CLARKSTON SCHOOL DISTRICT VOTES TODAY

Methodist Church Scene Of Wedding

Large baskets of white gladioli and white asters, palms and cathedral candles were used at the altar in the Clarkston Methodist Church last Saturday evening at eight o'clock when Mary Lee Volberding and Douglas M. Mowry spoke their nuptial vows.

Mary Lee is the daughter of Mr. and Mrs. L. A. Volberding of Clarkston and parents of the bridegroom are Mr. and Mrs. Russell Mowry of Sturgis, Michigan.

The Reverend Robert M. Atkins read the double-ring rites before about one hundred and fifty guests.

To the traditional music played by Adele Thomas, organist of the church, the bride was escorted to the altar by her father who gave her in marriage. She was charming in a wedding gown that had been made and worn by her sister about two years ago. It was of ivory slipper satin fashioned with a fitted bodice, long pointed sleeves, high cala lily collar and tiny buttons down to below the waistline. The back was gathered into a peplum falling into long folds and ending in a full, court, circular train. Her veil of her mother's heirloom lace and French silk illusion fell from a head-hugging cap of lace and satin. She carried a cascade of white roses, stephanotis, glaroses and variegated ivy.

Mrs. Paul Hiser of Marblehead, Mass., was her sister's matron of honor. Her gown of deep chateau taffeta was ballerina length and she carried bronze mums, Tullman roses and ivy. In her hair were flowers to match her bouquet and encircling her head was a tiny eye veil.

The bridesmaids were Pat Smith of Owosso and Lora Mowry, sister of the bridegroom, from Sturgis. Their gowns and head pieces were the same as the honor attendant's and they carried butterscotch mums and gold mums respectively, along with Johanna Hill roses and ivy.

Bob Freeman of Sturgis assisted Mr. Mowry as best man and Ray Dresser of Three Rivers and Roger Bakeman of Sturgis seated the guests.

Just before the rites were read Mrs. Orlo J. Willoughby sang "With This Ring" and "The Wedding Prayer" and towards the close of the ceremony while the young couple knelt at the altar she sang "The Lord's Prayer".

Mrs. Volberding, mother of the bride, wore a mid-gray, light wool dress with small gold and gold accessories. Her corsage was of yellow mums and roses. Mrs. Mowry was in toast-colored crepe with small brown hat and brown accessories and her flowers were pink mums and roses.

A reception in the church parlors followed the ceremony. The room was attractively arranged by Mrs. Theodore Schmidt of Elmhurst, Ill., aunt of the bride. White tarlatan covered the white linen cloths on the tables. The three-tiered wedding cake was topped with small white roses and around the base were white asters and ivy. Also on the table were lighted, ivory candles.

Sally Garrett of Petoskey cut the cake and Mrs. Virgil Campbell of Clarkston and Betty Schettenthal of Dearborn, presided at the silver services. Natalie Schmidt, cousin of the bride from Elmhurst, Ill., poured the punch and Norma VerHage of Zeeland, Mich., registered the guests.

Bright, fall garden flowers were used in profusion about the reception room.

For travelling in northern Michigan the bride changed to a charcoal gray, coat-dress and black accessories. At her shoulder she wore the white roses from her bridal bouquet.

On returning from their honeymoon the newlyweds will reside in East Lansing where Mr. Mowry will continue his studies at Michigan State College.

The bride is a graduate of the Clarkston High School and attended Michigan State College.

NOTICE

The Pinochle Club will hold its first meeting for the fall season on Tuesday evening, September 11, at 8 o'clock, at the Community Activities building on Williams Lake Road. All couples interested in playing pinochle are invited to this meeting.

Teachers Welcomed At Coffee Hour

On Monday evening a committee from the Clarkston P. T. A., headed by Mrs. Charles Robinson greeted the Clarkston Community Schools faculty and the members of the Board of Education and their wives at a coffee hour at the school.

Many of the teachers were new in this community and they arrived in Clarkston some time during Labor Day. What to do the first evening in a strange town would have been a real problem for some. However, this coffee hour made everyone feel at home. The committee saw to it that the chairs were arranged in little informal groups and also that introductions went the rounds and all felt free to converse with each other.

The refreshment table was arranged with the school colors, blue and gold. The cover was dark blue and the centerpiece was of blue and gold flowers flanked by lighted yellow tapers in crystal holders. Mrs. Leslie Greene poured the coffee.

Assisting Mrs. Robinson as hostesses were: Mrs. Byron Clements, Mrs. August Antilla, Mrs. Fred Turck, Mrs. Harold McGraw, Mrs. Roderick Muma, Mrs. Howard Lord, Mrs. Ronald Weber, Mrs. Robert Jones and Mrs. Walton Robbins.

Dancing Classes To Start Here

Beginners dancing classes, under the auspices of Clarkston mothers, will hold enrollment on Friday, September 14, at 3:00 P. M., at the Community Center on N. Main St. Classes will be given in ballet, tap and acrobatic dancing and baton twirling by Miss (Jackie Ray) Voorhees.

Miss Voorhees is a member of the National Association of Dancers and Affiliated Artists; International Baton Twirling Foundation and a member of the All American Drum and Bugle Corps and Band Association. Miss Voorhees is also active in the National Baton Twirling Association and Drum Majors of America and the All American Drum Major Association.

At a recent national convention of N. A. D. A. A., she studied under Alexandra Danilova, prima ballerina, and Leon Danellian of the Ballet Russe de Monte Carlo. Classes will be held every Thursday afternoon after school. For further information call Mrs. Cushman, MA 5-6066.

The Woman's organization of the Sashabaw Presbyterian Church will meet on Wednesday, September 12th, at 4:00 P. M., at the home of Mrs. Robert Kriehers on Waldon Road. All members are urged to be present.

Rev. I. W. Parrish Retires This Month

Rev. I. W. Parrish will retire from active service at the Sashabaw Presbyterian Church on September 15th. He will conduct his last Communion Service at the church on Sunday morning, September 9th. He is extending a special invitation to all members and to any elders ever ordained in the church to be present on Sunday morning.

Mr. Parrish will continue as moderator of the church but another minister will be in charge.

Young People Have Get-Together

Meeting at the home of Mr. and Mrs. Erwin Tesgerdine on Waldon Rd., 15 young people from the Baptist Church enjoyed a supper party Saturday night.

A rare treat was afforded the girls when the boys cooked the meal over a bonfire in the backyard and served it at a table in the basement.

After games and fellowship, the evening ended with devotions conducted by the pastor, Rev. George Halk.

Next Saturday the young people will leave the parsonage at 10:00 A. M. to spend the day at the State Fair in Detroit.

Born to Mr. and Mrs. Clayton Frick, Jr., of Holly, a 5 lb. 15 oz. son, Larry Allen, on August 28th at the Woman's Hospital in Flint.

September Bride Honored At Shower

Last Friday evening Mrs. Jack Storm of S. Main St., entertained at a green and yellow kitchen shower honoring Joan Johnston who will be wed on September 15th.

The group enjoyed an evening of appropriate games. They also gave Joan a recipe file in which each guest placed their favorite recipe.

The shower gifts were placed in a beautifully decorated umbrella in front of the fireplace and were presented to the honoree by Mrs. Richard Morgan.

Dainty refreshments were served from a table covered with a lace cloth and centered with a pretty arrangement of white mums in crystal holders encircling a miniature bride and groom. Flanking this arrangement were four lighted white tapers.

The invited guests included: Mrs. William Johnston, Mrs. Howard Johnson, Mrs. Wayne Longair, Miss Sally Curry, Mrs. Clair Hopkins, Mrs. O. C. Adams, Mrs. Don Harris, Mrs. W. S. Barrows, Mrs. Arvil Williams, Mrs. Richard Morgan, Mrs. Ronald Weber, Mrs. Robert Kinney, Mrs. Arthur McKinnis, Mrs. June France, Mrs. Guy Selden, Mrs. Guy Littleton, Mrs. Lloyd Sibley and Mrs. Kenneth Johnson.

Labor Day Parade Bigger And Better

The consensus of opinion is that this year's Rotary Labor Day Parade was the best yet. Headed by uniformed men carrying the colors and the Clarkston Drum and Bugle Corps the line of march extended from Miller Road to Church Street. More people were interested in making this year's parade bigger and better. There were more children in line and several adults got the urge to get into costumes and make fun for everybody.

Children were anxious to show their pets. They had them well groomed and whether dog, cat or goat, the pet had to be adorned with a huge bow of bright color. The children's costumes were very attractive and showed many hours of work on the part of the parents. The little football squad and cheer leaders from Robertson Ct. drew applause, as did the Royal Family from the school sub-division. The penguin, the mummy and the totem pole drew a great deal of attention. The nursery rhyme characters, entered by the Rotary Anns, were pretty and interesting. There were many more very fine entries in costume and columns could be written to describe them. They all deserve mention.

To add to the spirit of the day Ed. Whipple had several Pontiacs in line carrying Indians with colorful headgear, the school bus, Dearborn Motors, Beach's Service, Don Pringle's Chevrolet, the Clarkston Fire Department, Pontiac Roller Skating Palladium, Rudy's Market, Byron Nolan's Standard Oil, and the Clarkston Rotary Club added; not only color but interest.

Bringing up the rear of the parade was the finest line-up of horses that has ever marched down Main St. The Dixie Saddle Club was well represented. There were ponies, horses and mules and the drivers ranged from very small children to older, dignified adults. The crowd on the sidewalks admired each horse and rider as it came along. This large representation from the Saddle Club added much to the parade.

Since Monday many have made the remark that by next year they will be ready to get in line and make the 1952 parade really outstanding. The more—the merrier, start making your plans now.

Mothers Club Meets Sept. 13

The Clarkston Service Mothers will meet at the Township Community Center on N. Main Street on Thursday, September 13, at 1:30 P. M. All members are urged to attend this important meeting. A public dinner will be planned for September 28th.

Goodwill Truck Here On Friday

If you wish to help those less fortunate than yourself then gather your household discards and have them ready for the Goodwill truck when it stops in this vicinity on Friday, September 7th.

These discards give employment to many handicapped people at the Goodwill Industries in Detroit. Materials of every kind are needed — hats, shoes, garments, furniture and electrical equipment could be used to advantage. Also toys, books, magazines, cartoons and rags would be a help.

Goodwill Industries works on the principle that it is better to give a person a chance to help himself than to give him charity. To handicapped and disabled persons of every race and creed — not a gift of money but a chance to receive employment, training, rehabilitation and growth of personality.

If you would like the truck to stop at your home phone MA 5-4321 and leave your address.

Officer Honored Before Sailing

Last Sunday Mrs. Elizabeth Rockwell entertained at a dinner honoring Grant Carlton of Highland Park who will sail for Japan later this month.

The dinner was served at about two o'clock at a table attractive with a center arrangement of garden flowers and lighted candles.

Guests, besides the honoree, were his wife, Mrs. Carlton of Highland Park, his parents, Mr. and Mrs. Carlton of Wayne, Mich., and Mr. and Mrs. Sidney Hodgins and daughter, Wanda, of Detroit.

Clarkston Locals

Mr. and Mrs. Ivan Rouse and Clark and Willard Baines spent the weekend in Columbus, Ind., with relatives.

Born to Mr. and Mrs. Carl Bates, a daughter, Sally Ann, at Pontiac General Hospital on Monday, September 3rd. Grandparents are Mr. and Mrs. Glenn Boner of Clarkston.

By The Way . . .

School is under way as you read this. Incidentally today is the election day for voting on whether to bond for new school or not. Acquaint yourself with the issues and vote. . . . The past week-end traffic was very heavy. For the first time we remember north bound traffic was lined up a quarter of a mile south of Clarkston. Sunday when the traffic headed south it was lined back to Clarkston from the Dixie from 3:00 to 6:30 in the evening. Even then a large number of vacationers waited until Tuesday morning, before taking the return trip. . . . Saturday is the day for the Scout Waste Paper Drive and you can be sure that they will welcome your waste paper. And we do want an active scout group. . . . Sunday the Dixie Saddle Club will hold their annual horse show. You saw some of the members with their horses in the Rotary Parade, so if you like well trained horses visit the Glenn Ellis farm on the Dixie on Sunday. . . . Clowns and floats added much to the Rotary Parade on Monday. Why not plan on entering a float next year and for that matter if floats are not your idea of enjoyment, why not enter the parade as a clown. . . . A number of local people are attending the harness races in Detroit. We hesitate to mention the betting, but some have wagered on the "ponies". However those who like harness races will have a lot of enjoyment visiting the track. . . . We believe we have found a way to make Bingo legal. We take no pride in this discovery but pass it on because with government morals being as they are the plan might be adopted and those who like bingo could play. Just give the state a few cents out of each bingo dollar played and the state would gladly consent to the game same as they do horse racing, prize fighting and any other proposition that is not legal unless the state gets its "take". As proof of this, if you bet, you must bet at the state controlled "Mutuel" machines. If you bet away from the track and the state loses its few cents out of a dollar it is "naughty" if not downright illegal. . . .

DIXIE SADDLE CLUB ANNUAL SHOW SUNDAY

The Dixie Saddle Club is anticipating a large crowd at their third annual Horse Show on Sunday, September 9th at the Glenn Ellis Farm, 9331 Dixie Highway.

The program this year is bigger and better than in the past. There will be 25 events, which will include 4 classes especially for children. There will be several colorful exhibitions that will appeal to all horse lovers.

There will be entries from this district as well as far away areas. Many noted riders will take part and well known riders will put their favorite horses through their paces.

One special feature will be the leading of the Grand parade by the Clarkston Drum and Bugle Corps.

The program will start at 10:00 A. M. In case of rain the program will be postponed until Sunday, September 16th.

The judges will be Ed Fallon for the English Classes and Jay Cox for Western Classes. Ringmasters will be George A. Perry, English Classes and Ardie Grubaugh, Western Classes. Harry J. Booker will do the announcing.

The officers of the Dixie Saddle Club are: president, Mrs. George Perry; vice-president, Frank McDonald; secretary, Mrs. Leone McDonald; treasurer, Ronald Sutton; directors, Harry D. Waggener, Ardie Grubaugh and Arthur P. Tondou.

The officers and members of the club extend a cordial invitation to all to attend the horse show on Sunday. The admission charge is small, so bring the family and have a good time.

Square Dance Saturday Night

An old-time square dance sponsored by the Merry Mixers Square Dance Club will be held at the Community Activities Building, 5660 Williams Lake Rd., (1 mile west of Dixie Highway), Saturday night, dancing from 9 to 1 with Gordon Paul's orchestra furnishing the music. The public is invited.

Clarkston Locals

The Ralph Grates have purchased a home in Holly, and moved there this past weekend.

Mr. and Mrs. Ray Clark have gone to the upper peninsula for a few weeks.

Neighborhood picnics were featured in many places on Labor Day. One took place at the Ronald Weber home. The young people and their parents gathered for an afternoon of fun. They played games and chatted and enjoyed a picnic luncheon.

Dr. and Mrs. Harry B. Yoh and David arrived home on Tuesday after enjoying a trip through Ontario to the Thousand Islands, then on to Quebec. From this old city they went down through Maine and the north eastern states and then home.

Charles A. Schwan of 4020 Rich Rd. R.R.1, Clarkston, is representing the University of Oregon chapter of Lambda Chi Alpha fraternity at the second biennial Management Training Seminar of the fraternity to be held Aug. 19-24 at Indiana University. A total of 148 universities in 45 states and four Canadian provinces will be represented at the fraternity's training school in leadership, chapter operation and administration. Among the speakers will be George T. Mickelson, former governor of South Dakota, who is a member of the fraternity.

Coming Events

Save yourself some kitchen drudgery this weekend by buying your baked goods at the sale sponsored by the Mary Circle of the W. S. C. S. The sale will be held at 10:00 A. M. At this sale you will also be able to start your Christmas shopping by selecting an apron from a very fine assortment of home made aprons.

The Clarkston Royal Neighbors will meet at the home of Mrs. Carl Irish on Wednesday, September 12th. There will be the usual pot-luck luncheon at noon. All members are urged to attend.

Clarkston Locals

Rev. and Mrs. George Halk went to Port Huron on Monday, where Rev. Halk was the evening speaker at a Youth meeting in the Ross Independent Congregational Church. They reported a fine time and good attendance. Rev. Don Allbough is the pastor.

Captain Robert Lowe, violinist, and Private Ivan Rouse, pianist, were recently presented in a program of music at the Main Post Chapel at Fort Riley, Kansas. The compositions performed included works of Locatelli, Vivaldi, Corelli, Mozart and Gabriel Faure. While Captain Lowe is on duty with the armed services he is on a leave of absence from Lafayette College, Easton Pa., where he is a professor of musicology.

AUTUMN'S ARRIVAL SET FOR 3:38 P. M. ON SEPTEMBER 23rd

Autumn will start at 3:38 P. M. on Sunday, September 23rd, according to Dr. Hazel M. Losh, assistant professor of astronomy at the University of Michigan.

At that moment, the sun will cross the equator heading southward and day and night will be approximately equal on that day. After September 23rd, the hours of daylight will continue to decrease until the shortest day of the year is reached during December.

Acting as a sort of spotlight to announce the impending arrival of autumn the Harvest Moon will be brightening the skies for several nights starting September 15th. Dr. Losh reports. During this time, the moon will rise near sunset and remain above the horizon all night.

The Harvest Moon differs from other full moons throughout the year since there is only a twenty minute delay in the time of rising. Normally the moon rises fifty minutes later each night during the full phase. Thus there is bright moonlight in the early hours of the evening for several nights in a row while the Harvest Moon rises the skies.

The Harvest Moon also will at

Mr. and Mrs. Ira Jones have moved into their new summer home on N. Holcomb St.

Blaine Smith has started building his new home in Clarkston Estates No. 2, south of the village.

AVERAGE FAMILY INCOME IN MICHIGAN IS \$3,532

The average Michigan family has an income of \$3,532 a year or \$67.92 a week.

Reporting on U. S. Census figures, the "Michigan Business Review," published by the University of Michigan, says that about half of all Michigan families had incomes ranging from \$50 to \$100 weekly.

Percentage breakdown of incomes in urban and rural non-farm areas in the state is: under \$1,000 — 8.9%; \$1,000 — \$2,500 — 14.8%; \$2,500 — \$5,000 — 49.8%; \$5,000 — \$7,000 — 17.7%; \$7,000 — \$10,000 — 5.8%; \$10,000 and over — 3.8%.

The United Nations as a whole has sent to the Republic of Korea a total of \$368,000,000 in relief supplies, equipment, and services since the beginning of the Korean War. Of this sum, \$350,000,000 came from the taxpayers of the United States and \$18,000,000 from the taxpayers of all the other members of the United Nations.

Guide Post Since 1853

Gradually becoming a Michigan rarity are original bearing trees such as this one which Dean DeLaMater, conservation department surveyor, "discovered" near Gwinn in a routine forest survey. Still partially visible but not entirely readable is the marking made in 1853, locating this particular spot as townline 44 north, range 25 and 26 west, linking sections 19, 24, 25 and 30. DeLaMater reports this is the best "location" tree he has come across in 12 years of forestry work. Tree was cut in early upper peninsula lumbering days. Most likely area to still find original bearing trees is in the few upper peninsula virgin timber tracts.

Today the electors of the Clarkston Community School District will vote upon the following propositions: Bonding the district for \$375,000; levying 6 mills to pay the \$375,000 bond issue; levying 1 mill for payment of \$45,000 Sashabaw School debt; shall the limitation on the total amount of taxes which may be assessed each year against property in the Clarkston Community School district be increased for a period of 20 years for the purpose of raising money for a building and site sinking fund?; shall the Clarkston Community School district levy 3 mills to create a sinking fund for the purpose of constructing or repairing school buildings and acquiring sites therefor, for a period of 20 years?

The polls will be open from 7:00 A. M. until 8:00 P. M. Eastern Standard Time.

Reminder

Get your waste paper ready for the Boy Scout Drive on Saturday. Tie the bundles and pack loose paper in cartons or bags and place them at the curb for easy pickup. Make this the biggest paper drive ever held here by a contribution from every home in the district. The Boy Scouts need your help.

Clarkston Locals

Mrs. Jean Good of Toronto, sister of the Reverend Robert M. Atkins, spent a few days last week at the Atkins home. Mrs. Good is on her way to speak at the Second International Gerontological Conference in St. Louis, Mo.

Mrs. Elizabeth Rockwell has been quite busy all summer. She is having her house remodeled and is in hopes that the work will be completed in a couple of weeks. Two rooms and bath have been completed upstairs and downstairs the living room has been extended across the front of the house and at one end is an open stairway leading to the second floor. Mrs. Rockwell is intending to rent the upstairs rooms.

Labor Day For All

All the things that we use each day that we live Are products of labor some man had to give. The food that we eat and the clothes that we wear Were tended and fashioned by hands with great care. The fuel that we burn and the milk from the cow Are brought to our door by much sweat of the brow. The cars that we drive and the roads thru our lands Were brought into being by hard working hands. All things that we need and pleasures we find Are products of labor, of hand and of mind. For the sake of all men there's much we can gain By team work of muscles, and quick thinking brain. Either one by itself can not find a way Of completing a job and making it pay. Too, capital is needed to strengthen the plan To bring into being these products of man. When all pull as one and none are found shirking With brawn and with brains and finances working, Each one has his labors like links in a chain With a unit of purpose where all stand to gain So all of us labor and each has his place In filling the needs of the great human race.

Nanette Pattern

Pick up a piece of BARONET CHINA. Hear its resonant ring. Look at its fine texture, its smooth, brilliant and long-wearing glaze, its distinctive decorations. This is fine china, made in the U. S. Zone of Germany by one of Europe's oldest and best china manufacturers, Eschenbach of Bavaria. For your "best" china service (it has an "everyday" price tag on it though) choose NANETTE, the pattern which is equally at home in formal or informal settings. It is decorated with green-and-coin-gold fleurs-de-lis and coin-gold lines. This charming design is on the Princess shape, with large size dinner plates and footed, flared teacups with coin-gold handles.

GIVES POINTERS FOR FREEZING OR CANNING PEACHES

Frozen or canned peaches are a welcome treat during snowfall time and now is the time to take advantage of the plentiful supply of fresh, Michigan grown fruit to stock up.

Roberta Hershey, foods extension specialist at Michigan State College, has some ideas on how to store the fruit to preserve its best color and taste. She recommends the hot pack method for canning because they're less likely to turn brown.

Simplest way to remove the peellings from peaches is to dip

them in boiling water, then quickly in cold water. Then just rub off the peellings. Cut in half and remove pits. Dropping them into water with 2 tablespoons each of salt and vinegar per gallon will help prevent darkening.

For canning, the peaches should be heated through in hot sirup. If the fruit is very juicy you may heat it with sugar, adding no liquid. Pack hot fruit to one-half inch of the top of the jar. Cover with boiling liquid up to the one-half inch mark.

Complete the job by processing in a boiling water bath for 20 minutes with the water well over the tops of the jars.

Some recommended varieties for freezing are J. H. Hale, Hale Haven, Elberta and Red Haven. They should be harvested at the stage of firm ripeness but not softness.

Rapid preparation for the freezer is essential to prevent browning. After peeling and removing pits, cut each half into four to six pieces. Pack quickly into containers, leaving as little headspace as possible. They should be covered with sirup made of equal parts of sugar and water, and containing ascorbic acid.

THAT SUMMER COLD MAY BE HAY FEVER. U-M DOCTORS SAY

About nine out of ten persons suffering from hay fever believe they have a "common cold" or sinus trouble, according to doctors in the Allergy Clinic at the University of Michigan Hospital.

Unfortunately, many of these people mistakenly often turn to nose drops for relief without realizing it may contain substances to which they are allergic, the U-M doctor explained.

Individuals who are in doubt regarding whether their symptoms of "runny" nose, sneezing, and "watering eyes," are indications of hay fever or a common cold should consult a doctor to obtain an accurate diagnosis, the Allergy Clinic pointed out.

The doctors explained that hay fever causes an increase of certain white cells in the blood stream which can be readily determined.

The confusion between hay fever and the "common cold" probably arises because of the similarity of certain symptoms. However, the University physicians said patients with hay fever do not have a fever, even though they may feel hot.

Hay fever symptoms can occur year-round as the result of dust or the use of face-powder, tooth-paste, milk or other foods that may contain substances to which a particular individual is allergic,

Real Cowboy in State Fair Rodeo

Wild Bill Elliott, who plays Red Ryder in the movies, will be featured in the rodeo of the Michigan State Fair in Detroit August 31 through September 3. Not only is Bill Elliott a genuine cowboy, born and raised on a ranch, but his horse Stormy Night is a national champion cutting horse. Both will star in a terrific wild west entertainment.

PLAN MEALS AHEAD WITH YOUR FREEZER

By Mrs. Josephine Lawry Home Demonstration Agent

"Your home freezer can be a treasure house of ready-to-eat meals that will give you more free time to spend in the yard or garden, and cut down the amount of time you need to spend in the kitchen," Mrs. Josephine Lawry, county home demonstration agent, said today.

Preparing cooked or baked foods for freezer storage is not difficult, she pointed out. And you'll find it helpful to freeze foods that require long preparation — it takes a little more work to prepare them in quantity than in small amounts.

Combination dishes are ideal for storage and can be quickly served from the freezer. Stews, chicken a la king, baked beans, and meat balls in tomato sauce are good for freezing.

Here's how you do it. Cook the meat and vegetables until they are barely tender. That way the reheating process will finish the job. Cool the foods quickly and put just enough for one meal into moisture and vapor-proof packages. Freeze immediately.

Mrs. Josephine Lawry advises against using potatoes or rice in recipes since they do not freeze well.

Keep a record of what you have frozen and the date you did the job. Don't keep it frozen too long.

Baked goods may be successfully frozen and provide quick desserts when company arrives unexpectedly or when you're busy with other tasks.

FRUIT AND GARDEN NOTES

By Willard E. Bossmer Assistant County Agr'l Agent

OVERLOADED PEACH TREES

Many peach tree branches are being broken down because of an abundance of peaches. "An ounce of prevention is worth a pound of cure". If, in early summer when the peaches were small, they had been thinned the load would have been lightened, and the fruit bigger and much better in quality.

For the first time the department can supply some trees from the old federal Wyman nursery near Manistique, supplementing output at the Higgins Lake and Hardwood nurseries.

Eight classes of pine can be had at slight price increases ranging from \$1 a thousand more for seedlings and \$2 a thousand more for transplants. Included are the first scotch pine seedlings to be supplied in nearly 20 years, to meet the demand for Christmas tree stock in southern Michigan.

Others on the new list are two-year-old red, jack or Banks, and white pine seedlings; three-year-old jack seedlings and red and white transplants; and four-year-old red pine transplants. Only the scotch pine supply is limited.

Nursery shipments will be made about September 15-November 1 for fall planting. Stock is distributed at cost for reforestation purposes only and may not be resold or otherwise used commercially.

If the damage has already been done, in some cases the tree can be repaired, and others the broken branches can only be pruned off.

If the tree splits down the middle there is a possibility of drawing it back in place by boring a hole through it and bolting it into place, paint the wound with pruning compound to keep out diseases and insects.

Where large branches are broken down with only a small strip of bark left it is probably best to leave it lay until the fruit has ripened and prune it off after the fruit has been picked.

A good job of pruning in the Spring and a good job of thinning in early summer will prevent much of this peach tree damage.

SUPERSTITION in this Enlightened Age

Do you still bury a dishrag to remove a wart on your finger? Perhaps not, but some do. Yes, even asafetida is still worn on a string about the neck to ward off illness. These cases are extreme, but surprisingly superstitious notions about disease and treatment are held in this enlightened age. Before you accept secondhand statements that hint of witchcraft, consult your physician. He alone is competent to evaluate methods of prevention and treatment of disease. Bring your prescriptions to us. Drayton Drug Store E. G. GREER, Prop. Drayton Plains, Michigan

the clinic declared. The clinic doctors indicated that the widely-heralded drug, Cortisone, has proved very effective in treating some patients with allergic eye diseases involving conjunctivitis (inflammation of the eyelids). Dr. John M. Sheldon, professor of internal medicine, in charge of the University Hospital Allergy Clinic, reported that new compounds, related to Cortisone, are also being used in certain allergy patients with a good deal of effectiveness. However, he pointed out, these new compounds are still in the

One gains a larger concept of man as he reads the Lesson-Ser-

mon which will be read in all Christian Science churches on Sunday, September 9.

The Golden Text is from Romans (8:14): "As many as are led by the Spirit of God, they are the sons of God."

Among the Bible citations is this passage, (Lds. 100:3): "Know ye that the Lord he is God: It is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture."
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Man is spiritual and perfect; and because he is spiritual and perfect, he must be so understood in Christian Science." (P. 475).

School Days Are Better Breakfast Days

IT'S time to make school days into better breakfast days, for September is Better Breakfast Month. It will be fun for all, especially if your breakfast menu looks and tastes this good.

Surveys put a revealing spotlight on our nation's breakfast habits. As for the youngsters, only one out of five goes to school with a good breakfast.

Breakfast Bonus
Government nutritionists point out that drowsiness and low grades may be the result of the forgotten or hasty breakfast. On the sunny side, scientific tests have proved breakfast will "up" our work output, make us quicker on the draw, and keep us calmer and steadier during the morning.

A good breakfast, according to a pattern widely recommended by doctors and nutritionists, is a basic cereal breakfast. This includes just five foods: fruit, cereal, milk, bread and butter.

Tasty Menu
On a September morn, start with bright red tomato juice. Oatmeal is the main dish. Top this goes — much to the delight of

youngsters — fresh applesauce sprinkled with chopped peanuts. Serve it with either cold or hot milk.

Crunchy Wheat Muffins, made with crushed shredded wheat biscuits, offer a different bread-and-butter dish. You'll find the easy recipe below. Make your breakfast beverage milk for the children, coffee and milk for adults.

Crunchy Wheat Muffins
1 1/4 cups sifted all-purpose flour
3 teaspoons baking powder
1 teaspoon salt
1 1/4 cups finely crushed shredded wheat biscuits
1/2 cup chopped nuts
1/4 cup brown sugar
1 cup milk
1 egg, beaten
1/3 cup melted fat or salad oil

Sift together flour, baking powder, and salt. Combine shredded wheat, nuts, and brown sugar and add to flour mixture. Add milk and fat to egg and stir into flour mixture until just blended. Fill greased muffin pans, 2 1/2 x 1 1/2 inches, 2/3 full. Bake in hot oven (425° F.) about 20 minutes, or until done. Yield: 12 muffins.

MAKE APPLESAUCE OF EARLY APPLES

"Early apples are excellent for eating but do not store too well," says Roberta Hershey, Michigan State College extension foods and nutrition specialist.

She suggests a practical way to keep them for winter — can them. Since they are likely to cook to pieces, most homemakers prefer to can them as sauce.

This canned applesauce is fine in pies, puddings or served as a relish with chops and roasts, Miss Hershey points out. Making applesauce is easy.

You can make it sweetened or unsweetened. After paring and coring apples, cut them in pieces. Heat through, stirring to keep it from sticking to the pan.

Peck hot to one-fourth inch of the top. Adjust lids and process in boiling-water bath, 10 minutes for either pint or quart jars. Complete seals, if closures are not of self sealing type, as soon as you remove jars from the canner, Miss Hershey advises.

News For Hunters

With the season opener only a few weeks away, bow and arrow deer hunters can get in practice shooting at nine southern Michigan archery ranges in conservation department state park and game areas.

The range at the Rose Lake Wildlife Experiment station near Lansing has been expanded to a 28-target course. Roving courses are open to the public at the Swan Creek station, near Allegan; Algonac and Pontiac Lake parks; and Barry, Dansville, Port Huron, Three Rivers and Lapeer state game areas.

Local archery clubs cooperate with the department in main-

taining facilities. Regular bow season runs October 1 — November 5.

Autumn's Arrival

(continued from page one)

tract particular attention because it will be close to the bright planet, Jupiter, and both will be below the Great Square of Pegasus. The moon, very slightly past the full stage, will pass Jupiter on the evening of September 16th at about 9 P. M., the University astronomer says, at about five degrees above the planet, or at about the same distance that the "pointer stars" of the Big Dipper are apart.

Jupiter, rising just after sunset, at almost the exact east point, will shine the whole night through during the month. Watching the path of this bright planet across the sky each night will give you the angle of the celestial equator to the horizon in this area.

"It is parallel to the equator that all objects rise and set and not perpendicular to the horizon as is often thought," Dr. Losh points out.

Venus will be gone from the western twilight sky during September since it passed the sun on September 3rd and now will slowly emerge as a morning planet. Venus' brightest phase as a morning planet will come during the first few days of October.

Luxall House Paints
"Made to Match the Weather" IN THE GREAT LAKES REGION

Yes, the weather makes a difference in the lasting quality of house paint and Luxall is especially formulated for this ever-changing climate. The white lead, zinc oxide, titanium pigment and linseed oil in it are all 100% PURE. Spreads evenly, "hides" readily, is self-cleaning and dries smooth and hard. For both interior or exterior wood, masonry, brick, stucco or masonry in 14 attractive colors, Outside-White and Sash Black.

Luxall Trim Colors
Bright, gleaming colors that won't fade even under the most severe conditions of exposure. Spreads on evenly and dries fast to a hard, dust-free, enamelized surface. Excellent for all exterior surfaces, shutters, blinds, trellises, store fronts, garden and beach furniture.

Luxall One-Coat Flat Wall Finish
It primes! It seals! It covers! All on the first coat. Dries quickly and will not raise the grain of wood. Covers practically any surface, even wallpaper. Can be restored to original freshness simply by washing. Available in 10 beautiful colors.
