**Brazil Nut Stuffing Vies With Bird**

Turkey holds a place of honor at holiday feasts. However, we can still add something new to its glory by way of an unusual stuffing.

A Brazil nut and bread cube stuffing is new and truly excellent. Creamy, chopped Brazil nuts add richness of flavor and texture to the bread base. It is this nut flavor that stimulates the family toward the second helpings of a stuffing that will compete in interest with the turkey.

Shelling of the big, crinkly Brazil nuts for holiday use is simplified if the nuts are boiled about three minutes in water. Then drain and cover the nuts with cold water for a minute. Once the shells are softened, the nut meats can easily be removed.

As a special treat with the dessert course, serve toasted Brazil nut chips. Thin, lengthwise slices of Brazil nuts are dotted with butter, sprinkled lightly with salt and toasted 15 to 20 minutes in a moderate oven.

**Brazil Nut Turkey Stuffing**

8 cups cubed, day-old bread  
 1 teaspoon poultry seasoning  
 1 1/2 teaspoons salt  
 2 small onions, finely chopped

1/4 cup diced celery  
 2 cups finely chopped Brazil nuts  
 1/4 cup butter or margarine  
 1/4 cup boiling water

Combine in large mixing bowl, bread, seasonings, onion, celery and Brazil nuts. Melt butter in boiling water. Pour over bread and toss with fork until well mixed. Stuff into bird lightly.

**YIELD:** about 1 1/2 cups stuffing for 10 to 12 pound turkey.

**ADVICE GIVEN TO FARMERS ON LAND BUYING QUESTION**

"Should I buy a farm or more land now?" That's a typical question received by Michigan State College agricultural economists.

Farm land prices in Michigan are rising. Land prices are 16 percent above a year ago and went up 3.4 percent from March to July, 1951. This increase in land prices likely to continue through 1952, although at possibly a slower pace, and the question of whether to buy now or wait becomes a logical one.

The MSC agricultural economists at MSC answer the question this way. In the next few years, farm incomes will remain high enough to justify purchase of good land if it is operated on an efficient basis. Good management is important because the days of paying for a farm out of one or two year's profits probably are gone.

General livestock farms which will be operated by one man should be at least 160 acres in size. Anything less than this acreage is less apt to make enough profit for the farmer when he has to add the overhead of machinery investment, taxes, insurance, upkeep on buildings and the like.

**DEBATE NEWS**

Two Clarkston debate teams had practice debates here at Clarkston last Tuesday with two Davison teams.

Clarkston students who debated were Mickey Palazzola and Terry Brown, debating affirmative, and Delphine Parshall and Shirley Devine debating negative. Elinor Allison and Ann Spohn acted as timekeepers.

The first league debate tournament has now been scheduled for December 3rd. Two debates will be held in the afternoon at Clarkston High School and three will be held from 7:00 to 8:00 P.M. Everyone is invited to come to the school to hear these debates.

**SPEECH ASSEMBLY**

On Monday Clarkston speech students were privileged to hear a discussion by four University of Michigan debaters on the subject of conscription. The Assembly was arranged by Miss Patricia Stites working in cooperation with the University Extension Services and

Department of Speech. Mr. Fred Kolch, advisor for the debaters, introduced the speakers. They were Mr. Kidston, Mr. Olds, Mr. Pelham and Mr. Wilfems.

**ASSEMBLY**

Our school was privileged in having a trio of professional entertainers from the Netherlands visit us on Wednesday, Oct. 31. They were introduced by the student council president, Frank Weyer, as the Holland Co., which consists of Harry VanPelt, Chita Marie VanPelt, and Jan Conrad, outstanding composer and musician. The show was sensational to say the least. It appealed to all those present as remarks by students to the teachers prove.

Four of our own students, Carolyn Yoder, Dorothy Rembach, Terry Brown and Frank Weyer, showed us how to do a dutch dance assisted by the Netherlanders. The show closed by the entire school standing and singing "God Bless America", which was led by the Holland Company.

**EIGHTH GRADE**

The eighth grade is almost back to full strength again after the series of illnesses that has kept many students from attending school. The Thanksgiving holiday was eagerly awaited by everyone, (teachers too) but we should not forget that we have many things to be thankful for other than filling our stomachs up to our necks.

The Thanksgiving holiday gave most students who have been absent an opportunity to make up their missed assignments.

The eighth grade has embarked on a new set of projects which they thought of themselves. Many of them are quite novel. Some bloodthirsty soul wanted to make a model guillotine. (must have had the teachers in mind). There will be model stocks and pillories; model colonial homes, maps of many descriptions, and varied reports on people and events pertaining to Colonial period.

Conjugation of verbs has proved to be quite difficult but the mystery is slowly being solved. It won't be long before next card making—how time flies! I understand Santa Claus and Co. are working overtime these days. You had better start being good little boys and girls.

The eighth grade science class has been making electric motors. Some of the better motors have been made by Robert Rondo, Bill Shanks, Bill Hinton, Tom Tedder, Lee Perry, Nathan Riffle, Gary Robertson and Darrel Blackett.

**SEVENTH GRADE**

It seems good to have most of the seventh grade "crew" in operation again after having had so many students absent the past few weeks.

Last week Thanksgiving activities were in the limelight. Each student wrote a composition stating his reason for being thankful. On Wednesday morning we had our first social event of the year—a Thanksgiving breakfast. Suellen O'Dell and her refreshment committee, Onalee Morgan, Pat Thayer, and Carol Harmon did a super job in preparing all the hot chocolate that could be consumed. Each girl brought cookies to serve with the beverage. Shirley Jenks, George Lang, Harold Parker, Marion Tegardine, David Black, Sharon Glennie, John Holser and Marcia Forritt planned the program. We are truly proud of our seventh grade talent!

The true spirit of giving was shown by the way each student brought food or money to fill a Thanksgiving basket complete with turkey and all the trimmings.

The president, David Lissner, called a class meeting on Tuesday. Carol Harmon was elected to replace Charlotte Benas, who had been the vice-president. At the meeting it was unanimously decided to pay class dues to increase our depleted treasury.

Once more it is time for six weeks' exams—how time flies! Let's hope that circumstances permit us to accomplish more during these next six weeks. A soar in the attendance record will really help.

**FACULTY INTERVIEWS**

William Howard Janton is the director of instrumental music in Clarkston High this year. He was born in Teaneck, New Jersey, and grew up with his parents and sister, Doris, in Westwood, New Jersey. For the first twenty years of his life, Mr. Janton attended Westwood school where he participated in a great many extra-curricular activities. Among them were band, Glee Club, choir, track, basketball, Hi-Y, and the student council. He then attended Villanova College in Pennsylvania for a year where he majored in chemistry. Mr. Janton's next few years were spent in the army. He went to Band School, was attached to a Special Services Unit and then played in an Army Ground Forces Band. Most of his time in the army was spent in Alabama and Georgia.

When he left the army, Mr. Janton came to Michigan to study music at the University of Michigan. In 1950 he married his present wife, Anna, at Oxford, Michigan. The Jantons lived in Ann Arbor

until he finished college and received his Bachelor of Music Degree in Education.

Their little son, Mark William, was born a few months before the Jantons moved to Clarkston early this summer. Mr. Janton worked on a summer band program at Clarkston. He is now directing the Senior and Junior bands and a beginning band at Sashabaw school. He also teaches tonette classes at the high school, village grade school, and Sashabaw school. His outside activities include driving a school bus, teaching private music lessons and playing in the Plymouth Symphony Orchestra. His hobbies include teaching music appreciation and repairing instruments. Mr. Janton says that he is enjoying his first year of public school teaching very much. We hope that he continues to like it and that he and his family enjoy themselves in Clarkston.

**A New High in Pie**

There's news today! A brand new flavor in a pudding and pie filling mix—coconut—is now on the market! Brought out by a well known food manufacturer, it's rich in flavor, creamy in texture, has just the right amount of coconut blended right in and quite literally is "as good as home-made."

It is mighty versatile too—equally adaptable for pudding or pie filling. Simple too! Just add 2 cups of milk and cook about 5 minutes. It's ideal, either plain or combined with other flavors.

Take this Chocolate Coconut Cream Pie, for example—a glamorous, different pie, with chocolate used in the unbaked pie crust and flaked on top. This is just one of many delightful recipes for this new red letter dessert.

**Chocolate Coconut Cream Pie**  
1 package coconut cream pudding and pie filling mix  
2 cups milk  
Chocolate Graham Cracker Crust  
¼ cup cream, whipped and sweetened  
½ square unsweetened chocolate

Place pie filling mix in saucepan. Add milk gradually, blending well. Cook and stir over medium heat until mixture comes to a full boil and is thicker over medium heat (about 5 minutes), stirring once or twice. Turn into pie shell. Chill. Spread with whipped cream. Shave chocolate on top.

**Chocolate Graham Cracker Crust**  
Grate 1 square of unsweetened chocolate. Add 1 cup fine graham cracker crumbs, 2 tablespoons sugar, and a dash of salt; mix well. Then add ¼ cup melted butter. Press firmly on bottom and sides of 8-inch pie pan. Chill.

Meeting held by the President Robert Waters for the purpose of certifying a tentative system of major and local streets, discussion of resolution passed at the last regular meeting relating to the transfer of an SDD liquor license and to act upon any other business which could be acted upon at any regular meeting.

Meeting called to order by President Waters. Roll: Butters, Megee, O'Roark, Rockwell, Stewart, Thayer—present.

Moved by Butters, "That the Clerk be instructed to advise Amanda Alsbach as well as Charles F. and Rowena Hancock that any change in the type of business or use of the premises located at 1 N. Main Street and known as the Caribou Inn, will be cause for immediate reconsideration of the resolution passed at the regular meeting of the Village Council held Nov. 13, 1951 approving the transfer of the SDD Liquor License from Charles F. and Rowena Hancock to Amanda Alsbach." Motion seconded by Rockwell. Roll: Butters, Megee, Rockwell, O'Roark, Stewart, Thayer—yea—6, Nay—0. Motion carried.

Moved by Megee, "That the Village Attorney be requested to review Ordinance No. 34 (Zoning Ordinance) and to present amendments, if deemed necessary, to regulate use of property in the village." Motion seconded by Butters. Motion carried.

Moved by Rockwell, "Whereas, Act 51, Public Acts 1951, provides for the classification of all public roads, streets and highways in the state and the use of mileage data for apportioning the allocation of motor vehicle highway funds; and in Section 6 provides that a tentative system of major streets be selected in each incorporated city and village of the state and certified to the State Highway Commissioner; and in Section 8 provides that all streets within the corporate limits and under the jurisdiction of each municipality of the state, exclusive of state trunkline highways and county roads and not included in the major street system, shall be certified to the State Highway Commissioner.

**BE IT FURTHER RESOLVED** that the tentative system of major streets set forth on the attached map and tabulation, being streets of greatest general importance, was selected under the direction of this governing body and hereby is approved and certified to the State Highway Commissioner.

**BE IT FURTHER RESOLVED** that the local streets indicated on the attached map are under the jurisdiction of this municipality; are exclusive of alleys, cemetery drives and minor park drives; are open and in use by the public for vehicular traffic and are certified as local streets to the State Highway Commissioner.

**BE IT FURTHER RESOLVED** that this governing body certifies that the mileage of the tentative system of major streets in 1.417 miles and that the mileage of the local streets is 1.221 miles. The sources of these mileages are a matter of record in the files in this municipality in the form of survey notes, a correct map or other type of record from which the mileages have been compiled for this certification and are available for inspection and verification.

Motion seconded by Thayer. Motion carried.

Moved by Stewart, "That the meeting adjourn." Motion seconded by O'Roark. Motion carried.

**From where I sit... by Joe Marsh**

"Fair and Square"

We've just had a political campaign with everything from a torch-light parade to a neck-and-neck ballot box race.

Rusty Robinson, with no campaign funds, planned his Election Eve speech for the Square. Slim McCormick, who owns the Palace movie house, was finishing up his campaign in Pioneer Hall.

Then it began to rain. Rusty's political career was fizzling out in the damp when Slim showed up to say that Robinson people could meet in his theatre—for nothing. "I want to beat Rusty," Slim said, "but certainly not with rain!"

From where I sit, you've got to give Slim credit for acting on his belief that everyone has a right to be heard—just as everyone has a right to his own opinions and tastes. Maybe you like hot coffee, for instance, when you "take a break." Well, my vote goes for a refreshing glass of beer. After all, we're lucky to be living in a free country where we can have our own preferences!

 Is hypnotism a true remedial agent? This important question is discussed in the Lesson-Sermon to be read in all Christian Science churches on Sunday, December 2, under the title: "Ancient and Modern Necromancy, Alas Mesmerism and Hypnotism, Denounced".  
 The Golden Text is from Proverbs (14:22): "Do they not err that devise evil, but mercy and truth shall be to them that devise good."  
 Among the Bible citations in this passage, (Deut. 18:13): "Thou shalt be perfect with the Lord thy God."  
 Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "In no instance is the effect of animal magnetism, recently called hypnotism, other than the effect of illusion. Any seeming benefit derived from it is proportional to one's faith in esoteric magic." (p. 101)

**SUPERSTITION in this Enlightened Age**

★ Do you still bury a dishrag to remove a wart on your finger? Perhaps not, but some do. Yes, even asafetida is still worn on a string about the neck to ward off illness.

These cases are extreme, but surprisingly superstitious notions about disease and treatment are held in this enlightened age.

Before you accept secondhand statements that hint of witchcraft, consult your physician. He alone is competent to evaluate methods of prevention and treatment of disease. Bring your prescriptions to us.

**CHRISTMAS TREE HARVEST STARTING**  
During the next forty days more than a million Christmas trees will be moving from northern Michigan to the cities for the yuletide season. Mr. C. A. Boyer, Chief of the Bureau of Plant Industry, Michigan Department of Agriculture, warns, however, that every load of Christmas trees and evergreen boughs must be accompanied by a bill of sale carrying the owner's signature and the property description of the land from which the trees and boughs were cut.  
The bill of sale form for obtaining the written consent of the owner, can be secured from the Michigan Department of Agriculture at Lansing, or from many of the Conservation Department offices, State Police posts, County Agricultural Agents' offices, and from the County Sheriffs, who are all cooperating with the Department of Agriculture in the enforcement of the Christmas tree act.  
The Michigan Department of Agriculture will set up checking

stations on the highways throughout the State to inspect vehicles transporting Christmas trees and evergreens.  
Plants with roots attached constitute nursery stock and must be inspected on the premises where growing and a certificate of inspection obtained from a Department inspector before they may be moved. Cut Christmas trees and evergreen boughs are devoid of roots and, therefore, do not constitute nursery stock, but must be accompanied by a bill of sale showing the owner's consent to the removal.

Christmas trees and evergreen boughs shipped into the State are inspected and must meet certain quarantine requirements. This is to safeguard Michigan against the invasion of plant diseases and insect pests which might be transmitted from another State.  
The Christmas tree business is an important industry in Michigan. The bill of sale forms are furnished gratis by the Department of Agriculture so compliance with the act is not difficult.

**GOODWILL PLANS FOR CHRISTMAS**  
Its annual appeal for toys, clothing and other gifts for children of handicapped employees has been issued by the Goodwill Industries of Detroit.  
The toys and other gifts may be either new articles or used ones which can be reconditioned at the Goodwill workshop. Upwards of 200 children every year

look forward to the annual Goodwill Christmas party for the Yuletide joys and other gifts which make a child's Christmas a glad one.  
Every year hundreds of families familiar with the Goodwill program in behalf of handicapped workers play Santa Claus to the Goodwill children. While the disabled workers at Goodwill receive wages that meet the necessities of life, the individual income is not sufficient to permit the workers to indulge in many luxuries and non-essentials, including Christmas gifts, to which every child looks forward so eagerly. Everyone is given an opportunity to help make it a joyous Christmas for the Goodwill children with contributions of gifts or cash.  
Presents for the Goodwill children may be left at the main Goodwill building, 6522 Brush Street, or Goodwill will send a truck to pick them up if the donor calls TRinity 3-3600.

**NOTICE OF AMENDMENT TO VILLAGE ZONING ORDINANCE**  
To the residents of the Village of Clarkston:  
Notice is hereby given that on Monday, December 17, 1951, at 7:30 o'clock in the evening, Eastern Standard Time, at the Village Hall in the Village of Clarkston, an ordinance will be considered by the Village Council to amend Ordinance No. 34, being the Village Zoning Ordinance, so as to prohibit sanatoriums, rest homes, convalescent homes and homes for the care of the feeble minded from the village and that 15 days notice likewise be given to each public utility and Railroad Company owning or operating as such in the Village of Clarkston.  
This notice is given by order of the Board of Appeals of the Village of Clarkston pursuant to said ordinance and in accordance with section 4 of Act 207 of the Public Acts of 1921 of the State of Michigan as amended.

**FRUIT AND GARDEN NOTES**  
By Willard E. Bosserman  
Assistant County Agr'l Agent  
**WHAT TO DO WITH LOW HANGING BRANCHES**  
Often the large lower branches on a tree will lie on the ground when loaded with fruit. Some of these which have no large side branches should be cut off close to the trunk. Others that have good side branches may be headed back to just beyond a side branch that tends to grow in a more or less upward direction and is at least ¼ inch in diameter. A branch that lies directly over or on another should also be removed. Constant rubbing results in injury, and the part above eventually dies.
