## TOWNSHIP UNITED FUND MAKES APPEAL

Independence Township United Fund Drive for \$2500 will start with a meeting of workers at 7:30 P. M., Friday, September 29, at the old Township Hall next to the Post Office on S. Main St.

In appealing to all township residents to contribute Ken Hogg, the township chairman stated: "Last year we failed to meet a much smaller quota mainly because many residents gave only at the plants where they work. While we feel that they have a responsibility to the community where they work there is an equal responsibility at home and we are asking our residents to plan their contribution to give one half at work. It will be only with these contributions that we will be able to meet the quota for this year."

All workers on the United Fund drive are asked to attend the meeting on Friday night, if possible, since they will receive contribution envelopes and material that will help in soliciting. While we have a number of veteran solicitors anyone willing to help will be welcome.

### Science Club News

On Sunday afternoon of this week the Domestic Science Club members enjoyed a pot-luck luncheon and a social affair at the home of Mrs. Matthew Johnson. Preceding the luncheon the group held a brief meeting at the home of Ruth Crommees on M-15.

Mrs. Johnson was greatly surprised, as was Mrs. Brandau, when they were each presented with a beautiful bread in honor of their birthdays.

Later in the afternoon when it was time for the group to disband several cars drove into the yard. When Mrs. Johnson answered the door she was astonished to see several members of the Wayne and Utica Clubs with their leaders. The local club members were trying to decide what was taking place when Mr. Johnson and Mr. Brandau arrived in a truck and commenced unloading chairs and food. A few more cars drove in, but the members had no trouble recognizing the visitors as the ladies were their mothers.

A committee composed of 8 of the mothers assigned the guests to tables where they enjoyed playing several games of Bug, Birthday cake, ice cream and punch were served. The mothers presented each honoree with a set of pyrex in appreciation for the time they had devoted to the group for the past two years.

The 76 guests filled the Johnson home. This was meant to be a surprise party for the leaders, but the members were really the most surprised.

On Monday evening the group met at the home of Mrs. Brandau. Several of the members are completing their first handicraft article and some have already started on another. The group is also selling Christmas cards and all-occasion cards. Any who are interested in making a purchase are asked to contact a club member.

Next Monday evening the club will meet at the home of Betty Marco in Waterford. A guest speaker is expected, providing transportation from Idaho is secured in time. Refreshments will be served by Group I.

Start now to get your papers ready to bundle. Remember the date - November 4th.

It is written like a novel and unfolds the incidents in John Adams' life, starting when he was ten years old, in an exceptionally interesting fashion.

Friday night under the lights Clarkston defeated Oxford 12-0. It was the first game of the season for both teams but they performed in mid-season style.

Oxford won the toss and elected to receive. The Clarkston defense held and Oxford punted. The kick was short. After a couple of tries Clarkston kicked. Lambertson punted the ball out of bounds near the Oxford goal line. Oxford was forced to kick which again was short. Lambertson picked up two first downs and then Sharrock, behind beautiful interference, went around the left end for 25 yards and a touchdown. A line smash for the extra point was short.

In the third quarter Clarkston took advantage of a good break. Lambertson punted near the Oxford goal line and the ball was fumbled between two of the Oxford backs. Hagyard, Clarkston center, dropped on the ball. On a reverse Bullen went around the left end for 10 yards and another touchdown. This time Clarkston tried a place kick for the extra point, but it was blocked.

The Clarkston team looked very strong on defense. The Oxford team was never within the Clarkston thirty yard line. Lambertson had the upper hand in the punting game. Sharrock, Bullen and Lambertson all made good gains with the ball and it goes without saying that the linemen up front helped make these gains possible. Clarkston plays Waterford on Waterford's new field this Friday at 3:30 P. M.

The turnout for the Clarkston side was excellent. They had a good crowd behind them throughout the whole game. So come on kids and townspeople see if you can't get down to Waterford and watch that game this Friday.

Thanks And Prayers

We sit tonight and reminisce about our years of married bliss. And as we think, our minds recall those vows we spoke that distant fall.

We think of plans we'd laid back then. To stake our lot with farming men. How we'd laid plans for better things. That thought and labor often brings. We hoped that God would find a way. To send some children out our way.

We prayed for peace within our door. For love and health and little more. Long years have passed and things have changed. Our plans by God were rearranged.

He was most kind, our children came. With peace and love and birth time pain. Through sickness and the shadowed years. He gave us friends to share our tears. He gave us gifts through life and then. Taught us to help our fellow men. Twenty and seven years went by. And children born to she and I. Now plan to wed and leave our home. We wish them all the joys we've known.

**PEARSON — LUMBY EXCHANGE VOWS**

The marriage of Helen Anne Lumby and Theodore (Ted) Pearson took place Saturday at 2 o'clock in the Waterford Community Church. The Rev. Wright Van Plew read the ceremony in the presence of 50 members of the immediate families and close friends.

The bride is the daughter of Mr. and Mrs. Loyal H. Lumby of Waterford Road and Mr. and Mrs. Ross Pearson of Drayton Plains are the parents of the groom.

The church was decorated with palms, white gladioli and chrysanthemums and Mrs. Helen Coventry played the wedding music.

The bride was attended by her sister Marjorie Jane Lumby. Allen Pearson served as best man for his brother.

A plum shade dressmaker suit with rhinestone buttons and winter pink accessories was the choice of the bride for her wedding. She carried a colonial bouquet of white rose buds and baby mums. Her honor attendant wore a gray suit with black accessories and carried a colonial bouquet of pink rose buds.

George and Allen Pearson, brothers of the groom, served as ushers.

Following the ceremony a reception was held in the church parlors. The bride's table was decorated with all white glads and mums, and in the center was a wedding cake.

The young couple left for a motor trip to Niagara Falls, New York City and other eastern points of interest.

They will return to the home of the bride's parents at 4545 Waterford Road, where the new Mrs. Pearson will reside while her husband is in service. He leaves for Ft. Lewis, Washington on October 6th.

Mrs. Ina Kent, principal of the village school, was the speaker for the Mothers' Club of the village school held at the Community Activities Building on Thursday. Some points of interest included the fact the 890 pupils are enrolled in the village school.

and sixty-two sixth graders from here are now attending school classes in the Sashabaw School until the second semester when the completion of the new high school will make more room for the lower grades. There are seven rooms of junior high students in the village school this year as compared to five rooms last year.

Mrs. Kent named some policies which are being carried out again this year. The school office is open from 8:30 a. m. until 4:30 p. m. with Mrs. Cora Grace Bartell as office secretary. She pointed out that it would be better if the children who do not ride busses would not arrive at the school before 8:30 when teachers are on the playground for supervision. Those who go home for lunches should return after 12:30.

Mrs. Kent stated that it is the desire of the teachers to make the children feel as though they are individuals and that they need the help and support of the home. The parents are to feel free to visit the school at any time and it would help a great deal if the parent would call and make an appointment to see a particular teacher in order to arrive at the school when the teacher would be free for a conference. The parents encouraged to confer with the teachers whenever a problem arises.

The parents are also asked to mark the children's clothing which might get lost (a great deal of that happens every year) and to inform the children that all lost articles will be taken to the office.

Mrs. Kent also emphasized that the parents should send notes to school with the children when the parents want the children to leave the school grounds during the day for errands. Notes to the teacher stating where mothers might be found in case of an emergency on days that the parent plans to be gone for the day would also be a great help.

They are also urged to report to the school when the children are ill and to especially report to the school whenever the child has a skin rash or eruption.

The parents are urged to attend the regular meeting of the P. T. A. on September 28th which will begin with a pot luck supper for the family at 6:30. The parents will have an opportunity to meet the teachers at this time.

There is one case of polio from

the school. The child is Connie Sabot from the junior high department and she is at St. Joseph's hospital in Pontiac.

Mrs. Harold Panker conducted the short business meeting at which time the group voted to turn the \$37.71 made by this group at the Community Fair in July over to the C. A. I. in appreciation for the use of the building once each month for its meeting. It was announced that all meetings will be the second Tuesday of each month.

A pot luck dinner preceded the meeting with several of the teachers from the village school as guests.

Last Sunday was Family Day at the Waterford Community Church with a combined church and Sunday School service beginning at 10:30. Two special numbers were given by the Junior Choir and one special number by the Senior Choir. Alton Goll gave the illustrated lesson. A large number of people attended the combined service.

This Saturday work will be done on the Community Church annex all day with a pot-luck dinner for the workers at noon. Help is needed and the services of anyone able to help will be appreciated.

Saturday night at 6:30 the Men's Beacon club monthly supper and meeting will be held at the church.

On Sunday, October 1st, a membership contest in the Community church and Sunday School will be started. Don Hetchler is chairman of the contest.

The Good News Club will begin October 2nd with Betty Jencks and Mrs. Stephen Phetteplace in charge.

 Children and oldsters alike look forward to apple time — the late summer and fall season when this favorite fruit is in bountiful supply and selling at the year's most attractive price.  
 Most of us eat apples for their satisfying flavor and texture. They also supply some of the food nutrients needed in our diets, according to Mary Bodwell, agricultural — economics, department food specialist at Michigan State College.

They contain minerals, pectin and fruit sugar, and some vitamins.  
 Apples are known as intestinal regulators, and apple sauce is one of the first fruits included in the baby's diet.  
 Although the crop for Michigan and other apple producing states is smaller than last year, there'll be no shortage, Miss Bodwell says. An above average crop is in store for us, and Michigan's orchards will yield nearly 7 million bushels.  
 The McIntosh, Michigan's leading variety in volume, is available now, along with the Wealthy, Gravenstein and Courtland. There will be plenty of McIntoshes and we'll be able to buy them from now until January as they are good keepers.  
 In a few weeks the Grimes Golden variety will appear. Then come the winter apples which are available until February or later — Jonathan, Delicious, Rhode Island Greenwing and Northern Spy. Staymans and Rome Beauties are usually available from late fall until March.

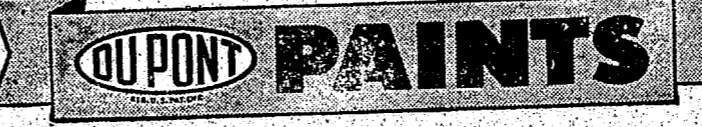

**IT'S GRAPE SEASON**  
 With a good supply of grapes on the market this year, Michigan families should have little trouble getting all they want from local markets.  
 Mary Bodwell, agricultural economics department food specialist at Michigan State College, reminds homemakers that now is the time to take advantage of the tart flavor of grapes for jam and jelly making, as well as to enjoy them fresh.  
 Grapes to be used for juice should be fully ripe. For jelly, buy them not quite ripe if possible. They'll be slightly more tart and jell well.  
 When buying grapes by the basket, look for the grade mark. Grapes like apples are required

by law to be graded. Michigan uses four grades: Fancy, No. 1, No. 2, and Frosted. Frosted grapes may be any of the three other grades, but must be used immediately.  
 The familiar Concord grape is one of the domestic type grapes, for which Michigan is famous. Another grape state, California, produces primarily the European types of grapes. Domestic grapes have been developed from native grapes found here by the early settlers.

**THE COST OF MEDICAL CARE**

★ That the cost of medical care has risen, no one can deny. But the rise has not been out of proportion to the general advance in the cost of living. At the same time the quality of medical service has been immeasurably improved.

Consider that today your physician has invested from eight to ten years and about ten thousand dollars in his education alone. He has no chance to earn until he is twenty-six or twenty-seven years old. He must have an office in a good neighborhood, good equipment, a car, good clothes.

Pharmacy, too, has stepped up its standards. Almost every state now requires four years of college and a year or two of practice before registration. All this adds up to better medical service for you.

**From where I sit... by Joe Marsh**

**New Use For Old Windmills**

I drove past Larson's farm last week and saw him perched on top of his 75-year-old windmill. "Still planning on tearing it down?" I shouted up to him.

"Not on your life," says Curly as he climbs down. "I'm getting myself a television set from Buzz Ellis' and he says this windmill is going to come in mighty handy."

"You see," Curly went on. "I'm going to put my TV antenna right on top of it. Since the windmill is higher than the house, I'll get the best reception around here—but if it wasn't for Buzz and his advice, I'd have scrapped it."

From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willingness to listen to people and their opinions. He'll listen to Buzz Ellis over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

**ONE UP ON NATURE**—During the war Bell Laboratories scientists found a way to grow synthetic crystals better in some ways than natural quartz. A "seed" crystal is produced by evaporating chemical salts, then rotated in a chemical solution which causes deposits to build it up to many times its original size. Crystals vibrate at exact frequencies, separate the many telephone messages traveling over a long distance line.

**BETTER AND BETTER**—In the 74 years since the telephone was invented, there have been more than 18,000 additional inventions—an average of more than 240 a year—that have contributed to its development. Many recent ones are playing a part in Michigan Bell's big service improvement program in rural areas.

**TIME DOES TELL**—Here's an easy way to figure what your telephone is worth to you. On a typical working day, count up the telephone calls you make . . . to the farm implement dealer, lumber mill, veterinary, feed store, repair shop, friends. Think of the hours it would take to visit all of these people—hours of lost work around the farm. And when you consider that one call may save a life, what you pay for telephone service is mighty small compared to the value you receive.

 Sunday School 10:30 A. M.  
 Wednesday Evening Service 8:00  
 Reading Room at rear of Church  
 open Wednesday from 2 to 4 and  
 7 to 8 P. M.  
 "Unreality" will be the subject  
 of the Lesson-Sermon in all

Christian Science churches  
 throughout the world on Sunday,  
 October 1st.  
 The Golden Text (Jeremiah  
 23:28) is: "What is the snuff to  
 the Wheat?" saith the Lord.  
 Among the Bible citations is  
 this passage, (Ps. 127:1): "Ex-  
 cept the Lord build the house,  
 they labour in vain that build it:  
 except the Lord keep the city,  
 the watchman waketh but in  
 vain."

Correlative passages to be read  
 from the Christian Science text-  
 book, "Science and Health with  
 Key to the Scriptures," by Mary  
 Baker Eddy, include the follow-  
 ing (p. 581): "The higher false  
 knowledge builds on the basis  
 of evidence obtained from five  
 corporeal senses, the more con-  
 fusion ensues, and the more  
 certain is the downfall of its  
 structure."

 Now — told for the first time

 himself. Read "Love, Laughter  
 and Tears," the real Hollywood  
 story, in The American Weekly

**Ever Try Tomato Aspic?**

Party-looking but one of the simplest of all main dishes to make  
 is **EASY TOMATO ASPIC**, a delicious result of gel-cooking. Two  
 major ingredients—unflavored gelatine and tomato juice—with spices  
 are all that's needed for these thrifty yet glamorous rings made and  
 varied with this master recipe:

**Easy Tomato Aspic**  
 1 envelope unflavored gelatine 1 1/2 spoon lemon juice  
 1/2 cup cold tomato juice 1 teaspoon grated onion  
 1 1/4 cups hot tomato juice 1/4 teaspoon salt

Soften gelatine in cold tomato juice. Add hot tomato juice and stir  
 until gelatine is dissolved. Stir in lemon juice, onion and salt. Pour  
 into 4 individual ring molds or in 1 pint mold. Chill until firm. Unmold  
 on salad greens and fill centers with any of the following fillings\*.  
**YIELD: 4 servings.**  
 To make 1 quart mold double recipe.

**Ring Fillings\*:**  
 Shrimp Salad Egg Salad Mixed Greens Salad  
 Cottage Cheese Tuna Fish Salad Cole Slaw  
 Chicken Salad

**TOWN AND COUNTRY WAGON**

 has a fold-down rear seat arrangement that  
 provides up to nearly ten feet of cargo space  
 behind the front seat. The interior is richly  
 trimmed in a fashionable but durable leather-  
 like plastic for upholstery, headlining, and side  
 panels. Extra-wide rear window can be rolled  
 down completely into tailgate.

**Clarkston Locals**

Mr. and Mrs. Charles S. Matthews returned to their home on E. Church St., on Thursday of last week after spending the summer at their summer cottage on Lake Superior. While in the north this year they went on a two weeks' tour along the northern shore of Lake Superior and enjoyed their experiences in some of Ontario's very rugged country.

On Wednesday the girls of the Clarkston State Bank had a farewell luncheon at Devon Gables for Mrs. James Cowen, who is leaving soon to live in Cleveland. Her husband is being transferred there. Mrs. Cowen was presented with a corsage and a farewell gift.

Leonard Walsh of Clarkston may see plenty of action on the Olivet Comet's team this year. While Comet Coach Ham has a 45 man squad, he has only 14 lettermen to work with against a tough schedule.

Last Sunday was Rally Day in the Methodist Church School. There were 116 present. Promotion exercises made up the program.

Mrs. Carl Hollander of Chicago arrived last Friday night to spend the next several weeks with her son-in-law and daughter, Mr. and Mrs. Leo Erickson, and family.

**County Red Cross Makes Plea**

The County Red Cross is making an effort to contact nurses' aids for emergencies. It seems that this has been done satisfactorily in most of the communities with the exception of Clarkston and vicinity. This help is not being sought for regular work but an emergency program is being set up in case help is needed. Some help will be needed for the blood bank work. If there are those in this community who could answer this call please con-

tact Mrs. Marie Gault, phone MY 2-2083, or phone the Red Cross office in Pontiac.

There will be an orientation meeting for all Red Cross workers, past, present and future at Christ Church, Cranbrook, on Thursday, October 5th, from 10:00 A. M. until 3:00 P. M. A luncheon, with a small charge, will be served at noon. Make your reservations for the luncheon as soon as possible. Call the Red Cross office in Pontiac. Mrs. Bradley Pruden will be the chairman of the meeting.

**Card of Thanks**

I wish to thank my friends of Clarkston and vicinity, also of Pontiac for the many beautiful flowers, cards and acts of kindness extended to me while in Pontiac General Hospital.

Mrs. Irene Warden
