#### Michigan Bell Observes Birthday

The Michigan Bell Telephone Company is quietly observing the 70th birthday of the telephone in the state while engaging in the largest construction and im-

provement program in its history. F. L. Spooner, manager here for the company, pointed out that the first telephone exchange serving 53 subscribers was opened at Detroit on August 5, 1878, by the Telephone and Telegraph Construction Company, direct ancestor of Michigan Bell.

Five weeks later, the first directory of subscribers to "speaking telephone" system was published. It listed 133 customers but no numbers.

The license to operate a telephone company under Alexander Graham Bell's patents was obtained by William A. Jackson and George, W. Balch through direct negotiation with the great inventor himself and Gardiner G. Hubbard, Bell's father-in-law and

business agent. After a year of experimentation with private lines, Jackson and Balch asked Thomas A. Watson, Bell's -assistant, to come to Deation of an exchange. This Watson did and later personally arranged for the shipment of a small

switchboard from Boston. From such modest beginnings telephones. It has grown as much call on her. in the last eight years as in the preceding 82 years. #### Social Security Cards Are Misused

Business firms in Clarkston are continuing to use social security cards for identification in cashing checks, according to Rey Atwood, manager of the local social security office. "A social security card just isn't designed for that purpose", Atwood said, "It merely indicates that wages paid to the individual whose name appears on the card must be reported under that account number. It doesn't mean the individual has a bank account, nor does it mean Friday - 10:00 a. m. Tractor he is the person whose name appears on the card. Many cards are

About forty persons representing many of the various organizations of the township and surrounding territory met at the Club House last Thursday evening to make more definite plans for the coming Fair. Those present set Labor Day as the best day for the affair and chose "Community Fair" for the name. Many of the groups told of their plans in assisting in this project and several others said that they would do whatever the committee asked them to do. There will be all kinds of entertainment for all ages.

Eight members of the O. D. O. Club met at the C. A. I. building last Thursday and made plans to assist with the Community Fair. They also voted to give \$75 to C. A. I. The group will hold the next meting on August 26 at the home of Mrs. Jack Hall.

About 250 persons enjoyed the second Family Night at the C. A. I. building last Wednesday night Mr. and Mrs. William Bawder and Mr. and Mrs. Donald Weaver were in charge of the arrangements. They had a program which will be hard to beat. After a fine pot-luck supper, community sing-ing was led by Mrs. Roy Olson with James Vandersall at the piano. The next feature was enjoyed just as much by the adults as by the children. It was a puppet show put on by Jean and Doris Allen of Drayton Plains and was exceptionally good. James Vandersall played two violin solos with Mrs. Vandersall at the plano. Mrd. James Sutton entertained

According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and

America's most severe depression. Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.
