ARMY NOW OFFERS MANY CHOICES

S/Sgt Lynn D. Rexford, Pontiac recruiting chief, announced today that the month of October was another successful one for the Pontiac station. With an assigned target of 34, the station actually recruited 36 for a percentage of 105.9. This figure enabled Pontiac to take 18th place in a 77 station Michigan-Indiana race.

A larger assigned Air Force quota for the month of November has been given this area. These openings are for periods of 4, 5, and 6 years, with excellent opportunities to attend the technical

school of your choice, or if qualified, training as a pilot, navigator, or training at Air Officers' Candidate School. Any of the above mentioned could lead to a commission as a 2nd Lt., and a career in one of the most highly technical organizations in the world.

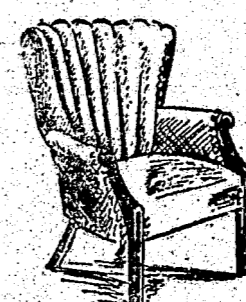

For men who would be interested in an Army career, the Pontiac Recruiting Station has many fields of endeavor from which men of good calibre may make their choice.

Check on these opportunities now. Contact your recruiting office at 53 1/2 W. Huron St., Pontiac or one of the sub-offices located in the lobbies of the Pontiac Post Office, County Court House and Michigan Unemployment Compensation Commission. Phone 4-5342.

FOOTBALL RESUME

Clarkston, in their first game of the year, went down in defeat to Avondale by the score of 10-0. The second game was with Big Beaver, who finished up league champions, and they came out on top 24-7. Next was with Waterford — there is lots of rival spirit between the two schools. It was a very hotly contested battle and Waterford with some breaks came out the victors, 14-6. **CLARKSTON WINS FIRST GAME!** Hurrah! Hurrah! Clarkston battled it out with Log Cabin and came through to win by the score of 12-7. The next game was with Country Day in which Clarkston slipped and let them run off with the score, 19-0. Another win! Clarkston beat Frazer. After a poor first half, the Wolves came through to whip them 13-7. Bloomfield was trimmed 20-0 for Clarkston's first shutout of the season. It was the first time Bloomfield has been beaten by the Wolves in four years. In the last game of the year, Clarkston was edged out 20-14 by Lake Orion in the last 50 seconds of play by a long pass. Clarkston beat themselves on penalties from which they never recovered and it was a sorrowful defeat for the Wolves.

The Seniors that are leaving this year are: Dale Jacobs, Cecil Miller, Clark Morgan, Albert Pötter, Hank Shell, Bob Rioux, Dick Guerin, and Bill Switzenberg. These boys

have been loyal to the team and we will surely miss them next year.

MONKEY BUSINESS

On Thursday morning, Mr. Elvige and his monkey, Snooky, were with us and presented a very fine program. Mr. Elvige gave us a brief history of Snooky. Snooky is twenty years old and weighs nineteen pounds. He told us the average life of a monkey is about twenty-nine years. Snooky came from Atlantic City and has been with Mr. Elvige for twelve years. She eats just about everything a person will eat. He told us it took many hours to train a monkey as you have to be very patient with them and make them understand you. Snooky appeared on stage in a little red suit. She carried two pails across the board which she was on and then saluted the flag. A very fascinating feature was when she untied a six-times knotted chain. Snooky enjoys riding a rocking horse and does as good as any child. She isn't bashful about eating; she proved that by looking at us while eating a banana. Monkeys, like humans, know what they want; when Mr. Elvige set up a table and placed packages on it Snooky opened them up and ate only what she wanted. If Snooky was caught in a rain and was given an umbrella she surely would know what to do with it. Snooky isn't any bother as far as undressing is concerned, nor is she bashful, for she took off her little red suit and remained in Mr. Elvige's arms in her underclothes. Everyone enjoyed Snooky's performance and hope to have her back another time.

THANKSGIVING

Thanksgiving is the time to give thanks. Halloween is reserved for the pranks. The turkey, potatoes and such. Remind you, not at all of the witch. Out of school for two days at least. We may act like roving wild beasts. But don't forget on that day. That a long time has passed away. Thanks was given to the Great God above. Who all should know well and should love.

Zona Yvonne Marks

DID YOU KNOW THAT . . .

If you were asked to name the most important game animal in the United States, the chances are, your choice would depend on the part of the country you live in. If your home was in the north, you

might pick the lordly Moose; in the west, the elk or the fleet antelope; in the south it would probably be the black bear.

If you pick any of these you would be wrong. The most important one is the cottontail rabbit.

BOYS AND GIRLS

Anybody interested in aviation will be interested in the Civil Air Patrol. We want anybody from ages fifteen to eighteen.

The C. A. P. is an auxiliary to the United States Air Force and is an active organization. You learn the principals of flight and everything else about flying.

You spend two whole weeks at Selfridge Field training with the Army.

Anybody wishing to join come to the Pontiac High School at 7:30 P. M., Rooms 103 and 105.

What Did You Think Of The Activity Period And Would You Like It Revived?

George Mantyla . . . "No I like the present system, no spelling!"
Dorothy Ward . . . "No, the activity period wasn't what I expected at all. I like the present system."

Shirley Allen . . . "No, the activity period was organized to give us class meetings and that was the only thing we did not get. I did not like the spelling party."

Bill Ward . . . "No, I did not like it because we had to start school fifteen minutes earlier and I didn't like the spelling."

Mr. Heimburger . . . "I believe that the activity period could be very worth while. However, unless you, the student body, improve this program one hundred per cent it is not worth while, and merely becomes a period in which you meet friends and discuss last night's dates. As long as the present spirit of lassitude exists at Clarkston High, I am not in favor of having an activity period."

Bob Rioux . . . "I thought it stunk. It was not organized right."
Joan Parker . . . "Same here."
Edna Dortch . . . "It was alright but it wasn't long enough."

Billy Boatwright . . . "It's okay I liked it."

GOSSIP

5. Did you hear about Mr. Quick coaching some of the girls in playing football?
6. I wonder why Mary Lou and Enda have been going to church so much lately. Is he cute?

7. Has anyone noticed Mort moping around school lately? If you are wondering what is wrong, it's Kenny. (He is deer hunting.)

We hear Bobby Olson is a secret admirer of Mary Lou. What's the matter Bobby — bashful?

9. We are all hoping that Delores McMullen will make up her mind soon. She has us all wondering.

10. We don't see much of Rosie up in Silver Saddle lately. Bob isn't deer hunting is he?

11. If anyone sees Johnny flashing a nice looking wallet around you'll know he's showing off his birthday gift from Sally.

MISS LAIRD

"Toni", as her friends call her, was born October 28, 1924, somewhere in a little town in Illinois. Her family traveled and moved around quite a bit, so it didn't give her much of a chance to stay in one school. But she went to school mostly in Michigan. She graduated from Dearborn High and from there worked for the Veterans Administration for a year. Then she went to Michigan State Normal College and worked her way by being a waitress in a resort hotel, traveling with a magazine crew, and working in dress shops.

This is her first year at Clark-

ston High and she likes it very much. (Quote) "No complaints yet." (unquote) Last year she taught English, Civics and Speech at Lake Orion. This year she is just teaching English. Some of her hobbies are music, dancing, read-

ing and she likes traveling very much. Her pet peeve is students asking her how much they have to do or write in classes.

We all think she's a swell teacher and hope she will remain in Clarkston High School.

Watch Out For The Symptoms!

Laughed out loud when I heard Hoot Davis was down with Chicken Pox. A man of forty-five catching a kid's disease!

So I went to see him, armed with jokes about "second childhood" but forgot them fast when I got there. Hoot looked terrible and had quite a fever.

While we talked, I came to think of how Chicken Pox is a lot like other "diseases"—diseases of the character, such as intolerance, self-righteousness or just plain ignorance. They're excusable in children, but when they come out in

adults they're ten times as bad—and can be mighty "contagious."

From where I sit, we should all watch out for the "symptoms"—little things like criticizing a person's preference for a friendly glass of temperate beer or ale. We've seen personal freedom wither away in other countries, when individual intolerance was allowed to get out of hand and become a nation-wide epidemic.

ORDINANCE No. 43
 An ordinance to provide for the building, rebuilding, maintaining and repair of sidewalks in the Village of Clarkston; to provide for assessing the cost of new sidewalks; and the cost of repairing and to determine specifications for such construction; and to provide penalties for violations, and to repeal all ordinances in conflict herewith.

SECTION 1. That hereafter whenever the Trustees of the Village of Clarkston shall determine by resolution that any sidewalk on any of the streets in said village shall be built, rebuilt, or repaired, the same shall be built, rebuilt or repaired in the following manner:

SECTION 2. The Trustees of said village shall by resolution declare the necessity for, and direct the building, rebuilding or repair of any sidewalk in any street in front of or adjoining any private property, and shall forthwith instruct the Village Clerk to cause to be set upon the property of the agent or occupant of such private property a notice of such proposed sidewalk construction, or repair, which notice shall specify the amount of sidewalk to be constructed or repaired, and the property abutting the same, and if the owner of any parcel or parcels of land cannot be located, or is unknown, the Clerk shall cause a copy of such notice to be published in a newspaper printed and circulated in said Village for two (2) successive publications, which publications shall constitute service of said notice. It shall be the duty of every owner, agent or occupant of any such lot or lots or parcels of land, within twenty (20) days after the date of such notice, to build, rebuild, or repair, such sidewalk, in accordance with the provisions of this ordinance and the specifications of the Village of Clarkston.

SECTION 3. All sidewalks shall be constructed in conformity with the plans on file in the Village Clerk's office and in accordance with the standard specifications of the Village of Clarkston. All concrete used in sidewalk construction shall, 28 days after placement, be capable of resisting a pressure of 500 pounds per square inch without failure.

SECTION 4. No sidewalk shall hereafter be constructed in the Village of Clarkston without a permit being obtained therefor from the Village Clerk. The Village Clerk shall be authorized to issue permits upon payment to him in the amount of 50c for each 100 square feet of sidewalk or fraction thereof with a minimum fee of \$1.00. Such permit shall not be granted for sidewalk construction under contract with the Village or by the Village forces.

SECTION 5. No sidewalk shall be constructed, built, rebuilt, or repaired in the Village of Clarkston, except by securing permit from the Village Clerk and in case of new construction a bond shall be filed with said Village Clerk in such amount that will fully protect the Village against any work not so surrendered until it has been accepted by the Village of Clarkston through its proper agent.

SECTION 6. All sidewalks shall be cement or artificial stone, prepared and laid in accordance with plans, specifications and regulations therefor prescribed by the Village of Clarkston, provided, however, that on land abutting on any paved or unpaved street, where such land shall have been built of marshland, swamps or dumps rendering the stability of the concrete uncertain, that upon recommendation of the Village Trustees authorizing the same, a first plank sidewalk may be constructed for such reason. Every sidewalk builder shall stamp upon each sidewalk built by him once in every 100 lineal feet thereof, his name and the year in which such sidewalk was built.

SECTION 7. The Village Trustees will authorize a grant to permit any property owner to construct a sidewalk in front of or adjacent to any real estate owned by him, conditioned that such owner is skillful and competent to construct the same in the manner provided in this ordinance pertaining to materials used, specifications granted, and permit secured for such work.

SECTION 8. The Village Trustees may revoke any permit issued under the terms of this ordinance for incompetency or failure to comply with the terms of the ordinance or the regulations, plans and specifications furnished by the Village Trustees for the construction, reconstruction or repair of any sidewalks. The Village Clerk may cause to be stamped under any permit granted for the construction or reconstruction or repair of any of the sidewalks for any of the causes enumerated in this Section until the next regular meeting of the Village Trustees.

SECTION 9. In the event the owner neglects or refuses to build or repair such sidewalk after notice, in accordance with this ordinance, the Village Trustees may order such construction or repairs, create a special assessment district, and the cost of such construction or repairs shall be charged against the abutting property as special assessment and shall become a lien against the said lots in accordance with the special assessment procedure provided in State law. Provided, however, that no assessment shall exceed 25 percent of the assessed value of such lot or property assessed for such improvement, and provided further that not to exceed 50 percent of the cost of such new sidewalk constructed shall be assessed against any such lot.

SECTION 10. The term "sidewalk" as used herein, shall be deemed to mean and include any sidewalk, cross-walk or driveway, adjoining any public street, or adjoining or abutting any public property.

SECTION 11. All ordinances or parts of ordinances conflicting with the provisions of this ordinance, along with Ordinance No. 40, are hereby repealed. Should any section, subsection, sentence, clause or phrase of this ordinance be declared by the Courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof other than the part so invalidated.

SECTION 12. This ordinance shall take effect immediately upon the passage and publication thereof.

Coffee and Pumpkin Blend in This Holiday Dessert

WHEN everyone has had his fill of roast turkey, when the dressing and cranberry sauce and the rest of the fixin's have each played their role at Thanksgiving Dinner, clear the board for pumpkin pie and coffee! And here is a fine suggestion for a pumpkin pie that is light as thistle-down, toothsome enough to hold its own on the year's all-star menu.

The flavors of pumpkin and coffee have a real affinity for each other, and, combined with spices, they form a perfect blend in this delicate, flaky pie. Somehow, coffee-pumpkin chignon pie is the perfect light dessert for an extra-filling dinner.

Of course, you'll need plenty of fresh, fragrant coffee to top off the feast. This is the day to use your best coffee-pot, your prettiest cups, when, when the pie plates are empty, fill up the cups again while you sit back and sigh with satisfaction!

Coffee-Pumpkin Chignon Pie
3 eggs, separated 1 envelope unflavored gelatin
1/2 cup sugar 1/4 cup cold double-strength coffee
1 1/2 cups canned pumpkin 1 3-inch baked pie shell
1/2 cup double-strength coffee
1/2 teaspoon each salt, ginger, cinnamon and nutmeg

Beat egg yolks; add 1/2 cup sugar, pumpkin, 1/4 cup coffee, salt and spices. Stir in top of double boiler until hot. Sprinkle gelatin on remaining coffee. Dissolve in hot pumpkin mixture. Chill until slightly thickened. Beat egg whites stiff; add sugar while continuing to beat; fold into pumpkin mixture. Spoon into baked pie shell. Chill until set. Yield: 1 9-inch pie.
