## SUMMER FESTIVAL TO BE HELD AUG 5-6-7

### Sponsors Softball Games To Aid "Cathy R" Fund

On Wednesday, August 10th the Drayton and Waterford Softball League will sponsor 2 softball games, the proceeds to go to the Cathy Richardson Fund.

The first game will start at 7:00 p. m. between the Clarkston Legion Team and the Rochester softball team. The second game will start at 8:30 p. m. and will be played between the Shaw's Jeweler team and the team sponsored by Bert's Service of Drayton Plains.

Tickets can be secured at O'Dell's Drug Store, Cheeseman's Ice Cream Shop, Terry's Market, Roy's Standard Service and any member of the Softball League.

#### Clarkston Locals

George Harris, who had the misfortune to cut the first and part of the second joint of the index finger of his right hand was expected home on Wednesday. He had been working on a joining machine in his hobby shop, when it is believed, a piece of wood splintered and his finger was caught in the machine.

In Clarkston for the funeral of Mrs. Edwin M. Clark was Mrs. Carl Wolf, a niece, and her husband and Mrs. Josephine Smith, a sister of the deceased.

#### Sylvia Hemingway Celebrates Birthday

On July 26, Sylvia Hemingway, celebrated her 13th birthday with a party at which 18 were present. Games were played and refreshments were served on the lawn. The table was laid with pink and yellow table cloths and decorated with flowers and pretty lights. Sylvia received many lovely gifts and a good time was enjoyed by all.

### LEGION PURCHASES LAND FOR BUILDING SITE

At the meeting of the Campbell-Richmond Post No. 63, of the American Legion, on Tuesday, it was announced that land had been purchased a few lots North of the Clarkston Supply and Feed Store on M-15 for a building site and Legion Home. A campaign will be carried on, shortly to build the home.

The "40 and 8" of the 17th district was present to install the officers of both local post and the Oxford Post. Ten new members were initiated into the post. Raymond Jarvis will be the Commander for the coming year. The retiring Commander, Clark Souby, can retire with the good feeling that during his tenure of office building plans were consummated by the purchase of land for a future site for a Legion Home.

Following the meeting, refreshments were served.

#### Boy Scouts To Stage Drive

Robert L. Jones has been appointed to head the campaign, in Independence Township, to raise funds for the Oakland County Circle District. This is the unit that serves as the governing unit for the local boy scout troops, and is made up of all units in Oakland County excepting the City of Pontiac and a part of Southeastern Oakland County. The drive will start on Monday.

A field man has been hired to help the different groups, either to organize, reorganize, or improve the work of the troops. The field man will also train boy scout leaders. The present drive is to secure sufficient funds to maintain the work of the Circle.

Those assisting in the drive are Arthur Rose, Harry Wagner, Ralph Thayer, Charles Robinson, William Burns, Alfred Lee, and Garnet Poulton.

#### LIVESTOCK SAFETY URGED ON FARMS

Though National Farm Safety Week is just over, safety should still be kept uppermost in the minds of rural people, believe Michigan State College extension specialists.

Not only does farm safety mean a better place to live for the family but also for livestock. A few suggestions on protecting stock are listed:

Grounding wire fences properly will help to prevent electrocution of livestock on pasture during summer months. And make sure all electrical wiring in your barns is well insulated and safe. Wiring should be located so that animals cannot reach it and chew the wires.

Painting buildings on the farm makes for a better looking place but it can also mean trouble if old paint cans are left where animals can reach them. Paint is poisonous to many animals. Pick up all small pieces of wire and hardware from the barnyard and pasture. Bits of metal swallowed by animals cause the death of many animals each year.

It's difficult to prevent all livestock injury but a good cleanup session will help. If injury should occur, don't waste any time in getting the help of a veterinarian. Early attention may mean the

#### Harmony Valley

This Saturday night and Sunday afternoon programs at Harmony Valley are scheduled to develop a skit for the City-Country program set up for Saturday evening August 31st.

The action of the skit is wrapped around a Saturday night dance in the early 1900's, material taken from "The Skippy Dance Hall", one of "Sid's True Tales of the Hardwood Harvest."

All who like old time dances are invited to join in. Visitors are cordially welcome in the Valley at any time.

#### Clarkston Locals

Mr. and Mrs. Paul Henry have just returned from a three weeks vacation trip in northern Michigan.

Mrs. Mary McArthur who has been visiting at the home of Mr. and Mrs. Richard Bullen on Robertson Court has returned to her home at Mason.

#### Gas Allotted In this District

Restrictions on the connecting of additional gas heating customers remain in effect in Pontiac and other communities served by Consumers Power Company, Division Manager David L. Brown said today.

"Some confusion has resulted because of recent press and radio announcements that all restrictions have been lifted in territories served by the Michigan Consolidated Gas Company," Mr. Brown said. "Michigan Consolidated, of course, serves an entirely different territory, and its natural gas-supply situation is not the same as ours."

"Consumers Power Company was authorized by the Michigan Public Service Commission a few weeks ago to connect 12,000 additional house heating customers for the coming heating season. Of these 12,000 additional customers, 1,062 were allotted to the Pontiac Service Area, which includes Clarkston. Several times that many customers applied for gas heating service, and the successful applicants had to be determined by lot."

"There is no present likelihood that the Pontiac Division will be able to take on any additional house heating customers beyond this 1,062 in the Pontiac Service Area within the foreseeable

#### School Election To Be Held August 15th

The election to choose members of the first school board for the newly reorganized school district will be held at the Independence Town Hall, Monday, August 15th, from 1:00 p. m. to 8:00 p. m.

Any resident who is 21 years of age, has lived in Michigan 6 months and in the district or 20 days is eligible to vote and need not be registered.

#### By the Way . . .

We presume that we should charge extra for the following advice, but you probably know it all the time so let us say we remind you how to swat flies. We do not mean baseball flies but the common, and pesky, house flies. Due to the fact that someone had left the door open ten of these unnecessary pests had accumulated in the kitchen, when I charged forth into battle. I thought I had hit it and missed about five when I turned the swatter over, I had not missed, I had just flattened them so they were still on the swatter. So I eased up on my drive, followed through with smooth, easy motion and enjoyed that sensation of watching them fall instead of scraping them off the fly killing weapon. . . . And now this world is awakening to the rude fact that some flyers like some of our motorists, are not content to use their machines for good safe travel, which is sometimes dangerous at its best, but must "showoff". Certainly the airplane accident this week, caused it is claimed, by a pilot "buzzing" another plane and then running into an airliner, causing the death of a number of people, will turn many people from this mode of travel and is to be regretted. Let us hope this tribe of pilots do not increase. . . . The Softball League sponsoring two good softball games, the proceeds to go to the Cathy Richardson Fund is to be commended for their public spirit. It is to be hoped they will be well patronized. . . . This is that wonderful season of the year that as you go about your usual duties wondering if there is not an easier way to make a living, if you know what I mean, that every new day brings a card from someone on a vacation showing some beautiful scene. Naturally the message always says "Having a wonderful time. Wish you were here." We have a nice collection from the "Locks" in the upper peninsula. . . . Suggestion is good advertising. I may try and see those Locks myself, soon. . . . Compliments are still coming in about having changed our date of publication from Friday to Thursday. One of our readers even called from near "Davisburg" to thank us. Over ten new subscribers this week may have liked the idea of the earlier paper. However, just to let you in on a secret, we still rush down to the stores before noon on Tuesdays, as we used to do on Wednesdays, for fear that the stores will be closed. However, as long as you like the Thursday paper we will get used to the new schedule. . . . It is getting a little warmer again so if that wonderful little magazine "Good Business" will consent we will give you this warm weather story: Because he had crawled out on thin ice and rescued a playmate who had fallen through. Little Willie was the center of a group of admiring men and women. "Tell us, my boy, how you were brave enough to risk your life to save your friend," said a dear old Lady. "I had to,"

The dates August 5, 6, 7, that we have been keeping in mind are almost here. According to reports of the people of the Our Lady of the Lakes Parish, all activity that is going on, and the huge tents that have been set up on the property South of Waterford, everything is nearly ready for the First Annual Summer Festival.

The men have been busy for weeks preparing the grounds and the ladies have been occupying themselves with fancy work-sewing and dressing the dolls.

Something of interest has been planned for every member of the family, a fish pond and kiddie rides for the tiny tots, More rides and games for the teen agers — plenty of games and entertainment for the Oldsters.

A very special attraction is the free exhibit of the Antique Cars which have just returned from the Minnesota Centennial Celebration, where they were in a parade with old cars from all over the country.

Father Delaney and all members of Our Lady of the Lakes Parish take this opportunity to extend a cordial invitation to you and your friends to attend this affair.

For more details of this Festival see ad and pictures in this paper.

#### Service Is My Business

A man should justify his trade by thoughtful deeds to others. Success is not the wealth that is made

By unfair deals with brothers. Dishonest dollars in the bank will not secure their master, No will they raise his moral rank Or keep him from disaster.

Man's greedy deeds are sure to fail If all he seeks is money. He must sell self in every sale And make his manner sunny.

He must believe he fills a need To keep the world a spinning, His mind must not be lured by greed

If confidence his winning. He should extend a helping hand Intent to service render; A willingness to understand Both hardened souls and tender.

When man is judged on judgement day For years he's toiled and striven, His wealth will all be cast away But not the Service given.

**GOOD SEED FOR FALL PLANTINGS IMPORTANT TOO**

Seed Inspectors of the Michigan Department of Agriculture, are spending some time in the inspection of seed used for cover crop purposes, reports Charles A. Stahl, State Seed Analyst. This inspection will continue until the cover crop season ends.

Farmers buying cover crop seed should exercise care to get seed of good quality and free from weeds. Sometimes even good farmers are careless and use for the cover crop, seed which infests the soil with many undesirable weeds — a nuisance to themselves and their neighbors.

Dealers this season are offering seed of especially good quality, exceptionally free from weeds. A little care on the part of the farmer in selection of his seed will help to insure him a good cover crop, states Mr. Stahl.

"MY FORD DEALER PROVED HE WAS MAKING THE BEST TRUCK 'DEALS' IN TOWN!"

SEE FORD! SAVE MONEY!

When he topped the best previous offer by \$100, my Ford Dealer proved he was making the best truck 'deals' in town," says Sam Perlsten.

"But that isn't all. I figure I made another \$150 by trading rather than waiting. Used truck values were slipping so fast I would have lost \$150 on the old truck if I had waited another 60 days.

"I acted fast. Got my new Ford fast. And I have been saving on gas, oil and repairs in the meantime."

## How Would You Like to Live in the "Good Old Days"?

★ Back in grandfather's time, during the final quarter of the last century, things were quite different. There were no movies, no airplanes, no automobiles, few bathrooms, practically no efficient electrical appliances. If you contracted diabetes or pernicious anemia, your days were numbered. Your blood just "changed to sugar" in the former, "to water" in the latter.

There was little protection against virulent epidemics. Smallpox vaccine was the only biological on the market. When diphtheria or typhoid ravaged a community, there was nothing to do but wait it out in hope and dread.

Yes, a return to the "good old days" would mean, among other things, the sacrifice of the major portion of the contribution of medicine and pharmacy to your health and well-being.

### MAJOR WILLIAM A. SHOMO WILL APPEAR AT AIR SHOW

One of America's top heroes of World War II will fly in an Air Force dive-bombing demonstration at Willow Run Airport August 6-7 during the Second International Air Fair sponsored by the Aero Club of Michigan.

He is Major William A. Shomo, assistant deputy for operations, 56th Fighter Wing, Selfridge Air Force Base.

What distinguishes Major Shomo, is that he is one of 17 living recipients of the Congressional Medal of Honor in the United States Air Force.

Today, he is polishing up his

performance as a member of the team which is to stage an exhibition of dive-bombing in 600-mile-an-hour Lockheed F-80 jet fighters at the air show August 6 and 7.

But four and half years ago, Major Shomo was flying North American P-51 Mustangs over the Philippines, locked in deadly combat with the Japanese.

January 11, 1945, was his big day, and he'd rather not see another one like it. It was then that he demonstrated "Conspicuous gallantry and intrepidity at the risk of his life and above and beyond the call of duty."

Major Shomo was leading a flight of two fighter planes on an armed photographic and strafing mission against the Apari and Laoang airbases.

Enroute to the objective, he observed an enemy twin-engine bomber, protected by 12 fighter planes, flying about 2500 feet above him and in the opposite direction.

With the odds at 13-2, he ordered an immediate attack.

Accompanied by his wing man, he closed in on the enemy formation in a climbing turn and scored hits on the leading airplane, which exploded in mid-air.

Major Shomo then attacked the second element from the left side of the formation, and shot down another fighter in flames. When the enemy formed for counter-attack, Major Shomo moved to the other side of the formation and hit a third fighter, which exploded and fell. Diving below the bomber, he put a burst into its underside, and it crashed and burned. Pulling up from this pass, he encountered a fifth airplane, and firing head-on, destroyed it.

He next dived on the first element, and shot down the lead airplane. Then diving to 300 feet in pursuit of another fighter, he caught it with his initial burst, causing it to fall in flames.

Total score for Shomo: Seven enemy aircraft—one bomber and six fighters.

During all this action, his wing man had shot down three fighters, while the three remaining enemy aircraft fled into a cloud bank and escaped.

At the two-day air show, however, Major Shomo is just another member of the 56th Fighter Group's dive-bomber team in the screaming jets named Shooting Star.

Now 31 years old, Major Shomo calls Jeanette, Pa., his home town. He enlisted in the Air Force at Pittsburgh, Pa., August 16, 1941. He is a former Pennsylvania Air National Guard flier.

He flew 203 combat missions in the Pacific theater.

### PROTECTING MICHIGAN'S CHERRY ORCHARDS

For several seasons official Howard tests have been made by Michigan Department of Agriculture inspectors on fruit of the pincherry. Quite often the pincherry are found to be heavily infested with cherry fruit fly maggots, according to Mr. C. A. Boyer, Chief of the Bureau of Plant Industry, who says that sometimes as many as 20 maggots are found to a pint of the fruit.

The pincherry, besides being in right-of-ways of the highway, is frequently found on the farmers' properties, and its prompt removal is urgently recommended to eliminate the hazard of the cherry fruit fly infesting the state's valuable cherry orchards.

It has also been found, that the common chokecherry is a favorite host plant for X-disease of cherries, which is gradually going

from the wild chokecherry to the cultured sour cherry trees.

Michigan harvested a record crop of cherries in the 1948 season, and a somewhat lower crop in 1949. For the protection of the

cherry orchards, fruitgrowers are urged to exercise precautionary measures, especially the removal of all pincherry and chokecherry in close proximity to the orchards.

## Record Tourist Trade Seen for State in '49

LANSING—Tourist travel in Michigan during the 1949 season is expected to hit a new post-war peak, surpassing even the bonanza vacation trade of 1947 and 1948, a survey of the latest seasonal trends by the International Geneva association, world-wide hotel employees' organization, discloses.

The bright outlook for the 1949 summer season, explains Frank A. Ludwig, I.G.A. executive, is based on such facts as the 100 per cent increase, as compared with a year ago, in the number of vacation inquiries pouring into the office of the Michigan Tourist Council and four regional tourist associations in the state.

Last year, when just half as many vacation inquiries had been received in the corresponding period, traffic on main highways rose nine per cent over 1947, traffic at the Straits of Mackinac increased 10 per cent, bus lines serving resort areas carried five per cent more passengers and the railroads reported a 10 to 12 per cent increase. The number of visitors to Mackinac Island reached an all-time high in 1948 and attendance at Michigan's state parks was up three per cent.

Michigan's resort, motel, cabin and hotel operators may lower prices this year as a result of the general downward trend in labor, food and material costs, the survey indicated. Michigan vacationers will find some lower prices for quality liquors, ac-

### U-M RESEARCH IS AIMED AT ENDING FISHING DISPUTE

That old argument about whether outboard motor boats hurt fishing is going to be settled.

The University of Michigan is undertaking scientific tests this summer to solve the problem once and for all. The Outboard Boating Club of America, with a national membership composed entirely of outboard boating enthusiasts, is co-operating in the study.

The entire study will be conducted as scientifically as any made in a laboratory but it will still make any angler wish he were on hand for the experiments. Although there'll be a lot of apparatus in use and notebook after notebook of data taken, there'll also be a whale of a lot of fishing.

All in all it will be a field day for everyone—including the fish. Six ponds at the Wolf Lake Hatchery, near Kalamazoo, Mich.

## It Looks Like A Good Time

Looks like the Summer Festival would be a place to have a good time.

Sally Eaton, Danny Keating, Phyllis Brinker, Tony Seigman and Joan Gorman, pictured above

—Sayles, Photographer say they will be there.

igan, made available by the State Department of Conservation, and a private lake near Ann Arbor are to be used for the experiments. Directing the work will be Dr. Karl F. Lagler, assistant professor of zoology, and research associate in the laboratory of vertebrate

biology at the University, and Dr. Albert S. Hazzard, director of the Conservation Department's Institute for Fisheries Research, also located at the University. Five graduate students will aid in the study.

### Card of Thanks

We wish to thank our friends and neighbors for their many acts of kindness in our recent bereavement.

Mr. and Mrs. Lee M. Clark  
Dr. and Mrs. Robert J. Hamilton

### Appreciation

I wish to thank my neighbors and friends for the acts of kindness and beautiful cards and gifts sent to me following my recent accident; also to express my thanks to the Domestic Science Club, group 1, 2, and 3, 4-H Club, Homemakers' Club and Teachers-Nurses Club, Members of the Christ Lutheran Church, Sharpe Funeral Home, and nurses and aids of Floor 3, St. Joseph Mercy Hospital.
