The scouts have been busy the past few weeks rehearsing their pants in order to give you a full evening of fine entertainment. Make sure you are present so that the boys and girls will know that their efforts have not been in

### Circle Entertained At Masters' Home

On Thursday afternoon of last week the Mary Circle of the Methodist W. S. C. S., met at the home of Mrs. Leland Masters on Maple Drive. A pot-luck luncheon was enjoyed at 12:30. Those present included 14 members and two guests, Mrs. James Sutton of Waterford and Mrs. Emma Bauer of Clarkston.

Mrs. Ray C. Ainsley had charge of the devotions. She used as her theme, "Spiritual Gold".

At the business meeting the following committee was appointed for the Mien's Club dinner on March 20th: chairman, Mrs. Leliand Masters, Mrs. Kenneth Johnson, Mrs. Max Soulby, Mrs. Ray Ainsley, Mirs. Charles Beach and Mrs. Howard Johnson.

The group was reminded of the World Day of Prayer at the church on Friday, Feb. 29th.

A Mother and Daughter banquet in May was discussed and the Circle was in favor of having the banquet.

Mrs. Charles Beach combinued with the study of the Book of

### An Expression Of Love

When a man possesses too much of a thing. It's easy to give a small portion,

Without any thought to the joy it will bring, As it is a part of the work of each

day. A valentine greeting that's chosen

with thought, And effort expended in making it rare, Possesses more value than one that

is bought Without sacrifice or a showing of

care. A call from a lady came over the

phone, And these were the words that she happily said,

"If you'd be so kind to drive 'round to my home, I'll give you a loaf of my newly baked bread.".

This isn't unusual, most times, I suppose, If a woman has health and time she can spare:

But this took great effort, as she only knows, As she is confined all the day to a chair.

Such giving as this must come straight from the heart,

It was not done for a pretense o a show.

She gave when it hurt, as she toiled with her art Of kneading and molding the loaf

### Cars To Race On Lake Orion

Commerce announces an agreement with the Sports Car Club of America for two races on the ice of Lake Orion to be held on February 17 and March 2 in the large open expanse, bounded by Park Island and the Village Park shore. Competing will be about 25

ars of foreign and domestic make in the sports class entirely, running over a course of approximately one mile with exciting slippeny turns and marked out back-

The folks in this area will have the opportunity to see in action Fiats, Cadillac-Allards, Jaguars, Le Sabres, Alfa-Romeos, TC MGs, Masenatis, Crosleys, Simacs, Jupliters and many other models of umisual cars.

Racing will depend on the condition of the ice on the racing dates. A substantial crust is necessary to support the cars, which will run singly on a course marked out by flags. It is planned to start the racing at 12 noon and to continue until the entire field has negotiated the several hazards.

# adies Guild Plans Penny Supper

The General Guild of Our lady of the Lakes parish met on Wednesday evening Feb. 6th, in the parish hall.

Mrs. Howard Brinker, Mrs. Walter Rask and Mrs. Jack Foster.

Plans were made for a Penny Supper to be held on Saturday, Feb. 23rd, with Mrs. Tony Egnatuck as chairman.

Future projects include bake sales and a rummage sale with Mrs. Anthur Zettle and Mrs. Daril ODea as chairman, respectively. Mrs. O. L. Siegman gave a very interesting talk and refreshments were served.

### **Attention Legion And Auxiliary**

On Tuesday evening, February 19th, all members of the Campbell-Richmond Post, American Legion, and its Auxiliary are asked to meet at the Community Center at 8 o'clock to complete arrangements for the Pancake Supper.

This meeting

the Good Citizens in charge of The Lake Orion Chamber of the meeting following. The business meeting was presided over by the regent, Mrs. Bradley Scott. Officers and committee chairman gave reports. Mrs. William F. Todd said her committee had attended a recent citizenship court when thirty-one new citizens were admitted by Judge Doty. She added that D. A. R. citizenship manuals had been distributed to the members of Janice Amtona's citizenship classes, a course offered by Pontiac School as part of their adult

education program. Mrs. Gerls introduced Frank Chapman of Rochester, president of the Oakland County Citizens League. He showed a film with recorded message entitled "Land of the Free". It depicted the differences between file under Communism, Socialism and Democracy, showing how freedom can be taken by force or with a longer process, voted away. It related that the early colonists in our country tried a "Share the Wealth" plan and found that a true freedom where the individual could work and produce as he saw fit was more acceptable to them. Free men had the incentive to invent, work harder, risk fortunes, invest money and imagination dedicating themselves to dreams of a better life for all men.

# Various reports were given by Men's Club To Have **Lincoln Day Dinner**

The Methodist Men's Club will have their regular dinner meeting at the church on Thursday evenling, Feb. 21st at 6:30. This will be a Lincoln Day dinner and A. E. Butters will be the speaker. His subject will be "Abe Lincoln in Illinois".

# Dixie Saddle Club Holds Meeting

On Wednesday, the 6th of February, the Dixie Saddle Club held its monthly meeting at the Independence Township Community Building. It was a "pot luck" affair, and judging from the variety of dishes and the gusto with which they were emptied, very successful. Neighboring clubs had ers of the Michigan Rangers and ed. There were as many as 125 people gathered around the festive-looking tables; the hostesses poured gallons of coffee, and the

children had each a half-pint carton of homogenized milk donated by the Porritt Dairy of Lake Orlon. Right after the sumptuous and satisfying meal Mrs, George Perry, president, opened the business meeting. Reports were brought out by two committees; Brahm Hemsing spoke for the Land Committee the club had expressed the wish

standing and which could be used for practicing, etc., several possibilities had presented themselves. Part of the property held by the Clarkston Community Schools had first been considered but legal difficulties in leasing that to the club seem to have removed it as a possible choice. Mr. Blackett of to lease it for a period of five

then had stepped forward and on White Lake Road near the trainee in inspection and later League Clarkston's final record Dixie on a five-year lease basis. was transferred to personnel. Of course, there was still to be considered the site where the club had its three very successful horseshows the past years: Glenn Ellis' farm. There, too, no long lease would be possible, but buildings could be erected on a semi-permanent basis. The proposals were

> at the next meeting. Harry Waggener had written up new set of by-laws, and mimeographed copies were handed around to the members for study. One of the most important proosed changes was to have the club year run from January 1 to December 31 instead of from May

laid before the members to think

over and tabled to be taken up

to April 30th. Frank Minton introduced the peaker of the evening: Dr. A. B. Curtis of Northville, who gave a very interesting talk about the various breeds of horses and their care, then answered questions brought up by the members. The various pointers which Dr. Curtis gave, based on his long and wide experience with horses of all kind, were certainly very much

appreciated.

While the hall downstairs was being cleaned up, music started on Feb. 25th. up in the ballroom on the third floor. And there was a little band, consisting of Mrs. Blackett at the ducted by Mrs. William Johnston. piano, Mr. Blackett behind a complete set of percussion instruments, Ralph Maybee and Marks Warren with violin and guitar, Marthas will be on Thursday, and "Stony" Nelson with the base April 3rd. fliddle. Three square dance sets were formed and Vance who was the caller put them through their paces. The music varied and couples were gliding over the floor, visibly enjoying the dancing. It is no wonder that every- Highway early Wednesday mornbody was hoping for a repeat per-ling. She was born in Somerset formance of the little band in future get-togethers.

Mrs. George Perry presided at the business meeting when committees were appointed for the Rotary dinner on March 10th and the Men's Club dinner in April. A Mother and Daughter banquet in May was discussed and the group was in favor of having same. The World Day of Pnayer on Feb. 29th was announced.

In the absence of Mrs. Robert Osgood the study of the Book of Acts was continued by Mrs. Orlo Willoughby. This was exceptionally interesting.

Refreshments were served with Mrs. Ashton Emery presiding at the silver service.

# Random Thoughts

ROMANCE - Valentine's day is the day of romance, the occasion for sweetness and light, flowers and ribbons, gaiety and sentimental thoughts. An escape, the fulfilling of a secret desire, or manifestation of a fundamental ersonality trait?

Anyone coming to the United States from Europe is struck by two very opposite characteristics: the practical mindedness and the sentimentality of the American; in this area who have read with sistence upon earning money and restoring of the late Governor story. In sharp contrast are the by the Historical Society. As ciadvertisements proclaiming the tizens of this county everyone has and trade names which tell us neer and Veterans Historical goodies, and "home-made" bread. There is the push-button existence \$100 makes you a life member. of the metropolitan, highly sophisticated in his attitude toward life in general, and the homely, smalltown virtues, the reverence for of the society or the restoring

at first sight." Nearly all short stories, es- 5-4077. pecially in the women's magazines, most of the movies and quite a Clarkston Locals few of the novels deal with romance; with the kind of romance which is superficial, oversimplified, and therefore misleading. I at her home on Overlook Road of the "dark, handsome" boy who Pontiac General hospital for about eeds only the attraction of a five days. pair of shapely legs, a cute upturned nose, a saucy repartee or a demure, shy answer (as the case may be) to know intsantly that this gorgeous blonde is the girl for him, and he proceeds to tempt

fate by asking her to marry him! No thought is given to his or er character, their personalities, their peculiar traits, their stability as mature, man and woman. If you do know about square dancing we keep on feeding our young people this romantic balderdash, they shall keep on having disillusionments, quick divorces, and hasty attempts to secure happiness

through the same kind of romance. I am not "against" romance! Romance alone is just not the right kind of basis for marriage, or for any kind of permanent or lasting attachment. If we choose a certain profession because it is so "romantic", or a place to live for its romance, we are going to be sorely disappointed unless they of fun. Make plans to attend. have also other and more reliable qualifications.

I remember a young girl who chose nursing as her profession for its romance. She pictured herself In the white uniform and pretty cap, going from bed to bed, laying cool hands on feverish brows maybe saving a life through her unflagging devotion, working together with the young doctor in operating and emergency rooms. When the hard studying, the tiresome night watches, the rigid discipline of the hospital routine, the repetitious complaints of the patients overpowered the romantic notion of the white uniform, she quit - to become a riveter in one war "because that was so romantic" too. You can guess what

Romance alone is not sufficient when serious decisions have to be made. But, by all means, let's have romance, on the 14th of February, and all through our life; romance as an added ingredient. As presented Richard with a cub fragrance in a garden, or a glither in the snow; as an iridescent color on the wing of a butterfly or the blush of a wild rose at the edge of the still pond. With romance a ing, a menial task challenging, an old home endearing, a true love an enjoyment, our whole life an

adventure.

# P. T. A. Council **Meets Tuesday**

The Oakland County Council of Parents and Teachers will hold its Founders' Day meeting on Tuesday, February 19th, in the Drayton Plains School Auditorium. The meeting will stant with registration from 9:30 to 10:00 A. M., and will adjourn promptly at 3:00 P. M.

. The morning session will include the regular business meeting, a review of an outstanding anticle from a National Parent Teacher Magazine by Mrs. James Hull of Lambert School, and a follow-up film on mental hygiene to be introduced by Miss Dorothy Salle of Lambent.

Highlights of the afternoon will be community singing, a history of our County Council by our historian, Mrs. R. N. Hickson, and a play, "Scattered Showers", produced by a group from Waterford Township and introduced by its director. Miss Freida Huggett, Council Chairman of Home and

Family Living. The luncheon will be served by the Mother Singers, and reservations for it may be made by calling Mrs. Frank Sutherland, OR

New Cake-Easy to Make

Betty Crocker's newest cake creation, Velvet-Crumb, is not only easy to put together but can be whipped up in a hurry. It is excellent to serve guests who drop in during the afternoon or youngsters looking for an afternoon snack. Main ingredient of the cake is biscuit mix. Velvet-Crumb is similar to the traditional butter cake—moist, tender, rich. Beating time is only 90 seconds, there is no creaming or sifting and it can be served while still warm. The recipe:

Grease generously and dust with (350°). Cover with broiled topping

biscuit mix one square pan, 8 x 8 x while warm. Serve warm. 2-in. (for double recipe use 13 x 9 x

- VELVET-CRUMB CAKE

2-in. pan.)
Mix thoroughly 1½ cups
biscuit mix

1 egg 1/2 cup milk

% cup sugar
Then add 3 tbsp. soft highgrade shortening (all or
part butter adds flavor)

Stir together until ingredients are

blended. Then beat vigorously for

Stir in gradually 1/4 cup

milk. Beat for % minute

Preheat oven to 350° (moderate).

In Miss Stites ninth grade civics class the students have been studying a unit on state institutions. Each student made a map of the state and on it located each of the places which they studied Each student also wrote a letter to one institution asking for information about it. Replies have already been received from some places and the Civics students are learning a great deal from them. The class also plans to make some field trips to some of the nearby institutions.

### STUDENT COUNCIL NEWS

The Student Council met on Feb. 6th to take care of several annual Student Council sponsored school carnival. At a prior meeting it was decided that the project for the year was to be to support tne band uniform project. A controversy arose due to the fact that some representatives reported that their classes had decided that the band project was to get 40% of tne over-all receipts, 10% to the student council for expenses and 50% to be divided apportionally among the classes.

On this question the opinion was as follows; one class was in favor of the high percentage plan, two classes were in favor of low percentage plan, two classes were n favor of a no class profit plan, and one class offered "no comment". The meeting this week will

be able to decide the issue. A delegation from the varsity club was present to request that they be allowed to supervise gym activities during noon hours. The council delegated this power to them. A suggestion was made that milk for lunches be sold in the upper hall as well as the lower all to reduce congestion. A committee was appointed to take care of this idea.

It was brought up that in previous years there was a plan whereby students with high marks were exempt from some exams. A plan is being drawn up in consideration of this suggestion which was also dropped into the suggestion box in the hall.

# SEVENTH GRADE NEWS

Last week was truly one of interest to the seventh graders Much excitement was in the air concerning the big basketball game with the eighth graders. The game proved to be a thriller, and opponents were victors by one lost. point. Nevertheless, we are proud of our team and the fine spirit ney showed.

# CARELESS FEEDING TO SHEEP FLEECES

"Winter is a critical time in the production of top quality wool because careless methods of feeding hay and other roughage may damage fleeces", says Graydon Blank, extension animal husbandman at Michigan State College. Chaffy fleeces must be sold as rejects since mills can not make high quality cloth from wool that is filled with chaff and seeds. This wool must be first treated

the wool fibers, Blank says that the best way to keep wool clean during the winter feeding period is to feed all roughage from a hay rack with solid sides. This type of rack is becoming more common each year among Michigan flock owners. It keeps chaff from falling into the wool while the sheep ear and can be used for chopped hay as well as loose hay. It is port-

with an acid to carbonize the

chaff, and that treatment weakens

feeding grain, Plans for this particular rack are available at the county agricultural agent's office or may be ordered by writing to animal husbandry department at Michigan State College, East Lansing.

While this type of rack will save feed, some flock owners do a good job each day in a nearby field. This method will give the ewes exercise too.

Blank has several other suggestions for keeping wool clean. Never-carry hay or other roughage over sheep. Don't house sheep too closely in winter because poorly ventilated barns or sheds will stain the tips of the fleece. Avoid drafts but keep the doors open except during severe weather.

Salt rising bread is different in that it contains no yeast at all - it is started by scalding a mixture of cornmeal, sugar and salt in hot milk to the consistency of mush.

of many people.

name "salt rising" is its only mystery, says Mrs. Ruth Beegle of the Michigan State College foods and nutrition department. When this cornmeal mush is

allowed to ferment overnight bacteria develop, forming gas which causes the bread to rise. This mush mixture is called "rising" or "lightnin" or "emptyings" in various sections of the country. In the morning, after the starter

is ready the water, soda and flour are added to make a thick batter. Then this is allowed to rise for two hours when more flour is added, A small amount of lard is worked into the dough before the loaves are finished as in any other bread.

Salt rising bread is not mysterious in intself. It should never be confused with yeast starters or even sour dough bread. It is different for it contains no yeast able and a place is provided for

# IS MEDICINE. DESTROYING ITSELF?

\* Things dramatic capture the imagination, sometimes to the point of distorting the perspective. This is as true in medicine as in other fields. The sensational results with sulfa drugs. and penicillin are examples.

Less dramatic, but responsible for saving uncounted lives, are the broader public health measures. Sewage disposal; swamp clearance; water, milk, and food inspection are but a few of these

triumphs. The physician and the pharmacist have always been leaders in the field of preventive medicine. This fact led James Brice to observe, "Medicine is the only profession that labors incessantly to destroy the reason for its own existence."

The fight, however, is far from won. Diagnosis and treatment of disease are still the primary functions of the physician. The accurate filling of prescriptions is our responsibility as pharmacists.

# Tool Up for Spring... Now

"Easy does it" when you have a good farm workshop powered by electricity. On the Dean Ruggles farm near Marlette the workshop is used during the winter to get tools and equipment in apple pie condition for spring work in the fields. In the summer, it helps speed machinery repairs when delay would be costly.

The picture above shows Mr. Ruggles using a portable electric farm welder to fix up his homemade wagon unloader.

You, too, will find a farm workshop a real time and money saver.

With electricity supplying the muscle for saws, drills, grinders and welders, you can easily repair hard-to-replace equipment -also build many labor-saving devices

Your Edison Farm Service Advisor will gladly help you plan a farm workshop that will more than pay its way all year long. Call or write any Edison office.

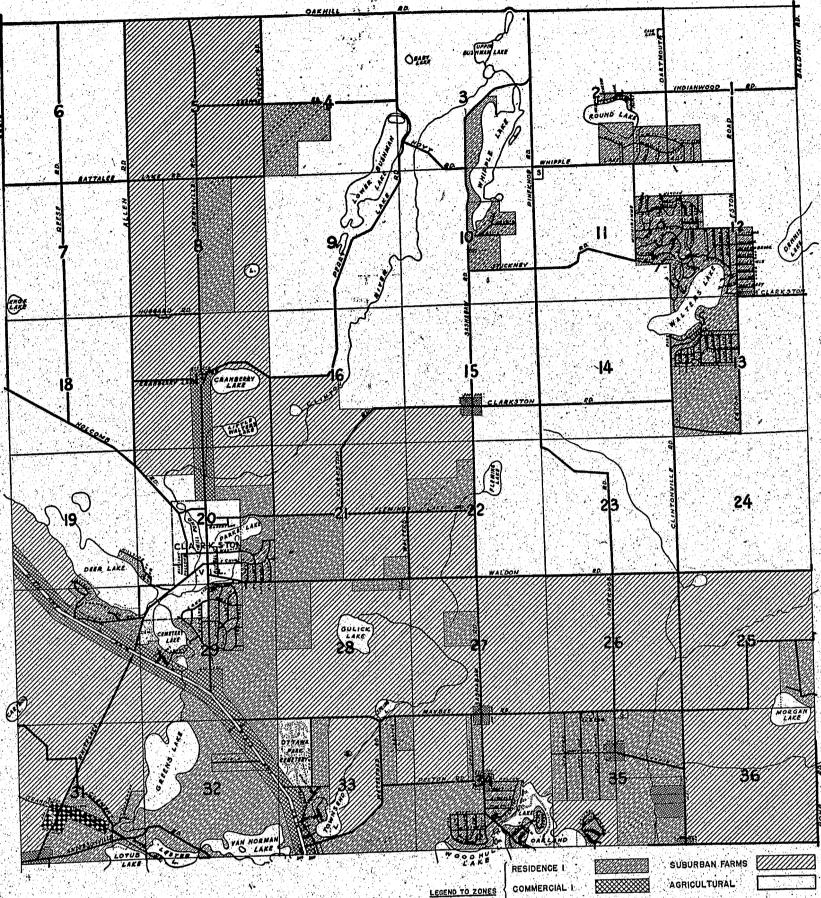

Reddy Kilowatt says:

"Wiring is always important. So always ask your Farm Service Advisor about it."

The Detroit Edison Company

# ZONING DISTRICT MAP OF INDEPENDENCE TOWNSHIP OAKLAND COUNTY, MICHIGAN

# NOTICE OF PUBLIC HEARING

MANUFACTURING

Notice is hereby given that a public hearing will be neld by the Independence Township Zoning Board at the Township Hall, Thursday, February 28, 1952 at 8:00 P. M., Eastern Standard Time, for the purpose of amending the Independence Township Rural Zoning Ordinance

That Section 4. shall be amended to read as follows:

"For the purpose of this ordinance, Independence Township is hereby divided into the following Zoning Districts which may be referred to either as Districts or Zones:

- Residence 1 District Commercial 1 District
- Manufacturing District
- Suburban Farms District E. Agricultural District

The boundaries of said district, shown upon the map marked and designated Zoning District Map of Independence Township which is attached hereto and made a part of this Ordinance are hereby established; said may and all notations, references, and other information shown thereon shall be as much a part of this Ordinance as if the matters and information set forth by said may were all fully set forth and

That Section 6, shall be amended to read as follows:

"Section 6.1. USES. In a Residence 1 District no building or land, except as otherwise provided in this Ordinance, shall be erected or used except for one or more of the following specified purposes:

- (1) Dwellings.
- (2) Farms.
- Churches, public schools, public libraries, museums, private schools and educational institutions
- Public hospitals (but not including institutions for the care of the feeble minded or insane), when permitted by the Board of
- Community buildings, country clubs, fraternal lodges, or similar civic or social clubs (but not a residential club or one operated as a commercial enterprise), when permitted by the Board of Appeals.
- The use of open land and waters for privately owned and operated parks, picnic groves, golf courses, or similar facilities for outdoor exercise and recreation (not including boat liveries and bathing facilities) which may not be operated for profit and provided such use does not impair the natural appearance of such land or tend to produce noise or annoyance to surrounding properties only when permitted by the Board of Appeals.
- Accessory uses customarily incident to any. of the above permitted uses including not more than one private garage in which there is housed therein not more than one commercial vehicle of not to exceed one and onehalf (11/2) tons capacity for each lot, and in-

The use of trailer coaches, tents, or portable dwellings shall not be considered either as a dwelling as herein defined and permitted animals."

shall be erected or altered in this district which provices less than six hundred twenty-four (624) square feet of floor area per family at the first floor level, exclusive of any garage area or area in any accessory building. Provided, however, that where there are lots of public record existing prior to the effective date of this Ordinance of a size too small to provide the required yard space if a dwelling containing a minimum of six hundred twenty-four (624) square feet of floor area at the first floor level were erected thereon but which could meet the yard space requirements if a dwelling containing a minimum of five hundred twenty-eight (528) square feet of floor area at the first floor level were so erected, such smaller dwelling shall be permitted, provided, always, howif such undersize lot is adjoined by land of the same owner available for use in connection with said lot. putation of square feet."

Where a front yard of greater or less depth than Ordinance, on one side of a street in any block, the depth of the front yard of any building subsequently erected on that side of the street in that block shall not be less and need not be greater than the average depth of the front yards of such existing dwellings, but this shall not be deemed to require in a Residential 1 District a front yard of greater depth than fifty (50) feet or permit a less depth than thirty (30) feet in

"Section 6.4. SIDE YARDS. In a Residence 1 District there shall be on each side of every lot a side yard, the minimum width of any side yard shall be five (5) feet, but one side yard shall be not less than ten (10) feet in width."

"On a lot occupied by a church or other building in which persons congregate, or which is designed, arranged, remodeled, or normally used for the con-

five (25), the width of each side yard shall be not less than fifty (50) feet."

"The width of a side yard abutting upon a street shall be not less than the minimum front yard depth required on an adjoining interior lot fronting upon such side street, but this shall not reduce the buildable width of any lot of record at the time of passage of this Ordinance to less than thirty (30) feet at the ground story level."

"Section 6.5. REAR YARDS, In a Residence 1 District, there shall be on every lot a rear yard, the minimum depth of which shall be twenty (20) feet for a one-story building, provided, however, that a private garage may be constructed in said rear yard. On a lot occupied by a church or other building in which persons congregate or which is designed, arranged, remodeled or normally used for the congregation of persons in numbers in excess of twentyfive (25) the depth of the near yard shall be not less than fifty (50) feet."

"The depth of a rear yard abutting upon a street shall be not less than the depth of front yard required for a building of the same size, and kind on an adjoining interior lot fronting on such rear street."

"Section 6.6. AREA OF LOT. In a Residence 1 Distriot, no dwelling shall be erected on any lot having a minimum width of less than One Hundred (100) feet at the highway or street, together with an area of not less than 15,000 square feet, provided, however, that this requirement shall not apply to a piece or parcel of land platted and identified as a single unit on a plat officially approved and recorded prior to the effective date of this ordinance." "Section 6.7. BUILDINGS ON THE SAME LOT.

Accessory buildings and portions thereof not exceed-

ing one story in height may occupy not more than fifteen per cent (15%) of the lot area. On a corner

LARGE CASKET DISPLAY

cluding signs pertain use of a lot or building placed thereon, and not exceeding eight (8) square feet in area on any one lot, except by authorization of the Board of Appeals. Dwellings for the use of domestic employees of the owners, lessees or occupants of the principal dwelling on a lot shall be considered accessory buildings but if containing a complete housekeeping unit or units, shall conform to all the height and yard and area requirements for dwellings in a Residence 1 District.

nor as a legal accessory use in this district if the same are used for human habitation nor shall the same be used for the shelter of "Section 6.2. AREA OF BUILDING. No dwelling

ever, that such smaller dwelling shall not be permitted The area of a utility room in dwellings constructed wthout a basement shall not be included in the com-

"Section 6.3. FRONT YARDS. In a Residence 1 District, there shall be on every lot, a front yard the minimum depth of which shall be forty (40) feet. the above specified exists in front of a dwelling or dwellings in existence at the time of passage of this

gregation of persons in numbers in excess of twenty-

lot accessory buildings shall not occupy any of the minimum required side yard space abutting upon a street nor any of that portion of the rear yard lying nearer to the street than the width of side yard required on such lot and abutting on such street. Except: as monified in the tollowing sub-section; one (1) dwelling only shall be erected on a lot which is part of a recorded plat, provided, however, that where an additional owelling shall qualify as an accessory building within the meaning of Section 6.1 (7) hereof, such additional dwelling shall be permitted." "Section 6. 8., DIVISION OF EXISTING LOTS. Where permitted by the Board of Appeals, lots in a Residence 1 District which are part of a plat recorded prior to the effective date of this Ordinance and which have more than one hundred (100) feet of width at the highway or street may be divided into a larger number of lots usable for dwellings, provided each of such lots shall meet the area requirement set forth in Section 6.6 hereof." That all lands in the Township of Independence which

are presently zoned to Residence 2 and to Residence 3 shall be re-zoned to Residence 1; and "Section 7. RESIDENCE 2 DISTRICT" and "Section 8. RESIDENCE 3 DISTRICT" of the present Zoning Ordinance shall be repealed in their entirety.

That Sub-paragraph 6, of Section 9.1 of the present Zoning Ordinance shall be amended to read as follows:

"6. A motor supply station when so arranged and maintained as not to adversely affect the normal development or use of neighboring property in the same District or an adjoining Residence 1 District, when permitted by the Board of Appeals."

That Section 11.8 of the present Zoning Ordinance shall be amended to read as follows:

"Section 11.8. TENANT HOUSE, No auxiliary dwelling in this district shall be built on an area of less than three (3) acres of land for use in connection with the principal dwelling unless it be a tenant house, which shall have at least six hundred twenty-four (624) square feet of floor area at the first floor level, the occupants of which are employed in connection with the land by the owner thereof."

That Section 12.3 of present Zoning Ordinance shall be amended to read as follows:

"Section 12.3. AREA: No auxiliary dwelling in this district shall be built on an area of less than ten (10) acres of land for use in connection with the principal dwelling unless it be a tenant house, which shall have at least six hundred twenty-four (624) square feel of floor area at the first floor level, the occupants of which are employed in connection with the land by the owner thereof."

That the Zoning Map of Independence Township together with the legend to the Zoning Districts thereon shall be revised in the manner shown on the copy of said Zoning Map attached hereto and made a part hereof.

A revised zoning map appears in this issue of the paper and in addition thereto a revised zoning map and text of the Independence Township Rural Zoning Ordinance with proposed amendments may be examined at the Township Hall on any Tuesday between the hours of 3:00 P. M. and 5:00 P. M. and on any Saturday between 9:00 A. M. and 12 Noon.

Dated January 21, 1952.

· In Christian Science the word "Soul" is often used as a synonym for the word "God". This is explained in the Lesson-Sermon which will be read in all Christian Science churches on Sunday, February 17, under the subject,

"Soul". The Golden Text is from Psalms (35:9); "My soul shall be joyful in the Lord; it shall rejoice in his. alvation."

Among the Bible citations is this passage, (Ps. 34:22): "The Lord redeemeth the soul of his address at their last known place of address at least ten days prior to said servants; and none of them that trust in him shall be desolate." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Only by losing the false sense of Soul can we gain the

eternal unfolding of Life as immortality brought to light. (p. 335)

# The Grist Mill

the annual reports of Dairy Herd Improvement Associations, Oakand County's four leaders in the Farms, 586 lbs.; Oliver Acres, 571 Look for those bright red gills. These are in striking contrast to and Ousnamer and Crawford, 526 lbs. When you think of comparing the state average of less than 250 no stale or sour odor to a quality lbs., you can see why some folks are successful in dairying and some are not. Success factors reported by these dairymen are: (1) Good care and management. (2) Good breeding practices. (3) Feeding which goes with good care and management.

If you are not getting good yields from your cattle, each of

these factors should be investigate ed in your own management plan.

FISH, A GOOD

With meat prices at their preent high, homemakers are using their best thinking to supply the needed protein for their family meals. Since fish is one of the good sources of protein, it helps every consumer to know when she is getting good fish, says Mrs. Josephine Lawyer, Home Demonstration Agent. If you are a fisherman, you may know this fact already. If you are not, you will want to know that a fish is soft and flabby just after it is caught. But shortly after the protein muscles coagulate, and you have that stiffness of

rigor mortis. A fish in this stare is of excellent quality. But - here's the thing to watch As the fish begins to grow stale it becomes sofit and flabby. Watch it! Press the flesh with your finger, If the flesh remains indented, you know it isn't in best condition.

Let's take a look at a fresh fish. It has bright eyes - not eyes that are sunken and dull or wrinkled. These are in striking contrast to covered gills of the fish that is these butterfat yields per cow to not in good condition. There is fresh fish.

When your husband or teen-age children put you on the spot concerning the food value of fish you can proudly mention that fish are rich in protein, fat, mineral
