FIRST CHURCH OF CHRIST, SCIENTIST. 71 S. Washington, Oxford. Sunday Service 10:30 A. M. Sunday School 10:30 A. M. Wednesday Evening Service 8:00 P. M. Reading Room at rear of Church, open Wednesday from 2 to 4 and 7 to 8 P. M. "Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, December 18. The Golden Text (Jeremiah 32:17) is: "Ah Lord God! behold, thou hast made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee". Among the Bible citations is this passage, (Gen. 1:1,26): "In the beginning God created the heaven

and the earth; And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following: (p. 516) "The substance, Life, Intelligence, Truth, and Love, which constitute Deity, are reflected by His creation; and when we subordinate the false testimony of the corporeal senses to the facts of Science, we shall see this true likeness and reflection everywhere." (continued on page 5)

luncheon at 12:30. There will be an exchange of gifts. Saturday, December 17th, the Clarkston Rotary Club will sell their Goodfellow edition of The Clarkston News. The proceeds will be used to defray the expenses of the annual Christmas Party for the children and for the usual community service at Christmas time. Tuesday, December 20th, at 8:30 P. M., the Clarkston Rotary Ann will have their annual Christmas

Party at The Old Plantation Inn on the Dixie Highway. An evening of entertainment is being planned. Each member is asked to bring a fifty cent gift for exchange. Rural Tele-news

AROUND THE CLOCK — The telephone is one farm helper that never sleeps. All day it's ready to carry your voice wherever you want it to go — to your customers, suppliers, and all you deal with in the business of farming. Evenings, it takes you to friends and neighbors for personal voice visits. All night, it's there in case of sickness or other emergencies. Your telephone does so much for so little money that it's one of today's greatest values.

INVISIBLE BRIDGE — Once in a great while a severe storm, flood or other catastrophe may damage telephone plant and threaten a community with isolation. Time was when no calls could go through pending repairs. Today, thanks to an "invisible bridge" formed by mobile emergency radiotelephone units, there's less chance of this happening. These units, which Michigan Bell can have operating in short order, enable emergency telephone calls to bridge the gap by radio until regular facilities can be restored.

SEASON'S GREETINGS — More and more, Long Distance service has come into use for holiday greetings. But so many people like to make their Long Distance calls on Christmas Eve or Christmas Day that there are bound to be delays, particularly on calls to more distant points. To avoid possible disappointment, why not plan now to call a few days before or after Christmas instead?

A very Merry Christmas to all of you from all of us

Clarkston Locals

Mrs. L. D. Gaynor returned to her home here on Tuesday of last week after a business trip to Indianapolis, Ind. Her mother, Mrs. Edith Farlow, returned with her to spend a few weeks in Clarkston.

Miss Janet Hoyt of Clarkston, Michigan, a student of Stephens College in Columbia, Mo., will spend the Christmas holidays at her home. She is the daughter of Dr. and Mrs. D. F. Hoyt, 7530 Maceaday Lake Road.

The Christmas vacation at Stephens College will start on December 15 and classes will resume on January 5. A series of formal holiday balls will precede the vacation period, as well as numerous informal residence hall and club parties. The formal Christmas dinner on Tuesday night, December 13, will be followed by the traditional Christmas program presented by the student concert chorus. Climaxing the holiday events will be the twenty-second annual Christmas vesper service on the eve of departure, followed by caroling around the giant lighted Christmas tree on the college campus.

Thursday, December 15th, the Ladies' Auxiliary of the Clarkston Baptist Church will meet at the church at 10 A. M. for an all day work meeting.

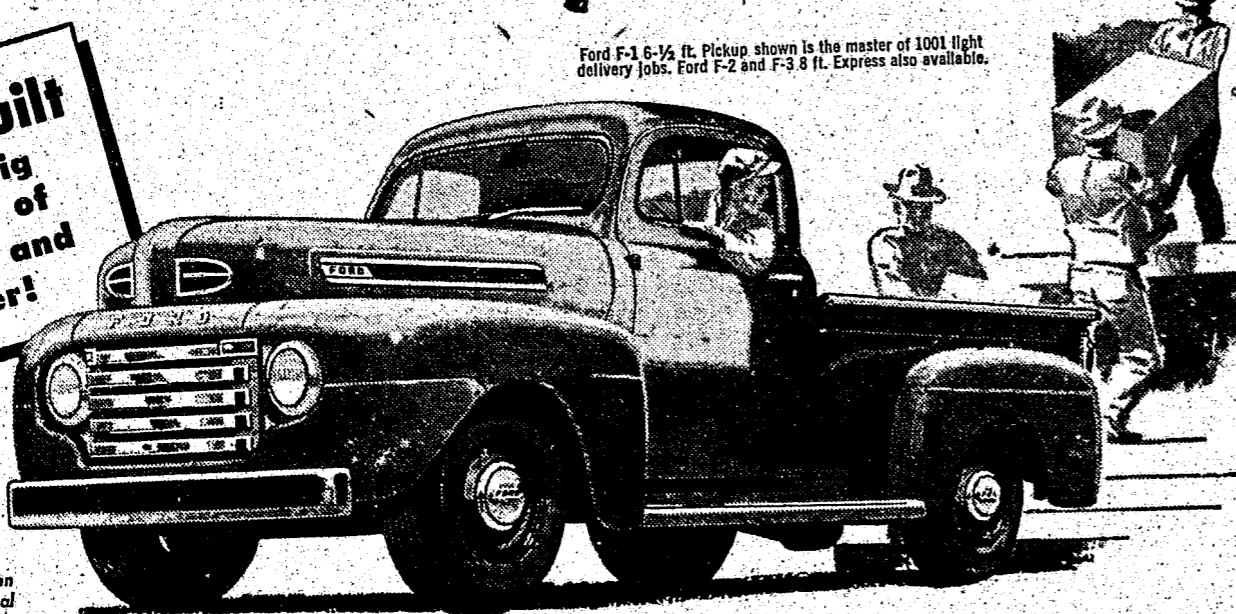

Thursday, December 15th, the Service Mothers' Club will hold their regular meeting and Christmas Party at the home of Mrs. George Keelean, 8774 Dixie Highway. There will be a pot-luck

"Repair bills on my old truck were running up delivery costs, and time lost in the shop was putting me on the spot, so I decided I had better shop around for a new truck," said Ralph Miller. "I got a honey of a deal from my Ford Dealer! Almost \$200 more on a trade-in than I expected. But what really surprises me is the pep and power of my new Ford! Counting the time saved by staying on the job, I figure my new Ford does just about twice as much work as my old truck and for about 1/2 less operating cost!"

Now Hospitals Are "Banks," Too!

Doc Simpson was saying, "Hospitals are building up 'bone banks' that work just like blood banks. When bone is needed, the surgeon takes one from a refrigerator, cuts it to the right shape and simply splices it in."

"You doctors are sure making progress," I says, "but tell me, are any of the patients fussy about whose bone they're getting?"

"No sir!" replies Doc. "No more than they worry about whose blood they get. No one yet asked for a bone from a man who went to the same school or church he did."

JOAN BRADLEY

One of our peppy seniors is dark haired Joan Bradley. Joan was born in Cleveland, Ohio, and lived there the greater part of her life. She is seventeen years old, has dark brown hair and is 5' 4" tall. Joan came to Clarkston when she was a Sophomore and has been active in all school activities. She has been a cheer leader for two years.

Her favorite hobby is dancing and you'll find her at most any shindig. During her spare time if she isn't studying her Physics, she plays the piano. After graduation she is going to take a course in nursing.

HOME ECONOMICS

The girls in second and third year Home Economics are working vigorously trying to finish dresses, suits, skirts, blouses and even pajamas for the style show which will be given following the tea for their mothers on December 20 at 1:30.

It is hoped that the mothers will have an enjoyable afternoon viewing the girls' accomplishments.

The first year Home Making Class has begun an arts and crafts unit. They are progressing very well. They are stenciling Christmas cards, braiding belts, making bracelets and aprons. They are also making ear-rings and pins from shells—along with stuffed animals. Most find that this part of Home Making is very interesting.

KENNY THE COCKROACH

Hi!

As I sat on the back seat of Switz's car as it was speeding down the road, we came to a sudden stop and drove into Carolyn Marshall's drive. We piled out of the car and into the house we went. As I walked from room to room here are some of the couples I saw: Potter and Goebel were sitting in one chair; Terry and Guerin were cutting a rug; Fred and Betty were playing cards at the dining room table; Jake was in the kitchen stuffing his face as usual; on the cellar steps sat Mary Lou and Hank; Dolores and Cecil were sitting in a corner sketching on the wall paper.

As the call for lunch came everyone rushed to the kitchen. There was a large cake in the center of the table on which was written "Aunt's Big Joke". We ate the cake and all the trimmings.

When everyone got their fill they went back to their posts.

As it reached near dawn Switz aroused me from my snooze and told me he was ready to go. So we left.

Good night all.

FUMES FELL STUDENT

An Olivet College student was overcome with smoke and chemical fumes Tuesday morning while attempting to extinguish a fire in the basement of the men's dormitory.

The youth, identified as Garland Wells, 20, a student in the high school division, was taken to St. Mary's hospital after receiving inhalator treatment for half an hour from volunteer firemen. Wells' condition was described as "fair" by hospital authorities.

Garland will be going to Clarkston High School now as he is unable to attend Olivet.

G. A. A.

G. A. A. is getting started again this year. Miss Bennett is the advisor. Mary Jane Beattie was nominated chairman until officers are elected, and Carolyn Marshall is writing a constitution for the organization.

Meetings are held every other Wednesday and basketball practice after school Tuesdays and Fridays and Monday nights from 7 'til 9. Two games have been scheduled so far—both being with Holly.

GOSSIP

Dorothy, is it really true about you and Johnny?

I hear we have a new Romeo in Clarkston High—Ehl Rouse?

Dolores Pacer, did you finally get a ride in that new Chevrolet?

Did you use the new "Toni" spin curlers, Stanton?

Mr. Bonner, where did you get the money to pay for the ice cream you had at Cheesemans AFTER THE PLAY?

Honorah's favorite saying to the boys—"Don't be like that!"

Rosetta Petty was the prettiest girl at the party after the Senior play according to Dick Guerin.

GIRLS' CLUB

On November 30 if you had come near the front door of Clarkston High you would have smelled the faint odor of onions and would have seen funny things walking

around the halls. Don't get alarmed! All students of Clarkston are not like this—it was only the Girls' Club initiation.

Whenever the bell would ring you would have heard someone munching on an onion and then a cry from someone else saying, "I want my mama". At noon one of the girls, dressed as a tramp, went down the hall asking for something to eat. She got everything from soup to peanut buttered celery. You would have noticed, also, that the balcony steps were a bit cleaner because one of the girls cleaned them with a tooth brush.

In the evening, along with a pot-luck supper, the girls rolled peanuts down the hall with their noses, jumped the plank, and had the pleasure of passing the internal parts of a "dead body" from hand to hand—blindfolded, of course.

The evening was closed by a lovely candlelight ceremony in which the girls were made into full fledged members. The girls were: Mary Lou Althouse, "Marty" Masters, Phyllis Saxman, Kathy Stauter, Fran Crowley and Sue Shanks.

Again in 1949 MORE PEOPLE HAVE BOUGHT CHEVROLETS than any other make

— just as they have done during the total 19-year period, 1931 to date!

THE men and women of America know value when they see it! Consequently, they are purchasing more Chevrolet passenger cars than any other make . . . and more Chevrolet trucks than the next two makes combined . . . thereby placing Chevrolet first in sales this year, just as they have done for the total 19-year period, 1931 to date.

Naturally, we and all Chevrolet dealers are deeply appreciative of this overwhelming tribute of preference; and we join with Chevrolet in pledging to do everything possible to give you greater and greater value in the months and years to come.

Patients Should Have Ethics, Too

★ A physician is a busy man. Day and night he is ready to give succor to those in need of his care. Let us be fair. Do not telephone him at mealtimes just because you know he can be reached. And do not call him at night, unless absolutely necessary. Confine your calls to his office hours as much as you can. That is what office hours are for.

Keep your appointments promptly, or notify him in advance that it is impossible for you to do so. In short, treat him as you would wish to be treated were you the physician. A sympathetic appreciation of his problems greatly enhances the help he can give.

Call on us for competent prescription service.

U. S. Air Force Calling Recruits

It has been announced by S/Sgt Lynn D. Rexford, local recruiting Chief, that enlistments in the United States Air Force, for the month of December, are unlimited. High Pay! Educational Advantages! Travell! Excellent opportunity for Advancement! These are but a few of the many wonderful things offered to qualified young men between the ages of 17 and 35.

Don't wait until after the "First of the year" to enlist, hoping the openings will still be there. Contact your recruiting office now, and take your qualifying examination.

Those of you that so desire, may make application now and return to your homes until after the holiday season, assured that you are

already a member of the Armed Forces. The Recruiting offices are located at 53 1/2 W. Huron Street, Pontiac, Michigan. Phone Federal 4-5342. Don't wait! Act now!

HOMEMAKERS CAN SAVE TIME DOING HOUSEHOLD TASKS

Latest advice to homemakers who are interested in applying the streamlined techniques of industry to their chores is to take advantage of the warming up period.

In industry saving time means saving money and studies show that in doing one specific job there is usually an increase in speed from the beginning of the task to the time of greatest output.

Irma H. Gross, head of the department of home management and child development at Michigan State College, applies this principle to household tasks. For example, if you have four beds to make, it probably will save you time if you make them in succession rather than stopping to dust in between bed making.

In homemaking, there are many different jobs during the day—washing dishes, making beds, cooking, dusting and others. If homemakers realized that every time they changed from one job to another they went through this "warming up period," they would stay at one job longer.

This same idea applies to cleaning a group of rooms. If all dusting is done in the group of rooms at one time, then the vacuum cleaner used in all, there is less loss of speed than using a warming up period in each room.

Potatoes are full of vitamin C and are the most inexpensive year-around source of the vitamin in Michigan. They also contain certain B vitamins and some iron according to home economists at Michigan State College.

A better cooking method for boiling eggs than using hot water is to place them in cold water and bring the eggs and water to a simmering temperature together.

For whipping egg white—keep the eggs at room temperature and they'll whip more quickly and to a greater volume advise home economists at Michigan State College.

Laundry new towels before using them to increase their absorbency advocates Gertrude Mueller, head of the laundry at Michigan State College.

Card of Thanks

Wish to thank all of our friends, and neighbors, especially the neighbors of Windiate Park, for their kindness and sympathy during the illness and death of our beloved daughter, wife and mother.

Eat More Cranberries in Cranberry Time

(Photo courtesy, Pillsbury and Eastmor)

And eat more of them in cranberry pie, always a popular fall and wintertime dessert with the great American family. In these days of packaged pie crust mix and fresh cranberries ready-weighted in cellophane bags, a luscious fresh fruit pie can be put together in no time at all. Here's a cranberry pie, so easy-to-make... so good-to-eat, you'll make it a part of your regular menus from now 'til January.

CRANBERRY PIE
1 package pie crust mix
2 1/2 cups sugar
2 tablespoons cornstarch
1/4 cup water
4 cups raisins
4 cups fresh cranberries (1 1/2-lb. bag)
1 tablespoon grated orange rind
Prepare pie crust mix as directed on package. Roll out one half dough and fit into 9-inch pie pan. Combine sugar and cornstarch in saucepan and mix thoroughly. Add water and cook 5 minutes. Add raisins, cranberries and orange rind. Bring to rapid boil. Cover saucepan and remove from stove; cool. Pour cooled mixture into prepared pie shell. Roll out remaining crust and cut into leaf shapes. Arrange cut-outs over surface of pie and brush with melted butter. Bake in moderately hot oven (400° F.) 35 minutes. Makes one 9-inch pie.

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, December 18.

The Golden Text (Jeremiah 32:17) is: "Ah Lord God! behold, thou hast made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee." Among the Bible citations is this passage, (Gen. 1:1,26): "In the beginning God created the heaven

and the earth. And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following: (p. 516) "The substance, Life, intelligence, Truth, and Love, which constitute Deity, are reflected by His creation; and when we subordinate the false testimony of the corporeal senses to the facts of Science, we shall see this true likeness and reflection everywhere."

Rural Tele-news

AROUND THE CLOCK—The telephone is one farm helper that never sleeps. All day it's ready to carry your voice wherever you want it to go—to your customers, suppliers, and all you deal with in the business of farming. Evenings, it takes you to friends and neighbors for personal voice visits. All night, it's there in case of sickness or other emergencies. Your telephone does so much for so little money that it's one of today's greatest values.

INVISIBLE BRIDGE—Once in a great while a severe storm, flood or other catastrophe may damage telephone plant and threaten a community with isolation. Time was when no calls could go through pending repairs. Today, thanks to an "invisible bridge" formed by mobile emergency radiotelephone units, there's less chance of this happening. These units, which Michigan Bell can have operating in short order, enable emergency telephone calls to bridge the gap by radio until regular facilities can be restored.

SEASON'S GREETINGS—More and more, Long Distance service has come into use for holiday greetings. But so many people like to make their Long Distance calls on Christmas Eve or Christmas Day that there are bound to be delays, particularly on calls to more distant points. To avoid possible disappointment, why not plan now to call a few days before or after Christmas instead?

Mrs. L. D. Gaynor returned to her home here on Tuesday of last week after a business trip to Indianapolis, Ind. Her mother, Mrs. Edith Farlow, returned with her to spend a few weeks in Clarkston.

Miss Janet Hoyt of Clarkston, Michigan a student of Stephens College in Columbia, Mo., will spend the Christmas holidays at her home. She is the daughter of Dr. and Mrs. D. F. Hoyt, 7530 Maceday Lake Road.

The Christmas vacation at Stephens College will start on December 15 and classes will resume on January 5. A series of formal holiday balls will precede the vacation period, as well as numerous informal residence hall and club parties. The formal Christmas dinner on Tuesday night, December 13, will be followed by the traditional Christmas program presented by the student concert chorus. Climaxing the holiday events will be the twenty-second annual Christmas vesper service on the eve of departure, followed by caroling around the giant lighted Christmas tree on the college campus.

Now Hospitals Are "Banks," Too!

Doc Simpson was saying, "Hospitals are building up 'bone banks' that work just like blood banks. When bone is needed, the surgeon takes one from a refrigerator, cuts it to the right shape and simply splices it in."

"You doctors are sure making progress," I says, "but tell me, are any of the patients fussy about whose bone they're getting?"

"No sir!" replies Doc. "No more than they worry about whose blood they get. No one yet asked for a bone from a man who went to the same school or church he did."

From where I sit, it would be a better world if we were half as willing to accept other people's ideas and tastes, as we seem to be willing to accept their bone and blood. There'll always be differences. Some like buttermilk, others would rather have a sparkling glass of temperate beer. But underneath we're pretty much the same—deserving each other's respect and tolerance!

JOAN BRADLEY
One of our peppy seniors is dark haired Joan Bradley. Joan was born in Cleveland, Ohio, and lived there the greater part of her life. She is seventeen years old, has dark brown hair and is 5' 4" tall. Joan came to Clarkston when she was a Sophomore and has been active in all school activities. She has been a cheer leader for two years.

Her favorite hobby is dancing and you'll find her at most any shindig. During her spare time if she isn't studying her Physics, she plays the piano. After graduation she is going to take a course in nursing.

HOME ECONOMICS

The girls in second and third year Home Economics are working vigorously trying to finish dresses, suits, skirts, blouses and even pajamas for the style show which will be given following the tea for their mothers on December 20 at 1:30.

It is hoped that the mothers will have an enjoyable afternoon viewing the girls' accomplishments.

The first year Home Making Class has begun an arts and crafts unit. They are progressing very well. They are stenciling Christmas cards, braiding belts, making bracelets and aprons. They are also making ear-rings and pins from shells—along with stuffed animals. Most find that this part of Home Making is very interesting.

KENNY THE COCKROACH

Hil!

As I sat on the back seat of Switz's car as it was speeding down the road, we came to a sudden stop and drove into Carolyn Marshall's drive. We piled out of the car and into the house we went. As I walked from room to room here are some of the couples I saw: Potter and Goebel were sitting in one chair; Terry and Guerin were cutting a rug; Fred and Betty were playing cards at the dining room table; Jake was in the kitchen stuffing his face as usual; on the cellar steps sat Mary Lou and Hank; Delores and Cecil were sitting in a corner sketching on the wall paper.

As the call for lunch came everyone rushed to the kitchen. There was a large cake in the center of the table on which was written "Aunt's Big Joke". We ate the cake and all the trimmings.

When everyone got their fill they went back to their posts.

As it reached near dawn Switz aroused me from my snooze and told me he was ready to go. So we left.

Good night all.

FUMES FELL STUDENT

An Olivet College student was overcome with smoke and enigmatic fumes Tuesday morning while attempting to extinguish a fire in the basement of the men's dormitory.

The youth, identified as Garland Wells, 20, a student in the high school division, was taken to St. Mary's hospital after receiving inhalator treatment for half an hour from volunteer firemen. Wells' condition was described as "fair" by hospital authorities.

Garland will be going to Clarkston High School now as he is unable to attend Olivet.

G. A. A.

G. A. A. is getting started again this year. Miss Bennett is the advisor. Mary Jane Beattie was nominated chairman until officers are elected, and Carolyn Marshall is writing a constitution for the organization.

Meetings are held every other Wednesday and basketball practice after school Tuesdays and Fridays and Monday nights from 7 till 9. Two games have been scheduled so far—both being with Holly.

GOSSIP

Dorothy, is it really true about you and Johnny?

I hear we have a new Romeo in Clarkston High—Eh! Rouse?

Delores Pacer, did you finally get a ride in that new Chevrolet? Did you use the new "Tom" spin curlers, Stanton?

Mr. Bommer, where did you get the money to pay for the ice cream you had at Cheesemans AFTER THE PLAY?

Honorah's favorite saying to the boys—"Don't be like that!"

Rosetta Petty was the prettiest girl at the party after the Senior play according to Dick Guerin.

GIRLS' CLUB

On November 30 if you had come near the front door of Clarkston High you would have smelled the faint odor of onions and would have seen funny things walking

around the halls. Don't get alarmed! All students of Clarkston are not like this—it was only the Girls' Club initiation.

Whenever the bell would ring you would have heard someone munching on an onion and then a cry from someone else saying, "I want my mama". At noon one of the girls, dressed as a tramp, went down the hall asking for something to eat. She got everything from soup to peanut buttered celery. You would have noticed, also, that the balcony steps were a bit cleaner because one of the girls cleaned them with a tooth brush.

In the evening, along with a pot-luck supper, the girls rolled peanuts down the hall with their

noses, jumped the plank, and had the pleasure of passing the internal parts of a "dead body" from hand to hand—blindfolded, of course.

The evening was closed by a lovely candlelight ceremony in which the girls were made into full fledged members. The girls were: Mary Lou Althouse, "Mary" Masters, Phyllis Saxman, Kathy Stauter, Fran Crowley and Sue Shanks.

Again in 1949 MORE PEOPLE HAVE BOUGHT CHEVROLETS than any other make

—just as they have done during the total 19-year period, 1931 to date!

THE men and women of America know value when they see it! Consequently, they are purchasing more Chevrolet passenger cars than any other make . . . and more Chevrolet trucks than the next two makes combined . . . thereby placing Chevrolet first in sales this year, just as they have done for the total 19-year period, 1931 to date.

Naturally, we and all Chevrolet dealers are deeply appreciative of this overwhelming tribute of preference; and we join with Chevrolet in pledging to do everything possible to give you greater and greater value in the months and years to come.

Patients Should Have Ethics, Too

★ A physician is a busy man. Day and night he is ready to give succor to those in need of his care. Let us be fair. Do not telephone him at mealtimes just because you know he can be reached. And do not call him at night, unless absolutely necessary. Confine your calls to his office hours as much as you can. That is what office hours are for.

Keep your appointments promptly, or notify him in advance that it is impossible for you to do so. In short, treat him as you would wish to be treated were you the physician. A sympathetic appreciation of his problems greatly enhances the help he can give.

U. S. Air Force Calling Recruits

It has been announced by S/Sgt. Lynn D. Rexford, local recruiting Chief, that enlistments in the United States Air Force, for the month of December, are unlimited. High Pay! Educational Advantages! Travel! Excellent opportunity for Advancement! These are but a few of the many wonderful things offered to qualified young men between the ages of 17 and 35.

Don't wait until after the "First of the year" to enlist, hoping the openings will still be there. Contact your recruiting office now, and take your qualifying examination.

Those of you that so desire, may make application now and return to your homes until after the holiday season, assured that you are

already a member of the Armed Forces. The Recruiting offices are located at 53 1/2 W. Huron Street, Pontiac, Michigan. Phone FEederal 4-5342. Don't wait! Act now!

HOMEMAKERS CAN SAVE TIME DOING HOUSEHOLD TASKS

Latest advice to homemakers who are interested in applying the streamlined techniques of industry to their chores is to take advantage of the warming up period.

In industry saving time means saving money and studies show that in doing one specific job there is usually an increase in speed from the beginning of the task to the time of greatest output.

Irma H. Gross, head of the department of home management and child development at Michigan State College, applies this principle to household tasks. For example, if you have four beds to make, it probably will save you time if you make them in succession rather than stopping to dust in between bed making.

In homemaking, there are many different jobs during the day—washing dishes, making beds, cooking, dusting and others. If homemakers realized that every time they changed from one job to another they went through this "warming up period," they would stay at one job longer.

This same idea applies to cleaning a group of rooms. If all dusting is done in the group of rooms at one time, then the vacuum cleaner used in all, there is less loss of speed than using a warming up period in each room.

Potatoes are full of vitamin C and are the most inexpensive year-around source of the vitamin in Michigan. They also contain certain B vitamins and some iron according to home economists at Michigan State College.

A better cooking method for boiling eggs than using hot water is to place them in cold water and bring the eggs and water to a simmering temperature together.

For whipping egg white—keep the eggs at room temperature and they'll whip more quickly and to a greater volume advise home economists at Michigan State College.

Laundry new towels before using them to increase their absorbency advocates Gertrude Mueller, head of the laundry at Michigan State College.

Card of Thanks

Wish to thank all of our friends, and neighbors, especially the neighbors of Windiate Park, for their kindness and sympathy during the illness and death of our beloved daughter, wife and mother.

Eat More Cranberries in Cranberry Time

(Photo courtesy Pillsbury and Eastman)

And eat more of them in cranberry pie, always a popular fall and wintertime dessert with the great American family. In these days of packaged pie crust mix and fresh cranberries ready-weighed in cellophane bags, a luscious fresh fruit pie can be put together in no time at all. Here's a cranberry pie, so easy-to-make... so good-to-eat, you'll make it a part of your regular menus from now 'til January.

CRANBERRY PIE

1 package pie crust mix
2 1/2 cups sugar
2 tablespoons cornstarch

1/2 cup water
1 cup raisins
1 cup fresh cranberries (1 1/2-lb. bag)

1 tablespoon grated orange rind

Prepare pie crust mix as directed on package. Roll out one half dough and fit into 9-inch pie pan. Combine sugar and cornstarch in saucepan and mix thoroughly. Add raisins, cranberries and orange rind. Bring to rapid boil. Cover saucepan and remove from stove; cool. Pour cooled mixture into prepared pie shell. Roll out remaining crust and cut into leaf shapes. Arrange cut-outs over surface of pie and brush with melted butter. Bake in moderately hot oven (400° F.) 35 minutes. Makes one 9-inch pie.
