CLARKSTON, MICHIGAN, FRIDAY, MAY 7, 1948

Native Scot Returns To Homeland

Miss Jean Henderson who has been visiting her uncle, Mr. William Simpson and her cousins, Mr. and Mrs. Russell Colton, left on Sunday for Toronto, Ontario, where she will spend a short time with relatives before leaving for New York to board the S. S. Queen Elizabeth on May 14th and sail for her home in Kirkcaldy, Scotland. She will land at Southampton, England, and then travel by rail to her home.

Miss Henderson has been in America almost a year and in that time she has seen a great deal of the country. She visited relatives in Vancouver, B. C. and in Los Angeles, Calif. She visited Mexico and also spent some time viewing the Rockies, the Grand Canyon, Petrified Forest and the other western scenic spots. In fact during the year Miss Henderson saw more of the United States than many Americans will see in their lifetime.

Last Friday afternoon Mrs. Colton held open house in Miss Henderson's honor. The folks who had the great pleasure of meeting this native Scot were fascinated with her pleasing personality and her interesting stories of her homeland. She told of conditions in Scotland and about the strict rationing of food and clothing. She said that most of the people seem satisfied with their lot. They do a great deal of planning and try to make the best of everything. They realize more and more that "man does not live by bread alone". She drew words of pictures of many beautiful spots in Scotland and really made some of her listeners wish to take a trip abroad.

Miss Henderson will enjoy the company of her brother on her return voyage. He came to America on a business trip.

Mrs. Huttenlocher Entertains Circle

On Tuesday afternoon the Martha Circle of the W.S.C.S. met at the home of Mrs. H. W. Huttenlocher for the regular meeting which was conducted by the chairman, Mrs. Agnes Beardsley. There were 12 present.

A committee was appointed to help prepare and serve the luncheon to the O.E.S. Association on May 14th. The group voted to stand the expense of laundering the collars for the church choir. The members were reminded that the quarterly meeting will be held at the church in June and in July the Circle will have a picnic luncheon at the home of Mrs. August Doebler and Miss Wilma Doebler.

At the close of the business meeting Mrs. Huttenlocher continued the review of the book "Peace of Mind". She made the chapter on "Love or Perish" so interesting that unconsciously the listeners were taking inventory of themselves and were entering into a discussion of the subject of the next chapter to be reviewed was "Fear".

Refreshments were served from a lace covered table centered with an arrangement of spring flowers. Mrs. Ronald Walter and Mrs. Keith Leak poured.

Choir Presents Annual Concert

The choir of the Methodist Church presented its fourth annual May Festival on Tuesday evening to a very appreciative crowd. The numbers selected were to everybody's liking and in the manner in which they were rendered was evidence of considerable thought and practice on the part of all the participants. Directors and accompanist included.

The choir directors are Orlo J. Willoughby and William Mansfield and the accompanist is Adele Thomas. The soloists on Tuesday night were Constance Spooner, soprano; Manley Walter, tenor and Bonnie Willoughby, soprano. The guests artists were Loren Snyder, clarinetist, of Ellisfield, Mich., and Spenceley Butters, violinist of Clarkston. Miss Snyder is Mrs. Willoughby's niece.

Following the program Mr. and Mrs. Orlo Willoughby were hosts to the choir in the church parlors. Dainty refreshments were served from a table centered with a pretty arrangement of spring flowers. Mrs. Keith Leak poured. The choir members took this opportunity to present gifts of appreciation to Mr. Willoughby, Mr. Mansfield and Mrs. Thomas.

Dorcas Circle Met With Mrs. Henry

On Wednesday afternoon the Dorcas Circle of the W.S.C.S. met at the home of Mrs. Paul Henry on Orion Road for the regular monthly meeting and a pot-luck luncheon at 12:30.

Mrs. T. S. Boyns had charge of the devotionals and had each member answer roll call by naming a mother of the Bible. At the business meeting a committee was named to help with the preparing and serving of the noon luncheon to the O.E.S. Association on May 14th.

Mrs. A. W. Emery introduced Mrs. A. J. Holstein of Lake Angelus who spoke briefly on "What it means to read good books" and then reviewed "Barren Ground" by Ellen Glasgow. Mrs. Holstein made the story exceptionally interesting and in passing mentioned the other writings of Miss Glasgow. The group really got books conscious and Mrs. Holstein was kept busy answering questions about other books. She suggested several books that would be suitable for study and discussion in such a group.

Obituary

Floyd E. Marlowe
Sadness came to the Lloyd E. Marlowe home at 6300 Orion Road, last Friday morning when their son, Floyd E., 19, passed away in Pontiac General Hospital.

Floyd was born on July 28, 1928, in West Bloomfield Township, the son of Lloyd E. and Ivy Marlowe. He was a lifelong resident of Oakland County. He attended Clarkston school and was a member of The First Church of God.

Surviving besides his parents are four brothers, Virgil of Pontiac, Melvin, Carl and Orval, all of Clarkston.

The funeral service was held at The First Church of God on Sunday afternoon with the Reverend Paul J. Shrock officiating. Burial was in Ottawa Park cemetery.

Clarkston Locals

Joyce Lawson is spending a two weeks vacation in Ft. Lauderdale Fla., where she is the guest of her brother-in-law and sister, Mr. and Mrs. William B. Miller.

Everyone will be glad to learn that Edwin Campbell, son of Mr. and Mrs. Virgil Campbell, who has been in Ford Hospital in Detroit, is at his home and is getting along nicely. He will have to take treatments at intervals for a while. He hopes to return to school soon.

Notice

There will be a special meeting of the Clarkston Legion Auxiliary on Friday night, May 7 (tonight) at 8 o'clock at the Township Hall. This will be a short meeting but a very important one and all members are requested to be present.

Notice

The next regular meeting of the Oakland County Council P.T.A. will be held in the Donelson School, May 14 at 8 p. m. Installation of officers will take place and Esther Middlewood, State Consultant on Mental Health will be guest speaker.

Bowling League Closes Season

On Wednesday night the Howes Lanes Community Bowling League held its first annual banquet at Palmer's on the Dixie. The tables were arranged in the form of a U and were attractive with spring flowers and lighted candles in milk glass, hurricane candle holders. The ladies' places were marked with miniature clown candy baskets and at the men's places were miniature cowboy candy baskets. Regular size, blue bowling pins (the blue matched the upholstery on them in white) had inscribed on them in white the name of the team and these were placed on the tables to direct the teams to their places in the dining room.

To add to the beautiful setting the bowlers wore pretty corsages presented to them by their sponsors. The ladies at the speakers' table were in dinner gowns.

The turkey dinner was delicious and music was furnished throughout the meal. Beryl Hinz gave the invocation.

Following dinner the president of the league, Janice Dickman gave a few words of welcome and introduced Barbara Beedle who acted as toastmistress. She was very capable indeed and had something very timely and amusing to say about each person on the program. Barbara Howe introduced the sponsors and each one received a hearty applause.

After an amusing story and a word of thanks for publishing the bowling scores throughout the season the toastmistress presented W. H. Stamp, publisher of The Clarkston News. Mr. Stamp spoke briefly and thanked the group for the lovely evening and added that he would be glad to cooperate with them during the next bowling season. Miss Beedle then introduced Les Howe. He had a joke to tell about Les and also expressed thanks to him for his thoughtfulness and work during the season. Les responded with a few words of thanks for a fine evening and closed by saying he hoped to be able to greet all of the lovely ladies in the fall. Mrs. Ella Sharp then played a piano selection and Mrs. W. H. Stamp read the poem "The Little Woman" written by Robert C. Beattie.

It is sometimes satisfying to keep the best until the last and this is just what happened at the banquet. Gen. Bradley, secretary of the league, presented the individual trophy to Mary Shanks for being the outstanding bowler for the season. Mary, who is treasurer of the league, responded and wore a happy smile, because it was a real thrill to receive such a beautiful emblem of merit. She then presented the team trophies and the prize money. The standings were as follows: 1st, Service Window Cleaning Co.; 2nd, Waterford Market; 3rd, Clarkston Motor Sales; 4th, Manning's Market; 5th, Lytell & Colgrove; 6th, Lowrie Dairy; 7th, Samuel's Appliance and 8th, Green Acres Inn.

The officers for the next season were presented by Janice Dickman, as follows: president Winona Woods; vice president Marian Loten; secretary, Gen. Bradley; treasurer, Mary Shanks and sergeant-at-arms, Hilda Lowrie. Mrs. Dickman, retiring president, expressed her personal thanks to the teams, to Les Howe and The Clarkston News for their generous cooperation this last season and to Mrs. Palmer for helping so graciously to make the banquet, a success.

The League extended appreciation to Mrs. Dickman by presenting her with a lovely, complete fingernail kit. The high team, Service Window Cleaning, presented their sponsor, Mr. Bradley with a trophy. They thought this was the best way to say "thank you for your kindly interest during the bowling season".

To close the program the group enjoyed singing some old timers and also two timely songs, the words of which were written by Barbara Howe and Barbara Beedle. The group then enjoyed visiting while the dining room was cleared for dancing.

Clarkston Locals

Basil Ash, S. N., is receiving his discharge from the U. S. Navy this week at Boston, Mass., after serving for two years. Basil hopes to be home this weekend.

Glenn Arthur who has been in the U. S. Navy for the past two years is receiving his discharge this week on the west coast. Glenn has been serving in the Pacific area.

Wednesday, May 12th, the Royal Neighbors will meet at the home of Mrs. Clair Hopkins. There will be a pot-luck luncheon at 12:30 with the regular meeting in the afternoon.

Clarkston Rotarians Visit Neighbors

On Tuesday evening the Clarkston Rotarians and their wives attended the "Ladies' Night" of the Waterford-Drayton Club. At 6:30 dinner was served to about sixty in the large dining room in the Community Activities building on Williams Lake Road.

The tables were attractively decorated with spring flowers in crystal bowls and yellow tapers in crystal holders. The men's places were marked with cigars tied with orchid colored bows and at the ladies' places were small paper vases holding yellow and purple violets.

Henry Mehlberg gave the invocation just before the members of the Women's Club served a delicious dinner. Following the dinner Mr. Mehlberg introduced the officers of the Waterford-Drayton Club for the next year and then had their members introduce themselves and their wives. He then presented Robert L. Jones, president of the Clarkston Club who introduced the incoming president of Clarkston Club and then presented the members and their wives.

Mr. Mehlberg then asked the group to retire to the dance hall where the program was presented with Herbert VanWelt acting as master of ceremonies. R. L. Jones led group singing with Charles Robinson at the piano. James Vandarsall played two beautiful violin selections with Mrs. Vandarsall playing his piano accompaniment. Mr. VanWelt then presented Herbert German who entertained with his magic tricks. He kept the crowd laughing and wondering for about an hour and like all little boys and girls, the Rotarians and their wives could have watched and wondered for another hour or so.

To close a very fine evening the group sang The Star Spangled Banner. Before leaving the building many of those who visited the place for the first time enjoyed seeing the spacious rooms and were amazed at the vast amount of work that had been done on this beautiful and useful building.

Betty Laws Is Nine Years Old

On Tuesday afternoon, after school, Mrs. Ivan Laws honored her daughter, Betty, who was celebrating her ninth birthday. Eight little guests enjoyed from 4 o'clock until about 5:30 at the Laws' home.

The young folks played games and received prizes and had a grand time. Betty received many pretty gifts and the best wishes of her little friends. To close a really delightful party the children enjoyed refreshments which included a lovely birthday cake bearing Betty's name.

Among the guests were Pat Thayer, Suelen O'Dell, Janet Sue Willoughby, Onalee Morgan, Arlene Mogg, Sharon Glennie, Elaine Crosby and Gwen Karrover.

Clarkston Locals

Victor Kutchins, who has been a patient at Pontiac General Hospital, returned to his home on Orion Road on Monday.

Mrs. Ivan Laws and son, Norman, will spend Mother's Day in Champaign, Ill., with Mrs. Laws' mother, Mrs. Eva Turner, who is ill.

County Grass Day To Be In June

Greater emphasis on high quality legumes and grass to stabilize Michigan's agriculture is being brought to the farmers in 12 Grass Day Demonstrations during June.

Scattered throughout the state to serve all areas, these all-day programs will show farmers latest seeding, harvesting, hay handling and utilization methods. The Michigan State College Co-operative Extension Service is sponsoring the events and machinery companies are assisting with the equipment for demonstrations.

Richard Bell, extension farm crops specialist at Michigan State college points out that Michigan's hay and pasture acreage dropped from 5,400,000 acres in 1944. The chairman of the Grass Days committee said farmers realized the need for more cash crops and cereal grain and met this great need.

Although there is still need for these crops, farmers are being encouraged to devote more effort toward getting better hay and pasture stands for higher yields of good quality roughage. The Grass Day program for Oakland County will be on June 11, at Keith Middleton farm on Stoney Creek Road, 3 miles east of village of Lake Orion.

Tag Day Response Very Gratifying

The folks in this district were glad to respond to the Tag Day held last Saturday for the clinic at the St. Joseph Mercy Hospital. Most people realize the good this free clinic does and they also realize that they or theirs might have need to call on the clinic for help. Everyone gave generously and the result was that the contribution was the largest ever made from Clarkston and vicinity. The last report was that over \$180 had been contributed.

Those who worked, besides those mentioned in The News last week, included Sally Stageman, Sue Shanks, Judy O'Dell, Mrs. Harry Horsch, Pat Watson and Ann Barrows.

Mrs. H. W. Huttenlocher, chairman in this area, wishes to thank the workers and all those who gave to help this very worthy cause.

Church

CLARKSTON BAPTIST CHURCH

Rev. William Spurgeon Ross, D. D. 10:00 a. m. Church Bible School. A congenial class for everyone. Rev. T. A. Long will be present and bring a few words of greeting. Joseph Jenks is the superintendent.

11:00 a. m. Morning Worship. Rev. Tom Long, Jr., director of practical work in the Detroit Bible Institute will be the speaker. Mr. and Mrs. Underwood of Pontiac, Mich. will be present and bring a Mother's Day message. 6:15 p. m. Baptist Young People's Union, Group No. 1, Don Frick as leader will be in charge of the meeting. Rev. Tom Long, Jr. will be present and speak.

7:30 p. m. Evening Service. Song service will be conducted by Don Steiner. The Youth Choir will bring a Mother's Day message in song. Rev. Tom Long, Jr. will speak.

Wednesday, May 2, 8:00 p. m. Mid-week Bible Study, Praise and Prayer Service. 9:00 p. m. Youth Choir Rehearsal under the direction of Don Steiner.

Mother's Day will be observed next Sunday at the Baptist Church. We are bringing to the pulpit a man from The Detroit Bible Institute. He is the Director of Practical Work, Rev. T. H. Long, better known as Tom Long, Jr. He is an ex G. I. and had a brilliant career in service. He will speak in Bible School, Morning Service, Youth Meeting and in the Evening Service. This is a real opportunity for you to hear this man who is in much demand as a speaker.

Friends are invited to share with the Church their flowers in memory of Mother. They should be brought on Saturday or during the Bible School.

There will be special music at both the morning and evening services. Mr. and Mrs. Underwood of Pontiac will be present and sing at the morning service and the Youth Choir will bring a Mother's Day message in the evening.

CLARKSTON METHODIST CHURCH

Walter C. B. Saxman, Minister 9:45—Church School, Duane Hursfall, superintendent.

11:00—Morning Worship Service. Sermon, "Mother's Day". The music by Adele Thomas will consist of: "The Ascension of Our Lord"; "Ashford"; "Crown Him With Many Crowns"; "Hine; King All Glorious"; Emerson; "Prayer"; Verdi; "Hallelujah, Christ Reigneth"; Adams.

7:00—Youth Fellowship. Tuesday, 7:45—Choir practice. Last Sunday Nancy Cogger, Dorothy Mae Curry and David Leak united with the Methodist Church. Nancy Cogger was transferred from the Ferndale Methodist Church, Dorothy Curry from the Central Christian Church of Pontiac. David Leak united on confession of faith.

ANDERSONVILLE COMMUNITY CHURCH

Rev. Roy Doyle, Pastor

Sunday morning worship of the Andersonville Community Church will be 10 o'clock with Mr. C. J. Tarvestad bringing the message, Sunday School following, Sunday evening at 7:30, Don Tarvestad will bring the message by drawing, accompanied by his mother singing. A welcome is extended to all to come.

We are glad to report Rev. Doyle our pastor is feeling better at this writing. Our Bible study in Revelation on Friday evening is progressing favorably.

Help Make Pads Friday Afternoon

On Friday (this afternoon) at one o'clock all those who are interested in helping those who are ill with cancer are asked to be at the Methodist Church to help fold and pin pads ready for sewing. This is worthwhile work that needs the help of every well person.

Bowling Team Feted Wednesday

On Wednesday evening Mr. and Mrs. H. W. Huttenlocher and son, James, entertained the Huttenlocher Insurance Bowling Team at a dinner at the Pine Lake Country Club.

After a delicious dinner Mr. Huttenlocher congratulated the members of the team for their success in attaining first place for the season and presented each one with a trophy. The bowlers were very happy to think that their sponsor was so interested and extended their thanks for his cordiality and thoughtfulness.

The members of the team include Mrs. Patricia Beach, team captain, Mrs. Opal Johnston, Miss Ada Scraee, Mrs. D. Hagen, Mrs. Val Walter and Mrs. Elsie Smith.

Paper Drive Wednesday, May 19

The next waste paper drive in this district will be on Wednesday, May 19th. This will be a contest in the elementary grades in the school and the proceeds will be for their library. The children will be anxious to help win the prize for their grade.

The Clarkston Rotary Club will pick up bundles left at the curb in the afternoon of the 19th. Many folks will not be contacted by the children and this is where the Rotary Club will come in. They will be glad to pick up paper throughout the district.

Danny Campbell Is Seven Years Old

On Thursday afternoon Mrs. Virgil Campbell honored her son, Danny, in celebration of his seventh birthday. His guests were a number of his schoolmates.

The group enjoyed a lovely luncheon at a table centered with a plant growing in an animal flower pot. The children were amused and pleased with the biscuits which were in the shape of animals. Later in the afternoon the birthday cake was served.

Danny received many lovely gifts with birthday greetings from his little friends.

Mrs. Lynn D. Gaynor and daughter, Arlene, who have spent the winter months in Tampa, Fla., expect to leave their about May 10th and return to their home here.

HOMEMAKERS LEARN WHILE ON THE JOB

It's not too late to learn to be a better homemaker after you're married and have a family. This was indicated in a recent survey of 382 Michigan homemakers made at Michigan State college.

Results of this survey which scored home management practices were recently published by Dr. Irma Gross, head of the home management and child development department at the college. Rise in scores went hand in hand with educational levels but training in adult education made a most significant difference.

Homemakers who were enrolled in home economic extension classes organized by the college and the local home demonstration agents achieved higher scores. Those with more extension training had higher scores than those with less. The combination of extension work and either high school or college training resulted in a score much above average.

Results of this survey thus would indicate that you can improve your home management and create better living for your family by taking training now that you are a homemaker.

On the measuring "yardstick" used in the survey were items such as use of time and energy, use of money, incentive for management, conservation of goods, household production, and looking to the future. All of these items are important because they contribute to your family's living.

All the way through the study many exceptions were found in all groups. It is mostly a question of the individual. If you would like to score yourself on the home management yardstick, write to the Bulletin Office, Michigan State College, for Circular Bulletin 211, "Measuring Home Management."

By the Way . . .

The more successful chairmen in securing front page publicity for this or that public cause is the one who shows his or her appreciation by being sure that any printing in connection with the undertaking is given to the custom printing department of the paper. Annually the tag day for the St. Joseph Mercy Hospital has been gladly advertised by the county papers. The money is for support of the clinic for indigent patients - a very worthy cause. This year the promotion was so good and the response so great that the county chairman felt that the public should be thanked and appreciation shown to the papers in the form of a small thank-you advertisement. The advertisement is found on page 8. By such reciprocal actions, the paper is strengthened to cooperate the next time help is needed and the organization reaps still more publicity on the next drive. . . . Among the interesting pictures to be published in the Ortonville Centennial program are two which will create quite a little interest. The one is a freak snow storm which occurred in late April or early May in about 1880. The other is a typical school room of the last century—the long school desks arranged around a large wood stove. . . . "Jim" Stites of Waterford, well known in Clarkston, will represent the Socialist party at their National Convention in San Francisco in June. . . . The Drayton Plains Softball League sponsored by the Drayton Plains Men's Club will get underway next week. . . . The highways are in very bad condition this year. Perhaps the reason the writer notices it more is that about 200 feet north of our lot is a bad drop. Truck drivers who make the trip up M-15 on regular trips know of this drop and start to put on brakes in front of the house and are wearing a rut there with the result that people in this vicinity are treated to hearing two noisy bumps with every truck that passes. For the information of the road commission the addition of tar to fill these spots just means that trucks just go up in the air and fall instead of falling into the holes and bouncing upwards. The racket is the same. We are not engineers but we believe the proper application of the gas tax might clear up our highways, which are daily growing more dangerous. . . . One new subscriber this week.

The Little Woman

The little woman, lithe and frail Has long been pampered by the male. Has been set up like regal queen And kept from work by man's machine. The drudgery of grandma's day These many years has passed away. Electric gadgets by the score Have kept her knees from being sore. The products of a modern brain Have kept her joints from growing lame.

But she is not content to play In leisure, like she works all day. So when her working day is done She drives a car that weighs two tons. With power packed with dynamite Enough to make a bombing flight. As relaxation for her soul She takes one night a week to bowl. Her dainty fingers grasp a sphere That would outweigh a half grown steer. She squints one eye and cocks one leg And heaves it at the center peg. Yes! This goes on for endless hours (A great display of female powers) The scores piled up at every game Have put their menfolk all to shame. I'd like to leave one cautious note, It won't be wise for you to gloat About your scores to burly male 'Lest he'd get wise, you're not so frail.

Waterford

Mrs. Fred Tuck and daughter, Barbara Jean, of Wayne were Tuesday visitors at the home of their grandparents, Mr. and Mrs. E. D. Spooner and at the home of Mrs. Tuck's parents, Mr. and Mrs. Henry Mehlberg.

Mrs. Louis Hillman announces that she is accepting new Brownies on Tuesday afternoon at 3:30 at the Waterford Village school in room A. All girls from 7 to 9 years of age are eligible to be "Brownies." An invitation is extended to this age group.

Mrs. Marshall White and her Intermediate Girl Scout Troop No. 5 served a Tea on Tuesday afternoon after school in honor of their mothers. This was a delightful affair and the girls were proud to have their mothers as their

honored guests. Mr. and Mrs. Emory Beedle and family spent last week at Atlanta, Mich.

Gwendolyn Haykins was ill with the measles this week. Last weekend Howard Jewell's nieces the Hall twins, were quite ill with measles.

Kenneth McVittie, Sr., entered old Grace Hospital in Detroit on Sunday for observation and underwent an operation on Tuesday. He is getting along nicely.

Don Weaver, principal of Waterford High School, had the misfortune to injure his leg while he and his family were moving to their new home.

Mrs. Henri Buck and Mrs. Henry Mehlberg called on Mrs. William Huntton of Clarkston on April 30 to extend Birthday Greetings and best wishes from the Waterford "Good Will Club." Mrs. Huntton is the mother of one of the older members of the Club. Mrs. Percy King, when they arrived they found many neighbors and friends had gathered to help Mrs. Huntton celebrate her 87th birthday. Mrs. Huntton received many gifts and cards.

Mrs. J. C. McMacken of Toledo plain his den's display. Portrayed on card tables were an Indian settlement, a circus, a pirate ship, and the Legend of Sleepy Hollow.

Mrs. D. W. Kenfeck was introduced as the new den mother of den two. She is replacing Mrs. Percy Wood. In appreciation of Mrs. Wood's two years work as den mother she was given a set of book ends by the Pack. The boys of den two presented her with a bird bath. The evenings entertainment was furnished by Mrs. Calvin Holton's den five. It was an amusing radio quiz program. The attendance plaque was won by Mrs. Kenneth Williams den 8.

eyening to greet her new grandson, Thomas Michael son of Mr. and Mrs. Robert J. Mehlberg. She was on her way to spend the week with her sister in Davison, Mich.

Waterford friends join in extending sympathy to Mr. and Mrs. Leslie Dingman in the loss of her sister in Grand Rapids on April 26th. Mrs. Dingman had been in Grand Rapids for two weeks caring for her sister.

Folks who pass through Waterford on the Dixie are feasting their eyes on the beautiful Tulip Tree that stands in full bloom in the yard of Mr. and Mrs. Emerson Mitchell on Mill Street.

Cub Scouts of Pack 31 gathered at the Williams Lake School Friday evening for its monthly meeting. Achievement awards were given the following boys: Douglas Reed, Robert Olsabeck, James Lemor and James Larkin were given bob cat pins; Frederick Gelske received the wolf gold arrow; bear gold arrows went to Emery Shook and John Zettle; two boys William Wood, and John Hedrick received their graduation certificates and three year service stars. William Wood was also awarded his weblo badge.

Each denner was asked to explain his den's display. Portrayed on card tables were an Indian settlement, a circus, a pirate ship, and the Legend of Sleepy Hollow.

Mrs. D. W. Kenfeck was introduced as the new den mother of den two. She is replacing Mrs. Percy Wood. In appreciation of Mrs. Wood's two years work as den mother she was given a set of book ends by the Pack. The boys of den two presented her with a bird bath. The evenings entertainment was furnished by Mrs. Calvin Holton's den five. It was an amusing radio quiz program. The attendance plaque was won by Mrs. Kenneth Williams den 8.

Persons on telephone lines which have firemen calls on are asked to co-operate whenever they hear just one blast of the siren by clearing the lines immediately. In times when just two or three men are needed to assist with the use of an inhalator or for other emergency calls all the men are not called out so we hear but one or two blasts of the siren to clear the telephone lines in order to get the help of a few men. Your co-operation will be greatly appreciated.

Waterford Township

The senior class of the Waterford Township High School will hold its last big event on May 21 with a Senior Prom at the Elks Temple in Pontiac from 9:30 until 1:00. Bobby Grayson's orchestra from Detroit will furnish the music. The public is cordially invited to attend. The patrons will be Jayno Adams, Mr. and Mrs. James DenHerder, Mr. and Mrs. Arthur Johnson, Elmer Fangbner, Mr. and Mrs. Kenneth McVittie, Mr. and Mrs. John Radenbaugh, Mr. and Mrs. William Shunck, Mr. and Mrs. Marshall Smith, Mr. and Mrs. Donald Weaver, Mr. and Mrs. John Cheslik, Mr. and Mrs.

Charles Cook, Mr. and Mrs. Erwin Crothers, Miss Lela Jeffreys, Mr. and Mrs. William Leslie, Mr. and Mrs. Julius Linard, Mr. and Mrs. Leonard Nelson, and Mr. and Mrs. Floyd Wilson.

The Waterford township bands have a concert scheduled for May 28 at the township High School which will be free of charge and open to the public. James Vandersall and Joyce Thompson will co-operate as directors.

Three band pupils from Drayton Plains and Waterford village schools took part in the state contest at Lansing on April 10 and did very well. James Jeffery from Waterford won a rating of III, or excellent, on his clarinet; Robert Ewald from Drayton Plains won a rating of II, or excellent, on his trombone; and Marshall Rose of Drayton Plains won a II rating on his clarinet. Joyce Thompson is band director in both schools.

The seniors of the township High school are working hard to raise enough money to take them on a trip to Niagara Falls on June 2, 3, and 4. They have plans for bake sales and rummage sales and would appreciate the help of everyone. Contributions for the rummage sales will be greatly appreciated. There will be a bake sale this Saturday, May 8, at Jacober's Market at 9:00 in the morning.

Persons on telephone lines which have firemen calls on are asked to co-operate whenever they hear just one blast of the siren by clearing the lines immediately. In times when just two or three men are needed to assist with the use of an inhalator or for other emergency calls all the men are not called out so we hear but one or two blasts of the siren to clear the telephone lines in order to get the help of a few men. Your co-operation will be greatly appreciated.

The Waterford village P. T. A. is sponsoring dancing lessons with Mrs. Betty Smith as instructor each Wednesday evening at 8:00 in the village school for older young people, who come as couples, and adult couples. This is open to all.

Community Activities

Community party at 8:00 this evening which is open to the public.

Modern and old time dancing from 9:00 until 1:00 Saturday evening. Fun for both young and old.

The O. D. O. is serving a lunch-

con to a Holly Club on Monday. Pinocle for couples at 8:00 Monday evening. There is room for several more tables. Refreshments are served after the games. Mr. and Mrs. O. L. Siegman are hosts.

Waterford-Drayton Rotary Club luncheon at noon on Tuesday. Meeting follows immediately.

The Woman's Club is serving a penny style supper at 6:00 Thursday evening.

Guild of Christ Ev. Lutheran Church is sponsoring a Bazaar Thursday afternoon and evening.

The Woman's Club is sponsoring its first penny style supper at 6:00 Thursday evening, to which the public is invited. The Ladies' Guild of Christ Ev. Lutheran Church is having a bazaar in conjunction with the supper. The proceeds from the bazaar is for the benefit of the church building fund. Plans are to start building this summer.

Persons having attended the Jeffersonian dinner last week. Wednesday, report having had a very delicious dinner which was served by the Woman's Club.

Church News

WATERFORD COMMUNITY CHURCH

Wright VanPlew, Pastor
 10:00 a. m. Sunday School. Superintendents are Alton Goll and Don Hetchler. There are classes with teachers for all ages.

11:15 Morning Worship. The pastor will bring a special Mother's Day message. A beautiful plaque will be awarded to the oldest mother and to the youngest mother present. The choir will present a special surprise number.

6:15. The 3 groups of young people will meet at the church. The adult question forum will be held at the same time.

7:30 Evening Worship.
 Tuesday, 8 p. m. The annual meeting at the church. All members are urged to attend. Friends of the church will be welcomed. All reports from all organizations and departments of the church will be heard.

Wednesday, 7:30 p. m. Family Prayer Service at the church.

CHRIST LUTHERAN CHURCH

Philip A. Jordan, Pastor
 9:45 Sunday School. Superintendents are Rev. Philip Jordan, Mrs. Stanley Hawkins and Mrs. Roy Olson. There are classes with teachers for all ages.

Morning Service at 11 o'clock. Rev. Philip Jordan will bring the message on "The Christian Home". Monday night at 8 o'clock the Board of Trustees will meet at the home of Walter Roesel.

Wednesday starting at 10 a. m. and continuing throughout the day the Grand Rapids District meeting will be held at St. John's Lutheran Church in Pontiac. This church is invited to participate.

Thursday starting at 2 p. m. the ladies of the Lutheran Guild will sponsor a bazaar at the Community Activities building. The Woman's Club will serve a Penny Supper starting at 6 p. m.
 Saturday at 9:30 a. m. Confirmation Class at the parsonage.

KEEP CHICKENS AND TURKEYS SEPARATE

Charles Reed, extension poultryman at Michigan State college, has a tip for Michigan poultry raisers. It's this: turkeys and chickens cannot be raised together successfully under farm conditions. Poults must not be allowed to mingle with chickens or other poultry.

The reason for the warning is that other poultry, especially chickens, harbor parasites and organisms that cause blackhead, coccidiosis, and other turkey diseases.

If there are chickens on the farm, Reed says, don't care for the chickens and then track to the brooder house unless shoes have been thoroughly cleaned or disinfected before entering the brooder house.

News To Farmers

Michigan farmers interested in poultry production problems can hear a weekly discussion at 12 noon (EST) over WKAR, Michigan State college radio station, 870 kc.

If you are an insecticide user, read the caution labels carefully. Know what you are using. Determine how, when, and for

what purpose it should be used. If you don't know, find out. Play safe. Don't take a chance on ruining a valuable farm product.

When choosing bean seed, remember that bright seed having a good color and luster indicates strong healthy seed which would make good plants. Discolored seed may be caused by weathered beans may or may not germinate.

LARGE CROWD ATTENDS BIG CAR RACES

A crowd of about 5,000 attended the opening Big Car Races Sunday afternoon, May 2nd at the Millford Speedway, Millford, Mich.

Frank Luptow of Detroit, Mich. had the fastest qualifying time of the day with 28.03, also winning the first elimination with Carl Scarborough of Keego Harbor, second.

2nd elimination won by Bob O'Neal.

3rd elimination won by Harry King of Fla.

8 lap Hot rod race won by Harry Sroka.

20 lap feature race won by Frank Luptow followed by Speed Wynn, Harry King third.

Carl Scarborough forced Luptow for 12 laps when Kenny Glore spun causing accident forcing Scarborough out.

To Mother

Bless her heart, and what a flood of memories that word brings. With love that knew no depths and labor that knew no hours, she remained the sweet rallying-point for family obedience and affection.

And today as guardian of the household pocket-book, her slender shoulders bear a heavy burden in a way that most men envy.

We're proud of any help we can give to Mother. Remember it's HER day next Sunday.

"In excess of 45,000 lbs. Payload
... on my new FORD F-7 BIG JOB"

"I purchased my F-7 Ford in February," reports Chester Fields of Dayton, Ohio. "To date, maximum payload has been 53,000 pounds... average has been well in excess of 45,000 pounds."

"Of the many other makes of trucks I now own, none can equal the performance of my F-7 Ford. Performance and economy have been amazing."

Sensational reports on the new F-7 and F-8 Ford BIG JOBS are being fired in from everywhere. Men who know trucks claim 6,000 miles per month for months on end with no time out... payloads over 50,000 pounds... power that leaves other trucks eating dust... a mile of full-load travel on about a pint of gasoline.

A TIP FOR HOUSECLEANERS

Washing painted walls is a current dread of housewives in the throes of house cleaning. More efficient cleaning is suggested by Josephine Hoke, Home Demonstration Agent, who recommends a reverse of the time-worn method of washing from the top down. Her advice is to start washing from the bottom and work up.

Reason for this is that when you wash from the top, streams of the washing solution run down over the dirty wall and make streaks which are almost impossible to remove. Streaks can be prevented by washing walls from the bottom up towards the top. Water which runs down over the clean surface can be removed easily without danger of leaving permanent streaks. Wash side walls first and then the ceiling.

For a good washing solution use 1/2 teaspoon of tri-sodium phosphate and 1/2 teaspoon of linseed oil soap to 1 gallon of warm water. The phosphate and soap are available at any drug store and the solution is effective and inexpensive. Rinse the walls thoroughly with warm water. Old terry cloth towels make excellent washing cloths. They are very absorbent and the rough texture acts like a soft brush to help remove the dirt.

It's a good idea to try washing a small area of the wall in a place that doesn't show to make certain that the paint is washable. Be sure to place step ladders so that they are steady and there will be no danger of falling.

HAY AND PASTURE AID IN PRODUCTION OF LIVESTOCK

Livestock raisers will find that production costs are lowered and livestock health better when a maximum amount of pasture and high quality roughage is used, advises Graydon Blank, Michigan State college animal husbandry specialist.

An acre of good alfalfa, the livestock man reports, when pastured by 20 hogs, will save at least 1,050 pounds of corn and 540 pounds of protein supplement. Improved sanitation and worm control further increase the value of pasture.

Benefits to sheep from high quality roughage and pasture are even more pronounced since 90 percent of the feed consumed by these animals is made up of these feeds. In an MSC experiment, five ewes with lambs, pastured on an acre of alfalfa-brome grass from June 1 to September 1, gained 370 pounds. A similar group on an acre of orchard grass during the same period gained only 54 lbs. High quality hay in the winter

ration of ewes increases the chances for a healthy lamb crop. Roughage and pasture also play an important part in the beef cattle program. MSC experiments have shown that yearling steers on mixed legume and grass pasture gained from one to one and six-tenths pounds per day during the grazing season. Costs varied from three and one-half to seven and one-half cents per pound on pasture, while cost of gain on similar steers fed grain ranged from 15 to 25 cents per pound.

Blank urges farmers who have a livestock program to visit one of the Grass Days to be held throughout the state during June. MSC extension specialists will tell how pasture programs can be made better.

CAMPING PERMITS TO BE ISSUED IN SOME STATE PARKS

Camping space is expected to be at such a premium in the more popular state parks this summer the conservation commission has laid down special rules for two of the busiest of them, Grand Haven and Holland.

In these parks permits will be issued for a 10-day stay, and there will be no renewal or extension of these permits if more than 50 per cent of the campground is occupied when a permit expires. The permit for any camp will be revoked if the camp is continuously unoccupied for more than 48 hours.

As in earlier years, campers who cannot be accommodated at the

more popular parks will be directed to equally desirable camping spots in state parks still having abundant space because they are newer and not yet so well known. While space remains, the time limit in the less crowded state parks will be much more liberal than at Grand Haven or Holland.

PHEASANT CROP FAVORABLE IF GOOD WEATHER HOLDS

Southern Michigan rural mail carriers, 276 of them with routes totaling 65,000 miles per week, reported as many pheasants seen per 100 miles in April as in December, in their week's observation of pheasant numbers for the conservation department.

R. A. MacMullan, department pheasant investigator, says the volunteer mail carrier survey confirms other indications that the birds wintered well and have had favorable weather so far this spring. The current season is the birds' critical period, however, and after three poor nesting seasons, the game technicians are deferring any predictions about production until brood counts are made.

Persistence of flooded conditions

in some parts of the pheasant range is keeping pheasants from some territory normally used for nesting, but because the standing water was there before nesting began, there has been no actual damage to hens and their clutches. MacMullan reports the tone of the carriers' reports as "optimistic" with "as many or more birds than last year" a frequent comment.

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation. These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

Type of Employee	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with Wage Increase Recommended by President's Board

Waterford

Mrs. Ross Deihl of Davison was a guest of her aunt, Mrs. Robert VanMarter, the latter part of the week.

Mrs. and Mrs. Lyman Girst, Jr., are receiving congratulations on the birth of a son on April 27th. The young man is named Jack Alan. Mother and son left the hospital on Friday of last week and have been spending the week with the boy's grandparents, Mr. and Mrs. Lyman Girst, Sr. The baby's sister, Candice, is spending a short

time with the other grandparents in Baltimore, Md.

Mrs. D. Combs who has been spending a week near Linden with her daughter, Mrs. Luella Corey and family is planning to return to the home of her daughter, Mrs. Lyman Girst, Sr., and family. Chief Merle VanMarter and Mrs. VanMarter and family of Detroit were Sunday guests of his parents, Mr. and Mrs. Robert VanMarter.

The three day measles paid a visit to Billy Brown, Larry Johnson and Richard Banfield. The boys were not very ill but they did have to stay out of school. Bobby Carey, small son of Mr. and Mrs. Robert Carey, is still confined to his home.

Mrs. Mae Hall has returned to her home on Maybee Road after spending the past few months at the home of Mrs. William King.

Mr. and Mrs. Henry Mehlberg were among those who went to the opening of The China House near Rochester and extended best wishes to the owners, Mr. and Mrs. George Rosenquist and their associates, their son, Kent and

his wife, Mrs. Rosenquist. The Rosenquists are former Waterford residents.

The MOMS of Waterford will hold the May meeting at the home of Mrs. Elmer Going at Williams Lake on Wednesday. There will be a pot-luck luncheon at 12:30.

The Good News Clubs' annual Spring-Rally is scheduled for June 4th. Plan to attend and see the progress of the club work for the year.

Mr. and Mrs. Robert J. Mehlberg are receiving congratulations on the birth of a 9 lb. 8 oz. son, Thomas Michael, on Sunday, May 2nd, at St. Joseph Mercy Hospital. The grandparents are Mr. and Mrs. J. C. McMacken of Toledo and Mr. and Mrs. Henry Mehlberg of Waterford.

Mr. and Mrs. Cyrus Linabury of Clarkston moved into their new home in Waterford recently.

Mrs. Etta O'Neil has returned to her home in Coldwater, Mich., after spending a week with her brother, Dr. William Cohoon.

Mr. and Mrs. Robert Sievers of Oxbow Lake spent Sunday with the latter's parents, Mr. and Mrs. Roy Pammenter.

The Waterford Community Church will hold the annual meeting at the church on Tuesday evening, May 11th, at 8 o'clock. All members should plan to attend. The friends of the church will be made welcome. Reports from the various groups will be read. Election of church officers will take place.

MICHIGAN WOMEN TO DEMONSTRATE PROGRESS THIS WEEK

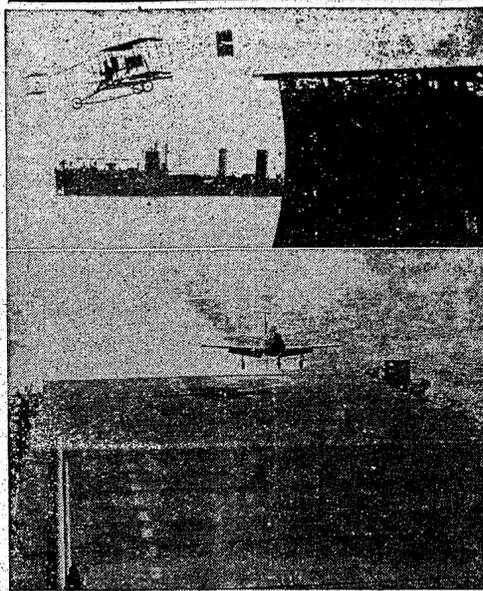

Michigan's 30,000 women enrolled in home demonstration groups this year are sharing honors with homemakers all over the nation and in Puerto Rico, Hawaii, and Alaska as they observe National Home Demonstration Week, May 2-8. Michigan's Home Demonstration Agents who are part of the Cooperative Extension Service staff at Michigan State college are located out in the counties where they can best help the homemakers.

Rachel Markwell, home demonstration leader at Michigan State college, announces that these homemakers have chosen as their slogan, "Today's Home Builds Tomorrow's World". Home Demonstration Agents who have developed

THERE HAD TO BE A FIRST TIME

Advances in American naval ships and equipment have been marked throughout the century and a half of the Navy Department's history by important milestones of progress. One of these was the first flight from the deck of a ship, made in 1910 by Lt. Eugene Ely, when he took off from a miniature flight deck on the foredeck of the USS Birmingham (upper). Three years later naval aviation had its actual start when Admiral George Dewey signed the report of the General Board, which recommended the establishment of a Naval Air arm. Today aviation is one of the elements in the three-pronged American Navy. Flowering of "Navy Air" can be symbolized in such scenes as the lower photo in which an F-1 "Fury," a jet-propelled aircraft, makes a landing aboard the USS Boxer while the ship is on the California coast. (Official Navy Photograph)

ed this program over three decades look at their 3,000,000 members with pride and high hopes for the future.

This week home demonstration members are using hundreds of devices to show their accomplishments in their homes and communities to the public. They are reporting their progress to their county government, to Michigan State college, and to the United States Department of Agriculture whose cooperation make their program possible.

Because of the home demonstration program in Michigan thousands of families are better fed, clothed and housed and better trained to meet their future. Thousands of communities have better health programs, better libraries, more beautiful parks and successful school lunch programs because of the efforts of home extension members. Their influence has even spread to foreign countries where they have sent food and clothing. Their members meet with women of other countries and discuss mutual problems.

SHEEP PARASITES CONTROL NEEDED

Stomach worms and nodular worms are the internal parasites that cause the greatest loss in sheep production. R. H. Nelson, Michigan State college sheep specialist, says control of these two parasites will result in faster

growing, thriftier lambs.

The simplest, and probably most effective means of control, is mixing phenothiazine in the salt for the sheep. The recommended mixture is one pound of phenothiazine with 12 or 14 pounds of salt. This mixture should be made available to the flock at all times and should be protected from the rain and sun.

In flocks with no previous worm treatment, the entire flock can be drenched with phenothiazine before being turned to pasture. The dosage from drenching should be one-half ounce for lambs and one ounce for yearlings and older sheep. Wettable phenothiazine should be used for drenching. Phenothiazine capsules may be used in place of the drench but are more expensive.

KENT LAKE CLASSIFIED AS PART OF HURON RIVER

Kent lake, on highway US-16 between Brighton and New Hudson and just over the Oakland county line, is still part of Huron river so far as fishing regulations are concerned, conservation department officials declared today. The lake was created in the basin of a smaller lake of the same name when the dam across the Huron was completed last year.

Keeping this bit of water in the river classification permits fishing at this season while most southern Michigan lakes are closed. Anglers on Kent lake now are getting pike and speckled bass.

Two-thirds of the small pines ordered by farmers for reforestation already have been shipped and remaining orders will be on the way by May 15, the conservation department reports.

A few small orders for jack pine seedlings still are being accepted for delivery this spring. Some persons getting only jack pine are leaving regular spaces in their plantations where white and red pine may be interspersed in later seasons, when the other species become available.

SLOPING LAND NEEDS SPECIAL PLANTING

Soil conservation and possible increased yields are the outcome when farmers plant across the slope on gently sloping land, R. C. Hill, extension soil conservationist at Michigan State college, reports.

The effect of working across the slope is the creation of thousands of tiny dams which will trap water during flash summer rains.

Hill advises that tests show cross-slope cultivation will hold water for crop use, save fertilizer, reduce erosion.

Run-off plots in soil conservation districts have lost 30 to 40 percent of the summer rainfall when worked up and down the

slope, compared to 10 to 12 percent loss from plots worked across the slope. This saving has had immediate effect in increasing crops yields.

The specialist further notes that cultivation on long, steep slopes may require additional erosion control practices to effectively reduce run-off.

Be a Good Teacher

A good driving instructor teaches students to keep an eye peeled for trouble. So often when Dad teaches the children to drive, he's apt to overlook the "little things" that actually may mean the difference between life and death.

Here are some pointers for every driver — especially important to impress upon the beginner. First — don't depend entirely on the rear view mirror. It only shows about three-fourths of the road. Never pull away from the curb without first looking through the back window as well as the front — make sure there are no cars or pedestrians in your way.

Make it a habit to watch every other car and keep on the lookout for little clues that tell the experienced good driver what the other fellow is planning to do. Suppose a car approaches an intersection opposite you. He slows down and his wheels turn just an inch. That's your cue — the fellow is going to turn — so take it easy. If necessary, come to a full stop and let him get out of your way.

Remember, anything on wheels is a potential danger — an automobile, a train, a bicycle — watch out for all of them. Slow down at all intersections — slow down at railroad crossings, and if the sign says "stop" then STOP! You may lose 45 seconds and save your life. Remember, make it a habit to drive carefully yourself — that habit will be reflected in your teaching — and act as a good example to the other fellow!

Juvenile Sets and Feeding Dishes

Assorted
Decorations
3 Pc. Sets
Compartment
Dishes

Three piece sets for tots. Useful pieces that delight the little ones. Practical too, as they are used only by the baby and can be kept separate for his health's sake.

Watch how the milk and food disappear as baby cleans up his plate to see the pretty pictures underneath. Sets consist of three pieces: 1-plate, 7 in., 1-6 oz. drinking mug, 1-serving bowl, 6 1/4 in.

COMPARTMENT FEEDING DISHES

Compartment feeding dishes, 6 and 8 inches in diameter, decorated in quaint nursery subjects. These three compartment dishes are handy and practical sizes 6 and 8 inches across tops and 1 1/4 inches deep.

THIRD GRADE NEWS

The following children had B on the "40 word" 3rd grade spelling test this 6 weeks: Daniel Carter, Suellen O'Dell, Raymond Dawley, John Reynolds, David Lissner, Pat Thayer and Janet Sue Willoughby.

We are sorry to have Patty Kinsler move away.

HOME ECONOMICS DAY

Yesterday about forty girls from the Homemaking II and Homemaking III classes and other interested seniors journeyed to Michigan State College at East Lansing. The occasion was the annual Home Economics Day for High School Girls program.

After the girls were welcomed to the college a skit entitled "Careers for Home Economics" was presented in the main auditorium. A short program, "College Girls' Activities," followed.

Cafeteria luncheons were then served in the dormitory dining

rooms. The afternoon program consisted of demonstrations, exhibits, and trips through the Home Economics Building, the Home Management House, and women's dormitories. The day's program ended with teas at Yakekey and Landon Halls.

Mrs. Beach and Mrs. Berg accompanied the group.

REGRETS

Clarkston High regrettably parted with a fine teacher last Friday. Home economic students, the faculty and the entire student body reluctantly said goodbye to Mrs. Berg. Students will remember her as the one to whom they could go for almost any kind of help. She did everything from caring for headaches to mending ripped football uniforms. We all will miss her smile, her understanding and her cheerful cooperation.

We regret to announce the resignation of Miss May King, 5th grade teacher, due to ill health.

JERRY OF JERICHO ROAD

The school is buzzing with rehearsals for Clarkston's operetta, "Jerry of Jericho Road", to be presented Wednesday night, May 19, under the direction of Mr. William Ladd.

Work has begun on dances, first act solo parts have been learned, and the chorus has joined the principals in evening rehearsals. Phyllis Weyer's lovely soprano voice, Mary Lee Volberding's dance arrangements, Bob Caskey's hill billy dialect, Marilyn Kennedy's interpretation of the sarcastic Mimi—all indicate that the presentation will be a success.

The first operetta to be presented in Clarkston in a long time "Jerry of Jericho Road" offers opportunity for solo singing parts, a variety of dance sequences, and chorus arrangements.

NOMINATION PETITIONS FOR CONGRESSMAN GEO. A. DONDERO

Congressman George A. Dondero, who has represented the 17th Congressional District of Michigan since 1933, and who announced publicly last February his intention to seek reelection to the 81st Congress, has placed in circulation his petitions for nomination.

Because of his continuous service, Congressman Dondero has risen to the powerful position of Chairman of the Committee on Public Works of the House of Representatives. Under the Legislative Reorganization Act of 1946, four committees (Rivers & Harbors, Flood Control, Highways, and Public Buildings & Grounds), all of which are of vital interest to Michigan and our Congressional District, were combined to form the present Public Works Committee. The Chairman of such a Committee exercises a powerful influence and determines the legislation to be considered by his committee and reported to Congress. The 17th District should retain this important Committee Chairmanship by continuing Congressman Dondero in office.

Throughout his service, Congressman Dondero has accomplished substantial savings to the people because of his watchful attention to legislation, while at the same time he has fought for needed and valuable measures which were essential to the progress and security of the nation.

Congressman Dondero has exerted his every effort to uphold our American principles and has constantly fought to rid the Army, Navy, and the Government agencies of persons with Communist and Fascist leanings who are not loyal to our form of government.

During the present Congress, Chairman Dondero has been instrumental in having reported from his Committee the improvement of the Red Run-Clinton River flood control; a Federal Highway Bill which will benefit Michigan and the 17th District; legislation establishing a program for stream pollution control; a national defense measure at Nome, Alaska; and other measures vital to our national welfare. He has supported measures looking toward the rehabilitation of our veterans and to help those who were wounded or disabled in the service of our country.

He has been unselfish in giving of his time and effort to the problems of his constituents in the matter of better mail service; veterans' cases; before the Department of the Army, Navy, Veterans' Administration, etc.; immigration cases which meant the uniting of families and loved ones; giving a helping hand in naturalization cases; and endeavoring to be helpful to all

who write him in legislation and seek information which he is able to furnish or can secure for them.

He has put his full weight behind the effort to reduce taxes and to cut governmental waste and extravagance. Congressman Dondero believes in practicing what he preaches and held the Omnibus Rivers & Harbors-Flood Control Bill, coming from his own Committee, to less than \$40,000,000 in contrast with a previous bill, passed less than twenty-four months earlier, amounting to \$1,250,000,000. He has favored and urged equitable legislation for our postal employees who have served the nation faithfully at all times.

Congressman Dondero's bill to compel Communists and Fascists to register as agents of a foreign power whose object is the control or overthrow of the United States, was embodied in the measure reported to the House of Representatives within the last few days.

Mr. Dondero has consistently opposed the shipment to Russia of oil, machinery, scrap, and, in short, any items which would build up that country's war machine and possibly be used later against the United States. He has been sympathetic toward help for the starving and needy people of Europe, without depleting the resources of America. The Congressman has said, "If our financial structure is undermined, then we can be of no material help to the other peoples of the world and stand to lose our own form of government, for which the flower of our manhood has twice been sacrificed."

SMALL TOWNS FIND WORKING WITH RURAL AREA PROFITABLE

The future is bright for the small town that realizes its responsibilities to the farm people living in its trade area.

This fact was uncovered by a recent study conducted by the Michigan State college department of sociology and anthropology in one of Michigan's "thumb" counties.

The study revealed reasons for the differences between towns that were progressive and those that were slipping. Progressive communities were ones in which leaders from both farm and town worked together on problems affecting all the people in the trading area. In two cases studied, the first move toward this goal was the formation of a community club. Monthly programs were planned for farmers, businessmen,

and leaders in church and education.

The research sociologists found that these gatherings became a clearing house for community problems. Solutions were worked out cooperatively and the country people came to feel that the facilities of the town belonged also to them. One community succeeded in erecting a large community house. Parks and landscaped cemeteries were results in other instances.

In contrast to this situation are the towns where the local leadership either does not understand or does not know how to work cooperatively with rural people. Problems of education, health, recreation, civic improvement, etc., are not solved. As a result, both groups suffer in the lack of community facilities and these towns lose their trade area to more aggressive communities.

MSC agricultural engineers say that a well-rounded spring clean-up should be accompanied by a check-up of your roof to see what winter ice and snow and wind have done to it. Finding and repairing weak places before damp spots appear on ceilings or walls are the real tests of a thorough check-up.

BUYING SHRUBBERY THAT WILL GROW

There are over 4000 handlers of nursery stock in Michigan handling all types of nursery stock, native trees and plants, states C. A. Boyer, Chief of the Bureau of Plant Industry, Michigan Department of Agriculture. During the average, sale season over 9000 calls are made by his staff of inspectors checking over the condition of the nursery stock offered to the public. Much of the stock offered is in a sound healthy condition ready for planting. Some that started from the original nursery in that condition, is displayed under adverse conditions for a number of days, and becomes so seriously weakened by dryness, excessive heat or cold, that when planted, it has no possible chance of growing. Some nursery stock is found diseased and if planted, may live for some time and spread disease to other plants.

Mr. Boyer cautions all buyers of nursery stock to look over the specimens carefully to see that the stock is in a healthy condition and apparently not damaged by storage or other causes.

Each year many thousands of specimens of nursery stock offered for sale are found to be apparently dead or seriously weakened. Stock found in such a condition is destroyed. Inspectors also check carefully all incoming nursery stock being offered for sale, especially that which has been imported into the United States, for insect pests, and diseases, as well as for physical condition.

Purchasers are urged by Mr. Boyer to demand a certificate with nursery stock bought, for assurance that the stock is apparently free from serious disease and insects, and being offered in accordance with all laws and regulations.

ALL SEED SUBJECT TO INSPECTION

All lawn seed sold in Michigan is subject to rigid inspection by the Michigan Department of Agriculture, states Charles Stahl, State Seed Analyst. Lawn Seeds are always sold by grades. "A" grade is the top grade, and "B" the next grade. A grade "D" is offered for sale by some seed handlers under the trade name Grass Seed. This is usually the lowest grade offered for sale but is not generally recommended as it frequently contains many temporary grasses and may prove to be a disappointment to the purchaser. Mr. Stahl reports that all three grades may be in very attractive packages and by name be well advertised, but the exact grade on the package may be in very small print and occasionally the purchaser is not too familiar with what the grade indicates.

TONGUE TWISTER GUIDE NOW AVAILABLE

A handy guide to 150 most often mispronounced Michigan place names appears in the current issue of the conservation department's monthly magazine, for benefit of tourists, radio announcers and even residents who stumble over Indian titles of vacation towns.

Many seem to think, for instance, that the second "g" in Gogebic is a soft "g" as in germ rather than a hard "g" as in gear;

visitors speak of Ontonogon instead of Ontonogon. Radio announcers reading election returns particularly offend local communities with distortions of the locally accepted sound of town and county names.

No known guide to such names was available, so the department prepared its own from prevailing local usage, of tongue twisters like Kitchitkipl and names like Seul Choix (SISH wah) that defy any standard pronunciation rules.

The first 150 difficult names are only a start on what the department hopes will grow into a comprehensive guide to the proper pronunciation of Michigan names. Corrections to the original list are being solicited from the communities concerned. And every other community in Michigan whose towns, rivers and lakes have been wronged by the twist of out-of-state tongues is invited to add to the list the accepted local way of speaking their important place names.

From where I sit... by Joe Marsh

"What's Your Opinion, Mister?"

Fellow from one of those public opinion polls was in Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

So long as people can discuss both sides of a question that comes up—whether it concerns short skirts versus long, beer compared

with cider, or the larger issues of party versus party—we're sure of the individual liberty that has made this country great.

For it isn't differences of opinion that matter. The important thing is tolerance for differences of opinion—whether they affect the right of an individual to vote, to speak his mind, or enjoy a glass of beer. They're all parts of the freedom that we cherish!

Joe Marsh

Copyright, 1948, United States Brewers Foundation

ZOWIE!

WHEN THE HOT WATER SUDDENLY RUNS ICE-COLD IT'S TIME TO SWITCH TO AN ELECTRIC WATER HEATER

Thousands of Edison customers prefer electricity for heating their water. Electricity, they rave, is so much more dependable... all the hot water you want whenever you want it! An electric water heater, you'll find, is spotlessly clean—quiet as falling snow. It's completely automatic—and it's absolutely safe... no flame... no fumes... no soot.

See electric water heaters today at your nearest Edison office, your plumber's or at your favorite appliance dealer's.

LAST RITES READ FOR MISS ELROSE RANDALL

Word was received here Thurs-

day of last week of the death of Miss Elrose Randall, a resident of the Stevens hotel in Chicago, who passed away Wednesday morning, April 28, at the age of 65. She was the daughter of Mrs.

C. C. Randall, whose summer home for fifty years stood at the corner of Dixie Highway and Sashabaw Rd. She was a niece of Mortimer Leggett of "The Willows" on Walton Blvd. and a cousin of William H. Leggett of Pontiac. Miss Randall, well known as a psychologist, temporarily gave up her career to make a home for her brother, Ferris Randall, and three children when his wife died, bringing them to Drayton Plains from El Reno, Oklahoma, in 1919, before moving to Chicago. She subsequently resumed her psychological work from her own home.

The Randall home was torn down in 1940 without Miss Randall's knowledge after several years controversy over the handling of her mother's estate, she having died in 1934. The land now remaining has recently been sold.

She achieved marked success in the treatment of cases of adolescent, unbalanced and emotional nervous disturbance and was best known for her work as a counselor to young people of the Hyde Park area. Her former home at 4928 Ellis Avenue, Chicago, was a center for open house entertainment and guidance. She was formerly associated with the late Dr. William C. Stearns, who considered her a genius in the handling of problem children, also Clarence Darrow, noted criminal attorney of Chicago. Miss Randall studied psychology and criminology at the University of California under Dr. August Vollmer and was a strong advocate of dealing with psychological troubles through small home units where possible, rather than large institutions. She was born in Detroit, where her family was widely known and was the daughter of Corodon C. Randall and Anna Leggett Randall of that city. She lived for considerable periods in Santa Barbara, Monterey, Mexico, Boston and London.

Surviving cousins are William Leggett of Pontiac, Dr. A. W. Ives and Dr. Margaret Ives of Washington, D. C., May Leggett Abel, concert violinist of Detroit, also a brother, C. C. Randall of Duluth. She was a D. A. R. and received letters of praise from prominent people throughout the country. Burial took place Friday afternoon in Chicago.

Mrs. Daniel Perry of 4874 Rosewood St. Drayton Plains assisted by Mrs. Michael Martin of Pontiac and Mrs. Earl Barber of Davisburg were hostesses at a bridal shower on Thursday evening in honor of Thelma Henderson of 4374 Louella street who will become the bride of Marcus McCoy of 50 Sheridan street, Pontiac May 8. Twenty guests enjoyed the evening playing "Card Bingo" after which the bride to be was presented with many lovely gifts. A Chop Suey luncheon was served buffet style.

Mr. Carl Shell underwent a minor operation in St. Joseph Mercy Hospital last week. She is recovering at her home. Mr. and Mrs. Russell Morse and family have moved from the Gesch home on Dixie Highway to their new home on Meggs Road.

Mr. and Mrs. Harold Detweiler received word Saturday of the serious illness of Mrs. Detweiler's mother, Mrs. Charles Eaton of Midland. Mr. and Mrs. Detweiler left Sunday for Midland.

Mrs. C. L. Tucker of 3435 Sherwood St. entered Pontiac General Hospital on Monday for observation.

Mr. and Mrs. Elyan Pearsall of Raeburn St., Pontiac are the parents of a son, Barry Lynn, born Wednesday, April 28 at Pontiac General hospital. Mrs. Pearsall was the former Irene Gibson of Drayton Plains.

Eileen Green, small daughter of Mr. and Mrs. Vern Green of Richalva Ct., underwent a major operation in Pontiac General hospital Thursday morning.

Mrs. Richard Morath of 3713 Lincoln Rd., Pontiac, was hostess to the Drayton Birthday Club on Wednesday at her home. The 12 members were entertained at a lovely luncheon at noon and Mrs. Milton McAnally's birthday was celebrated. The afternoon was enjoyed making sunshine bags and filling them for "shut-ins". Two bags were delivered this month, one to Florence Gravilla who was injured in an automobile accident several months ago, and one to Eileen Green, who underwent a major operation on Thursday morning.

Mrs. Theodore Cleveland of VanCampen St. was hostess at a surprise birthday party in honor of her husband on Thursday evening. Twenty-seven guests enjoyed the evening playing games after which many lovely gifts were presented to the honoree. Refreshments were served buffet style from a table centered with a decorated birthday cake.

Plans have been completed for the annual Mother and Daughter banquet to be held Friday evening, May 7, in the United Presbyterian Church parlors at 6:30. The dinner will be served by the Waterford Lutheran Church women. Chairmen are: program, Mrs. Walter Aderholt; tickets, Mrs. Peder Neilsen and decorations, Mrs. A. A. Solomon. Guest speaker will be the Rev. Cecilia Learn lady, pastor of the Methodist church of Davisburg.

Thirteen members of the Drayton Plains group of the P.T.A. Mother Singers attended and took part in the State P.T.A. convention held last week at Bay City. The group is planning their monthly business and social meeting for next Monday evening to be held at Mrs. Eugene Becker's home at 6:30. A pot-luck supper will be served and officers for the year will be elected.

The Community United Presbyterian Church of Drayton Plains is celebrating the twentieth anniversary of the building of the church, Sunday, May 9. Special services are being planned for morning at 11 a. m. and evening at 7:30 p. m. with Dr. Albert E. Kelly, Executive Secretary of the Board of Administration of the United Presbyterian Church of North America, as the guest speaker. At the morning service ordination and installation of the ruling elders will take place with Dr. Kelly officiating. Recent elected elders to be ordained are James Vandersall, John Watkins, John Hazlett and Peder Neilsen. "Open House" will be held at the evening service, to which all neighboring churches have been extended an invitation. All character members are asked to attend

Kroger Neighbors
Kroger's 27,000 stockholders live in every state in the Union and in most of the 1500 communities that Kroger serves. No one owns more than 1.1% of the company and the average stockholder has only 69 shares. Kroger stockholders are "just folks" — they may be fellow-townsmen, friends or neighbors of yours.

URGES CARE IN BURNING BRUSH
While cleanup operations on the farm are commendable, L. A. Carter of the Michigan State college forestry department warns that burning fence rows is hazardous unless adequate precautions are taken.

Grass and brush areas afford food and cover for many of our smaller game birds and animals. Careless use of fire destroys their cover completely and they are forced to find food and shelter elsewhere.

Before burning is done, a fire-break should be freshly made or plowed around the area to be burned. It should be at least ten feet wide.

Burning should be done after 4 p. m. on calm days only. Rakes, shovels, and water should be handy in case they are needed.

Are U. S. farmers in wealth? Not according to recent reports from the Department of Agriculture and the Department of Commerce.

Of the 200 billion dollar national income, farmers receive about 18 billion; and the average farm income in 1947, was \$900, compared to \$1,400 for non-farm people.

SEA FIGHTERS CHANGE ARMOR -- NOT HEARTS

From the inception of the Navy Department's century and a half ago American warships have vastly changed from wooden frigates and privateers to steel-hulled battleships, cruisers, and carriers, but the will to fight in defense of America has undergone no transition. The British ship GUERRIERE in 1815, seen in retirement in Boston, content to repose the security of her country today in such a role as the USS Alaska (lower), American version of the German pocket battleship. Construction of the Alaska 10 days after the Pearl Harbor attack, yet she had ample time to participate in many strikes against the Japanese in World War II. (Office Navy Phototrunk)

FIREBREAKS URGED FOR TREE PLANTINGS

Christmas tree and other forest tree plantations need firebreaks now, advises L. A. Carter of the Michigan State college forestry department. Spring brings the greatest hazard to these plantings

because last year's accumulation of dead grass and brush has not been removed.

Firebreaks should be made by plowing or discing a strip at least eight to ten feet wide all around the plantation. A firebreak is effective only when all flammable material is removed or plowed under. Plantations larger than an acre should be cut into blocks by secondary firebreaks.

1948 Chevrolet is Massive

The over-all simplicity and massiveness of the new, 1948 Chevrolet is well shown in this three-quarter view of the Fleetmaster Sport Sedan. Fenders, hood, body and door panels all blend; and the crease moulding, below the windows, is wider than that used in previous models. Note the new T-shaped chrome center bar on the radiator grille.

A minimum width firebreak of eight to ten feet can be counted on to stop only relatively small fires but they will serve as a line from which to fight a fire endangering the plantation.

GRASS AND SILAGE ADVISED FOR COWS

Dairy farmers can achieve more even production of milk by timely planning, reports A. C. Baltzer, extension dairyman at Michigan State college. Practices he advises include seeding special crops and using more grass silage.

The number of days the cows have to remain under barn conditions can be reduced by two weeks by using special seedings of rye, bromegrass, sudan grass, and extra fodder corn. Grass silage made from bromegrass-alfalfa, from cereal grain and other grasses is also good source of feed. Late summer pasture if thin, plus 15 pounds of grass silage fed daily, will help to maintain a high vitamin value in milk, and keep production more even through the year.

LEVEL FIELDS NEEDED FOR BEET MACHINES

Sugar beet planting brings up the question of cutting labor needs for beet growing. Clarence M. Hansen, Michigan State college agricultural engineer, advises that mechanical blocking and harvesting equipment requires careful field preparation for best results.

Mechanical blocking works best in fields relatively free of weeds. Mechanical harvesters function best on level fields. Tilling down head lands and back furrows and finishing up with a terracer or road grader will smooth out rough spots. Both small and large stones should be removed from the field. Any large submerged stones should be located and removed since the machine's lifter shovel will penetrate below plow depth.

Remember

YOUR HOME NEWSPAPER

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.

THE CLARKSTON NEWS

Phone 4321 Clarkston, Mich.

Appreciation

On behalf of the St. Joseph Marcy Hospital Auxiliary and the clinic, Mrs. E. L. Bradley county Tag Day chairman wishes to thank all committee workers, organizations, and single contributors who so willingly co-operated in making the county Tag Day a success.

Card of Thanks

The Clarkston P. T. A. wishes to thank all those who donated to make their dance on April 23rd a success.

Remember the waste paper drive on Wednesday, May 19th.
