Lutheran Pastor Wed In St. Paul, Minnesota

Marjorie Marie Menge became the bride of the Reverend Arvid Anderson, pastor of Christ Lutheran church, Saturday night, Aug. 5.

She is the daughter of Mr. and Mrs. C. A. Menge of McVillie, N. D., and he is the son of Alfred Anderson of Underhill, Wis.

A candlelight ceremony was conducted by Dr. Clifford Ansgar Nelson at Gloria Dei church at St. Paul, Minn.

Ivory satin with a sheer yoke and pearl-embroidery trim was chosen by the bride for her wedding gown. Her finger tip veil was caught by a satin Dutch-type cap edged with seed pearls. She carried Johanna Hill roses and Stephanotis.

Mrs. Einer Swenson of St. Peter, Minn., was matron of honor and only attendant for the bride. She wore a peach pink gown of marquisette over fallie and carried white roses and white gladioli.

The Reverend Howard Palm of Sandwich, Ill., was best man. A reception was held in the church parlors after the wedding.

For her going-away costume the bride chose a forest green gabardine dress with rust-red accessories. The newlyweds will spend their honeymoon in Minnesota.

A note from the Charles S. Matthews, who are spending the summer at their cottage at Middle Island Pointe near Marquette, says that it is real nice up there with air fresh and bracing at 62 degrees temperature. They have been doing some repair work there this summer and have added another bedroom to their place. They also mention going on a trip north. Sounds like they are real busy folks, having a good time and enjoying the northland.

Old Custom Revived For U-M Freshmen

Freshman Rendezvous, a Michigan tradition for many years, is being revived this year by the Student Religious Association at the University of Michigan.

Invitations have been sent to all incoming freshmen to attend a three-day week-end of fun, fellowship and discussion at the Detroit Recreation Camp on a lake near Brighton, according to Don Haskell, of Royal Oak, president of the S. R. A. The dates will be Sept. 15 to 17, just in advance of the University's week-long orientation program for new students.

The Rendezvous will be limited to a total of 120 freshmen divided evenly between young men and women. Acceptance will be based upon the order of final registration.

Registration at Lane Hall on the campus and the bus ride to the camp will be the schedule for the first morning on Friday, Sept. 15. After lunch, cabins will be assigned and then Dr. DeWitt C. Baldwin director of the S. R. A., will conduct a forum on "Why Religion on the Campus?" A recreation period will precede supper followed by a party and a lakeside sing to wind up the first day.

Chest X-Rays Free At State Fair

Free chest X-ray examinations will be available to all State Fair visitors over 15 years of age this year through joint efforts of the Detroit Department of Health and the Tuberculosis and Health Society. Dr. Joseph G. Molner, Detroit commissioner of health, says everyone attending the Fair is invited to have a chest X-ray without cost. The unit will be open every weekday, September 1 through 10. The X-rays are taken through ordinary street clothing.

According to Dr. Molner, this chest X-ray can well be the most profitable experience of the year for many men and women who will go to the Fair. He says that when tuberculosis is present, finding it early is the first and one of the most important steps to success in treatment.

James Buchanan was the only bachelor president.

Coltsons Take Eastern Trip

Mr. and Mrs. Russell H. Coltson and their son Don returned last Thursday from a very interesting and enjoyable vacation trip through the eastern states and Canada.

They traveled through northern New York and into Canada where they spent a day in Quebec. From there they traveled through the Gaspé Peninsula where they saw the open air racks that cod fish are placed upon to dry and be salted. They also saw the outside ovens where Gaspé housewives do their baking. In just one day in this colorful section of Canada they passed over 26 covered bridges. The Coltsons had some trouble making the local people understand them because the language spoken there is French. But they managed very nicely by using hand signals and gestures. They then traveled back through New Brunswick and while there visited the City of Moncton and saw the famous Magnetic Hill. From there they traveled back into the states and visited for a day with Mr. and Mrs. A. F. Heineman of Haddonfield, N. J. Mr. and Mrs. Heineman were former residents of Clarkston. The Coltsons then went on to Atlantic City where they spent one day and then to Washington, D. C. where they spent two days and visited Congress during one session. From Washington the Coltsons returned home. They were gone for three weeks.

The Clarkston Rotary Club was honored on Monday, August 7th, by having as speaker, V. C. Palmer, the superintendent of the Detroit Division of the Grand Trunk Western Railroad Company and W. A. Eddy, trainmaster for the same company, working out of Durand.

Mr. Palmer gave a talk on the history of railroads in the United States and the huge job the railroads are doing today. Having heard of the inroads trucking on the highways had made into the railroad business, it was interesting to learn that this amounted to less than 9% of the transportation business. Railroads now carry about 62% while pipe lines and water shipping account for the rest.

Rotary Club News

Mr. Palmer stressed the fact that while costs had gone up on the railroads the same as elsewhere, more efficient ways of doing business had partially and to a large extent offset the added costs. He especially stressed such efficient methods of doing business as larger trains, faster speeds and more efficient machinery to get better results at lower costs.

Group singing led by Robert L. Jones, from new songbooks, was a feature of the evening. A special number was the birthday song honoring the members' birthdays. The first member to be so honored was past president Dick Morgan.

Guests included Robert Pohl, Homer Hoskins and Berkeley Voss of the Pontiac Rotary Club; Art Johnson of the Waterford-Drayton Club and Arno Davis of the Ortonville Club.

A fine dinner was served by Mrs. Adele Thomas, Mrs. Charles Denton, Mrs. Jack Jyleen, Mrs. William Dunston, Mrs. Gray Robertson, Mrs. C. J. Cheesman, Miss Phyllis Beardsley, and Miss Kathleen Stauter.

Fishermen Wonder At New Lure

New fish lures come and go each season but the latest innovation conservation department fishery officials have placed in the "this we got to see" category.

Picture a slim-fingered, daintily-scented minnow doing the fish version of the bumps and grinds at the end of your hook and you get the general idea.

Secret of making "Minnie" irresistible is the scent which is derived from a fluid extracted from male and female fish glands. A drop or two patted on the minnow is supposed to be sufficient to draw the underwater Lotharios.

Fish officials say they will give the lure a trial but refuse to speculate as to what fishing tests might show.

Sadness Visits Virgin Home

Oscar Virgin, 59, of 4505 Nelsey Road, passed away suddenly on Monday of a heart attack. He was born in California on February 2, 1891, the son of the late Owen and Ida Eldridge Virgin. On November 19, 1913, he was wed to Ethel Holmes in Fenton.

Mr. Virgin had lived on the farm on Nelsey Road since he was two years old. He was a life member of the Cedar Lodge No. 60, F. & A. M. of Clarkston. A few years ago he served as patron in the Joseph C. Bird chapter, O. E. S., and he was a member of the Men's Club of the Clarkston Methodist church.

Mr. Virgin had a friendly disposition and will always be remembered for his willingness to help others.

He is survived by his widow, Ethel, one daughter, Mrs. Roberta Sutherland of Rochester, Mich.; one grandson, Sidney Sutherland and one sister, Mrs. Helen Miller of Detroit.

The funeral services will be held this afternoon at two o'clock at the Sharpe Funeral Home in Clarkston with burial in Lakeview Cemetery. Reverend Cecelia Learn will officiate.

A. B. A. Gives Good Report

George and Ross Robb of Fowlerville, Mich., were the owners of Rustic Sir Rainbow Ormsby 820563 one of the outstanding proved sires used by the farmers who compose the Michigan Artificial Breeders, East Lansing, Michigan.

Dairy herd owners are impressed with Rainbow's proof which shows on 10 daughters, 16,408 lbs. milk and 574 fat, 3.5 test. This production is 3918 pounds better in milk and 124 pounds improvement in fat over the mates of Rainbow. It is almost 3 times the volume of milk and butterfat yielded by the average Michigan cow according to A. C. Baltzer, Extension Dairyman, Michigan State College.

Rainbow was bred by Hugh Oesterle, Webberville, Michigan. His name comes from the Rainbow Sirs Bess Ross 11th bull of Mr. Oesterle bred by Robin Carr at Fowlerville, Mich. These three herds have been consistently high producing herds in the local herd improvement association averaging over 475 pounds butterfat annually.

Rainbow is not the largest bull owned by the Michigan Artificial Breeders but in terms of his daughters' production is one of the outstanding proofs used by this organization. Rainbow came to the organization in March 1947 and was sent every month during 1948. The records show that 3789 cows were bred on first and second service to this sire during the year and that 65 per cent of these settled to his service using a 60 day interval to determine whether or not the animal was in calf. Such extraordinary records are only possible however, according to A. B. A. as the result of the following factors:

1. Superior sire material.

2. Superior management.

3. Superior nutrition.

4. Superior health care.

5. Superior breeding technique.

6. Superior selection.

7. Superior culling.

8. Superior record keeping.

9. Superior facilities.

10. Superior attention to detail.

11. Superior cooperation.

12. Superior planning.

13. Superior execution.

14. Superior results.

15. Superior success.

16. Superior achievement.

17. Superior excellence.

18. Superior perfection.

At the shower on Friday evening the group played appropriate games and presented the honoree with many pretty and useful gifts. In order to get her gifts she had to burst balloons and find the directions to the hiding places.

Dainty refreshments were served at the close of a very lovely evening.

Among the guests besides the honoree and her mother, were Mrs. Judd Skarritt and Mrs. Alena Jickels of Oxford; Mrs. Nina Janks and Mrs. Russell Jankovich of Holly; Mrs. Charles Frickard, Mrs. Clyde Skarritt and Mrs. L. Letts of Highland Park; Mrs. Cora Skarritt of Pontiac and Mrs. Jack Chisholm, Mrs. Jack Skarritt and Mrs. Keith Lowrie of Clarkston.

Science Club News

Due to unexpected circumstances the Clarkston-Pontiac Domestic Science Club convened at 9:15 Friday evening at the home of Mrs. Matthew Johnson, instead of at 7:00 p. m. in the home of Mrs. A. J. Brandan as was previously announced.

Following a brief business meeting the members enjoyed the hospitality of Evelyn McCrum at a "pajama party" in her home, which at the present time is unoccupied in Drayton Woods.

This week the members are enjoying a camping trip at the Chippewa Lake Camp near Paris, Mich.

WOMEN BREAK RECORD

Many records have been broken at Michigan State College, at agricultural, sports, and other events—but the latest record was broken by 1,117 homemakers.

When they registered for their twenty-third annual conference recently, they not only broke their own record of attendance, but also topped all attendance records of registered conferences ever held at MSC.

Homemakers' Conference guests were chiefly members of home demonstration groups throughout the state and their campus hostesses were members of the home economics staff.

Is It Our Decision?

In grand surroundings such as these With hills and lakes and spreading trees, It should be easy to disperse A line or two of happy verse. Last night I heard commenters say That war was surely on its way, That we must save our nation's pride And not accept another's chide. We must be free from tyrant's power, We must arise this very hour And to the whole wide world declare That we'll protect them any-where.

Now I have justice in my heart, And feel that we should do our part; But should we force our way of life On peoples torn apart with strife? If others loved our brand as we If it's right for it eternally, It matters not how great or strong, No nation could control them long. They would arise and make some plans To ease aside their rulers hands. They'd make life miserable indeed Until the last of them were freed. So if they meet us day and night Let every nation rise and fight. Let them say which they'd rather be— Enslaved for life or ever free.

ORRIN McQUAID

McQuaid said that Oakland County, because of the modern system which he has fostered, can record legal papers for less than half what it costs any other county in the state.

The Register of Deeds office is now the only county department which is self supporting. Not only that, but it makes a substantial profit which helps keep county taxes down. During his 12 years in office nearly one-half million dollars, over and above operating costs, have been returned to the county. Fees are fixed by the state and are uniform throughout Michigan.

Last January he invented an attachment to the photo recording device which is currently saving more than \$30 per day in operating costs.

A registered land surveyor, McQuaid received his education in Pontiac schools, Ferris Institute and the University of Detroit. He was one of the originators of the Young Republican movement and served as national treasurer of the organization prior to World War II. He resides with his wife and daughter in Pontiac.

"People tell us we have just about the friendliest, most helpful and prompt office they have ever done business with", McQuaid said.

A Prayer
Dear Father, Supreme Commander of all things—As we gather tonight we acknowledge our weaknesses and humbly pray for knowledge and ability away beyond our normal limits. We realize that our nation, along with every other freedom-loving country, faces mankind's greatest crisis—a crisis that involves and imperils every individual, not just us; but every life in the world. Never before have we had greater need for Thy divine guidance. We are in the midst of an extremely serious situation. We have problems of armaments, of atomic and of H power.

Orrin McQuaid, Oakland County Register of Deeds seeking re-election on the Republican ticket, revealed today that more deeds and land papers have been registered since he took office than during the entire previous 120 years. Now serving his sixth term, the World War II veteran is considered one of the top men in his field in the country. His office is a model in Michigan where McQuaid has sponsored many important changes in recording laws, which have saved thousands of dollars in operating costs.

McQuaid said that Oakland County, because of the modern system which he has fostered, can record legal papers for less than half what it costs any other county in the state.

The Register of Deeds office is now the only county department which is self supporting. Not only that, but it makes a substantial profit which helps keep county taxes down. During his 12 years in office nearly one-half million dollars, over and above operating costs, have been returned to the county. Fees are fixed by the state and are uniform throughout Michigan.

Last January he invented an attachment to the photo recording device which is currently saving more than \$30 per day in operating costs.

A registered land surveyor, McQuaid received his education in Pontiac schools, Ferris Institute and the University of Detroit. He was one of the originators of the Young Republican movement and served as national treasurer of the organization prior to World War II. He resides with his wife and daughter in Pontiac.

"People tell us we have just about the friendliest, most helpful and prompt office they have ever done business with", McQuaid said.

A Prayer
Dear Father, Supreme Commander of all things—As we gather tonight we acknowledge our weaknesses and humbly pray for knowledge and ability away beyond our normal limits. We realize that our nation, along with every other freedom-loving country, faces mankind's greatest crisis—a crisis that involves and imperils every individual, not just us; but every life in the world. Never before have we had greater need for Thy divine guidance. We are in the midst of an extremely serious situation. We have problems of armaments, of atomic and of H power.

We have the more intimate problem of attaining a proper balance between personal liberty and the good of the nation, between security and initiative. We have problems of education. We have the problem of hunger and want, amidst great plenty. We have the need of moral law, of Christian ethics or whatever it may be called. I call it the law of conduct that transcends materialism, and puts humane interests in first place.
Dear Father, we need this spiritual aid. We pray for this aid in our personal lives and in our country's relations with other countries. We need to get closer to Thee. You are our only ally. Help us to understand others. Help us to keep the beacons of liberty

MORE FREE ENTERTAINMENT AT STATE FAIR

The Michigan State Fair, according to General Manager James D. Friel, is featuring more free entertainment and educational features this year than at any time since the fair was started over a century ago. It will be held September 1 through 10 in Detroit.

Once the family has paid the admission fare this year they can visit scores of special events free of charge. Along with the carnival spirit goes the husband and hog calling contests, tug of war, greased pig contest, ax and sawing contest, clowns and parades of gay floats each day. The Old Timers Grove will be the scene of the Sheep Shearing contest, where skill and expert timing will vie for honors and prizes.

Beauty Queens from all parts of the State will be assembled in the Music Shell to pass in review the judges and the loveliest girl from some place in Michigan will be crowned queen. The Teeter Sisters will have two, free, outdoor shows daily, in which they fall from a height of 110 feet.

THE RISK OF SELF-MEDICATION

★ The weather and human ailments are favorite topics of everyday conversation. The next-door neighbor is alert to recommend her favorite remedy for any set of symptoms. Another friend holds implicit faith in something else. You are caught in a cross fire of claims and counterclaims.

Artemus Ward observed that "The trouble with people is they know too many things that ain't so." What seem to be almost identical symptoms in two patients may result from entirely different causes.

Your physician has spent at least eight arduous years in the study of health and disease. He is thoroughly familiar with the techniques of diagnosis and treatment. The pharmacist's specialty is the preparation and dispensing of the drugs your doctor orders. When ill, first see your doctor. Then bring your prescription to us.

A Recipe For A Ruined Farm

By Larry Tripp, Soil Conservation Planner

1. Cut one medium sized rolling farm into regular pieces
2. Add successive cash crops to remove humus.
3. Stir the thin top soil rather frequently to remove the humus.
4. Carefully work land up and down hill until the clay subsoil shows through on the slopes.
5. Put on a row crop every now and then.
6. Leave soil out in the sun to bake and let the rain cut it up.

7. When done, season with an unpainted house, broken down fences, garnish with weeds and add a pinch of despair.

Appreciation

Reverend F. J. Delaney, Roy Alger, General Chairman, and the committee wish to thank all those who were in any way responsible for the success of the Second Annual Summer Festival of Our Lady Of The Lakes Parish, Waterford.
