CLARKSTON, MICHIGAN, FRIDAY, FEBRUARY 18, 1949

Clarkston Team Clinches Title

Although two games remain on schedule, Clarkston is sure to win the league trophy. Last Friday Clarkston defeated Country Day. Although the final score was 57-45 the game was very close. Country Day jumped into an early lead by scoring 8 points before Clarkston broke the ice. At the end of the first quarter Clarkston had gone into the lead by the score of 11-9. At the half the score was 28-21. The third quarter Clarkston went way out in front and it seemed it would be an easy victory. In the fourth quarter however Country Day put on a scoring spree that brought the score up to 40-43 in favor of Clarkston. Clarkston came to life at this time and really put the game on ice.

Dubats was again high point man with 19 to his credit. This Friday Clarkston plays its last home game of the season when Log Cabin come to Clarkston.

They plan to stress the importance of a complete decorating service and the convenience of planning, decorating or redecorating with a supplier experienced in applying paint and wallpaper.

On Wednesday and Thursday nights of last week the folks in Waterford and Community had a good time presenting the home talent show "Laff It Off". The story brought to life the pages in a newspaper. The children's page, the funnies, society page, radio page, pioneer days, Dorothy Dix and many of the popular columns were portrayed so well that the folks in the audience could not realize that the characters were from their own community.

The patriotic climax to the show was quite stirring and everyone left the auditorium feeling that the show had been a success.

The show was sponsored by the Community Activities, Inc., to raise money to help complete more of the building.

Rotary Clubs Have Ladies' Night

On Monday night the Waterford-Drayton Rotary Club held their annual Ladies' Night. The members of the Clarkston Rotary Club and their wives were guests also. There were about 100 present.

Club Learns Textile Painting

The Clarkston Home Extension Club met on Thursday last week at the home of Mrs. Floyd Hammond with 21 members and guests present. The meeting with the chairman, Mrs. Bradley Miller in charge, started at 10 in the morning and a cooperative luncheon was served at noon.

The lesson on "Textile Painting" was presented by Mrs. George Perry and Mrs. Harry Bates. Mrs. L. D. Gaynor who had taken quite a little of this work while she was wintering in Florida, assisted the leaders. The lesson was quite interesting. The members cut stencils and got their material ready to do the actual painting.

On Wednesday of this week the group met at the home of Mrs. Walter Barrows and continued the lesson. They enjoyed a dinner-pull lunch at noon. Before the day was over many of the members had finished their painting and all were quite pleased with the results.

The next meeting will be held at the home of Mrs. R. C. Beattie on Thursday, March 10th. The lesson will be "Making New Hats from Old".

Sound Film At Waterford Church

Full Color sound films of recent scientific discoveries of undersea life will be shown at the Waterford Community Church, Tues. Feb. 22 at 7:30 p. m. Under the title "Voice of the Deep", released this fall by the Moody Bible Institute of Science, the audience will not only see such exotic creatures as the snapping shrimp and the porpoise, but will hear them as well.

"Fish talk" the amazing discovery made by the Navy and by

the staff members of the Moody Institute of Science in Los Angeles, shows that the fishy inhabitants of the "silent deep" are not silent after all. Instead they cackle, cluck, click their teeth and create a general hub-bub that resembles a marine farmyard.

The film furnishes a study of "Garibaldi" and some identified "night" sounds.

In conjunction with the scientific story of the discovery of underwater sound, producer Irwin A. Moon brings in the parallel of the unknown spiritual realm. Because man could not hear fish communicating, he has said they were silent. In the same way, Dr. Moon points out, many deny the spiritual aspect of life because of a lack of knowledge and experience.

In addition to the Voice of the Deep, shown by John McCarrell, field representative of the Moody Bible Institute, "Against the Tide" a fifteen minute sound film in natural color depicting Moody students engaged in practical Christian work will also be shown.

All are cordially invited to attend.

Gold Medal Award
FASHION ACADEMY OF NEW YORK SELECTS

The '49 Ford
AS THE "FASHION CAR OF THE YEAR"

Citation "The 1949 Ford embodies all the essential qualities of good taste, modern design and subtle harmony in line and color. It is indeed a compliment to the style-conscious woman who will recognize and appreciate the flattering background it provides for her best dressed appearance."

Chief Honorary Secretary
President, The Fashion Academy of New York

And "looks" are only half the story!

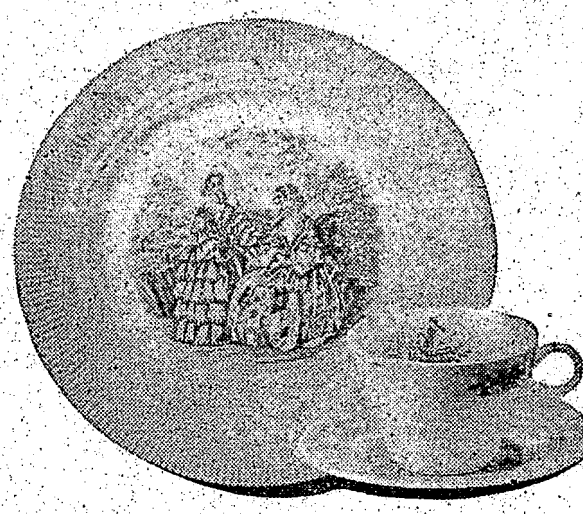

Take the wheel... try the new Ford "FEEL"

The Fashion Academy of New York has been noted for the past 20 years for its annual selection of "America's best dressed women." The '49 Ford was chosen to receive the Fashion Academy Gold Medal after 1949 automobile models of all makes and in all price classes had been carefully studied from the standpoint of excellence in design, simplicity and feminine style appeal. This recognition of Ford leadership in the modern trend of automobile design stands as a unique tribute to the work of Ford's Styling Department and of Design Consultant George Walker of Detroit.

The Hilltopper

We have 3 famous oil paintings on display in the upper hall.
 1. View of Toledo by El Greco, a Spanish Artist. His real name is Domenico Theotocopuli. He is noted chiefly for his religious paintings. This is his only landscape.
 2. Edward VI as Prince of Wales by Hans Holbein a German painter.

This picture was painted to be presented to King Henry VIII as a New Year's gift. He was court painter to Henry VIII.
 3. The Shell Game by Jerome Bosch. He is a remarkable original painter. His paintings are filled with extravagances and fantastic exaggerations.
 The Gideons came to the High School Feb. 14th. They gave away about 400 new testaments to all pupils who wanted them free of charge.

The Variety Show has been postponed indefinitely.

KINDERGARTEN NEWS

The Kindergarten Classes enjoyed valentine parties on Monday.

Mrs. Krieger and Mrs. Wilson, A. M. class room mothers, furnished valentine cookies as did Carol Sherman's mother. The children appreciated them very much. The afternoon class wishes to thank Mrs. Robbins and Mrs. Gunter their room mothers, for the valentine cookies they sent for their party.

The Kindergarten children are enjoying their new books "Play and Learn", and look forward to the lesson each day.

We hope all the children who are ill will be well soon and back to school.

FIRST GRADE NEWS

We are enjoying Rhythm Band practice. Our first piece is, Twinkle, Twinkle, Little Star.

Our handwriting bulletin board has many samples of our writing. We like to write.

Books we have enjoyed hearing recently are "The Smallest Puppy" and "Flop Ear Hound."

We have twenty-four new books in our room, and much to our surprise and pleasure we find that we can read them instead of first looking at pictures. Reading is fun.

Both classes enjoyed a Valentine Box and Valentine cookies and candies.

FIFTH GRADE NEWS

We are all so excited about the Detroit News Spelling Bee. We are having spell-downs and extra help whenever we have time.

We had our Valentine Party Friday afternoon. We all enjoyed seeing the beautiful valentines and playing games.

We are studying the Western States in Geography so Friday we were hosts to the third, fourth, and sixth grades in the gym. We showed some colored movies of Yellowstone Park, the South Dakota Bad Lands, Great Salt Lake and Colorado.

SIXTH GRADE NEWS

In Geography we have been studying about Holland. We have drawn some very attractive pictures.

On our blackboard we have drawn a picture of the early 1800's. We are now painting it.

Monday a man from Gideons came to our room and gave each of us a copy of the New Testament. In the front of our testaments there are many hymns. He also left the room a Bible.

In English we are going to make a paper, called the "Grade School Star Sentinel".

In spelling we had 17 correct papers and 11 with only one mistake.

POTATOES A GOOD VITAMIN FOOD
 Although we may not think of

potatoes in terms of vitamins, we eat them so frequently that they become an important source of vitamin C.

Usually we think of vitamin C in connection with oranges and grapefruit because they are the chief sources. Vitamin C is important for both children and adults reminds Josephine Hoke, home demonstration agent. Lack of vitamin C for too long a time causes the disease known as scurvy. Since we know that both children and adults need it to maintain strong muscles and sound teeth, it is important to plan for vitamin C in our diets.

From Edna Brown, foods researcher at Michigan State college, comes the word that experiments in Tennessee show some vitamin C in sweet potatoes. In fact, sweet potatoes contain several times as much vitamin C as the white or Irish potato. Since they are both starchy vegetables, it might be a good idea to use sweets sometimes in place of white potatoes.

Irish potatoes keep most of their food content when they are boiled in their jackets. If the potatoes have thin skins, the skins are often eaten and one finds they have a flavor all their own. Near the outside and in the skin are stored most of the minerals found in the potato.

Michigan is one of the leading states in production of Irish potatoes in the nation. This makes it easy for everyone to grow or buy best quality potatoes.

Rural Tele-news

THESE NUMBERS PLEASE—In 1948, Michigan Bell made great strides in bringing more and better telephone service to the rural areas it serves. Last year, 23,000 more telephones were installed, 10,800 miles of wire were strung, in addition to many miles of buried wire and cable, and 23,000 new telephone poles were set.

INSIDE STORY—Installation of new central office equipment inside a number of telephone buildings during 1948 made possible the replacement of nearly 3,000 "turn the crank" telephones with dial or "lift the receiver" instruments. This also enabled Michigan Bell to reduce the number of other rings heard by subscribers or those rural lines.

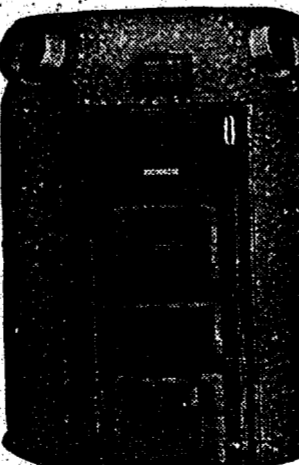

MORE AND BETTER SERVICE—At the end of 1948, seven out of every ten families in rural areas served by Michigan Bell had telephone service. Seven out of eight rural telephone customers were on lines having eight parties or less.

MY MOW CURING SYSTEM PAID FOR ITSELF IN THE FIRST YEAR!

FOUR OTHER ELECTRIC HAY DRYING ADVANTAGES

1. Easy to set up—any size barn will do; no boilers or coils needed; ducts are easy and inexpensive to build. Mow-curing requires no change from your present system of making hay.
2. Cuts down weather risk—permits cutting at right stage of maturity; eliminates loss from rain, dew and excessive bleaching; saves hay losses in bad weather.
3. Improves hay quality—eliminates leaf shattering, sun burning; assures more leaves, more color; gives increased food value, increased market value.
4. Reduces dangers of spontaneous combustion—controlled temperatures in mow prevent hazards of fire.

CAN BE USED WITH LONG, CHOPPED OR BALED HAY.

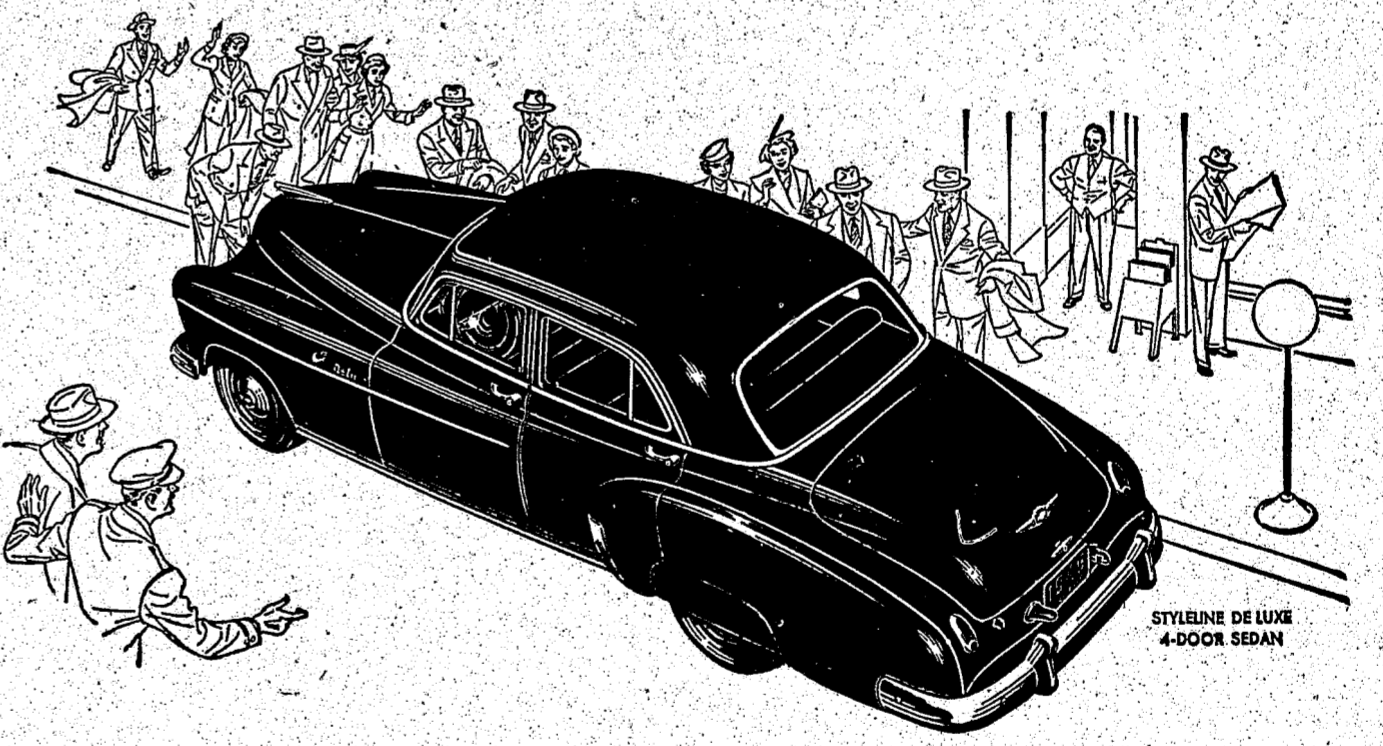

ELECTRIC HAY DRYING EARNS AS IT SAVES!

Mow-cured hay has a greater market value—you get top dollar for top quality hay. Hay cured in the mow reduces supplemental feeding, and produces more milk. Farmer in all parts of the country say that electric hay drying pays for itself in the very first year.

Ducts, or slatted drying systems, are expensive to build, and have low operating costs. Equipment is simple to install, and increases mow storage. For complete details ask your Edison Farm Service Advisor soon. He can give you practical help in planning a low-cost curing system for your barn.

HOW TO TREAT FROSTBITE

Skating, skating, tobogganing and ice-fishing enthusiasts at the state's lakes and winter sports areas got advice on how to treat frostbite from the Michigan Department of Health.

Do not rub snow on frostbitten areas; both rubbing and snow are harmful, it said.

The best treatment is to gently cover the frozen ear, nose, face, fingers or toes with the hand until circulation is reestablished. It is important to restore the frost-bitten area to normal temperature gradually. Hot water and other sources of heat should not be used.

Signs of frostbite are loss of feeling and a gray appearance. Both are results of disappearance of blood from the area. When circulation in the area cannot be restored readily a physician should be consulted at once.

Frostbite most frequently occurs when extreme temperature is accompanied by high winds. The wind helps to remove the heat from unprotected parts of the body. Suspect frostbite when, after being extremely cold, there is loss of feeling, the department said.

KNOW BACKGROUND OF BABY CHICKS

Don't let cold weather keep you from planning about your spring poultry operations, says Howard Zindel, Michigan State college extension poultry specialist.

To avoid losses from disease, it's a good idea to know the background of chicks that you buy. They should come from flocks that have a history of producing lots of large eggs.

RITEs READ IN INDIANA

Large baskets of gladioli, iris and jonquils formed the background in the Grace Methodist Church in Rochester, Indiana, last Saturday afternoon at two o'clock when Miss Virginia Stewart,

daughter of Mr. and Mrs. Russell Stewart of Rochester and Paul F. Zartman, son of Mrs. Gertrude Zartman, also of Rochester, spoke their marriage vows.

The Reverend Thomas Luke read the rites before seventy-five guests. Mrs. Robert Shafer presided at the organ for the traditional music. The bride, given in marriage by her father, was attired in a smoke gray faille dress with green accessories. With this she wore a shell pink hat and gloves and a corsage of pink gardenias.

Miss Barbara Stewart of Drayton Plains, cousin of the bride, as maid of honor wore a smoke gray faille dress with navy accessories and a corsage of yellow roses.

Assisting the bridegroom were Joseph Callahan, a student at Purdue University, as best man and John Stewart, brother of the bride and William Savage of Macy, seated the guests.

Immediately following the cere-

mony a reception for 35 guests was held at the home of the bride's parents. Mrs. D. B. Shafer, Miss Anna Kummer and Miss Mary Ellen Stewart, sister of the bride, served.

The newlyweds are both graduates of the High School in Rochester, Indiana. Mrs. Zartman is employed as receptionist at the Seal-Ed Power Corporation and Mr. Zartman, who served in the navy for two years, is a junior at Manchester College in North Manchester.

Out-of-town guests included Misses Barbara and Susan Stewart of Drayton Plains, Mich.; Charles Jackson of Atlanta, Ga.; Mr. and Mrs. Garland Maxwell and children, Mary Ellen, Kenneth and Phillip of Battleground, Ind.; and Mr. and Mrs. James VanCuren and daughter, Barbara Ann of Ft. Wayne, Ind.

Mr. and Mrs. Russell Stewart, parents of the bride, are former residents of Drayton Plains.

THE CATHARTIC HABIT

★ Too many people are influenced by stories concerning "intestinal cleanliness" or "stimulating the flow of bile." Many cases of simple constipation do not require a laxative at all, but only a minor change in diet and habit.

The habitual use of cathartics is dangerous. Such misuse is often followed by chronic ill health. Strong laxatives are particularly dangerous when taken to relieve abdominal distress. The source of the pain should always be accurately determined by your physician. The safe procedure is to consult him. If a laxative is needed, he will prescribe a safe preparation with proper instructions for dosage. Then bring your prescription to us for expert compounding.

Universities, and became engaged in newspaper work. He spent a year with The Detroit Free Press from the fall of 1916 to the fall of 1917 when he joined the staff of the old Detroit Journal as a special feature writer. He served in the First World War from March, 1918 to April 1919, at which time he went back to the Journal for a short period after which he accepted a position with the Tacoma, Washington, News-Tribune, in the editorial department.

Mr. Channing served as First Reader of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, later serving as a member of The Board of Trustees of The Christian Science Publishing Society. HOME BUTCHERING REQUIRES CARE

Home butchering is profitable on the farm and many rural people are now replenishing their lockers, jars and pantries.

But unless due caution is used, home butchering can be dangerous. George Amundson, agricultural engineer at Michigan State college provides a few simple rules to reduce accidents.

One of the greatest causes of injuries is slippery footing. Ice should be removed from the spot where butchering is to be done and ashes sprinkled on the ground. If the job is done indoors, sand, sawdust or crushed rock salt will improve the footing. Keep fat and meat trimmings off the floor.

Equipment, too, should be used with care. All knives should be kept in a suitable place when not in use. Hoisting equipment should be checked. A tamper should be used to force meat into the grinder. Children should be kept away from butchering operations, the specialist concludes, and extreme care used with scalding water.

Waterford Township

by the president, Miss Elaine Dorman and committee reports were given. A card party is being planned and all proceeds will go into the building fund. Marie Specht was elected as delegate to attend the National Security Luncheon in the Book Cadillac Hotel in Detroit on February 22. Refreshments were

served by the hostess.

Forty-five persons representing the township gathered at the township high school last Friday evening and formed a citizens committee, with Raymond Ehl, president of Fourtowns P. T. A. as chairman, to urge the residents of the township to see that the Bond issue and building program is carried on the election on March 16. Persons not already registered are urged to do so before March fifteenth. A new school is badly needed as the pupils from the seventh grade through twelfth are now going on a split schedule.

The pupils in the township schools contributed \$178.20 through the March of Dimes. The Clintonville school gave \$9.10; Covert, \$12.00; Donelson, \$23.16; Drayton Plains, \$23.83; Fourtowns, \$25.10; Lambert, \$40.40; Newberry, \$4.00; Stringham, \$33.65; Waterford Center, \$40.00; Waterford village, \$65.30; high school \$34.83; and the Williams Lake School, \$66.83.
