## SCHOOL BOARD ELECTION TO BE HELD MONDAY

### Willoughby Disqualified By Insufficient Petition Signers

Due to insufficient signers on the petition of Orlo J. Willoughby, his name was disqualified as a candidate for school board member at the election on Monday.

A five-man board for the newly organized school district will be selected by the voters from the following names: Helen Bates, J. Gardiner, Howard J. Johnson, Ivan Norgroves, F. L. Spooner, Paul Henry, Roger Galligan, Ronald Heber, Walton Robbins, and Keith Leak. Spooner, Robbins, Henry and Leak were members of the board, and now discontinued Clarkston District.

Members will be chosen for a one year period, two year period and a three year period. After organization, terms will run for three years.

It is not necessary to be registered to be able to vote.

To be eligible to vote, persons must be citizens of the state of Michigan for a period of six months, and have lived in the school district at least 20 days prior to the election.

### First Festival Grand Success

Last weekend the new parish, Our Lady of the Lakes, sponsored its first annual summer festival on the building site on the Dixie Highway. It was a grand success. The grounds were crowded most of the time and there was enough entertainment going on continuously to make everybody happy and keep everybody busy.

Ben Clark, general chairman, and his committees spent many days and nights getting everything in readiness and although some of them were quite tired when some of them left the grounds early Monday morning they were content to relax and say "we finished what we set out to do."

The grand prize, a Chevrolet car, went to No. 25926, Ann Riels of 13051 Mendota Ave., Detroit. The electric water heater went to Mrs. Arthur Birchmier of 313 Fourth Ave., Pontiac; the electric roaster to Richard Barry, 169 Alice St., Pontiac; the waffle iron to Mrs. Dennis Spicer of 1602 Junction Ave., Detroit and the egg cooker to Chester Herald of Pine Knob Road, Clarkston. Irene Jones of Clarkston won the pretty doll covered with 25 one dollar bills. The amount that was realized from this big affair for the building fund has not been announced yet but according to the attendance and the efforts of the workers the fund will get quite a boost.

### Shower Honors Prospective Bride

About forty guests attended the bridal shower at the home of Mrs. Bruno Paer on Saturday, August 6th, honoring Geraldine Fuller who will become the bride of Arnold Paer in September.

The group enjoyed playing Bingo. The unique decorations included pink and white streamers leading to a sprinkler filled with flowers. The honoree received many lovely gifts.

Luncheon was served at a table centered with a large cake decorated with pink and white rosebuds, and an umbrella bearing the message "Congratulations to Geraldine and Arnold."

Everyone had a grand time and Geraldine repeatedly expressed her thanks for the many beautiful gifts.

Mr. and Mrs. George Bronson and son, Craig, of Eureka, Ill., are visiting the Ivan Rouse family and other relatives in Clarkston.

The annual Clarkston School Reunion will be held on Saturday, August 20th at the Methodist Church. There will be a pot-luck luncheon at noon. Each one will provide their own table service and a dish of food to pass. All interested are invited to attend. Guy A. Walter is general chairman.

### Rotary Club News

At the meeting of the Clarkston Rotary Club on Monday evening former president, Ralph Marshall, who with his family, visited friends in Clarkston Monday and Tuesday, was a guest as well as Edward Fuller, Jack Wignall, Kenneth Oakes, and Henry Mehlberg of the Waterford-Drayton Club. Arthur Rose was a guest of R. L. Jones.

Harry Waggoner was present with a wire recording of an address by Dr. Alfred P. Hawke, given before a safety convention. This address proved to be very interesting.

The dinner committee was in charge of Mrs. Walton Robbins, assisted by Mrs. Keith Leak, Mrs. Agnes Beardsley and Miss Phyllis Beardsley.

### Waterford-Drayton Rotary Club News

The welcoming of visitors was first in line at the meeting of the Waterford-Drayton Rotary Club on Tuesday, introduced were Jack Hamilton of the Ortonville Rotary Club; C. W. Crews of the Newton, Ill. Club; and Miles W. Marks and James Covert of the Royal Oak Club.

Mr. Covert gave a fine description of the new Royal Oak School building which is strictly modern in every detail. The balance of the meeting was used for preparations for the Ball Game of All Times. The Clubs participating will be the Drayton Exchange Club and the Waterford-Drayton Rotary Club. The evening's fun will start with a parade from Clarkston to the lighted ball park in Drayton Plains at 8:00 P. M. The parade and costumes will be worth the price of admission. Come One! Come All! to the funniest ball game ever played on the evening of August 24th. Don't miss it.

Ivan Rouse and son, Clark, spent the first of last week in Columbus, Indiana with relatives.

Wayne's program of in-service courses was maintained last year at the request of the Oakland County Superintendent's Association. This fall, courses will be offered in Pontiac, Royal Oak, and in other centers, depending on the needs of the teachers in the area.

Teachers from this district who attended this summer session included: Mrs. Orpha Horton, Jones School; Mrs. Zeeta Sheehy, Rose Center; Mrs. Mae Pennell, Clarkston Station; Victor Kutichins, Sashabaw School.

Mr. and Mrs. Rial McCrum and daughter, Evelyn, left on Monday to spend a few days traveling in the northern part of Michigan and Canada. They were accompanied by Mr. and Mrs. George Wilkins of Detroit.

Mrs. Lydia Hutchinson who is staying at the home of her sister Mrs. Emeline Hurd spent a week at Diamond Lake near Barryton, Michigan.

Mrs. Jim Trudell of Detroit called at the home of Mrs. Emeline Hurd on Sunday.

Four second floor rooms of the Community Activities building will be finished August 20, it was reported at a recent membership meeting. These rooms will be used by the Township school for the fifth and sixth grades enabling them to hold all day sessions instead of half days.

The Resident Improvement Club of Windiate Park met recently in the Waterford Men's club room. Annual election of officers was held with the following taking office: president, Ben Bronson; vice president, Tom Nugent; secretary, Mrs. Gale Grammiller; treasurer, Mrs. Louis Rizole; corresponding secretary, Mrs. Glen Bingle. Committee chairmen elected were: finance, Isaac Shook; labor, John MacLarty; refreshments, Mrs. Verle Myers; entertainment, Mrs. Dale Councilman. When 120 teachers in Oakland County gave up their summer leisure to go to school, something big must be in the air.

The something big this summer has been the off-campus program offered by the College of Education of Wayne University in the Washington Junior High School in Pontiac. Teachers in this area were among those enrolled in the six classes in education, government, and history offered in a six week session.

The summer session is directed by Waldo E. Lessinger, Dean of the College of Education. Instructors have been Miller Collins, history; Louis McGuiness, government and sociology; and Robert Rothman, education.

The classes offered in this area continue a service to Oakland County that has in the past two years, enabled approximately 500 teachers to work toward permanent certificates or degrees. Branch centers for in-service courses have been Pontiac, Royal Oak, Southfield Township, Hazel Park, Clawson, Rochester, and Birmingham.

Courses this summer were made more vivid by outside speakers and field trips. Visits were made by the classes to the Pontiac State Hospital, the county jail, the juvenile home, the local courts, as well as to the industrial plants. A trip to the Cranbrook Academy of Art and the Cranbrook Institute of Science showed teachers the wealth of education and material available there.

Lightening their labors of the classroom, teachers drank "cokes" between sessions. They also enjoyed a picnic breakfast prepared for the entire student body and instructional staff by Mrs. Ethel Rowley at her home at Seymour Lake.

### Teachers Attend Summer Session

"For several years," says Dean Lessinger, "individual school superintendents have requested Wayne University's help in their in-service teacher education program. The College of Education at Wayne believes that its fundamental reason for existing is to improve the available education of all of the young in the Southeastern Michigan."

Wayne's program of in-service courses was maintained last year at the request of the Oakland County Superintendent's Association. This fall, courses will be offered in Pontiac, Royal Oak, and in other centers, depending on the needs of the teachers in the area.

### Husband Honored Friday Evening

On Friday evening Mrs. James Cowen entertained at their home in Clarkston honoring her husband following his graduation from the General Motors School of Technology.

A buffet supper was served to the following guests who presented Mr. Cowen with a gift: Mr. and Mrs. Edward Krem, Mr. and Mrs. Harold Westover, Mr. and Mrs. Gene Bachelor, Mr. and Mrs. Richard Surry, Mr. and Mrs. Dan Williams, Bertie Lou Bachelor, Richard Ubert, Virginia Hall, Ray Everett, Joyce Lawson, James Dean, Barbara Boadway and Robert Clark.

### First Annual Shoot To Be Held Sunday

Waterford is due to sound like the National Guard camp at Grayling this Sunday, August 14, but the targets will be more varied. The Oakland County Sportsmen's Club will be holding its first annual championship shoot, for the best all-around marksman of the club. The shoot will begin at 9 a. m.

Each shooter in the contest must use rifle, pistol, and shotgun on the 300-yard, 100-yard, and pistol, skeet and trap ranges of the club. A point system has been worked out by Cash Bond, general chairman of the event, whereby all shooters will have an equal chance at the OCSA title.

A unique trophy is being created, on which the name of each year's champion will appear. This trophy is an oldtime rifle which is being chromed and from which chains will suspend cartridges on which the names of the champions will be engraved.

All contestants must be OCSA members. They may use any gun or sights they choose. Shotguns shells are available at the club. National Rifle Association ammunition will be free to those OCSA members who are in the club's own rifle divisions under NRA.

Oakland County Sportsmen's Club is conducting its own nationwide survey of motorboat laws to get material for resolutions which will be sent to the Michigan legislature and which will seek "teeth" for Michigan's powerboat operation laws governing inland lakes throughout the state.

Keith Hills and Delos Nicholis are co-chairmen of an OCSA committee which is drafting the resolutions. They will be presented at OCSA's next meeting at Sportsmen's Hall, Waterford.

Unsafe operation of speedboats among fishermen's rowboats and on bathing beaches of this county leads to the OCSA move to get state laws clarified to control powerboat operation for public safety.

### Clarkston Locals

Mr. and Mrs. Harold Weston and family returned to their home on Friday after a two weeks' tour of the northern part of the lower peninsula. ### Special Dancing At Harmony Valley

Members of the Farm Bureau are particularly invited to attend Saturday Nights class in Early American Dancing at Harmony Valley because much of the activity will be directed by Carl R. Hutchinson, Director of Education, for the Ohio Farm Bureau Federation.

A feature in the program that will probably take a good deal of the time is a reproduction of a Saturday night dance of the early 1900's. The whole evening is so set up that everyone young and old gets in as much as they like, enough that is new, if one knows a lot about this type of play, but simple enough to catch on if one knows but little.

The evening program begins at 9:00 P. M. on this Saturday evening, August 13th.

All who wish are welcome to come in the afternoon bringing their picnic lunch to visit among neighbors and with this distinguished farm leader, Mr. Hutchinson and his family are vacationing and are guests for the week of Mr. and Mrs. S. B. Siddall, 3575 Teggerdine Road.

**FORD OVERDRIVE**

Drive one of our demonstrators and see for yourself how Ford Overdrive smooths your ride. Your engine speed actually drops 30% without any drop in road speed. For example, while your car's road speed stays at 50 m.p.h. your engine speed drops to 35 m.p.h. in Overdrive. This actually adds to engine smoothness and quietness, and engine life. It saves you up to 15% on gas and oil — it's like getting a dollar's worth of gas for 85¢. Cuts service costs, too. And for added safety, a touch on your gas pedal releases a magic-like surge of power that makes passing and hill climbing a breeze.

It accents the new **FORD "FEEL"**

Take the lower, level "Mid Ship" Ride... the power of new V-8 or Six engines... the "feel" of "Hydra-Coil" and "Para-Flex" Springs... the 35% easier "Magic Action" Brakes. Add the many other "firsts" of the "Fashion Car of the Year" and you'll see why you should be ordering your Ford now.

### The Grist Mill

by Ed Alchin  
I regret very much making this announcement to the public. It is going to be necessary, beginning September 1, to charge for all soil analysis made in our laboratory here in Pontiac. The cost of materials and operation of the laboratory have made it necessary to change the policy previously followed of giving free analysis. This is in accord with the Michigan State College new policy of charging for soil analysis.

A caution to farmers during this hot weather: With high humidity and extreme heat, be most careful regarding possibilities of sunstroke or heat sickness. Some extra time off during the hottest part of the day may save both doctor bills and loss of time to the farmer.

Livestock is just as susceptible to heat prostration as are humans. Without plenty of water, most livestock will not make profitable gains or production. For dairy cows, Wallace Oliver on Greer Road and Lakefield Farms of Clarkston have set a policy of milking cows on pasture during the coolest parts of the morning or late afternoon. This is supplemented with the feeding of hay in the barn or in the shade during this time. Something worth thinking about, anyway.

Those farmers putting up grass silage this year report high production maintenance per dairy cow during the pasture slump at the present time. More farms could plan to supplement pastures with grass silage this time of the year. Congratulations to John Trocke, our new 4-H Club Agent, for the splendid judging tours conducted this past week. With nearly 200 boys and girls in attendance at the various judging events, Oakland County is bound to be well represented at the State Shows and Contests this fall.

M-24. This year's Fair is expected to have more exhibits than ever before.

The Fair this year will feature a Consignment Sale and Auction on Saturday, August 20, at 12:30. The proceeds of this will go to the 4-H Building Fund for the purpose of building a dining hall for the use of our 4-H youngsters at the Fair Grounds. Any article, machinery, livestock, or produce will be accepted for sale. If you have anything to consign to this sale, contact Clara Fuller, Oxford - 2834, or your County Club Agent.

The First Annual 4-H Dairy Tour and Judging School was held on Monday, July 25. Over 150 people attended this tour and visits were made to Premier Farms in Rochester, Lakefield Farms in Clarkston, and Windrow Farms, Lake Orion. Candidates were chosen for the judging team and they are as follows: For the Senior Judging Team:

Tom Measel, Jack Shaw, Tom Heslip, Paul Cook, Donna McNeil, Bill Spies, Bill Ludwig, Ronny Voorheis, Jack Tindall, Elmer Rhodes, Karl Rhodes, Jim Gould and Ed Rossman.

For the Junior Judging team candidates are: Barbara Groom, Dick Sales, Jim Middleton, Marvin Middleton, Billy Heslip, Eddie Braud, and John Cook. A successful Camp for Oakland County 4-H youngsters was just completed. The camp was attended by 140 youngsters. The program consisted of recreation, square dancing, and craft work. On Parents' Night, about 170 parents of those attending camp came out for the evening program, which featured stunts by the children and the County Service Club initiation.

### Specs And I See Eye To Eye

Asked Specs Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.

Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.

Told him once I was surprised he went along... feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick

to what I think is right. I've no call to dislike you for not seeing everything the way I see it."

From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that I don't care for. Like his fondness for buttermilk. I'd rather have a glass of beer anytime... but Specs Allen and I don't let little differences get in the way of something big like friendship.

# THE CATHARTIC HABIT

★ Too many people are influenced by stories concerning "intestinal cleanliness" or "stimulating the flow of bile." Many cases of simple constipation do not require a laxative at all, but only a minor change in diet and habit.

The habitual use of cathartics is dangerous. Such misuse is often followed by chronic ill health. Strong laxatives are particularly dangerous when taken to relieve abdominal distress. The source of the pain should always be accurately determined by your physician. The safe procedure is to consult him. If a laxative is needed, he will prescribe a safe preparation with proper instructions for dosage. Then bring your prescription to us for expert compounding.

## TESTS BEING MADE WITH OUTBOARD MOTORS

A determined number of breeding pairs of adult bluegills will be placed in two ponds. A determined number of breeding pairs of adult bass will be stocked in another pair of ponds. Known numbers of largemouth bass fry will be planted in a third pair of ponds. All through the summer tests will be conducted. Outboard motors will be operated twice daily in only one of each of the three types of stocked ponds. Study will then be made of fish behavior and nesting in four of the ponds and survival in all six ponds. At summer's end, comparisons will be made. By comparing the state and stock of the ponds in which motors were run to those in which no motors were operated, fundamental solutions to the problem of outboards versus fish will be reached.

The private lake at Ann Arbor will be used to determine whether outboards frighten fish and affect fishing success. Three men of a four-man team will systematically still-fish and bait-cast the same stretch of water for a total of six hours per day. The third man will run an outboard motor past the fisherman on alternate days at regular intervals.

## HENS NEED WATER TO MAKE EGGS

Keeping plenty of water before the laying flock is important on summer days, says extension poultrymen at Michigan State college.

High egg production increases the need for water since eggs have a large content. Pullets are known to increase their water consumption when the temperature climbs.

Because water is so necessary in a good poultry program and because it adds to the labor when carried to the hen house the poultrymen advise running water where it is possible. A number of fountains and watering devices are on the market or the farmer handy with tools can construct his own.

## Legal Notices

**INDEPENDENCE TOWNSHIP, OAKLAND COUNTY, MICHIGAN**  
ORDINANCE NO. 3  
Section 4456, 4457, 4458 of the Compiled Laws of 1897 give the township board of health power to prevent nuisances by assigning places for offensive trades, the issuing of regulations relating thereto, and the power to revoke such assignments upon written notice in case of occurrence of a nuisance in connection therewith. Be it ordained by the township board of health of Independence Township, Oakland County, Michigan:  
SECTION 1 - Definitions:  
Garbage, within the meaning of these regulations shall be construed to mean rejected food wastes, and to include every refuse accumulation of animal, fruit or vegetable matter, used or intended for food, or that attends the preparation, use, cooking, dealing in, or storing of meat, fish, fowl, fruits or vegetables.

Commercial garbage within the meaning of these regulations, shall be construed to mean any garbage which has been removed from the premises of any dwelling, establishment, institution or other place where it originated.  
Private garbage shall mean all garbage other than the Commercial garbage.  
SECTION 2 - Permit Required:  
It shall be unlawful for any person or persons, firm, association or corporation to maintain any premises within the limits of Independence Township where commercial garbage is disposed of without first obtaining a permit from the Township board of health. The permit to designate the person in responsible charge, location of the property and owner thereof, date of issuance and signature of the Township Clerk and Health Officer. This permit to be issued in duplicate, one copy of which shall be filed in the office of the Township Clerk.  
SECTION 3 - Transportation of Garbage:  
All garbage transported within the limits of Independence Township shall be confined within covered watertight containers while in transit. It shall be transported in such manner that no part thereof will be deposited upon any public highway, street or alley.  
SECTION 4 - Disposal by Feeding to Domestic Animals:  
When commercial garbage is disposed of by feeding to domestic animals, a feeding platform shall be provided. The feeding platform shall be of such design and construction as to provide sufficient space and care in cleaning. Garbage shall not be allowed to accumulate and remain on the feeding platform longer than 48 hours. Feeding platforms shall not be located within 100 feet of any public highway, street or alley nor within one-fourth mile of any residence, other than the residence of the owner of the permit, nor within one-fourth mile of any public gathering place, school or institution.  
When private garbage is disposed of by feeding to domestic animals it shall be done in such manner as not to create a nuisance.  
SECTION 5 - Disposal by Burying:  
When garbage is disposed of by burial it shall be covered over within not less than six inches of the earth within 24 hours.  
SECTION 6 - Disposal by Burning:  
When garbage is disposed of by burning it shall be done in such places and manner so as not to create unreasonable odors or smoke nuisances. That portion of the garbage which is not completely burned shall be disposed of in a manner in compliance with this ordinance.  
SECTION 7 - Direct Disposal of Garbage:  
Whenever garbage is disposed of by depositing on the surface of the ground, within one-half mile of any residence of the holder of a permit, or within 500 feet of any public highway, street or alley or within one-half mile of any public gathering place, school, or institution, it shall be placed within 24 hours during the months of May, June, July, August, September. Garbage deposited on the surface of the ground during other times shall be placed under ground where the condition of the ground is such that plowing is possible.  
SECTION 8 - Disposal of Materials Removed from Garbage:  
Tin cans, paper and other foreign material removed from garbage shall not be allowed to accumulate on the premises of the holder of a permit without proper storage or disposal.  
SECTION 9 - Authority to Inspect:  
The township board of health hereby authorizes the township health officer to make inspection, at all premises where garbage is disposed, and direct said officer to make inspections at least once a month of all premises used for garbage disposal by the holder of a permit.  
SECTION 10 - Permit May be Revoked:  
If upon investigation by the Township Health Officers it is found that the premises designated on the permit has become a nuisance by reason of offensive odors or health or otherwise harmful to the neighborhood or to travelers, he shall make his recommendations to the township board of health that the permit be revoked. The health officer's recommendations will be made in writing.  
Upon receipt of the findings of the Independence Township Health Officer, the township board of health will take what action they see fit and may revoke the permit and order the discontinuance of disposal of garbage on the premises so designated on the permit.  
SECTION 11 - Sections and Sentences Severable:  
The sentences, section and provisions of these regulations are declared to be severable and any portion which is declared inoperative for any reason by a court or competent jurisdiction, shall in no way affect the remaining sections, sections or provisions of these regulations.  
SECTION 12 - Effective Date:  
These regulations shall take effect thirty days after their adoption and approval.  
Penalty:  
(If any person shall violate any of the provisions of these regulations, he shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine not exceeding the sum of one hundred dollars (\$100.00) or by his imprisonment in the county jail not exceeding ninety days (90) or by both such fine and imprisonment in the discretion of the court.)  
SECTION 13 - Validity and Effect:  
The provisions of this ordinance are hereby declared to be immediately effective to preserve the public health, peace, safety and morals and should any section, clause or provision of this Ordinance be declared by a Court to be invalid, the same shall not affect the validity of the Ordinance or any part thereof other than the part so declared to be invalid.  
The provisions are hereby declared to be immediately necessary for the preservation of the public health, peace and safety and are hereby ordered to take effect thirty (30) days after final passage. Made and passed this 1st day of August, 1949.

As, again we say—"and now try ABC Altes." Just try one glass and taste the difference.

ABC Altes Lager will give you more downright enjoyment because it is the only beer with aged-in, sealed-in flavor... and it's made exclusively in sealed vats.

Just try ABC Altes Lager. Perhaps it's exactly what you have been looking for in a glass of beer. You can tell Altes by the new green and gold label. Remember "Always say Altes—the best beer always."

A is out... B etter flavor in... C losed vats do it!

breezes all summer long and is bright and airy with large picture windows and a decorative buffet. The tempting fare (from fresh perch to broiled lobster to hearty steaks complete with really home-made pastries, pies and biscuits) is under the direction of Sarah Berry who was chef at the Waldron Hotel in Pontiac for eight years.

Latest refrigeration equipment is part of the all electric kitchen (and customers are invited to inspect its shiny quarters). The kitchen is a source of interest to Detroit restaurateur who have come to see it.

Clarkston, Mich.

"The Flaughters' idea is simple but refreshing", say the owners of the \$75,000 Ir-D-Le.  
"We have always believed people would appreciate a restaurant and cocktail lounge dedicated to highest quality food and liquor, courteous service in clean, pleasant surroundings. We want Ir-D-Le to be a place where folks can enjoy the good things of life... and you notice we haven't juke boxes, we also think they welcome a chance to hear each other talk when they come to see us".

### Card of Thanks

I wish to thank my friends and neighbors and the Cedar Lodge, F. & A. M., for the beautiful flowers and cards I received during my stay in the hospital after my accident.  
George Harris

### Appreciation

Rev. Fr. Delaney and all of the Festival Committees wish to thank publicly all who helped make our Summer Festival such a wonderful success. Much time and effort was given, not only by parishioners but also by many good friends in the community who contributed in many ways to the success of our first annual festival. Our special thanks to the local newspapers for the grand publicity; to Mr. Sayles for his pictures; to the men of the O. C. S. C., who did such a wonderful job of parking and to all the people of the vicinity who showed such an interest in our project.

The members of Our Lady of the Lakes feel they have much to be grateful for — the generous help we received and the success we enjoyed.

Reverend F. J. Delaney  
Ben Clare, General Chairman  
and all committee chairmen

# 49 PONTIAC

Powered by the World's Sweetest Engine?

Perhaps the most impressive thing about driving a new Pontiac is that sure sense of having more than enough power at your command always.

You'll feel it whenever you touch the accelerator—a smooth, effortless flow of power. And it's yours whether you are driving a great Pontiac straight eight or its equally famous six-cylinder companion.

Whoever you choose, you can be sure that you are driving one of America's most modern engines and one of its most proved. For the basic design of Pontiac power plants has the approval of more than two million owners.

Its engine is just one of the reasons why you should be driving a Pontiac—come in soon, we'll show you many more.

# MONUMENT

All of us look at the Gasoline Pumps of a Service Station and take them as a matter of course, but we think of ours as Monuments to better running automobiles. And, of course, we consider our Gasoline, Oil, and Lubricants the finest.

And you will get courteous service from us. The next time your car needs gas and oil, come in. We'll show you what we mean.
