Mr. and Mrs. Clyde Lehman and Mrs. Della Neal of the Andersonville Road have returned from a month's vacation trip through the southeast. They visited their son-in-law and daughter, Sergeant and Mrs. Chet Voliva at Quantico, Virginia. Mrs. Voliva accompanied them to Washington, D. C. From there the Lehmans and Mrs. Neal went on to Florida for the remainder of their vacation.

Mr. and Mrs. Lawrence Giddings and daughter Nancy Lou are vacationing in the upper peninsula.

The James Lambertson family and Mrs. A. W. Mertens spent the weekend at their cabin in northern Michigan.

Mr. and Mrs. Donald Beedle are spending the week at the Beedle cabin up north. Mr. and Mrs. Emery Beedle enjoyed three days there last week.

Mr. and Mrs. Arthur Davis of Andersonville Road visited relatives in Grand Rapids over the weekend.

Mr. and Mrs. Robert Amos and Jeanine McCaffrey spent a few days in the north early this week. Mr. and Mrs. Frank Tower are spending a few days at the Lambertson cabin in northern Michigan.

Rev. Arvid E. Anderson is attending the Lutheran Home Mission Institute this week at Columbus, Ohio.

Rev. and Mrs. Wright Van Flew and two sons are spending the second week of their vacation at the Girst cabin near Luzerne. The Charles Jehle family left Monday to join them there for the week.

Jean and Virginia Valentine, daughters of Mr. and Mrs. Kenneth Valentine, have returned home from a two weeks stay at Camp Cavell, a Y. W. C. A. camp north of Port Huron.

Mrs. Henri Buck, Mrs. Victor Lindquist and son Kirk are visiting the Charles Harris family at Roscommon this week.

Mr. and Mrs. Don Hetchler and family left Friday for a week at Ludington.

The Frank Schultz family of Maceday Gardens are at Tawas for the week.

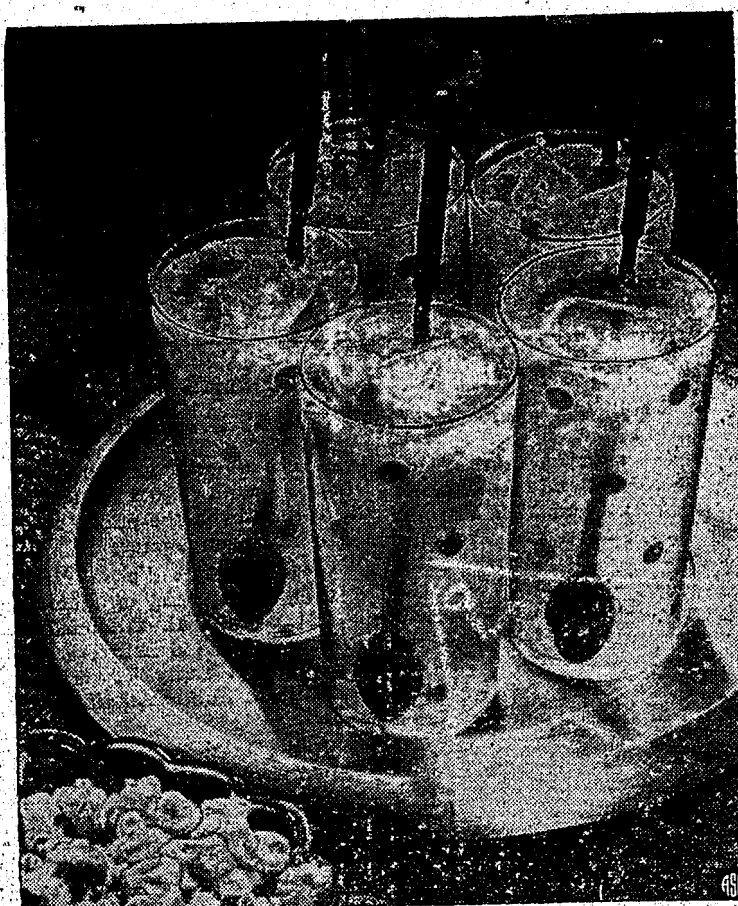

Mr. and Mrs. Roy Young and Mr. and Mrs. Bob Drader are vacationing in Wisconsin. They went to Muskegon Saturday and crossed Lake Michigan on the Milwaukee Clipper.

Fifty-two Luther Leaguers from Flint, Pontiac and Berkley met Sunday evening at the home of Tom Studt. The program included a baseball game, swimming and camp-fire devotions led by Ty Holland and Skip Wood. Rev. Arvid Anderson led in group singing.

The regular meeting of the League will be held next Sunday evening at 7 o'clock with Tom Studt's group in charge.

The Luther Leaguers are planning an ice cream social to be held on the church lawn on Friday, August 10th, from 6:30 until 10:00.

**Mid-Afternoon Refreshment**

"All glasses, tinkling with ice and filled with a delicious, bubbling beverage—what better way to revive the drooping spirits of guests or the family on warm summer days? A mid-afternoon drink, served on the porch, or any cool, shady spot, is a delightful interlude in the day's activities. A cooling drink is a welcome offering to unexpected callers and affords such a quick and easy way to bring on the refreshments.

A few cans of fruit juices and bottles of pale dry ginger ale and sparkling water in your refrigerator and you are ready for any time that a quick drink may be called for. Fresh fruits, too, peaches, cherries, berries and the citrus fruits, all come in handy for invigorating drinks. Here is a good afternoon refresher, the cherry syrup to be made ahead of time and set in the refrigerator to chill until ready to use.

**Cherry Glow**

- 1 cup chopped, ripe cherries
- 1/2 cup water
- 1/2 teaspoon grated lime rind
- 1/2 cup orange juice
- 2 teaspoons lime juice
- Sparkling Water

Combine cherries, water, grated lime and orange rind. Simmer until cherries are soft. Chill. Divide in 4 tall glasses; add orange and lime juice. Fill glasses with ice cold sparkling water. Serves 4.

**Hawaiian Nectar**

- 1 No. 2 can pineapple juice
- 6 limes, juice
- 1/4 cup powdered sugar
- 1/4 cup orange juice
- 1/4 cup dry ginger ale

Combine ingredients, stirring until sugar is dissolved. Pour over ice into 6 glasses. Fill glasses with pale dry ginger ale. Garnish with maraschino cherries in thin slices of orange. Serves 6.

Mr. and Mrs. Percy Hunt of Watkins Lake entertained 25 members and guests of the Good Will Club last Thursday at a picnic supper. The evening was spent socially and Mrs. Lyman Girst showed pictures taken on their various trips, including Florida and Cuba.

The Waterford MOMS will meet Wednesday afternoon, August 8th, at 2 o'clock with Mrs. S. W. Eiter. The MOMS will sponsor a "Hard Times Breakfast" on Thursday, August 16th, at the C. A. I. building.

August 9th is Church workers night at the Waterford Community Church when the Trustees, Church Council and Mission Boards meet.

The picnic of the Waterford Church, Sunday School and Daily Vacation Bible School will be held August 11th, at Bloomer State Park near Rochester. Those attending will meet at the church at 1 o'clock. A picnic basket supper will be served about 1:30.

This Saturday, August 4th, the youth for Christ meeting will be held at the First Methodist Church in Pontiac at 7:30.

Building fund banks are due next Sunday at the Waterford Church. The money from these banks will be used to help defray the expenses of the new annex.

Friends extend sympathy to Alton Goll in the loss of his brother Arthur Goll whose funeral was held Monday in Detroit.

Saturday, August 11th, is the date of the Waterford School Reunion. Pot-luck dinner will be served at 1 o'clock. All former pupils of the school are invited to attend.

**HONEYBEE TO BE QUEEN AT THE FAIR**

The honeybee will be queen in the featured Agriculture exhibit at the Michigan State Fair, August 31 through September 9th. Chairman of the exhibit titled "Value of Bees to Michigan Agriculture" is William E. Staack of Dearborn who is being assisted by committeemen including Prof. E. C. Martin of Michigan State College and Edwin Smith, of Detroit, State Fair Board Member.

A large glass hive of bees will be flanked by displays portraying the benefits of bees in pollinating fruits and legume seeds. Also included will be an exhibit of commercial honey extracting equipment and a demonstration of honey extraction from the combs, using hobby beekeeper utensils.

"There was a time when almost every Michigan farm had its own hives of bees and that was good," explains Chairman Staack. "The importance of honeybee pollination to general agriculture has been known for centuries and where farm practices have been handed down from generation to generation there you will find honeybees."

In early Michigan practices, honeybees were maintained in any kind of a box that made a shelter. Bees die in winter, but that made little difference, for with good spring weather replacements could always be made from the stronger remaining colonies.

Increase was often made during the summer, when swarms were captured and put back to work. Many of you can remember grandfather or grandmother excitedly trying to bring down a swarm of bees by pounding tin pans, ringing bells, and shouting. Some even threw sand in the air. The bees always came down somewhere when they got good and ready.

But Michigan agriculture has grown up. The up-to-date farmer has little time to fuss with bees. Fortunately, beekeeping has become big business, too, and honeybee pollination is now available through more beneficial arrangements than ever before.

Farmers, in general, know the valuable service honeybees perform. And the statement by the United States Department of Agriculture that honeybees are worth ten to twenty times more as pollinators than for the value of the honey they produced, is not to be taken lightly. Each year the USDA asks for increases in the number of hives of bees across the nation, for bees improve the

quantity and quality of many valuable farm crops.

**Red Cross News**

Oakland County Chapter American Red Cross announces through its knitting chairman, Mrs. E. K. Leavenworth of Birmingham that Red Cross knitters are in need of all colors and weight scrap yarn to make into afghans and other articles for hospitalized soldiers.

"All odds and ends can be used," Mrs. Leavenworth says. Mail them to the Red Cross Headquarters at 53 1/2 West Huron Street, Pontiac.

The Oakland County Chapter, American Red Cross has been assigned a quota of \$22,515.00 to be raised immediately for the special Red Cross Flood Relief Fund. Dr. Robert W. Kelso, of Pleasant Ridge, Chairman of the local Red Cross Chapter has been advised as of July 26, 1951, Dr. Kelso says that time does not permit direct solicitation. "Our people will respond to this call to Mobilize for Mercy, by sending checks and contributions to local Red Cross Headquarters, at 53 1/2 W. Huron Street, Pontiac."

Government will assume the responsibility of restoring great public utilities, but the business of helping families to stay together and to get back on their self-supporting feet is the job entrusted to the Red Cross, Dr. Kelso says.

"As we have worked together to get blood for Korea—now we must work together to relieve suffering caused by this greatest disaster."

 Mrs. Stanley Furman Correspondent  
 Mr. and Mrs. John Snyder left Sunday morning to spend a week with his mother in Baldwin, Mich. Mrs. Ralph Watson entertained the 50-50 club last Tuesday evening. Mrs. Gordon Black won a prize; Mrs. Andy Hinson received 2nd prize, a hand painted creamer and sugar set. Mrs. Warner Beckman won the booby prize, two crystal vases and Mrs. Stanley Furman received the door prize, a double, ornamental flower holder.  
 The Glenn Hornes celebrated their 16th wedding anniversary on Tuesday, July 24th.  
 The Taulbees are adding a utility room to their house and are also raising the roof.  
 Frank Huff has been installing new windows in the dining room of his home.  
 Mr. and Mrs. Charles Carte

spent the weekend in Mansville, Ohio.  
 Helen Black spent last week in Brown City with her grandmother, Mrs. Gunn.  
 Last Thursday Mrs. Richard Snover, Mrs. Stanley Furman and Mrs. Gordon Black took 18 boy scouts, cub scouts and explorers on a tour of the Pontiac motor. After the tour the group was taken to the cafeteria for warm, fresh doughnuts and milk. The adults had tea or coffee.  
 Tim Ridgeway celebrated his birthday on July 26th by registering for the draft.  
 Don Carte of Pontiac spent the weekend visiting Bill Carte.  
 Arthur Towne celebrated his birthday last Saturday. He and Mrs. Towne went to Lapeer to visit Mr. and Mrs. Bob Stellar.  
 Keith Carte, Bob Raeder, Fred Vess, Bob Furman and Charles Shafer are at the boy scout camp at Tommy's Lake this week.  
 Wilma Jean Peyton celebrated her 18th birthday on July 27th.  
 Mrs. Howard Lane entertained at a household demonstration on Wednesday of last week. Mrs. Stanley Furman won the door prize, a dollars worth of merchandise.  
 Joyce Watson left on Monday to spend the summer with her mother in Alma, Michigan.  
 Junior Foster is now the assistant explorer leader. He will leave the latter part of the week for the boy scout camp.  
 Fred and Hazel Robinson left Sunday to spend a week at the 4-H camp.

have been exposed to poison ivy should wash the exposed area thoroughly with a strong laundry soap. If irritation occurs and tiny blisters appear he should see his doctor.  
 The poison in the ivy plant is a no-volatile oil which can be carried in fire smoke, in ashes, in dust, on the fur of pets, or on garden tools, wood, or other items which have come in contact with the plant.  
 Eradication of the ivy plant is the only sure protection against ivy poisoning, according to the State Health Department which is urging cities and resort areas to see that the plant is eliminated from playgrounds, parks, golf courses, picnic and bathing areas and along sidewalks and paths.  
 An "ammate" solution or 2,4-D solution sprayed on the leaves and plant will kill it. "Ammate" takes five to ten days and 2,4-D, about three weeks. If the plants are still green at the end of these periods they should be sprayed again.  
 Spraying should be repeated every year until plants no longer appear. The sprays are not poisonous to man or animals, but care should be used to keep the mist from falling on valuable cultivated plants. About three-quarters of a pound of "ammate" in a gallon of water will treat an area 16 feet long and 16 feet wide of ivy foliage, State Health Department engineers said.

NATIONAL HOME DEMONSTRATION COUNCIL MEETING

Nearly every state will send its share of the 2,500 women expected on the campus of Michigan State College, East Lansing, from August 13 to 17 for the fifteenth annual meeting of the National Home Demonstration Council.

Theme of the national meeting — "Democracy, the Torch We Hold", will culminate efforts by state groups in their programs during the year. This program has stressed family relations, health, international affairs, citizenship and education.

Nationally known speakers to stress these points have been named. Mrs. Leona D. MacLeod, state home demonstration leader in Michigan and her staff of specialists and home demonstration agents are cooperating with the Michigan group in sponsoring the national session.

Opening Monday evening, August 13, the first session will feature the more than 100 women in Indiana's Extension Chorus. Among the speakers throughout the week will be Dr. Amalie K. Nelson, Ohio State College psy-

chologist; Mrs. Mabel Head, Chautauqua, N. Y., authority on churches and missions; M. D. Wilson, director of the Federal Extension Service of the U. S. Department of Agriculture from Washington, D. C.; John A. Hannah, president of Michigan State College; Edgar A. Guest, famed poet from Detroit; and Mrs. John L. Whitehurst, assistant director of civil defense, Washington, D. C. Mrs. Malcom Byrnes, Ethel, La., is president of the National Home Demonstration Council and will preside.

With the council sessions closing at noon on Thursday, August 16, the Country Women's Council, the United States branch of the American Country Women of the World, will open sessions. Mrs. George Apperson, Mocksville, N. C., is a chairman of this group, which is closely associated with the N. H. D. A. council.

Mrs. Raymond Sayre, of Iowa, international president of the Associated Country Women of the World, will be the main speaker. Dr. Walter Leavess of the University of Michigan, Ann Arbor, formerly deputy director-general of UNESCO, will tell of the work of that organization in its effort to coordinate education within the United Nations.

A number of Michigan people will have parts in the week-long program. Special tours are being arranged for the out-of-state visitors. They will be housed in college dormitories.

Those going as special delegates from Oakland County are: Mrs. Maurice Young of Drayton Plains; Mrs. Dora Loony of Pontiac; Mrs. Arthur Simmons of South Lyon; Mrs. Vernon Green of Royal Oak; and Mrs. Guy Ellis of Holly. Many home extension clubs plan to go for one or more days. Those going for the day may take picnic lunches or plan to eat at the Union Building. A schedule of the program is shown below. According to Mrs. Josephine Lawyer, Oakland County Home Demonstration Agent, Wednesday seems to be the best day's program.

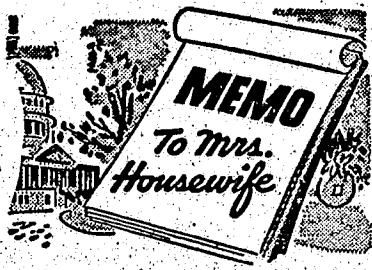

LIVE-OVER-WINTER COVER CROPS GIVE SOIL PROTECTION

Saving of soil loss from wind and water, and a deposit of up to \$10 to \$15 worth of nitrogen per acre will help the soil bank account of farmers, who plant sweet clover and rye as live-over-winter cover crops when they cultivate their corn for the last time.

That is the observation of Paul J. Rood, extension soil scientist at Michigan State College. Rood has studied the effects of leaving land bare and unprotected after harvesting the corn crop and says that "soil losses can be greatly re-

duced, almost eliminated and plant humus added by planting a cover crop to protect the topsoil through the winter."

He recommends 10 pounds each of rye and sweet clover, broadcast just ahead of the cultivating equipment. The sweet clover is

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goode

Dust on lamp bulbs can steal one-third of your light. So if you have no blind spots in your dusting you'll have none in your lighting.

Beets are a two-in-one vegetable because the beet greens as well as the beets make delicious eating. Cook the greens in a small amount of water for twenty minutes and season with vitaminized margarine, salt and pepper.

When washing fine, fragile china or glasses, line the bottom of your dish pan with a rubber mat or a thick towel and treat the drain-board the same way. This procedure will cut down breakage and chipping.

Eggplant may look as if it might be a poisonous melon but underneath that formidable exterior it's a delicate-flavored vegetable. Try broiling it, sliced, seasoned with salt and pepper and spread with real mayonnaise. Takes about 12 minutes.

Chairs, tables and other pieces that are not too heavy can be painted with less effort if set upside down and the legs painted first. Then set the table or chair upright and do the rest.

a legume, and properly inoculated, can draw nitrogen free from the air before next spring's planting season. Rye grass may be substituted for the rye.

Wheat planted for next season's harvest gives effective protection for land planted in soybeans and navy beans this year, he says. Even though sugar beet harvest is late in the season this land needs a live-over-winter cover crop for protection.

Rood points out that areas where the acreage of clean cultivated crops is large in comparison to the acreage of hay especial-

STATE OF MICHIGAN — In The Circuit Court For The County Of Oakland In Chancery. VICTOR L. WILSON, Plaintiff, vs. VIRGINIA J. WILSON, Plaintiff, vs. ORDER OF PUBLICATION AND APPEARANCE

At a session of said court held at the Court House in the City of Pontiac in said County on the 15th day of June, A. D., 1951. Present Hon. FRANK L. DOTY, Circuit Judge.

IT IS ORDERED that said defendant, Victor L. Wilson, enter his appearance in this cause within three (3) months from the date of this order, and in default thereof that the bill of complaint filed by the plaintiff herein be taken as confessed; and that this order be published and mailed, or a copy thereof be served, as required by law.

FRANK L. DOTY, Circuit Judge. LYNN D. ALLEN, County Clerk. By Wilfred S. Cooney Jr., Deputy

ESTES & COONEY Attorneys for Plaintiff 812 Pontiac State Bank Bldg., Pontiac, Michigan. June 21, 28; July 5, 12, 19, 26; August 2.

WILLIAM H. STAMP, Attorney, Clarkston, Michigan

No. 57,817 STATE OF MICHIGAN — In The Probate Court for the County of Oakland. In The Matter of the Estate of Sarah W. Carran, Deceased.

At a session of said Court, held at the Court House in the City of Pontiac, in said County, on the 20th day of July, A. D., 1951.

Present, Hon. ARTHUR E. MOORE, Judge of Probate. ORDER APPOINTING TIME FOR HEARING CLAIMS

Notice is hereby given and it is hereby ordered that the time and place for hearing on claims against

the above estate shall be the 1st day of October, 1951, at nine o'clock in the forenoon at the Probate Court in the Court House at the City of Pontiac, Michigan.

All creditors or claimants against the above estate are further notified and ordered to prove their claims at said hearing and prior to said hearing, with this Court and with the fiduciary of this estate, under oath, containing sufficient detail reasonably to inform the fiduciary of the nature and amount of the claim.

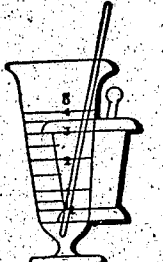

ARTHUR E. MOORE Judge of Probate WILLIAM H. STAMP, Attorney, Clarkston, Michigan July 26; August 2, 9, 16

WHAT IS A DRUG STORE?

The drug store is but one unit in a complex pattern of businesses and professions, all of which serve the needs of the community. But it is unique in that pharmacy is both a business and a profession.

A business built on service to the sick cannot be restricted to usual "business hours." The need for medicine and sickroom supplies is usually immediate and urgent. In times of widespread illness the twenty-four-hour day seems all too short. We are ready, day or night, to serve the pharmaceutical needs of the community.

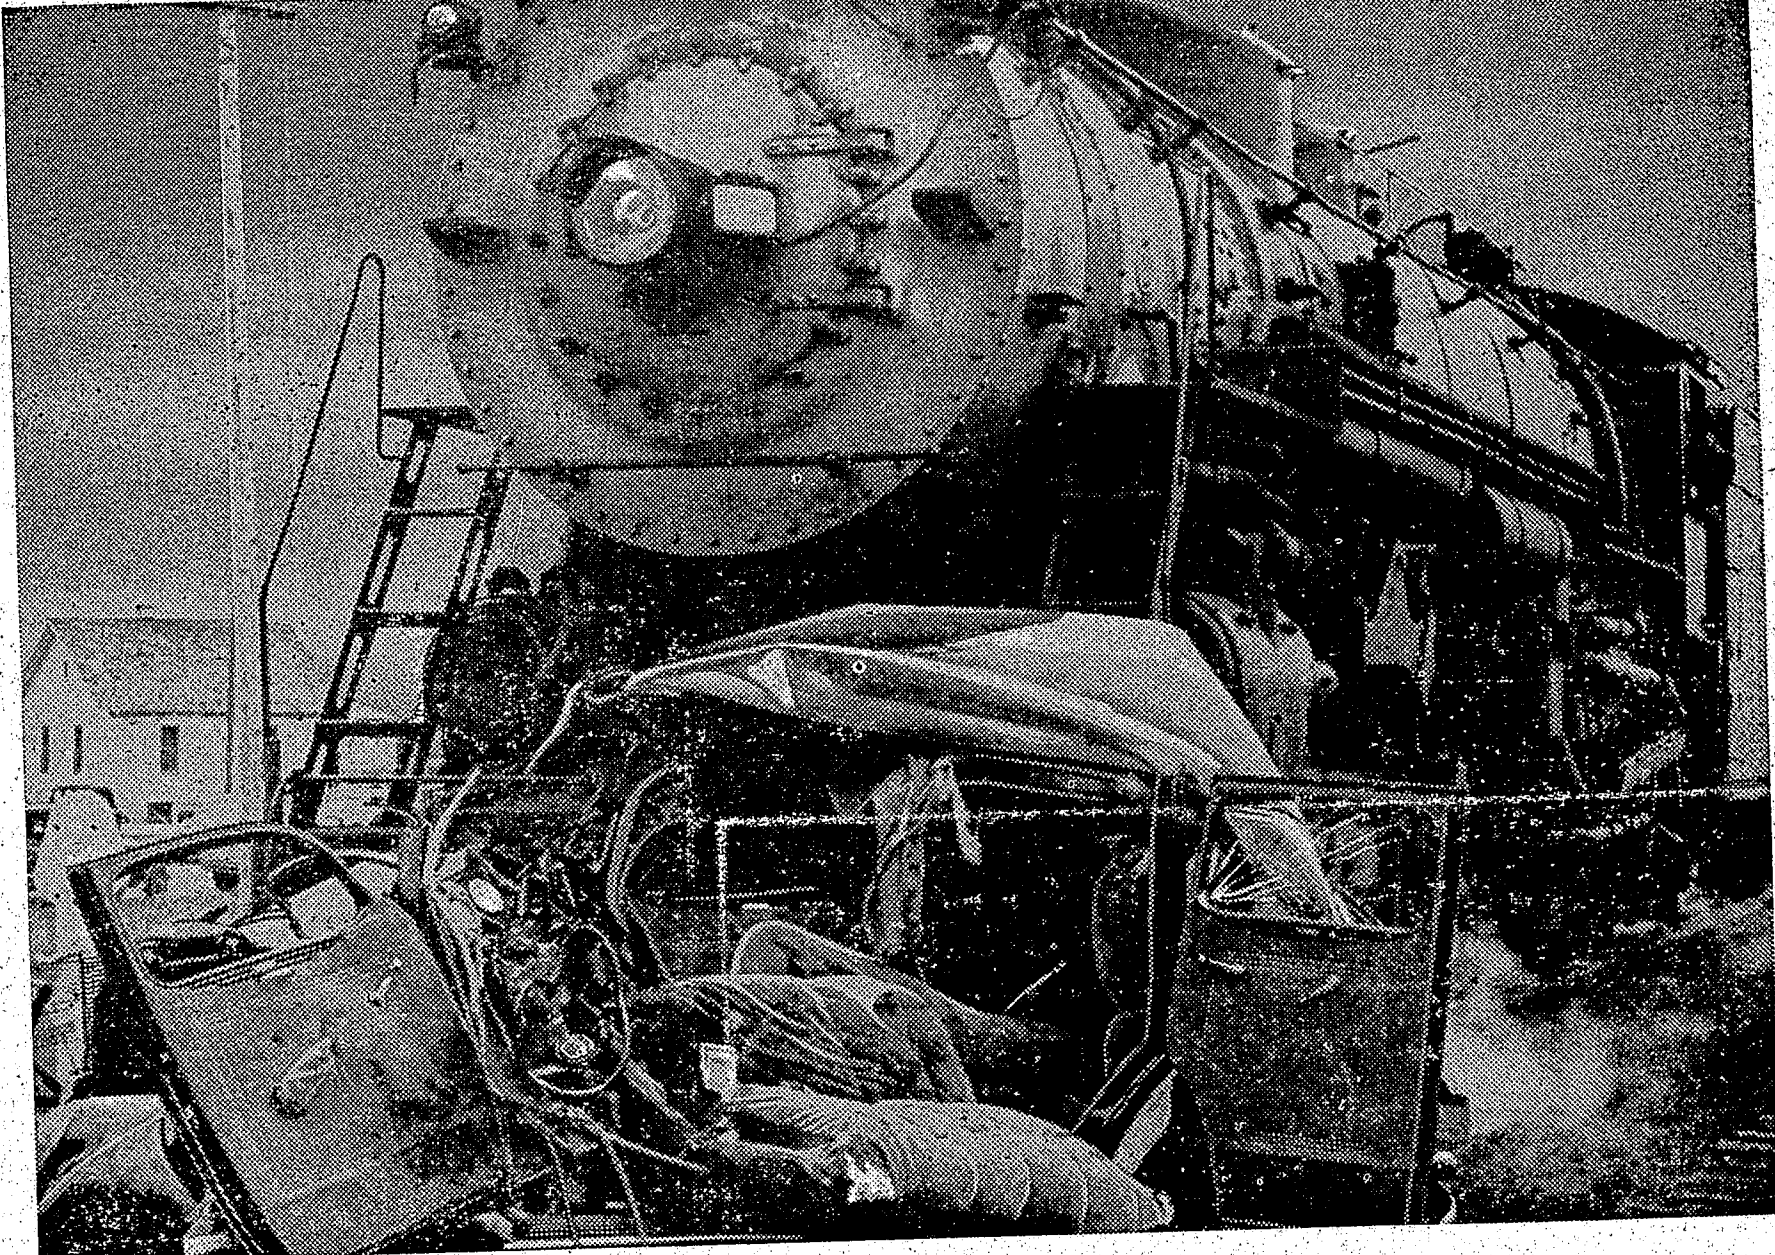

Drayton Drug Store E. G. GREER, Prop. Drayton Plains, Michigan

When it's a tie — you die!

Hundreds of motorists lose their lives every year in needless accidents like this. Thousands more are injured, many permanently. Not all these accidents are caused by racing a train to a crossing. Frequently grade crossing tragedies are the result

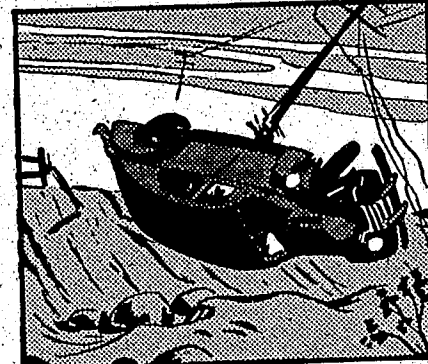

of being "half-way" careful. Take a tip from the bus drivers. They always come to a full stop, look both ways and listen. Remember, when it's a tie — you die. Be careful — the life you save may be your own.

Slow down before intersections—even when you have the right of way. It may save the life of a pedestrian who didn't see or hear you. Next time the pedestrian might be you!

All signs mean "Caution." Highway signs and symbols are there for your protection. Learn what they mean, do what they say... it may help prevent an accident today.

Driver fatigue is a factor in many non-collision rural accidents. Before you doze yourself into the ditch, pull off the road and take a nap or stop for coffee.

An official public service message prepared by The Advertising Council in cooperation with the National Safety Council.

Be Careful—the life you save may be your own!

APPETITES BREAK PAR AT THE HARBERTS

Chick Harbert, top-flight golfer, "world's longest driver," and Professional at Meadowbrook Country Club, Detroit.

Their Range? ELECTRIC, of Course

"Hot weather makes you appreciate your electric range more than ever," says vivacious Mrs. Chick Harbert. "The kitchen stays so cool and comfortable when the oven is in use."

"And there's a lot of baking done at our house, even in the summer," adds Chick. "Deirdre and Kathleen are chocolate-cake fans."

"Chick and I go for broiled foods... steaks and chops take on a wonderful electric-broiled flavor," continues Mrs. Harbert. "We have other favorites, too... deep-well cooker dishes."

This attractive modern family approves wholeheartedly of their electric range. Why don't you enjoy all the advantages of electric cookery? Your dealer will be glad to tell you the whole story.

CHOCOLATE CAKE

Deirdre's and Kathleen's Favorite 1/2 teaspoon salt 1/2 teaspoons baking powder or 2 teaspoons soda melted, 3 squares chocolate, melted, or 1/2 cup cocoa (dry) 1 teaspoon vanilla 1 cup butter 1 1/2 cups sugar 2 eggs 1 cup milk 2 cups cake flour

Cream butter, add sugar gradually, and add egg yolks. Mix and sift dry ingredients, and add alternately with milk to first mixture. Add vanilla. Fold in egg whites, beaten until stiff. Bake in shallow pan or two 9-inch layer-cake pans in moderately slow oven (325°) about 30 minutes. Top with creamy-smooth fudge frosting.

Come in and see THE "RANGE OF THE STARS"

... of course, it's ELECTRIC!

When God is understood as  
Love, much of the discord among  
men and nations will be healed  
shown in the Lesson-Sermon to  
be read in the Christian Science  
churches on Sunday, August 5th.  
The Golden Text is from Jude  
(1:21): "Keep yourselves in the  
love of God, looking for the mercy  
of our Lord Jesus Christ unto  
eternal life."  
Among the Bible citations in  
this passage, (1 John 4:7): "Be-  
loved, let us love one another:  
for love is God; and every one  
that loveth is born of God, and  
knoweth God."  
Correlative passages from Sci-  
ence and Health with Key to the  
Scriptures by Mary Baker Eddy

include: "People go into ecstasies  
over the sense of a corporeal Je-  
hovah, though with scarcely a  
spark of love in their hearts; yet  
God is Love, and without Love,  
God, immortality cannot appear,"  
(p. 312).

sions.

**Michigan Pheasants Hatching**

The number of times this scene is repeated this summer will be  
all-important to the success of Michigan pheasant hunters next fall.  
Here, the last two chicks in a brood of six are about dry and ready  
to leave a nest in southeastern Ingham county. Conservation depart-  
ment game men report most hens hatch their broods in June and early  
July but that a few stragglers will be on nests in August. This nesting  
scene serves to emphasize the fact that it is quite a feat for a chick  
to survive the numerous obstacles which confront it. Assuming the  
chick survives the stage portrayed here, it has to run the gauntlet  
of natural enemies, seek food and cover, and then match wits with  
the hunter in the fall.

**SWARM OF METEORS  
DUE AUGUST 10, 11  
U ASTRONOMER SAYS**

(continued from page one)  
the nights before the peak is reached.  
"Although these flashes of light may be seen in any direction, their

paths when traced back seem to intersect in the northeastern part of the sky where the constellation Perseus rises about 10 P. M.," Dr. Losh reports. "This accounts for the name given to this annual shower of meteors."  
Visibility, barring clouds, should

be good for this year's shower since the moon will not have any appreciable effect in dimming the brilliancy of the meteors' flight across the sky. Dr. Losh says that fifty to seventy shooting stars an hour may be counted during the peak period of the Perseid shower.  
The date of the shower is determined by the time of year that the Earth encounters the swarm of meteors revolving around the sun. Thus the shower of any particular group of meteors can occur only once a year.

"These pieces of iron or stone become visible when they enter the earth's atmosphere," she points out. "Meteors come in at very high speeds and the pressure encountered as they hit the earth's atmosphere checks their speed and the resulting friction sets the meteor to burning. The temperature resulting from the meteor's violent rush through the air is enormous and produces the brilliant flash across the sky."

Besides the meteors, the August sky will be dominated by the Milky Way, extending from the northeast across the center of the sky to the southwest, and its attendant brilliant stars. The long bar of the Northern Cross will be along the Milky Way and almost directly overhead during the evening hours.

Jupiter, which will be rising at almost the exact east point in the sky at 9 P. M., will become the

"Summertime and the livin' is easy" or at least we try to make it so—as far as food is concerned. Quickies that are cool and refreshing make meals more enjoyable—and make lazy summer days more pleasant.

Ice chocolate drinks are "tops" during this season; and for making these nourishing beverages in no time, use new instant sweet cocoa mix. The Chocolate Milk Shake pictured here is new and different, and if bananas are Junior's favorite fruit, he will really go for this combination. It consists of sweet cocoa mix, milk, and mashed bananas blended together for a mouth-watering drink!

**Chocolate Banana Milk Shake**  
1 cup sweet cocoa mix  
1/2 cup hot milk  
1/4 teaspoon vanilla  
Dash of salt  
3/4 cup strained banana pulp

Combine cocoa mix and hot milk in bowl. Stir until cocoa mix is dissolved and mixture is smooth. Add vanilla, salt, and banana. Mix until blended. Chill. Add 3 tablespoons sauce to tall glass of milk and stir until blended. Makes 1 1/2 cups sauce. Will keep for at least 4 days if stored, covered, in the refrigerator.

**Spicy Chocolate Milk**  
3 heaping teaspoons sweet cocoa mix  
1 cup milk  
Dash of ground cloves  
Dash of cinnamon  
Put cocoa mix in shaker or glass jar with tight-fitting lid. Add milk and spices, cover, and shake about 1/2 minute, or until well mixed. Pour into glass. Makes 1 serving.  
Or add cocoa mix to a little of the milk in tall glass and blend well. Add remaining milk and spices and stir vigorously.

dominant planet since Venus will be fading in the western twilight. Jupiter is a part of the constellation of Pisces or The Fishes. This is not a bright constellation but features two lines of faint stars forming a crude letter "V". Just too late for inclusion in August activities is the year's

second partial eclipse of the sun due on the morning of Saturday, September 1st, Dr. Losh declares. The sun will rise with 79 per cent of its surface covered by the moon and the eclipse will continue for more than an hour until 7:06 A. M. The earlier eclipse on March 7 was near the western horizon and just before sunset.

**RECOMMEND CHERRY PRESERVE RECIPE**

Add cherry preserves to the list of 'delightful ways to use some of Michigan's bountiful supply of red cherries, Roberta Hershey, extension specialist in foods and nutrition at Michigan State College, advised homemakers this week.

They're easy to fix, economical and will "hit the spot" in brightening up mid-winter meals, she contends.

Here is the recipe recommended by foods and nutrition specialists at the college and proven by the state's homemakers.

Select sour red cherries. Discard any imperfect ones. Wash and drain them before removing stems and pits. For each pound of pitted cherries three-fourths of a pound to 1 pound of sugar is recommended.

Combine the fruit and sugar in alternate layers and let them stand 8 to 10 hours or overnight before cooking. Sugar may be added along with one-fourth cup of water for each pound of the fruit.

and the mixture cooked at once. Whether or not the fruit has been allowed to stand with the sugar, it must be stirred carefully while it is being heated to the boiling point, the nutritionist advised. Boil rapidly until the sirup is somewhat thick, taking care to prevent scorching. Pour at once into hot, sterilized jars and seal.

**FRUIT AND GARDEN NOTES**  
by Willard E. Bosserman  
Assistant County Agr'l Agent

**BLUEBERRIES**  
Some folks confuse blueberries with huckleberries and would like to know what the difference is. First, I might say that there is

a bigger difference between blueberry varieties, than there is between blueberries and huckleberries. Blueberries have small soft seeds which are quite insignificant, while the huckleberry has hard seeds that are noticeable, especially when you get them above your uppers.

Blueberry varieties range from the small wild berries found in marshes and swamps to the large berry grown on cultivated muck lands.

Anybody who might be considering growing their own blueberries should know that they require very exacting soil conditions. The soil should be very acid (PH 4.0-5.1), with water table 14-22 inches from the surface. Lots of organic matter is also required by the plants.
