Mrs. Jack Hall, Correspondent
Mrs. Percy King entertained the Good Will Club at her home

Last Thursday, six members and two guests enjoyed the co-operative luncheon at noon. The guests were Mrs. May Hall of Pontiac and Mrs. Willard Stephens of Lake Orion. There will be no February meeting of the club and election of officers will take place at the March meeting. Mrs. William King and Mrs. Victor Lindquist assisted the hostess.

Members of the Waterford MOMS are asked to have their cookies and cup cakes at Mrs. Robert Van Marter's by noon on Tuesday, February 6th. These will be taken to the Dearborn Hospital for distribution on Wednesday.

The time change for services at the Waterford Community Church will be in effect this Sunday, February 4th. The new time for Sunday School is 9:45 and church 11:00 A. M.

Next Thursday, February 8th, church workers night at 7:30.

Clarkston News

Subscription price \$1.50 per year, in advance.

Entered as second-class in a letter September 4, 1931, at the Post Office at Clarkston, Michigan, under the Act of March 3, 1879. Phone MA 5-4321.

Mr. and Mrs. Roy Pammenter will entertain the Adult Bible Class next Tuesday night, February 6th, at 7:30. Mrs. John Miller and Mrs. Henry Mehberg are on the committee for the evening.

Mrs. Ina Kent entertained the teachers and personnel of the Village School last Thursday. A chicken dinner was served by members of the Ladies Guild of Christ Lutheran Church to 38 guests.

Mrs. Joseph Helman will entertain the Waterford 500 Club at her home next Tuesday evening.

The O. D. O. Club is planning a Valentine Tea to be held at the Community House on Wednesday, February 14th, beginning at 1:30. Proceeds from the affair will be used to help furnish the future club room of the Waterford Women's Club. The public is invited.

Mrs. Mary Sox, speech correctionist in the Waterford Township Schools will be the guest speaker at the meeting of the Mother's Club, February 8th, 1951, at the C. A. I. building.

Miss Mary Van Zandt of Williams Lake Road has returned home after a stay in Goodrich Hospital.

Mr. and Mrs. Louis Dorman Sr. are vacationing in Hollywood, Florida.

Adrian Hornell, a patient at the TB San., spent the week-end at his home.

Mr. and Mrs. Donald White and daughter left last week for a Florida vacation.

Ellsworth Spooner has been confined to his bed for several days following a fall in his home last Wednesday.

Mr. and Mrs. Lyman Girst and Mrs. Alton Goll attended a drain convention in Grand Rapids the first of the week.

Mr. and Mrs. James Simmons of Van Syckle Avenue are the parents of a baby boy born Sunday night, January 28th.

Mrs. Arthur Davis has been confined to her home with illness.

Mrs. Will King left Friday to be with Mrs. Henry Birge, near Ortonville, whose husband is in the hospital.

Mrs. Richard Burch of Detroit visited her parents Mr. and Mrs. Roy Pammenter last week.

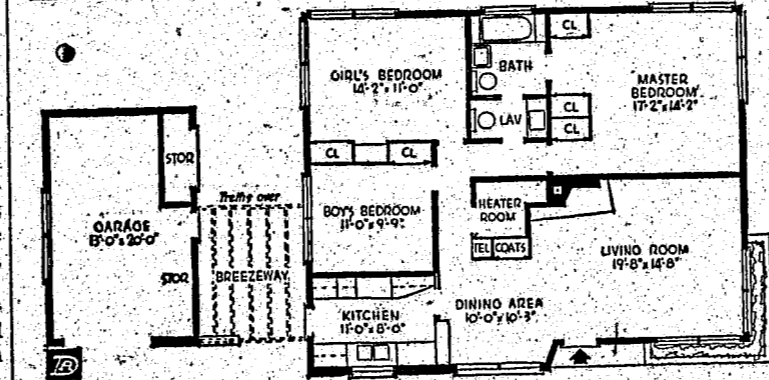

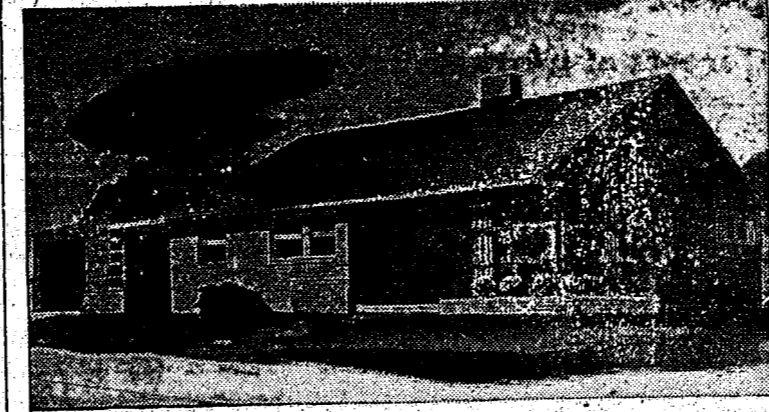

Mr. and Mrs. Henry Mehberg had Sunday dinner with their daughter and family, the Fred Tuoks, near Rochester.

Vance Jacober, young son of Mr. and Mrs. August Jacober, had his tonsils out Monday at Pontiac General Hospital.

Mrs. Percy Hunt of Pontiac visited her parents Mr. and Mrs. L. V. VanSyckle on Monday.

Mr. and Mrs. Robert Mehberg and son Tommy moved last week to their new home on Dover Road in Washington Park.

A Sunny Home for Sunny Living

Photos—American Home Magazine

Building a home around the sun isn't hard with this plan from American Home Magazine. It's a south-facing ranch house with an overhanging roof which permits the short winter sun to penetrate the deep living room. In summer, the same angled roof keeps out the almost perpendicular rays. Three spacious, easily accessible bedrooms; closet space to hold everything without crowding; and a more than 29-foot living-dining room area that has window-walls, a fireplace and decorator-perfect wall space, make it a prize-winning domicile at a moderate price.

S. O. S. club met at the Waterford Community Church Friday for a pot-luck dinner. Reverend Van Plew showed slides of pictures he has taken of the clubs and of his trip up north. After the showing of the slides the S. the sanctuary for an S. O. S. — the sanctuary for a S. O. S. — Goodnews club rally. Reverend and Mrs. P. L. Clifford and children of Plymouth presented stories of the Gospel, music and magic. Mrs. Clifford played the cowbells.

Haskins, Howard City Record, 1916; and Schuyler L. Marshall, St. Johns, Clinton County Republican News, 1926. McKinnon, Haskins and Marshall have retired from newspaper work.

HOW TO SAVE YOUR CHILDREN'S TEETH

To center community attention on the need for better dental health education and care for Michigan children, National Children's Dental Health Day is being observed in the state, February 5, 1951.

Four out of five Michigan children need dental care, according to the Michigan Department of Health. The average Michigan child has five teeth which require filling. One of every two children has a tooth which should be extracted.

Parents can help their children keep their teeth healthy, the State Health Department said.

When your child asks for sweets, give him instead some fresh fruit, nuts, popcorn, milk or cheese. Acids produced by the fermentation of sugar are the main cause of tooth decay.

Teach your child to use his tooth brush after each meal, beginning when he is between two and three years of age.

Take your child to the dentist by age three, and regularly thereafter. Many three-year-olds have cavities, but with adequate care, first teeth can be retained until replaced by permanent teeth. All cavities should be filled when small, and all infected teeth which cannot be successfully treated or filled should be removed.

Promote the fluoridation of

your public water supply. Experiments conducted in Grand Rapids and elsewhere are proving that addition of fluorides to drinking water does help prevent dental decay. It is known that where children drink water containing sufficient natural fluorides during the first eight years of their life, dental decay is reduced as much as 60 per cent.

Another phase of fluoride treatment to prevent dental decay is the topical application or painting of teeth with sodium fluoride solution by the dentist or dental hygienist. Many schools and communities have topical application programs. Be sure your child receives this treatment through one of these programs or by his own dentist. This alone reduces dental decay in groups of children by as much as 40 per cent.

While the fluoridation of water supplies and the topical application of fluorides are major contributions to the dental health of children, alone they do not constitute a complete dental health protection program. A low sugar diet, good home care of teeth and good dental care are also needed, the Department of Health said.

ANALYZE EFFECTS OF INFLATION FOR MICHIGAN FARMER

Does the farmer really want inflation?

L. L. Boger, agricultural economist at Michigan State College analyzes some of the effects of inflation for farmers in the January issue of Michigan Farm Economics, monthly Extension Service bulletin.

It's generally agreed, he says, that a little inflation is good for the farmer. Prices of the things he sells go up faster than prices of things he buys.

But some farmers gain a lot, others much less. It all depends on what the farmer has to sell and what he must buy. Cotton prices, for example, are now four times as high as they were in the pre-war years 1935-1939, while truck and vegetable crops prices haven't even doubled. During the same period wool prices tripled, feed

prices doubled.

On the outgo side, motor supplies, machinery, seed, fertilizer and home furnishings prices have gone up much less than farm wage rates, livestock, and building supplies prices.

Everybody loses, Boger warns, if inflation goes too far. Runaway inflation would destroy our whole monetary structure — the dollar would become worthless.

Some specific examples of how inflation works for and against the farmer as listed by Boger:

DEBTS — It's always easier to pay debts with "cheap" dollars — so being in debt during a period of inflation is sound business. It now takes far less farm products to make payments on investments such as land bought in pre-war years.

Here, however, is another good illustration of the unfairness of inflation. The debt-paying ability has not increased equally for all commodities because prices have not changed in the same proportion. For example, one beef cow in December 1950 would pay off three times as much debt as it would in 1935-39 — a can of milk twice as much — a dozen eggs only 1 1/2 times as much.

INVESTMENTS — Inflation decreases real income from investments with fixed dollar values such as life insurance, bonds and outstanding loans. For example, a defense bond bought for \$18.75 in 1940 returned \$25 when redeemed in 1950. But that \$25 would only buy as much in December 1950 as \$11.50 would buy in 1940.

Saving in the form of fixed investments like interest yielding bonds is still better, however, than hoarding or keeping the money in a low interest savings account. It that \$18.75 had been buried in a tin can in 1940 and dug up today its real value would be only \$8.60 instead of \$11.50.

LEASES — Inflation affects landlords and tenants differently. In general, during periods of inflation a cash rent basis is best for a tenant, while a crop share arrangement favors the landlord. In any case the landlord stands to gain from increasing land prices.

one wrong...

but 76 right!

Michigan State Highway Department officials weigh every large truck entering Michigan at key points carefully selected for high percent of traffic control. Only one truck in 77 weighed is a violator of weight laws.

Although the proportion of violators is not overwhelming, Michigan's recognized motor carriers are even more anxious than you to have that one weight pirate in 77 stopped. In fact, we wrote and sponsored legislation designed to stop him.

We're anxious to stop him because we pay his bills: Gasoline, weight, and other special taxes paid by Michigan commercial vehicles last year totaled nearly \$30,000,000 — 2 1/2 times the total cost of maintaining all the state's trunk highways last year. Reducing highway costs will reduce our taxes — and yours.

Fresh Cranberries Make A Gay Valentine Dessert

Gay red and white hearts, made with budget-buy fresh cranberries and cottage cheese, are a pretty Valentine dessert. You'll be pleased with the new flavor combination, enjoy the color contrast, and appreciate a party dessert that goes easy on the budget. After molding dessert, edge heart shaped baskets or forms with doily frill and fill with flowers for centerpiece.

CRANBERRY DESSERT HEARTS

Juice 1 large orange.
2 8-oz. containers cottage cheese
3-4 tablespoons superfine sugar
1/2 cup heavy sour cream
1 tablespoon grated orange rind

Have heart baskets, or molds, ready for mixture. If baskets are used, line with kitchen foil. Spread small amount cooled cranberry mixture in bottom of form. Lightly spoon cheese mixture over cranberry layer to fill basket, or mold, to desired depth. Chill until firm, or over night. Turn out on platter and serve with additional sauce. Makes 4-5 servings depending on size basket, or mold, used.

A meeting of the Elementary Library Board was held last Wednesday in the Elementary Library.

HOME ECONOMICS

The home economics room has undergone rearrangement. Several girls are entering the local Cherry pie contest. Two representatives will be chosen from the local school for the district contest at the Consumer's Building in Pontiac on February 3rd.

MSC ISSUES FARM INVENTORY RECORD

A much needed "tool" for keeping an eye on the farm business is now available without cost to Michigan farmers. It's the practical new folder "Farm Business Inventory and Net Worth Statement" just issued by the Michigan State College Cooperative Extension Service.

Copies will also be available at slight cost to loan, insurance, banking and other organizations serving or working with farmers.

The pamphlet was prepared by J. C. Doneth and B. R. Bookhout of the MSC agricultural economics department.

Doneth and Bookhout feel that every farmer should have an accurate check on his inventory values and financial condition. The new folder will make it easy for farmers to take annual inventories and prepare their own net worth statements. This information is especially useful in studying the farm business, setting up depreciation schedules for income tax, and as a basis for credit arrangements. It's worth a lot, for example, for a farmer to be able to show what he owns and owes when negotiating a loan.

Although intended primarily for those who are not already keeping farm accounts, the inventory and net worth folder can be used as a handy worksheet along with the account book, according to the economists.

Doneth and Bookhout say the start of a new year is a good time for the annual inventory and net worth check-up, but that any time is satisfactory.

A copy of extension folder F154, "Farm Business Inventory and Net Worth Statement," can be obtained from county extension offices or by writing to the Bulletin Office, Michigan State College, E. Lansing.

THREE COUNTIES FILE ENTRIES IN MICHIGAN JUNIOR C-OF-T TEST

Michigan farm youth already are checking broiler houses and brooders in preparation for competition in the 1951 State Junior Chicken-of-Tomorrow contest.

William A. Aho, state contest chairman, said the first three counties to start arranging district programs leading to the state final were Oakland, Berrien and Tuscola. Aho, Michigan State College Extension Poultryman, added that a number of other counties are expected to enter before the April 1 deadline.

All youth in the state up to age 20 are eligible to compete for the

top awards offered by A & P Food Stores, which also sponsors national and state C-of-T contests for commercial poultryman, and the Michigan Allied Poultry Industries, Inc.

Competition on the county level is conducted by 4-H Club Agents and final judging will be performed at the State 4-H Show.

Purpose of the contest is to produce better meat-type chickens in this poultry-deficient state and to give Michigan youth first-hand experience in meeting and solving the problems of poultry management.

The contest growing period for chickens will be 12 weeks, with all entries in a particular county starting their flocks the same week. Each contestant will select the 15 best cockerels from his or her flock for dressing and judging in the county contests. Best entries will be forwarded to the state final. Judging is based on finish, conformation, amount of breast fleshing and absence of pin feathers.

Top three winners in last year's competition involving some 10,000 birds were the chickens of Bruce Berg of Alto, Jerry Sietsema Jr. of Grand Rapids and Dolly Mae Sebasty of Buchanan. Birds in the finals ranged from 3.3 to 5.3 pounds.

POSSIBLE SHORTAGE OF MILK SEEN IN NEAR FUTURE

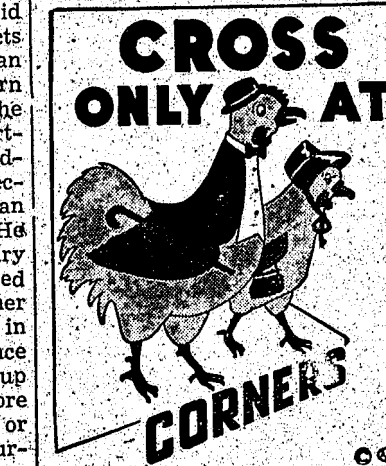

With milk production in Michigan lagging behind last year's figures and consumption of fluid milk and all other dairy products running considerably higher than a year ago, there is real concern on the part of some leaders in the dairy industry over possible shortages in the months ahead, according to Howard F. Simmons, Secretary-Manager of the Michigan Milk Producers Association. He points out that milk and dairy products prices have not advanced in comparison with prices of other foods and most commodities in general use and as a consequence many farmers already given up dairying and probably many more will turn to other cash crops or seek other more profitable pursuits if the present trend continues.

"During the past year a net decrease of 334 producers of milk

occurred on the Detroit for one reason or another," stated Mr. Simmons. While there has not been an actual shortage of milk for fluid purposes this winter, government held and storage stocks of most dairy products have been greatly depleted to meet increased demands. Just what the government will need to keep the armed forces supplied, is an unknown factor which makes the situation very unpredictable and uncertain, but it surely will increase the demand for milk in a greater or less degree.

Dairy farming is a long-range proposition and it is difficult to reverse the trend of production from a downward to an upward course. Faced with a shortage of manpower due both to young men being called into the armed services and others leaving the farms for higher pay in the cities, many dairy farmers feel it is better business for them to dispose of their herds and sell their animals at prevailing high meat prices than to continue producing milk, which has been about the least profitable of farm operations.

Just what effect government regulation of prices and wages will have on the milk producers is as yet unknown, but unless conditions are more favorable for the dairy farmer than they have been during the past year, it is certain that production will decline and supplies of milk may prove inadequate to meet all of our needs.

New vaccine cuts spread of Bang's disease 50%

A new Bang's vaccine called Brucella M. is showing outstanding results in tests made by Michigan State College research and extension veterinarians in co-operation with the State Veterinarian. Some 400 herds with more than 5,000 cattle were checked. In herds not vaccinated, indications of the disease accounted for more than 7 per cent. In herds vaccinated with Brucella M., only 3.6 per cent showed indications. Abortion in cattle practically ceased after Brucella M. was used. The vaccine developed at the Michigan Agricultural Experiment Station is available through veterinarians specially licensed by the State Department of Agriculture. For more information, call, write or visit your County Agricultural Agent.

New telephone wire means fewer poles

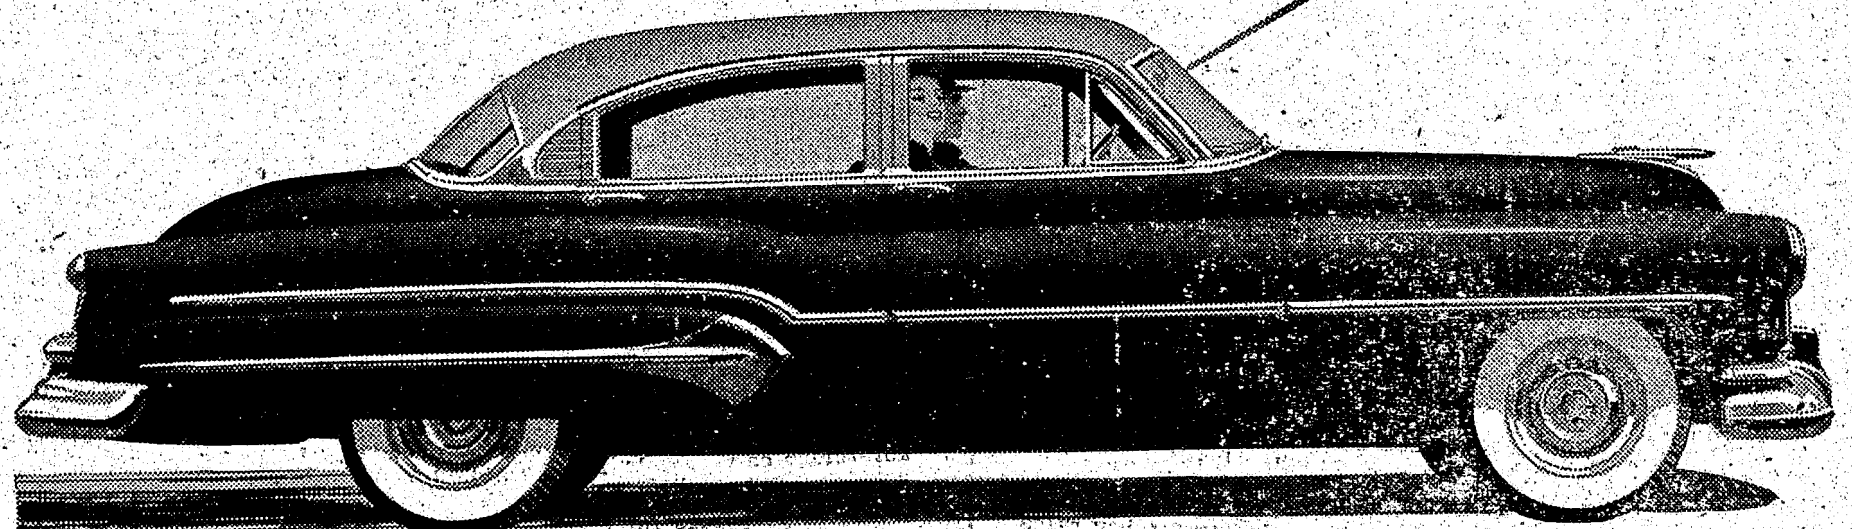

The stronger the telephone wire, the farther apart poles can be set. Michigan Bell is now using a new high-tensile steel telephone wire so strong it can span as much as 600 feet between poles. That means fewer holes to dig, fewer poles to set, fewer crossarms to put up, greater efficiency in rural telephone construction. It is another thing we are doing to bring more and better service to you at low cost.

REGULAR MEETING OF CLARKSTON VILLAGE COUNCIL HELD JAN. 8, 1951

Meeting called to order by President Robert Waters. Roll — A. E. Butters, L. L. Megee, E. O'Roark, Charles Rock-

well, Ralph Thayer — present. Roderick Muma — absent. Minutes of last meeting held on December 13, 1950 read and approved. Moved by Megee, "That the following accounts be paid:

Mich. Bell Telephone Co., fire telephones, \$18.65; Detroit Edison Co., electricity, \$98.96; Clarkston News, letterheads, \$9.00; Morgans Service, gas, oil, road service, \$4.51; Huttenlocher Agency, extended liability insurance, \$10.33;

G. E. Poulton, misc. small tools (fire trucks), \$16.00; E. Baker, December salary, extra duty, fire calls, \$35.25; Don Beach, December salary, fire calls, \$41.50; R. Morgan, December salary, \$25.00; Fire calls — K. Kerton, \$2.00; J. Turck, \$2.00; F. Ronk, \$6.00; J. Ronk, \$2.00; K. Craft, \$2.00; G. Kerton, \$4.00; S. Radoye, \$2.00; F. Green, \$4.00; W. Sharpe, \$2.00; H. Baynes, \$2.00; R. Fenstermaker, \$2.00; L. D. Hemingway, \$2.00; F. Hemingway, \$2.00; C. Bennett, \$2.00; W. Wilson, \$2.00; H. McGill, \$2.00; E. McGill, \$2.00; W. Radoye, \$4.00; R. Waters, refund on labor paid by R. Waters, \$4.00.

SEWER FUND

Detroit Edison Co., electricity, 97c. Motion seconded by O'Roark. Roll — Butters, Megee, O'Roark, Rockwell, Thayer — Yea. Muma, absent. Yea — 5. Nay — 0. Motion carried.

Moved by Megee, "That the clerk be instructed to call a Citizens Caucus for the purpose of nominating the following village officers: President, Clerk, Treasurer, Assessor, and three Trustees; said caucus to be held at the Village Hall on Monday, February 19, 1951 at 8:00 P. M." Motion seconded by Butters. Motion carried.

Moved by Butters, "That the village contribute \$50.00 to the Ground Observation Corps". Motion seconded by Rockwell. Roll — Butters, Megee, O'Roark, Rockwell, Thayer — Yea. Muma, absent. Yea — 5. Nay — 0. Motion carried.

ORDINANCE NO. 45

AN ORDINANCE TO AMEND SUB-PARAGRAPH 8 OF SECTION 3 OF ORDINANCE NO. 34 ENTITLED "THE CLARKSTON VILLAGE ZONING ORDINANCE"

THE VILLAGE OF CLARKSTON ORDAINS:

Section 1. — That sub-paragraph 8 of Section 3 of Ordinance No. 34, entitled "The Clarkston Village Zoning Ordinance" be and the same is hereby amended to read as follows:

Sub-paragraph 8 of Section 3. "Essential services shall be permitted as authorized and regulated by law and other ordinances of the Village of Clarkston, it being the intention hereof to exempt such essential services from the application of this ordinance, which exemption shall include village or township uses for public purposes and not for profit, provided no gasoline shall be stored on the premises or no township or village use shall be such as to be an annoyance or prove otherwise injurious to the surrounding neighborhood or contrary to the spirit of this ordinance."

Section 2. — That not less than 15 days notice of the time and place of public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in said village, and not less than 15 days notice of the time and place of public hearing shall first be given by Registered United States Mail to each public utility or railroad company owning or operating any public utility or railroad within the districts or zones affected by this ordinance.

Section 3. — This ordinance shall take effect 30 days from and after the date of its passage by the Council of the Village of Clarkston.

Moved by Megee, "That Ord-

inance No. 45 be adopted." Motion seconded by Rockwell. Roll: Butters, Megee, O'Roark, Rockwell, Thayer — Yea. Muma, absent. Yea — 5. Nay 0. Motion carried.

Moved by O'Roark, "That the clerk be instructed to advertise for bids for the greenhouse located at 28 Depot Street in the Village of Clarkston, bids for the building and equipment or parts thereof will be considered. Said bids to be submitted in writing and filed with the village clerk on or before 8 P. M. Tuesday, February 13, 1951, at which time the bids will be opened. The village reserves the right to reject any or all bids." Motion seconded by Butters. Motion carried.

Russell Colton, Village Clerk

Sub-paragraph 8 of Section 3. "Essential services shall be permitted as authorized and regulated by law and other ordinances of the Village of Clarkston, it being the intention hereof to exempt such essential services from the application of this ordinance, which exemption shall include village or township uses for public purposes and not for profit, provided no gasoline shall be stored on the premises or no township or village use shall be such as to be an annoyance or prove otherwise injurious to the surrounding neighborhood or contrary to the spirit of this ordinance."

Section 2. — That not less than 15 days notice of the time and place of public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in said village and that not less than 15 days notice of the time and place of public hearing shall first be given by Registered United States Mail to each public utility or railroad company owning or operating any public utility or railroad within the districts or zones affected by this ordinance.

Section 3. — This ordinance shall take effect 30 days from and after the date of its passage by the Council of the Village of Clarkston.

RONALD A. WALTER, Attorney, 5 South Main St., Clarkston, Michigan

STATE OF MICHIGAN — The Probate Court for the County of Oakland.

In the Matter of the Estate of George B. Crosby, also known as Bert Crosby Deceased.

At a session of said court, held at the Probate Court in the City of Pontiac, in said County, on the 26th day of January A. D. 1951.

Present — Hon. ARTHUR E. MOORE, Judge of Probate.

ORDER APPOINTING TIME FOR HEARING CLAIMS

Notice is hereby given and it is hereby ordered that the time and

place for hearing on claims against the above estate shall be the 8th day of April 1951, at nine o'clock in the forenoon at the Probate Court in the Court House at the City of Pontiac, Michigan.

All creditors or claimant against the above estate are further notified and ordered to prove their claims at said hearing and prior to said hearing, to file written claim therefor, with this Court and with the fiduciary of this estate, under oath, containing sufficient detail reasonable to inform the fiduciary of the nature and amount of the claim.

It is further ordered, That public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing, in the Clarkston News, a newspaper printed and circulated in said County, and that notice be given to all interested persons whose addresses are known by personal service of a copy of this order, or by serving the same by registered mail with return receipts demanded addressed to their respective last known addresses.

ARTHUR E. MOORE, Judge of Probate

RONALD A. WALTER, Attorney, 5 South Main Street, Clarkston Michigan.

STATE OF MICHIGAN — In the Probate Court for the County of Oakland.

In the Matter of the Estate of Lewis C. Galligan, Deceased.

At a session of said Court, held at the Court House in the City of Pontiac, in said County, on the 8th day of January A. D. 1951.

Present, Hon. ARTHUR E. MOORE, Judge of Probate.

Roger L. Galligan and Clifford B. Galligan, Administrators of said estate having filed in said Court their Final Account and petition praying for the examination and allowance thereof; determination of the heirs of said deceased; assignment of the residue of said estate; and the discharge of said administrators.

It is ordered, that the 8th day of February A. D. 1951, at nine o'clock in the forenoon, at said Probate Court in the Court House in the City of Pontiac, Michigan, be and is hereby appointed as the time and place for hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, once each week, for three successive weeks previous to said day of hearing, in the Clarkston News a newspaper printed and circulated in said County, and that notice be given to all interested parties whose addresses are known by personal service, or by registered mail with return receipts demanded addressed to their respective last known addresses.

ARTHUR E. MOORE, Judge of Probate

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape — imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Damillot found that taking HADACOL helped his system overcome a deficiency of Vitamins B, B, Niacin and Iron. Here is Mr. Damillot's letter:

ACOL convinced me that I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs and other foods that never would stay with me. I also can sleep big at nights. Thanks to HADACOL I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time.

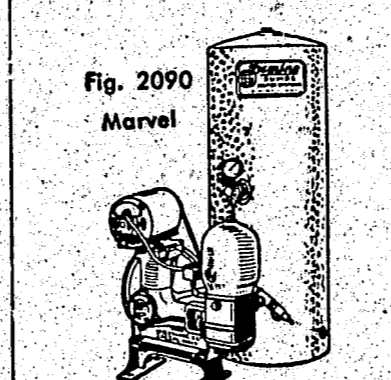

Make your walls the perfect background for your furnishings! Give them color, charm, and protection — economically — with Du Pont Flat Wall Paint! You'll like its many advantages:

- Applies easily, uniformly
Produces a smooth, velvety surface
Dries Fast \$4.10 a gal.
Wide variety of popular colors \$1.30 a qt.

the Railroads RESPECT... What is the TRUTH? One Labor Union seek to REPUDIATE this agreement!

MEMORANDUM OF AGREEMENT Washington, D. C. December 21, 1950 1. Establish 40 hour week for yardmen with increase of 25 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951. 2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective. 3. Settle rules for 40 hour week and 6 day week. 4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 51. 5. Settle following rules: Initial Terminal Delay (Conductors and Trainmen) Interdivisional Runs Pooling Caboose (Conductors and Trainmen) More than One Class of Service Switching Limits Air Hose (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories). 6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951. 7. Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176). 8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters. 9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate. Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951. 10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows: No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies, if

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and if so, what such increases should be, shall have one vote, the employee representatives shall have one vote and the referee shall have one vote. 11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision. The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement. The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

 "Love" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the

world on Sunday, February 4th. The Golden Text (Zephaniah 3:17) is: "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing."
 Among the Bible citations is this passage, (Isa. 63:7): "I will mention the loving kindness of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us, and the great goodness toward the house of Israel, which he hath bestowed on them according to his mercies, and according to the multitude of his loving kindnesses."

Correlative passages to be read from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 258): "A mortal, corporeal, or finite conception of God cannot embrace the glories of limitless, incorporeal Life and Love."

Can a child sue his parents for injury? In the American Weekly, the great color magazine, distributed with Sunday's CHICAGO HERALD-AMERICAN, read "Honor Thy Father," the absorbing story of how a father's sense-

less command led to the death of his son and a court decision establishing new rights for children. Don't miss "Honor Thy Father" Sunday in The CHICAGO HERALD-AMERICAN'S great color magazine!

YOU MAY DECIDE!

Following in the footsteps of its sponsor, a famous granulated soap which "does everything" for its users, "The Guiding Light," one of radio's leading daytime serials, has set out to do something unparalleled for its listeners. The CBS show shortly will give them the opportunity actually to participate in the development of the plot. For what is believed to be the first time in radio history, listeners will be asked to act as members of a jury to decide the fate of a leading character, on trial for murder. Meta White (above) is being tried for the murder of her husband.
 Listeners have been urged to follow the Dux-sponsored radio serial each day in order to hear the testimony of witnesses and weigh the evidence. At the end of the trial, probably late in February, the case will go to the jury — which means the listening audience. They will be asked to send in their verdict after having heard all the details of the case, as if they were actual jurors. The final verdict will depend completely on a majority vote of the "impaneled" listeners.

Spicy Cinnamon Drops

These soft molasses cookies wear a spicy coat of cinnamon-sugar, and are delicious with fresh fruit.

"Come one, come all, for there are fresh cookies on the table!" You won't need to call twice, for that's an invitation no one can resist. Good cookies to serve for snacks or desserts are spicy Cinnamon Drops, which accent fruit flavors and are good with milk, coffee, or hot chocolate.

Molasses is behind the tangy flavor of Cinnamon Drops, which are made by a method that is standard for cakes. Drop teaspoonfuls of the dough into plump drops during baking.

Molasses combines with enriched flour in a nutrition special, too, since both have a generous quota of food iron to offer. Enriched flour also scores for its three B-vitamins. These food values are especially important in desserts which are served often on the family table.

CINNAMON DROPS
 1/2 cup sifted enriched flour 1/2 cup sugar
 1/2 teaspoon soda 1 cup molasses
 1/2 teaspoon salt 1/2 cup butter
 1/2 cup shortening 1/2 cup Cinnamon Sugar

Sift together flour, soda, and salt. Cream together shortening and sugar until light and fluffy. Add molasses and egg. Beat thoroughly. Add boiling water. Add flour mixture to creamed mixture gradually, mixing well. Drop by teaspoonfuls into Cinnamon Sugar. Bake on ungreased baking sheets in moderate oven (350°F.) 12 to 15 minutes. Makes about 5 dozen 2-inch cookies.

Cinnamon Sugar

Remember YOUR HOME NEWSPAPER
 All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.
 Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.
 We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.

When the Ounce of Prevention Fails

★ Warning against accidents in the home and on the highways is old stuff to most of us. Many industries have made real progress in accident prevention, but our homes continue to produce minor and major injuries on an ever-increasing scale.

In spite of every precaution, accidents will occur. When the "ounce of prevention" fails, it is wise to have "the pound of cure" ready and at hand. See that your medicine cabinet is amply stocked with standard first-aid materials. Keep a first-aid kit in the pocket of your car. We shall be pleased to help you select the essential items from our complete stock.

IT'S ALL GOLD!

Paris and New York fashion authorities predict gold as the important spring color—from the foundation garments to gay casual outer apparel. Lovely Betty Lou Ruppert, above, poses as a 1951 pirate maid in her new Gossard Golden girle and Flair deep-plunge nylon sheer bra. The H. W. Gossard company, which is celebrating fifty years of helping Mother Nature in presenting the female figure in its most attractive form, is the only manufacturer introducing the new gold color in foundation garments.

Village Clerk

The Cheapest Refrigeration in the World

YOUR FROZEN FOOD LOCKER

Yes, at the cost of little more than a postage stamp a day you can store 200 lbs. of meat, or 80 chickens, or more than 100 quarts of fruits and vegetables.

And remember that this small cost includes the electric power bill, equipment upkeep, and insurance on your foods. Small wonder that lockers are becoming so popular all over the country.

We invite you to stop in at our plant and learn more about the miracle of quick-freezing... this new way of living which is being used by more and more families in this community. We're specialists in zero temperature and are ready to serve you at all times.
