Rotary Club Up In The Air

This week having been set aside to promote aviation and being known as aviation week, gala celebrations have been held each day at the Pontiac Airport. A number of service clubs in this district were invited to attend and on Monday the Clarkston Rotary Club held their meeting at the airport. The club was informed that its members owned more planes than any other service club to be invited. Following the dinner and a tour of the grounds the majority of the members were given an airplane ride over Pontiac and the lakes north of the airport.

Artists Gather For Evening of Fun

Artists enjoyed another evening of fun and entertainment on Wednesday of last week when they met at the home of Mr. and Mrs. Sherman Lowery, 40 Buffalo St., Clarkston.

The name chosen for the club is "The Southern Michigan Art Club." The following officers were installed: president, Mr. Richmond; vice president, Mr. B. L. Freeland; secretary and treasurer, Mrs. Sherman Lowery; recording secretary, Mrs. Nellie Long.

Mr. and Mrs. S. B. Siddall, hosts at Harmony Valley Folk Art Center, were guests for the evening. Mr. Siddall gave an interesting talk on "How Great Happiness can be obtained by creating or doing the things we like to do."

More beautiful art work was brought in by the artists and included paintings by a new member, Mrs. Pearl Sherman of Ortonville.

The guests had a lot of fun during a 25 minute clay molding contest. Mr. Freeland won first prize for a miniature head of an Indian War Chief and Mr. Richmond was awarded second prize for a sheep's head.

Following the program a delicious studio supper was served by the hosts.

It costs nothing to join The Southern Michigan Art Club. So, if you like to do any kind of art work, why don't you watch for the date of the next meeting and then come and be one of us.

Methodist Church Scene of Wedding

The First Methodist Church in Clarkston was the scene of a very pretty wedding last Saturday afternoon at three o'clock when Constantine Geraldine Spooner and Ardie Richard Grubaugh spoke their nuptial vows before over three hundred guests.

The bride's parents are Mr. and Mrs. F. L. Spooner of Clarkston and the parents of the bridegroom are Mr. and Mrs. Milton Grubaugh of Holly.

The double ring rites were read by the Reverend Walter C. B. Saxman before an altar banked with white peonies and palms and lighted with double candelabra and a lighted cross high above the altar.

Mrs. Frederick Thomas played the traditional music and also played the organ accompaniment for Geraldine Montrose of Detroit who sang just before, and at the close of the ceremony.

The bride, given in marriage by her father, was charming in a gown of white lace over white satin fashioned with a fitted bodice with small satin covered buttons in the back to the waistline; a sweetheart neckline, long sleeves with points at the wrists and a bouffant skirt ending in a cathedral train. Her fingertip veil of illusion and lace fell from a tiara of orange blossoms and she carried a white orchid on a white prayer book. Her only jewelry was a single strand of pearls.

Miss Joyce Spooner was her sister's maid of honor. Her gown of white tulle with a fitted bodice, short puffed sleeves, an off-shoulder neckline and a full skirt caught up at the sides with large bows of contrasting color. She wore a large picture hat of matching material and carried a bouquet of roses and carnations with a scatter spray of ribbons matching her gown.

Miss Irene Stensultz of Detroit and Miss Martha Winslow of Pontiac as bridesmaids were gowned in Swiss taffeta of yellow and pale green respectively, patterned the same as the maid of honor's gown and their flowers and large picture hats matched their gowns.

Little Carol Henderson, four years old, of Pontiac was the flower girl and her sister, Barbara, six years old was the ring bearer. Their floor length dresses were of white organza fashioned the same as the bridesmaids' dresses. At the waistline they wore sashes of yellow and pale green and their headpieces matched the sashes. Carol carried a small basket of flowers and Barbara carried the rings on a small white satin and lace pillow.

Mr. Grubaugh was assisted by his brother, William Grubaugh, of Holly as best man while Charles Bradley of Clarkston served as head usher and the bridegroom's uncle, LeRoy Holmes and Harold Fagan, both of Holly, Marlan Hillman of Davisburg and Leslie Boylan of Clarkston seated the guests.

Following the ceremony a reception was held in the church parlors for three hundred guests. A four tiered, square wedding cake on a large mirror with orange blossoms surrounding the base, centered the white damask covered table. Also gracing the table were white flowers in crystal bowls and white tapers in crystal holders. Hanging from the table just in front of the cake was a beautiful bouquet of mixed white flowers.

The bride's aunt, Mrs. Donald Reish of Battle Creek cut the cake while two other aunts of the bride, Mrs. Roy Nesbit of Battle Creek and Mrs. John Lee of Detroit and an aunt of the bridegroom, Mrs. Donald Hadley of Holly presided at the silver services.

For her daughter's wedding Mrs. Spooner chose a dress of powder blue with matching lace trim, a white picture hat and white accessories. She wore a corsage of pink rosebuds and shattered carnations. Mrs. Grubaugh wore a blue and white print dress with a small white hat and white accessories and a corsage of red rosebuds and shattered carnations.

The young couple left on a short honeymoon in northern Michigan with the new Mrs. Grubaugh wearing a royal blue gabardine, dress-maker suit, a white hat and white accessories. On her coat was the white orchid she carried at the ceremony. When they return they will reside at 7716 Ortonville Road, Clarkston.

The bride is a popular young Clarkstonite as was evidenced by the many lovely affairs that honored her previous to her wedding day. The bridegroom is employed by the Michigan Bell Telephone Company. He spent two years in service with the Marines in China.

Rites Read June 1, 1899

On June 1, 1899, Grace Ballard, daughter of Mr. and Mrs. Van-Ransler Ballard of Clarkston and Charles M. Cross, son of Mr. and Mrs. Aaron H. Cross of Clarkston, spoke their marriage vows in Pontiac. They lived in Pontiac until about 1939 when they came to Clarkston to make their home with their daughter and son-in-law, Mr. and Mrs. Howard Johnson. They have one other daughter, Miss Velma Cross, and two grandchildren, Roy and Roger Johnson.

Last Sunday Mr. and Mrs. Johnson and Miss Cross entertained at the Johnson home at an "open house" honoring Mr. and Mrs. Cross who were celebrating their fiftieth wedding anniversary.

The day was bright and sunny and Mr. and Mrs. Cross were happy to greet so many friends and relatives. They received many lovely gifts and beautiful flowers. Among the guests were his sister, Mrs. Carlton Selden, 85, of Three Rivers, who drove to Clarkston on Sunday with her daughter and son-in-law, Mr. and Mrs. Carroll Culbertson; also her sister, Mrs. Clara Gottworth of Byron, Michigan.

The refreshment table was graced with two cakes, one an anniversary cake that was brought from Three Rivers and the other a two tiered cake bearing the words "50th Anniversary". Also on the table were yellow tapers in crystal holders and a bowl of yellow roses, lemon lilies, Shasta daisies and baby's breath. Miss Ada Scrase, Mrs. William Johnston, Virginia Day and Joan Johnston assisted with the refreshments and Mrs. Culbertson, Mrs. Ada Mills, Mrs. Guy Selden, Mrs. Agnes Beardsley and Miss Phyllis Beardsley poured.

Mr. and Mrs. Cross are well known in this vicinity. They were both born here—Mrs. Cross in Clarkston and Mr. Cross on the farm north of town where the Clarence Johnsons now live. They are both enjoying good health. They had such a good time last Sunday that they will remember their golden wedding celebration for a long time.

Officers for the next year were elected by the Campbell-Richmond Post No. 63, American Legion at the meeting held on Tuesday of this week.

Those named were: Raymond Jarvis, commander; Carl Bates, vice commander; J. D. Powell, junior vice commander; William Wilson, adjutant; Frank Green, finance officer; Herbert Beach, sergeant-at-arms; and Charles Beach, chaplain.

Camp Agawam Ready For Scouts

Scouts attending Camp Agawam this summer will have many fine opportunities to increase their skill and abilities on the waterfront. Under the direction of James Willard, Jr., camp waterfront director, instruction will be given in waterfront activities. Included will be instruction for the non-swimmer— instruction in strokes and power swimming for those who have swimming ability, and for the advanced swimmer, instruction in life saving and Scout Life Guard.

Mr. Williams is a graduate of the Red Cross instructors schools, and is now attending the Boy Scout Aquatic School for advanced work in canoeing, rowing, and water safety methods. Married, the father of one boy, Williams is a student at Carbondale College at Carbondale, Ill. He has served on the staff of several camps in Southern Illinois.

All swimming is done on the "buddy" plan. Swimmers of like ability are paired up before they enter the water. As they go in, each swimmer places his tag on the buddy board, and removes it when he leaves the water. Periodic check-up of buddies assures a most closely guarded waterfront. Other members of the staff who will supplement the waterfront so that there will always be a ration of one life guard to each ten to fifteen Scouts.

New on the program this year will be instruction in rowing and canoeing, teaching all of the finer techniques of safety and skill in handling of small craft.

Camp opens officially on July 3. Registrations are now being received at the Boy Scout Office in Pontiac. More than one-third of the available space has now been secured, and it is expected that the remaining space will fill up rapidly.

Dear Mac:

Yes Mac, it was a beautiful day in June
And all earthly vibrations were set in tune,
The air was real clear, it was warm and was dry,
The sun in its glory shone out of the sky.

The church where she wed was all polished and new
With chairs set in rows so they held quite a few,
Her many friends gathered, the service to see
And joined in well wishes and shared in her glee.

We all were impressed with her beauty so grand
As he pledged her his troth with a gold wedding band,
Your wife never faltered, no tears did she shed;
She showed a just pride as the service was read.

With the lack of your presence on her wedding day
Her grandpa was drafted to give her away.
Now why do I bother to write this to you
When really and truly it holds nothing new?

I know you were there just as proud as could be
And need no reporting from mortals like me,
So I won't enlarge on the thoughts that were mine
As you took your place in the welcoming line.

Your Friend,
—ROBERT C. SHATTUCK

The Waterford Community Vacation Bible School, held each year at the Waterford Community Church will begin this year on Monday, June 20, at 9 o'clock A. M.
 Sessions will be held each morning for two weeks, and classes will be provided for all ages of children and young people from three to fourteen years. A thrilling, instructive program, featuring Bible centered lessons, recreation, hand work and correlated worship will be presented. Many facilities of the new Annex building now under construction will be available for use during the school period.
 Advance registration is now in progress, and further information may be obtained by calling 31-1714 or 3-2795. It is not necessary that children be enrolled in advance, but it helps relieve the work of opening day if as many as possible co-operate in this way. No charge is made for registration, with the exception that children are asked to pay \$.20 for the work book.
 All children, irrespective of church affiliation are welcome to attend.

Chieftain De Luxe Sedan Coupe

Two of America's Most Popular Motor Cars

Pictured above are typical examples of the two smart and separate lines of cars which bear the current imprint of Pontiac goodness—The Streamliner and the Chieftain De Luxe Sedan Coupes.

Each is in such demand that, on its own, it ranks among America's most popular cars today. That two cars of such decidedly different appearance should each enjoy such wide acceptance is easy to explain.

THEY'RE BOTH PONTIACS!

Both offer all the great basic Pontiac virtues. Both are conspicuously beautiful. Both carry the well-known promise of Pontiac quality—long life, dependability, and fine performance. Both afford the smooth, enjoyable performance of Pontiac's two great engines—the

power-packed straight eight or its equally famous six-cylinder companion. And since both have Pontiac's exclusive Travelux Ride, both are notable for comfort.

And finally, both represent unusual values—a very fine product at a very low price. Either one you choose will make you mighty happy.

ALUMNI UNIVERSITY SCHEDULED AT U-M FROM JUNE 13-18

College alumni will have a chance to become students again at the University of Michigan for the week of June 13-18. The Alumni University, which was started during the 1930's and then was discontinued because of the war, is being revived this year under the auspices of the University's Bureau of Alumni Relations and Extension Service.

Four lecture periods each day throughout the week, plus recommended reading, will be designed to bring Alumni University students up to date on contemporary American problems.

"While the Alumni University is designed primarily for University of Michigan graduates, the program will be open to the graduates of any college or university," Wilfred B. Shaw, director of alumni relations, announced.

USE FREEZER TO KEEP COOKY JAR FILLED

Mother's eternal problem of keeping the cookie jar filled is another one that you can solve by using the home freezer. By keeping cookie dough in the freezer you're always ready to bake some fresh cookies.

Cookies can also be baked before freezing reports Mary Katherine Knight, Michigan State College home economist. She has experimented in the M. S. C. foods laboratories and advises that all recipes for refrigerator cookies are suitable for freezing. Most refrigerator cookie dough may be sliced as soon as removed from the freezer if a very sharp knife and board are used. If it's too hard, soften it by placing it in the non-freezing section of the refrigerator for about an hour previous to slicing.

Most recipes for drop cookies are satisfactory. Recipes containing baking powder do not keep as long as refrigerator cookies. Thaw drop cookie dough at room temperature until just soft enough to drop by spoonfuls on cookie sheets. Thaw bar cookie dough

only if packaged solidly in cartons. If frozen in the baking pan, thawing is not necessary. Cookie dough is easier to package and requires less freezer space than baked cookies, the MSC specialist reports. However, baking the cookies before freezing saves time just before the cookies are to be served. Baked cookies need special care in packaging to prevent breakage. Be sure they are thoroughly cooled before you pack them. Put frozen cookies immediately on the plate or thaw them in sealed containers since crisp cookies tend to get soft.

LESS BLUE IN WASH-DAYS IS FORECAST

A brighter "sock brigade" and less "blue" wash days are in store with the increasing supply of vat-dyed cotton hosiery coming on the market.

If you have had the discouraging experience of opening up the washing machine to find a colored sock staining your husband's white shirts you will appreciate this news from Lola Belle Green, extension clothing specialist at Michigan State College.

Fast colors in cotton socks are gradually coming in the stores. Look for the words "vat dyed" on the labels. They are your best guarantee of colors fast to washing and sunlight.

Until about a year ago, the only vat dyed cotton socks were a small part of children's anklets and crew socks. These were limited to striped or argyle patterns. During the past year more vat dyed children's and infant's socks have been produced in plain colors.

Vat dyes are now making their way into the men's cotton hosiery field. While they are not widely available now, they should be in good quantity within the year.

Since most labels disappear after a few washings, it might be well to label vat dyed socks with colored thread so you will know which ones may be safely thrown in with the regular washing.

The economists report that the custom rates for combining both soy and field beans were most often on an acre basis. The rates were the same as for small grains, \$5.00 per acre.

Custom rates for combining clover and alfalfa seed were reported several ways. The most common rate was \$5.00 per acre or per hour for all sizes of combines.

FROZEN MEALS SAVE TIME SPENT IN KITCHEN

Wishing you had more free time to spend in your yard and garden these nice warm days? One way to find it is to cut down on the amount of time spent in your kitchen.

Saving time on food preparation is one of the easiest ways to get out of your kitchen. Mary Katherine Knight, frozen foods researcher at Michigan State College, suggests the use of your home freezer to simplify meals.

Preparing cooked or baked foods for freezer storage is not difficult and your freezer can be a treasure

house of ready-to-eat meals. You'll find it helpful to freeze foods that require long preparation, and need little more work to prepare in quantity than in small amounts.

Combination dishes are ideal for storage and can be served quickly from your freezer. Stews, chicken a la king, baked beans, and meat balls in tomato sauce are good for freezing. Cook the meat and vegetables until barely tender. This avoids overcooking when reheating. Do not use potatoes or rice for they do not freeze well.

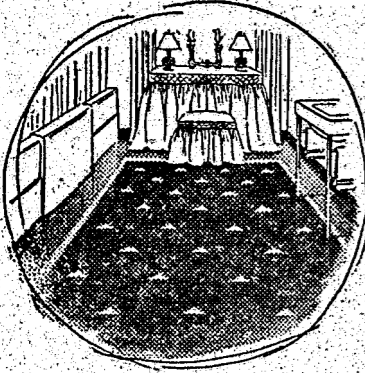

Cool the foods quickly and put just enough for one meal into moisture-vapor-proof packages. Freeze immediately. Keep a record of what you have frozen and when you froze it. Don't keep it frozen too long.

For freezing baked goods, select a reliable recipe and use the best ingredients. Double action baking powder may give you a product with greater volume.

Byron Nolan - - Phone Clarkston 2656

Dear Fuel Oil Users:

During the fuel oil shortage many people experienced anxious days in not knowing whether their homes would be warm. Their supplier was without oil part of the time and other occasions found it necessary to charge as high as 50% over the market, before a delivery could be made.

My customers experienced no such difficulties. Fortunately I was able to take care of all my customers serving them with the finest Standard Oil fuels. Many folks who were not regular customers of mine tried to purchase our products, however, I had a full job of keeping my regulars supplied.

I have now expanded my facilities to serve additional customers. There is also more oil available at present. However with world unrest this situation may change radically in a short time.

Would you like to do business with a reputable company, who sells top quality products at a fair price? Why not give me a ring, telephone Clarkston 2656, and I'll be happy to become your supplier but do it now. Please don't wait because we may both be disappointed and I'd like very much to be your oil man next season.

In addition when I fill your storage this summer I will guarantee you that if the price is reduced before September the Standard Oil Company will refund to you the price difference.

Yours truly
Byron Nolan
Standard Oil Agent

ENRICHED BREAD
MOST NUTRITIONAL
Most of us take bread and flour so much for granted in the daily meals we serve our families that we don't consider its nutritional value.
Both minerals and vitamins can be obtained by eating bread if you eat "enriched" bread, reminds Miss Josephine Hoke, Home Demonstration Agent.
Look at the wrapper when you buy bread or flour - if it says "enriched", you are buying more vitamins and minerals for your family. Not all products on the market are enriched so you will need to watch for them.
About half of the states have laws requiring that all white flour sold must be enriched. Other states, including Michigan, are considering similar legislation.
When enriched flour was first introduced eight years ago, some folks thought it was an advertising stunt. Actually it is a process of adding nutrients to the flour that are lost in the milling process. In fact, enriched products may contain even more nutrients than the original product did.

Card of Thanks
We wish to express our sincere thanks for the many kindnesses shown us and for the flowers and cards sent us during our recent bereavement. We especially thank the Reverend Gonnissen for his comforting words; also Mr. and Mrs. Ira Snader and The Sharpe Funeral Home.
Mrs. Glenn Blanchard
