Rotary Club News

Monday evening the Clarkston Rotarians and their guests were entertained by the Detroit Edison Company at their Conner Creek plant in Detroit.

A fine dinner was served to 64 company's cafeteria, in the plant. This dinner was followed by a brief description of the plant and the general organization of the

Detroit Edison Company. The group was then divided into small groups with guides for a tour of the plant. Each group was then taken to the roof, about nine stories high. From here some rode back down on an elevator while some walked down to the ground floor. Then the rest proved to be enlightening and very interesting.

Following the tour of the plant industry.

Presidents and vice presidents of the Waterford Township P.T.A. the building principals of the township and superintendent of schools, William Shunck, met Tûesday eve ning at the high school building for the first of a series of conferences on P.T.A. and school problems.

P.T.A. officers and building principals representing the Waterford Township High school: Cover Donelson, Drayton Plains, Four Newherry Towns. Lambert. Stringham, Waterford Center, Waterford village and Williams Lake schools will continue to meet regularly on the fourth Tuesday of each month.

Matters under consideration include P.T.A. programs, budgets policy with regard to equipment and the school housing and building program for the entire town-

It is pointed out by Supt. Shunck that these meetings will not only strengthen each P.T.A. but will help greatly in informing parents and taxpayers of the schools' problems.

The next meeting is scheduled December 30.

The regular monthly business meeting of Waterford Township American Legion Post 431 was held Tuesday, December 2nd at the Old Mill Tavern, with Commander Louis Dorman Jr. conducting the meeting.

The Auxiliary of Post 431 met Tuesday, December 2nd at the home of Mrs. Louis Dorman Sr. Mrs. William Wagner, Jr. vice cooperative supper will be served president, conducted the meeting at 6:30. Youth Driving Quiz Repeated

One of the largest safety campaigns in Michigan, designed to improve the driving habits of 16-20-year-old motorists, is under way again with the announcement by the Auto Insurers' Safety Associa-tion of its plans for the 1947 - 48 safe driving quiz.

The contest last year was a huge success, with more than 60,000 students in 300 Michigan high and junior high schools taking the tests, a series of true and false questions, directed so that a detailed study of traffic regulations is necessary to pass.

The quiz, generating a competitive spirit in the schools, is designed to teach careful driving habits to youths between 16-20 who are responsible for five times as many accidents as older motorists.

with the theme, "The Only Good Driver Is The Safe Driver," have been sent to high schools in the state. It has been commended as "highly effective" by Dr. Eugene B. Elliott, state superintendent of public instruction.

Marry Young? Marry Old?

When Jeb Crowell's daughter, Sue, married nineteen-year-old "Slim" Blake, a lot of folks (especially older ones) began to shake their heads. Young marriages!

So I looked up some figures. It's true, young American girls and boys marry younger than in other countries. And where do you suppose they had the least chance? I won't name it, but maybe you've guessed. One of those countries that before the war suppressed all individual freedom and tolerance

That's why I'm not worried about our younger married couples. They were raised in a country that respects one another's right - a country of tolerance and temperance (a lot of bridegrooms are ex-G.L's, and it looked to me like their fa-

vorite beverage was beer!) From where I sit, it isn't when you marry that's important. It's the all-important spirit of tolerance and understanding that you bring to marriage.

Miss Highberger suggests that

At the request of the President, Governor Sigler appointed a Michigan's, Citizens' Food Committee. This committee has a veterans' section. The American Legion is represented by Arthur H. Clarke, Department Commander; the Veterans of Foreign Wars, by Merle E. Hopper, Department Commander; the Amvets, by Arthur J. Madar, Department Commander; Disabled American Veterans, by Boniface R. Maile, Department Commander; the United Spanish War Veterans by Frank L. Witfoth, Department Commander. Elmer J Hanna, Director of the State Office of Veterans' Affairs is the chairman of the veterans' section.

The people of Western Europe face a winter of want and hunger which is impossible for most Americans to visualize. They are in desperate need of wheat for bread to take them through the winter. We need to save 100 million bush els of wheat to supply this need.

The veteran leaders urge the cooperation of all citizens in reach ing the objectives of this humanitarian program. All families are urged to save wheat and save meat to save the peace.

A few simple suggestions from the basis of these savings: They are: use eggs in moderation; use less expensive kinds of meat and poultry; make moderate use of bread; do less baking of foods containing flour, fats and sugar, etc.; waste nothing.

ARMY CAREER

Viedical and Dental Care

Army life is healthy. A balanced diet, planned exercise and recreation, with the finest medical and dental care add up to the healthiest young men in the country.

You don't have to worry about medical and dental bills. The Dept. of Labor found in 1945 that the average family in \$200 to \$250 monthly income group spent \$132 a year for the doctor, dentist, and the hospital.

One more thing, this same high standard of medical care will be given without charge to your dependents, if you are assigned where facilities are available.

Your local Recruiting Officer at 53½ W. Huron St., Pontiac, Michigan, will supply additional details. See him today fellows and help keep America the strong, beautiful country that she is.
