was held in the church parlors at the White Lake Presbyterian Church.

The young couple left on a trip to Tennessee. For travelling the new Mrs. Bowden wore a cocoa brown dress with matching accessories.

NEW DAIRY LAWS EFFECTIVE
Three amendments to the Michigan dairy laws passed by the 1947 legislature took effect October 11, according to F. M. Skiver, Chief of the Bureau of Dairying, Michigan Department of Agriculture.

All cheese sold after October 11 must be labeled "Pasteurized Milk Cheese" when made from pasteurized milk, and "Raw Milk Cheese" if made from raw milk. There must also be stamped on the

cheese the date manufactured and the name of the manufacturer or a number assigned to the plant by the Michigan Department of Agriculture.

An amendment to the milk law requires that all milk or milk products of any type containing chocolate or cocoa must contain at least 3 percent butterfat. Addition-

standards were established relative to equipment and buildings used for processing milk or other dairy products. New dairy plants must now be inspected and approved before a license may be issued. Before the amendment was enacted, a dairy plant could operate 30 days before inspection and licensing.

The state-wide pasteurization law passed by the 1947 legislature becomes effective July 1, 1948. According to Mr. Skiver, Michigan will become the first state to possess a state-wide pasteurization law. Several other states are studying the Michigan law with the thought of adopting similar legislation.

SOLVE MEAT PROBLEM

Chicken may be your answer to the meat problem. If your family is tired of fried chicken, try roasting one!

Roasting chicken should have a rounded body, a well-fleshed breast, a coating of fat under the skin, a few blemishes and few pinfeathers. For a bird to look well on the table, good shape is important, adds Roberta Hershey, foods specialist at Michigan State college.

Stuff the chicken and roast it in a shallow, uncovered pan with a rack in the bottom. Start it either sideways or squarely on its breast, depending on its shape. Do not add water to the pan, nor cover with either a lid or cloth. Keep the temperature of the oven moderate to slow for the entire cooking period. Turn a medium-sized chicken every 30 to 45 minutes. Baste it with melted fat or pan drippings each time you turn it.

When the chicken is tender and done to the bone, the flesh is slightly shrunken beneath the skin and it gives or bends slightly when picked up by the ends. Joints are no longer stiff when "worked". Plan on one and one half to two hours cooking time, depending on the size of the bird.

If you have a chicken that is intended for stewing, try steaming it and you will be pleased with the results. To steam a bird, prepare it as for roasting. Place it breast up on a rack in a kettle and add water to the level of the rack. Add water as it boils away. It will require three to four hours to cook tender unless you use a pressure cooker. Cool the chicken in the broth and you will have a juicier meat. Steamed chickens have more juice and flavor than stewed ones.

Check Your Guns and Car, Too

The first crisp fall days find the hunter cleaning his gun and checking his equipment, getting ready for the opening day of his favorite sport.

Pheasant hunters will find the season has been reduced to 12 days, Oct. 15 to 26, and the season bag out from eight to six in order to help halt the Michigan slump in pheasant numbers.

A thirty-day season, Oct. 7 to Nov. 5, has been authorized by the department of conservation for duck and other waterfowl hunting. The daily bag limit is four ducks. For geese, the permissible bag and possession limit is four.

It is the wise hunter who checks his car along with his hunting equipment to make certain all is operating smoothly and safely. Good brakes and horn may keep him off the traffic accident list. Properly operating front and rear lights will make night driving easier and safer for him and his fellow motorists. A complete check of all the car's mechanical functions is necessary because there won't be a service station handy to the hunting site.

MSC BAND LARGEST IN COLLEGE HISTORY
