UNITED FUND CAMPAIGN FAR BELOW QUOTA

The United Fund Campaign in Independence Township is moving slowly. It must be that all haven't contributed. The workers are a little discouraged as rarely does the township fall down on its obligations. The quota is \$3,700 and the records Wednesday morning showed a total of \$1,008.00 contributed.

Perhaps if you realize the many worthwhile projects that benefit from this fund and the many emergencies that are taken care of, not only in the state but right in the township, then you will consider giving and giving generously. This campaign will be the only one in the township this year and its benefits will be widespread. Remember you may not always be fortunate, you may some day have to call on one of the organizations benefited by this fund. So, give today and help those who might, some day have to help you.

Take your contribution to the Clarkston State Bank.

Men's Club Meets Tonight

The Men's Club of the Methodist Church will have their regular monthly dinner meeting at the church tonight. Any men in the community, who are interested, are cordially invited to attend.

Those in charge of the program have been very fortunate in securing a speaker who will make the evening really worth while. Mr. George Matthews, Supervisor of Sales Training Service for the Detroit Edison Co., will be the guest speaker.

Mr. Matthews is the son of a Baptist minister. He graduated from the University of Michigan in 1941. He is a member of the Board of Detroit Council of Churches and he will be the chairman at the annual meeting to be held in the Metropolitan Methodist Church in Detroit in January. Mr. Matthews is a very capable speaker and leader and he always leaves his listeners with much food for thought.

Clarkston Locals

Among those who saw the football game at East Lansing last Saturday were Mr. and Mrs. Ronald Walter.

Raymond F. Kasat, seaman recruit, USNR, son of Mr. and Mrs. Paul Kasat of 6151 Pine Knob Road, Clarkston, Mich., is undergoing a two-week reserve training course at the U. S. Naval Training Center, Great Lakes, Ill. The training given the reserve recruit closely parallels that given the regular Navy recruit with considerations for the time limitations. Upon completion of the training course, the reservists will return to their home and jobs.

NOTICE

There will be no dancing classes at the Community Center for two weeks. The next class will be held on Thursday, Nov. 29th.

Sashabaw News

Staff Sgt Robert Wiles, formerly of the Pontiac Recruiting office, and his wife spent Saturday evening with the Lawrence Wellmans of Pine Knob Road. They are sailing for Europe very soon. Sgt. Wiles and Mr. Wellman were classmates at Howell, Michigan.

Mrs. James Rogers went to General Hospital for a minor operation Monday November 12th. She came home last Tuesday evening.

The skating party and Teachers Club banquet for Thursday evening has been cancelled until these sore throats have been conquered.

Mr. and Mrs. Lawrence Wellman of Pine Knob Road had as Sunday guests Mr. and Mrs. Foster White of Flint.

Diphtheria shots will be given at Sashabaw School Tuesday, November 20th. Parents permission must be granted before shots can be given. Shots will be sent home with each child, Friday, November 16th and should be sent back on Monday.

The public is cordially invited to attend the meetings at the Sashabaw Presbyterian Church. The Rev. George Fidler is a very interesting speaker and is enjoyed by children as well as adults.

Mr. and Mrs. J. E. Frankenstein and family visited. Mrs. Frankenstein's father Mr. A. C. E. Davis and grandparents Mr. and Mrs. A. J. Davis of Adrian Michigan, last Sunday.

The woman's organization of the Sashabaw Presbyterian Church wishes to apologize to the large number of people that were turned away from the turkey dinner last Saturday evening. They were not prepared for the overwhelming large crowd and hope you will stand by for another such dinner in December.

SASHABAW SCHOOL NEWS

Mrs. Hedden's fifth grade had another candy sale Monday at noon. They now have \$15.22 toward their class trip at the end of the year.

Mrs. Mann is home with a sore throat. Mrs. Chrysler is teaching the sixth grade until Mrs. Mann returns.

Mrs. Roeskey of the Oakland County Health Department has been taking throat cultures this week as Miss Eloise Reed our school nurse is so very busy.

Ruihann Carmean won the fifth grade spellword Tuesday. Say! How did your pictures turn out? Most of them looked very good to me.

Vows Spoken In East Lansing

When Dr. Ashton W. Emery greeted his bride at the altar in The People's Church in East Lansing at six o'clock on the evening of November 10th, 1950, she was charming in a ballerina length dress of white taffeta with white velvet trim. It was fashioned with fitted bodice, low round neck and cap sleeves. The skirt had an uneven hemline which dipped in the back almost to the floor. Her shoulder veil of net and lace was held in place by a small cap of orange blossoms. She carried a colonial bouquet of sweet peas and roses.

The Reverend McCuen read the rites before about seventy-five guests.

Following the ceremony a wedding dinner was served in the church parlors. The three tiered wedding cake centered the bride's table.

When the newlyweds left on a honeymoon to Niagara Falls Mrs. Emery was wearing a rose, wool dress with grey accessories and a grey topper. On her coat were roses from her bridal bouquet.

Twenty-five years have passed, twenty-five happy years. Much of their joy has been because of their lovely daughter, Marian and her fine son, Jack. Marian graduated from Clarkston High School and Augustana College in Rock Island, Ill., and is now attending Michigan State College. Jack graduated from Waterford Township High School last June and is now attending Central Michigan College at Mt. Pleasant.

To climax these twenty-five wonderful years Dr. and Mrs. Emery greeted over two hundred friends at an open house from three until five o'clock on Sunday at their home on the Dixie Highway.

Mrs. Emery received in a navy fiddle dress and her corsage was of white spider chrysanthemums artistically arranged with bows of silver ribbon. Marian was in black velvet with blue satin trim and her corsage was of yellow roses.

The living room was a bower of beauty. There were bouquets of all sizes and colors, all tokens of friendships.

Dainty little cookies, exquisite silver and crystal nut bowls, and pastel colored candies, and cake added to the attractiveness of a refreshment table which was covered with a beautiful imported linen cloth with lace inserts. In the center of the table was an elongated arrangement of white chrysanthemums, white roses and silver leaves flanked by crystal candelabra holding white, lighted tapers.

The three-tiered wedding cake, topped with a miniature bride and groom standing under an arch of silver lace, graced the serving cabinet. Mrs. J. R. Berryman, formerly of Drayton Woods now of Grand Lake, Mich., assisted in the dining-room and helped Miss Margaret Reed of Sylvan Village and Mrs. Ernest Fleming of Walton Blvd., serve the cake.

Miss Barbara Snover of Pontiac served the punch and presiding at the silver services were Mrs. Paul Snover of Pontiac, Mrs. H. S. Atkins of Flint, Mrs. Paul Gibson of Harrison, Mich., Mrs. Anna Mitchell of Pontiac and Mrs. W. H. Stamp of Clarkston.

You are asked to note the change in phone number at the Clarkston School. It is now MA 5-5391.

Coming Events
Nov. 15 — Today at 3:30 the Elementary School Library Board and Staff will entertain at a Silver Tea in the school auditorium.

Saturday evening, Nov. 17, from 9 until 1, the Groveland Grange will sponsor a "Turkey Trot" in the Groveland Grange Hall at Van and Grange Hall Roads. Millers orchestra will furnish the music and Kirby Millier will call the square dances. There will be refreshments. The public is invited.

Nov. 27 — Waterford Township Camera Guild Print Night—general assignment is "Architecture" — in Waterford Township Hall at 8:00 P. M.

Nov. 28 — Waterford Township Recreation Planning Committee will meet in the C. A. I. building at 8:00 P. M.

Dec. 5th — Turkey Dinner and Bazaar at the Clarkston Methodist Church. Serving will start at 5:30 P. M. and Public is invited.

Band To Hold Open House

Parents and friends of the Clarkston School Band are invited to an Open House in the Clarkston School auditorium on Tuesday evening, November 20th at 8 o'clock.

There will be no charge. Refreshments will be served. This is a real opportunity for everyone in the district to give this fine group of ambitious, young people a great deal of encouragement.

NEWS AND COMMENT FROM HON. GEORGE A. DONDERO

Taxpayers nowadays are beginning to express concern as to where their tax money goes. They know that something more than \$60 billion was appropriated for national defense this year, but they have little opportunity to learn where the other billions for ordinary government operations are spent. Such things usually are concealed in long reports which few Congressmen even have time to read all the way through.

In view of these things, the following list of research grants by the Federal Public Health Service may be interesting. The sums granted to various schools and individual scientists are not large, except in the aggregate, but they do indicate where a lot of tax money is going. Here is the list.

"Tolerance for Environmental Stress in Aged and Newborn Sheep and Goats", \$19,000.

"An Analysis of the Peyote Cult as a Social Movement among the Navajo Indians", \$25,000.

"Cultural and Psychiatric Factors in the Mental Health of the Hutterites", \$7,500. Inquiry at the Library of Congress failed to obtain any answer, except that the Hutterites probably comprise a small religious sect somewhere in South Dakota.

PMA Election Ballots Mailed

Township ballots listing the names of candidates for election as PMA Community Committee member and as Delegates to the county PMA annual convention are being mailed this week to all eligible farmer-voters in Oakland County, according to Walter R. Cook, Chairman of the present Oakland County PMA Committee.

The mailing of ballots will be completed prior to November 19 and farmers who receive ballots will have until December 20 in which to mark their ballots and return them, either by mail or in person, to the county PMA office located at 18 South Perry St., Room 320 Hubbard Bldg., Pontiac, Michigan.

All ballots received in the county PMA office through December 20 will be counted on December 21 by an impartial three-man election board.

Nomination committees in each of the agricultural communities in the county have selected no less than ten and no more than fifteen nominees whose names are listed on the election ballots. Each voter will vote for five of the nominees for the community committee and for two of the nominees for delegate. When the ballots are counted in the election of community committee members the nominee receiving the second highest number will be elected vice-chairman and so on. In the vote for delegates, the one receiving the highest number of votes will be elected delegate and the one receiving the second highest number will be elected alternate delegate.

The newly elected Community PMA Committees and delegates will take office on December 31, 1951 and will serve throughout 1952.

Elected delegates to the annual county convention will meet in the county PMA office on December 31 to elect a county PMA committee consisting of the chairman, vice-chairman, regular member, and a first and second alternate, who will serve during 1952.

Any farmer who does not receive a ballot through the mail and believes he is eligible to vote is urged to call or write the county PMA committee for clarification of his status.

Breakfast Service At Waterford Church

A Breakfast Service will be featured at the Waterford Community Church, as an appropriate beginning for Thanksgiving Day. Beginning at 8 o'clock Thursday morning with fellowship around the tables, the breakfast will be cooperative in style, with those attending asked to bring table service and rolls, etc.

The program immediately following will be on the theme, "Thanksgiving Praises", and will include personal testimonies, vocal and instrumental music, and a Bible meditation. Rev. W. Van Plew, pastor of the church will conduct the service, assisted by Mr. Charles Jehle, Director of Music, and various members of the church and Sunday School. All in the community are invited to attend.

Dance Club Busy Planning Fair

The Clarkston Saturday Night Dance Club is going ahead rapidly with their Holiday Fair to be held in the Township Hall in Clarkston on Friday, Nov. 30th. There will be several booths and what an assortment of gifts for Christmas giving.

Everyone is invited to attend the Fair — "just come in and browse" is what the committee in charge says. While you are browsing and visiting and getting good suggestions for your Christmas buying you will have an opportunity of enjoying a hot cup of coffee or tea and a home made doughnut at a nominal cost.

Remember the Fair starts at 1:00 P. M., on Nov. 30th.

Special Notice

The November pack meeting for Cub Scout Pack No. 49 has been cancelled. The next pack meeting will be held on Wednesday, Dec. 19th.

By The Way...

We have never been known as a Patron of the Arts but we must say a good word for the Master Players of Pontiac. Two or three times a year this group takes over the Orpheum Theatre and stages a production before crowded houses. The last play was "The Dover Road" and was well worth attending. Personally we like to be able to see a production like this in Pontiac. The Master Players are not in the business for profit but to keep the "stage" alive. Shortly after the first of the year "Death Takes a Holiday" will be presented. . . . The annual deer hunting expedition is on. While the season opens today, the hunters have been going north since Monday. Not only does the season furnish a lot of sport for those who enjoy it but it also furnishes a little more time for the people who cater to hunters to earn a little money out of the season. In fact the business of caring for hunters is worth enough so that when a report said that Grand Marais was covered with snow too deep for hunting, the Chamber of Commerce called the metropolitan papers to deny the report and to say that not there was no snow but that there were plenty of deer. . . . One thing nice about Michigan, football eleven does not bring honor to it then its Michigan State College steps in to be known as one of the best if not the best in the nation. . . . The general opinion of those we have talked with is that even if a new highway is constructed around this community that it will do little harm to Clarkston, Waterford or Drayton Plains. From a business standpoint the present auto traffic is so heavy at times that the would-be customers hesitate to get out of a traffic line to shop and the trade is lost anyway. If anything the new route might relieve conditions to the extent that there would be even more business. . . . While publishing a weekly paper is the matter of producing one paper after another — we generally take a week to complete the undertaking. This week is the exception. Our next issue will be printed and in the mails on Monday for delivery on Tuesday morning — Thanksgiving comes on our regular publication day. Incidentally all ads are to be in by Saturday morning at the latest; news from outlying communities should be in the office Saturday morning. . . . God may forgive your sins, but your nervous system won't.

Library Silver Tea At School This Afternoon

Following a custom of previous years, since the beginnings of the elementary library through the efforts of Mrs. H. W. Huttenlocher, Mrs. Mary Shanks and friends, the Library Board with the P. T. A., will entertain Clarkston community folk and their friends at a Silver Tea at three-thirty this afternoon at the High School.

Mrs. Thomas Boothby will have her pre-Christmas showing of children's books; a little drama in recognition of National Book Week will be given by Ann Lowrie, Sally Bauer, Barbara Rockwell, Larry Stellmach, Bobby Schwarze, Freddie Turek and James Weber, all children from Mrs. Sylvia Donay's fifth and sixth grade room; and a delightful, musical presentation by Adele Gardner Thomas will conclude the program.

Tea will be served with Mrs. Huttenlocher as chairman and at that time guests will be given the opportunity to present silver money gifts to the Elementary Library Book Fund. Any gifts are most appreciated and gifts of one-dollar and a half will entitle the donor to recognition on the book plate of a new library book.

The present Library Board consists of Mrs. C. J. Murton, chairman; Mrs. Thomas H. Wilson, secretary; Mrs. William Johnston, treasurer; and Mrs. Leslie Greene, Superintendent of Schools, Miss Ruth Sharpe, Elementary Principal; Mrs. Walton Robbins, P. T. A. president; Mrs. Walter Barrows, Mrs. Howard Huttenlocher and Mrs. Mary Shanks, directors, with Mrs. Floyd Hammond as director of the library and its volunteer staff.

Tea will be served with Mrs. Huttenlocher as chairman and at that time guests will be given the opportunity to present silver money gifts to the Elementary Library Book Fund. Any gifts are most appreciated and gifts of one-dollar and a half will entitle the donor to recognition on the book plate of a new library book.

Toward The Sunset

Man comes to this world of suffering and strife. An infant in arms in the morning of life, He's as fresh as the dew that carpets the lawn And as pure as the rays of sun at the dawn.

In childhood he plays and his nature grows warm, Interrupted at times by a tempest or storm, He matures his physique as the years pass him by, As the sun grows in strength as it mounts in the sky.

At the apex in life he takes a firm hand In duties presented to life of a man, His shyness is gone and he makes himself known As a powerful force that has come to its own.

From here he gains knowledge and looks for some friends And mellow his soul as the sun light descends. He gains from experience and find there's a way That he can produce at the end of the day.

He can spread lots of cheer as the day comes to close By sharing with others the truth that he knows, That life is progression designed for the soul, With spirit perfection the ultimate goal.

Cartoned Butter is a Good Buy

Be smart about buying and using butter—a precious food in these days of high living costs. Two bits of butter wisdom will help you enjoy this favored spread to the utmost: First, buy your butter in the paraffined carton which safeguards it from off-odors and protects it from the harmful effects of light. Second, to serve it in neat squares without fear of broken edges or wasteful sticking to the knife, fold a piece of waxed paper over the cutting edge of the knife. Cartoned butter keeps its fresh flavor and appearance throughout its trip from creamery to table. Moreover, absolute assurance of sanitary handling is offered by the paraffined carton.

PLAN-POULTRY CARE

Poultrymen who plan a definite work schedule for handling their laying flock can save time and money. Regularity in care and management is one of the secrets of success in poultry raising, say Michigan State College poultry authorities. For instance they recommend gathering eggs at 10, 12, and 4 o'clock during the day. That works well since most eggs are laid in the morning and the 4 p.

DEBATE NEWS

The debate tournament for last Monday was postponed until late in November or early in December. We will announce the new date later.

9TH GRADE CIVICS

Miss Stites' ninth grade civics class has been holding a series of discussions on questions which they decided were important and interesting. The first discussion

was centered around the question "Should ninth graders go steady?" Dick Johnston acted as chairman while Jack Brooks, Nancy Thayer, Jean Porritt and Lanny Leak were involved in the panel discussion.

The second discussion concerned high school — "What subjects ought to be required; the question of public aid for parochial schools; of equalization of educational opportunities." Bob Jones was chairman and Verne Carmean, Virginia Kimmey, Judy Walker, Phill Sutton and Georgine Orr were speakers.

SEVENTH GRADE NEWS

During the past week many 7th graders have been conspicuous by their absence. Therefore, progress in new work was replaced by review work and spell-downs. The students were treated to a film about Arizona and also to a sportsman's talent show. A great deal of "hidden" talent of many of the students was revealed.

The seventh graders and their teachers extend their condolences to the Betts and Furman families.

ESSAY CONTEST WINNERS ANNOUNCED

Last week the Clarkston winners in the school essay contest on the topic, "What The Bill Of Rights Means To Me" were announced. John Bennett, an eighth grader, won the five dollars, first prize, offered by the Pontiac Real Estate Board and the National Association of Real Estate Boards, sponsors of the contest. The second prize went to Pat Tisch and third place went to Claude Trim.

The winning essays now will be entered with essays from eleven other schools, into a district contest. This contest will be judged by Arthur Moore, Judge of Probate, Oakland County; William Emerson, Superintendent of Oakland County Schools and John Ridgeway, Mayor of Pontiac.

All of the eleventh grade and some other students competed in this contest. We feel sure that those who did participate learned and thought a great deal about their nation's constitution.

GIRLS' ATHLETICS

Miss Donnelly, girls' athletics director, has become engaged to Rodney Jones of Hillsdale. Mr. Jones has been home on a leave from the Navy after having served in Korea. He returned to his base last week. Miss Donnelly is the daughter of Mr. and Mrs. Peter J. Donnelly of Allen and

Mr. Jones is the son of Mr. and Mrs. Harold Jones of Hillsdale.

DEER HUNTERS MAY REGISTER FOR MESSAGES

As in past years the Michigan State Police and the State Department of Conservation will cooperate during 1951 deer hunting season in making a free registration service available to hunters who desire to be reached in camp if an emergency occurs at home.

Under the plan, a hunter registers at the State Police post or Conservation headquarters nearest his camp. Before leaving home he should inform his family or office of the station at which he is registering.

In the event of an emergency, those at home need only notify their nearest State Police post or Conservation headquarters and the message will be radioed to the specified registration station. Either a State Police or Conservation officer will then deliver the message to the hunter.

The plan also facilitates transmitting messages home if hunters are involved in accidents or reported lost.

Only messages of an emergency nature will be handled. The service is not offered where regular communication facilities are available and can be used without delay.

Tip for Santa—Carpet Sweepers

Time was when guests came by invitation to Sunday dinner or supper. But today they drop in anytime, sure of a welcome, and light refreshment which may be served at the dining table, from end tables, coffee table, or anywhere in the house.

This pleasant custom makes quick tidying up the rule of the day. Early in the morning to put rooms in company order, after family meals, and again when guests leave. And that's where today's modern carpet sweeper serves as a convenient helpmate.

Modern in design and action, light weight and easy to use, carpet sweepers whisk up crumbs, bits of paper and flower petals leaving rugs and carpets in apple pie order. The woman who finds a modern carpet sweeper under her Christmas tree is sure to welcome it warmly, as a time saver in keeping rugs bright and new looking.

Child specialists say that children cram in more learning between the time they learn to walk and the time they go to school than they possibly can in any amount of time later. And they recommend toys that teach. The toy carpet sweeper gives a child an opportunity to imitate mother, and helps establish the good habit of cleanliness and neatness.

DEER EXAMINATION STATIONS READY

Want to find out the age of your deer? Stop at one of the voluntary highway checking stations which the conservation department will operate during the November 15-30 deer hunting season.

Game men plan more extensive examination of hunters' bags this season in order to get better information on the age composition of the kill. Checking, entirely on a voluntary basis, will be done near Houghton lake, Standish, Mt. Pleasant, Cusino, Drummond Island, at the Straits, an undetermined spot on U. S. 31, and possibly at other locations. Indicating stations will be signs labeled "Hunters — Deer Examination Station."

SMALL GAME HUNTERS TO TURN IN REPORTS

With the pheasant, grouse and squirrel seasons now closed, the conservation department urges small game hunters to turn in the hunting report cards attached to their licenses.

Archers also can turn in reports except for the few who will continue hunting deer in Allegan county season through December 15th.

Those still planning further shooting in the rabbit and waterfowl seasons should not mail in cards yet.

Cards are wanted whether the hunter was successful or not, and should be mailed to the department's game division, Lansing.

Nearly 7,000 sets of grouse wing and tail feathers have been received from hunters aiding the department in game research.

TEACHERS ARE "O.K." CRITIC SAYS AT M. S. C.

A leading critic of the American educational scene — Dr. Bernard Iddings Bell — believes that teachers aren't falling down on the job, the job is falling down on the teachers.

Speaking before 4,500 teachers at the Michigan Education Association in Michigan State College's Kelloff Center, Dr. Bell said the public asks the schools to do too much, and the result has been that nothing is done well.

The widely-known University of Chicago educator and author said, "The general public must be blamed for the current widespread criticism of the schools." He listed five major areas in which criticism has been leveled against the schools. They are neglect of the "three R's"; failure to teach good manners and self-discipline; lack of insistence that rewards come only as a result of work; failure to consider religion and morality in school systems; and lack of distinction between brilliant and incompetent children.

"These criticisms are justified in fact, but the schools are not to be blamed. The fault rests with the public, which demands that the schools act not only as schools but as homes, psychiatric clinics and as four or five social agencies," Dr. Bell said.

GILL NETS ALLOWED IN 7 COUNTY LAKES

Forty-seven lakes in seven southern Michigan counties will be open to taking ciscoes with gill nets Nov. 15-Dec. 10th, the conservation department discloses.

Added to the list this year is Carr lake, Eaton county. Legal waters in Oakland County are: Cass, Cedar Island, Cemetery, Commerce, Deer, Oxbow and Upper Pettibone.

Nearly 150 mostly southern Michigan lakes and rivers are currently open to spearing whitefish, ciscoes, suckers and carp.

Every Man's Idea of a Good Breakfast

Who can resist a stack of pancakes baked to a golden brown, served with warmed syrup and butter, rashers of crisp bacon and a big pot of hot coffee? That's any man's idea of a good breakfast!
Since everybody likes hotcakes, it's a good idea to serve them often - good family relations, you know. But they don't have to be plain pancakes.

analysis fertilizer was most often used. Crops plowed down were hay or pasture. Variety used wasn't too important. All the plowing was done in the spring. The spacing of the plants on the best yield was 14" x 34" and the next was 12" x 36".

4-H LEADERS ANNOUNCED
A banquet was given the Oakland County 4-H Club leaders at Commerce Masonic Hall, November 7, at 7:30 p. m. The banquet is given annually as a token of appreciation from the Oakland County Agricultural Extension Service for the fine job the volunteer leaders have done throughout the year.

PRUNING
Winter is the season that orchardists begin their pruning operations. Apples, plums and pears can be pruned successfully in the winter. Peaches and grapes are pruned in early spring.

PARENTS CAN CHECK PREMATURE CHRISTMAS

Within the past 2 years the trend has been to push Christmas upon us weeks before that great day arrives. Store windows have been giving us more than sly hints

since late October. Santa Claus appears on the streets much earlier in recent years and parents wonder how to keep the excitement down to a normal level. Miss Jean Foulkrod of the Michigan State College home economics faculty, sees the impact of

its premature Christmas as she works with young children in the campus nursery schools. She says that while one month for Christmas preparation seems all too short to a busy mother it seems an eternity to a child. To most little children even a week is a very long time.

Let the child have a normal place in preparations for the Christmas holiday. His very activity and sense of being a part of it will relieve the strain of wondering what he's going to get for Christmas. If parents want to avoid that over-stimulation, harmful to the health of the child, the simplest way is to take it easy on pre-Christmas preparations, Miss Foulkrod suggests. Over-stimulation over a long period will begin to show up in irritability and restlessness which are symptoms of fatigue. When children are unhappy the whole family is upset.

Parents often become over-anxious to provide too many toys and too many thrills for their child—all at once. This deprives him of his normal right to grow up, a stage at a time. The most marvelous thing about Christmas is that you can have it anywhere so long as there is someone to love and share with; it is not merely a matter of glitter, glamour and high excitement.

Correlative passages from "Scripture and Health with Key to the Scriptures" by Mary Baker Eddy include: "The spiritual man's consciousness and individuality are reflections of God" (p. 336). Carton Keeps Butter Better

Proper refrigerator storage is an important angle in food conservation. Butter should be bought and kept in the paraffined carton in which it is purchased, so that moisture and the odors of other foods will not affect its flavor and consistency. All leftovers should be stored in covered containers. Store milk in your refrigerator immediately; the bacterial count increases rapidly at room temperature, and light destroys some of the valuable vitamin content.

Made to ship safely; stay fresh indefinitely and to please any private anywhere, Florida Cream Cake with orange juice in its batter goes to camp. This season's big juicy Valencia oranges are ideal to use for such recipes.

Florida Cream Cake

3 egg whites
1 1/4 cups sugar
1 cup heavy cream
1 1/2 teaspoons grated Florida orange rind

1/2 cup Florida or...
2 cups sifted all-purpose flour
3 teaspoons baking powder
1/2 teaspoon salt

Beat egg whites until stiff; gradually add 1/4 cup of the sugar and beat until very stiff. Whip cream with 1/4 cup of the sugar; fold into beaten egg whites. Add rind and orange juice. Sift together flour, remaining 1 cup sugar, baking powder and salt; fold into orange-cream mixture. Turn into 8-inch spring form pan lined with waxed paper or a 9x5x3 inch loaf pan. Bake in a slow oven (325°F.) 1 hour and 25 minutes.

Winter injury results from freezing and thawing of the soil. Mulch put on after the ground freezes cuts down this alternate thawing and freezing until the following spring. In addition, it helps save moisture, smother weeds and keeps the berries cleaner during the fruit season. Although some growers occasionally get by without mulching strawberries the advantages of applying a good mulch far offsets expenses and labor.

NEWS AND COMMENT FROM HON. GEORGE A. DONDERO

(continued from page one)

"Investigation of the Interaction of Social and Hereditary Factors Affecting Neuroses and Nervous Stability in Mammals", \$9,000.

"Promotion of Marital Adjustment in Men and Women as an Aid to Good Mental Health", \$17,000.

"A Study of Unconscious Factors Covering Courtship and Mate Selection", \$12,000. The professor to whom this grant was made has explained that he is trying to "uncover some hidden traits that lovers don't know they have".

Incidentally, it should be said that various Members of Congress have demanded of Federal Security Administrator Oscar Ewing that he cancel all these projects. But it is understood that he will not do so unless Congress takes specific action next year requiring him to act.

If the aerial is attached to the chimney, the constant vibration of the aerial in the wind may weaken the mortar and cause the bricks to fall. Then two things may happen. Sparks may fall onto the roof or hot gases may accumulate in the walls or attic of the house. Either might cause fire. Making sure the aerial is securely attached is a simple precaution.

Homemakers of the county are checking the location of their television sets to make certain there is ample ventilation. If the set is placed in a tight corner or flat against a wall the generated heat could damage the set. It even could result in fire within the cabinet, Mrs. Lawyer cautions.

"No decorative mats or magazines should be placed on or under television sets if families want to play safe. Manufacturers provide for ventilation by putting small vent holes in the cabinet, usually at the top or bottom of the set. Since each set uses 200 to 300 watts of electric power, a great deal of heat is generated.

MULCHING PROTECTS STRAWBERRY PLANTS

Fall mulching of strawberry plants is profitable insurance against winter injury, says John Tomkins, extension specialist in small fruits at Michigan State College.

Plants should be mulched in November when the temperature drops to 20 or 25 degrees. Straw, marsh grass or waste hay will do the job if free from grain and weed seeds. Put on about two tons to a depth of about two inches, Dr. Tomkins advises.
