THIRTY-FIVE SENIORS AWARDED

DIPLOMAS

On Wedneday evening 35 young people marched into the Clarkston school auditorium to receive their graduation certificates and to hear an inspiring address by the Reverend Henry Hitt Crane, pastor at the Central Methodist Church in

The graduates, in caps and gowns, entered the auditorium to the strains of the Coronation March played on two pianos by Mrs. Adele Thomas and William Ladd. The Reverend Walter C. B. Saxman gave the invocation.

Shirley Allen, as salutatorian, welcomed the relatives and friends and thanked all who made the high school days in Clarkston possible, as well as the teachers who had been so patient and untiring.

Carolyn Waterbury, as valedictorian, gave a very fine talk. She opened by saying "Youth has always symbolized ambition, courage, spirit, vitality and idealism". She advised the young people to remember these symbols as they go forward into practically a new life. She told them to forget failures and have the courage to go ahead. To be successful you must learn to meet a crisis and seek thly dinner meeting at the church your ideals.

Wallace A. Ridgley, superintendent of schools, introduced the Reverend Henry Hitt Crane who addressed the class and gave these young people much food for thought. He explained that they were starting out on life's highway and the height they attained would depend a great deal on how they started.

James Quick, principal of the high school, presented the class to Paul Henry, president of the Board of Education, who awarded the

diplomas. The Reverend George Halk pronounced the benediction and the graduates marched from the auditorium to Pomp and Circumstance played by Mrs. Thomas and Mr.

DAIRYING IS TOP FARM INCOME ITEM

Since June is Dairy Month it's interesting to consider just how important Bossie is to the Michigan farmer — and to Michigan's economics as a whole.

For many years, the dairy farming has topped Michigan's farm income. It's the leading farm enterprise in 15 of the 17 different ing Custer's last stand. Indian lore up by land-use planners.

Nearly 30 percent of all the cash receipts of Michigan farmers come from milk products. The total figure was near \$200,000,000 in 1949. The investment in producdairy products in Michigan exceeds a billion dollars.

Michigan State Collége agricultural economists, in studying farm account books of more than a thousand Michigan farmers, found dairying by far the greatest income producer. In 1948, dairy beef cattle 13 percent; poultry and ggs 9 percent; swine, 8 percent; sheep 1 percent and all other enterprises 5 percent.

Clarkston Rotary Has Ladies' Night

On Tuesday evening the Clarkston Rotary Club held Ladies' Night at Devon Gables. There were entered the dining room.

Richard Morgan, club president, welcomed the guests and called on Alfred Lee for the invocation; Following the delicious dinner the incoming president. Charles Robinson, was asked to take a bow, Mr. Lee then presented the entertainers. For one hour the crown had a grand time and a round of good, hearty laughs watching The Three Aces from Flint. They impersonated several radio stars in vocal and instrumental numbers. All were in pantomine. The program got off to a good start when the three fellows appeared as the Andrews Sisters and sang "The Pennsylvania Polka" and one or two other numbers. The crowd was amused at their antics and amazed at how well they kept in time with the records.

When the evening closed every one decided that they had had an evening of real amusement.

Michigan Art Fair **A Grand Success**

A new venture in the way of an exhibit which was sponsored by the Southern Michigan Art Club was a surprise to the over 200 of all dens with their parents, visitors who attended in spite of brothers and sisters, will meet for the cool weather. They admired the pictures of every description.

Everything was displayed whether it was framed or drawn on a piece of paper. This brought out a lot of promising talent as well as the most finished work which was one small picture, The Sleeping Beauty, valued at \$800.00. The prize winners were: Alice

The Hilltopper SIXTH GRADERS VISIT GREENFIELD VILLAGE

On Monday of last week 43 students of the sixth grade class with their teacher, Miss Ruth Sharpe, and three room mothers, Mrs. Virgil Campbell, Mrs. George Perry and Mrs. Carl Walker, enjoyed a tour of the Greenfield

Village grounds. Upon arrival at 12:20 a. m. we assembled in the museum where we viewed automobiles, carriages, trains, airplanes, telephones, watch, dress, toy and gun shops and farm implements of earlier

We were very fascinated with some of the views and were also very surprised with the remarkable changes which have taken place within the last few years.

Preceding the entrance to the museum we saw the "dedication to Thomas Edison" engraved in cement on the ground. Following SECOND GRADEthe tour through the museum we ate lunch in the park.

After lunch we toured the village grounds where we saw many impressive sights such as the mill printing shop, Ford Hospital, Clinton Inn, post office, Mary-Martha Chapel, St. John Bennett jewelry store, etc. We found the first Ford and the old grocery store that used to be in Waterford

IMPERIAL CANDLEWICK

TABLE CRYSTAL

CANDLEWICK is an American made, hand-crafted crystal table-ware, designed to add beauty and gracious charm to your dining-table. It is clear, brilliant, light in weight, almost delicate in appearance, yet amazingly sturdy and durable for day-in, day-out dining. Candlewick's 'round the edge, always visable design was inspired by the hand-tufting needle-work so greatly loved by our pioneer women. The idea of applied design in needlework, combined with skill in handcrafting glass produced a pattern of inimitable simplicity. A pattern so versatile it is compatible with any period of decoration . . . Provincial, Regency, Victorian, Modern. We are proud to offer this complete, open-stock line of Candlewick. . . . America's most wanted table-crystal, hand-crafted at the Imperial Glass Corporation, Bellaire, Ohio, U. S. A. This beautiful crystal available at new, low prices.

DUPONT HOUSE PAINT

cleans itself!

white ... keeps it sparkling white for years. This clean-ing process is gradual and much of the accumulated dirt and grime.

For lasting home beauty, make sure your painter uses Du Pont House Paint. Made of an exclusive Du Pont combination of pigments and oils, it literally sheds dirt and dust during every heavy rain . . . leaves your home handsomely white, sparkling bright for years. Normally, this "Self-cleaning" action starts in a few months on most surfaces. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay the process.

Consider the other advantages of Du Pont House Paint. As it keeps your house beautiful for years, it also protects against rust, rot and decay. Smooth, easy application, excellent spread and high-hiding—all these factors work in your favor when Du Pont House Paint goes on. It's available in "Self-cleaning" tints

And here's a tip for your painter: When working on new wood or excessively weathered paint films, a prime coat of Du Pont House Paint Primer is recommended. It assures maximum adhesion and performance of the finish coat.

"USE PLENTY OF BUTTER"

That was the advice given the June bride when she questioned her mother-in-law as to what Jim liked

Said the understanding mother of the groom: "I hope Jim never hints your cooking isn't like mother used to make but I'm glad he's liked his home and the food I have served.

"I learned early—thank goodness—that butter adds a flavor and zest to food which can be obtained in no other way. Of course, I use plenty of other dairy products, too. They have a flavor all their own, are full of nourishment and easy on the pocketbook."

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday June 18.

The Golden Text (John 1:1,3) is: "In the beginning was the of The Detroit Sunday Times. Word, and the Word was with God, and the Word was God. . All things were made by him; and without him was not anything made that was made."

Among the Bible citations is this passage, (I Cor. 1:20): "Where s the wise? where is the scribe? where is the disputer of this world? hath not God made foolish the wisdom of this world?"

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 196): "If materialistic knowledge is power, it is not wisdom It is but a blind force. Man has 'sought out man inventions,' but he has not yet found it true that knowledge can save him from the dire effects of knowledge."
