Special Assignment

Enlistments for direct assignment to the U.S. Army's 14th Regimental Combat Team, currently stationed at Camp Carson, Colorado, are now authorized, according to an announcement made here today by S/Sgt Hebert E. Force Recruiting Office.

"Both men with prior service in any branch of the Armed Forces and those enlisting for the first time are eligible for this special assignment with an old established, honored Army Unit which offers training in all phases of Army life from mountain climbing to training for special Army Ski Troops," Sgt. Swift said.

*All applicants for enlistment in the 14th Regimental Combat Team, which consists of an Infantry Regiment, a Field Artillery Battalion and a Combat Engineers Battalion, must possess a certificate of acceptance from the Commanding Officer of the Team.

Young men desiring complete nformation regarding this special assignment are requested to contact the Army and Air Force Recruiting Sergeant at one of the following offices: (1) - Pontiac Post Office. (2) - Oakland County Court House. (3) - 531/2 W. Huron St., Pontiac, Michigan.

Michigan's electric power supply group having the best delegate was stepped up 100,000 kilowatts attendance for the year was today with the starting of a giant new turbo-generator at the Trenton Channel plant of The Detroit Edison Company.

If you're getting that finger ready to point at the Michigan potato farmer in trying to find someone to blame for the current Waterford-Drayton Rotary Club. potato surplus problem, you had better look elsewhere . Henry C. Moore, Michigan State College Girl Scouts at 6:30 - 7:00 P. M. crops extension specialist, who has spent more than 30 years working with Michigan potato growers,

If Michigan consumers would eat, Michigan potatoes exclusively the state could come very close to handling its own crop. This, C. A. I. Membership meeting of course, is not possible, since Michigan Potatoes are not available every month in the year Here is Moore's analysis, however. Michigan's crop was slightly more than 17,000,000 bushels in 1949, a reduction of two million bushels Family night starting at 6:30 under the average for the ten P. M. Pot luck supper and pro- years previous. After deductions are made for culls fed livestock. potatoes consumed on farms where produced and for potatoes saved for seed, that leaves about If you think spring is far away, 11,000,000 bushels of Michigan

Annual per capita consumption of potatoes in the U.S. in 1948 was Jamison had so many requests about 110 pounds. Excluding those the bride of Robert E. Smith, son for cabin reservations for open-living on farms raising potatoes ing day of trout season, he finally there would be 6,000,000 Michigan was forced to conduct a drawing, people to consume the crop. Based Ontonagon won the right to use tion would exceed 10,000,000

The crop specialist pointed to the reduction in acreage from an average of 183,000 acres from 1938 to 1947 down to but104,000 acres last year as an indication that Michigan farmers are endeavoring to reduce the surplus. Some states have increased acreages during this period of surplus and none of the major producing states show the acreage reduction that has taken place in Michigan, Moore said.

STOVES CAN BE KEPT LIKE NEW WITH RIGHT CARE

Do you know how to keep your electric range looking like new even though it may be several years old? It can be done with proper care, advises Evelyn Zwemer, who teaches home management at Michigan State College. Electric ranges finished in synthetic enamel or porcelain enamel require an occasional washing in warm soapy water. It is not advisable to wash the porcelain enamel when the range is hot. It will crack or check the enamel. Chromiumplated parts require only washing, drying and rubbing with a soft

When an acid, such as vinegar or lemon juice, is accidentally spilled on the enamel surface wipe it off immediately with damp cloth. Although progress has been made in producing acid-resistant porcelain enamels, ácids allowed to remain on enamel may stain it or remove the gloss.

Foods spilled on closed units may be wiped off or, if necessary, removed with any mild abrasive. Food spilled on an open unit must be burned off and is best removed by charring during a regular cook-

Liberty Bell Chosen as Savings Bonds Drive Symbol

Washington, D. C.—Secretary of the Treasury John W. Snyder, right, looks very pleased as Sales Director Leon J. Markham of the United States Savings Division shows him the symbol for the Independence Drive, which will open May 15, and run through July 4, to stimulate the sale of savings bonds.

"The Liberty Bell symbolizes not only our political independence but also all those characteristics of Americanism which serve to sustain our independence," Secretary Snyder said. "Of these characteristics, thrift, of course, is one of the most outstanding. Thus in the Independence Drive, the Liberty Bell will be an especially suitable reminder of the importance of savings and Savings Bonds to our economic life and to the fibancial independence of the individual," he asserted.

PROFILE OF A SENIOR DONNA GOBEL

This fair little senior miss was born way down in Arkansas in 1932. She came up to our fair state of Michigan when she was 4. She attended Pontiac Grade School and Eastern Junior High. Then in the 9th grade she came to Clarkston. Her favorite pastime is dancing. Like most of us she doesn't particularly care for school. The reason for this rash statement, and I quote, "Not enough social activities or subjects," unquote. Pat Tisch while it lasted.

Saucy Apple Dumplings

A new way with apple dumplings is to serve them Warm with a cinnamon candy sauce.

It's apple time, and time to revive a popular dessert—apple dumplings. Those that mother used to make had whole apples baked in a pastry wrap. Here's a new treatment using flaky biscuit to create

apple roll dumplings.

Spread chopped apple and brown sugar over rolled-out biscuit dough, then roll up like a jelly roll, but in slices and stand them in a baking dish. Pour over them a spicy and colorful sirup made with those "red hot" cinnamon candies, and then bake. This bakes the sauce and dumplings all together and gives them a candied effect.

Besides that "apple a day," these dumplings contribute a goodly quota of B-vitamins and iron in the enriched biscuit base.

With their apple richness and spicy sauce, apple roll dumplings

With their apple richness and spicy sauce, apple roll dumplings are sure to be in demand as long as apples are in season and that's most of the year.

SAUCY APPLE DUMPLINGS 6 tablespoons shortening 1/2 to 1/4 cup milk 1/2 cup brown sugar Spread evenly over dough. Sprin-kle with brown sugar. Roll up like jelly-roll and seal edge. Cut

Sift together flour, baking powder alt. Cut or rub in shorten-dd milk to make a soft Turn out on lightly floured

and knead gently one-half Roll into rectangular about eight inches wide and ghth inch thick. Pare and on core apples and chop coarsely. CINNAMON CANDY SAUCE

14 cup cornstarch 14 cup brown sugar Mix together cornstarch and brown sugar. Add candies and water. Cook until clear and thick-ened, stirring constantly. Serve

creeks or scald themselves with tipped, boiling fluids. Do something about these dangers too.

Don't leave your children at home alone even "just for a minute," the Department urged, Be sure that the "sitter" is old enough to be responsible and that she knows that saving the child's life is her first responsibility.

Watch out for other people's children in traffic, between cars or on crosswalks, but watch out for your own child in your own drive. Know that your child rides only vith a competent driver.

Teach your child never to play in or run into the streets, to cross only at intersections and with the light and, more than that, to watch out for careless drivers, the Department concluded.

NAME BARLEY AND OAT VARIETIES FOR MICHIGAN SEEDING

Recommended varieties of oats and barley for spring planting were announced this week by Michigan State College farm crops authorities. K. J. Frey, crops pecialist, believes Eaton, Kent and linton are the most adapted oats and Bay or Moore the best barley varieties for Michigan farmers in 1950. Upper peninsula growers of oats should use the Bonham variey, Frey reports.

Eaton and Clinton oats are ecommended for planting on more fertile soil because they have stiff straw. Eaton and Kent, according to Frey, are preferred to Clinton in the thumb region because they have white kernels and a more even growing habit. He thinks farmers using Clinton will like Clinton 59 or Clinton Reselection instead of the original variety because of uniform height and maturity of the crop.

Kent is recommended where lodging is not likely to occur. Frey thinks it will do well following corn or sugar beets in the thumb region. Kent has a better test weight than Eaton and should replace it when there is little danger of serious lodging.

Bay and Moore are malting barleys with a stiff straw and good yield records. Although the seed is hard to get, Moore has constem rust, and spot blotch. Bay Grace Jewell - It was Okay, is a few days earlier maturing than Moore, and Frey has found this to be of definite advantage when the weather is hot early in the season and blasts the barley Cathy Garnier - I'll never tell! heads. With Moore difficult to By June Rexford obtain, large quantities of Wisconsin 38 may be grown in Michigan this year, but should be replaced by Moore or Bay as soon as seed is available, Frey recom-

Here Lies Joe Teenager

Look at the sketch below. That's Joe — the boy who, four hours ago, was humming beebop over cokes at the local soda fountain. The boy who was just a little too enthusiastic about life — and nearly lost it

Because the world was Joe's oyster, he had to show his girl what a great guy he was. He had to show her that he could "ditch" another car, just for the sheer fun of skillful maneuvering. Joe forgot that there are too many variable factors when you're playing with lives.

Perhaps you're a boy like Joe. Perhaps you have the idea that reckless driving is part of being a "regular fellow".—Think of Joe before you try it again. Remember that no false-prestige is worth endangering the lives of others. And you'd look pretty sad at the Junior Prom with a broken arm and leg. Remember too, that it could be worse—a lot worse. Countless teenagers lose their lives every year beause they wanted to "show off" ith Dad's car. The only really MART DRIVING is SAFE RIVING. Joe had to learn the ird way..., don't let that happen you.

Turn sponge cakes upside down, pan and all, until the cake is cold. Then loosen the cake from the sides and around the tube. Tilt the pan and draw the cake out gently.

DRY BEAN ACREAGE ALLOTMENT PROGRAM NOW UNDER WAY

Township committeemen of the Production and Marketing administration are now at work gathering reports of dry edible bean acreage during the past 3 years in Oakland County in preparation for establishing dry bean acreage allotments for the 1950 crop,

Bean growers are asked by Walter R. Cook, chairman of the County PMA, Committee to cooperate fully with the township committeeman so that all allotments can be established equitably and fairly for all and so that the work can be completed as early as possible to permit and early mailing of allotment notices for farmers.

The acreage data will be used to establish 1950 allotments for the following varieties of beans grown in Michigan: Navy, Cranberry, Red Kidney and Great Northern no allotment with be established for Yelloweye beans.

The farm allotments will be based generally on the farm's beans acreage history for 1947 1948 or 1949. County and State allotments which have not yet

WORRY AND INDIFFERENCE

* Overanxiety, particularly about health, is a disease in itself. Physicians call it hypochondria. Those who "enjoy" ill health only make themselves and those about them miserable.

Opposed to chronic worry is complete indifference, to the point of disregard of common-

sense health rules and contempt for medical care. Between these two absurd extremes lies the sane middle road. Petty, transient discomforts need not cause grave concern and frequent trips to the doctor. When symptoms persist or recur with annoying frequency, it is then time to seek professional assistance. Indifference under these circum-

stances only invites more serious trouble. Visit our modern prescription department. We are pre-

scription specialists. **Drayton Drug Store**

BUSINESS IS GOOD!!!

OPEN LETTER TO AN AMBITIOUS MAN: Local representatives of UNITED FARM AGENCY, America's most effective advertiser of farms and country real estate, are busy and prosperous. If you want a business of your own through which you may gain independence and security, you will welcme the news that there is now an opportunity for you to join the UNITED team. We are seeking a local representative in your area to list and show farms and country real

Through a quarter of a century, UNITED FARM AGENCY has enjoyed steady growth. Right now, we are experiencing a growing demand for rural real estate. UNITED goes ahead through booms and depressions. In periods of economic stress, as well as during good times, thousands of families leave the large industrial cities and buy in the country. UNITED is proud of its well-earned reputation for fair dealing, dependability, and faithful service to real estate buyers and sellers throughout the country. Many of our sales today are made to families who have bought and sold through us in past years, or who are relatives and friends of former customers. This priceless heritage of good will is but one of the factors that

contribute to the success of the worthy UNITED representative. The UNITED representative receives the benefit of constant nation-wide advertising in the great metropolitan newspapers, magazines, and farm publications with a total current circulation in excess of 40 million readers. Each UNITED man is advertised in UNITED'S famous quarterly catalog, more than 200,000 copies of which were sent to buyers upon request last year. UNITED buyers come from all over the nation - our representatives do not have to depend on the limited sources of business available to the ordinary real estate-broker. UNITED maintains city offices in the larger centers of population where prospective buyers are interviewed and referred to our local

To qualify as a UNITED representative you do not need real estate experience, but must be thoroughly honest and dependable, willing to work, learn, and follow advice and time-tested methods. UNITED gives help, advice, and instruction with a personal touch. You should be between 25 and 60 years of age, and own and drive a car. You should enjoy meeting and working with the people of your community and those from other states

Complete information will be sent on request. There is no obligation, no investment is required, and all correspondence will be held confidential: Write today.
