THRILLER ENDS BASKETBALL SEASON

Home Talent Show Now History

At last the Home Talent Show has come and gone. It will be remembered by those who were in attendance as one of the best and biggest shows ever presented in this territory especially when you consider that there never had been a rehearsal and the program really was put together a few minutes before the show started. The Masters of Ceremony didn't let the numbers lag and the participants were ready and waiting when they were called upon. The auditorium was crowded to capacity. In fact a great many folks had to stand through most of the program. The general chairman E. Rummins and the others on the Community Center committee, N. Jenkins, Dr. Tucker, F. Jewell and O. Adams, are very grateful to Ernie Burt who was the promoter. Ernie had been working on the show for several months and he is the one who is really responsible for the success of the whole affair. The programs passed-out at the show expressed thanks to many who contributed to the success of the show but there were some who were not mentioned. Ernie Burt and the committee would like to convey their appreciation to Harold McGraw who was responsible for the curtains and stage lights; Chuck Henry and Les Boyens, spotlight and lighting effects; Bill Radoye, Carl Walker, Ed Gunter and Ken Johnson, stage scenery and props; Frank Green, public address and sound; Leigh Bonner and Mrs. F. L. Spooner, make-up; Fred Steiner, stage help; Leigh Bonner, tumbler; Ralph Thayer, trampoline; Miss P. Anderson, dance routine; Grinnell's of Pontiac, piano; Mel Staebler, organ; Adele Thomas, piano accompaniment for choir; Mrs. R. L. Waters, tickets at the door; Boy Scouts and Girl Scouts, ushers; Charles Robinson, treasurer and The Clarkston State Bank for the generous use of its facilities. All those having tickets have not reported, but so far, with all expenses paid, the proceeds amount to close to \$1,000. This money will be used to equip the new Township Community Center.

New Band To Be Formed

The Music Department of the Clarkston School wishes to announce that music training on an instrument for the boys and girls from the fifth through the seventh grades will soon be available in a new school band which is being organized at the present time. We have made special arrangements with the Educational Department of a reliable music company to aid students to obtain an instrument on a three months rental plan. The representative of this company will be present on Wednesday evening at eight o'clock, March 7th to show a display of the various types of instruments and to discuss with students and parents the availability of instruments. All students and parents who are interested in helping to organize a new band for beginners are invited to attend. The child who learns to play an instrument learns discipline, cooperation, and a new way to a fuller, richer life. An instrument automatically places him in worthwhile school activities, it gives him something interesting, pleasurable, and worthwhile to do during his leisure time.

By The Way . . .

It is said the only pleasure a school teacher gets out of life is to see his pupils in future life and see what they have accomplished and with this thought in mind Carl Hood, former superintendent of the Clarkston Public Schools and now a resident of Ypsilanti as well as a member of the Ypsilanti Rotary Club, really enjoyed himself on Monday. Ronald A. Walter, Russell McNeill and the writer visited that club and while Russell and yours truly were introduced by a former Governor, Ernest Chapelle, Carl asked for the pleasure of introducing Ronald and let it be said he really gave an introduction worth while, not only recalling Ron as a student but even going into how nice Clarkston was when he was here. It made us feel that Clarkston members were certainly welcome in that club. We understand that, from a little local history, the year before Carl Hood came to Clarkston two or three men had tried out for the position as superintendent and had found it more convenient to resign than to try and control some of the older high school students. His first week here he found the boys doing a little boxing during the noon hour. He said he might be able to teach the boxers a few pointers and put on a pair of gloves. The skill he displayed in the next few minutes persuaded the students that it might be just as well to accept the fact that this superintendent might stay for some time unless some student could be found that could master Mr. Hood in the art of boxing. He was here for some years and then left of his own accord. Another former school man to head the Clarkston school system had become a member of the Ypsilanti club before passing on to a better world — a Mr. Munson. . . . Ypsilanti and Ann Arbor clubs should have no trouble securing speakers for meetings. Of course like every thing else, perhaps you could get tired of college professors as talkers. With all due credit to their education, they live such a sheltered life they seem to lack the essential of being practical. . . . Coming back to Clarkston the home talent show was even better than advertised. . . . Rudy's Market and the Dairy Bar are

County Council Meets March 9th

The next meeting of the Oakland County Council of Parents and Teachers will take place at 8 P. M. on March 9th at the Stringham school located on Elizabeth Lake Road opposite the Pontiac Country Club golf course. Farmers Guests Of Clarkston Rotary

On Monday evening 83 persons including Rotary members and their guests, farmers from the vicinity, met at the Community Center for the annual meeting devoted to the latter's enjoyment. Guests present from other clubs were Judge Russel H. Holland and Pete Santanis from Pontiac as well as Roy Annett, his son Bruce Annett and son-in-law Rolfe Smith. Phil Aspinwall of Pontiac was the guest of Al Lee. Supervisor Floyd Andrews and F. L. Spooner of the local school board were also present. William Ladd accompanied R. L. Jones and the group in singing. President Charles Robinson welcomed the guests and introduced Alex Solley who responded for the guests. Alex hit a serious vein in his talk this year by speaking of the value of top soil and how it was being worn away. Charles Rockwell introduced the out-of-town guests. "Slip" Megee then introduced William Otto, secretary of the Board of Commerce of Lansing, Michigan, who gave the talk of the evening. It had been the good fortune of Mr. Otto to have taken a trip recently through Europe, and his talk had to do with conditions in the different countries as he interpreted them. He was especially interested in two questions: the question of inflation and the standing of Communism in the several nations following the war. The talk was a serious affair and followed a serious study of his travels and it was a privilege to hear of the effect of the war followed by both Communism and inflation. A very fine dinner has been prepared for this special occasion by a committee of the W. S. C. S., under the leadership of Mrs. Glenn Howland and assisted by Mrs. Robert Osgood, Mrs. David Stewart, Mrs. John Alexander, Mrs. W. H. Stamp, Mrs. Fred Hancock, Mrs. Wallace Ridgley, Mrs. Richard Snover, Miss Ruth Davies and Miss Carolyn Yoder.

The fashion show will be held in April with Mrs. Byron Nolan, Mrs. Fred Groven, Mrs. A. E. Butters, Mrs. Charles Rockwell and Mrs. R. N. Parker in charge. A dinner for the Clarkston Brownies will be sponsored by the Rotary Anns with the following as the committee: Mrs. A. E. Butters, chairman, Mrs. Paul Henry, Mrs. Richard Morgan, Mrs. Robert L. Jones, Mrs. Diane Hursfall and Mrs. R. N. Atkins. The women voted to make the drapes for the large dining-room at the Township Community Center. After the business meeting Mrs. Garnet Poulton, program chairman for the evening, introduced Mrs. J. L. Van Wagoner of Pontiac who gave a very interesting account of a trip to Europe when she and her husband and daughter visited the Murray Van Wagoner two years ago. This trip was made at the time that Murray (Pat) Van Wagoner was Governor of Bavaria. From New York they sailed on the Queen Mary to Southampton, England. Many interesting places were visited in England and then on to Amsterdam, Holland. Mrs. Van Wagoner told about the countryside, the people and their habits and their dress and about the food. The trip took the group into the Van Wagoner home in Bavaria, into Germany, Switzerland and France and back to New York on the Queen Elizabeth. Mrs. Van Wagoner made her story so interesting that many decided that they would like to visit Europe to see these beautiful and unusual places. Mrs. Poulton presented Mrs. Van Wagoner with a gift of appreciation. To close a grand evening the hostesses served delightful refreshments from a lace covered table with a beautiful center arrangement of red carnations in a crystal bowl flanked by lighted white tapers in crystal candelabra. Mrs. Floyd Hammond was a guest at the meeting.

Dear Uncle

Your loving nephew drop a line. To say that everything, she's fine. Last year we work both day and night. To make both ends come out right. The cost of everything we buy took notion, she could reach the sky. So we don't take no time to rest. We work when sun go down in west. We bring home pockets full of pay. And some of it we lay away. We think someday we get too old. To work and earn a pot of gold. So we put little bit aside. For kids, perhaps, when we have died. The figures look quite nice, we smile. We feel real good for little while. Then tax man say, you uncle Sam. He figure out a little plan. Where all his nephews must kick in. To help him out the mess he's in. So, I say that's O. K. with me. I like, help out my family. How much you think would be my share. To feed Sam here and cousins there? The tax man figured all day long. So he won't make no figures wrong. He took them home for many days. To see how much your nephew pays. Then one day, big fat letter come. Say I own Sam, a whopping sum. What I've laid by for when I'm dead. Was just 'bout what the tax man said. So uncle Sam she's all for you. Next year I start all over new.

Last Friday Clarkston got its revenge against Hartland. This game was close throughout. Clarkston led by 6 points at the end of the first quarter, but had its lead cut to 4 points at the half. Both teams made their lowest scores in the second. Score at the half was Clarkston 25 Hartland 21. In the third quarter Clarkston picked up a few points and had a 7 point advantage. Gradually in the fourth Clarkston saw its lead diminish until the score was tied at 43 all. With twenty seconds left Hartland sank a basket and went two points in the lead. The ball was taken by Clarkston and tossed to Rouse who broke away from one guard and flipped in a basket which again tied the score with but five seconds left. This didn't leave enough time for either team to do anything before the regular game to end with the score 45 each. In the overtime Rouse sank a basket which was immediately matched by Hartland. However Rouse followed this up by sinking two more baskets and a free throw. The final score was Clarkston 52 Hartland 47. Rouse climaxed the season by tossing in 35 points for the evening. This gave him a record of 305 points for the 15 games he was in. This victory gave Clarkston a .500 average for the season with eight wins and eight losses. OAKLAND COUNTY EXTENSION SERVICE NEWS
By Mrs. Josephine Lawyer Home Demonstration Agent
SERVE POTATOES DAILY
The often-heard statement, "Potatoes are fattening" is incorrect, says Mrs. Josephine Lawyer, county home demonstration agent.
A medium sized potato contains only 100 calories but gives extra protective minerals and vitamins, while two small pieces of candy often give only calories. Potatoes may take an important place in the meal because they are economical and well-liked.
Since potatoes contain good food values, the best way to retain

these is to cook them in their jackets. Steaming or boiling in the skins conserves more vitamins than baking. Even if potatoes are to be mashed, creamed, or parselled, Mrs. Lawyer recommends that they be cooked in their jackets first.
The amount of protein in potatoes is small, so they should accompany a more concentrated food such as meat, fish, eggs or cheese. If these are not served in the main part of the meal, the dessert might be custard, pumpkin or cream pie, which furnish protein in the form of milk and eggs.
When buying, select potatoes which are firm, clean and free from cuts, decay, sprouts or green spots. For general use, medium-sized are usually the most desirable, but that would depend on how they are to be used. For

mashed or baked potatoes the milder types are better. Waxy types hold their shapes and are good for salads or creamed potato dishes.
Use any bruised or cracked potatoes first. For storing, potatoes should be kept cool, but not cold, in a dark place.
WHEN MOTHERS FACE JUDGMENT
Do past indiscretions make a woman unfit mother? What is the just real standard for measuring a mother's fitness? Be sure to read "When Mothers Face Judgment", a dramatic article about child custody cases, in this Sunday's (Mar. 4) issue of The American Weekly, sized as usually the medium-sized, but that would depend on how they are to be used. Orange and Semi-Sweet Chocolate Make Novel Flavor Combination
Newest of dessert treats combine the flavors of fresh orange and semi-sweet chocolate. A delightful way to enjoy this flavor harmony is in a home-made orange cake that can be iced with a delicious chocolate frosting made with semi-sweet chocolate morsels, or the cake can be topped with ice cream and sauced with chocolate. Also included is a simple Chocolate Duet recipe that makes either frosting or sauce, depending on the amount of milk added.

Orange Cake
3 cups sifted cake flour
3 eggs
2 teaspoons baking powder
1/4 cup orange marmalade
1/4 teaspoon salt
2 tablespoons grated orange rind
3/4 cup shortening
1 cup orange juice
1 cup sugar
Sift flour with baking powder and salt. Cream shortening, add sugar gradually, blending together until light and fluffy. Add eggs one at a time, beating well after each addition. Stir in marmalade and orange rind. Add flour alternately with orange juice, mixing well, ending with flour. Turn batter into well greased pan (10"x15"x3 1/2"). Bake in a moderate oven (350°F.) 30 minutes. Cut cake into squares, top with slice of ice cream, and serve with chocolate sauce, or frost cake with chocolate frosting. If desired, top with whole or chopped nuts. YIELD: 24 squares.
Chocolate Duet (Frosting or Sauce)
1 package semi-sweet chocolate
3 to 4 tablespoons hot milk, for frosting
2 tablespoons butter or margarine
1/2 cup hot milk, for sauce
1 cup sifted confectioners' sugar
1 teaspoon vanilla
In top of double boiler put semi-sweet chocolate and butter. Heat until melted and mix until smooth. Remove from heat. For frosting add milk and sugar alternately, adding enough milk to make a spreadable consistency. Stir in vanilla. For sauce, increase milk to 3/4 cup. YIELD: Frosting for top of 10x15 inch cake, or 1/2 cups chocolate

FORD SCHOOL NEWS

Gay Ann Talmage and Danny Campbell were elected by their classmates as the reporters from the third and fourth grades.

We are happy to have the P. T. A. attendance picture hanging in our room this month. This was acquired by having the most parents present at the last P. T. A. meeting.

Gary Beach brought a shell collection for our nature study.

When asked what they think the minimum grades for athletic eligibility should be, these teachers and students replied as follows:

Mr. Bonner — "That State Athletic Association has set up standards that have been given extensive consideration. Why should we change them?"

Pat Jewell — "I think an athlete should be ruled ineligible if he fails the same subject two marking periods in a row."

Mrs. Thayer — "I think they should be whatever the State recognizes."

Zona Sommers — "I think they should be judged on other things besides marks, because all good athletes are not able to maintain a high standard of marks."

Mr. Ridgley — "State eligibility, but that should be raised."

Clark Rouse — "I'm glad they are low, because I wouldn't be able to play if they weren't."

Miss Sharpe — "I feel that the student should receive a passing grade in all subjects."

Francis Chaffee — "I think the student should maintain an average grade in all subjects."

Sue Fleming — "I don't think they should judge according to grades. After all, grades don't tell if you are good in sports."

Miss Murphy — "Passing in all subjects."

Jim Huttenlocher — "It isn't hard to maintain passing grades in school if a student will do a little studying, so they should raise the athletic standards."

Miss Anderson — "Eligibility should require a passing grade in all subjects."

Beverly Covert — "I think the student should be passing in all subjects. It is up to the individual whether he will do better or not even if he is not interested in sports."

Mr. Quick — "Grades should be but one consideration. Other non-academic facets of a student's life should be considered, such as citizenship which involves a host of character traits."

Dorothy Ward — "I think they should be able to maintain a passing average."

Next week several teachers will express their opinion in a topic on whether or not they think a new elementary school should be built in Clarkston.

LOCAL SENIOR CHOSEN "GOOD CITIZENSHIP PILGRIM"

Beverly Ann Covert, a senior in the local school, was chosen "Good Citizenship Pilgrim", to represent the General Richardson Chapter, D. A. R. of Pontiac at the state conference in Ann Arbor, March 30th.

Beverly was selected by her classmates and the faculty for her qualities of leadership and interest in citizenship.

Beverly attended Clarkston Station School before coming here in the ninth grade.

In her freshman year she was chosen as one of the student council representatives from her class.

Eleventh grade activities included membership in chorus and Glee Club and feature manager of the yearbook.

This year she is secretary of the senior class.

Upon completion of high school she plans on attending college, although she hasn't as yet decided what college she will attend or what she will major in.

FRENCH CLASS PRESENTS PLAY

A unique play was presented by five of Miss Helen Carey's 2nd year French students recently. The play titled, "The Man Who Married The Woman Who Couldn't Talk," was played by Terry Brown, Bonnie Wells, Pat Tisch, Sylvia Peterson and Ric Huttenlocher. The students spoke French throughout the entire play. During intervals, Miss Carey told briefly the important events in each act.

The story is about a judge who married a woman who couldn't talk. He consults his friend Ric, and tells him he had better be happy with the situation as it stands. However, Dr. Sylvia Peterson gives Bonnie, Terry's wife, a powder which restores her speech. Bonnie, after having her speech restored, talks so much that her servant, Pat Tisch, threatens to leave. Finally the doctor returns and gives everyone a powder which makes them deaf, and consequently Bonnie can't be heard.

At the climax, Bonnie comes to the conclusion that everyone is crazy at her house.

The comments following the play seemed to indicate the students enjoyed it, even if they didn't distinguish every action performed.

BUSINESS SCHOOL REPRESENTATIVE SPEAKS TO SENIORS

Mr. Mitchell, a representative from the Pontiac Business Institute was present to speak to the seniors during their Government class period last Tuesday-morning. Mr. Mitchell reminded his days through high school and college. He gave the many advantages of attending business school and told about the many openings available for those who take such a course.

He stated that 103,000 students have attended the Pontiac Business Institute since its opening in 1906, and the majority of graduates now hold excellent positions in various occupations.

Many questions were answered by Mr. Mitchell concerning business training and opportunities.

Following his talk, he distributed pamphlets of courses offered by the Pontiac School and business opportunities available to the graduates of the school.

LATIN CLASS DEDICATES BOOK

The book was purchased from the proceeds obtained from the movie, "The Last Days of Pompeii," which was shown at a recent assembly.

1500 towns the trucks remember!

Not so long ago the "town the rails forgot" was in a sorry-state. Its link with commerce was weak indeed.

Now, 1500 Michigan communities are served solely by motor carrier. Many of them are centers of industrial and agricultural production. They enjoy advantages offered only by motor carrier: frequent, flexible service... door-to-door delivery... quick service from shipper to consignee.

Many of these towns benefit, too, through tourist and commercial traffic brought to their doors on superb highways made possible by weight and fuel taxes paid by motor carriers. Last year, commercial vehicles paid a total of \$30,000,000 in weight, fuel, and other special taxes... 2½ times the state's bill for maintaining and repairing trunk lines in the state.

The Bob Hopes have it!

Bob Hope
Starring in
"THE LEMON DROP KID"
a Paramount Picture

Like all clever wives, Mrs. Hope "holds her star" by feeding him the things he likes. "When it comes to eating," she says, "Bob isn't any different from most men. He knows what he wants, and he wants it to be good. And I've found a way to make everything good. That's to cook with an Electric Range. There's no guess-work that way, and meals always come out just right. The Electric Range is my 'dish' for cooking!"

Whatever dish you cook, your own Electric Range will do it fast, efficiently, cleanly, without waste. Besides, everyone can afford the modern Electric Range. In fact, it's so saving of time, trouble and money that you really can't afford to be without it.

Lenten Luncheon Sandwich

Tops for your Lenten luncheon menus is a hearty corn meal cheese sandwich with savory tomato sauce. "Bread" for this delicious sandwich is corn meal slices, mild flavored and nubby textured. The cheese is pasteurized, mild flavored American slices, noted for excellent flavor, perfect melting, and easy separation. And each slice in the factory wrapped, brand identified half-pound package is identical in shape and thickness, which adds to the attractiveness of the finished sandwich.

Corn Meal Cheese Sandwiches

1/2 cup corn meal, 1/2 cup cold water, 1 1/2 cup salted boiling water, 1/2 pound package pasteurized process American cheese slices, 1 egg, beaten, Fine cracker crumbs, Butter or margarine, 1 can tomato soup, undiluted, 1 bay leaf, Dash of mace. Mix corn meal with cold water. Stir this into the boiling water. Cook five minutes over direct heat, stirring constantly. Cook an additional 30 minutes over hot water, stirring occasionally. Pour into a small loaf pan and chill. When firm cut into 1/2-inch slices. For each serving place a slice of cheese between two slices of corn meal. Dip into the well-beaten egg, then in cracker crumbs. Brown on both sides in butter or margarine in a skillet, or brush both sides of each sandwich with melted butter or margarine and brown in a moderate oven, 350 degrees. Serve with sauce made by simmering the undiluted tomato soup with bay leaf and mace for half an hour. Remove bay leaf. Makes six servings.
