ARTHRITIS Hundreds Claim It's Grip Broken

Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment?

I came upon a simple remedy, that ended my long search and battle to rid myself of Arthritis. I had teeth pulled, tonsils out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, and examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars.

This is all I did, and you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. If it helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity I rub some on for a night or two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet, The results obtained have been acclaimed by many as a Godsend. (signed) WALTER W. GRAMER

Sometimes the children's Christmas programs and parties that everyone enjoys so much can become tragedies because of deaths and injuries from accidental fires. Children's flimsy clothing or costumes burn with such speed after being ignited by party candles, natches or other sources.

Many of these accidental fires can be prevented, reports Josephine Lawyer, home demonstration agent. Keep matches and candles away from children is the first rule. Avoid the use of flimsy materials in children's clothing or else flameproof them. Cottons and rayons may be

Assistant County Agricultu al Agent Michigan strawberry raisers

have an opportunity to aid in a research project conducted by the Michigan Agricultural Experiment Station to find disease-free plants for research.

The botany and plant pathology department of wichigan State College, cooperating with the department of horticulture, has set up the project to study virus dieases or strawberries.

The first job is to find diseasefree plants. Robert H. Fulton, ardess, join government nursing assistant in small fruit research, says the scientists are seeking plants from strawberry patches maintained by growers for 20 or 30 years by using their own transplants. Such plants would have erect stems, large, flat leaves, and would produce excellent yields.

The investigators are interested mainly in the standard varieties such as Premier, Robinson, and Dunlap. They would need about a dozen plants of any given variety and could use them immediately as work will be conducted in greenhouses. A report of findings will be sent to growers who furnish plants.

Plants may be sent to the Botany and Plant Pathology De-partment, Michigan State College, East Lansing, Michigan, The We have two new girls, They grower's address and variety name are Ann McVittle and Darlene should be included.

ITS BUILT FOR KEEPS!

IN the difficult years ahead, that new truck of yours will have to put out more—and take it longer. So there are many reasons you'll be

wise to choose a GMC! You'll get the constant dividend of GMC's greater pulling power-truck-built horsepower

with greater sustained torque than other engines. And with that power goes the greater stamina of GMC's rugged truck-engineered frame. In practically all models, from 1/2 ton up, you get such ectra value features (at no extra cost!) as Synchro-Mesh transmission, Tocco-hardened

crankshaft, airplane-type bearings, and Life-time Weathersealed cabs. They all tell you that longer life and lower maintenance are standard equipment with a GMC.

As your GMC dealer we are transportation engineers, specializing in selecting the exact. combination of the right engine, axle, transmission and frame for your particular truck-

That's why there's a special GMC truck waiting for you. Come in, let us show you why GMC is your best buy for the years ahead!

TRIMMING RASPBERRIES

Some raspberry growers have already trimmed back their raspberry canes, however, if the job is done in late February or early March there is less danger of the canes drying out and dying back. When the canes are cut back early they dry out through the wound and die back several inches. These several inches may mean the difference in quite a number of berries next summer.

Eggs taken out of the refrigerator and warmed to room temperature will give better volume when beaten. If whites and yolks are to be separated, do that when the eggs are still chilled because they will separate more easily. Do not beat until you are ready to add the eggs to the recipe.

The new order of the day is to go places" with Television. There are a lot of fine exploratory programs that take us into the trange and wonderful world of Power lawn mowers; Roto hoes cience. The latest wrinkle is the nechanical world. And since it's mechanical age we're living in.

. we're glad to be getting ntimate glimpses into the realm of machinery, motors and such. n this case it's right to say, "One picture is worth a thousand words". Television affords folks the opportunity to look right into the machines to see and understand what makes 'em tick. It's case of getting information and peing entertained at the same ime. You can't beat TV for that.

They're talking a lot about Civilian defense in case of Atomic to church size, \$1 to \$3.50. Kenneth attack these days. And TV top Hogg, Jr., 7600 Allen Road, phone men are sure that Television will contribute widely to instruction along these lines.

There's no shortcut to good Television reception. It takes a good set. And there's none finer than the new Admiral. It takes good service too. And we have the largest and best equipped service department in this area. You can depend on our trained technicians to give you the best guaranteed installation and service job at SAMUEL'S, in Davisburg. Phone: Holly 2530.

Dear Santa Claus:

This is a reminder, Santa, that your little Clarkston friends will be awaiting you on Christmas Eve.

The Rotarians are going to have a candy surprise for each child; a rose for the invalid; and baskets for the unfortunate.

We will have our party around the Christmas Tree by the Township Hall - 7:00 sharp. See you then!

Joy to the world! The Lord is come;

Let earth receive her King; Let every heart prepare Him room, And heaven and nature sing.

Had the Heavenly Father searched the shores of the Mediterranean, He could not have found a humbler place for the birth of His Son, than the manger in the stable at Bethlehem.

In the twentieth century following Jesus' birth, the world turns toward the Son of Man, the Son of God as the only hope for its redemption. Disillusioned humanity now knows that there is no security, no peace on earth in the arbitrament of war, Mankind is convinced of the suicidalness of militarism. The human race knows that the savior with the sword fails to save. The bewildered sons of men are now turning to Him who is the Hope of the Ages.

The voices of all the Heavenly Host, the choirs of the churches of the world, the lisping praises of little children, the prayers of mothers and fathers and peace-loving youth on fields of battle are all united in the immortal words "Glory to God in the highest and on earth peace, good will toward

A GIFT FOR ALL

There's a gift for us all on this day of all days If we'll help Santa Claus in the role that he plays. There's a t.y for the children to run on the floor, And wreaths of bright holly to hang on the door. There are miltens for grandpa and warm slippers too To slip on his feet when day's work is through. There's a shawl for o r grandma, that warms her just right, As she locks in her chair on a cold winter's night; Some shirts for the daddy, and assorted neckties, That he opens with caution and looks of surprise. Then mother, perhaps, gets a dress or a hat, But too busy cooking to know where she's at. It is nice to receive, on this day of the year, A present or two and a word of good cheer, But it's nicer to give in the Rotary style, Unselfish in service and wrapped in a smile. The pleasure is great to just be an elf And help Santa out by giving - yourself; By bringing good cheer to the town where you live You receive a great blessing with each gift that you give. That satisfied feeling within is reward For acting this day in serving the Lord.

Don't Take Your Greatest Asset for Granted

★ Most of u. throw every safeguard possible around our property. Homes, automobiles, and valuable personal property are carefully insured against losses by fire, theft, and storm. We insure our lives to protect the economic well-being of our dependents.

Yet health, on which depends our ability to earn these material comforts, is often completely neglected. Good health is too frequently taken for granted until it is lost. It is wise to protect this priceless asset. Include a health examination for every member of the family in your yearly budget. ARTHRITIS

Hundreds Claim It's Grip Broken

Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment?

I came upon a simple remedy, that ended my long search and battle to rid myself of Arthritis. I had teeth pulled, tonsils out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, and examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and sor ness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars.

This is all I did, and you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. If it helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity I rub some on for a night for two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend. (signed) WALTER W. GRAMER

CANDLEWICK is an American made, hand-crafted crystal table-ware, designed to add beauty and gracious charm to your dining-table. It is clear, brilliant, light in weight, almost delicate in appearance, yet amazingly sturdy and durable for day-in, day-out dining. Candlewick's 'round the edge, always visible design was inspired by the hand-tufting needlework so greatly loved by our pioneer women. The idea of applied design in needlework, combined with skill in handcrafting glass produced a pattern of inimitable simplicity. A pattern so versatile it is compatible with any period of decoration . . . Provincial, Regency, Victorian, Modern. We are proud to offer this complete, open-stock line of Candlewick . . . America's most wanted table-crystal, hand-crafted at the Imperial Glass Corporation, Bellaire, Ohio, U. S. A. This beautiful \$9.95 crystal available at new low prices.

Mrs. Stanley Furman Correspondent

Mr. and Mrs. G. Robinson and Mrs. L. Koop took Lynwood Koop's steer to the 4-H Stock Show at the Detroit Fair grounds last Tuesday.

Mrs. John Snyder of Clarridge Road entertained the 50-50 Club last Wednesday evening. The first prize, a Santa Claus lamp, went to Mrs. Art Wallace; the second prize, a Christmas wreath was won by Mrs. Johnny Helzer and the booby prize, a Santa with his sleigh and reindeer, went to Mrs. Andy Hinson. An angel for the top of a Christmas tree was the door prize and was won by Mrs. Dick Jewell. The next party will be the Christmas party at the Furman home. There has been a limit of \$1.50 set for the Christmas gift for the name that was drawn.

The Andy Hinson family of Clarridge Road have had a new I'V set installed.

Warren Gritzinger of Bridge Lake Road is confined to his home with the measles. Dale Tutt of Clarridge Road is

back at his home after visiting in Kentucky for a few weeks. Mrs. Ruth Beckman of Oregon nas been visiting her son, Warner,

for a few days. Howie Beckman is up and around after his bout with the measles.

Mrs. Charles Carte and Mrs. W Beckman spent Wednesday visiting Mrs. Hubble in Ortonville. We understand that Mrs. Carte has taken a fancy to Mrs. Hubble's pet coon.

Mr. and Mrs. Frank Huff of Clarridge Road spent last weekend in Detroit visiting Mr. and Mrs. Alex Pierce.

Mary Lou Steele of Clarridge Road celebrated her 8th birthday last Monday. Ice cream and cake were served at her Brownie meeting in Clarkston. The table was graced with a large figure 8.

Make Your Own Christmas Gifts!

The real spirit of Christmas isn't spending money for elaborate gifts, but rather giving something of one's self. And no present means more to the recipient than that which reflects a good cook's handiwork.

Here are two thoughtful ideas from Florida that illustrate homemade Christmas gifts right down to the tinsel and the wrappings.

- Florida Marmalade

1 large Florida grapefruit Water
2 large Florida oranges Sugar (about 6 cups) 2 large Florida oranges Sugar (about 6 cups)
Cut Florida grapefruit and orange peel in eight lengthwise sections.
Remove peel; cut into thin strips. Cover peel with water; boil 5 minutes. Drain; repeat process twice. Dice pulp, discarding core and seeds. Combine diced pulp with drained peel; measure. Add twice that amount of water; bring to a boil and cook rapidly 30 minutes. Measure; add an equal amount of sugar for each cup of pulp. Bring to boiling point, stirring constantly, until sugar is dissolved. Cook mixture rapidly, stirring frequently to prevent scorching, until thick and clear, about 25 minutes; pour into hot sterilized glasses. Seal with hot paraffin immedately. YIELD: 10 6-ounce glasses.

Florida Orange Bread 1/2 cup Florida orange rind 1 cup Florida orange juice

1 egg, well beaten
2 cups sifted all-purpose flour (3 Florida oranges) % cup sugar % cup water 2 teaspoons baking powder

1 tablespoon butter or margarine

14 teaspoon soda 1/2 teaspoon salt * 1/2 cup chopped pecans

Wash oranges; dry, Remove the thin orange rind with a sharp knife, cutting around the orange; cut rind into very thin slivers with scissors. Combine sugar and water, add the rind; stir constantly over heat until the sugar is dissolved; cook slowly about 5 minutes. (The peel and syrup should measure 2/3 cup.) Add butter; stir until melted; add orange juice and beaten egg. Sift together into mixing bowl, flour, baking powder, soda and salt. Mix in pecans. Add orange mixture and mix just enough to moisten ingredients. (Batter should be lumpy.) Turn into greased loaf pan 9½ x 4½ x 3 inches. Bake in slow oven (325°F.) for 1 hour and 15 minutes, or until done. Turn out on rack to cool. VIELD: 1 loaf. rack to cool. YIELD: 1 loaf.

FRANK LEWIS MILLER

Frank Lewis Miller, 68, of 8715 Bridge Lake Road, passed away last Saturday morning in Pontiac General Hospital. He was born November 11, 1882, in Bay City, the son of Mr. and Mrs. Joseph Miller. He was married to Gladys Kenyon of Mt. Rose. He is survived by 5 daughters, Mrs. Fred Gritzinger of Clarkston; Mrs. Esther Cimmer and Mrs. Monroe Crum of Flint; Mrs. Phillip Jablonski of San Bernardino, Calif., and Mrs. Earbon Harris of Fenton; 4 sons, Lewis, Gerald and Duane of Flint and Thurlow of Dearborn; 32 grandchildren and 2 great grandchildren. Services were held at three o'clock on Tuesday afternoon with burial in Flint Memorial cemetery at Mt. Morris.

TRIMMING RASPBERRIES

Some raspberry growers have already trimmed back their raspberry canes, however, if the job is done in late February or early March there is less danger of the canes drying out and dying back. When the canes are cut back early they dry out through the wound and die back several inches. These several inches may mean the difference in quite a number of berries next summer.

The new order of the day is to 'go places" with Television. There ire a lot of fine exploratory programs that take us into the strange and wonderful world of cience. The latest wrinkle is the nechanical world. And since it's mechanical age we're living in

. . we're glad to be getting ntimate glimpses into the realm of machinery, motors and such n this case it's right to say, "One picture is worth a thousand words". Television affords folks he opportunity to look right into the machines to see and undertand what makes 'em tick. It's case of getting information and eing entertained at the same ime. You can't beat TV for that.

They're talking a lot about Civilian defense in case of Atomic attack these days. And TV top Hogg, Jr., 7600 Allen Road, phone men are sure that Television will AA 5-7711, contribute widely to instruction along these lines.
