Officers To Be Installed At Candlelight Service

Tonight at 7:45 the Clarkston P. T. A. will meet at the school. The officers for 1950-51 will be installed at a candlelight service. Mrs. Herman Klinck, the retiring County Council President, will be the presiding installation officer and she will be assisted by Mrs. Edward Windeler, the incoming County Council President. This will be a very interesting and impressive ceremony and all parents and friends of the school are urged to attend.

To complete the evening a home talent program has been arranged and refreshments will be served.

At the P. T. A. executive board meeting on Tuesday afternoon it was decided to have a summer round-up and afternoon Tea on Tuesday, June 6th. All mothers of children who will be five years old on or before December 1st are asked to keep this date in mind. More about this meeting will be published later.

Eligibility for an award is based upon the following factors: (1) the record made in high school; (2) information provided by University alumni and other citizens of the community; (3) recommendations of the principal and teachers; (4) financial need; and (5) results of the special aptitude test taken by the candidate. The first of these factors is the most important, Dean Walter said.

Work of high school officials and University of Michigan alumni clubs throughout the state in helping select scholarship candidates was of invaluable assistance to the committee, Dean Walter declared.

The Clarkston Firefighters on Friday of last week purchased an E & J Resuscitator for the use of citizens of this community. At the early part of the meeting local doctors had examined the instrument and expressed its need. The local boys paid down \$250.00 and

now have to raise the balance. This addition to the equipment of the Firefighters will raise the standard of their ability to help everyone and is similar to the instrument used at Holly, Pontiac, Waterford Township and other

neighboring communities. A drive to raise the money to pay the balance due on the machine, around \$700.00, will be started next week and everybody will be asked to give something. A cannister for your small change will be located in the drug store and if more convenient you can leave your donation at the bank. This resuscitator is for your good and the firefighters feel confident you will want to know that you

have done your part. To clear any misunderstanding, not only is the resuscitator worth while in time of saving anyone at a fire, but is practically indispensable when the community is near lakes where swimming is so great

BOWLING BANQUET

The Waterford Merchant's Bowle ing League closed the bowling season with a banquet Saturday evening at the Community Activities building. A chicken dinner was served by members of the Woman's Club to the bowlers and their sponsors.

Harold Krueger acted as toastmaster for the evening and Robert Jones and Charles Robinson led the community singing. Two vocal numbers were given by 12 year old Gary Montgomery, accompanied on the piano by his father Thomas Montgomery.

After the short program the trophies were awarded. The league champions for the year were Community Activities, with Ed. Lamberton's Sunoco team as runnerup, Beautiful trophies went to each team as well as individual trophies to the team members. In the Blue division, or the Tues-

day night league, Roy Olson held the individual high single score of 291 for the season and Bill Jacober the high series with 668. Both received trophies. Bill Jacober also had high average of 175 for the Blue division. In the Thursday night league, the Red division, Ray MacDiarmid had the high average of 179. Bill Jacober had high individual score of 270 and Frank Molina high series of 641. Trophies were also awarded these players.

After that we were put on blue bus and you guessed it, every one went to the back. The seats were arranged in a U formation and it was just like a lounge. We were taken to the building where all the delicate glass apparatus and tubing are made. We watched this fascinating process for quite a while, The glass blowers added tubes onto tubes and put necks on flasks. Each operation was carefully followed out according to blue prints that each man had

at his table. We reluctantly left and went to the building where Epsom Salts are made. The factory was not in operation at the time of our arrival, therefore the guide took us through. He showed us all of the different boxes from severa of the different companies such
