

Waterford
Mrs. Jack Hall, Correspondent
Phone OR 3-0261

Mrs. Wallace Brown and Mrs. Agnes Flickinger are both getting along fine following recent operations at St. Joseph's Hospital. Mrs. Brown is able to be out on crutches and is gradually going up and down steps following a long siege with a bad knee.

The many friends of Mrs. Lillian Wilcox were sorry to learn of her death last week while visiting her son in Missouri. She was a former Waterford resident and one of the original members of the Waterford Women's Club. She is survived by several sons and daughters, one of them being

Earl Wilcox of Airport Road. Word has been received here of the tragic accident on April 10th in Fresno, California, in which Rev. and Mrs. Phillip A. Jordan and 3 year old daughter Ruth Anne were involved. Mrs. Jordan received a brain concussion and Ruth Ann was fatally injured. She was buried in Fresno the day before Easter. Complete details of the accident are not known but it is reported that a car driven by a woman and carrying several children crashed into the Jordan car at an intersection when the lady driving stepped on the accelerator instead of the brake pedal. None of the occupants of that car were injured. Rev. Jordan was a former pastor of Christ Lutheran Church here and went to Fresno about two and a half years ago. Their many Waterford friends were shocked and saddened to hear of their misfortune and extend heartfelt sympathy to the family in the death of Ruth Anne.

Mrs. Alice Lynch and son Joe came from Kalamazoo Saturday to spend the weekend with Mr. and Mrs. William Schmidt of Waterloo Street. They are the mother and brother of Mrs. Schmidt.

Scrap Metal Harvest

"Harvest and sell your scrap. Your country needs it now." This is the appeal which farmers throughout the nation are heeding by collecting their scrap metal and sending it on its way to hungry steel mills. Shown above "harvesting" this scrap metal is William D. Smith of Clarkston, Mich. Scrap collected now means more steel later for vital farm equipment.

Mr. and Mrs. James Lamber-ton and two younger daughters Caroline and Kathy Sue enjoyed the weekend at their cabin at Atlanta.

Mr. and Mrs. Don Beedle and son Rickey of Memphis were weekend visitors at their homes here.

Mr. and Mrs. J. Thomas Peterson of Andersonville Road have had his parents from Ohio with them the past week.

Mrs. Henri Buck is home from Harrisburg, Pa., where she has been spending some time with her daughter and family, the Emerson Mitchells. Mrs. Mitchell (June) and two children accompanied her home. They have visited at Roscommon and Detroit and are spending this week with the Fred Mitchells. Emerson Mitchell will arrive this weekend to accompany them home to Harrisburg.

Eight of the Waterford Moms attended a Moms breakfast at the Thompson home in Pontiac last week Tuesday.

Mr. and Mrs. Richard Burch and son Rickey of Detroit visited her parents, Mr. and Mrs. Roy Pammenter on Sunday.

Word has been received from Mr. and Mrs. Harry Harrup that they arrived in Palmetto, Florida, on Thursday and were as thrilled as ever over their new home there.

Reservations may still be made for the Annual Spring Luncheon sponsored by the Mothers Group. The date is Thursday, May 8th, and the place is Hi-Land Manor on M-59. Anyone wishing tickets may call Mrs. Harold Pankner, OR 3-0638 before this Saturday, May 4th. All reservations must be in by then.

Eight members and one guest of the Good Will Club had luncheon at Devon Gables last Thursday. Following the luncheon they returned to the home of Mrs. Will King for visiting and a short business meeting, conducted by

the president, Mrs. Russell Maybee.

The Adult Bible Class of the Waterford Community Church will meet Tuesday evening at 7:30 at the Parsonage.

Thursday, May 8th, at 7:30 is Church Workers Night at the Waterford Community Church. The Mission Board, Trustees and Council will meet at that time.

Plans are completed for the annual Mother and Daughter Banquet sponsored by the Ladies Guild of Christ Lutheran Church. It will be held on Friday, May 9th at 6:30 at the Church. Mrs. Walter J. Teeuwissen Jr., will be the guest speaker. Mrs. Earl Grahl, OR 3-6345, is in charge of the tickets and only 100 will be sold.

The 10th Annual Banquet of the Waterford Township Firefighters Association will be on Tuesday, May 13th, at 6:30 at the C. A. I. building. Send reservations in by May 5th to Donald M. Kerr.

Lem Van Syckle who has been ill for some time with pneumonia is quite improved and able to be around his yard.

Mr. and Mrs. Arthur Davis and Mr. and Mrs. Henry Mehler were dinner guests of the Roy Pammenter's last Friday evening.

The Ladies Guild of Christ Lutheran Church will meet at the home of Mrs. Harold Sayles, Dixie Highway, next Wednesday, May 7th, at 8 o'clock. The ladies will work on the decorations for the Mother and Daughter Banquet.

The fourth, fifth and sixth grades of the Village School enjoyed a roller skating party, Monday evening at the Rolladium.

Springfield News
Mrs. Stanley Furman Correspondent

Last Thursday evening Mrs. G. George Miller had the misfortune to have her hand severely cut. She had to be taken to the hospital where they put several stitches in the wound.

"Chuckie" Jarvis, small son of Mr. and Mrs. Harold Jarvis was brought home from the contagious hospital on Monday. He had been confined there with chicken pox and pneumonia.

Mr. and Mrs. Frank Huff visited Mr. and Mrs. Ed. Truax in Alba, Mich., on Sunday.

Mr. and Mrs. Charles Adams and family spent Sunday at the home of Mr. and Mrs. Edgar Hollis on Maybee Road.

Carol and Douglas Allison have returned to Detroit after spending the weekend visiting their sister, Mrs. Charles Adams.

SAFETY PATROL LUNCHEON

On Tuesday, April 22, the Safety Patrol Boys were honored at a delicious luncheon which was en-

joyed by eighteen boys and their guests including: Mr. Leslie Greene, Superintendent of Schools, Miss Joanne Myers and Mrs. Sylvia Donay, sixth grade teachers, and Miss Ruth Sharpe, Elementary Principal.

Mr. Greene told the boys how much we appreciated the fine work that they were doing and he announced that our patrol captain, Kent See, had been chosen by the Automobile Club of Michigan to represent our school on a tour of Washington, D. C.

On behalf of the patrol boys, Kent See thanked the women for the delicious luncheon.

Mrs. L. V. Cushman, Mrs. Jack Jylen and Mrs. Robert Osgood served the luncheon.

SENIOR PROM

Last Saturday night many enjoyed dancing to the music of Bill

Dobyns Band. An oriental theme provided the high school auditorium with decorations and atmosphere. Punch and cookies were served by a few of the sophomore girls that were dressed as Chinese women. The dance ended at twelve o'clock.

Preceding the prom, a coke party was held by Carolyn Yoder. From there the group went to the home of Mary Lou Althouse where moving pictures were taken. After the dance many of the young folks were invited to the home of Fred Groven for a party and breakfast. Everyone went home very tired, but all had a good time.

JUNIOR NEWS

On last Thursday evening the annual Junior play was presented. The play "Dark Doings" was a comical mystery, and a very exciting one. Mr. Heimburger directed the play and Mr. Bonner helped with the make-up. The Juniors are very sorry to hear that Mr. Heimburger will not be able to direct their play next year. He will then be a senior advisor, and will be taking several night college courses and feels that he will not be able to spend the great amount of time necessary to present a play.

SEVENTH GRADE NEWS

Last week was surely eventful for the seventh graders. On Tuesday night they accepted the eighth grade's invitation to join them in a skating party. All boarded the bus at 6:30 P. M. and were off to Lake Orion for a grand time. The students as well as their chaperones really had a wonderful evening. The following day many were so tired that they welcomed the opportunity to sit down; others, for some unknown reason, preferred to stand as much as possible!

Six weeks exams are over and once more classes are back to routine. The students in chorus are busy practicing for their operetta on Friday night.

MEET THE CLOWN OF CLOWNS

Playwright Anita Loos writes about Emmet Kelly, famous circus clown who became a living caricature to make people laugh. She tells, in this Sunday's (May 4) issue of The American Weekly, exclusively with Detroit Sunday Times, how Kelly makes every member of his audience feel he is performing for him alone.

CLINTON VALLEY COUNCIL BOY SCOUTS AMERICA

The annual meeting of the Oakland Circle District, Clinton Valley Council, B. S. A., was held on Thursday, April 24 at the Waterford Township High School. The meeting, which began with a potluck supper, was attended by about 150 Scouters and their wives.

Reports on Area activities including Courts of Honor, Camporees, etc., were given by Noland Brown for Westlakes Area; Robert Skellinger for Southern Area; Claude McKinnon for the Dixie Area; and William Pascher for Agawan Area. A report on the coming District Camporee for all Scouts was also given by Skellinger. Dates for the Camporee are June 6, 7, and 8, and the site will be the "Multi-lakes Sportsmen's Club" on Reed Lake.

A training Committee report given by Leadership Training Chairman, Roger Gunn showed that more than 300 Adult Scouters had attended training courses during the past year, and that 148 of them had qualified for training certificates.

Group singing was led by William Pascher who then introduced the "Uncalled Four", a Waterford High Barbershop Quartet who entertained with several numbers.

The report of Field Executive L. D. McMillin covered financial status, membership and activity within the District. Mr. McMillin

gave much credit to the various Community Chests within the area and to the Township United Fund for the financial support for Scouting. Membership in the District reached a new high during the past year with the Cub Scout membership doubling to a total of 1,234 boys, while the Boy Scout membership has increased to 1405 boys making a total of 2640 boys currently registered as members in the Boy Scout program in the District.

L. C. Churchill, vice-president of the Clinton Valley Council and former District Chairman presided at the election of officers. The slate of officers and members-at-large presented by the nominating committee was adopted unanimously. Officers for the new year include: Kenneth Sanderson, Chairman; William Pascher, Vice-Chairman; and Agawan Area

Chairman; Robert Skellinger, Southern Area Chairman; Noland Brown, Westlakes Area Chairman; and Claude McKinnon, Dixie Area Chairman.

The following men were elected members-at-large of the District Committee: Arnold Sherman, Brooklands; Charles Latta, Pontiac Lake; Roger Gunn, Scott Lake; Chester Briggs, Lambert; Rev. Barney Roepcke, Orchard Lake; Ralph Watkins, Milford; Lee O. Brooks, Highland; Arthur Selden, Fourtowns; Ray D. Baker, Green Lake; L. C. Churchill, Westacres; Mason Case and Frank Chapman, Rochester; Norman Roth, Lambert; Gelston Poole, Watkins Lake; John Hunt, Farmington; Joe Haas, Holly; Edward Porritt, Clarkston; Robert McCrory, New Hudson; and Hugh Arms, South Lyon.

A recommendation was made to the Executive Board of the Coun-

cil for the appointment of William Barnum as District Commissioner. Members of the nominating committee included Ralph Watkins, Milford; Roy Plauman, Brooklands; Francis Collom, Pontiac Lake; Stuart Williams, Lake Orion; George Stout, Williams Lake and Dale Ames, Farmington. The meeting was closed with the singing of "God Bless America" and the recitation of the Scout Oath.

HIGHEST-YIELDING ALFALFA VARIETIES SCARCE THIS YEAR

Seed of the highest-yielding varieties of alfalfa is scarce this spring so if you haven't been able to find the kind you want, these suggestions by S. T. Dexter, Michigan State farm crops specialist, may help you pick an alternate.

If you can find Michigan Grimm or Hardigan, or other northern-grown Grimm, or northern-grown Ladak, you can depend on it to give the highest yields for the first two years of hay harvest.

Dexter says that if you are planning to leave the field for more than three years, and if bacterial wilt is causing trouble, it should be worth your while to try Ranger, a new wilt-resistant variety.

Although this variety doesn't yield quite as well as some, is less winter hardy and is more troubled by leaf diseases, it still is an acceptable variety that can survive wilt infection far better than can Grimm or Hardigan. Northern-grown commons have not yielded as well as Grimm, nor do they have wilt resistance, Dexter points out.

Waterford Township

Waterford Township Recreation Softball League is now in the process of being formed.

A Softball Managers' meeting was held in the recreation office last week. Managers were present from Drayton Drugs, Dixie Merchants, Dickie Lumber, Richardson's Dairy and All Saints Episcopal Church. Several other managers have also specified interest in entering their teams in this year's Softball League.

The League games will start on May 12 at the Drayton Plains Softball Park. The games will be played on Monday, Tuesday, Wednesday and Thursday at 8 P. M. Make-up games will be played on Fridays at 8 P. M.

Any teams wishing to enter the League must notify the recreation office at once, OR 3-9152. Entrance fees must be paid this week. Anyone interested in playing, not already on a team, may call OR 3-9152. Plans are also underway for a Junior Softball League.

OAKLAND COUNTY EXTENSION SERVICE NEWS

by Mrs. Josephine Lawler Home Demonstration Agent
EAT MORE SALADS
It is salad time. And though salad making may be a real challenge these spring days, Josephine Lawler, county home demonstra-

tion agent, suggests picking up meal planning with crisp, cool, colorful salads.

At the outset, make sure your lettuce or greens are crisp, she urged. To crisp greens, add ingenuity and imagination. For instance, spread cream or cottage cheese mixed with a little ham and relish on large lettuce leaves, roll up, cut in three or four inch lengths and serve on shredded lettuce with a tart dressing.

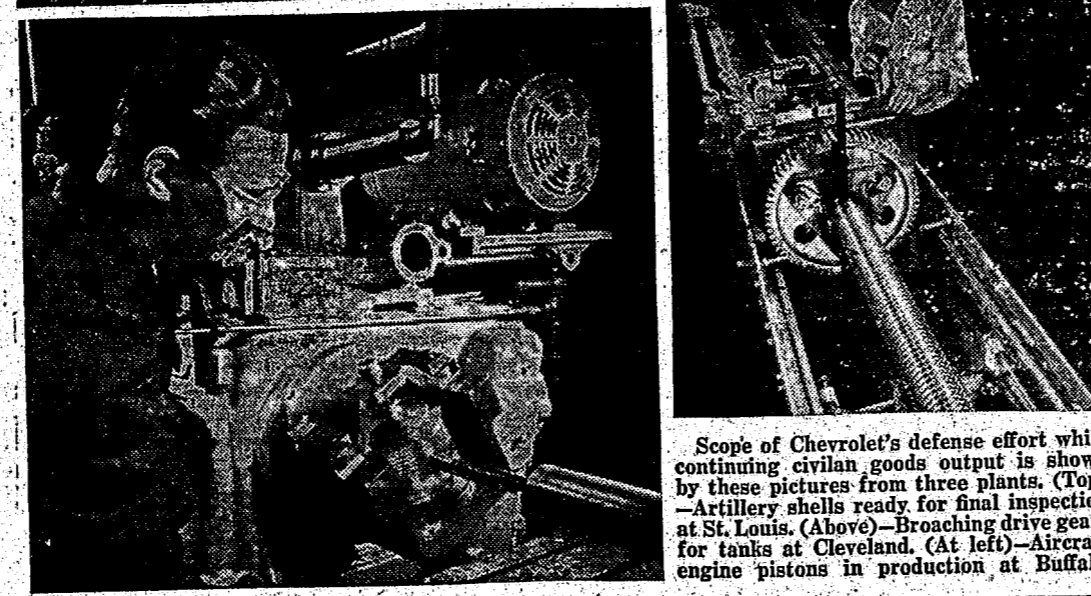

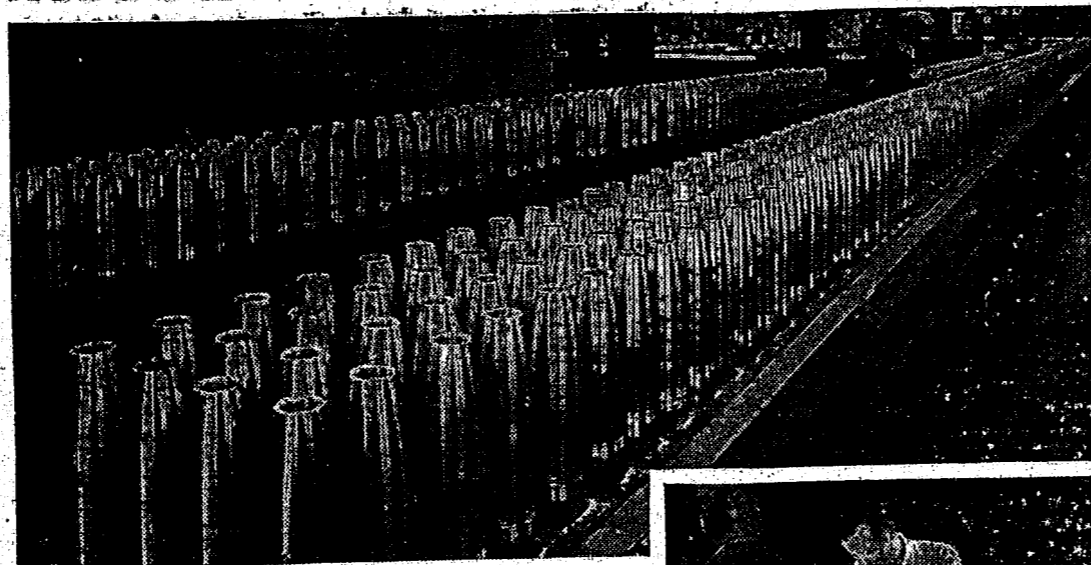

For dandelion green lovers there are many ways to serve salads. About a quart of the greens mixed with onion, vinegar, salt, hard cooked eggs, and "wilded" with a bit of bacon makes an original springtime salad.

Watercress should not be forgotten this time of year, Mrs. Lawler reminded. Shred lettuce and toss in sprays of watercress, mix with a tart French dressing and garnish with strips of red pepper or diced pickled beets.

The dressing can make or break a salad—and so can the application of the dressing. A tart French dressing, for instance, should be used somewhat sparingly so that all the ingredients have a light coating of dressing. But avoid the soggy, over-spiced condition caused by too much dressing.

To get more ideas about salads, a Michigan State College bulletin entitled "Seasonal Salads" can be obtained free of charge from the County Extension Office, 1260 West Boulevard, Pontiac.

AUTO PLANTS BUILD VARIETY OF WEAPONS

Scope of Chevrolet's defense effort will continue civilian goods output is shown by these pictures from three plants. (Top) — Artillery shells ready for final inspection at St. Louis. (Above) — Broaching drive gears for tanks at Cleveland. (At left) — Aircraft engine pistons in production at Buffalo.

ture. Under those conditions they will grow rapidly and produce crisp and crunchy roots. Although a few feet of row may be sown every 10 days throughout the summer to provide a succession of this crop, since mid-summer plantings often become rather "bitey," many Michigan gardeners prefer to make only three or four plantings in early spring, then perhaps two in the fall.

Last week we planted pears and radishes, now it is time to set out early cabbage plants. Plants from seed sown out of doors in April will mature heads in midseason. If cabbage is wanted for storing, seed should be sown in a seed row in the garden in early June and the plants transplanted to their permanent location in late June, or seed can be sown thinly in the row where they are to remain, then thinned to 24 inches apart.

Since most home gardeners can use only two or three heads of cabbage a week, it is advisable to plant a few plants of each of several varieties for the early crop to lengthen the maturity season. Although the heads can be used at varying stages of maturity, if only one variety is planted, it is probable that some of the heads will crack before they can be used. This condition will be aggravated if a hot dry period in midsummer is followed by heavy rains. It can be avoided somewhat by planting a few plants each of early, midseason and late cabbage varieties. It can also be prevented somewhat by twisting the heads a half or three-quarter turn to disturb the root system when the heads are nearly mature. Quality cabbage can be grown only in a very fertile soil. In addition to the manure and fertilizer applied at planting time, two sidedressings of a nitrate fertilizer made at monthly intervals after transplanting will improve the quality.

If spaced 24 inches apart, early lettuce can be planted between the plants since it will be harvested before the cabbage needs the extra room.

FRUIT AND GARDEN NOTES

by Willard E. Bosserman Assistant County Agr'l Agent
Last week we discussed the early planting of certain crops. This week I would like to discuss some of the crops in more detail.

PEAS.
For success with peas they should be planted very early — at the latest by May 15. In favorable seasons, however, a fairly successful crop can be grown in the fall if sown about July 15 so that they will mature in September.

For the spring crop, best results will be obtained by planting early, midseason and late varieties all at one time — as early as possible — rather than making successive plantings. Unless the soil is very weedy the seeds may be sown in double rows spaced 6 inches apart. To facilitate training, this is especially desirable with taller varieties. If the soil is particularly weedy, more hand weeding will be necessary than with a single row. Peas should be seeded to stand about an inch apart in the row.

Tall varieties can be supported by sticking brush 30 to 36 inches high in the ground alongside the row, by placing chicken wire alongside the row, or by wires and strings.

Peas can hardly be considered to be a profitable crop unless they are sown before May 1 to permit them to mature in time to utilize the space with another crop.

RADISHES

Radishes do best in cool weather and when given plenty of mois-

RHUBARB ADDS GAY TOUCH TO COOKING

Homegrown rhubarb will soon be available. It is a sure sign of spring that can add tart-sweet flavors to meals that may have been lacking in taste and color appeal.

Miss Mary Morr of the department of foods and nutrition, Michigan State College, reminds homemakers that rhubarb is one fruit to which sugar is added before it is cooked if it is to remain added in small quantities as the in whole pieces. Water should be rhubarb has a naturally high water content.

In preparing rhubarb sauce, remember that the fruit should be cooked as short a time as possible to retain the most of the fresh fruit flavor — the aroma in the air, the less flavorful the cooked sauce.

Rhubarb lends itself to baking, Miss Morr said. The prepared fruit should be placed in a baking dish which can be tightly covered. Sugar and a very small portion of water are needed. Bake the fruit in a 350 degree oven. One part dates to three parts rhubarb make a rich baked fruit combination, she suggested.

Another combination is lemon or orange or both added to rhubarb. Use either the juice or grated rind of the lemon or orange.

Rhubarb punch is colorful and tasty for springtime entertaining. Use pink rhubarb, Miss Morr advised, to get the best color. In cooking the fruit for punch, the sugar should not be added before cooking.

Rhubarb marmalade is another variation for this fruit. The tart-sweet flavor is enhanced by addition of a small portion of orange or lemon, she said.

The Grist Mill

by Ed Zichin County Agricultural Agent

OATS

By the time the information in this column reaches you it will be almost too late to plant oats. We hope that most of you will have your oats in by this time. But if you haven't, here is a little dope that may help you decide to put in oats or another crop. After the 15th of April, each week's delay in planting oats will lower the yield about five bushel per week, with May 5 being about the last date oats can be planted with assurance. Special seasons, with cool, wet Julys have matured crops, but this is not the usual rule. Barley does better late planted than oats. Many farmers put in corn where oats are too late.

BLOAT

Many farmers have experienced bloat trouble in the past. Here are a couple of suggestions that may help prevent bloat in your cattle. First of all, fill the cattle pretty well with dry feed before turning them out. Second, have dry feed available to the cattle in racks or even on the ground where

they can go to it at any time. Third, don't turn the cattle out on wet pasture in the beginning. Bloat troubles can be kept to a minimum if you watch the appetite of your cattle.

THE FRUIT OF UNCEASING LABOR
★ Between 1911 and 1935, a brief span of twenty-five years, extraordinary progress was made in public health. According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and America's most severe depression.
Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.

Drayton Plains, Michigan

It should be constantly borne in mind that corrosive sublimate is an extremely violent poison—dangerous to all who handle it.
Grass offers a year-round supply of forage or feed for meat animals says Michigan State College extension specialists. It can be grazed directly, made into hay, or made into silage. Grass is a major link between the soil and man's food.

CIVIL DEFENSE SUGGESTIONS
 Your automobile is not a "safe" shelter in case of atomic attack, but it is safer than no shelter at all, Brig. Gen. Lester J. Maitland, State Civil Defense Director said today.

Recent Atomic Energy Commission tests in Nevada showed that cars with metal tops provide good protection against light flying and falling objects, but that they provide no significant protection from atomic radiation.

Five cars used in the Nevada tests -- sedans with steel turret tops and safety glass windows --

were placed at various distances from the atomic blast so that effects could be studied.

The Michigan Office of Civil Defense, on the basis of the AEC findings, urges the following precautions for drivers and passengers in time of attack.

With warning in a congested downtown area, drive your car to the side of the street and park it. Leave the car and hurry to the nearest Civil Defense shelter. If there is no shelter in the immediate area, seek refuge in the tallest nearby building.

With warning in a residential

or other outlying area where there is no building which offers shelter, drive the car to the side of the road and park. Roll down the windows to minimize the danger of flying glass. Crouch as low as possible in the vehicle until the all clear sounds.

Without warning, when the first sign of the attack is the bomb flash, stop your car quickly. Crouch as low as you can in the vehicle until the debris has stopped falling. Then drive the car to the side of the road, if possible, so that it will not interfere with emergency Civil Defense traffic.

Card Of Thanks
 My sincere appreciation is extended to all who remembered me while I was in the hospital and since I have been convalescing at home.
 Phyllis Beardsley
