## Rotary Club News

The speaker Monday of this week at the Clarkston Rotary Club was Frank I. Kennedy, president of the Abstract and Title Insurance Co., and former practicing attorney of Detroit. His subject was title insurance—a subject that touched upon something of interest to everyone who owned any real property. Of more than passing interest to members of the bar present were the subtleties used to collect under these policies by that class who has always tried to look for easy money.

Three announcements of interest were made: There will be no meeting next Monday because it is Memorial Day; June 5th meeting will be held at the Pontiac Airport—those arriving during the afternoon may have a free airplane ride; Ladies' Night will be held the 20th at Rotunda Inn.

The dinner was in charge of Mrs. G. L. Poulton, assisted by Mrs. Durand Ogden, Mrs. W. C. B. Saxman, Mrs. George Marshall and Mrs. E. L. Jones.

Last Tuesday night at the Flint District Youth Fellowship banquet held in Flint Leslie Boyns of the local group was elected district treasurer. There are 108 churches represented in this district and the young people of Clarkston were proud to have one of their group elected to a district office. A short time ago Leslie was made treasurer of the sub-district and now his work will cover a much larger area.

## Clarkston Wins Last League Game

Clarkston 3 Log Cabin 0

Behind the two hit pitching of Gib Wells, Clarkston won its tenth and last league game of the 1949 season. In the second inning Lambertson walked and went to second when Sutton singled. Lambertson stole third and Sutton took second. Lambertson scored when Bob Olson grounded out. This proved to be the only needed run however two more were scored in the sixth. Fell opened with a double. Wells followed with a single, Fell stopping at third. Wells stole second. Lambertson singled scoring both Fell and Wells.

Wells struck out seven, walked three and gave up two hits. His record for the season is three wins and no losses. At the present time he is Clarkston's leading batter. In this game he got two for three and scored one of the runs. Lambertson got one for one which drove in two runs.

The baseball season has been highly successful for the Clarkston team. This year's team has been able to come through when the chips were down. Twice during the season when Clarkston has been behind in the last inning with two out and no one on base they have come through to win. The record compiled by this year's team will be hard to beat.

## CLARKSTON WINS ENDURANCE CONTEST IN THE 11TH

Tuesday, Clarkston, winners of the Twin County Conference, traveled to Oxford and engaged the winners of the Tri-County League in a pitcher's duel. This game was packed with thrills. Oxford was in position to score several times, but fine fielding plays and cool pitching by "Big Red" left the runners stranded on bases.

Galba opened the first inning for Oxford with a single and went to second on a passed ball. He went to third when Allen grounded out. Stoddard fled out to Leak who let go with a perfect peg to cut down Galba trying to score after the catch. The second inning really looked dark for Clarkston. Addiss opened for Oxford with a single and went to second when McMillan singled. Sutherby followed with a single to left field. Addiss was off with the hit and continued around third, but was thrown out at the plate by a perfect peg from Dubats. In the tenth for Oxford, Jones grounded out. Churchill singled. Galba fouled out to Miller. Allen singled. Stoddard reached first on an error. This filled the bases. Oxford's clean up man came to bat. He worked the count to three balls and no strikes. Keating got one strike by him and when Keating "grooved" one he took a cut at it and popped to Dubats. This pulled Clarkston out of a bad situation.

Up to this point Clarkston had been unable to get a runner beyond second base. In the eleventh a knowledge of rules proved to be the deciding factor in winning the game.

Wells grounded out to open the inning. Sutton singled and went to second when Dubats walked. Miller struck out. Leak came to bat and also struck out, but the catcher dropped the ball. Leak took off for first, but the Oxford catcher, believing that because first base was occupied the batter was automatically out, merely tossed the ball out on to the diamond. The Oxford infield started coming in for their turn at bat. In the meantime Sutton came from second, around third and continued on in to home. Leak reached first and was called safe and Sutton's run counted. The rule says that when two are out even with a runner at first and the catcher drops the ball on the third strike, the batter must be tagged, or thrown out at first before he is out. This miscue cost Oxford the game.

Oxford made a good try for it in their half of the eleventh. McMillan singled and went to second when Sutherby grounded out. Heichel walked. Jones fled to Dubats and Churchill fled to Keating.

This was a great finish for the Senior boys. The Seniors will be on their trip when Clarkston meets Waterford in the last game of the season. The boys who played their last game for Clarkston are Capt. Bob Fell, Gib Wells, Joe Sutton, Don Dubats, Roy Johnson, Dave Leak, and Dan Keating. These boys will be hard to replace when next year rolls around.

## Art Club Being Formed

The Art Club will hold its second monthly meeting at the home of Mr. and Mrs. Sherman Lowery, 40 Buffalo St., on Wednesday evening, June 1st at 7:30. There will be installation of officers followed by entertainment and a studio supper.

## "Cathy R." Fund Reaches \$392.00

The "Cathy Richardson" Fund started by the Rotary Anns or Clarkston has now reached \$392.00. For those who do not know what this fund is and what it is for it might be said this fund was started for the purpose of helping Cathy Richardson, one and a half year old daughter of Mr. and Mrs. Duane Richardson of S. Main St., Clarkston, who struggled through a severe illness last winter underwent two or three serious operations, and finally had to have her leg amputated above the knee. The child must learn to walk with an artificial limb which must be replaced as she grows. This means that Cathy will have many years of perseverance. This fund will help purchase legs and thus help Cathy to have a nearly normal life.

Everyone is asked to contribute to this fund and so be a good neighbor. Stop in at the Clarkston State Bank and donate even if it is only a few cents. Every little counts.

## Mrs. Byron Nolan Hostess To Club

On Tuesday evening the Clarkston Rotary Anns met at the home of Mrs. Byron Nolan on E. Washington. Mrs. Don Stackable was co-hostess.

At the business meeting conducted by the president, Mrs. Paul Henry, plans were completed for the rummage sale to be held in Pontiac on Saturday morning for the benefit of the Cathy Richardson Fund. A contribution of \$280.00 was made to the fund raising it to \$392.00. It was decided to have a luncheon at the June meeting when the new officers will be installed.

The following were elected to the Board of Directors: Mrs. Earl Terry, Mrs. Don Stackable, Mrs. R. L. Jones, Mrs. Richard Morgan, Mrs. William Sharpe, Mrs. Robert C. Beattie and Mrs. George Perry. At a meeting of the Board held later in the evening Mrs. Don Stackable was made president; Mrs. Earl Terry, vice president; Mrs. Richard Morgan, recording secretary; Mrs. Robert Jones, treasurer, and Mrs. William Sharpe, corresponding secretary.

Following the business meeting Mrs. Ralph Thayer, program chairman, called on Mrs. Robert Buerbig who introduced Mrs. Fred Freytag, hat designer, milliner and dressmaker from West Acres and Mrs. B. Hancock, also of West Acres. The group enjoyed seeing the large display of custom-made hats and were greatly interested in hearing Mrs. Freytag tell how simple it was to re-model hats and make creations pictured in magazines.

To close a very fine evening dainty refreshments were served from a table covered with a lace cloth and centered with a pretty arrangement of daisies flanked by white tapers in crystal holders.

## The Hilltopper

Wednesday noon thirty-nine Seniors, their sponsor, Mr. Bonner and his wife, left on their trip to Washington, D. C. They were taken to Detroit by school bus and there they boarded the Baltimore and Ohio. They expected to arrive in Washington Thursday morning. Thursday and Friday there are planned tours of places of interest. Thursday evening each is free to go to the place of his choice. Friday evening they catch the train for the return trip and arrive back in Clarkston sometime Saturday morning. We will have more to report on actual places we have been in the next issue of the paper.

This is the biggest undertaking so far by any Senior Class of the school. The Seniors have worked very hard to accumulate the large sum of money necessary to make this trip. Each member should have a fine time as well as a profitable experience.

Mr. and Mrs. Floyd Ainsley of Chicago attended the funeral of his father, Clarence Ainsley, on Tuesday.

## Wear A Poppy Memorial Day

"A poppy on every coat—remembrance in every heart" will be the goal of the American Legion and Auxiliary when they observe Poppy Day and Memorial Day this year.

All Poppy Day workers give their time without pay and the contributions made for the poppies will go to the rehabilitation and child welfare funds of the Legion and Auxiliary, to be used for the benefit of disabled veterans and needy children of veterans during the coming year. Poppies are made by disabled veterans of World Wars I and II. They are crepe paper replicas of the famous wild poppies of France and Belgium which bloomed on the battlefields and cemeteries of both world wars, and which have been the symbol of remembrance for the dead ever since the first World War. Thousands of disabled men and women unable to do other work, have been given employment making poppies this year.

Poppies will be sold in this district today and tomorrow.

## Men's Club Serves M & D Banquet

On Wednesday evening the Men's Club of the Methodist Church served a Mother and Daughter banquet at the church. This was really an outstanding occasion as the mothers and daughters were not asked to help in any way and the menu and program were a real surprise.

The decorating of the table was in charge of William Ladd and he certainly did a beautiful job. The tables were covered with white cloths and down the center were pastel colored candles set in moss. At each place was a colorful tulip nut cup with a pretty swan bird standing guard. These little favors were very unique and the mothers and daughters were greatly pleased.

Mrs. Walter Saxman gave the invocation and then everyone enjoyed the tasty food that had been prepared by the men. In the kitchen were: T. S. Boyns, Charles Rockwell, Robert Jones, Charles Robinson, Reverend Saxman and Garnet Poulton. Giving extra good service in the dining-room were: William Mansfield, chairman, Ralph Thayer, Ward Robbins, Howard Saft, Don Beach, Kenneth Johnson, Robert Waters, Arthur Rose, Alfred Lee, Richard Bullen, Keith Leak and David Robertson.

Mrs. Lloyd Sibley, president of the W. S. C. S. thanked the men for their courtesy and hoped they were planning to make this their annual mother and daughter banquet to be held, starting in 1950, on some evening during the week previous to Mother's Day.

Charles Rockwell, president of the Men's Club, opened the program with a few words of welcome and then introduced Mrs. Huggleston of Chicago (Charles Robinson) who was dressed in the latest Chicago fashion and had a modern hair-do. He presented potted plants to the oldest mother present, Mrs. Myra Wieland; the youngest mother, Mrs. David Mansfield and the mother with the most daughters present, Mrs. Carrie Walter. After a few words from Charly he presented Hal Marshall, the magician. Mr. Marshall entertained with his magic feats.

## The Flowers Bloom

On stem and twig throughout the year, Each in its way have blooms appear. Some fill with fragrance, morning air. To spread their message everywhere; While others on the ground must grow, And start their blooms beneath the snow. Each bloom itself a priceless prize, Regardless of its shape or size, Imparts its earthly message well. By colors bright or fragrant smell. When God created His great plan He placed a blessing on each man. By sending proof of holy power, And made each stem and twig to flower. Life carries much that's not too bright, With many souls there is no light. Many a life is blue and sad. O'er run with everything that's bad, But always there's a stem in bloom. To push aside our earthly gloom. Reminding us of things we'll see When we pass to eternity.

To spread their message everywhere; While others on the ground must grow, And start their blooms beneath the snow. Each bloom itself a priceless prize, Regardless of its shape or size, Imparts its earthly message well. By colors bright or fragrant smell. When God created His great plan He placed a blessing on each man. By sending proof of holy power, And made each stem and twig to flower. Life carries much that's not too bright, With many souls there is no light. Many a life is blue and sad. O'er run with everything that's bad, But always there's a stem in bloom. To push aside our earthly gloom. Reminding us of things we'll see When we pass to eternity.

#### FIELD TRIP TO PONTIAC MOTOR DIVISION

The Physics and Chemistry classes went to the Pontiac Motor Division last Monday morning. We arrived at the main gate at about 9:45. We entered the building at the place where the assembly line started. The chassis was laid on the assembly line at the beginning and as it slowly moved along the workers put different nuts and bolts on it. It then came to a point where the motor was put into place. We then saw the different transmissions put in place, the hydromatic and conventional gear shift. We also saw the differential and universal joint attached to the chassis. At this point the chassis went through a closed section where they were sprayed so that they wouldn't rust. After this the body was let down through an upper story and bolted in place. The front fenders, hood, bumpers and other finishing touches were put on.

After we saw this part we went to the laboratory. We saw them test the metals for hardness. They showed us how they tested the oil for viscosity.

We then headed back for Clarkston arriving at about 12:00. All in all we had a very enjoyable

and interesting morning. We learned and saw about what we had read in class. Dave Saxman

#### THIRD GRADE

We were sorry to have Stephen Wise move away before the end of the school year.

In Social Studies class we have been reading about birds and their nesting habits and have drawn robins and colored other birds and nests.

We are enjoying our ball games on the playgrounds.

#### SIXTH GRADE

Friday we had 32 pupils who wrote a perfect spelling lesson.

We are doing review lessons in arithmetic.

Friday Mrs. Johnson taught in our room as Miss Sharpe went to Ypsilanti to the Centennial celebration at Michigan State Normal College.

#### SEVENTH GRADE

The seventh grade has planned a class party for Thursday, May 26. We have planned to have a baseball game for the boys and then have supper. After this a movie, "The Return of Topper", a comedy starring Cary Grant will be shown. The party must be over at nine o'clock.

#### SENIOR ACTIVITIES

#### JUNIOR-SENIOR BANQUET

The annual Junior-Senior Banquet was held at the Clarkston High School last Friday evening, May 20th. 120 seniors, juniors and faculty members were present at the banquet prepared by the mothers of the members of the Junior Class under the chairmanship of Mrs. Leach. Orin Shell was toastmaster for the evening. The program was as follows: Invocation, Rev. W. C. B. Saxman; Welcome, Shirley Allen; Response for seniors, Joan Gorman; Piano solo, Jean McIlrath; Class Will, Mary Lee Volberding and Patricia Doyle; Class Prophecy, Albert Potter; Farewell, Berdie Lou Cross. Mr. Ladd presented music awards to David Yoh and Don Healy for their work in the band and chorus, Mr. Laws presented Mary Jane Beattie with the good citizenship all school award and Bob Fell with the Student Council award. Mr. Ridgley gave the scholarship award to Patricia Doyle and Mr. Thayer presented athletic awards to John Adams and Bob Fell. The program was brought to a fitting close by the quartet, Lewis Masters, Richard Allen, Spenceley Butters and David Leak.

Following the banquet the La-Monte M. Corp orchestra furnished music for the dance. Mr. Heim-

The gym was attractively decorated by the Juniors.

#### GIRLS' STATE SLATED JUNE 14 TO 21 AT U-M

The Ninth Annual Wolverine Girls' State will be held on the University of Michigan campus from June 14 through 21.

The Wolverine Girls' State was organized in 1941 and is sponsored by the American Legion auxiliary. It is dedicated to the training and development of girls who show inherent qualities of leadership.

Members of the University staff will offer instruction, guidance and demonstrations in household arts, home economics, hospital work, dramatics, fine arts, physical education, dietetics and actual experience in governmental procedure and functions. The 238 girls will be divided into 17 colonies.

#### CONSUMERS TO ADD GAS HEATING CUSTOMERS

Consumers Power Company is seeking to relax its ban on the connecting of additional gas heating customers.

In a petition filed with the Michigan Public Service Commission Monday, the Company said its gas supply has improved to the extent that it can safely take on 12,000 additional space heating customers of household or similar size.

The question as to how the additional customers shall be chosen,

in case more than 12,000 customers along Consumers lines apply for heating service, was left for future determination.

Division Manager David L. Brown, said all present customers of Consumers who do not now use gas for house-heating will receive through the mail within two weeks a form on which they may apply for gas house-heating service.

"After a plan of allocating the 12,000 customers has been worked out with the Commission," he said, "an approval certificate will be sent to each customer who is to receive gas heating service. No one should buy gas house-heating equipment or plan definitely on receiving gas house-heating service until he receives such a certificate from the company."

## LEGION TO HAVE PUBLIC INITIATION AT LAKE ORION

Commander E. S. Capron of the 17th District of the American Legion announces the Public Initiation of New Legion Members, to be held at the Football Field, of Lake Orion High School, on Sunday, May 29th, at 3:00 P. M. Recruits to assemble at 2:30 P. M.

This initiation is being sponsored by the Charleton Polan Post of the American Legion, Lake Orion.

Major Cy Miller of Rochester has promised to bring a large Army Tank and supporting task force for display and demonstration.

All of the colors of the District Legion groups will be shown at the initiation.

A dedication of a Flag Pole, being erected on the Football Field will be one of the highlights of the day. A flag will be donated by the next of kin of Raymond Keken of Lake Orion, a World War No. 1 Veteran who left the flag to Charleton Polan Post, to be donated after his death.

## PARLIAMENTARY LAW TERMED ESSENTIAL FOR GOOD LEADERS

Ability to use parliamentary procedure is an important element in the training for leadership in a democracy.

This is the point stressed by Fred G. Stevenson, consultant in leadership training for the University of Michigan Extension Service.

His views on the subject are contained in an article appearing in School and Society.

"Centralization of governmental functions, and of many trade, professional, and social associations, has taken us a long way from the days of the town meeting when every citizen had an opportunity to observe and to participate in meetings conducted under parliamentary rules," Stevenson asserts.

"The principles of parliamentary law are fundamental: one question or proposal in the immediate focus of attention for decision, at a time; rule by a majority without tyranny over the minority; the right of full and free debate before a decision is made; the equality of members in the rights to introduce, to debate, and to vote upon measures; and respect for the rights of members and for the assembly as a whole."

The emphasis on informal discussion during the past 20 years is cited as perhaps one of the reasons for the present revival of interest in how to get democratic group action through the use of parliamentary procedure.

People want to talk things over but they want the talk to result in action backed by a responsible majority, he points out. He has found little interest in leadership courses labeled as such but that leaders in communities and organizations are much interested in parliamentary procedure.

★ Leeuwenhoek, in 1683, was the first to disturb the privacy of the reeming bustle of the unseen world. The "wretched wee beasties" cavorting innocently under his lens were later indicted and convicted by Koch and Pasteur. Unbeknown to Leeuwenhoek, he had discovered a vicious and unseen world of killers, now known as bacteria, or germs.

The span of time between Leeuwenhoek and Pasteur was almost 200 years. Only an average lifetime has passed since Pasteur's experiments, during which practically all we know about disease and its treatment has been discovered. Our knowledge is expanding at an ever-increasing rate. The pharmacist works with the physician in bringing newer and better medication into the sickroom.

From where I sit... by Joe Marsh

**Two Heads Are Better Than One (Or None)**

I get a kick out of buying stuff down at the hardware store. And I always ask for a little advice from one of the two brothers who run it, because I know beforehand exactly what the answer will be.

Like when I needed a new garden hose, "Henry," I says, "how about this new plastic hose—is it really as good as rubber?" "Well," he says, "I'm inclined to think it is—but you'd better ask Tom."

I found Tom in back and asks him the same question. "Well," says Tom, "in my opinion it is—but you'd better ask Henry." "I already have," I says, "and when you two cautious old codgers agree I'd bet my life on the decision."

From where I sit, your own opinion is worth a lot—but so's the other fellow's. That's why I keep saying, over and over, let's be tolerant of the other person's point of view—whether it's on politics or farming—or whether you like milk shakes and he prefers a temperate glass of beer.

Mrs. Michael Wall of Farmer Ave., was hostess to 12 members of the Drayton Plains Home Extension Club on Wednesday, May 18. An all day meeting was held with a sack lunch at noon. The second dressmaking lesson was given by the leaders, Mrs. Basil

Thompson and Mrs. A. A. Solomon. Mrs. Charles Nolan, Jr., of Rose-lawn Ct., was hostess to nineteen members and guests of the Pearl Sutton Missionary Society on Tuesday evening. The program and devotions on "Drum Calls" from Ethiopia and South Sudan were given by Mrs. Charles Williams. The Society is sending Mrs.

John Hazlett of Bird Island as a delegate to the National Women's General Missionary Society Convention the week of June 5th at Sterling, Kansas. Mrs. Nolan assisted by Mrs. Wm. Moore served lovely refreshments at the close of the meeting. Charles Jankowske, who has been a high school teacher at Arco, Idaho, for the past year has returned to his home for the summer

months. He is the son of Mr. and Mrs. Frank Jankowske of Drayton Plains.

Among the young people graduating on May 27 from Ferris Institute College of Commerce will be Robert Morse of Drayton Plains, who will finish his course with a B. S. Degree in commerce.

Graduation week at Ferris will be May 22 and 23 with final classes May 27. Msgr. Robert W. Bogg, chancellor of the Catholic diocese of Grand Rapids will give the baccalaureate sermon the night of May 22, his topic being "A Compass Pointing", Alexander G. Ruthven, president of the University of Michigan will give the commencement address. Monday night, May 23, using the topic "Never too old to Learn". President Byron J. Brophy will deliver diplomas to the graduates.

News is that Ferris will have a very heavy summer term opening May 31 with many high school graduates planning to enroll for the second six-week term of summer school, thus getting an early start on their college course.

The Drayton Plains P. T. A. met last week for the last session of the school year. One hundred and fifty reviewed an instructive program. A group of Mrs. Dorothy Winters' dancing class, accompanied at the piano by Mrs. Walter Hoehn of Rochester, opened the program. The first and second grade Tonette classes entertained and Thelma Tucker and Dorothy Hosner, baton twirlers, performed. The school band played several selections under the direction of James Vandersall. Mrs. Gordon Bennett gave a report of the P. T. A. convention at Escanaba in April. Mrs. Herman Kinck, County Council P. T. A. president, installed the new officers. Mrs. Francis Duncan and Mrs. Vern Waltz were named County Council delegates. Alternates will be Mrs. James Boaz and Mrs. Charles Williams.

The Drayton Woman's Club met recently in the school auditorium for a pot-luck dinner and business meeting, the last scheduled meeting of the season. The women of the club, who have worked for several years, at last have reached their goal and have enough money for the building of out-door tennis courts at the township park. However, they don't have enough for the paying of labor. They have asked the men of the township for assistance.

Yvonne Mitchell, local 13 year old soprano singer, recently sang at the Knights of Pythias convention. She sang well known songs and was given the honor of introducing the new song "Knights of Pythias". Mrs. John Foote, also of Drayton Plains, played Yvonne's piano accompaniment. A representative from the Lion's Club, who heard Yvonne sing, has en-

gaged her to sing in Port Huron on June 1st, when the Lion's Club will present a talent show. The winner of the contest will sing again on August 27th and will be presented with a \$500 scholarship to any school he or she chooses and a trip to New York.

"Cave Girl Cinderella"—Found living in stone age surroundings in Mexico's Sierra Madre mountains, 20-year-old Crucita Reyes, a Tarahumara Indian, was taken to Mexico City by Dr. Filiberto Gomez Gonzalez. At present she's learning first aid, sanitation, child care and nursing. Next year she'll be taught agriculture and forestry. - A.** ALTES LAGER beer is made exclusively in closed vats, unlike other beers made in open vats.
- B.** Beer made in closed vats tastes better—because air or anything else harmful can't get in—and no flavor can escape from a closed vat.
- C.** Compare the exclusive aged-in, sealed-in flavor of ALTES LAGER with any other beer. Your taste will tell you it's better because it's made in closed vats!
