AMERICAN LEGION TO AWARD SCHOLARSHIPS
 Twenty Guy M. Wilson Memorial scholarships will be awarded in 1951, the 15th year of the award, and we want an application from every high school in Michigan.

George Lang of Clarkston is spending the holidays with his parents in Florida. George enjoys his daily swim, but can't be reconciled to cactus Christmas trees.

The program, since its inception in 1936, has resulted in the awarding of over 225 scholarships. Bears has asked Legionnaires on the local post level to visit service organizations, schools and other interested groups to tell them of the program.

"We want, not only the American Legion members, but school officials, the student body and their parents to know and understand this program, for it's only with good understanding that the objectives can be achieved," Bears stated.

Seven American Legion Auxiliary scholarships are also available to Michigan high school girls. One, the National President's scholarship, is for \$600, and is awarded through the national headquarters to the orphaned daughter of a veteran who has the highest academic standing in Michigan. The last such award to be made in Michigan was in 1947. Since that time, there have been no applicants.

Six other scholarships for \$250 each are made in memory of deceased department auxiliary presidents on the basis of competitive scholarship and need. Applications are available from department headquarters, Veterans' Memorial Building, Detroit, or from Legion Post officers. Deadline for all applications except the president's scholarship is May 1. The president's scholarship closing date is June 1.

Helping Michigan GO FORWARD!

Dynamic Detroit has MIGHTY GOOD NEIGHBOR-TOWNS

All around Detroit are the cities and villages of Oakland, Macomb and Wayne counties—closest-in communities of *Outstate Michigan*. Among these towns you may find just the right place for your new factory or distributing headquarters... just the right sub-contractor to help meet your schedules... just the right place to work and live. In this three-county area are towns of all sizes. Populations range from a few hundred to metropolitan Pontiac's 100,000. All are within an hour's drive of downtown Detroit, many of them much closer. What an ideal location for a manufacturer or processor whose market lies with the great industries of Detroit or the Midwest! But the area has great industries of its own. Pontiac is the home of the Pontiac automobile and of the GMC Truck and Coach Division. It manufactures auto-

mobile parts and accessories, rubber moulded products, paints and varnishes, iron and steel products, motor bicycles. Elsewhere in the area are great industrial plants producing chemical products, tractors, pottery, electric irons, air rifles and a wide variety of other articles. Mt. Clemens is a famous health resort but it is a busy manufacturing center also, and a world leader in the production of roses. Royal Oak, Ferndale, Hazel Park—each has outstanding advantages for industry, and so have Plymouth, Farmington, Northville, Wayne, Clawson and most of the other communities indicated in the illustration. These are fine towns for living, too. The country around Detroit includes some of the loveliest in Michigan. Amid the rolling hills lie hundreds of beautiful lakes. Hardwood trees grow in profusion, and

in autumn the countryside is ablaze with color. Scattered among the lakes and groves and fertile farms are dozens of golf courses, including some of America's best. Hunting, fishing, sailing, horse racing, tennis, polo—whatever your sport, you'll find exceptional opportunities to enjoy it here. Public and private schools rank high, and within an hour or two are outstanding colleges and universities including Wayne, University of Detroit, Lawrence Institute of Technology, Marygrove, Michigan State and the University of Michigan. Bloomfield Hills has the Cranbrook Foundation with its celebrated educational and cultural institutions. The magnificent General Motors Technical Center is developing in Macomb County. Small wonder that thousands of Detroit's wealthier citizens live in such residential suburbs as Birmingham and Bloom-

field Hills. And small wonder that several thousand people representing all income brackets and every industrial skill have chosen to live in Oakland or Macomb or western Wayne County. Dependable natural gas service is offered at attractive rates by Consumers Power Company, whose subsidiary, Michigan Gas Storage Company, helps make this possible by storing natural gas from the Southwest in one of America's greatest underground storage areas. A continuing construction program is making this service an even greater factor for good business and good living. In Pontiac, Consumers supplies electric service also. Elsewhere in the three-county area, electric service is by The Detroit Edison Company, a leader in its field. May we tell you more about the towns of these three counties?

Shading shows Consumers Power Company's entire service area. Communities indicated above are in the fast-growing Southeast Division

Among the Bible citations in this passage, (Matt. 6:6): "When thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 15): "The Master's injunction is, that we pray in secret and let our lives attest our sincerity. Trustworthiness is the foundation of enlightened faith."

Molasses Orange Bars

An unusual flavor combination—molasses tang with sparkling orange—makes these bar cookies a delight to eat. They're quick to make, too.

If you like to serve snacks and desserts that are nutritious as well as taste-pleasing, plan to make the molasses orange bars pictured today. Both enriched flour and molasses are excellent sources of food iron, and in addition enriched flour contributes essential B-vitamins, protein and food energy.

A new quick-mix method for making these bar cookies enables the home baker to turn them out with a minimum of time and effort. Sift dry ingredients into a bowl, sprinkle with orange sugar, and then add remaining ingredients. Stir to blend, then beat two minutes. It's as easy as that—your cookies are ready for the pan. These "in-a-bowl" cookies make a saving on dishes, too.

A simple topping of sugar mixed with grated orange rind is spread over the cookies before baking. They may be frosted later, if desired.

Molasses orange bars are perfect dessert companions with apricots, apple sauce or other fruits. Or have them with milk, hot chocolate, or coffee.

MOLASSES ORANGE BARS (Quick-Mix Method)

1 3/4 cups sifted enriched flour	1/4 cup new-type shortening
1 teaspoon baking powder	1/2 cup molasses
1/2 teaspoon soda	2 eggs
1/2 teaspoon salt	1/2 cup milk
1/2 cup sugar	1 teaspoon vanilla extract
1 tablespoon grated orange rind	1/2 cup Orange Sugar

Sift together flour, baking powder, soda, salt, and sugar. Sprinkle orange rind over flour mixture. Add shortening, molasses, eggs, milk and vanilla extract. Stir to combine ingredients.

then beat 2 minutes. Pour into greased pan 9x14 inches. Sprinkle with Orange Sugar. Bake in moderate oven (350°F.) 30 minutes. Cut in bars or squares.

Orange Sugar 1/2 cup sugar

Mix together 2 teaspoons shredded orange rind
Makes 32 bars, 1x3 1/4 inches.

From where I sit ... by Joe Marsh

Friendship—Four Thousand Miles Apart

Never quite got the hang of how to play chess myself, but I'll say this for the game—it started one of the strongest friendships I know of; between Dad Wilson in our town and a fellow in Sudbury, England.

The two of them have never met or seen each other—but for eight or nine years they've been playing chess by mail together. Dad puzzles over the Englishman's latest letter, takes a couple of days to think it over, and then airmails a chart of his next move.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the fellow in England writes that he does the same. "Almost as if we were in the same room," says Dad, contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often little friendly things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of different nations, between folks here at home!

TV NEWSREEL
 by Walt Samuel
 We heard recently that the people in East Germany soon will be able to buy a \$28 television set (about 600 East Marks). This "Mark" down is the result of heavy TV subsidies by the Soviets. The government gets a return on its investment in terms of Communist converts. All of us may sigh with wishful thoughts about a \$28 American TV set. But how many of us would want such a set if every channel bristled with a picture of Comrade Stalin and the ear-splitting cry of the Thought-Control Announcer. Gosh, it's worth any price to be able to criticize our TV programs... to write letters to the stations demanding a change... to hear a good political argument between candidates for office... to know the men and women who build our TV sets are making enough to live on.

Telephone Almanac Ready For Public
 The Michigan Bell Telephone Company today announced the names of winners of cash prizes under the company's employee suggestion award plan.
 Winner of the highest award, \$500, was Richard G. Fisher, Michigan Bell traffic engineer at Grand Rapids. Fisher offered an idea which would expedite the gathering of engineering data on telephone trunk lines.
 The company also gave three next highest prizes of \$250 each along with 15 other cash awards for the best ideas on the improvement of telephone service and working conditions.

Remember YOUR HOME NEWSPAPER
 All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.
 Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.
 We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.
