# DONATE A ROTARY ARN CHRISTMAS DRESS

the Clarkston Rotary Anns met at the home of Mrs. Harry B. Yoh with Mrs. Ronald Walter as cohostess. There was a splendid attendance. Only one member was absent.

At the meeting conducted by the president, Mrs. Don Stackable, it was decided to have a rummage sale at the Township Hall in Clarkston in February. The group voted to hold the annual Christmas Party at Old Plantation Inn on Tuesday, Dec. 13, Each member is to furnish a fifty cent gift or exchange.

The historians reported that they had started work on the Club's scrap book and had it on display. Each member was asked to furnish the historians with a small picture of themselves.

The biggest feature of the meeting was the display of the dresses that will be given to little girls from 6 to 11 years of age at Christmas, time. The group was pleased with the number of dresses received and each one was asked to emphasize to the public that any person wishing to donate a dress could do so. The dresses will be on display in the Clarkston State Bank starting today.

Anyone in this area who wishes to donate a dress is asked to contact Mrs. Harry Yoh, chairman of the project. There are so many little girls in this district who would be so happy with a new dress at Christmas time. The Rotary Anns would appreciate conations as they would like to get as many dresses as possible.

After the business meeting Mrs. Robert C. Beattie, program chairman for the evening conducted a game. Mrs. Robert Henry, Mrs. George Perry and Mrs. Walter Saxman were the prize winners.

At the close of the evening the hostesses served refreshments from a table attractive with a white linen damask cloth and a center arrangement of yellow chrysanthemums in a crystal bowl flanked with white candles in crystal holders. Yellow mums were used on the buffet and white mums in the living room.

# On Tuesday evening, Nov. 29, Nuptial Rites Read In Breckinridge

The Methodist Church at Breckinridge, Michigan, was the scene of a pretty candlelight ceremony on Saturday evening, November 12th, at 8 o'clock when Joyce Baker, daughter of Mr. and Mrs. Alva Baker of Breckinridge, and Basil Ash, son of Mr. and Mrs. Walter Ash of Clarkston spoke their nuptial vows.

The Reverend Melvin Dixon, pastor of the church, read the double ring rites before an altar of palms, candelabra and large baskets of white chrysanthemums.

The bridegroom's sister, Mrs. Jack Skarritt of Clarkston played the traditional music and accompanied Miss Lorana Kaufman of Ionia who sang "I Love You", "Because" and "The Lord's Pray-

The bride, given in marriage by her father, was gowned in white slipper satin fashioned with a TO PENNY SUPPER fitted bodice, long sleeves pointed over the wrists, a high neck with a tiny collar and a yoke of seea pearls complementing the front or the bodice. The full skirt fell into a cathedral train. A tiara of white satin and seed pearls held her fingertip veil of illusion and chantilly lace. She carried a white prayer book topped with a white orchid. She also carried the wedaing handkerchief belonging to the groom's mother.

Barbara Baker, maid of honor for her sister, was in antique gold satin with matching head piece and long mitts. She carried a powder puff bouquet of contrasting colors.

The other attendants were Mary Jo Dodes of Ionia and Barbara Hillock of Breckinridge. Their gowns were of emerald green satin fashioned like the maid of honor's They also carried powder puff bouquets of contrasting color. Durward Ash of Utica was best

A reception in the church din ing room for 200 guests followed the ceremony. A four tiered wedding cake centered the refreshment table. Mrs. Howard Osmus, aunt of the bride, served the cake. Also assisting at the reception were

Jeanne Pinkerton of Saginaw and Patricia Yates of Breckinridge at the coffee urns, Cara Mae Mudd of Midland at the punch bowl and Marcia Tapert of Sault Ste Marie at the gift table.

The bride is a graduate of the Breckinridge High School and Central Midhigan College. The bridegromm is attending Central vited to attend. Michigan College.

Following the reception the newlyweds left for a short noneymoon in northern Michigan, For travelling the bride wore red tissue faille with brown accessories and the orchid she carried at her wedding.

Those from a distance attending the wedding were from Canada, Detroit, River Rouge, Pontiac, Saginaw, Lansing, St. Johns, Grand Rapids, Mt. Pleasant, Utica and Clarkston.

### **Band Instruments Now Available**

For the last few weeks the Clarkston School has been urging folks in this area who have band instruments, not in use, to make them available for the use of students. Now the school has several instruments, in excellent condition, to sell to those who would like to furnish their child with a band instrument. These are wonderful buys. Usually the student player furnishes the solo instruments and the school buys the instruments that are not used for solo work.

Anyone wishing to see these instruments should contact the school immediately.

# **Your Phone Number** Changes Dec. 4

Do you telephone Pontiac, Commerce, Drayton Plains or Longacre-5 telephone number frequently? If you do, the Michigan Bell

Telephone Company has a suggestion that will save you time on and after Sunday, Dec. 4. That is the day when all telephone numare changed by the addition of "central office prefix."

The suggestion is: keep paper and pencil near your telephone and subject of a special meeting of members of the Club. The latter is the Board of Education on Tuesday at two act play and was also written by the members. Both plays perchanges jot down the new telephone number for future refer-

Robert E. Poll, manager here for the company, said the new numbers would contain seven digits, including two letters.

The new prefix for Pontiac will consist of the name FEderal. In the case of existing numbers of five digits, there will be no further change other than the addition of the letters "F" and "E". For example, 4-5678 would pecome FEderal 4-5678.

Telephone users will dial the first two letters of the name, then all numerals in turn.

Existing numbers of only four digits will receive a prefix consisting of the name FEderal and a numeral — either 3 or 5. The last four numbers will remain the same. The number 7989, for instance, would become FEderal 3-7989.

Commerce numbers will receive the prefix EMpire-3, Drayton Plains exchange numbers will be designated ORlando-3, and LOngacre-5 numbers will be changed to Mayfair-6.

Poll said the number changes were necessary in order to prepare for the introduction of direct (continued on page six)

Last Wednesday afternoon the "Busy-Bees" 4-H Club met in the P. T. A. kitchen. The first year members prepared fresh fruit for breakfast. They learned 3 ways of serving fruits; at what temperature fruits are cooked and why; what may be substituted if fresh fruits are not available; why tomatoes, grapefruit and oranges are important fruits; how often fruits should be served each day; the importance of fruit in the diet; how to cook and serve fresh fruits and the preparing of dried fruits. The next meeting they will cook cereals. The second year members cooked vegetable soup. We learned that fruits have z purposes to promote digestion and | board, to add food value to the meal. We learned that the two classes of soups are those with and without stock. Those with meat stock having beef, veal, mutton, fish or poultry as the basis and those without stock having white sauce as the basis. We also dsicussed aids in making soup. The next meeting we will prepare vegetables.

On Tuesday we met in the sixth grade room with 13 of the 15 members present. We discussed plans for a Christmas party and drew names. Next Tuesday we will meet to complete the plans for the party and also elect committees to work on the party. Arlene Gaynor, Scribe

heavy on the ground and the snow continued to fall. Arriving home, we started in our drive only to be stopped with the white blanket of crystalized rain. Visions of digging a path into the yard arose. But backing up a rew reet getting a good start and then driving ahead with a heavy foot on the accelerator and a prayer in our heart we managed to get to the garage. We locked the car and came in the house. Tomorrow we would have to dig out, but tomorrow would be another day. Our first act on arising was to see how deep the snow was. On second look we saw Ben Powell coming along the road with a tractor and snow plow. He turned in our drive cleaned out one half of the drive back to the car, turned around and in driving out cleared the other half. Now in tune with the Christmas feeling — I believe in Santa Claus. ... # **Farmers Get Ballots** For Committeemen

Ballots containing the names of candidates for the elective positions of committeemen to serve during 1950 are now in the hands of all eligible farmer voters in Oakland County according to Walter R. Cook, chairman of the Oak-

land County PMA Committee. These candidates were nominated at meetings held in the various communities during the latter part of October and the first part of November.

Mr. Cook said that the deadline date for returning ballots is not until December 22, but if farmers vote now and return their ballots, there will be less likelihood of misplacing the ballot around the house or of forgetting to vote.

The chairman said that ballots were mailed to known eligible voters in the county. Any farmer who did not receive a ballot through the mail and who has reason to believe that he is eligible to vote should call at the county office where his eligibility status

will be determined. Farmers may either mail their marked ballots to the county PMA. office in sealed envelopes to maintain secrecy or they may deliver them in person, Mr. Cook said. The ballots will be counted on December 23 by an impartial election

and girls now and completed by creation chairman's meeting on the September 30, 1950.

John Trocke, 4-H Club agent states that the purpose of the proect is to give 4-H Club members an opportunity to help with fire prevention and fight one of the worst enemies of the farm.

Fires on Farms take approximately 3,500 lives and destroy more than \$100,000,000 annually and 4-H Club members have a real project in helping reduce these losses. Boys and girls between 10 and

20 are eligible to start the project. Project awards to the top four individuals in the state will be made by the State Association of Mutual Insurance companies of Michigan, Awards include a trip to the national 4-H Club Congress in 1950 with all expenses paid and U. S. Savings Bonds. Activities in the project include learning to make inspection

report on farm and home buildings and to correct hazards. These corrections might mean making a ladder, repairing electrical connections, installing lightning rods, giving demonstrations and many other possibilities. Further information about this new project is available at your county extension office from John Trocke, 4-H Club Agent.

# GENERAL BUSINESS

Last Thursday November 10th, the General Business class visited Clarkston State Bank. After going through the bank, Mr. Jones and Mr. Robinson arranged for the class to go to Detroit, November 22, to go through the Manufacturer's National Bank. As an extra treat they bought our dinner, and took us to the WWJ Radio Station, where we watched the quiz program "Cinderella Weekend".

While at the Manufacturer's National Bank we were shown two ten thousand dollar bills, and were taken into a vault which contained more than a million dollars. Even though the trip through the Manufacturer's Bank was very interesting we feel that we got more out of going through Clarkston State Bank because everything was explained so thoroughly.

We would like to thank the Clarkston Bank for showing us such a wonderful time, and for adding to our understanding of banking.

AN IMPRESSIVE RECORD

★ Although tuberculosis is one of the oldest known diseases, its cause was first conclusively proved when Robert Koch isolated the tubercle bacillus a little over fifty years ago. The success resulting from vigorous public health measures, particularly in the last quarter century, is impressive. At the beginning of

seventh place. There is no reason why it should not drop completely from the list of important causes of death. This splendid record has resulted from the combined efforts of many agencies. # TO CLARKSTON TELEPHONE USERS: All Pontiac, Commerce, Drayton Plains, Longacre telephone numbers change Sunday, December 4

To call any telephone in those exchanges on or after December 4, if you don't know the new number, simply give the old number to your operator. She will tell you the new number and complete the connection:

We suggest you jot down the new number the operator gives you so you'll have it the next time you call.

In JANUARY 8 the new Pontiac district exchange will be established and extended area service will become effective. At that time you'll be able to call Pontiac and certain other nearby communities without a toll charge.

So, shortly after the first of the year, you'll receive a directory containing the new numbers\* in those communities.

\*Your own telephone number will be changed, too.

(continued from page 1) dialing between zones of the proposed Pontiac District Exchange. District exchange service, permitting calls without toll charge to nearby communities, is scheduled to be inaugurated early next

Poll said subscribers should place calls to Pontiac, Commerce, Drayton Plains and LOngacrein the usual manner, using the last number known to be accurate. If the number is an old one without a prefix, the operator will look up the new number and tell it to the caller before she completes the call. If the new, seven digit number is known, the caller has only to ask his local operator for it and she will complete the call immediately.

Alphabetical listings of Pontiac, Commerce, and Drayton Plains subscibers will be distributed along with the next local directory Until that time, Poll suggests that a personal telephone list of often-called numbers will speed up service materially.

Once the new number is known subscribers may speed the completion of their calls still further by announcing the number correct ly to the operator.

"When speaking a telephone number with a prefix, there should be a slight pause between the prefix and the last four numerals," Poll said. "The prefix consists of the cen-

tral office name and a numeral. For example, the prefix of telephone number FEderal 4-5678 is "FEderal-4".

"The proper way to announce the number to an operator is 'Federal four (pause) five, six, seven, eight". That slight pause between the prefix and following four numerals is very important. It enables the operator to remember the number more easily."
