CLARKSTON, MICHIGAN, FRIDAY, APRIL 30, 1948

#### Plans Completed For Tag Day

Mrs. Howard W. Huttenlocher will be chairman of tag day activities in Clarkston in the annual county-wide appeal for funds sponsored by the St. Joseph Mercy Hospital Auxiliary, May 1st.

Proceeds of past tag day events have been responsible for establishing and maintaining a fully equipped, efficient hospital clinic receiving indigent patients from all parts of the county, purchasing eyeglasses for needy children, and setting up a Nurses' Scholarship Fund for nurses with high scholastic ratings who might otherwise look to more immediate work

in office or factory.
Street solicitation of funds in Pontiac city's participation in this county-wide campaign will take place during shopping hours on Friday, April 30th and all day Saturday, May 1st. Tag Day in Clarkston will be observed only on the one day, Saturday, May 1 from 8:30 A. M. until 7:00 P. M.

The headquarters for the Clarkston workers will be at Caribou Inn. Among the workers will be Marie Bennett, Mrs. W. S. Barrows, Phyllis Beardsley, Mrs. Richard Bullen, Mrs. Garald O'Dell, Mrs. Hagen, Mrs. H. W. Huttenlocher, Mrs. William Johnston, Joan Johnston, Mrs. N. E. Maytag, Mrs. Arnold Mann, Mrs. Bradley Miller, Mrs. Roderick Muna, Vivian O'Roark, Mrs. Gray Robertson, Mrs. F. L. Spooner Mrs. Richard Watson and Mrs. Ronald Weber.

## Fourth Annual Music Festival Tuesday Night, May 4

The choir of the Clarkston Methodist Church will present its fourth annual Music Festival at the church next Tuesday evening, May 4th, starting at 8 o'clock. This promises to be one of the best. The choir has put in a great deal of time preparing to give you real treat. Guest soloists will be Loreen Snyder, clarinetist and Spenceley Butters, violinist. The choir director is Orlo Willoughby and the assistant is William Mansfield. Adele Thomas is the accompanist. The program will consist of familiar songs and spirituals, many old favorites.

May 18.

On Tuesday evening the Clarkston Rotafy Anns held their monthly meeting at the home of Mrs. W. H. Stamp with Mrs. Richard Morgan as co-hostess. The president, Mrs. Robert Buerhig presided at the business meeting when it was decided to send three crippled children to the Grace Bentley Camp on Lake Huron this summer, each to spend two weeks there. Mrs. Stackable was able to secure a very interesting speaker for the May meetentertained the group with sing- ing so it was voted to have guest ing. The quartet was dressed in night on May 25th at the home costumes which added to the ef- of Mrs. Morgan with Mrs. Robert Buerhig as co-hostess. The June meeting will be at the home of Mrs. Don Stackable.

At the close of the business meeting Mrs. Garnet Poulton, program chairman, introduced Miss Josephine Hoke, County Home Demonstration Agent, who gave a timely and enlightening outline of housecleaning. She told of many ways to make housecleaning easier and also gave many good recipes for cleaning solutions and polishes. This subject was especially interesting as many of the women had already started their cleaning and were wondering just what new methods they could use to make their work easier and more effective. Miss Hoke answered many questions and the group decided that they had spent a very profitable evening.

Refreshments were served with Mrs. Durand Ogden pouring,

#### PROSPECTS GOOD FOR VALUABLE BEAN CROP

Increased plantings of beans in 1948 are expected to be profitable in bean growing areas. A. B. Love, agricultural economist at Michigan State college, reports that a least four major economic factors are at work to hold prices at a reasonable level of profit throughout the year.

The factors include: (1) The amount of beans needed for the European recovery program. (2) The bean price supports until December 31, 1948; (3) The increase in per capita bean consumption. (4) The fact that Michigan bean production is below the amount needed to meet domestic needs for pea beans.

Michigan bean production has fallen in the past three years to less than 3,300,000 bags (100lbs.) compared with a previous yearly production of better than 5,000,000

Stocks of Michigan beans of all the war years to where there was practically no carry-over from year to year. The demands of the canning trade took almost all of the state's bean production leaving only a small amount to be sold as dry beans.

agricultural crops usually grown year, the economist reports,

It's Fishing Time

Trout season opens April 24th. And, with it, will come a steady stream of drivers headed for Michlean's many, many streams which abound with gamey trout. The areas around Kalkaska, Manistee, Baldwin, Wellston, Boyne City and East Jordan are just a few of the Trout areas which will be thick with fishermen:

This year, not only fishermen but stamp collectors as well are inrested in trout season. Michigan is believed to be the first state to issue trout fishing stamps. Both resident and non-resident fishermen taking any brook, brown or rainbow trout will need the trout stamp pasted on their regular fishing licenses. Wives of licensed resident anglers, who have fished free on their husbands' licenses may also fish free on their husbands' trout stamps. An endorsement on the wife's free license stub ment on the wife's free license stub can be made when the husband buys a trout stamp for his license. Authorities are predicting that more fishermen than in many years will be wading through icy streams and rivers in search of their trout. And that means extra care on every highway — every country road. Watch out for the careless driver and for cars parked on the road — keep an eye out for fishermen walking along the roads. Drive safely — watch out for the other fellow — and come back to tell the tale of the "one that got

For these reasons, Love thinks in general farming makes it a that farmers should give careful valuable crop to grow. The averattention to increasing their bean age cash income to Michigan acreage. The fact that beans rank farmers from beans has averaged second in income value among better than 15 million dollars a

#### MILITARY BALL TONIGHT, APRIL 30

#### THE TAX CUT AND YOUR INCOME

The new income tax reduction, enacted by the Republican Congress with help from Democrats in repudi President Truman's yeto, will take nearly 71/2 million low income earners off the tax rolls entirely. The tax chart below shows how much spendable Income the average family of four will have after paying taxes in 1948. and how this compares with their spendable incomes in 1947. For instance, a man receiving \$2,500 income this year will pay less than one percent for taxesplast year his tax was almost four percent of his income.

#### SOMETHING NEW

Seems as if spring is a busy time of the year on top o' the hill. , . Things are buzzin' and students are trying to memorize their parts in an operetta which will be something entirely new for Clarkston High.

There are five solo voices in the musical. . . Phyllis Weyer, as Geraldine Bangk; Richard Allen, as John Drayton; Merri Lee Volberding, as Sandy Bank; Spence Butters, as Alan O'Day; and Martin Wager, as Amos Bank, Others in the cast are: Bob Caskey, Marilyn Kennedy, Ellen Rockwell about the beautiful birds who Spike Masters, Barbara Tarleton and David Yoh. There will also be several dancing choruses, and a singing chorus.

The music is all written very cleverly, and we find that many students are already humming the catchy tunes around school, The set will be started soon. .

It is to be out-of-doors, representing the site of Feudal Rock Ranch, in the West. There is comedy and romantic

interest, and even a little mystery. Of course, the music will be the biggest part, and we feel sure that you will enjoy the snappy, animated tunes which will be featured in the show.

Since this is the first time an operetta has ever been attempted in Clarkston, we are hoping to have a good turnout. Most people, we feel sure, would enjoy a really peppy and colorful musical put on by their own high school, Won't you bring your friends and attend our first operetta, on May 19th?

With a three to one score in the first inning Waterford started inning brought forth seven more runs for Waterford and the first three for Clarkston.

Starting Clarkston's half of the fifth the score was 18-5, Waterford. Clarkston rallied for seven runs but fell short at six as the final score rose to 18-12.

paign to wipe out crows in Oakland County beginning with pheasant nesting and crop planting Sportsmen's Club crow campaign this Spring are announced this week by Arthur Day, chairman of all-out cooperation between the of gold compounds. These, when the anti-crow committee of the anatement and farmers should introduced into the body, often the anti-crow committee of the County Sportsmen's

Rather than ask the Oakland County supervisors for a crow bounty, the OCSC men and boys are raising their own funds to make the crow campaign interesting to all participants as well as these sportsmen and farmers who do not have time or facilities to actually hunt. Dey said everything is being done to make this a "sporting" event while at the same time eliminating the crows. Each O.C.S.C. member who desires to do so may purchase a 25 cent ticket any month, the proceeds of the ticket sales to be divided as cash awards to the shooters of the most crows each month. Awards will be presented at each O.C.S.C.

# Health

#### New Hope For Arthritics

A wartime discovery turned to medical uses is just beginning to give great promise of combatting "that great crippler", rheumatoid arthritis.

The name of the new drug is 'BAL', which stands for British Anti-Lewisite. It is so called because the compound was developed in England as a defense against a young people. They had a grand out that crows do widespread farm out that crows do widespread farm and garden damage as well as destance lies in the fact that it stroy wildlife. Both urban and seems to control the toxic reaction. tions which have heretofore made the use of gold in treatment of arthritis, a dangerous procedure.

A victim of rheumatoid arthritis

may be a helpless invalid, unable to feed himself, confined to bed or

this type of arthritis.
So little is known about the disease that treatment has been diffi-Sportsmen's Club crow campaign cult and uncertain. The most ef-certainly is to be considered and fective treatment has been the use seem to have a beneficial effect on the diseased joints.

But while the good effect of gold recommends it as a remedy — al-though its use is by no means a sure cure — it has one drawback which causes many doctors of medicine to hesitate to use it. This is the frequency with which un-pleasant toxic reactions to the gold occur. Such side effects may be mild and transient, or they may involve such severe symptoms that death follows. The toxic effects may take the form of severe skin disorders, inflammation of the liver, or disturbances of the various blood forming tissues.

ious blood-forming tissues.

There is no known way of preventing such reactions, and once they have occurred, until very recently there has been no known rapid control of them. But recent results with the use of BAL indicate that an effective method of controlling at least some of the serious toxic reactions may be at hand. ious blood-forming tissues. ious toxic reactions may be at hand.
If the intensive study now being conducted substantiates these heartening findings, the gold treatment may be attempted with much less risk, and a far greater number of arthritic sufferers may be relieved.

hese legumes can be made to furnish large quantities of livestock feed. Three tons of alfalfa hay, a satisfactory acre yield, give as much digestible nutrients as 65 bushels of shelled

This summer, Michigan farmers will have an opportunity to see demonstrations of grassland farming and how much it can aid the farm program. A series of "Grass programs scheduled in all parts of the state will present exhibits, demonstrations and talks on grass and legume management for hay and pasture. MSC extension specialists are cooperating with county agricultural agents in arranging the programs.

Bell points out that high yields of crops such as alfalfa are dependent upon proper cultural and management practices. These methods will be stressed at the Grass Day programs, Liming to correct soil acidity, liberal use of commercial fertilizer, use of seeding are listed as essential steps in establishing good stands of alfalfa. For pasture purposes, alfalfa

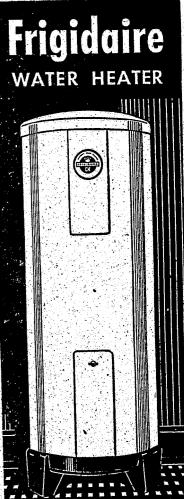

bromegrass rates high. On most Michigan livestock farms this combination can very well constitute the basis for the forage program--both hay and pasture. Many farmers have discovered that by converting hilly permanent bluegrass pastures to alfalfabromegrass, carrying capacity is more than doubled, the specialist

"Gaston B. Means, Master Rogue"—A profile of the biggest liar of the century." This spy and murder suspect swindled Mrs. Evalyn Walsh McLean out of one thousand dollars in the Lindbergh Case in The American Weekly magazine distributed with the SUNDAY CHI-CAGO HERALD-AMERICAN.

From where I sit ... by Joe Marsh

### Sam's Hens Wear Spectacles!

Yes, it's a fact! Sam's brood of two dozen hens are wearing spectacles - which he bought from a mail-order house in Capitol City.

Sam says it works (and big poultry raisers say so, too). The hens see each other through soft colored glasses, and instead of fighting and picking at each other, they go around placidly, gain weight, and lay more eggs.

Makes me almost wish we could have rose-colored glasses for human beings, too. So that instead of quarreling and criticizing, like we

do so much of the time, we'd live and let live in contentment.

From where I sit, the human race wastes a powerful lot of time in wrangling over minor issues . . . whether a man should drink beer or cider... whether a woman should. wear slacks or skirts . . . instead of seeing each other through "spectacles" of tolerance that enable us to live-and-let-live like Sam's brood of chickens.

TURKEY HOUSING NEEDS CHECK UP

> For a good start in raising healthy turkeys, Charles Reed, extension poultryman at Michigan State college, advises farmers to check the condition of the brooder

Any repairs needed should be made immediately. The floor, roof, and walls must be free from cracks and holes and broken window glass should be replaced. A good job of disinfection is important.

Poults require fresh air, the specialist reports. Windows should pe arranged so that they can be tilted slightly to allow fresh air to enter and circulate in the house, Lack of proper ventilation will result in damp litter and unhealthy poults.

Brooders should be set up and operated for a day or two to insure that they are operating pro-

ELIMINATION OF NOXIOUS AND RESORT OPERATORS

Farmers who derive some extra income from the tourist and resort business in Oakland county will find a new Michigan State college circular of interest.

Noxious weeds, county agricultural agent Karl D. Bailey reports, often cause resort operators to lose money. Many persons accidentally contact poison ivy or poison sumac each year. The purpose of the circular is to help resort operators and other landowners to get rid of the objectionable weeds.

Titled "Weed Control in Resort Areas', the publication is circular R-201, issued by the MSC Extension Service and the Michigan Agricultural Experiment Station. Details are given regarding the

use of chemicals and equipment

poison ivy, poison sumac, common ragweed, and perennial ragweed can be eliminated by the sugges-State college and at other agri- tions given. Special instructions are included for lawn, beach, and be told. Earl C. Richardson, MSC water weeds. A copy of the circular can be extension editor, will interview

this medium, native talent is given an outlet available in no other way. Each man, in a way, is his own composer. True barber shop quartet music is original harmonization, created by the members of a quartet, of old, and not so old, melodies. Secretary Russ Jenks will be glad to hear from interested men. He can be reached at 156 Myron St., Ortonville.

#### Plant A Tree On Arbor Dav

Arbor day means a day outloors for thousands of Michigan school pupils, particularly in the north where the day is something of a holiday as well as an observance of the importance of planting trees.

Arbor day this year falls or April 30 in the lower peninsula May 7 above the straits.

The conservation department reports the more ambitious programs, of schools near Michigan's 500 school and community forests, call for planting as many as 50 seedling pines per pupil, in

small reforestation projects that are expanding year by year. At some schools, the occasion of the day will be planting a single tree on the schoolhouse lawn,

Have you visited the Holly Theatre since it has had its spring cleaning and undergone a few changes? More space has been added. New lighting and air conditioning adds to the comfort of the patrons. The redecorating and the new carpeting makes it look like a new theatre.
