At Fair School

Come One! Come All!—to the family pot-luck supper at Fair School, corner of Teggerdine and White Lake Roads on Saturday, Nov. 19 at 5:00 P.M.

Congratulations to Mr. and Mrs. Harlan Thayer of 94 N. Holcomb St., Clarkston, on their silver wedding anniversary.

KING GEORGE III NEVER SAW JOHN HANCOCK'S SIGNATURE ON THE AMERICAN DECLARATION OF INDEPENDENCE, even though Hancock did write his name large enough so the King could read it without his spectacles.

At the time the Declaration was written, Sir William Howe was organizing a campaign against the American rebels under George Washington.

The declaration was written and signed by members of the Continental Congress in 1776. John Hancock was one of the signers and his statement about writing his name large enough for the king to read it without spectacles is one of the famous anecdotes of American history.

Several years ago the Clements Library of the University of Michigan acquired the private papers of Lord George Germain, and among them was this copy of the Declaration of Independence—the copy which actually took to England the news of the American Revolution.

The copy will be on display in the Clements Library during the week following the broadcast on November 17.

Last Game Of Season A Thriller-But Heartbreaker

Last Friday evening at Lake Orion, Clarkston was edged in the last two minutes of the game by the score of 20-14.

In the first quarter, after a series of first-downs had brought Clarkston near the Orion goal, Jacobs carried the ball over for the first touchdown.

Penalties were probably the deciding factor of the game. Once Orion tried a Statue of Liberty play and fumbled near their own goal line.

Clarkston's record for the season was 3 wins and 5 losses; Clarkston tied for third in the Twin County Conference.

This game marked the last for Captain Dale Jacobs, Orin Shell, Dick Guerin, Albert Potter, Cecil Miller, Clark Morgan, and Robert Rioux.

Our Dog That pup the owner sold to me was cute, and had a pedigree. We picked him from a brood of eight.

By the Way... Ordinarily we try to see both sides of the question and try to see some justice in both sides.

Each morn I'm wakened from my rest. With two huge paws upon my chest.

He almost stuns me with his blows, Then licks me on the face and nose.

When I come home, he stands erect, And wraps his paws about my neck.

He cannot place a thing too high To miss the keenness of his eye. He studies every move we make. He knows if they are true or fake.

BILL SWITZENBURG

It was May 2, 1932, in Pontiac, Michigan. The day was calm, quiet, and noiseless when who should be heard but Bill Switzenburg—better known as "Switz".
 Bill is one of Clarkston's quiet seniors but one who is never overlooked.
 Bill attended Webster school in White Lake Township until the eighth grade. In grades nine and ten he went to Dublin. Then in eleventh he came to Clarkston.
 In sports Bill isn't hard to please. He likes to swim, play football, basketball and does a fine job for Clarkston in track.
 When it comes to pet peeves Bill doesn't like corny jokes, and people who talk loudly and always seem to say the wrong thing at the wrong time.
 His favorite dish is ice cream.
 Bill's personality is quiet and friendly. He is very easy to get along with.
 He would like to go to college but no plans have been made yet.

DALE JACOBS

On November 18, in the year 1931, a 12 pound 5 ounce boy was born. Mr. and Mrs. Jacobs never knew that some day this boy would sit in chemistry class and cut loose with a giggle that sounds like a Ford stalling.
 When asked what his hobby is

he said "I haven't got a hobby". But after some coaxing he finally said that it was breaking up pajama parties. His pet peeve is people who make him make speeches. After an appetizer of cue chalk he likes three hamburgs and a malt at bedtime.
 Of the many sports that he excels in his favorite is swimming. "Jitters" as Dale Jacobs is called by everyone, had his biggest thrill when he made the six ball seven times in a row at Sy's.
 Jitters fools around a lot but the faculty and everyone likes him.

RALEIGH "DOC" THAYER

"Doc", our athletic coach and commercial math teacher, was born in the safe town of Ypsilanti. His age is forty-one but his spirit and ambitions "out-do" many of the young "bucks" still haunting the halls of our "alma mater".
 He graduated from Central High School in Ypsilanti and continued from there to the Michigan Normal College in his home town.
 He first coached at Chelsea High School where his team copped a district basketball championship and were also champions of the Huron League in football.
 From there he went to Deckerville and then to Swartz Creek. Then "good ole Doc" ventured into the village limits of Clarkston in the year of our Lord 1937, A.D.
 His teams showed improvements and growing spirit until finally an undereated football season was the reward of his efforts in 1945. The last three years he has acquired three championships in basketball and two consecutive baseball trophies. The baseball team of last year didn't lose a league game and lost but one exhibition game in thirteen tries. The basketball team has one defeat in three years of league competition.
 Doc's favorite pastimes are golf and hunting in his spare time. Whenever he is not painting, he drives his poor Beagle hound to distraction.
 Doc has two major peeves, one being lazy football players and the other being over inquisitive skunks. He predicts, "We should do well in league competition in basketball".
 I am sure the whole school and town are with us in wishing Mr. Thayer many more successful years of coaching and teaching at Clarkston High.

BAND NOTES

The Clarkston High School Band has been progressing very rapidly this year. There are many new members due to the constant effort of the director, Mr. W. C. Ladd. As most of you know the band has been allotted some money for the sole purpose of buying more instruments, and creating an interest in band work. The Band meets, when possible, every Thursday during 6th hour, and every Tuesday evening from 7:30 until 8:30.

THE TRUE BOYS PREFER "YOUNG MISS" RATHER THAN "SLACK CLAD FEMALE"

With everyone having something to say about the love birds flying through the high school halls, seems as though I ought to say something on the subject. One thing the gals must remember. . . they get treated just as they expect to be treated. Most boys admit they prefer a charming young lady than a postlerous slack clad female. When it's all said and done the boys will take the mannerly young miss to the really better school dances. That's a reasonable attitude, because most of the boys compare their girl-friend with the best girl-friend of them all—MOM.
 Dorothy Ward

fun in spite of the weather.
 The dance started at 9:30 with a square dance. Mr. and Mrs. Calvin played the piano and violin with Mr. Withers as a caller. At intervals throughout the dance movies of well known orchestras, such as Harry James and others, were shown. This made a big hit with everyone present because they could dance and watch the movie at the same time. The dance ended at 12:00 o'clock with a square dance.
 It was a big success; everyone had fun and, best of all, the juniors made money!

Have you noticed that big cage on a table in the science room? Well, this was once the home of a nice, law-abiding hamster. He was polite to all his visitors, and, on the whole, you couldn't ask for a better animal.
 But as time went on the hamster became the center of attraction. This tended to make him self-centered so that at last he didn't care what people thought of him. He now tries to bite off anyone's finger that comes too near his cage and when offered anything to eat he stuffs it into his mouth and then, like a miser, hides it in his bed. He has quite a collection. Now that large cage is the home of a ruthless outlaw.

HARVEST HOME SUPPER AND BAZAAR

The annual Harvest Home Supper and Bazaar was sponsored by the Seniors, Nov. 8, at the high school. Peggy Keasey and Lee Johnson were co-chairmen of the bazaar. Carole Torr was the chairman of the supper. At 6:30 the supper was served in the gym. The menu consisted of spaghetti, cole slaw, rolls, milk or coffee, ice-cream and cake. After the supper a bazaar was held where cakes, pies, candy, needlework and handicraft were sold. The parents also were introduced to the teachers during this time and were given the chance to find out just why their dear children receive the marks that they do.
 The most exciting event of the evening was the basketball game between the Senior boys and the Faculty or the "Pros" against the "Amateurs", "Beat-Out Bonner" and "Stinky Stabler" were only two of the nick names given to the players. We see that Mr. Stabler is a very determined man—when he says he will make a point, he makes it! The final score was 25-18, in favor of the "Amateurs". "Doc" Thayer was the high point man. Jim Smith and Frank Keel-son were the referees. During the half some of the articles which were not sold at the bazaar were auctioned off. Everyone had a good time.

 What's this I hear about Gail R. and Bill S??
 Gee Whiz, Clark didn't have his ring very long. Did he Gerry??
 It looks like Bob and Ann are sure "hitting" it off well.
 I wish I had a girl-friend, Johnny, that would spend all her weekends baby sitting so she could buy me a birthday present.
 A bunch of us girls sure got pretty invitations for a wedding shower, didn't we Jeaneanne??
 I had a broken-down car up in the Silver Saddle once, Dick, but I was just a kid then.
 Mary Lou you sure have your troubles don't you? Bob? Hank?
 Hey, Chuck, how did you get home? Or don't you remember??
 Barb, I sure do wish you'd stop trying to talk us girls into spending our vacation in Alaska next summer. There just isn't enough of Carl to go around for ten of us.

GIRLS' CLUB
 On Wednesday of last week a meeting was held at which arrangements were made for a pot-luck dinner to be held November 30th. The place cards were also made. Both an informal and formal initiation for all of the new members is the purpose of the dinner.

PEP SESSION
 On Friday afternoon at 3:15 a pep session was held in the gym. Mr. Quick opened a box and each football player came through and gathered on stage to hear Peggy Keasey read poetry concerning each position played in the game. Mr. Quick urged all students who could possibly go to the game to be sure to go, as it was the last game of the season.

HEADACHE
 Nature's Semaphore

★ The causes of headache are multitudinous. It is, perhaps, the most common ailment of man. Many headaches are simple, and respond to simple home treatment.
 It should be remembered that headache is a symptom, and not a disease. It is nature's semaphore, signaling that the track is not clear.
 If headaches persist or recur, see your physician at once. If medication is needed, we are equipped to fill your prescription promptly and accurately.

PORK NOT WELL DONE DANGEROUS TO HEALTH

All pork—regardless of the cut—should be cooked to the well-done stage because of the danger of harmful parasites in pork that is not cooked well.

A small percentage of hogs contain the parasite which causes trichinosis in persons eating the uncooked pork. Thorough cooking makes these parasites harmless—just as pasteurization kills harmful bacteria in milk.

Check the cooking time of the various pork cuts carefully, suggest home economists at Michigan State College. One-half hour of cooking time per pound of pork is a good allowance for hams and other large cuts of pork.

To check for doneness, make a small incision next to the bone and also in the thicker part of the meat. Fresh pork cooked to the welldone stage is grayish in color—not pink. If you are using a thermometer for checking time and temperature, follow the directions to the letter. The gage will indicate the temper-

ature to which pork should be cooked.

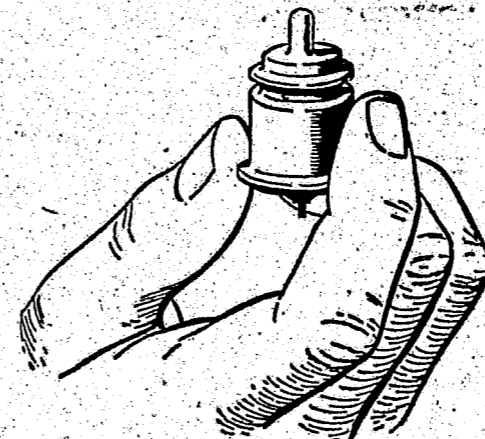

"DO YOU TRUST YOUR DOCTOR?" — Too many times people have been treated for one disease, only to discover, too late, that they have something entirely different. This article, by Science Editor G. B. Lal and George O'Neal, contains descriptions of 16 life-saving clinical tests that doctors should use to make a thorough and accurate diagnosis of patients. Don't miss "Do You Trust Your Doctor?" in the American Weekly, the great magazine distributed with SUNDAY'S HERALD-AMERICAN.

Rural Tele-news

GOOD NEIGHBORS—In Michigan Bell territory there are more than 450 "roadway telephone companies"—small organizations whose farmer-members own and maintain some 6,000 telephones and 640 lines which connect with Michigan Bell switchboards. Michigan Bell charges the roadways only for switching and Long Distance calls, but as good neighbors, the company's technicians are available for assistance. They inspect the lines, demonstrate proper construction methods, help the roadways to obtain materials, and loan them special telephone tools. This helps to assure better rural telephone service for everyone.

TINY TUBE—A new electron tube, developed by Bell Telephone Laboratories, is so small that it must be assembled under a microscope. It is six times more sensitive than present tubes used in radio relay Long Distance circuits and mobile telephone service. It will save space and save power and have a longer life. It's another step in the parade of telephone progress.

HOW LONG IS A LONG DISTANCE? It may be across several counties, across the state or across the nation. But actually today, distance doesn't matter when you want to talk to someone. Your telephone will take you anywhere in a few minutes. If it's a buyer of farm products or a supplier of farm equipment you want to reach, one Long Distance call may make or save you many dollars. Service is friendly and courteous. And it costs surprisingly little.
