Following a dinner served by Mrs. Ralph Kreger and assisted by Wirs. Carl Irish, Mrs. John Fink; Mrs. Bart Mann, Mrs. Robert Osgood, Carolyn Ridgley and Carolyn Kerton, Ed. Haskel, a Rotary Foundation Student, gave a talk on his year in Germany. W. J. Bawden, J. Vandersall and Louis day's program. Dorman, Jr., of Waterford and Edward Jones of Port Huron Rotary Clubs were guests. The meeting was held at the Community Center on Monday.

ANNIVERSARY HONORED LAST SATURDAY

Mr, and Mrs. Edward Lee Porritt celebrated their twenty-fifth wedding anniversary last Saturday. They had many pleasant surprises. Their son, Bill, and his wife, Joan, entertained them at dinner at Devon Gables and following dinner they returned to the Masonic Temple by about months. He re-enlisted in 1948. fifty friends and relatives. This wonderful surprise was arranged by their daughter, Mary.

sides being entertained by Elmo Vincent.

About midnight a buffet supper was served from a table covered with a white linen cloth and centered with a four tiered wedding cake flanked with pretty arrangements of sweet peas and roses and white candles in silver holders. Silver bells also made the table very attractive.

Mr. and Mrs. Porritt received several lovely gifts and the best wishes of their many friends and

Mrs. Porritt wore a sheer navy she was married to Frank Teggerdress and a corsage of pink roses dine. and white carnations.

LOCAL GARDEN CLUB HEARS TALK ON HERBS

The July meeting of the Clarkston Garden Club was held at the home of Mrs. Arthur Rose, Jr., Mrs. Don Stackable was the assisting hostess.

Mrs. Herbert Dyer of the Detroit Garden Center was the speaker. Her subject was "The Herb Garden". She brought a large collection of herbs from her garden and stressed the importance of fresh herbs for flavor.

Mrs. Dyer gave many hints on the use of herbs in cookery and some of the choice recipes from her own collection. A bibliography was included on herb cookery as well as those on herb gardening.

With The

One of the most important groups responsible for a successful band is the beginning group or Junior band, Without this beginning group no band can exist for long as there would be no students to replace those leaving the band because of graduation. or for other reasons. At present there are 21 students in the Junior band and it is very gratifying to have the many interested in learning to play musical instruments.

The Junior band has two full rehearsals each week, on Mondays and Fridays at 11 o'clock. On these days we read from band books especially designed for beginning groups. At these full re. hearsals the emphasis is made of playing as a group rather than as individuals and on striving for, proper balance among sections and the band as a whole.

On Tuesdays, Wednesdays and Thursdays, the band is broken up into three groups — woodwinds, saxophones, and brasses — one group meeting each day. At these sectionals, as they are called, our time is devoted to the learning of new notes and new rhythms, Because there is a smaller group of opportunity to work on individual problems and problems pertaining to the particular family of instruments represented.

Next week I shall tell you little bit about what goes on inour beginning and advanced Theory of Music classes and why Theory is so important in attainng a musical education,

By Evelyn Mae McCrum (continuted from last week)

As we drove along we got glimpse of the Arlington Memorial Bridge and Mt. Vernon Memorial opens and closes in five minutes. It joins the new Mt. Vernon Memorial Highway which parallels the bank of the Potomac River all the way to Mt. Vernon. We are justly proud of having ridden over the finest piece of roadway construction in the world.

We again passed the Blair House, Jefferson and Lincoln Memorials, Washington Monument, Supreme Court Building, White House, Capitol and many other Government buildings.

We were also taken to West Potomac Park where in the early part of April the Oriental Cherry Trees blossom. When in bloom gram consisted of pictures shown they line the Tidal Basin in West Potomac Park, and border on the next meeting will be July 18th. waterside drives of East Potomac Park, Our guide told us that when in full bloom, the trees offer one of the prettiest and most picturesque sights to be found in Washington, and many people visit there every year just to see this beautiful display of nature; Bounded by historic Pennsylvania Avenue on the north and

by a broad, new boulevard — Constitution Avenue - on the south, and extending from Fifteenth to Sixth Street is the Triangle Area Development, a relatively new group of large Federal buildings housing the Departments of Commerce, Labor, Post Office and Justice; the Denton; parking, Patrick Flood; Bureau of International Revenue; to the Pontiac Domestic Science and Interstate Commerce Commission. Latest additions to be built are the National Archives Building and the Apex Building, which preserve the valuable records of the government. The nuge Department of Commerce Building houses the bureaus formerly located in the Patent Office Building. The Patent Office is of supreme importance to the inventor, for it grants patent letters on new devices and formulas worthy of legal protection.

The Triangle Area with its fine government office buildings, its court and parkways, contributes greatly to the beauty of the city. Before we realized — it was Alpena. time to go to the Baltimore and Ohio Union Station to board the will be obtained. train for Michigan. This impressive terminal is built of white than three meetings a year, with Ste Marie with Phyllis Saxman. concourse of the station is said ed circustances, etc. to be the largest room in the world under one roof. At the main pedestals atop these columns are statues 18 feet tall, representing ion. Five young men from Bob Fire, Electricity, Agriculture, Mechanics, Freedom, and Imagination. Panels above the main entrance contain historic inscriptions. The station building faces a beautifully landscaped and terraced plaza, with a vari-colored fountain in the center. This plaza merges into and is part of the United States Capitol grounds. In front of the station is the Columbus Memorial Fountain, a work of great beauty; and nearby is the handsome building of

Mrs. James Simmons is home from a trip to Missouri where she of her brother.

Mr. and Mrs. Roy Pammenter entertained 28 relatives and friends July 4th. A picnic dinner and picnic supper was enjoyed by guests from Port Byron, N. Y., New York City, Keego Harbor, Grand Ledge and Pontiac.

Thirty-four members of the Jacober family held a reunion on July 4th at the home of the William Jacobers on Williams Lake. Those attending were the children and grandchildren and their families of Mr. and Mrs. August

While we are writing about picnics and reunions there is one more to report. The Miller family reunion with about 60 present was held Sunday at Bloomer State and will tour the New England Park near Rochester. Mr. and Mrs. John Miller and Mr. and Mrs. Sam Miller and children of Waterford and Mr. and Mrs. Kenneth Miller of Pontiac were among

those attending.

IMPERIAL CANDLEWICK

Hand-crafted crystal so versatile it is equally ideal for occasional lunches as for formal dinners.

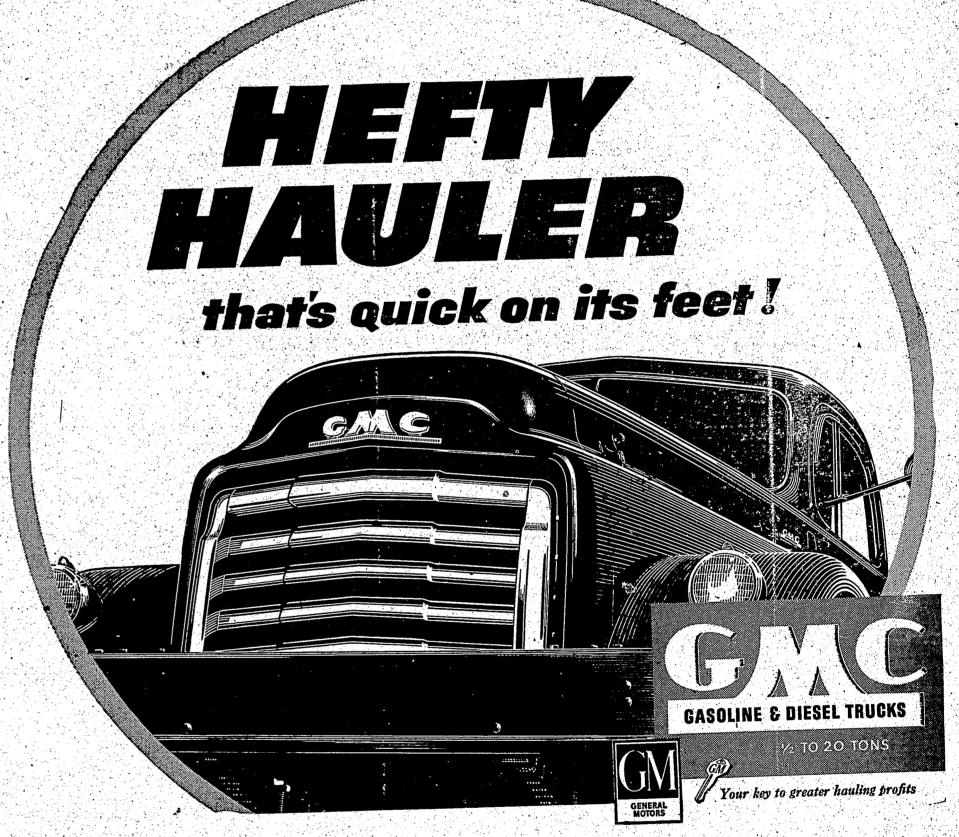

CANDLEWICK is an American made, hand-crafted crystal table-ware, designed to add beauty and gracious charm to your dining-table. It is clear, brilliant, light in weight, almost delicate in appearance, yet amazingly sturdy and durable for day-in, day-out dining. Candlewick's 'round the edge, always visable design was inspired by the hand-tufting needlework so greatly beloved by our pioneer women. The idea of applied design in needlework, combined with skill in hand-crafting glass produced a pattern of inimitable simplicity. A pattern so versatile it is compatible with any period of decoration . . . Provincial, Regency, Victorian, Modern. We are proud to offer this complete, open-stock line of Candlewick . . . America's most wanted tablecrystal, hand-crafted at the Imperial Glass Corporation, Bellaire, Ohio, U. S. A.

You want a truck that has plenty of heft for the pay load-but the right kind of power is the clincher.

That's why so many truckers turn to GMC for swift performers that can pack home the pay load.

For in these broad-shouldered carriers - chassis and engine are yoked together to form a perfect team for

MA ple 5-5566

hauling, a team that's built for keeps!

The result is a great line of trucks from nimble 1/2- to 2-tonners with horsepower unsurpassed in their class, up to brawny Diesels with twocycle efficiency that has made them first in sales in the nation.

That's why - whether your cargo is compact or bulky, liquid or solid, grain or cement-if you load it on a GMC, you deliver it faster at less cost per mile!

As your GMC dealer, we can give you the long-time benefits of the right combination of axle, engine, transmission and frame for the loads you have to work-skilfully engineered by the world's largest exclusive manufacturer of commercial vehicles.

Gef a <u>real</u> truck!
