Waterford

Forty eighth grade pupils from the village school enjoyed a day at Greenfield village last Saturday and were accompanied by their teacher, Estella Burnett, Sara Lou Lehman and Louis Jones. The morning was spent in the museum and the afternoon on the grounds and in many historical buildings. One old building was of particular interest to this group, inasmuch as it had stood in Waterford for many years. The building was last occupied by the August Jacober family and was used as a grocery store until the new brick building, which now stands on the same corner, Dixie and Andersonville Roads, was built in 1927. The old building was purchased by a representative

of Henry Ford and was torn down carefully and rebuilt at Greenfield Village.

Twenty ladies attended the monthly meeting of the Ladies' Auxiliary of the Community Church at the home of Mrs. Roy Pammenter on Thursday. Mrs. Arthur Davis assisted Mrs. Pammenter with the pot-luck picnic dinner at 1:00.

Mrs. Henry Mehler, president, who was re-elected to that position at the annual church meeting in May, conducted the business meeting at which time the group voted to start a telephone system for reminding members of meetings each month. Mrs. Henri Buck and Mrs. William Granger will be the first committee to care for that job until the July meeting.

The Auxiliary is raising money in a drive which started in May and will continue until the October meeting when there will be an "experience party" at which time each lady will reveal how she made the money she will be turning in. The group was divided into two groups with Mrs. Louis Dorman Sr. and Mrs. Lawrence Giddings as captains.

Mr. and Mrs. Arthur Davis were named as the welcome committee for the Sunday morning church services for the month.

The election of officers, with the exception of the president was held at this meeting with Mrs. Davis being re-elected as first vice president; Mrs. Wright VanFlew was re-elected second vice president who is in charge of devotions at meetings; Mrs. Cameron Coventry was re-elected third vice president who is in charge of the social part; Mrs. Albert Kray secretary; Mrs. Wallace Brown assistant secretary; and Mrs. James Saylor was re-elected treasurer.

Committees named will include committee; Mrs. Isaac Shook, committee for cards for the sick; and Mrs. Charles Maxwell the missionary chairman.

Beginning at the July first meeting each member will answer roll call by repeating a verse of scripture.

The next meeting will include a picnic at the home of Mrs. Henry Prentice.

Brownie Troop number six hiked to Sportsmens Park last Thursday afternoon for a weiner roast in celebration of their second anniversary in scouting. Sally Williams and Carol Hillman joined the troop at this time.

The girls who have been in scouting for two years are Susan

Cleland, Carol France, Shirley Lamberton, Judy Materna, Loann McHalpine, Marilyn Gidley, Janet Lemon, and Janet Thaeas. Bonnie Williams has been in scouting for one year.

The leaders and committee members for the coming year, include Mrs. Robert Materna as leader with Mrs. Harold Palmitier and Mrs. James Lemon as assistant leaders; and Mrs. Richard Lamberton, Mrs. Leslie Fitzgerald, Mrs. Kenneth Williams, and Mrs. B. J. Gustinis as committee members.

Cub Scouts from den 6 defeated the Cubs from den nine with a score of 18 to 1 Thursday evening at the Williams Lake School diamond.

The Rev. and Mrs. Philip Jordan and son Stephen and Mr. and Mrs. Joseph Helman and their three sons attended the dedication service of the first unit of the Northwest Trinity Lutheran Church on the James Couzens Highway near Vassar Drive Sunday afternoon. The Rev. Jordan took part in the service. This unit makes a very pretty chapel and the service was very impressive.

Corrine Stites is at Mackinac Island where she plans to work this summer. She went up the middle of last week.

Mrs. Francis Whipple returned home from the Pontiac General hospital last Saturday evening and is still confined to her bed.

Mr. and Mrs. Leon Wilcox are now operating a restaurant at Onaway.

The Ladies Guild of Christ Lutheran Church is sponsoring an ice cream social on the Church site next Friday evening, June 16, from 7:00 until 9:00. This is for the benefit of the Church building fund.

Don't forget to vote on the school election next Monday. The polls will be open from 10:00 A. M. until 8:00 P. M. The annual meeting of the school district will be held at the Township High School at 8:30 P. M. This meeting is open to all who wish to attend.

Mrs. Al Kray returned home last Friday evening from Iowa where she had been helping her sister Marie Westcott move.

Raymond Attwater is now recovered from the measles.

Notice

Mrs. J. H. Helman is temporarily taking the news for the paper and would appreciate calls from persons having items which they would like to see appear in the paper.

Grand Rapids Quartet to appear at Waterford Community Church

The Crusaders Quartet, a blend of male voices, from the Grand Rapids School of the Bible and Music, will present a varied musical program at the Waterford Community Church, Andersonville Rd. near U. S. 10, on Saturday evening, June 12, and all day Sunday, June 13.

These young men are enrolled in the Grand Rapids School of the Bible and Music, which offers preparatory courses for the Christian ministry. The program at each service will include several of the old favorite Gospel hymns and songs in new arrangements, as well as some of the popular Negro Spirituals.

In addition to the quartet, accompanied by Wendell Babcock, an excellent pianist, Rev. G. L. Hesselgrave, Field Director of the school will bring brief Gospel messages.

The Saturday evening program will be sponsored by the King's Disciples young peoples group of the church, and will begin with a co-operative dinner in honor of the quartet at 6 o'clock. The main service of the evening will be held at 7:30, and will be one of joyous singing with a youth slant. However, all, young and old are invited to this meeting.

The Sunday appearances of the group will be at the Sunday School hour at 10 in the morning. Worship service at 11:15. In the evening, they will meet with the young peoples groups at 8:15, and will conduct the evening service at 7:30 P. M.

The quartet will also appear at the morning service of Sunnysvale Chapel held at 9 o'clock at the Waterford Center school, to which all are welcome.

Church News

Morning Worship, 11:00 A. M.
Rev. John Newell, Pastor.

VETERAN SERVICES TO CONTINUE AFTER OVA TERMINATES

The Office of Veterans' Affairs will terminate on June 30. Arrangements have been made with other state agencies to carry on most of the programs now being operated by the OVA.

One of the most important programs, the 20 psychiatric clinics, will be taken over by the Mental Health Commission. Services to the veterans in the field of psychiatric help will be uninterrupted. Under the new arrangement, eventually this new plan will provide better services because the Mental Health Commission has more facilities, more trained personnel and more latitude.

C. A. Wagg, Secretary of the Mental Health Commission, has stated that plans are under way to establish permanent adult psychiatric clinics in six key Michigan cities. After this is accomplished, the veterans' clinics in these particular cities will be merged.

Western Michigan College of Education will assume responsibility for the Michigan Veterans' Vocational School and the Board of Regents of the University of Michigan, through the University Hospital, for the Veterans' Readjustment Center.

The Michigan Veterans Trust Fund Board of Trustees will continue the Student Loan Fund program, liaison with the local counseling centers and will maintain positions in the policy making at the Readjustment Center and the Vocational School. General service to veterans as formerly provided will be continued by the Trust Fund Board of Trustees under the direction of Lawrence J. Lalone, Executive Secretary. The Trust Fund offices are located in the same building as the Office of Veterans Affairs, 411 W. Michigan Ave., Lansing, Mich.

The state is spending currently over four millions of dollars for benefits to veterans. Compared to the national average, Michigan ranks very high in this recognition of the men and women who served in the armed forces.

The typical Navy recruit is 17 years old, unmarried, has no dependents, comes from a rural area, left school at the age of 16 and joined the Navy to travel or to learn a trade, according to a recent survey conducted by the Bureau of Naval Personnel among 2,400 new enlistees.

COON DOG FIELD TRIALS AT SPORTSMEN'S PARK ON JUNE 12 AND 13

At least 250 dogs from eight states, as far away as Jewett City Conn., will run in the fourth annual championship field trials at David R. Wilson Sportsmen's Park, Waterford, Saturday and Sunday, June 12 and 13.

The Oakland County Sportsmen's Club, sponsors of the event, announces that 183 dogs were entered before the nominations closed last weekend, and more than 50 dogs are due to be post-enters.

The states to be represented besides Connecticut, include West Virginia, Pennsylvania, New York, Indiana, Kentucky, Ohio and Michigan. The dog, Baker Boy, belonging to Robert Little, of Knox, Ind., who won the first line and first three champion-

ships of Oakland County at last year's OCSC field trials, will be back to defend his title. OCSC this year is staging a final race with \$1,000 added money, plus handsome trophies to go to the first and second line and free winners. Baker Boy won \$700 last year and has won more than \$10,000 for his owner in the last two seasons.

This promises to be the largest coondog field trials in America this year, according to Norman Carle, of Pontiac, and Jack Hamilton of Ortonville, co-chairmen of the OCSC coondog field trials committee.

The sportsmen are arranging food and refreshment tents at their park, this week, and have reserved a shady portion of the park for tables, outdoor fireplaces and other facilities for the visiting dog owners and their families.

The vanguard of the entries will be in Friday and the meet will continue through until dark Sunday. All concessions at Sportsmen's Park, which is on Waterford Road just east of Waterford Village, will be handled by club members. The public is invited and there will be no admission charge. The races, of which there are more than 20 heats, will begin at 9 a.m. (last time) Saturday and Sunday, with the semi-finals and grand final Sunday afternoon. Michigan entrants include Walter I. Vancil of Clarkston and Carl Kennaday and Lyle Young of Pontiac and many others.

ADVERTISING MANAGER IS RETIRED

Colen W. Hungerford, who was advertising manager for the Michigan Bell Telephone Company for more than two decades, has retired after 29 years with the company.

An old-time newspaperman who has remained close to Michigan newspaper people through the years, Hungerford worked on newspapers in Sault Ste. Marie and Houghton and with the Associated Press in Detroit before going with the Michigan Bell here in 1919. At retirement, he was assistant to vice-president for the

company. Hungerford's first newspaper job was office boy at 10 for Chase S. Osborn's Sault Ste. Marie News, then a weekly newspaper. When he left the daily News as a reporter in 1903, his editor was the late Col. Frank Knox, wartime secretary of the Navy and, until his death, publisher of the Chicago Daily News.

From 1905 to 1918, Hungerford was successively reporter and city editor of the Houghton Daily Mining Gazette. He also was a special correspondent for Detroit and other metropolitan dailies during a period when Michigan's Copper Country was on the front page every other day.

Hungerford became the assistant manager of the Michigan Associated Press in August, 1918 where he planned and helped establish the telephone method of compiling statewide election returns.

At Michigan Bell, Hungerford founded the company's employee magazine and fathered its tourist advertising campaign which proclaimed the attraction of Michigan vacations for Michigan residents. Active in the National Guard from 1909 to 1917, he was publicity director for many Army and Navy Day programs and other patriotic activities.

Hungerford is a member of the Michigan Press Association, the Adercraft Club of Detroit, the Detroit Board of Commerce, and the Telephone Pioneers of America.

Ill for more than a year, Hungerford has been living at Carmel, Calif., for the last several months. He retires in accordance with the company's pension and benefit plan.

STORMS MAY TROUBLE FROZEN FOOD LOCKERS

Lightning and thunder will often spell trouble in the frozen foods department in the next few months. Electrical storms which result in no electric power for a few hours or days can cause us lots of worry about the food in our frozen food lockers.

Keep the cabinet closed is the first warning of Pauline Paul who is a research worker with frozen foods in the school of home economics at Michigan State college. Don't open the cabinet until the repairs have been made and the unit is operating again.

How long your foods will stay frozen and safe when trouble occurs depends partly on the a-

mount of food in the locker. If the cabinet is loaded, the food will stay frozen from 24 to 48 hours—even when outside temperatures are high. If the cabinet is less than half full, foods may not stay frozen for more than a day.

Unless repairs can be made promptly—within 12 to 24 hours—place dry ice in each compartment just as soon as possible. The amount you'll need will depend on the size of the cabinet, but 50 pounds should hold the temperature in a 20-ft unit with less than half a load for two or three days. In a loaded cabinet, 50 pounds should be effective for three or four days.

If you can't get dry ice try to locate a locker plant with temporary available space and move the food there, using insulated boxes. Food that has thawed or partially thawed, should not be refrozen.

Waterford Township

The Ladies Auxiliary of the Waterford Township American Legion Post 431 met Tuesday evening at the home of Mrs. Robert Wagner on Northfield Street.

Sally Eaton who has been chosen by the Auxiliary as the delegate to the Wolverine Girls State was an honored guest for the evening.

Miss Eaton gave a summary of the activities to take place this week, beginning June 15, which she will spend at Ann Arbor. According to the schedule, that will be a very busy week.

Fifteen pairs of "scuffs" made by the members for veterans at the Percy Jones hospital were turned in at this meeting.

Elaine Dorman was chosen as delegate to the American Legion Department convention which takes place from August 22 until the 25th. at Grand Rapids. Mrs. Jessie Lambertson was chosen as alternate.

Committee report sheets were handed out to the committee chairmen to be filled out and returned to the department.

William Eubank, cashier, in the Pontiac State Bank, gave a very interesting talk on "Freaks in Banking" at Tuesday's meeting of the Waterford-Drayton Rotary Club in the Community Activities Building.

Henry Mehlberg conducted the business meeting at which time June 16 was chosen as a tentative date for the Club to attend a ball game in Detroit.

The visitors for the day were Neil Wasserberger from the Pontiac Office Supply Company, Judge Holland from the Pontiac Club, and William Sharp of Clarkston.

The Waterford Township Firefighters Association will meet at the township hall at 7:30 Tuesday evening for a meeting. All firemen are urged to attend.

Community Activities

Community party at 8:00 Friday evening.

Modern and old time dancing from 9:00 until 1:00 Saturday evening to good music on a very good floor. The whole family is invited to attend.

Dinner being served for the M. E. A. Monday evening.

Waterford-Drayton Rotary dinner and meeting Tuesday noon.

Drayton Plains Exchange Club dinner and meeting Tuesday at 6:00 P. M.

Boy Scout meeting at 7:30 Tuesday evening. All scouts are invited to come.

Betty Smith's dance classes have a semi-formal party scheduled for Wednesday evening from 8:00 until 11:00. About 600 youth from the township are expected to be in attendance.

Woman's Club has a pot-luck dinner scheduled for 3:30 Thursday evening before the regular monthly business meeting at 8:00. All coming in ordinary dress will be fined ten cents.

Don't forget to vote at the school election on June 14.

Conservation News

Airplanes that have proved so valuable to conservation department game men in surveys of Waterfowl, deeryards, beaver and muskrat lodges and the elk herd are now being tried on more difficult game assignments - observation of fox dens, prairie chicken dancing grounds and waterfowl nesting.

The plane's slowest speed was too fast for satisfactory observing of fox dens when flights were made over Bay county, where special fox control measures have been taken, and over the 5,000 acres in and around Dansville state game area where a special study is being made of exactly what happens to pen-reared pheasants on release.

Conservation officers Ralph Fisk of West Branch observed four prairie chickens performing on a knoll near Prescott, on a flight at dawn.

Latest experiment is a computation of duck nests from a count of solitary drakes, according to a formula that has proved satisfactory in western states.

The steady increase in state fox bounty payments has now totaled for six weeks, with 768 foxes bountied last week, 711 in the week before.

"Health News" is presented by your Doctor of Medicine as a health service of the Michigan State Medical Society.

What Next For Britain?

How do you operate a scheme for state medicine when most of the doctors cannot in good faith participate in it? This is the problem now facing Great Britain's National Health Service Program which offers "free" medical service to the whole population. Last month 40,000 physicians, 89 per cent of the total number in Great Britain, voted against the English government's plan for socialized medicine.

British doctors enumerated their four basic reasons for rejecting the plan as follows:

1. Newcomers into the medical profession, as well as established doctors, if they ever wish to leave their locality, will have no choice as to where they may practice.

2. There is no appeal to the law courts against dismissal from the service.

3. The Minister of Health is given vast powers to determine almost everything in connection with the working of the scheme.

4. Under the act physicians will sooner or later become civil servants. They regard the basic yearly salary for all doctors, to be supplemented by additional fees, according to the number of patients on the doctor's list, as pointing the way to a future full-time salaried service.

A prominent Englishman has called the plan "A mad march toward totalitarianism." It is estimated that 12 volumes of 400 pages each would be necessary to list the rules and regulations necessary to implement the bill.

What is the next move? The Socialistic government is finding it difficult to institute a compulsory system of medical service and still maintain any semblance of the personal freedom and dignity for which Britain has, in the past, been famous. In the meantime, the third and forgotten party in the dispute, the British public, in a state of disgust with their government, sees itself committed to a vast expenditure for a service it will not receive.

PROTECTING THE LIVING

ONE of the modern funeral director's most important duties, in addition to caring for the departed one, is to safeguard the health of the living. This is accomplished by the observance of the laws of scientific sanitation. We are specially trained to handle all cases along the most modern sanitary lines thus insuring the public's protection.

HAYING SEASON BRINGS MANY ACCIDENTS

The coming haying season on Michigan's farms brings the period of the year when accidents to farm people occur most frequently asserts Karl D. Bailey, county agricultural agent.

Emphasis will be placed on haying during the next few weeks through the Grass Day programs sponsored by Michigan State College. Farmers will have an opportunity of seeing demonstrations of the newest methods of handling and using grass and legumes.

At the same time, agent Bailey urges farmers to check their haying equipment. A check up on proper ways of using the equipment will be advisable, too.

To reduce hazards and thus avoid disastrous losses, the agent suggests the following:

1. Carefully check all equipment for defective hinges, ropes, pulleys, lifts, hay racks or ladders. Loft floors should be put in good shape and hay chutes guarded.

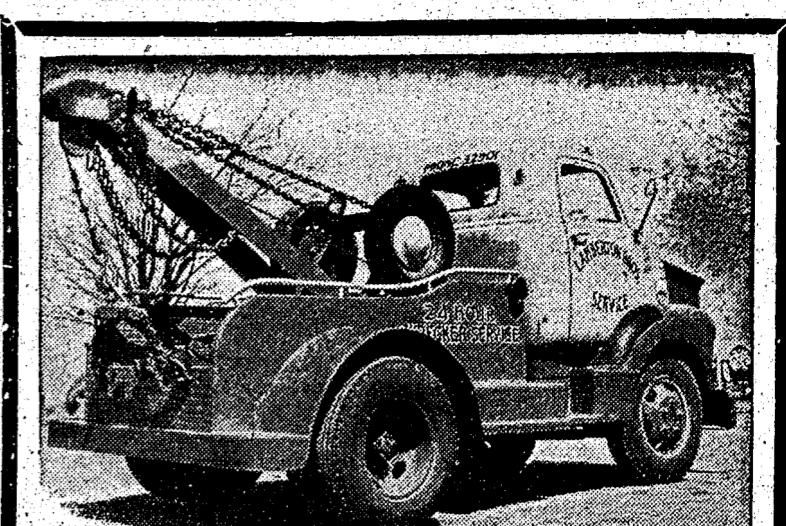

2. Make starts and stops gradually in all haying operations and watch-out for falls from hay racks, hay stacks, and hay mows.

3. Machinery should be stopped and thrown out of gear before oiling, adjusting, or unclogging, and safety guards should be kept in place at all times.

4. Pitchforks are dangerous, always place them where they are in plain sight of all workers. Never throw a pitchfork.

5. Do not wear loose or ragged clothing that may catch in moving machinery.

6. Damp hay is one of the principal causes of barn fires. Be sure hay is well cured and check it regularly for several weeks.

From where I sit... by Joe Marsh

Who is this Man?

Now and then, in the pages of the *Clarion*, I run a biographical quiz, under the heading of "Who Is This Man?" For instance...

"He was one of the earliest lovers in American history..."

"And yet he was too shy to court a woman outright..."

"He came to the New World on the Mayflower..."

"A cooper to repair the beer barrels accompanying the Pilgrims..."

"Who is this man?"

I thought that everybody was

Clarkston Village Property Owners

Sunday, June 13th
You Are Invited

To inspect the Ford Plant on W. Washington Street, from 2 until 5 o'clock p. m. Members of the Village Council will be on the premises to answer questions about the property and the proposed bond issue.

Monday, June 14th

This is the day the property owners of Clarkston will vote on two issues:

1st. To amend the charter so that the Village can borrow sufficient funds to purchase the Ford Property.

2nd. To buy the Ford Property on W. Washington Street.

Both issues must have a two-thirds majority to carry.

The voters decided in March they wanted to own and control the water rights and have this valuable property for the village.

In Your Own Interests VOTE YES On Both Ballots

We have completed our "Nature" notebooks which give a pictured story of what we have read about in our science reader "The Seasons Pass". After reading a booklet "When I Grow Up" we found we had future cowboys, nurses, pilots, firemen, etc., among us.

Waterford

Mr. and Mrs. Lawrence Giddings were honored guests at a

dinner party on Saturday evening at the home of Mrs. Giddings' sister, Mrs. Gertrude Moore at 216 Liberty St., in Pontiac. The occasion was the silver anniversary of Mr and Mrs. Giddings, which fell on Monday, June 7th Mrs. Giddings' parents, Mr. and Mrs. George Richardson of Waterford, and her sisters and brothers made a party of twelve. The honored guests received many lovely gifts. On Sunday another party was held at the Giddings' home on VanSyckle Ave., with Mr. and Mrs. Alex Glish and Mr. and Mrs. Alex LeMire and small daughter, Grace Ann, of Detroit Mr. and Mrs. Carl Enden and daughter, and Joyce Lawson of Clarkston, joining the Giddings family for a picnic dinner. The honored couple, again were presented with several lovely gifts

COFFEE WEDDING CAKE

EASY for an amateur to turn out, yet lovely as a caterer's creation, this coffee-flavored fruit cake combines the virtues of Wedding and Bride's Cake in one. For service at the bride's reception or, traditionally, to give to hopeful guests for tucking under their pillows, this cake will fill the bill.

Deliciously rich in texture, this Coffee Wedding Cake has excellent keeping qualities. It can be made several days in advance of the big event and be fresh as the flowers that decorate it when it's served. The cake may be baked in a 9-inch tube pan, a 10-inch ring mold, or in tier cake pans, 6, 8 and 10 inches in diameter and one inch deep. For the reception, with plenty of hot coffee for all the guests, it is an important part of the wedding picture.

Coffee Fruit Cake 1/2 teaspoon baking soda, 1/2 cup mixed dried candied fruits, 3 cups sifted all-purpose flour, 2 1/2 teaspoons shortening, 2 cups sugar, 1/2 teaspoon salt, 1 cup sliced almonds, 1 cup sliced candied cherries, 1/2 cup milk, 1/2 cup silvered sifted dates, 1 teaspoon vanilla, Decorative Icing. Dissolve, baking, soda in coffee; pour over shortening a little at a

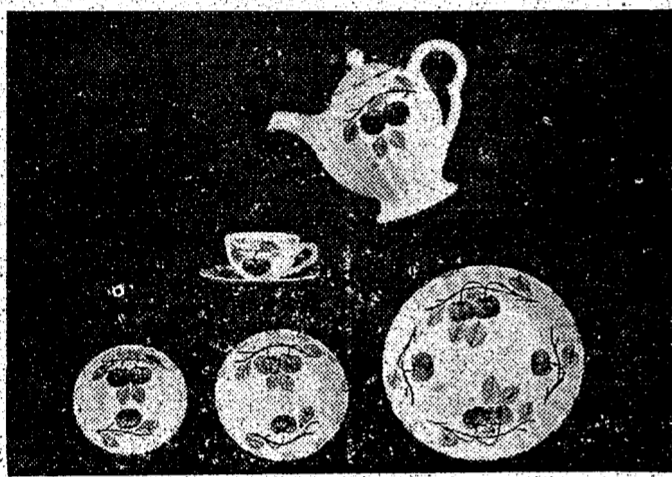

Decorative Icing 4 egg whites, 4 cups confectioners' sugar (about), 1 tablespoon plus 1 teaspoon lemon juice

Place egg whites in large bowl with 1/2 cup confectioners' sugar and lemon juice. Beat well. Add remaining sugar slowly while beating. Continue until a knife drawn through frosting leaves a clean cut. Note: This frosting may be put through a pastry tube and used to decorate as well as frost the wedding cake, if fresh flowers are not used.

Approximately 200 persons attended the Spring Rally of the Good News Clubs held at the Community Church, on Friday evening under the direction of Betty Jencks. The program included songs, recitations, pantomime and a quiz on Bible verses.

Awards were given the children for the work they had each accomplished and for attendance during the year. There were 15 clubs which met weekly in the homes in the various neighborhoods with Mrs. Stephen Petteplace, Betty Jencks, Mrs. Wright VanPlew, Mrs. Alton Banfield, Mrs. Henry Mehlberg, Mrs. Lyman Girst, and Janice Holt as teachers.

Twenty children became Good News Guards for bringing one new member to the club; being able to answer ten questions with correct scripture verses; and for having read the first fifty Psalms and filling out a questionnaire covering them.

Twenty-nine were promoted to Good News Nobles for having brought one new member to the Club; being able to answer with correct scripture verses for 20 questions; having read the last 100 Psalms, seven chapters in Genesis and having filled in two questionnaires covering the reading. They also wrote a letter to a missionary.

Seventeen children became Good News Conquerors for having brought three new members to the Club; being able to answer an entire set of questions with correct scripture verses, 30 questions for younger children and 40 for the older ones, and then pass a review test of verses; having read 43 selected chapters from the Old Testament, in addition to previous reading, and then fill in three questionnaires covering this reading; and for having completed a home-activity project -- making a Bible picture jig-saw puzzle to be given to boys and girls in the hospitals.

Twenty-eight children received magnifying glasses for perfect attendance for one year; eighteen received bullet pencils for two years perfect attendance; four received pins for three years perfect attendance; two received novelty lamps for four years perfect attendance and five received flashlights for perfect attendance for five years.

The classes are now over for the season and will be resumed the second or third week in September.

The church will be sponsoring a summer Vacation Bible School from July 12 until July 23 for boys and girls from 3 years of age through 14 years of age.

Mr. Clyde Lehman, Sara Lou

Lehman, and Mrs. Della Neal spent the Memorial Day weekend in Dugger, Indiana. Mrs. Neal is staying there for a few weeks.

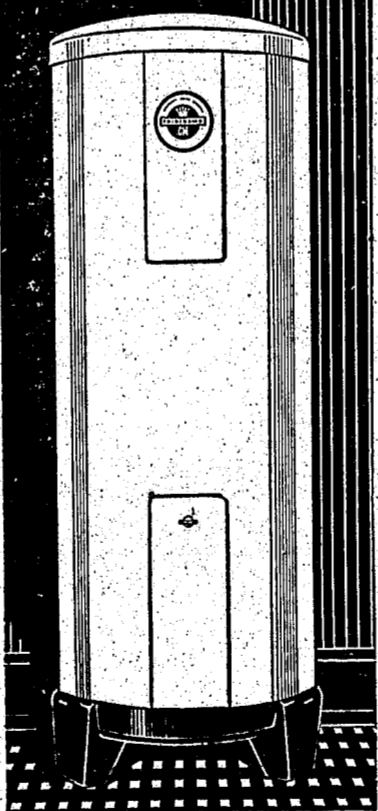

Mrs. David Mepham, Mrs. Ira Powers, Mrs. James Allan, Mrs. Carl Hulett and Bobby Carey are all confined to their homes because of illness.

One hundred and thirty-one attended the Good News picnic held at the Cass-Dodge Park last Saturday. The group left the Community Church at 11:00 a.m. and stayed until four. A picnic dinner was enjoyed at noon. The youngsters also enjoyed the races and games arranged by Don Hetchler.

'49 FORD JUNE 18!

We can hardly wait to show you The Car of the Year!

And we just can't wait to tell you a few of the reasons why you're going to say, "The '49 Ford is the Ford in my Future!" So here's the good news:

Safe A 59% more rigid "Lifeguard" Body! Road-hugging safety, with a low "dream car" silhouette in the revolutionary NEW Ford!

Comfort The Ford's seats rival a fine sofa for comfort—they're so soft, so wide! Plenty of room for 3 BIG people! Front seat 57" . . . rear seat 60" wide! The '49 Ford's a living room on wheels!

and that's just a hint of what the '49 Ford will bring you! You've got to see it to believe it! You'll get the thrill of the year June 18! That's the day we'll show you "The Car of the Year!" Your Ford Dealer invites you to listen to the Fred Allen Show, Sunday Evenings, NBC network. Listen to the Ford Theater, Sunday Afternoons—NBC network. See your newspaper for time and station.

Mid Ship Ride in Ford's smooth-riding, new low center section . . . extra-long, extra-strong "Para-Flex" Rear Springs . . . "Hydra-Coil" Front Springs . . . it rides like a dream on any road!

THE ODDS ARE 49 TO 1 IN YOUR FAVOR

★ Recently, a study was made to determine the present state of health and well-being of 78 diabetics who had been placed on a diet and Insulin twenty years before. Previous to Dr. Banting's discovery of Insulin in 1922, their chance of survival for more than two or three years would have been slight.

It was found that 77 of the 78, or 98 percent, were alive and living active, useful lives. Diabetes cannot be cured, but scientific management under the direction of a physician gives comfort and happiness to otherwise hopeless people. Do not be misled by claims for so-called diabetic cures. There is but one safe treatment, and it is thoroughly understood by your physician.

We maintain complete stocks of diabetic supplies, subject to your doctor's specifications.

Red Cross News
The Oakland County Chapter, American Red Cross will participate in the National Convention of the American National Red Cross at San Francisco, June 21 to 24, according to Marshall Smith, chairman of the chapter. Those representing the local chapter will be Mrs. Fred Brock, Bloomfield Hills, volunteer service chairman; Larry Young, Birmingham, Junior Red Cross; Ruth Kimball, executive secretary; Mrs. Mildred Bennett, who will succeed Miss Kimball, September 1. Mrs. Brock has been requested by American National Red Cross to serve as summarizer at the volunteer service discussions. Mr. Smith states that an estimated 4000 delegates will attend the convention to formulate plans for coordinating and strengthening Red Cross work during the coming year.

TAKE CARE OF YOUR SOCIAL SECURITY CARD
June is a busy month, at least insofar as the Social Security Administration is concerned. Rex Atwood, manager of the Pontiac office which serves Oakland and Macomb counties, pointed out that this is the month in which new businesses are established, new employees enter the labor market and girls get married.

Asked to elaborate, he stated that the new businesses consisted of the usual number of permanent firms being established plus a host of seasonal enterprises. Atwood reminded that any employer of one or more, in commerce, trade or industry, must make quarterly reports of the wages he pays to his employees. This is true even though the business is seasonal and the employees work only part of the time.

The new employees entering the labor market are largely high school students. Some, however, are men and women customarily engaged in employment not covered by social security. Atwood strongly advised that these people secure their account number cards before they go to work since most employers refuse to place people on the job before they can produce a social security card. If one has an account number but the card has been mislaid or lost, he should secure a duplicate at once. Application forms are available at the local post office.

The brides present a different problem. Most of the girls already have social security cards. It is very important that our records be changed to show her new name. Immediately after her marriage she should report the change to the local social security office. Changes of name, as well as original or duplicate account num-

bers, can be handled by mail as easily as by a personal call.

BULLETIN TELLS OF MSC FARM RESEARCH

The story of modern agricultural research is told in a recent publication, "Science Serves the Michigan Farmer", issued by the Michigan Agricultural Experiment Station, located at Michigan State college.

The 80-page bulletin describes the work of various departments at MSC in their constant search for better farming methods. A resume of home economics research is also included.

Written in a non-technical manner, the bulletin is intended to give the reader a better understanding of the work of the Michigan Agricultural Experiment Station and how research is carried on. A number of pictures show some of the findings of the scientists.

The publication, special bulletin 348, may be secured from county agricultural agents or by writing to the Bulletin Office, Michigan State college, East Lansing, Michigan.

DAIRYING IS FIRST IN STATE FARM INCOME

Michigan's dairy industry, first among the farmer's money-makers, brought state dairymen a total of approximately 228 million dollars in 1947, according to

MICHIGAN Motoring
Knowledge Helps Safety

Did you know that pedestrians accounted for 34% of the traffic deaths for 1947? That's an amazing percentage, isn't it? It's proof, too, that every member of the family should practice safety 24 hours a day! Not only the drivers or even the adults of your family should learn traffic rules but every child, as well.

"Stop, Look, Listen Before you Cross the Street Use your Eyes, Use your Ears And Then Use your Feet!"

That's an old familiar rule, isn't it? But it's one that oldsters, as well as youngsters, should remember and practice faithfully. It's a good idea, too, to make a practice of watching cars and the reactions of the drivers. There's always some little hint that will tell you what a car is about to do. Perhaps, it's just exhaust coming from a car parked at the side of the street. That's your signal that the auto may pull out from the curb at any second—so watch out! Then there's the auto that pulls to the center of an intersection . . . its wheels turn ever so slightly right — it's your cue that the driver is about to turn right. Point out these special signals to your children. Make them familiar with traffic rules and the habits of drivers. Help to keep them—and yourselves safe — whether driving or walking!

farm production figures from the U. S. Department of Agriculture. Milk sold at wholesale accounted for the largest share of the total income. According to A. C. Baltzer, extension dairyman at Michigan State college, 70 per cent of Michigan's milk production was sold to plants and dealers and brought farmers 169 million dollars.

The total sales of milk, cream and butter brought 208 million dollars. Value of milk and cream used by farmers was about 20 million dollars.

Michigan's production ranked sixth in the nation with almost six billion pounds of milk. Wisconsin led with more than 15 billion pounds of milk.

Michigan cows out-yielded the average cow in the United States. The average U. S. cow produced 5,000 pounds of milk and 199 pounds of butterfat. Michigan's average cow produced 5,760 pounds of milk and 228 pounds of butterfat.

June is being observed nationally as Dairy Month. Many Michigan farmers are joining with farmers all over the United States in contributing one cent a pound for all butterfat marketed during the month. Funds obtained from these voluntary contributions will be used by state units of the American Dairy association for advertising, promotion, merchandising, and research. It is estimated that 90 to 95 per cent of the members of dairy marketing organizations are cooperating in this effort to assure future dairy markets.

EXTENSION IDEAS AID GREEK FARMERS

Ideas which developed the program of agricultural extension in the United States over the past third of a century are being used to reorganize and develop Greek agriculture.

M. L. Wilson, director of extension work for the U. S. Department of Agriculture, is now in Greece as technical consultant

and advisor to the American Mission for aid to Greece and the Greek government.

The extension service program is a cooperative service in which counties, states and the federal government pool resources and technical manpower. In Michigan, county agricultural agents, home demonstration agents and 4-H Club agents operate at the county level through coordination with Michigan State college and the U. S. Department of Agriculture.

NEWS AND COMMENT FROM CAPITOL HILL

Congressman George A. Dondero introduced legislation in the House of Representatives asking that the first Tuesday of March of each year be designated as Teacher's Day. A Judiciary Subcommittee of the House granted a hearing, at which time Congressman Dondero appeared in behalf of the measure (H. J. Res. 383).

Dondero says: "No group in America has a greater responsibility than our school teachers in directing the youth of our land into the right channels. There is not one of us who has matured to adult life who does not remember at least one school teacher who did much in assisting and

influencing us at the beginning of life's pathway. My own case is no exception."

The Detroit Teacher's Association is sponsoring the measure, as well as Parent-Teacher Associations throughout Michigan.

Spring-Fresh Foods Every Day WHEN IT ISN'T EVEN SPRING

Enjoy foods with harvest-time flavor . . . at harvest-time prices the year 'round with a **Family-Size HOME FREEZER**

You can plan to serve garden-fresh early spring peas, beans and spinach at your Christmas dinner when you seal in their lush June goodness with a home freezer. And providing your family with a wholesome variety of out-of-season foods all through the year is just one of the advantages of preservation by freezing.

You cut down food expenses by buying a large supply when prices are lowest . . . eliminate canning and preserving drudgery . . . save time formerly spent in shopping . . . insure your family a diet of rich-in-vitamins food in every season.

You can find the home freezer best suited to your needs and your budget at your local home appliance dealer's. For full information on proper processing and packaging, see your Home Service Advisor at any Edison office.

LIVE ELECTRICALLY AND ENJOY THE DIFFERENCE!

PLAN NOW TO STORE FOODS AT THEIR ECONOMICAL, FLAVORFUL BEST

You'll have spring vegetables for months to come if you freeze them now. And in just a few weeks the full summer crop will be ripe for picking and freezing.

PROTECT YOUR PONTIAC WITH PONTIAC SERVICE

Care that matches the car!

Most Pontiac owners will use nothing but authorized Pontiac Service—because Pontiac Service is so precisely matched to the fine car they are driving.

Our men who work on your car are skilled mechanics trained by factory experts. To them every part is a familiar part. The equipment they use is all selected especially to service Pontiacs. This assures low cost and accurate work.

And if new parts are required, a large supply of factory-engineered parts is available. Each part fits exactly—just as if it were being used back at the factory.

It's our policy to do only the work you need and order—to do it right and as fast as possible. That saves you time and money and assures you complete satisfaction. Let us serve you regularly.

The Ladies' Guild of the Christ Lutheran Church of Waterford held their regular meeting at the home of Mrs. Vernon Waltz of Lovella St. on Wednesday. The members enjoyed a pot-luck picnic dinner at noon and in the afternoon the group surprised Mrs. Philip Jordan with a ping and blue shower. She received many lovely gifts which had been placed in a baby carriage beautifully decorated with pink and blue crepe paper and ribbons.

intersection of Williams Lake Rd and Airport Rd.

The Lake Oakland Pincod Club met recently at the home of Mrs. Earl Stapleton with a lovely lunch served at noon by the hostess.

The last meeting until next fall will be held on July 6 at the home of Mrs. Leonard Wood and the birthday of Mrs. Carl Covey will be celebrated.

assisted by Mr. and Mrs. Herbert McCoy will be hostesses to the Fellowship Sunday School Class on Friday evening, (tonight) beginning at 7:00 with a pot-luck picnic supper, and a business meeting and entertainment following.

Wm. Hendrickson who is teaching at Montana State College at Bozeman, Montana is spending three weeks here visiting his aunt and uncle, Mr. and Mrs. Robert Garrison.

Dr. and Mrs. L. G. Rowley accompanied by the Doctor's brother Arthur Rowley of Council Bluffs, Iowa, who has been visiting at the Rowley home spent last week end in Delaware, Ohio where their daughter, Myra Katherine is attending college. Myra Katherine returned home with them until Thursday evening and then she returned to Delaware to sing at a friend's wedding Friday evening. Then she will attend the S. C. A. Regional conference at Lake Geneva, Wisconsin, June 11-12-13.

Members of the Youth Temperance Council are making plans to attend the camp Tyrone from June 19-26 at the Flint Y.W.C.A. Camp at Lake Hoisington, Penton.

The Women's Christian Temperance Union will hold their regular monthly meeting at the country home of Mrs. Wesley

STATE OF MICHIGAN Executive Office Lansing

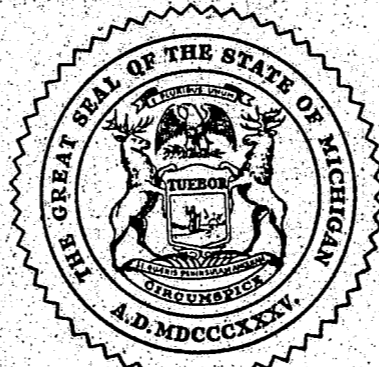

PROCLAMATION Dairy Month

Michigan, with its million dairy cows producing over two and a half billion quarts of milk a year, ranks sixth in the nation as a dairy state. In the past few years, Michigan's dairy industry has grown from a seventy-two million dollar business into one of over two hundred million dollars, and represents more than one-third of the average Michigan farmer's cash income.

At a time when food and the shaping of food are of world-wide interest, the importance of milk and milk products is recognized as never before. Milk is considered nature's most nearly perfect food and is of vital and increasing importance to universal well-being.

The dairy industry has made great contributions to the general welfare of our citizens, through the hundreds of thousands of dollars spent annually for the improvement of our dairy herds, for the installation of better machinery and equipment, and for research in the field of human nutrition.

Therefore, I, Kim Sigler, Governor of the State of Michigan, do hereby proclaim the month of June, 1948 as Dairy Month in Michigan, and urge that during this period our citizens become increasingly aware of the importance of the dairy industry to the economy of this state, and to the health and vitality of its citizens.

Given under my hand and the Great Seal of the State of Michigan, this Thirteenth Day of May, in the Year of Our Lord, One Thousand Nine Hundred Forty-eight, and of the Commonwealth the One Hundred Twelfth

Stevens on next Tuesday afternoon at 2:00 p. m.

The Pearl Sutton Missionary Society will meet at the home of Mrs. Charles Griffith on Tuesday evening, June 15. Anna Brown will be the leader. Final donations of money for Inez Sutton, teacher and missionary in Cairo, Egypt will be turned in.

Mr. and Mrs. Leonard Wood and son, Stanley, spent last week end in Canada visiting relatives. The Blue Star Mothers, Chapter 10 are planning a bake sale to be held Saturday, June 19 beginning at 10 o'clock a. m. at the Drayton Soda Grill. Any donations will be appreciated.

Dr. and Mrs. L. G. Rowley and Mrs. Katherine Cable were hosts to fifty members and guests of the P. E. O. - E. I. L. on Monday evening when they held their annual picnic at the Rowley home on Williams Lake Rd. After a pot luck supper was served a white elephant auction was held. Out of town guests were from Flint and Detroit.

Mr. and Mrs. Alexander Nicol of Saltcoats, Scotland flew here by plane last week for the joyful reunion of Mrs. Nicol and her sister, Mrs. Anna Brown and family of Meinrad Drive. They hadn't seen each other for twenty four years. The Nicols plan on making the U. S. their home.

She relates some of the strivings conditions of her country such as a common dress cost her \$24.00, an egg is a big luxury to them and they haven't seen bananas for years. They are allowed 25c worth of meat, half a pound of sugar, half a pound of butter and other very small rations a week. Everything is rationed or they have to pay points for both food and clothing. Nylon hose are about \$8.00 a pair and they average about one pair every nine months. Mrs. John Watkins was hostess to the Women's Missionary Society on Thursday evening at her home and Mrs. L. G. Rowley brought the message. The Adult Bible Sunday School class will hold their annual picnic supper at the home of Mr. and Mrs. Russell Maybee on Friday evening, June 18.

FIRST PRECAUTIONS While women's death by drowning increased more than 50 per cent in 1947, the fact remains that nine out of ten people who drown in Michigan are men and boys, according to figures released by the Michigan Department of Health.

There were 39 women and girls among the 265 persons who drowned in Michigan in 1947. There were 25 women and girls among the 265 persons who drowned in the state in 1946.

Two-thirds of the drownings in the state occurred during the three summer months, June, July and August. However the larger share of deaths during these months did not occur at swimming beaches. Nearly as many occurred in rivers as in lakes.

Rivers took the lives of 83 persons; lakes, 97 persons; boating accidents, 43 persons; and quarries and miscellaneous places, 84 persons. Nearly half of the river deaths

were of children under 15 years of age. Lake deaths were about equally divided among those over and under 25 years of age. Boat accidents were concentrated in the 15 to 45 year age group. Twenty-three of the 39 women and girls who drowned were under 15 years of age.

First precautions against drowning are: Learn to swim. Swim only on a guarded beach. Do not swim in swift water. Do not swim alone. Do not swim at night. Don't swim within two hours after eating a hearty meal. Don't continue to swim when you are tired. Do not dive into extremely cold water or into water of an unknown depth. Remain seated when aboard small boats. Do not take boats out in swift current or when a storm threatens. Don't show off.

FIXING TRACTOR WILL SAVE MONEY

Michigan farmers can cut their tractor fuel bills as much as ten percent by making certain that carburetors are properly adjusted. E. C. Sauve, agricultural engineer at Michigan State college, reports that field surveys indicate that the average tractor wastes from 50 to 150 gallons of fuel each year. This is costly to the farmer and aggravates the supply situation which is expected to be

tight this year.

Adjustment of the carburetor is the most common fault, but overloading and overspeeding worn carburetor parts, spark plugs and valves worn or out of adjustment, low radiator temperatures, and improper intake manifold temperatures may also cause high fuel costs.

To overcome these causes of waste, Sauve recommends that tractor owners: (1) check carburetor setting — if the tractor

can be driven without stalling in half a minute after starting a cold engine, the setting is too rich. (2) Keep the engine properly tuned. (3) Avoid overloading and overspeeding. (4) Follow directions in the operator's manual for adjusting the load or high speed needle valve and proper operating temperature.

The approaching summer work season will put a heavy demand on tank wagon deliveries. Farmers can help to assure themselves of an adequate fuel supply by increasing storage capacity on the farm and placing orders with

dealers for delivery anytime supplies and storage space permit.

vation is wasteful of time and energy and may even cause damage by cutting off the feeding roots if done too deeply. Experience

mental work in Illinois has shown about a 16 percent reduction in corn yield from pruning the roots to a depth of four inches with a knife. Cultivating too deep could have the same effect.

Care should be taken when spraying with 2-4 D. Even a small trace of it drifting over to valuable plants can cause serious damage to them.

Association Meets Next Thursday

The next regular meeting of the Patients' Benefit Association of the Oakland County Tuberculosis Sanatorium will be held Thursday Evening, June 17.

This meeting will be held at the Royal Oak Health Center, corner Stephenson and Fourth Royal Oak, Michigan. All ex-patients are urged to attend this meeting.

There will be refreshments and entertainment following the business meeting.

CULTIVATION MUST BE DONE CORRECTLY

Cultivation is an important part of producing row crops, but A. G. Weidemann, soil science research specialist at Michigan State college warns that it must be done correctly to be effective.

Control of weeds is the main reason for cultivating row crops, he points out. Cultivating allows water to enter the soil. If soils have a tendency to crack when they dry out, cultivating will aid in preventing cracking which may otherwise sever plant roots and permit water to escape by evaporation between the cracks.

Weidemann advises that cultivation should be only deep enough to control weeds. Excessive culti-
