Fire Fighters Planning July 4th Celebration

The Clarkston Fire Fighters have completed plans for the 4th of July program and promise a full day of fun.

The day will start with the parade at ten o'clock and this will be followed by running races and other land events for young and old.

Then there will be water events with a swimming contest for all ages. Many will be interested in bicycle races and canoe races and the greased pole and greased pig will afford fun for everyone. The Fire Fighters will stage a water battle and there will be the ever exciting tug-of-war.

There will be a beauty contest for girls, 18 to 25 years of age. The winner will go to White Lake in August to compete for the county title "Miss Fire Belle". When the winner goes to White Lake she will be clad in a bathing suit and she will be asked to furnish a photograph of herself.

Anyone wishing to enter the parade or beauty contest should contact Frank Green or any member of the Fire Department.

There will be a softball game in the afternoon and, last but not least, a bigger and better display of fireworks in the evening.

Refreshment stands will be erected in convenient places where you will be able to buy hot-dogs and pop.

The Fire Fighters are grateful to the business men of Clarkston who have donated generously. Their cooperation makes the contests more worthwhile for the winners.

Don Beach is acting as general chairman for the celebration and he is being assisted by L. D. Hemingway and Frank Ronk.

By the Way . . .

Fourth of July is to be really celebrated in this area. The Clarkston Firefighters will be in charge of the celebration at Clarkston and promise a bigger and better time than was enjoyed last year. There will be a Community Fair on July 2-3-4 at the Community Activities building put on by the Community Activities, Inc., and Davisburg will try to outdo their successful celebration of the year before. So you can take your choice or perhaps even enjoy all three. . . Clarkston's former citizen, Merritt D. Hill, is now vice-president of Dearborn Motors, the organization which has its student farm and some research on the Dearborn Motors farm on Miller Road. . . This has been a cool spring and somehow vacation time is here as a surprise. Many places are on a vacation schedule and many of our good friends are enjoying a vacation which seems to us to be rushing the season. . . A statement in this column last week brought a request for all extra copies we could spare. Such a request makes us realize the value of a community paper to its readers.

Mr. and Mrs. Jess Berg entertained their employees at a delicious chicken dinner at The Old Mill Tavern in Waterford on Saturday evening. The dinner was served in a private dining room at a table attractive with a center arrangement of long-stemmed American Beauty roses with white peonies.

Three of the employees present were with the Bergs when they first opened the plant three years ago.

After the dinner the group enjoyed reminiscing and talking over plans for the future.

The group wished Mr. and Mrs. Berg many more happy years in business and all had a pleasant evening.

Former Resident In Scout Caravan

The largest automobile caravan transporting Boy Scouts to their national jamboree at Valley Forge, leaves Monday and will travel via Southern Michigan, Northern Ohio and Central Pennsylvania. On the return trip it will go by way of New York State to Niagara Falls, and across Ontario to the Blue Water Bridge at Port Huron, Michigan.

In the caravan will be 250 Boy Scouts and their leaders from the Tri-County area surrounding Flint. They will ride in 55 automobiles being provided by the Buick Motor Division of General Motors. Of the 47,000 Scouts expected at the jamboree the caravan from Flint will be the largest of its kind. Scout officials say.

Leaving Flint early Monday, the caravan will go southward to lunch at Toledo and stop for lunch at Ft. Meigs Park, between Maumee and Perrysburg, Ohio. From Perrysburg it goes eastward via Fremont and Bellevue to Elyria, then south of Cleveland to Chagrin Falls where it will camp at the Cleveland Council site.

On Tuesday, the caravan will go eastward to Warren, around Youngstown and to New Castle, Pa., continuing on via Butler to Irwin, with lunch scheduled at the Jacktown Hotel. Proceeding across the Turnpike the caravan will go to Harrisburg then to Lancaster where it camps for the night at the Lancaster Scout Council site. The final leg to Valley Forge will be on Wednesday by way of route 23 through Phoenixville.

Returning, the caravan leaves July 7th and goes northward

While at the seminary he was a student committee member of the National Inter-Seminary movement.

On June 11th Mr. Anderson was ordained into the ministry of the Augustana Lutheran Church in Washington, D. C., during the ninety-first annual synodical convention of the church.

At the end of July Mr. Anderson will go to St. Paul, Minn., where he will speak his marriage vows and return in about a month, with his bride to his new pastorate in Waterford Township.

Waterford-Drayton Rotary Club News

On Tuesday the German student Gherhart Tuppehn, who has just received his Doctor of Agriculture degree, was the guest speaker at the Waterford-Drayton Rotary Club meeting.

Mr. Tuppehn answered many questions about his native land and also about his stay in the U. S. A. He said that this was a wonderful life in a land of plenty but he was anxious to return to his people where they were in need of his help and his education.

Among the guests were Bruce Siddall of Harmony Valley, Rotarian Ed Lambertson of the Clarkston Club and Rotarian Jack Hamilton of the Ortonville Club.

Arrangements are about completed for the ball game between the service clubs in this area to be played on July 6th at the Drayton Park. Get your reserved seat early.

Gruesome Conflict Steadily Brewing

The Waterford-Drayton Rotary Cowboys are busy oiling their guns and sharpening their spurs, getting ready for the Exchange Club Indian massacre on the evening of July 6th, 1950 at the Waterford Township soft-ball park at Drayton Plains, Michigan.

This will be a continuation of the feud that started last year at which time the bloody conflict ended in a draw.

Such outstanding players as Hopalong Richardson, Dead Eye Van Wert, Quick Trigger Cohoon, Cactus Beede, Rough Rider Williamson, Slim Jacober, Smiley Groux, Curly Beattie, Clipper Corbin, Muscles Shunck and Speedy White with other well known celebrities of the big leagues will collect many a scalp before the evening is over.

The Cowboys are especially anxious to lasso Exchange President Kruger and keep him out of the Press box where he took refuge during last year's skirmish. This is the annual benefit game between the Waterford-Drayton Rotary Club and the Drayton Exchange Club and it is hoped that a large attendance will be on hand to join in the fun.

High School Grads Enlist In Air Force

Lowell D. Wells Jr., son of Mr. and Mrs. Lowell Wells of 315 Leece Rd., Ortonville, joined the Air Force for a period of four years.

Lowell attended high school at Ortonville and now intends to take up a trade in the Air Force which will benefit him in future life. He took the oath of enlistment the 8th of June and had a three days' pass. The twelfth of June he went to Detroit for shipment to Lackland Air Force Base at San Antonio, Texas for basic training.

Rotary Club News

At the meeting of the Clarkston Rotary Club on Monday evening Roy Robinson, a brother of Charles Robinson, and school superintendent at Ferndale gave a very interesting talk on what the schools are supposed to do in the way of teaching the student of today. He stressed the idea of trying to fit the pupil for the job he was best suited for and condemned the idea of trying to make everyone fit a standard rule. For example why flunk a pupil because he cannot spell when he may be a mechanic and never need to know the correct way to spell words he might never use.

Guests were Ed Fuller from the Waterford-Drayton Rotary Club and Emerson Wertz a member of the Brian, Ohio, Rotary Club.

Dinner was served by Mrs. Clark Souby assisted by Mrs. Edmund Gunter, Mrs. Leslie Shanks, Mrs. Charles Beach and Mrs. Floyd Lawrence.

Conservation News

Moving to spike incorrect reports, the conservation department's parks division states there is no admission or parking charge collected at any one of the 60 state parks and recreation areas.

Several news accounts referring to the 50-cent camping charge — which became effective June 15th in parks where tent or trailer camping is available — have led many persons to believe gate fees would be collected from park patrons. For the average park user, park officials stress, there are absolutely no charges with which to contend.

To help meet park operating costs, the conservation commission recently approved a camping charge for tent and trailer camp users of 50 cents-per-day per camp.

Community Fair, July 2, 3, 4 At C. A. I. Building

Committees for the big Community Fair to be held in the C. A. I. building on Williams Lake Road on July 2, 3, and 4, are wasting no time getting things in readiness for this event. The way the plans are shaping it looks as though this Fair will be one of the best ever to be held in the county.

The many free exhibits will find something of interest. There will be a large display of paintings, hooked rugs and handicraft for those who like the finer arts. For those who are star minded a group of amateur astronomers will show their telescopes. For the mechanically inclined all kinds of model planes will be exhibited.

The Youth Hostellers and The Audubon Club are planning some exceptionally interesting displays. There will be many more free exhibits to please young and old. There will be no general admission charge. You will be at liberty to enter the Fair and spend as much time as you like viewing the exhibits.

The space available for the merchants to display their wares is being reserved quite rapidly, which means that the free exhibits this year will be bigger and better than ever.

The proceeds from several booths, refreshment stands, etc., will be for the building fund and also for the program of activities for the coming year.

The final meeting of the Fair and Planning Committee will be held at the C. A. I. building on Wednesday evening, June 28th, at eight o'clock.

A Voice In The Dark

A loud boisterous voice shouts out in the day, Cocked sure of itself on a marked right-of-way.

There's nothing it fears as it makes itself heard. The law of the land is wrapped up in each word.

Defiant it rings, as it gives a command, And its sarcasm cuts like a jagged steel blade.

No guidance is needed, no quarter is asked, When the dame of good fortune is bearing its task.

It can't understand the small voices or weak That come from the throats of the lowly and meek.

When fortune grows tired of toiling the load, And markers are stripped from each byway and road;

When darkness descends like the mist of a night, The hardest of voices are softened with fright.

The voice from the darkness discards its false pride, Then prayerfully pleads for a spiritual guide; In humble sincerity falls to its knees

And sends to its maker its heart rending pleas. Great souls in the making grope long for the mark, And pour out their hearts with a voice in the dark.

Rites Read Saturday At Waterford

Baskets of white gladioli and palms banded the altar in the Waterford Community Church last Saturday afternoon at three o'clock when Corrine Mae Stites, daughter of Mr. and Mrs. James H. Stites of Waterford, and Paul William Fair, son of Mr. and Mrs. Joseph Fair of Sturgis, Michigan, spoke their marriage vows. The Reverend Wright Van Plew read the double ring rites before two hundred and fifty guests.

When the bride was escorted to the altar by her father she was lovely in a colonial gown of marquisette fashioned with a hoop skirt and a lace edged train. Her lace trimmed illusion veil fell from a sweetheart headpiece outlined with orange blossoms. She carried a colonial bouquet of white roses and lilies of the valley.

Patricia Stites was her sister's maid of honor. She was gowned in orchid and carried a purple bouquet. The bridesmaid, Mrs. William Clement, Jr., of Waterford, and Marjorie Peters of Big Beaver wore aqua gowns and carried pink flowers.

Russell Stites, nephew of the bride, carried the rings on a white satin pillow. Sheryl Stites, niece of the bride, as flower girl, was gowned in dotted blue Swiss and wore a matching bonnet.

Assisting Mr. Fair were his brother, John Fair of Sturgis, his best man and Richard Davidson of Sturgis, Ray Welcher of Benton Harbor and Kenneth Johnson of Grand Rapids as ushers.

Immediately following the ceremony a reception for one hundred and seventy-five guests was held at the Community Activities building and about one hundred guests were served a buffet supper at the Stites home following the reception.

For her daughter's wedding Mrs. Stites chose a coral dress with gray accessories and a corsage of pink and white roses. The bridegroom's mother was dressed in beige lace with green accessories and a corsage of yellow roses and daisies.

When the newlyweds left on a honeymoon in Canada the bride was wearing a melon gabardine suit with navy accessories and a corsage of white roses. On their return they will make their home in Milwaukee, Wisconsin.

Mr. and Mrs. Fair are both graduates of Michigan State College where Mr. Fair completed his course in electrical engineering. He has accepted a position with the Allis Chalmers Company in Milwaukee.

Out-of-town guests at the wedding were from Traverse City, Atlanta, Battle Creek, Detroit, Sturgis, East Lansing, Grand Rapids and Benton Harbor.

The bride was feted at many lovely affairs prior to her wedding day. She was honored at three showers, two miscellaneous and one personal, at the homes of Mrs. Clyde Deo, Mrs. William Clement, Jr., and Virginia Hall.

On Thursday of last week the bridesmaids were entertained at a luncheon at the Stites home.

VETERANS! IT'S LAST CHANCE FOR RE-ENLISTMENT STRIPES

World War II veterans who wish to re-enlist in the Army and remain at least a part of the rank they held at time of discharge will have to enlist before July 1st, it was announced today by Sgt. Robert W. Wiles, local Army and Air Force Recruiting official.
 After July 1, 1950, veterans who were separated after May 12th, 1945 as officers or warrant officers will be enlisted in grade E-4, Corporal. Those who served in the top non-commissioned grades during the war can expect enlistment in grade E-3, Private First Class.
 Since present regulations allow veterans to enlist in somewhat higher grades, local recruiting officials are urging veterans to take advantage of the higher grades now offered to those who enlist before the end of this month.
 World War II Vets of any of the Armed Services are requested to

contact the local recruiting offices, Pontiac, Michigan, for information concerning grades now offered.

FARM SITUATION

Just a word about the farm situation. Generally speaking, farmers seem to be taking a great deal of criticism these days, because of high prices. In my mind it is time that all folks realize that the farmers lot is not exactly all honey and pie. Since 1948 farm prices received have declined 25 percent and net earnings have declined 50 percent. John Doneth, a Michigan State College Farm Management specialist states that this is all due to the fact that while farm prices have declined, expenses have declined very little and have increased in some cases. The farmer who might have received \$10,000 gross income in 1948 would receive a little under \$8,000 in 1949. His expenses remained the same where his net profit in 1948 might have been \$4,000, his net profit in 1949 would have been \$2,000, where \$6,000 was his expenses. There is a lot of questions to be answered with good fundamental mathematics. High prices in relation to agricultural products.

THE COST OF MEDICAL CARE

★ That the cost of medical care has risen, no one can deny. But the rise has not been out of proportion to the general advance in the cost of living. At the same time the quality of medical service has been immeasurably improved. Consider that today your physician has invested from eight to ten years and about ten thousand dollars in his education alone. He has no chance to earn until he is twenty-six or twenty-seven years old. He must have an office in a good neighborhood, good equipment, a car, good clothes. Pharmacy, too, has stepped up its standards. Almost every state now requires four years of college and a year or two of practice before registration. All this adds up to better medical service for you.

Rural Tele-news

ONE FOR THE BOOK—Telephone directories go with telephones just like ham goes with eggs. And last year Michigan Bell published more than 3,500,000 directories. Over 9,650,000 pounds of paper were purchased through Western Electric Company, the Bell System's supply division. Printing the directories took 124,000 pounds of ink and 65,000 pounds of glue were used for binding. It takes a lot of everything to provide telephone service.

AS SIMPLE AS A-B-C—Money for new construction needed to provide more and better rural telephone service has to come from investors. And investors only put their money in businesses that show a fair profit. So, no fair profit for Michigan Bell, no investors. No investors, no money for new construction. That's why it's important for you to have Michigan Bell financially healthy.

A TRIP SAVED—During planting this Spring, a Michigan farmer's tractor broke down. He was about to drive into town to get a spare part from the dealer there. But fortunately, he thought to telephone first. The dealer didn't have the right part. So he called the dealer in another nearby town and located the needed part. Saving needless trips and wasted hours is but one great value of the telephone.

"Christian Science" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday June 25th.

The Golden Text (Isaiah 52:7) is: "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation."

Among the Bible citations is this passage, (Prov. 16:1): "The preparations of the heart in man, and the answer of the tongue, is from the Lord."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 456): "God selects for the highest service one who has grown into such a fitness for it as renders any abuse of the mission an impossibility."

A pig is the nearest relative to a hippopotamus.

Only at certain seasons is the hair of the ermine white.

FISHERMEN PREPARE FOR JUNE 25
Michigan's most popular sport shifts to a faster summer pace starting June 25th when thou-

sands of anglers will spread to the state's some 11,000 lakes for the first time this year.
The last Sunday in June, the conservation department reminds,

signals the start of some six to nine months of bluegill, sunfish and black bass fishing throughout the state. A number of other species also become legal game pole targets in southern Michigan below highway M-46.

Regulations are unchanged except for a liberalization of the walleye minimum size limit from 14 to 13 inches. The daily creel limit on bluegills, sunfish, perch, rock bass, crappies and warmouth bass remains the same at 25 in any combination of which not more than 15 of the total may be bluegills. There is no minimum size limit on these species. White bass must be seven inches long, daily possession limit is ten. Whitefish of any length may be taken, maximum daily limit is seven.

For northern pike, walleyes, largemouth black bass and smallmouth black bass the daily maximum is five in any combination on inland lakes and streams. Minimum size limits are 14 inches for northern and 10 inches for either bass species.

Frogs may be taken starting June 25th. They may not be speared at night with artificial light.

The conservation department cautions the resident angler, who has yet to pick up his \$1.50 license, that he may find his favorite supply source exhausted if he waits until the last minute. A license is required for fishing in inland waters of any person who has passed his 17th birthday. Wives of resident anglers only can fish free by filling out the stub attached to the regular license. Non-resident fishermen, including wives of outstater, may purchase a 10-day temporary license for \$2 or the annual license for \$3.00.

Bernard Girard Seeks Nomination

Making his first bid for Oakland County elective office is Bernard Girard who today announced that he will seek the Republican nomination this fall for Prosecuting Attorney. The 38 year old Girard lives with his wife and two children in Berkley. Girard is a graduate of the University of Detroit Law School and since January 1st, 1947, he has been chief Assistant Prosecutor for the County. He has resigned that office effective June 15th, to de-

vote his full time to the campaign. Girard has been active in local Republican politics having been past president of the Lincoln Republican Club and presently a director of the Club as well as its treasurer.

CONSERVATION NEWS

Conservation officers now have the status of peace officers in enforcing conservation laws as the result of the Governor signing the bill recently passed by the state legislature.

The department's law enforcement division points out this does not give the officer unlimited right to make searches. The conservation officer does have the right to inspect the game bag, fish creel, a vehicle, fish house and other places except dwelling houses — but only when he has probable cause to believe a violation of conservation law has been committed.

With first fawns showing up in many areas, conservation officers are urging tourists to leave the apparently helpless creatures alone.

The fawns are neither lost nor are they orphans. The mother deer disappears when people approach but usually is nearby and will return.

LUXURY or MONEY-SAVER ???
Your home frozen food unit can be either...

It can be an expensive luxury...or it can be the most important money-saver in your household!

To make your home storage unit pay, buy your meats, frozen foods, and other perishables from us at wholesale prices.

You'll get top-grade inspected meats, properly chilled, aged, and professionally cut and trimmed to suit your family size and preferences. Your meats will be wrapped in materials, scientifically designed for this purpose, and will be sharp frozen at temperatures much colder than a home storage unit, resulting in juicier meat that keeps its original flavor longer.

We welcome your patronage—whether you rent one of our lockers or not. Come in and let us show you how we can save you money.
