EVERETT — HALL EXCHANGE VOWS

Baskets of white lilacs and white tulips decorated the altar of Christ Lutheran Church in Waterford when Helen Virginia Hall and Bruce Ray Everett exchanged their marriage vows Saturday afternoon. The Reverend Arvid E. Anderson read the double ring ceremony in the presence of 200 guests.

Virginia is the daughter of Mr. and Mrs. Harold M. Hall of Waterford and Mr. and Mrs. E. Bruce Everett of Lincolnshire Road are the groom's parents.

The bride's gown was of ankle length white lace over champagne tulle and white satin featuring an illusion neck-line. Her matching Juliet cap held the finger-tip illusion veil and lace mitts completed her costume. She carried a bouquet of white orchids, fleur-de-amour and ivy.

Mrs. Dale Hammond of Pontiac, sister of the groom, served as matron of honor. Her powder blue dress was ankle-length and with it she wore a matching lace picture hat, blue lace mitts and blue shoes. Her flowers were blue carnations and corn flowers.

Martha Gifford of Pontiac was bridesmaid. Her dusty rose lace gown and hat were styled the same as the matron of honor and her flowers were carnations and roses in shades of pink.

Edward McManus was best man and John Everett served his brother as groomsmen. Dale Hammond and Wayne Strand were ushers. All of the men attendants

were from Pontiac. The bride's mother chose a street length sea-foam green crepe dress for the wedding. With it she wore a lilac flowered hat and lilac and white accessories. The groom's mother wore an orchid crepe street length dress with navy blue trim. Her accessories were navy blue. Both mothers wore orchid corsages.

Immediately following the ceremony a reception was held at the Waterford Community House.

The young couple left on a 10 day honeymoon to Washington, D. C., and various eastern states. Upon their return they will reside at Maceaday Lake.

TWENTY THREE YOUTH CONFIRMED SUNDAY

A large crowd attended the 11:00 A. M. service at Christ Evangelical Lutheran Church Sunday, at which time twenty-three youth were received into the membership of the church by the rites of confirmation. Palms, baskets of white and orchid lilacs and white roses banked the altar for the special event. The senior choir sang one of Mendelssohn's compositions, "If With All Your Heart", accompanied by Mrs. Martin Wager at the organ. Reverend Arvid Anderson spoke on the topic, "The Lord of the Heart". He impressed to the youth that the future of the church lies in them, and the training which they have received since last Fall, prepared them for their responsibilities to the church and for every-day life.

The confirmants repeated the Apostle's Creed in unison and then knelt at the altar where they repeated the Lord's Prayer. Reverend Anderson offered special prayers for the youth. Each member of the class was presented a Bible, the gift of their Bible. Reverend Anderson read a Bible verse to them. Certificates of confirmation and church membership and a church directory were given to each. Jean Lamotta and Beverly Bigelow were each presented with a hymnal in recognition of the excellent work they accomplished in the class. The following confirmants will receive their first communion on June 3rd: Gerald Adams, Barbara Baker, Randall Beedle, Beverly Bigelow, Suzanne Cline, Kathryn Crothers, Richard Dommer, Debra Gilbert, Harold Goshen, Susan Harris, Garnet Hawkins, Robert Hirnstein, Nancy Johnson, Judy Kolar, David Larkin, Jean Lamotta, Jon McIntyre, Mary Kay Nelson, Mary Peterson, William Roughton, Edward Schmuck, Joyce Swartz and Sandra Williams.

A picnic supper will be held at the parsonage this Thursday evening for the class at which time a junior Luther League will be organized with Mr. and Mrs. Job Rigg as counsellors. Twenty-five members of the Book Review Group met at the home of Mrs. William Felton on

Waterford Road, Monday afternoon. Mrs. Henry Mehler reviewed "The Peabody Sisters of Salem" by Louise Thorp and Mrs. Louise Chandler Davis gave "Little Britches" by Ralph Moody. Mrs. A. J. Holstein asked each lady to write down the names of books they would like to hear about and the books for ensuing year will be chosen from this list.

The last meeting of the year will be a tea given June 4th in the library at the C. A. I. building. All women of the community are cordially invited to attend.

The annual meeting of the Sunday School Council of the Waterford Community Church was held last Thursday. Election of officers resulted in the following:

Superintendents, Alton Goll, Don Hetchler and Charles Maxwell. These men will meet this week to determine what their duties will be; Secretary, Mrs. Elwin Hillman; assistant secretaries, Ruth Thomas, Joyce Amos and Betty Clark. Treasurer, Albert Krav.

Regular pianists, Ruth Thomas, Elsie Bradley and Mrs. Henry Mehler; assistant pianists, Patty Shook, Mrs. Morgan Biggs and Mrs. Gerald Monroe; Transportation chairman, Stephen Phetteplace.

Plans were made at the meeting to have the department superintendents meet with the teachers of the department the first 45 minutes of each council meeting. Each teacher is responsible for the keeping of the attendance records.

Dr. and Mrs. William Cohoon attended Michigan Chiropractic Association's annual convention and educational program at Grand Rapids for three days last week.

Last Sunday the King's Disciples made their monthly visit to Maple Manor, near Clarkston, where they took a little gospel sunshine to the shut-ins there. The annual Spring Good News Club Rally will be held Sunday afternoon, June 3rd, at 3 o'clock in the church.

This Saturday, May 26th, the Men's Beacon Club will hold their regular meeting at the church. Supper is at 6:30 and a good program is promised. All men are welcome.

Mr. and Mrs. Charles E. Wilcox are the proud parents of a daughter, Cynthia Diane, born Sunday morning, May 20th, at St. Joseph's Hospital. Mr. and Mrs. Chester Gremore of Pontiac and Mr. and Mrs. Earl Wilcox of Waterford are the baby's grandparents.

Pete Townner returned to his home Friday night from an 18 day stay in St. Joseph's Mercy Hospital where he underwent a major operation.

Open house was held Sunday at the John Miller residence in honor of their 40th wedding anniversary, May 24th. Mr. and Mrs. Miller greeted about 175 friends and relatives during the day. Guests were present from Sag-

naw, Bridgeport, Elsie, Port Huron, Detroit, Romeo, Bloomfield Hills and many from Pontiac. Many lovely cards, flowers, gifts and plants were received by the honorees, along with the best wishes from all of their friends. Ed Amos is home on a 9 day leave from the U. S. S. Franklin D. Roosevelt. He has been in the Mediterranean and will return to Norfolk, Va., at the end of his leave.

Mr. and Mrs. William Clement Jr., and new little daughter, Nancy Jean of Rochester are staying at the home of Mr. and Mrs. Lyman Girst for a few days.

Mr. and Mrs. Henry Mehler called on their father Charles Mehler of Fenton Sunday afternoon.

WATERFORD GIRL WED AT DETROIT CEREMONY

On Friday evening at 8:30 P. M., in the Concordia Lutheran Church, Detroit, Evelyn Marilyn McCrum and Robert Lee Matthews spoke their nuptial vows.

The bride is a daughter of Mr. and Mrs. Arnold McCrum of Waterford and Mr. and Mrs. Orrin Matthews of Detroit are the bridegroom's parents.

Reverend C. Nietzke officiated at the double ring rites read by candlelight before 250 persons.

The altar was banked with palms and baskets of white gladioli. Lighted candelabra added to the setting.

Mrs. William Tiedeman played the traditional wedding marches, and Mrs. Clifford Snadden sang "Because and Always."

The bride, given in marriage by her father, was gowned in antique pearl satin, designed with fan pleated godets of French lace flaring from waistline to hem, and rounded neckline edged with rose patterned lace. The duchess coronet of lace held her tiered illusion veil. She carried white camellias on a white prayer book from which hung ribbons entwined with jasmine.

Ruth Ann McCrum came home from the University of Michigan to be her sister's matron of honor. She was gowned in yellow satin, fashioned with a fitted bodice and full skirt. Her hat was a calot of the same material and she carried white roses and mixed carnations.

Mrs. Genevieve Zimmerman of Detroit and Evelyn McCrum of Clarkston, cousins of the bride, were bridesmaids. They were attired in satin gowns styled identical to the matron of honor. Genevieve's gown was pink and Evelyn's aqua. Both carried white roses and mixed carnations.

Howard T. Dawson of Detroit was best man. Seating the guests were Leonard Smellezt, Dwight Cromenees and Mark Gillespie.

Mrs. McCrum, mother of the bride, wore a blue chiffon gown, fashioned with a tiered skirt and three quarter sleeves. Her flowers were of pink and white carnations.

Mrs. Matthews, the groom's mother, chose a gown of lemon yellow chiffon, fashioned with a square neckline, long sleeves, and a full skirt. She wore a corsage of red and white carnations.

A reception was held immediately following the ceremony in the church parlors. The bride's table was covered with a white cloth of silk lace and centered with a four tiered wedding cake, flanked with tall white lighted

tapers in silver holders. Miss Jerilyn Matthews, cousin of the groom, Miss Greta Kiefer and Miss Ruth Cromenees served the refreshments.

Following the reception the newlyweds left for a three weeks honeymoon to California. For her going away ensemble, the new Mrs. Matthews wore an aqua gabardine suit, a white hat with matching accessories and a corsage of red and white roses.

Evelyn is a graduate of the Marinello Dermaway University, Detroit, and Robert a graduate of Lawrence Institute of Technology and the Detroit Business Institute.

Upon their return they will reside on Pinehurst Avenue in Detroit.

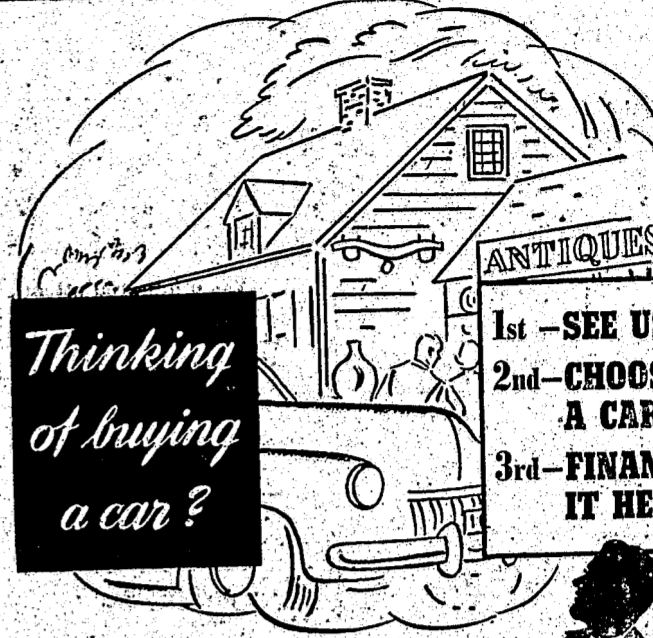

The Michigan State Employment Service to help all farmers in Oakland County with their labor problems. He also stated that with the mutual consent of Growers Associations and the Employment Office in Pontiac he expects to assign a man to work with farmers on Farm Labor problems in Oakland County and this man will be stationed in the Pontiac Office on Pike Street. He expects to have this man on the job by June 1st. Any farm labor problems that arise in Oakland County should be directed to the Pontiac Office or Mr. Vloch in Wayne.

THE ROBERT TAYLOR BARBARA STANWYCK STORY

For nearly 12 years Robert Taylor and Barbara Stanwyck were so happily married that

their recent divorce startled even favorite friends. What shattered their bliss? Read Adela Rogers St. Johns' behind-the-scenes story of their romantic conflict in this Sunday's issue of The American Weekly, EXCLUSIVELY with The Detroit Sunday Times.

Experiments promise normal milk yield from sterile cows

Recent experiments at the Michigan State College Agricultural Experiment Station have shown that sometimes sterile heifers and cows can be made to produce milk and butterfat in normal quantities after injection of two hormones. The hormones are progesterone and diethylstilbestrol. Experiment Station researchers hope soon to develop this process to a point where the average dairyman will be able to use it on his own farm. For further information, call, write or visit your County Agricultural Agent.

New cable cover conserves lead
 Practically every rural telephone line goes through a lead-covered cable before it reaches central office switching equipment. Lead is one of the critical materials now required in defense production. To conserve lead, telephone engineers have developed a new cable sheathing called Lepeth. Made of flexible plastic with a thin coating of lead on the outside, Lepeth not only saves lead but also promises increased protection against damage by lightning. Again, telephone efficiency works for everyone.

Unceasing War on a World of Killers

★ Leeuwenhoek, in 1683, was the first to disturb the privacy of the teeming bustle of the unseen world. The "wretched wee beasties" cavorting innocently under his lens were later indicted and convicted by Koch and Pasteur. Unbeknown to Leeuwenhoek, he had discovered a vicious and unseen world of killers, now known as bacteria, or germs.

The span of time between Leeuwenhoek and Pasteur was almost 200 years. Only an average lifetime has passed since Pasteur's experiments, during which practically all we know about disease and its treatment has been discovered. Our knowledge is expanding at an ever-increasing rate. The pharmacist works with the physician in bringing newer and better medication into the sickroom.

WATER WATER Everywhere

... MORE FOOD, Better Quality
... MORE TIME for Profitable Work
... MORE PROTECTION for the Whole Family

Sure, you have running water now—but do you have enough considering today's high food production goals and growing manpower shortage? Many farmers are wisely taking a good look at their water systems with an eye toward increasing their usefulness.

Plenty of faucets, dependable pressure and good piping all around the farm soon pay for themselves. More milk, more eggs, more pounds of meat; fewer hours of thankless labor; extra convenience and protection in your home.

Get in touch with your Edison Farm Service Advisor. He's an expert on farm water systems, proper size pumps and motors. No charge or obligation—but plenty of good, practical help.

BEER
AMERICA'S BEVERAGE OF MODERATION

The American Way

The words "Michigan" and "fishing" are practically synonymous at this time of the year. And after an exciting day's fishing, it's the "American Way" to enjoy a glass of cool, refreshing Michigan brewed beer to top off the day.

For beer is the kind of beverage Americans like. It belongs... to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs... to our own American heritage of personal freedom. *Beer Belongs... Enjoy It*

The distinction which Christian Science makes between "Soul and Body" is shown in the Lesson-Sermon under that title to be read Sunday, May 27th.

The Golden Text is from Isaiah (26:8): "In the way of thy judgments, O Lord, have we waited for thee; the desire of our soul is to thy name, and to the remembrance of thee."

Among the Bible citations is this passage, (Ps. 84:11): "For the Lord God is a sun and shield; the Lord will give grace and glory; no good thing will he withhold from them that walk uprightly."

Correlative passages from "Science and Health with Key to the Scriptures" include: "Soul, or Spirit, is God, unchangeable and eternal; and man coexists with and reflects Soul, God, for man is God's image." (p. 120)

Wilbur Shaw thinks so much of this new Chrysler, he has selected it as Pace Car for the 1951 Indianapolis 500-mile race.

WILBUR SHAW, AMERICA'S MOST FAMOUS DRIVER, DRIVES NEW 1951 CHRYSLER—REPORTS TO YOU ON REVOLUTIONARY FIREPOWER ENGINE AND HYDRAGUIDE POWER STEERING

Here are Wilbur Shaw's reactions—in his own words—as taken down by a recording machine in the car: "The '51 Chrysler has it! With this new engine and power steering, the first on any U.S. car, it's a whale of an automobile."

Shaw inspects FirePower, the greatest new engine in 27 years.

mission . . . is the nearest thing to an automatic pilot for a car I can possibly imagine. "This engine . . . I can't get over the amount of power and snap in this engine . . . it's incredible! "I drove 111 miles with the feeling I had expended no more effort than in driving around the block."

Smartly styled Chrysler convertible to pace Indianapolis 500-mile race.

Mrs. Shaw: "At first I could hardly believe the ease with which I could turn the wheel. That's important . . . especially in the summertime. "Often after I have parked a car in the average parking space, I feel I should taxi home, shower and get dressed again. But with Hydraguide Power Steering I parked it with one hand. It practically drives itself."

Wilbur Shaw: "It's hard to describe this new Chrysler without going off the deep end . . . it has it in every department. "In fact, I think so much of this car, I've selected it as Pace Car of the 1951 Indianapolis 500-mile race!"

LAST CHANCE FOR AIR TOUR TICKETS

Step right up and get your tickets! It's your last chance to make the Oakland County Soil Conservation District Air Tour! The District Directors, Robert Mc-

Crory of New Hudson, the County Agricultural Agent's office, or Robert Koons, the Soil Conservation District planner, can furnish the needed tickets. Tickets will be removed from sale May 26th, according to Cyril Oliver, chairman of the Directors of the District.

Not only the soil conservation practices planned for the tour, but perhaps your own farm may be seen from the air. The tour route will include an eight township area, north and south in Oakland County from Holly to south of Milford. The beauty of Oakland County alone is worth the trip, according to Ray Wheeler, one of the Michigan Flying Farmer pilots who will assist with the tour.

With the assistance of the Soil Conservation Service, Michigan

Flying Farmers, and the Extension Service, a complete program for the event has been planned to include movies and demonstrations at the Holly airport, 1/2 mile west of Holly. All tickets have the time of flight stated on the face so that farmers, busy in the fields, can make the flight with a loss of a minimum of time away from the farm.

"You will never realize the value of seeing a farm layout from the air until you try it," says Ed Alchin, Oakland County Agricultural Agent. "This is an opportunity farmers should not miss."

The tour, designed to show conservation practices as applied to the land, will take about 30 minutes in the air and cover about 50 miles in Holly, Groveland, Rose, Springfield, White Lake, Commerce, Highland and Milford Townships.

Specific farms that have been marked are those of: Farm No. 1 — Russell Haddon Farm, north west of Holly. Of interest here will be a relatively level field which breaks off sharply on one end. Trees, the adapted crop which will control erosion, have been planted this spring in the contour furrows.

Farm 2 — Continuing north, the second farm to be seen is the Harold Mitchell farm. Here will be seen straight strips across the general slope to control erosion. At the extreme west end of the Harold Mitchell farm can be seen more tree planting furrows in a very thin woodlot.

Farms 3 and 4 — Turning south and east, the next two farms to be seen will be Leonard Mitchell and Harry Conrad farms. On Mitchell's farm, a wet land pasture of Red Canary Grass will be marked. Harry Conrad's farm will feature a large field spring-planted to oats which shows the need for a sod waterway to be seeded in August. In addition to this field, adjacent fields will be combined in a strip cropping program.

Farm 5 — South over Davisburg, the Earl Voorhees farm will feature sod waterways left in corn fields plowed this spring. Some find seedlings of alfalfa-brome will also be seen here.

Farm 6 — South over White Lake, the next farm is that of Jeffery and Wilfred Holmwood, where can be seen contour strip cropping to control erosion and surface water run-off. These strips, constructed through two fields, are not yet completed.

Farm 7 — Next northeast of Milford, on the Anderson J. Hath farm, dimension terraces to control surface water run-off, and tree planting on a light sand slope will be seen.

Farm 8, 9 and 10 — Slightly southwest, then swinging west, the farms of Tom Montgomery, Joe Porter and Carleton Crawford,

present a pattern of contour strip cropping adaptable to this area of the county.

Farm 11 — Turning back north past Milford and west of Highland, the last stop will be the farm of Earl Barrett. Strip cropping for wind erosion control on light soil is established here. Tree planting on rough land and for gully control will also be featured.

If you haven't as yet obtained your ticket, contact one of the district directors or Robert McCrory of New Hudson right away. Or, you may call the Soil Conservation Office or Extension Service office at Pontiac.

CAMP AGAWAM BEING READED FOR SCOUTS

(continued from page 1)

struction and the passing of tests. A fine waterfront program will give every Scout plenty of swimming and boating, with canoeing available for the more advanced swimmers. Swimming will be taught to the non-swimmer; more advanced swimmers may take advanced work leading to the Life Saving Merit Badge and the Scout Life Guard rating.

Roger Gunn, teacher in the Pontiac School system will be the program director; Frank Jacomino, business manager, and Kim Hatch will serve as director of sports and activities. Assisting these men will be a group of specially selected and trained men and older Explorers.

A new addition to the program this summer will be skeet shoot-

Clarkston Food Lockers

The Locker Plant Does It Best

PROCESSING
Cutting, grinding, boning and trimming of meat can best be done by the locker plant which has the equipment, the experienced help, and the "know-how" to do the work economically, and expertly — without waste.

WRAPPING
Proper packaging of foods for freezing is all-important. The locker plant uses the correct moisture-vaporproof wrappings and applies them with the latest methods.

SHARP-FREEZING
It is essential that foods for storage in a locker or home freezer be quick-frozen at sub-zero temperatures. We have refrigeration equipment capable of freezing huge quantities of foods.

ZERO STORAGE
All frozen foods should be kept at a constant zero temperature. The zero service we offer is the cheapest refrigeration in the world... a frozen food locker at the cost of a daily newspaper!

CLARKSTON FOOD LOCKERS
7180 M-15 Phone MA 5-9241

Remember YOUR HOME NEWSPAPER
All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.
Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.
We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.
