CLARKSTON, MICHIGAN, THERSDAY, SEPTEMBER 27, 1951

C. H. S. Varsity Makes Debut; Vows Spoken In Texas **Plays Oxford Night Game**

With a new high in spirits, the Clarkston Wolves fought a knockdown, drag-out game under the lights last blriday. Oxford received the kickoff and fought their way to a touchdown early in the first quarter. They missed the extra-point. The teams ran even for the remaining minutes and Clarkston had the ball in their possession at the end of tne first quarter.

In the second quarter Wolves made their way down the field for their first touchdown, but did not make the extra point.

Oxford took the kickoff and the ball exchanged hands twice because of the fumbling of a punt by the Wolves. Oxford shoved the ball across for another touchdown and took the extra point. The first half was marked with poor defense played by the Wolves.

In the second half the Wolves received the kickoff and promptly scored. Bullen then went over for the extra point, tieing the score: Clarkston held Oxford after the kick off and started working their way to the goal line. The Wolves played all around better ball than their opponents this half.

In the third quarter Oxford recovered a fumble and then the 12th man, Mr. "Breaks" took a hand. On the next play Oxford made a break and ran for a touch-

The Wolves snapped back hero ically, which showed the superb conditioning coach, Robert Borsum, has been giving the team these past few weeks.

Clarkston marched down to the five yard line and fought with an indomitable spirit but failed to shove it across in the remaining time.

The last half was spotlighted by the brilliant running attack played by Clarkston. The final score stood, Oxford 20, Clarkston

Coach Mike Yedimak is to be commended for a well balanced team. This is his first year at Ox-

Although Clarkston got off to a bad start; they plan to show their ability better this Friday night, when they play Northville. It will be a night game at Northville starting at 7:00. LETS HAVE A GOOD TURN-OUT FOR THIS GAME AND BACK THE TEAM TO VICTORY!!!

F. L. Spooner **Resigns From Board**

Mr. Spooner tendered his resignation by letter to the Board of Education. His letter stated that he had enjoyed working on the Board during the past four years and that he regretted very much not being able to continue serving in that capacity. However, his work takes him out of town at frequent intervals making it imperative that he resign from

The Board of Education accepted his resignation with regret because of the fine cooperation and service given by Mr. Spooner during his tenure in office. A new member will be appoint-

ed by the Board of Education to serve until the next annual meeting at which time the voting populace will elect a member to fulfill the balance of Mr. Spooner's unexpired term.

Supper Saturday At Sashabaw Church

The Women's organization of the Sashabaw Church will serve Turek of the Clarkston area. their first supper of the Fall season at the church next Saturday evening beginning at 5:30.

The supper will be on the order of a Smorgasbord with a variety of salads, cold cuts, relishes, baked fish and even the traditional pickled herring.

There will be no fixed charge through five years of age durfor the supper but a free will ing the morning service. offering will be taken and the proceeds will go into the building fund of the church.

Justice Court **Opens In Clarkston**

On Monday, September 24, 1951 Justice Court began to function in the Township of Independence once again. Upon the death of Judge John A. Morley in 1949, the Township ceased to have an active Justice of the Peace. At the Spring election this year, August J. Anttila was elected to fill the unexpired term.

Mr. Anttila is known in the Township for his work as Director of the School Board of the Sashabaw School prior to its recent annexation to the Clarkston Community School District. The new Justice has a pro-

fessional background in law. He has engaged in the general practice of law in Detroit for 15 years. Mr. Anttila is a member of the Independence Township Board, the Gridiron Club, Cranbrook Institute of Science, the Michigan State Bar Association, and he is the Secretary of the Pontiac-Northwest Detroit Astronomers Association.

He resides at Oakland Lake with his wife, Ellen, and two daughters, Alice Christina, and Lynne Katherine, 8.

Mr. Anttila will assume jurisdiction of both civil and criminal er. matters. Court will be held in the Township Hall on S. Main Street in Clarkston. Court hours are from 9:00 A. M. to 2:00 P. M. Monday, Thursday, and Friday; and from 4:00 P. M. to 7:00 P. M. on Tuesday.

Kroger Manager **Enters Contest** Carl Walker, Kroger store man

ager here, has entered a company-wide sales contest in which an all-expense paid winter vacation in Florida is offered as first prize. He is competing against 6 other store managers in this area from The Priscilla Circle will meet which I winner will be picked. In all, 48 Kroger store managers and their wives will leave for Florida on January 4, 1952. During their Florida visit they will see St. Augustine, Marineland, Daytona Beach, Silver. Springs,

Cypress Gardens, and Miami Beach, where they will stay at the exclusive Vanderbilt Hotel. In addition, more than 3,000 prize awards will be divided by company. The local store will compete against six other stores proach it. of comparable size, with all emused for plantings around the ployees of the store showing the All in the vicinity without other Township Community Center and highest sales gain during the eight-week period of the contest sponded so generously when asked home furnishings, sporting equipthe ment, jewelry and clothing.

From where I sit ... by Joe Marsh

Skip Makes a Slip

telling me how Skip Lawson almost went to sleep in her physics class. She noticed him nodding andsince they were discussing electricity—said in a loud voice: "Now maybe MR. LAWSON will explain what electricity is." Skip started up, looked around wildly, and blurted out, "Gee! I used to know, but I forgot."

"What a loss to science!" sighs Miss Gilbert. "No one to this day knows what electricity really is, and here we have a genius who could explain it-but forgot!"

From where I sit, I hope this taught Skip that you're better off if you admit you don't know all answers. Some grownups haven't learned that yet-like the ones who are always telling other people what's best and what's right and what's wrong. I like a temperate glass of beer, myself, but if you prefer buttermilk I won't argue. I've seen too many "know-it-alls" turn out to be wrong!

FRUIT AND GARDEN NOTES by Willard E. Bosserman

Assistant County Agr'l Agent PROTECTING FRUIT TREES AGAINST MICE and RABBITS

Now is the time to think about protecting your fruit trees from damage of mice and rabbits. I say "think about it" because now you are busy picking apples, but mice and rabbits do untold damage to fruit trees by girdling them at or near ground level. There are certain things that can be done to prevent this damage. One is the use of a mechanical protector. The best protector is a wire mesh or hardware cloth put around the trunk. When these are used make them large enough so that they will not have to be replaced for several years, and shove them in-

to the soil one or two inches. It is also helpful to take away rash and sod for about 18 inches

> COMMENTS FROM WASHINGTON D. C.

Congressman George A. Dondero

Earlier this week I introduced in the House of Representatives a Joint Resolution providing for an amendment to the Constitution

Space here will not permit in-Two of the cars untangled and clusion of the text of the amendcontinued on in the race. Lee ment. But it is possible to ina measure to safeguard the liberties of the American people.

'In effect it would outlaw the making of any treaty or executive agreement with any other country which in any way abridges the rights and liberties guaranteed

It would outlaw, too, the making of any treaty or executive agree-Redrick in car 24. During this ment contravening the existing race car 97 threw a tire over into laws of any state, unless it can Australian Pursuit honors went mutuality of interest beween the to Joe Puertos in car 65 with Dick United States and the other con-Twenty-eight cars started in travention to the best interest of

flew open, turtle flew up in this limit the life of executive agreerace which was won by Nick ments to the term of the President making them, with the proviso Feature event of 25 laps was that the Congress may at its diswon by Dick Dewey in car 80 cretion extend the life of any such with Bill Scarbrough in car 19 agreement during the term of the coming in second and Lee Ferree next succeeding President of the

United States. written, but which has come to constitute a serious defect;

The Constitutional provision says that "all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land."

Our founding fathers intended the Constitution to be the real supreme law of the land. This provision puts treaties on an equal status with the Constitution. Already we have a case in California where a Federal Court of Appeals held that the United Nations Charter, which is a treaty in form and effect, overrides a California

would do away with most of the freedoms guaranteed by the American Constitution.

Not only this, but Roosevelt made international treaties by executive agreement, thus bypassing the United States Senate which must ratify treaties to make them effective, Or so the Constittution provides. Truman continued the practice.

Now, in the instance of the proposed treaty with Western Germany, Secretary of State Acheson has joined with foreign ministers of England and France to draft a peace treaty which they call a 'contract". Once more the Senate has" been ignored.

Consitutional checks and balances on the treaty-making power have broken down. This power now is in the hands of an appointive officer, who is not directly responsible to the people. Thus the war people have lost the power to make the final decisions as to war and peace. My amendment would put an end to this situation, should three-fourths of the State Legislatures approve it.

Electrostatic duster developed for farmers

This farmer is holding two apples which were dusted with the same amount of insecticide. The apple on the right had insecticide blown on it from a conventional dusting machine. The heavily coated one on the left was dusted by a new electrostatic process developed by agricultural engineers at Michigan State College, As it leaves the duster's nozzle, dust is highly charged with electricity from special equipment carried on the farmer's tractor and is strongly attracted to plants or fruit, covering them underneath as well as on top. Laboratory tests have reported coverage up to eleven times greater than that accomplished with dusters not equipped with the electrostatic device. Information on this new electrostatic dusting process for insecticides or fungicldes can be obtained from the Michigan State College Agricultural Engineering Department, East Lansing.

New battery helps telephone service

In Michigan Bell's telephone central offices there are giant storage battery cells, some of them 5 feet high! They operate some of the telephone switching equipment, and provide power to carry your voice over telephone lines. Not long ago Bell Telephone Laboratories developed a new type pattery which uses calcium instead of antimony as a hardener in the battery lead. It holds its charge five times longer, uses less water, goes many months without attention, and stands up many more years. Bell System research is one of the reasons why the most efficient telephone service in the world is yours for such little cost.

MICHIGAN BELL TELEPHONE COMPANY

The Leon Harts Carry the Ball for

Nothing compares with an electric range for cooking, in the opinion of football's famous Leon Hart and his pretty wife, Lois.

"It's really fun to cook electrically," says Lois. "There's no guesswork involved, no fussing with heat adjustent. It's clean, cool . . ."

-And the results are terrific!" adds Leon. "Makes me wish I didn't have to watch my weight,"

"Lee loves to eat," laughs Lois. "Roast beef is his favorite . . . with Bermuda Salad Bowl for good measure. Try it some time."

Like the Leon Harts, you'll be enthusiastic about electric cooking the moment you try it. And why not now? See your dealer today.

THE ODDS ARE 49 TO 1 IN YOUR FAVOR

* Recently, a study was made to determine the present state of health and well-being of 78 diabetics who had been placed on a diet and Insulin twenty years before. Previous to Dr. Banting's discovery of Insulin in 1922, their chance of survival for more than two or three years would have been slight.

It was found that 77 of the 78, or 98 percent, were alive

and living active, useful lives. Diabetes cannot be cured, but scientific management under the direction of a physician gives comfort and happiness to otherwise hopeless people. Do not be misled by claims for so-called diabetic cures. There is but one safe treatment, and

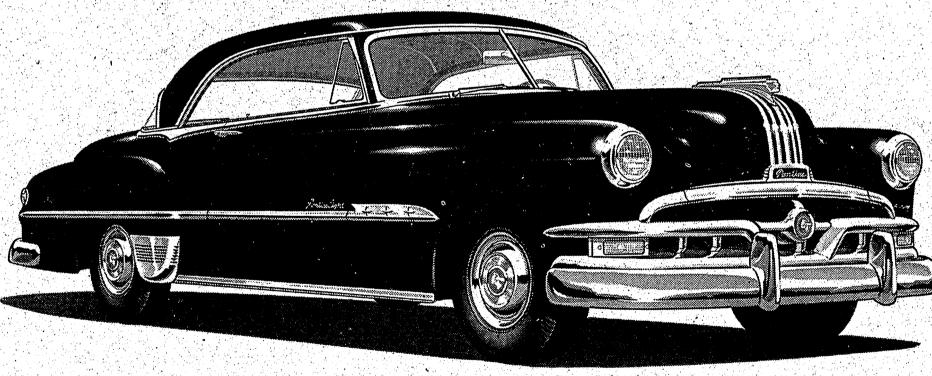

it is thoroughly understood by your physician. We maintain complete stocks of diabetic supplies, subject to your doctor's specifications.

FIRST CHURCH OF CHRIST, SCIENTIST

71 S. Washington, Oxford Sunday School 10:30 A. M. Wednesday Evening Service 8:00 Sunday Service 10:30 A. M. Reading Room at rear of Church, open Wednesday from 2 to 4 and 7 to 8 P. M.

When one understands his real spiritual selfhood, much discord will be healed. This is brought out in the Lesson-Sermon entitled "Reality" to be read in Christian Science churches on Sunday, September 30.

The Golden Text is from Jeremiah (51:10): "The Lord hath brought forth our righteousness:

come, and let us declare in Zion the work of the Lord our God." Among the Bible citations is this passage, (Matt. 5:9): "Blessed are the peacemakers; for they shall be called the children of God."

Correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Let unselfishiness, good ness, mercy, justice, health, holiness, love --- the kingdom of heaven - reign within us, and sin, disease, and death will diminish until they finally disappear." (P.

To All Owners of Home Freezers

You Are Cordially Invited to bring the foods in your freezer to our Locker Plant in event there is a disruption in the operation of your unit. We will be glad to store your foods until your freezer is again running.

This is another of

the services offered by your community locker plant. It is a comforting thought to know that if your home zero unit breaks down, or if there is an interruption in the power, that you can rely on us.

You are also invited to visit our complete frozen food center at any time. You will find a large variety of containers, wrapping materials, and supplies. You can buy meat at wholesale, and save on frozen fruits, vegetables, poultry and fish. We invite you to take advantage of our professional cutting and wrapping, and our heavyduty freezing facilities. We'll be glad to give you suggestions on how you can get the most from your home
