CLARKSTON, MICHIGAN, FRIDAY, FEBRUARY 4, 1949

NUMBER 23

## Clarkston Wins Over Big Beaver

Clarkston wins over Big Beaver 49-20.

Due to bad weather, there was a small crowd on hand to watch Clarkston annex its sixth league win. Don Dubats broke loose in the first quarter and put the local team well off in the lead. Ed Olson gave a fine exhibition of passing as he fed the ball in to Dubats for easy lay-up shots. At the end of the first quarter Clarkston was leading 21 to 3. The second was somewhat different as the visitors outscored the locals 9 to 5. This was Big Beaver's best period as they scored but two points in the third quarter while Clarkston netted nine. Clarkston again got rolling in the last period and picked up 13 while Beaver was able to get 6.

Dubats was high point man of the game with 20. Adams picked up 9 points in the last half to be second high for the evening.

The reserves added another victory to their string by taking the Beaver reserves by the score of 54-13. Beaver was short handed on players for this game and finished with three players as they lost two because of fouls.

This Friday Clarkston entertains Auburn Heights on the home court. In their last game Auburn proved to be hard to defeat and they have been improving. This should be a good game.

This week Clarkston added another trophy to its case in the lower hall of the High School. The base-ball team tied for the league championship with Log Cabin. Cabin took the trophy that was on hand at the time the schedule was completed and a duplicate was ordered for Clarkston. The number of trophies in the case is not too plentiful so we are quite proud whenever another is added.

## Girl Scout News

The Senior Scouts will have their Eskimo library project ready by Wednesday. The girls enjoyed practicing bandaging each other in First Aid class on Monday.

Kathleen Stauter, Scribe

Mrs. E. V. Squier visited the intermediate Girl Scouts on Monday for the third and last time. She talked to us on the subject: Health and Safety. Her main topics were dog bites, insect bites and many kinds of burns. We also reviewed what she had told us the weeks before. Mrs. Squier showed us how to use different bandages.

Mary Dean, Scribe

The Tenderfoot Girl Scouts learned how to make a triangular bandage at Monday's meeting. We also played a new game.

Betty Lou Gardiner, Scribe

## CLARKSTON STATION SCHOOL

Teacher: Mae Pennell  
Reporter: Dorothy Gilbert

John McIntyre and Charles Bilbey were visitors at our school this week.

Billy Jacobs, Aaron Daniel, Donald and Johnny Bilbey were absent this week because of illness. Our teacher went to a faculty meeting Wednesday afternoon so we were excused at 2:30.

Our First Grade pupils have learned two poems — "The Mitten Song" and "The Snowman."

Our Fifth Grade Geography is studying about California and the Gold Rush.

Our Sixth Grade reading is having a contest — Boys versus Girls.

Our school collected five dollars for The March of Dimes.

## Rotary Club Hears District Governor

The speaker at the Clarkston Rotary Club on Monday was the District Governor, John F. Smith, of Windsor, Ontario. His talk dealt with Rotary ideas and ideals. He congratulated the club on having its own club room, in being fortunate in having such fine dinners and in being a club that enjoyed singing.

His remarks about the community service of the club were highly

John F. Smith

laudatory and his special mention of the club's delegate to the district conference, Robert L. Jones, who had spoken on the club's activities for the community, was very complimentary.

It was very interesting to the speaker that the dinner was not especially prepared for him but was the kind the club had grown accustomed to at any meeting.

The Paul Harris Fund was explained and its benefits reviewed. The guests included T. B. Stackable of the Birmingham Club and Donald Weaver of the Waterford-Drayton Club.

The dinner committee was in charge of Mrs. Ward Robbins, who was assisted by Mrs. Walter Saxman, Mrs. Garnet Poulton, Mrs. Mrs. Fern Crosby and Alethea Rose.

## Rosary Guild Elects Officers

On Monday evening, Jan. 31, the Rosary Guild of Clarkston met at the Alta Marie Beauty Shop. Election of officers was held with the following results: chairman, Mrs. Frank Crowley; co-chairman, Miss Viola Alger; secretary, Mrs. Manley Walter; treasurer, Miss Theonila Alger.

The next meeting will be held on Tuesday, Feb. 15, at 8 p. m. at the Alta Marie Beauty Shop.

W. C. Ainsley, 93 years old, who makes his home with his daughter, Mrs. Glenn Kerton, is a patient at the University Hospital in Ann Arbor.

## Bride Honored At Showers

On Tuesday night of last week Mrs. Roy Spencer, Mrs. Roy Gundry and Mrs. Vera Craven entertained at a miscellaneous shower at the Spencer home honoring Mrs. Martin Ball, the former Marie Bennett.

The group enjoyed playing appropriate games and presenting the bride with many lovely gifts.

Dainty refreshments were served.

On Monday night of this week the girls of the senior class of the Clarkston High School honored Mrs. Ball at a miscellaneous shower at the home of Mary Porritt.

The large gathering of girls had a good time playing games. They then presented Marie, with many beautiful and useful gifts.

Dainty refreshments were served from an attractive dining table.

## Tickets On Sale For Lincoln Banquet

A veteran of two world wars and a veteran congressman, James E. VanZandt, of Pennsylvania, will be the speaker for the 59th Annual Oakland Lincoln Club Republican banquet.

The banquet will take place at 8:30 P. M., Feb. 11, 1949 at St. Benedict's Parish Hall, West Huron St., four blocks west of Telegraph Rd.

Tickets are now on sale at the Prosecutor's office and the County Clerk's office in the court house and at the Sheriff's office in the county jail.

## Greenhouses Are Destroyed By Fire

A building that has been a landmark on the side of Waterford Hill for many years was damaged by fire early last Saturday morning. At about 3:45 a.m. when Edward Craft, Sr., owner of the Waterford Hill Greenhouses, went to check the fire he found the place filled with smoke. An alarm was sent in to the Clarkston and Waterford Fire Departments.

The business office was completely destroyed; part of the greenhouse frame was burned and glasses were broken; the stock of flowers and plants were killed and the home adjoining the greenhouses was partially burned. The damage was estimated to be over \$15,000.00.

With the help of the two fire departments the flames were checked and the largest part of the house and contents were saved.

Repair work is underway and Mr. and Mrs. Craft hope that they will be able to take care of all flower orders in about a month.

## Executive Board Plans Activities

On Monday, Jan. 31st, the executive board of the Clarkston P. T. A. met at the home of Mrs. Robert Osgood. Ways of increasing the attendance at regular P. T. A. meetings was discussed and plans were started for the Athletic Banquet, Mrs. Ronald Walter was named chairman for the banquet. The hobby show that was being planned for the next meeting was postponed indefinitely.

Dainty refreshments were served with Mrs. Ralph Kreger assisting Mrs. Osgood.

## Mrs. Earl Hoyt Hostess To Circle

On Tuesday afternoon the Martha Circle of the W. S. C. S. met at the home of Mrs. Earl Hoyt on Middle Lake Drive. At 12:30 the group enjoyed a pot-luck luncheon.

Mrs. Walton Robbins took charge of the business meeting in the absence of the chairman, Mrs. Agnes Beardsley, who was ill. Mrs. Ronald Walter had charge of the devotions and read a passage from the book "Abundant Living". Reverend W. C. B. Saxman led in prayer.

It was announced that the society would resume the sewing on cancer pads on the 2nd and 4th Fridays of each month starting on February 11th at 1:30 at the church. Other dates to remember were Thursday, February 10, Family Night at the church and other family nights on each Thursday night during the Lenten season. The World Day of Prayer is on March 4th when there will be a pot-luck luncheon at the church followed by a program.

The idea of having a more friendly church was discussed and it was decided that the members of the Circle and their husbands would act as a welcoming committee each Sunday morning during February.

The short program was in charge of Mrs. W. H. Stamp who read an article on Hawaii's history, its racial background, traditions and cultural contributions and the splendid work done by the Susanah Wesley Home there. The article was taken from "By His Light Shall the Nations Walk", a book especially for study in church organizations.

## Clarkston Locals

Everyone will be glad to know that Ray C. Ainsley who underwent a serious eye operation at the Henry Ford hospital in Detroit two weeks ago returned to his home in Clarkston on Thursday and is getting along nicely. The operation was quite successful and Ray who always looks on the bright side of things is looking forward to the day, not too far away, when he will get around and enjoy life just as he did in the past.

## Extension Club Starts New Year

The Clarkston Home Extension Club will meet on Thursday, Feb. 10, at the home of Mrs. Floyd Hammond starting at 10:00 a. m. A cooperative luncheon will be served at 12:30.

The lesson in charge of Mrs. George Perry and Mrs. Harry Bates will be on "Textile Painting". Each person attending the meeting is asked to bring paper and pencil, a piece of plain material, unbleached muslin or percale, washed and pressed and a soft board, drawing board, bread board, or any board to which you can pin your piece of material with thumb tacks.

As this is the first meeting of the year the 1949 program will be discussed and arranged. According to the outline of the year's work there are very fine programs in store for the members. Anyone interested in participating is cordially invited to join the group. All members are urged to attend the meeting on Feb. 10th and new members are asked to contact Mrs. Floyd Hammond, phone 2661, before the meeting.

## Soil Conservation Meeting Held

The annual meeting of the Oakland County Soil Conservation District was held at the Waterford Community Activities, Inc. Bldg. on Williams Lake Road, last Thursday evening.

Following a very good dinner served by the Woman's Club of C. A. I., Cyril Oliver of Novi Township, Chairman of the group, introduced Miss Marilyn Dobat who gave an accordion solo. The annual report had been printed and a copy was furnished to each one present.

Larry Tripp then showed slides of different farms in this district showing where soil erosion had taken place and what the farmer was doing to counteract this damage.

Karl D. Bailey was present and addressed the group.

A movie "By the Land We Live" produced by the Michigan State College was shown to the great interest of the group.

The election held to elect two directors resulted in the reelection of Cyril Oliver and Earl Voorhees of Springfield Township.

The report showed that over 77 farmers are now cooperating in the soil conservation program while another 18 were in process of preparing plans.

Clarkston residents present were Mr. and Mrs. William Edgar, Mr. and Mrs. Richard Lawson; Mr. and Mrs. Fred J. Beckman, Mr. and Mrs. Russell McNeil, Mr. and Mrs. W. H. Stamp, George Miller and Stanley White.

Mr. and Mrs. Elmer Collins are enjoying some of the southern sunshine. They are visiting scenic spots in Florida.

Barbara Ann Masters, infant daughter of Mr. and Mrs. Richard Earl Masters of Rochester (Joyce Stitt), was baptized in the Clarkston Methodist Church last Sunday morning.

## You Are Asked To 'Laff It Off'

"Laff It Off" is the name of the big variety show sponsored by the Comm. Act. Inc. for the benefit of initial construction of the gym ceiling. The show will be staged at the C. A. I. on Wed. and Thurs. Feb. 9 and 10 at 8:13 p. m.

There are ten scenes in this big variety show. They include the impersonations of such popular newspaper features as Walter Winchell, Hedda Hopper, Dorothy Dix and others.

Each scene in the show represents some section of the daily newspaper. There is a children's page which includes animal stories and singing games told to a large group of children by a jolly lady, Cousin Katy. A Home Town feature story is depicted by a scene called "Frontier Day Celebration". In this old time square, dancers, folk songs and dancing add color, variety, and excitement.

Such famous radio and stage stars as Gene Antry, Judy Canova, Rochester, and Pappy Chiselinger are impersonated. These characters lend comedy to the scene by their jokes and antics. Particularly noteworthy in this scene is the section in which the old settlers of the community are honored. There is an interview with the oldest grandmother, the oldest resident of the community and the merchant who has been in business the longest in town. These local people are given awards of merit for their worthwhile activities in the building of their local community.

The inquiring reporter scene in which the reporter leaves the stage and comes into the office to interview people on various questions of the day is particularly unique and outstanding because those who are interviewed not only receive a prize but the Inquiring Reporter also takes a flashlight picture of them on the spot.

The patriotic finale number is built around world fellowship and nations uniting for peace. It is outstanding, colorful, and carries a message that is worthwhile and one that will long be remembered.

The show is built for laughs and variety. It is a brand new idea in local production because the local people who make up the cast not only impersonate the names behind the news and bring the headlines to life, but the audience attending the show also have an opportunity to take part.

The C. A. I. sponsoring the entertainment says the name "Laff It Off" is indicative of the entertainment and what it holds in store for those who plan to attend.

The advance ticket sale, indicates there will be packed houses for both performances on Feb. 9 and 10. Advance tickets are on sale at Drayton Food Market on Dixie Highway in Drayton Plains and Jacob's Market on Dixie Highway in Waterford.

## Harmony Valley Views Progress; Plans Future

Intended only for summer use, Harmony Valley has happily had opportunity for winter service thrust upon it.

So far this season, the Pontiac Hikers Club, an American Youth Hostel group from the University of Michigan, The Royal Oak High School Forestry Club and a Youth Hostel Family group from Ann Arbor have used the facilities of Harmony Valley in the winter sports of tobogganing, skiing, hiking and skating, all right at hand in this Center which is housed in buildings owned by the Michigan Conservation Commission, and made more useful through camping equipment loaned by the Department of Parks & Recreation Area. Requests for future reservations during this month have come from the Metropolitan Methodist Church of Detroit, the Valentine Community Center and an Audobon Society. Organizations in Clarkston will also be welcome on open dates to the fullest extent of the Center's facilities.

Under direction of Dr. Robert E. Sharer, Chief, Division of Adult Education of the Michigan Department of Public Instruction, members of the staff of the Folk-art Center and leaders in a number of organizations with an adult education program, planned the program for the coming summer season. This planning committee met for a supper session at the home of Mr. and Mrs. S. B. Siddall on Tuesday evening, February 1st. The adventures in oil painting, hand weaving and home crafts, ceramics and the children-adult study and Prayer meeting.

(Continued on page 8)

## By the Way . . .

For just too long some of our readers have requested that the Clarkston News run a few "funnies". No use running funnies if they are not in color. But on page 4 of this issue will be found a page of funnies and in color. It is a good way to let the people know that the Community Activities, Inc., is sponsoring a home talent show and just to show how interesting publishing a paper is, it is the first two color page advertisement in the history of the News. . . . It has been a nice winter up to the last week or so. Now we are having the kind of winter, residents go south to avoid. . . . The ground-hog saw his shadow. And just between you and I if he is going to predict 6 more weeks of these nice icy driveways it is going to cost insurance companies something for wrecker calls. It took 10 lbs of salt and a wrecker to get our car out into the street from our drive. . . . Incidentally the Clarkston Rotary Club is doing alright for itself. A number of times lately, Robert L. Jones has spoken at surrounding clubs about the community service projects of the club. . . . Russell McNeil is a modern farmer who is doing such a good job of farm soil conservation that the county committee took a picture of his farm to show what he was doing. . . . Just to keep up to date with modern literature now is the "Switcheroo". For example: A big game hunter has been missing for days. It is feared that something he disagreed with ate him.

## Party Honors 25th Anniversary

Last Saturday night Mr. and Mrs. Glenn Kerton were pleasantly surprised when thirty relatives gathered at their home on S. Main Street to help them celebrate their twenty-fifth wedding anniversary.

During the evening the group enjoyed card games and visiting and to climax a grand time refreshments were served from a table centered with a large wedding cake.

Guests were present from Fenton, Holly, Rifle Lake, Williams Lake and Clarkston.

Joseph Miceli of 4175 Rural St., Waterford is right up there when it comes to bowling. He is the first to bowl in the 700 series at Howe's Lanes. He bowls for the Dixie Welding Team in The Waterford Merchants League. His actual score was 715 with three games of 245, 226, and 244.

## The Earth's Asleep

The earth's asleep, and while it rests, A blanket's drawn about its breast. A blanket feathery and light, Bejeweled with diamonds, sparkling white.

The trees are silent, bare and brown, Like giant arms that have laid down Their labors, and have gone to bed

Outstretched above the mother's head.

The lakes, like eyes of azure blue, Have closed their lids and hid from view

The life, that danced in summer breeze Before this sleep brought on by freeze.

The grass and weeds must be her hair, For they're done up with greatest care.

A net of diamonds deftly placed Keeps them from tumbling o'er her face.

No, she's not dead, for rivers flow From top of head to tip of toe; And lesser streamlets thru her seep,

As peacefully she lies and sleeps. —ROBERT C. BEATTIE (All rights reserved)

**Waterford**

Mr. and Mrs. Lyman Girst, Jr., and family left this week for Baltimore, Maryland, to visit relatives.

The Sid Knowlton family's business and home at Owendale, Mich., was destroyed by fire early Sunday morning. The Knowltons are former Waterford residents.

Miss Golda Schultz of Tawas City, recently chosen as queen to reign over the Silver Valley Sports Carnival was heard over WJR last Friday while she was visiting in Waterford. Barbara Beedle accompanied her to the broadcast in Detroit.

Mr. and Mrs. Lyman Girst, Sr., are accompanying her brother-in-law and sister, Mr. and Mrs. Loyell Carey from near Linden on a trip to Florida. They left on Tuesday.

Mr. and Mrs. Fred Tuck and Barbara Jean spent the weekend at the Mehler home.

The MOMS will meet at the home of Mrs. August Jacobson on Wednesday, Feb. 9 at 2:00 P. M.

Weekend guests at the H. B. Mehler home were Mr. and Mrs. David Mehler and son of Lapeer.

Donald Anderson returned home last Saturday from the Detroit Osteopathic hospital where he underwent an operation during the week. He goes back every few days for a check-up.

Little Larry Skinner, small son of Mr. and Mrs. Clyde Skinner, is expected to return home from Pontiac General hospital within a few days. He was operated on last week.

The Adult Bible Class of the Waterford Community Church met in the church parlors on Tuesday evening at 6:30 for a planned dinner. The long table was decorated in the Valentine motif and seated 28 members and their friends.

The committee on arrangements was Mrs. Arthur Davis, Mrs. Wallace Brown and Mrs. Henry Mehler. Following the dinner there was a short song service led by Charles Maxwell. The business meeting was in charge of Mrs. William Granger, at which time plans for the March meeting were made. Mr. and Mrs. Floyd Wallace invited the class to their home on March 1 at 7:30.

Mr. and Mrs. Wormnest, Sr., of Waterford and Mr. and Mrs. Harry Wormnest, Jr., and son, Larry, of Auburn Heights, spent the weekend at Grand Rapids visiting relatives and friends. Returning with them to spend the week in Waterford, was Mrs. Charles Huffman of Grand Rapids, sister of Mrs. Harry Wormnest, Sr. Mr. and Mrs. Emery Beedle and two sons, Robert and Randall, and Mr. and Mrs. Newman of Pontiac went to Frankenmuth for dinner on Sunday.

George Hill of Detroit and Fred Boss spent last weekend at Otisville hunting and visiting friends and relatives.

Mrs. Henry Fast underwent an operation at Pontiac General Hospital this past week.

Mrs. Harold Wormley of Hudson visited her mother, Mrs. William King, from Wednesday until Sunday of last week.

Mr. and Mrs. Charles Harris and family visited at the home of Mrs. Henri Buck on Thursday of last week.

Mr. and Mrs. Lyman Girst were guests over the weekend at the home of Mr. and Mrs. William Clement Jr., at Grand Ledge.

Barbara Beedle spent the weekend at Tawas City visiting Miss Goldie Schultz.

When the Hi-Pocket explosion occurred the other morning Ted Shaw and wife thought that Bill Jacobson had fallen out of bed, and they ran upstairs to see if he was hurt, but Bill was in bed with only one foot sticking out from under the covers.

Due to bad weather last Thursday evening the Gospel Fellowship class met at the home of the Rev. and Mrs. Wright VanPlew instead of at the home of Mr. and Mrs. Carl Ender of Ortonville, where a skating party was planned. The evening was spent playing games and singing.

The Good Will Club re-elected officers at a recent meeting held at the home of Mrs. Percy King on Williams Lake Road. Ten members and one guest attended the pot-luck luncheon and election of officers. Officers who were re-elected were president, Mrs. Russell Maybee; vice president, Mrs. Henry Mehler; secretary-treasurer, Mrs. J. R. Blakeslee and flower committee, Mrs. Henri Buck. The next meeting will be held at the Oscar Virgin Home on February 24.

The MOMS will make their regular monthly visit to the veteran's hospital in Dearborn on February 8, talking with them cookies, cakes, etc. Anyone wishing to contribute to these boxes please call Mrs. Murdo McDonald, Hospital Chairman, 31-1516.

Mrs. Albert Kray is opening her home on February 11 at 2:00 for a Silver tea sponsored by Ladies

Auxiliary of the Community church and the Mission Board and the money received from this tea will go to the Meland Orphanage at Jackson, Ky. Mrs. Lawrence Giddings is the general chairman and Mrs. Charles Maxwell is the program chairman. All people interested in Mission work are invited to attend.

The Adult Bible Class of the Waterford Community Church met in the Church basement on Tuesday evening at 6:30 for an arranged dinner. The long table was in Valentine motif and seated 28 members and their friends. The committee on arrangements was Mrs. Arthur Davis, Mrs. Wallace Brown, and Mrs. Henry Mehler. Following the dinner was a short song service led by Charles Maxwell. The business meeting was in charge of Mrs. William Granger, at which time plans for the March meeting were made. Mr. and Mrs. Floyd Wallace invited the class to their home on March 1 at 7:30. Roll call will be a Bible verse containing the word "persecute". Roll call at this meeting used the word "perish". Refreshments at next meeting will be served by the hostess and Mrs. Isaac Shook, Mrs. Roy Pammenter, and Mrs. Cameron Coventry. The project of this class is the refinishing of pulpit chairs. Mrs. Margaret Wignall was unable to help on the supper committee due to ill health.

The Trinity Methodist church in Keego Harbor was the scene of an afternoon wedding on Saturday, January 29, uniting Mildred Ruth Pammenter, daughter of Mr. and Mrs. Roy Pammenter of Andersonville Road, and Thomas Joseph, son of Mrs. Elizabeth Joseph of Flint, with the Rev. Estel Stubbs reading the service.

The bride wore a street length dress of smoke pink crepe with black accessories and carried a colonial bouquet.

Her sister, Mrs. Robert Selvers of Pontiac, was maid of honor. Her dress was of light blue silk crepe with brown accessories and a corsage of pink carnations.

Edward Joseph was his brother's best man.

A reception followed in the church basement for friends and relatives of the young couple.

After the reception the couple left for Grand Rapids where they will make their home.

**Waterford-Drayton Rotary Club News**

Robert Beattie was program chairman at Tuesday's meeting of the Waterford-Drayton Rotary Club. Bob had written a poem about each member. The poems were read and the members had to guess about whom they were written. The poems were finally sold and brought \$35 for the Paul Harris Scholarship Fund. William Shunk was moderator in the guessing.

A group from the Woman's Club served the dinner, at noon.

Catholic mass at 8:15 and 11:15 Sunday morning.  
 Catholic Catechism class at 9:15 Sunday morning.  
 Meeting of girl scout troop No. 2 from 6:30 until 8:00 Monday evening.  
 Meeting of girl scout troop No. 5 from 7:00 until 9:00 Monday evening.

Boy Scout troop 31 meets from 7:30 until 9:00 Monday evening in their club room in the basement. All boys in this vicinity old enough to be in scouting are invited to join.

Library open from 7:00 until 8:30 Monday evening.

Waterford-Drayton Rotary Club dinner meeting Tuesday noon. The Woman's Club serves the dinner. Dinner meeting of Drayton Plains Exchange Club at 6:30 on Tuesday evening.

Pinocle for couples at 8:00 Tuesday evening.  
 Library work period from 2:00 until 4:00 Wednesday afternoon. Books may also be returned or taken out during this period.

Home talent show "Laff It Off" on Wednesday evening. Come and see your friends and neighbors put on a good show.

Library open from 7:15 until 9:00 Wednesday evening.

Meeting of the Mothers Club on Thursday. Pot-luck dinner at 11:30 until 1:00 with the teachers of the village school as guests. Each mother is asked to bring table service for a teacher and herself, and a dish of food to pass.

The program and business meeting will follow. Mrs. James Read will be in charge of the meeting and Mrs. Eugene Cleland in charge of an interesting program.  
 Second showing of "Laff It Off" on Thursday evening. If you missed Wednesday's performance be sure and see it on Thursday.

Meeting of the Oakland County Council P. T. A. will begin at 10:00 and continue until 3:00 on Friday Feb. 11. The Waterford P.T.A. will be one of the hosts.  
 Twenty-three couples gathered at the C. A. I. building on Monday evening in spite of the icy roads to attend the second of the Square Dance parties which are held every two weeks for people who love to square dance. Names for the club were put in the suggestion box throughout the evening and because there were so many good ones to choose from they will be posted at the next party and a vote will be taken.

The next gathering will be on Tuesday evening, Feb. 15, and will include a box social. Couples who are 21 or over are eligible to belong.

**FIRE-SAFE HOMES STOP MANY DEATHS**  
 Home is the place where the majority of fire victims die every year—and nine out of ten fires don't have to happen. Is your home fire-safe?

A stitch in time could have prevented those nine fires, states Olevia Meyer, extension home management specialist at Michigan State college. Chief causes of home fires are faulty chimneys, stoves and furnaces, careless smoking and use of matches, misusing gasoline and kerosene and defective wiring. Miss Meyer recommends that you: Check your chimney to make sure it is fire-safe. Be sure your stoves or furnaces are large enough to heat the room or house without forcing. Overheated stoves or furnaces are fire hazards. Place a fire screen in front of the fireplace.

Don't be guilty of starting a fire with gasoline or kerosene and always warn the members of your family against the habit. Home dry cleaning is another dangerous business and should be done with caution.

Check electric cords, plugs, outlets and equipment before using to make sure they are not faulty. Broken plugs, outlets or electric cords with the insulation worn off are fire hazards. Don't run electric cords under rugs, or hang on hooks or nails. Be sure you have enough wall outlets in all rooms so this won't be necessary. Check the fuse box to make sure the fuse used is not larger than 15 amperes and that some other object such as a penny is not being used instead of a fuse.

If you do these things the MSC home economist knows you will be safe—not sorry.

**WINTER MEANS EXTRA ATTENTION FOR HENS**

To keep those hens laying well takes a little effort during cold weather, reports J. M. Moore, extension poultryman at Michigan State college.

During the cold weather he advises farmers not to let ice form on the drinking water. It takes a large amount of water to make eggs. Water should be kept warm and drinkable at all times.

Be sure the laying house is properly ventilated. Don't keep it closed up too tightly. Feed, too, is an important factor. Some green feed or well-cured alfalfa hay will help to keep hens active and sharpen their appetites.

Use of artificial light is a management practice that some farmers are adopting to keep up production, Moore concludes.

"Chicken Every Sunday", the name of a forthcoming movie, is the cue for a big national contest opening February 1, 1949 and ending February 28, 1949.

The sponsors are asking people to write an essay, limerick or slogan in less than 100 words on "Why I like chicken every Sunday". Add to this entry a statement of your most desired wish and mail with a chicken wish-

bone and your address to the Poultry and Egg National Board, 308 W. Washington St., Chicago 6, Illinois.

Both regional and national prizes will be awarded to winners.

MENTAL HYGIENE SOCIETY MEETS NEXT WEDNESDAY

The fourth public meeting of the Oakland County Chapter of the Michigan Society for Mental Hygiene will be held on Wednesday, February 9, at 8 P.M., Christ Church - Cranbrook, Bloomfield Hills.

There will be a panel discussion on "Mental Health Needs of Children." Peter A. Martin, M. D., W. Lloyd Kemp, M. D., and Fritz Reel, Ph. D., will be the participants with William Shuncik acting as moderator.

This will be a worth-while meeting and the public is cordially invited to attend.

CONCRETE IS IDEAL FOR FARM BUILDINGS

For farm buildings, one of the most durable and easy to maintain materials is concrete, according to county agricultural agent Karl D. Bailey.

For parts of buildings that have a lot of hard wear or where there may be factors that will cause de-

teriority, as moisture, dirt and acids, concrete is the ideal building material.

Quality of concrete depends upon the quality of the ingredients that go into it plus proper mixing techniques, the agent reports. Economy, too, depends on the way the materials are combined.

Since cement is the expensive part of concrete, it should be chosen carefully, that the mix should be correct, and enough water used. Cement should be checked to see if it is in good condition. If it is hard in the sack, it is possible that it has been stored in a place where it has absorbed some moisture and partially set. This hard material is not good for concrete work, and if it is used at all, the hard lumps should be strained out with a piece of fine mesh fly screen.

The correct mix to use in farm building will depend on the location of the concrete work. Agent Bailey can supply details of the various mixes and how they will stand up under farm conditions.

NEVER HOW MUCH, BUT WHAT'S NEEDED, GOVERNS RED CROSS FAMILY DISASTER AID POLICY

Disaster victims sometimes find it hard to believe that the Red Cross will rebuild and furnish their homes as an outright grant if they can't do it themselves.

NATIONAL CHERRY WEEK FEBRUARY 15 - 22

The Michigan Cherry Commission has set up a state-wide advertising program to coincide with National Cherry Week February 15 - 22, according to Commission Chairman David Murray of Traverse City, Michigan produces over one-half of the sour (pie) cherry crop of the nation.

This is the first state advertising work started by the Cherry Commission. The Committee in charge consists of David R. Murray, Traverse City, E. C. DeLong, Northport, E. H. Rood, Ellsworth, and Lawrence O'Neill of the Michigan Department of Agriculture and Acting Secretary of the Michigan Cherry Commission.

Newspapers and radio will be used to bring the cherry story to the public.

buttons that must be removed in dry cleaning.

GEORGE A. DONDERO LINCOLN DAY CHAIRMAN

George A. Dondero has been chosen Chairman for the Lincoln Day Dinner to be held at the Mayflower Hotel, Washington, D. C., on February 8th. He is recognized as "the Lincoln scholar of the United States Congress". This occasion is of nation-wide interest and is sponsored by the Republican Members of the House and Senate and the League of Republican Women of the District of Columbia; usual attendance, 1,000 people.

Dondero, speaking of Abraham Lincoln, the 16th President, said: "He belongs not to America alone but to the world, for he is one of the great men of history. From a primitive dwelling, buried deep in the wilderness, came a spirit which enlightened the world."

Congressman Dondero will attend the Lincoln Banquets in Detroit and Pontiac on February 10th and 11th.

MRS. CONSUMER GETS RESULTS

Complaining does help at times. Many complaints made by women about dress belts ruined at the cleaners or in the laundry are bringing results.

Belt manufacturers have been sent recommendations for belts that will withstand washing and cleaning. All kinds of belt backings were tested and the results given to the manufacturers.

Miss Josephine Hoke, Home Demonstration Agent, reports that this will mean fewer belts backed with paper, coated with plastic that won't stand cleaning and put together with glue that dissolves in water or cleaning fluid.

The tests for belts were made by the National Dyeing and Cleaning Institute which now plans to tackle the problem of belt buckles. Buckles are often covered with cloth-attached with glue that is soluble in cleaning fluids. It is hoped that a substitute may be found for the glue now being used.

Some plastic buttons give trouble too. One type, polystyrene, can not be dry cleaned. The industry has agreed to use this plastic only in one type of crystal clear glass

MICHIGAN Motoring

Winter-time in Michigan means a wonderful play-time for youngsters of all ages - with skating, and tobogganing leading the many outdoor sports. Your children need this outdoor exercise and relaxation—it's good for them! But it's up to you and every parent in Michigan to make sure that it's not a danger time!

Caution your youngsters to skate or toboggan only in areas set aside for those purposes. Caution them to STAY OUT OF THE STREETS . . . make them understand why they should never hitch that toboggan to the back of an auto to be towed over streets.

The driver of an auto which is towing youngsters is just as much of a potential murderer as if he placed each one of the children before a firing squad! icy streets - snow - winds - all make winter driving difficult - these weather hazards might avert that toboggan in front of another car - they might make that entire group "invisible" to another driver.

Make sure that your youngsters will come back from that skating or tobogganing trip alive—caution them - discuss winter safety with your own children and with all their friends.

Practice winter safety yourself - your good example might save the life of your child - or your neighbors!

GIVE FRUIT GROWERS FACTS ON VIRUS ILLS

Virus diseases which are increasing in number, reducing yields, and killing fruit trees are causing growing concern among American fruit growers, says Dr. H. B. Tukey, head of the Michigan State college horticultural department.

Troubles such as codling moth, fire blight of pears, brown rot, and apple scab, are at least pests that can be seen the scientist relates. Viruses, however, are different. They are cleverly devised to resist attack.

The world of science disagrees as to just what they are. Some say they are living organisms—others that they are just peculiar organic chemicals—and still others say they bridge the gap between the living and the non-living.

Their method of attack is differ-

ent, too, Dr. Tukey reports. They do not band together in groups and attack from the outside but rather they filter inside the "host" animal—or plant—and into the individual cells themselves. There they live and thrive in competition with the vital processes of the living plant.

Because there is so much interest in virus diseases, the annual fruit growers' conference, which is held each year at Michigan State college, invited Dr. L. O. Kunkle of the Rockefeller Institute at Princeton, New Jersey, to address them. He described the viruses and told what they are

and how they differ from fungus diseases.

To aid fruit growers to learn more about the virus diseases, Dr. Kunkle's address was printed by MSC and made available to the public. It can be obtained from county agricultural agents or by writing to the Bulletin Office, Department of Public Relations, Michigan State college, East Lansing, Michigan. Ask for circular bulletin 209, "Virus Diseases of Plants."

## KINDERGARTEN NEWS

The kindergarten children are happy about the snow. They have learned a song and also a poem about a snow-man. They also folded paper and cut out snowflake designs.

This week the children are making valentines.

We hope that Bobby Sage, Sharon Secord, Richard Miles, Gloria Abbott, Harold Weston and Susan Turek will be back at school soon. They are ill.

## FIRST GRADE

We are happy to begin the new semester. At present we are having real reading about all the animals on grandfather's farm. The afternoon class made a farm on our big table and we all had fun playing there.

Mumps and colds have kept many of us at home. We all hope they will soon be over.

"I have a new tooth" is written on one of our boards, and many of us have signed it.

## SECOND GRADE

One of our classmates, Marshal Winkle, passed away on January 21st. We will all miss him a great deal.

Stanley Evers has moved away. Everyone was surprised on Monday morning because we have 12 new desks for our room.

This month we are studying about Eskimos. We have written a group of questions that we want to find the answers for about Eskimos.

## THIRD GRADE

We made a booklet of some of our handwriting to take home at the end of the semester.

In art we have been making designs on squared paper.

Bonnie Abbott has not been absent for the first semester.

## FOURTH GRADE

Onalee Morgan received an

in the semester spelling test. A few of us have brought the spelling average lower than we want it to be and so all of us are studying better.

In geography we have learned about differences in weather and why. We can draw the globe, placing on it the equator, tropic of Capricorn, tropic of Cancer, Arctic Circle, Antarctic Circle and the various belts of the world. This week we left the Congo Basin and have gone to see Pedro in the Andes. The change of climate is enjoyable. These are the first people we have visited who are not nomads.

This week we began the study of the multiplication table of 7's. Kenneth Hogg and Patience Thayer received E on the semester arithmetic test. Sharon Glennie and David Lissner received E.

## FIFTH GRADE

We all had a lot of fun sliding and skating during our vacation.

We had one hundred words on our semester examination in spelling. Our class averaged 91.3%. We love to have oral spelling for practice.

We are all very proud of Gary Robertson who had all fifty of his arithmetic problems correct on his exam. A lot of others had very good marks too, which shows that we have worked hard. We have a lot of pictures of the west on our bulletin board. We enjoy hearing stories about them.

## ACTIVITY PROGRAM

An activity period is being planned for the high school. Briefly, the program is as follows: Monday—Home-room Guidance; Tuesday—Special groups and some clubs; Wednesday—assembly; Thursday—spelling; Friday—clubs.

Spelling classes will be based on homogeneous groupings. The club activities should be a definite addition to the extra-curricular program. Full explanation of the activities will be given soon.

## FINE ARTS DISPLAY

This past week the following paintings have been on display: The Laughing Cavalier by Hal—1624; Woman Reading by Vermeer, 1632-1675; Don Baltasar Carlos by Goya—1635; Senora Sabasa Garcia—1808; Don Manuel Osorio De Zuniga by Goya.

## PLANNING COMMISSION BEING CONSIDERED

Oakland County is waking up to the fact it cannot afford "hit-and-miss" development any longer. The Board of Supervisors is considering a County Planning Commission and citizen committees are getting underway in their study of the six divisions of county planning and urging the Supervisors to act.

Out of a total of 49 governmental units in the county only nineteen have Planning Commissions and twenty-seven have Zoning Ordinances. Most of these have found through bitter experience that rural stums are developing and becoming major problems, health and safety are endangered and what used to be attractive countryside has depreciated in value as well as a place to live and work. The cities, villages and townships not yet active are feeling increased pressure to join with the active ones to protect and improve the county's assets through local action and county-wide cooperation.

The committees sponsored by the Oakland Citizens League are made up of interested people from all parts of the county. Among these are Adsit Stewart, Fred Beckman, F. L. Spooner and William A. Shunck.

Meetings are open to anyone who wishes to get acquainted with a committee topic or to present a particular local problem for advice.

The "Land Use Location" deals in the effective location of Agriculture, Commerce, Industry, Institutions, Recreation facilities, Housing of all kinds and Public Service facilities. "Public Services" goes into school, fire, police, public water supply and sewage disposal, and other tax supported functions. The "Transportation Committee" is working on the problem of transporting people and materials with ease, safety and enjoyment. The "Health" group deals with both public and private health matters—disposal, water, housing, eating places, hospitals, etc.

Two groups are working on technical aspects of planning. The "Zoning Committee" is studying the mechanics of such things as the writing of ordinances, enforcement and appeals. The "Legislative Committee" is working to improve the effectiveness of planning and zoning ordinances and the acts under which they operate.

Others wishing to co-operate should contact the Oakland Citizens League, Inc., 717 Community Bank Building, Pontiac.

## SUGGEST CALVES HAVE MORE HAY

Getting hay to calves as soon as possible is a good dairy management practice, according to W. W. Snyder, Michigan State college dairyman.

Keeping hay before calves as much of the day as possible has been tested and found to work very well. Calves, the specialist reports, will begin eating hay when two weeks old.

An experiment conducted in another state showed that the calves really like hay. One group of calves was fed hay only twice a day—three hours at a time. That made six hours out of the 24 when they could get it. Another group of calves got hay for 12 hours in four three-hour periods.

Jersey calves in the test ate 39 percent more hay when they could get it 12 hours a day. Holstein calves ate 25 percent more hay when they could get it for the 12 hour period.

Those figures are significant when you consider the benefits the calves get from increased hay consumption. Hay, Snyder points out, is the cheapest source of nutrients and a good source of quality protein. The roughage factor stimulates growth. For bone and muscle building, the mineral and vitamin value of hay is great. Health protection, too, is an added advantage.

Big, healthy heifers are a "must" if good production is to be made at the age of two years. Snyder suggests that dairymen try giving their calves a chance to eat more hay.

## COMPARE TRACTOR ENGINE TYPES

Questions concerning low compression and high compression tractor engines have been coming to the Michigan State college agricultural engineering department.

To answer them, Jack R. Schram, machinery specialist, points out a few facts about the high compression engines. These engines, he says, give increased horsepower from the same size engine. Fuel consumption per horsepower is usually less. A point to consider is the need for

milking job is good business, he explains. Fast milking—or managed milking—is advocated by many as a way to complete the chores rapidly and get just as much milk.

Leaving a milking machine on a cow for 10 or 15 minutes is not good management, Weaver says. It doesn't get any more milk; it wastes time and may injure the udder. Managed milking, where the machine is on for only three to five minutes, takes care of the milking much better and helps make for "contented cows".

## CARE NECESSARY AT MILKING TIME

Proper milking techniques help to account for good milk yields, believes Earl Weaver, head of the dairy department at Michigan State college.

Cows are animals that become accustomed to routine. A little regularity and kindness in the

Row Farm, Clarkston, have completed official production tests under Herd Improvement Registry tests. Testing was supervised by Michigan State College of Agriculture in cooperation with The Holstein-Friesian Association of America. Highest producer among these was Pine Row Eileen Hartog Mercedes with 542 pounds of butterfat and 16,447 pounds of milk made in 356 days on 2 milkings daily and at the age of 4 years 3 months. Other high producers included: Pine Row Esther King with 500 pounds of butterfat and 13,868 pounds of milk made in 355 days on 2 milkings daily and at the age of 2 years 3 months.

Several registered Holstein-Friesian cows in the herd of Pine

## MICHIGAN Motoring

Have you ever watched the truck drivers on the road—those fellows who earn their living by driving hour after hour—day after day, throughout the year? If so, you know what good drivers these men are—how courteous they are to other autos on the highways.

Every driver can learn a lesson from these experienced drivers. Take special notice next time you see a truck on the highway... watch how the truck driver will pull over to let your auto pass... watch for his signal lights at the rear... telling you just when it is safe to pass him. Notice the distance he keeps between his truck and the car ahead of him—the "safety zone" ahead he demands before passing another car. These little things make for safe driving—they're part of the courtesy that saves lives. Watch the truck driver—practise courtesy yourself and play safe!

Winter weather, especially, demands extra caution. For those of you who must drive in bad weather and on wet or icy pavements, here are a few extra tips:

1. Be alert and drive at lower speeds.
2. Keep a greater distance between your car and others.
3. Get the "feel" of the road, apply your brakes gently rather than jamming them on.
4. Use your tire chains.
5. Keep your windshield and all windows clear.

Remember, a little extra caution may mean the difference between life and death—maybe for YOU!

You'll find that now more than ever before Chevrolet merits the title of being "first for quality at lowest cost"; and that it is, indeed, the most beautiful buy of all, in all these features and in all these ways.

Chevrolet is the only car bringing you all these fine-car advantages at lowest cost! Completely new Bodies by Fisher • New, ultra-fine color harmonies, fixtures and fabrics • New Super-Size Interiors with "Five-Foot Seats" • New Panoramic Visibility with wider curved windshield

and 30% more glass area all around • New Center-Point Design with Center-Point Steering, Lower Center of Gravity, Center-Point Seating and Center-Point Rear Suspension • Improved Valve-in-Head engine for power, acceleration, smoothness and economy • Certi-Safe Hydraulic Brakes with New Braking Ratios • Extra-Strong Fisher Unisteel Body Construction • Improved Knee-Action Ride with new Airplane-Type Shock Absorbers • The Car that "Breathes" for New All-Weather Comfort (Heater and defroster units optional at extra cost)

LAKE OAKLAND  
Phone Pontiac 3-2045

**PHONE RATE CASE IS IN ADJOURNMENT**

The Michigan Bell Telephone Company rate case is in adjournment pending the clarification of a legal point by the State Supreme Court.  
At issue is the question as to the legality of the Michigan Public Service Commission proceeding with the case while the 1945 rate-reduction order is still in litigation.  
Motions by the City of Detroit

and the attorney-general to dismiss proceedings until the 1945 case, now before the Ingham Circuit Court on appeal, is settled. The Commission requested immediate appeals from its decision, however, on the part of Detroit and the state in order "to clarify this matter once and for all time".  
Chairman Stuart B. White pointed out that the Supreme Court twice had rejected Detroit's contention that hearings could not proceed while litigation was pending but had not accompanied its rulings with any comment. The Commission itself rejected Detroit's claim last year.  
Increases requested by the company range from 50 cents to \$1 a month for residence service and from \$1 to \$1.50 for business service, together with increases in long distance rates. Increases would average 2.7 cents a day for residence users.  
Michigan Bell has cited its ex-

penses have gone up 237 per cent since 1929 while revenues are up only 180 per cent. The proposed increase, together with those authorized by the Commission last October, would raise the company's revenues 25 per cent. The October increase was the first to the company in 22 years.

**MORTGAGE SALE**  
DEFAULT having been made for more than thirty days in the conditions of a certain mortgage made by Charles E. Adams and Julia Adams, his wife, and Marian Bell, a married woman, to CAPITOL SAVINGS AND LOAN COMPANY, a Michigan corporation, dated the 9th day of July A. D. 1945, and recorded in the office of the Register of Deeds for the County of Oakland and State of Michigan, on the 2nd day of August A. D. 1945, in Liber 1704 of said County Register of Deeds Records on pages 431 to 433 inclusive, on which mortgage there is claimed to be due, at the date of this notice, the principal and interest, and taxes paid by Mortgagee the sum of Sixteen Hundred Fifty and 30/100 (\$1,650.30) Dollars, and an attorney's fee of Thirty Five (\$35.00) dollars, as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.  
NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, on Monday the 4th day of April, A. D.

1949, at 11:00 o'clock in the forenoon, Eastern Standard Time, the undersigned will, at the Saginaw Street entrance of the Court House in the City of Pontiac, Michigan, that being the place where the Circuit Court for the County of Oakland is held, sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with 5% per cent interest and all legal costs; together with said attorney's fee, and any sum or sums, which may be paid by the undersigned at or before said sale for taxes and/or insurance on said premises, which premises are situated in the City of Pontiac, Oakland County, Michigan, and described as Lot Two Hundred Forty Three (243) of "C" Hanes Wilson's Pontiac Telegraph Road Subdivision" of part of the Southeast 1/4 of Section 7, and part of the Northeast 1/4 of Section 8, Town 3 North, Range 10 East, Pontiac Township, Oakland County, Michigan, according to plat recorded in Liber 48 of Plats on page 5, Oakland County Records.

Leaders of Firemen's Union  
NEEDLESS EXTRA ENGINE CREW  
LEADERS OF ENGINEERS' UNION

**This is a diesel ... a modern locomotive that means better service to you.**  
**Leaders of two unions think it's a feather-bed ... a "make work" grab that means less service to you.**

● Leaders of unions representing railroad engineers and firemen seek to force railroads to add extra, needless men on diesel locomotives. This is sheer waste—a "make-work" program which would mean fewer improvements and higher costs—for YOU!  
Railroads use modern diesel locomotives because they are one of the means of giving faster, better service to you.  
Two men compose the crew of a diesel. They occupy a clean, comfortable cab at the front. The engineer handles the throttle. The fireman sits and watches the track ahead. With no coal to shovel, he has practically nothing else to do.  
No Benefit To You  
Now the leaders of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen want to use the diesel locomotive as a means of forcing a feather-bedding scheme on the railroads. The extra men they propose to add to the diesel crews are not needed. There is no work for them.  
The union leaders are fighting among themselves about which union should furnish these extra, needless men. The Brotherhood of Locomotive Engineers have even threatened a strike. You may not be interested in this dispute of these two unions, but you would be vitally concerned if these groups succeed in putting through this feather-bedding scheme, because it would mean a slowing up of the improvement program of the railroads—of which the diesel is the outstanding symbol. Diesel crews are among the highest paid railroad employes—real aristocrats of labor! Their pay is high by any standard. Granting of these demands, therefore, would mean that the railroads would be paying out millions in unearned wages to those in the very highest pay brackets.  
We'd Like To Spend This Money On You  
You know how much the diesel has meant to you in increased speed, comfort and convenience. The railroads have many more of them on order for even greater improvement in service to you. But needless drains of money, such as this present demand of the unions for needless men on diesels, reduce the ability of the railroads to spend money on better service for you.  
Frustrated as the railroads are of the diesel, it is only a small part of their improvement program. Since the War, literally billions of dollars have been spent on improvement of tracks and stations, on new passenger and freight cars, as well as on diesel locomotives, and on the many other less conspicuous details of railroading that contribute to improved service.  
Feather-Bedding Means Less Service To You  
But brazen feather-bedding schemes like the one now proposed would, if successful, divert large sums of money from our present improvement programs. Even worse, they make improvements like the diesel worthless, by making the cost of their operation prohibitive.  
These demands are against YOUR interests—as well as those of the railroads. They are schemes to "make work". Neither you nor the railroads should be forced to pay such a penalty for progress.  
That's why the railroads are resisting these "make work" demands to the last ditch—and why they are telling you about them.

An easy to understand guide to this year's drastically changed income tax law. The increase in personal exemptions, the increase in the maximum medical deduction, the new "tax credit" idea, other exemptions, the new "community-property" provisions, etc., are amply explained. Read "How To Save On Your Income Taxes", in the American Weekly, the great magazine distributed with SUNDAY'S CHICAGO HERALD-AMERICAN.

September by the University of Michigan Extension Service enrolled nearly 900 persons in classes in 11 cities. Charles Sill, coordinator of the program, has reported.

The real estate courses are supervised by the University's School of Business Administration and are offered in cooperation with the State Board of Control for Vocational Education. Local real estate groups are also assisting.

Classes were conducted during the Fall term in Ann Arbor, Allen Park, Detroit, Monroe, Saginaw, Grand Rapids, Traverse City, Port Huron, Muskegon, Birmingham, and Flint. Additional classes are now being organized for Spring term instruction.

**Harmony Valley**

(continued from page 1)  
program will be continued. Additions of adventures in wood craft and in home gardening are pro-

jected. Four mysteries considered in the mystery hour (mysteries above, below, upon the earth and the mystery of man himself) will also be continued. Government as one phase in the Mystery of Man

Himself is expected to get considerable attention in this division of the four mysteries considered. In spite of imperfections as compared with perfection, the marvel of the effectiveness of government as a factor in making reasonably comfortable living possible for so many millions of human beings is a consideration intensely interesting to most thoughtful citizens.

In addition to this adventure in government being fun, every person contacted in the survey considered a non-partisan, non-conflict, objective consideration of government would also be useful. Discoveries which lead to admiration and respect for our form of government is an excellent base for a justified faith. Obviously, a genuine and abiding faith of the governed is a major factor in the strength of any government.

The play program projected for Harmony Valley's summer season is a Friday night open house; the Saturday program continued; and a Sunday afternoon song fest directed by Mr. Worth Mallory, vocal music director in the Rochester High School.

Since development of dormitory facilities has increased the dis-

service range of Harmony Valley, the Host and Hostess suggest that our Clarkston folks make inquiry at this time if interested in the Center's Saturday classes.

**County Council Meets Feb. 11**

The Oakland County Council P. T. A. will have its first meeting of the new year on Friday, February 11, 1949 from 10:00 A.M. to 3:00 P.M. at the Waterford Community Activities Building, 5640 Williams Lake Road.

A workshop will be held from 10:00 A. M. until 12:00 noon for presidents, secretaries, treasurers, membership, publicity and programs.

At noon, a pot-luck lunch with coffee and rolls furnished by co-hosts, Williams Lake and Waterford village schools, and bring a dish to pass.

From 1:00 P. M. to 3:00 P.M., Mrs. Robert Hickson, Council Historian, has charge of a Founders' Day program. Each local is requested to bring their historian's book for display.

All delegates and presidents of the locals are earnestly requested to turn out for the meeting, as a nominating committee is to be named at this time.

**Coming Events**

The regular O. E. S. meeting will be held on Monday night, Feb. 7, at 8 o'clock. On Tues. night Feb. 15th, the local chapter will observe Friendship Night when the Oakland County Officers will be honored.

The Clarkston Royal Neighbors will meet on Wednesday, Feb. 9, at the home of Mrs. Howard Sage. There will be the usual pot-luck luncheon at noon followed by the regular business meeting.

The Michigan Rangers will meet Saturday evening at the home of R. F. Kitchen, for a short business meeting at 9 o'clock followed, weather permitting, by a sleigh ride and chili dinner at the Clark home, 11410 Clark Road. Members should be present and bring a friend.

There will be a meeting of all of the Guilds of Our Lady of the Lakes parish on Wednesday, Feb. 9, at the home of Mrs. W. P. Crowe, 5660 Williams Lake Road. The Mary-Martha Guild of Williams Lake will act as host. There will be a business meeting followed with refreshments.

The square dancing class being sponsored by the Clarkston P. T. A. on Thursday nights in the school auditorium was well attended last week. There were 94 present and had a grand time.

**Card of Thanks**

We wish to express our heartfelt thanks to our friends and neighbors in Waterford and the nearby communities for the many courtesies and offers of help extended us when fire destroyed our greenhouses last Saturday morning. We especially thank the fire departments from Clarkston and Waterford for their splendid cooperation.
