CLARKSTON, MICHIGAN, THURSDAY, OCTOBER 23, 1952

VOLUME 24 Single Copy 5 Cents

## Voting Made Easy In Clarkston

Independence Township has the largest registration of voters in its history. Supervisor Floyd Andrews, and his Township Committee, has provided every possible convenience for all who are registered to vote on Tuesday, November 4, 1952.

Voting machines will be used for the first time at this general election. They will be in place and ready for your early arrival on election day at the New Independence Township Community Center on North Main Street, Clarkston. In order to provide easy access, with no stairs to climb, the election will be held in the smaller building at the rear of the Township Center Building with adequate parking space.

"Everyone who can possibly do so should make an effort to vote as early in the day as possible. Those employed elsewhere will be, in most cases, voting in the late afternoon and early evening," said Mr. Andrews. "This means," he continued, "Everyone who can vote during the morning and early afternoon hours should do so to avoid standing in line in the late afternoon and evening."

Anyone desiring an absentee ballot should call either Floyd Andrews or Harold Doebler before November 1.

A group of Republican women has been formed to furnish a baby sitter and transportation to the polls to anyone who calls Maple 5-2456 either before or on election day. Mrs. Floyd Andrews and the following are members of this group:

Mrs. Walter Barrows, Mrs. Fred Tucker, Mrs. Ralph Kregger, Mrs. Charles Zollner, Mrs. Fred Turek, Mrs. Rofie Smith, Mrs. Howard Huttenlocher, Mrs. Edward Whipple, Mrs. Charles Lippincott, Mrs. William Johnston.

This group wants to help anyone who may not be able to vote due to lack of transportation or for the need of someone to remain in their homes with the children while they are voting.

## United Fund Needs Your Help—Saddle Club Rides Trail

Favored by sunny fall weather, thirty members of the Dixie Saddle Club and guests rode the hills and dales, the woods and the fields of the Ortonville Recreation Area Sunday.

All enjoyed autumn's most gorgeous panoramas of this truly beautiful landscape. Picnic in a sheltered cove, provided rest for the horses and riders and a crackling campfire added to everybody's comfort.

This outing seems to be getting a yearly event for the club, as there is hardly a more beautiful spot for riding on a sunny day in the fall.

## A New Day

A long time back when mom and I first met, we found we both were shy.

We felt that we took quite a chance in company when we stole a glance.

Or cast a smile each other's way. And neither had a word to say. No rushing romance then was this. It took a year to steal a kiss.

Each date we had was sacred then. And was not shared by other men. We dealt the top cards in the deck. And held each other in respect.

But now, behold, a day that's new. That scoffs at things we used to do.

Affairs of heart are second rate. With nothing sacred in a date. If you'd not be a blanket, wet. The first time out you learn to pet. And kisses flow as free as wine. While smoke around the (lovers) twines.

The teen aged kids with every grace. Feel free to fall in (fond) embrace. With fevered passion at its height. They date a new (love) every night.

## Republican Women Enjoy Coffee Hour

On Monday morning, October 20th, Mrs. Rolfe Smith, Mrs. Howard Huttenlocher and Mrs. Floyd Andrews held a coffee hour from 9 to 11 o'clock at the country home of the Rolfe Smiths on Maybee Road. The affair was to raise money for the General Eisenhower-Senator Nixon campaign.

One hundred and twenty-five Republican women and their friends enjoyed coffee in the farm kitchen from a table covered with a red, checked cloth and an antique, copper knife-box with a fruit arrangement used for the centerpiece.

Congressman George A. Dondero was a guest. Assisting the hostesses were Mrs. Walter Barrows, Mrs. Howard Lamb, Mrs. Ernest Squier and Mrs. Squier's mother, Mrs. Miller.

## Dorcas Circle Meets Next Wednesday

The members of the Dorcas Circle of the Methodist W. S. C. S. are asked to note the change in the day and date of the next meeting. The group will meet at the home of Mrs. Garnet Poulton on Wednesday, Oct. 29th. A pot-luck luncheon will be served at 12:30.

This is a very important meeting and every member is urged to attend. Every member is needed.

## Plans Made For Library Tea

### READING IS FUN

Paul Tripp, the Mr. Imagination of TV fame, has made a wonderful recording for Book Week, Nov. 16-22. In it he says "Seems to me a book is about the most perfect friend anybody ever invented. A book is always waiting for a visit and if right in the middle of that visit one gets tired one doesn't have to get apologetic, just put the book down and tell it you'll see it later. Want to go somewhere? Well just find the right book it will take you just anywhere your heart desires. If one has a book he is never lonely."

Just as Paul Tripp feels that Robinson Crusoe, Jim Hawkins, Huck Finn and Robin Hood are his good friends, so children of today, who have discovered the pleasures of reading, will have these, and other new friends throughout their lives. Parents who want their children to have this rich heritage do not want to make reading seem a duty. Thus the 1952 Book Week slogan is a re-affirmation of what our children have discovered for themselves—READING IS FUN.

Children, who each Wednesday of the school year, go into their own school libraries in our community will vouch that Reading Is Fun. With the re-organization program, Sashabaw, Clarkston and Andersonville elementary schools will each have their own library by November 1st. Over 1500 of the best in children's books will be available to these children. In order to add to this volume of books the Elementary Library Board with the P. T. A., is once more sponsoring a Library Silver Tea to be held on November 13th in the Clarkston High School auditorium at 3:30 in the afternoon. Mrs. Jack Jyleen is chairman of the Tea to which everyone in the entire community is warmly invited.

## Halloween Dance Next Thursday

The Waterford Township Lions Club will hold a Halloween Dance at the Old Mill Tavern Hotel on Thursday night, Oct. 30th from 9 until 1 o'clock. Music will be furnished by Hal Boss and his orchestra. Prizes will be awarded for the best costumes. There will be a nominal admission charge. The public is invited.

## O. E. S. Chapter Installs Officers

When the Joseph C. Bird Chapter, 294, O. E. S., installed its officers at a public ceremony last Saturday evening in the Clarkston High School auditorium there were two hundred present.

Mrs. Howard Johnson was installed as worthy matron and Howard Johnson as worthy patron. Mrs. Roy Johnson escorted them to the east. When Mrs. Donald Harris was installed as associate matron and Donald Harris as associate patron their daughter, Donna Jean, escorted them to the west.

Other officers installed were: Mrs. William Studt, secretary; Wilma Doebler, treasurer; Mrs. Arvil Williams, conductress; Mrs. Emil Grischow, associate conductress; Mrs. Leslie McFarland, chaplain; Mrs. Fred Groven, marshal; and Mrs. John Harvey, organist.

Also installed were Mrs. Marvin Roberts, Mrs. Archie Hunt, Mrs. Byron Nolan, Mrs. Lloyd Smith, Mrs. Edmund Bunyan, Mrs. Stephen Longair, Clair Hopkins, Mrs. Raymond Jarvis, Mrs. Earl Paine, Mrs. Ezra Mason, Mrs. Ray Anthony, Mrs. Albert Kent, Mrs. Howard A. Taylor, Mrs. J. D. Powell, Mrs. Raymond Ruggles, and Mrs. Charles Reichert.

Mrs. L. O. Kern, Past Matron, was the installing officer and she was assisted by other Past Matrons of the Clarkston Chapter including: Mrs. Elmer Going, marshal; Mrs. Stanley Craft, assisting marshal; Mrs. Lloyd Sibley, chaplain; Mrs. O. C. Adams; Mrs. Roy Gundry and Mrs. Clair Hopkins. Mrs. Roy Conrad was master of ceremonies.

Installing organist was Edna Gregg of Commerce Chapter No. 301 and organist for the Oakland County Association. Mrs. Sibley, who was an installing officer, is chaplain for the County Association.

The Reverend Robert M. Atkins, pastor of the Clarkston Methodist Church, gave the invocation and benediction.

Mrs. Orlo J. Willoughby was the installing soloist and Adele Thomas was the pianist.

Verona Adams, Honored Queen of the Order of Job's Daughters and Kathleen Stauter, Past Honored Queen, acted as pages.

Roy Conrad, junior past patron, presented a gavel to the new worthy matron. Mrs. Lloyd Sibley presented the jewel to the junior past matron and Mrs. Conrad and Howard Johnson presented the jewel to Mr. Conrad, retiring worthy patron.

The auditorium was beautifully decorated with greens, palms, and cut and potted chrysanthemums in lavender shades. Vases of large, shaggy, white and purple chrysanthemums were also used in the east and west.

Refreshments were served from a table covered with a white linen cloth and centered with an arrangement of lavender chrysanthemums, pink roses and carnations flanked with matching candles in crystal holders.

Pouring were Mrs. William Johnston, Velma Cross, Mrs. Max Mumford, Mrs. John Booth, Mrs. Helen Honchel, Mrs. Ferrell McKinnon and Mrs. Charles Latta.

Practice for the new officers will be held on Thursday, Oct. 30th, at 7:30 P. M. in the Masonic Temple. All officers are asked to be present.

Members of the Joseph C. Bird Chapter are asked to have their reservations in to Mrs. Howard Johnson by October 23rd, for the Oakland County Association luncheon on October 30th at the C. A. I. building in Waterford.

The local O. E. S. Chapter will hold its annual bazaar in the Masonic Temple on Friday, Nov. 7th, beginning at 10:00 A. M. Dinner will be served to the public from 5 to 7 p. m.

## 1953 Conservation Program Under Way

The 1953 Agricultural Conservation Program is under way in Oakland County, says Walter R. Cook, Chairman of the County Production and Marketing Administration Committee. Instruction meeting for community committees has been held and in several townships, these committees are contacting farmers.

The committees are prepared to help individual farmers make the best possible use of the assistance provided under ACP for soil and water conservation practices. Where technical advice is needed, the chairman said, it is available through such agencies as the Soil Conservation Service, The Extension Service and the Forest Service. The purpose of the Committee's visit will be to help the farmer to determine the most needed conservation on his farm.

(concluded on page 8)

## Cub Scouts Have Pack Meeting

On Wednesday evening of last week the Cub Scouts held their regular Pack Meeting at the High School. The following received awards: Wolf badge, gold and silver arrows—Ronald Jyleen, Glenn Lapham; Bear badge, gold and silver arrows—James Kregger, Tom Kregger, Perry Smith, Dick Spohn received his gold and silver arrows. Silver arrows were awarded to: Eddie Glennie (2), David Green, David Gresham, Lanny Hinz, Terry Kelley, Gordon Kelley, Carroll Lapham, Kenneth McCrum, Richard Mansfield, Glenn See, Frank Strother, Harold Weston, Albert Witherall, Jim Gunter, Bob Porritt (3).

The following received service pins: Eddie Glennie (2 year), David Gresham, Lanny Hinz, Terry Kelley, Carroll Lapham, Jack McCall, Glenn See, Richard Mansfield (2 year), Harold Weston, Frank Strother (2 year).

Gordon Kelley received his Webelos award which is the highest award in Cubbing.

On Saturday, Oct. 25th, the Cub Scouts will have a party at the Township Community Center building at 7:30 P. M. The Cubs will attend in costume and each one is asked to bring along a Jack-o'-lantern that he has made. Prizes will be awarded.

## Clarkston Local

Friends of Ira Jones will be glad to learn that he is recovering nicely from a heart attack suffered last week. He seems to be gaining strength each day.

## Obituaries

### Andrew J. Curran

Andrew J. Curran, 87, of 2772 Wisner, Williams Lake, passed away at his home on Wednesday of last week. He was born September 13, 1865, in Chicago, Ill.

Mr. Curran had lived at Williams Lake for the past 3 1/2 years. He is survived by his wife, Edith; one son, Edward W. Curran of Ortonville; one daughter, Mrs. Rena Krueger of West Hollywood, Florida and three grandchildren.

The funeral service was held at the Sharpe Funeral Home in Clarkston on Saturday, Oct. 18th, with the Reverend Robert M. Atkins officiating. Burial was in Lakeview cemetery.

### Mrs. Irene N. Rose

Mrs. Irene N. Rose passed away at her home on the Dixie Highway last Friday evening after a lengthy illness. She was born April 28, 1896, the daughter of Herbert and Gertrude Noble. She had lived here for the past 12 years.

She is survived by her husband, Arthur; three sons, Arthur, Jr., Herbert and Robert; two daughters, Alethea Rose and Mrs. Robert Noyes; two grandchildren; her mother, Mrs. H. W. Noble and a brother, Sheldon R. Noble.

The funeral service was held at the Clarkston Methodist Church on Monday afternoon with the Rev. Robert M. Atkins officiating. Interment was in Lakeview cemetery.

**PREVENT ACCIDENTS IN YOUR OWN BACKYARD**

If monsters and boogymen lurked in your own backyard it probably couldn't be any less safe than it is!

Few realize that the yard is second only to the kitchen as the scene of home accidents, says Olivia Meyer of the MSC home management department. The yard ranks first in injuries for men and boys.

So, in this fall season, Miss Meyer suggests extra precaution when you are raking and burning leaves and getting flowerbeds "winterized".

Never allow rakes and hoes to lie in the grass or leaves with the teeth and sharp edges turned up—keep them in a storage place when not in use. Handle scythes and grass-cutting equipment with care. Provide closed containers for broken glass and other discarded sharp objects.

Fires, of course, must be carefully controlled in yards so it is wise to have a metal container for burning. A fire extinguisher in the garage would be a wise investment, but remember to keep it filled and in good working order. Become safety-conscious about not throwing lighted matches and cigarettes in grass and leaves, too.

Falls rank high as the cause of home injuries and often prove fatal for persons over 5. Miss Meyer suggests keeping steps, walk and porches in good repair at all times. Provide a sturdy handrail for all steps and be careful that snow and ice are removed in the wintertime. As inside the house, toys and trash on the ground can be a menace. For nighttime, rig up good lights on driveway, walks, steps and porches. Such a light should be controlled by switches in both house and garage, she suggested.

**ORDINANCE NO. 7**

An Ordinance regulating and defining Hawkers and Peddlers, requiring licenses thereof, repealing conflicting Ordinances, and providing penalties for violation of this Ordinance.

**THE TOWNSHIP OF INDEPENDENCE ORDAINS:**

Section 1. That no person, firm or corporation shall in the Township of Independence, solicit, peddle or hawk goods, wares and merchandise of any nature at retail by going in and upon private residences, places of business or manufacturing; or display, offer, solicit, peddle or hawk goods, wares and merchandise at retail in Township of Independence from any enclosed structure not of a permanent construction substantially affixed to the land in such a manner that said structure could not be removed from such land without permission of the owner of the freehold, without first having obtained a license so to do from the Township Board of the Township of Independence, Oakland County, Michigan.

Section 2. That as a condition to the issuance of such license, the applicant shall:

(a) That if such operation is to be conducted on lands in the Township of Independence, either produce satisfactory evidence of ownership of the lands to be used or written permission of the owner duly acknowledged by such owner setting forth that he is either the title holder or holds such lands under an executory land contract.

forms furnished by the Independence Township Clerk.

(c) Tender to the Township at the time of application the sum of Five (\$5.00) Dollars for each day for which the applicant requests license to operate under the provisions of this ordinance, provided that the fee for a license for a period in excess of nineteen days and less than one year shall be in the sum of One Hundred (\$100.00) Dollars, and such sum shall be tendered to the Township when requesting a license for such period.

Section 3. All licenses shall expire at midnight, December 31 of the year issued or upon the expiration date of the license, whichever shall occur first.

Section 4. All licensees shall observe all applicable Federal, State, County and Municipal laws and ordinances, especially those relating to health and safety. Failure to so comply with the above laws or ordinances shall be grounds for immediate summary revocation of the license granted hereunder by the Township Supervisor or the Township Board.

Section 5. Nothing herein shall require the procurement of a license as a condition to the sale or display of farm produce, poultry, or eggs if such farm produce, poultry, or eggs is sold or displayed on land wherein such farm produce, poultry, or eggs were grown or produced.

Section 6. If any provision of this code or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or other applications of this code.

which can be given effect without the invalid provision or application, and to this end the provisions of this code are hereby declared to be severable.

Section 7. Independence Township Ordinance Number Four (4) is hereby expressly repealed.

Section 8. Any person, firm, association or corporation which shall violate this ordinance shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be punished by a fine not exceeding One Hundred Dollars (\$100.00) or by imprisonment in

the county jail not to exceed ninety (90) days, or both such fine and imprisonment in the discretion of the Court.

Section 9. The effective date of this ordinance shall be the 15th day of November A. D. 1952.

Passed this 7th day of October A. D. 1952.

AYES: Andrews, Doebler, Walter.

**ADVICE TO VETERANS PLANNING TO GO TO SCHOOL**

Veterans with service since the start of the Korean Campaign who are planning to go to school under the Korean GI Bill were advised today by Guy F. Palmer, Manager of the Veterans Administration regional office in Detroit, to take along enough money of their own to tide them over for about two months.

The reason, Palmer explained, is that under the law, GI education and training allowances can't be paid until sometime after a veteran actually completes each month of training. Therefore, one month of the delay will be caused by the veteran completing his initial month of training.

The law also required that both the veteran and his school or training establishment submit a certification to VA—after the end of the month—to the effect that the veteran actually was enrolled in training during that period.

This, too, takes time, so Palmer urged schools and establishments to get the certifications in as quickly as possible after the end of the month to keep the time at a minimum.

Finally, after VA receives the certification, it must compute how much GI allowance each veteran is entitled to, and must mail out the payments. This process, Palmer said, normally will be kept down to 20 days from the date VA receives the certification.

Because of all these factors, post-Korea veterans would be wise to allow for two months before they can expect a check from the Government, Palmer emphasized. Afterwards, of course, checks will come regularly each month, so long as they remain in training and their certifications are in order.

A veteran who starts GI training after the 20th of a month will have to wait several days longer for his initial payment, Palmer pointed out. The reason is that VA can't process his certification until after he has completed his first full month of training. Payments for both periods—the complete month and the few days of the preceding month—will be included in his first check.

The allowances for veterans training full-time in schools and colleges under the new Korean GI Bill are \$110 for those without dependents; \$135 for those with one dependent; and \$160 for those with more than one dependent. Allowances for part-time training, on-the-job training and institutional on-farm training are somewhat lower.

The GI allowances are paid directly to veterans, and are the only payments made under the new Korean GI Bill. They are for the purpose of assisting veterans in

**MIGHTIEST 4 TONS** in trucking history!

GASOLINE—4,800 GVW to 90,000 GCW  
DIESEL—19,500 GVW to 100,000 GCW

A product of General Motors

Watch the TV Football Game of the Week Every Saturday on NBC Television.

HERE'S the new gasoline-powered GMC Model 472-30A—the tractor that will haul more payload within the 45,000 GCW limit than any ever built, by as much as 1,200 EXTRA pounds of cargo in some cases!

Fueled and ready for the road, this revolutionary new highway tractor weighs a trim 8,000 pounds—the result of new engineering techniques, developed by GMC, which eliminate load-robbing "dead weight" from truck design.

A good example is this GMC's revolutionary new "302" valve-in-head engine—pound for pound the mightiest in

truck history. It achieves a record-breaking 7.2 to 1 high-compression ratio from regular fuel, produces 145 horsepower—yet weighs as much as 500 pounds less than competitive engines!

It has all the features you want in a great truck. Standard equipment includes full air brakes and husky rear axle rated to accommodate 10:00/20 tires. Available in conventional and cab-over-engine models in a variety of wheelbases.

It's waiting—ready to haul a bigger payload than you've ever been able to put behind your tractor before!

SERVE EVICTION PAPERS  
ON 'MR. RAT'

It has been estimated that rat damage runs all the way from ten to eighty dollars per farm per year. The disease menace is even higher. In the fourteenth century for instance, 25 million people died in Europe of the Black Plague which was spread a great deal by rats.

The first measure in control of rats is to get rid of all rat shelters, such as trash, piles and poorly piled lumber. Second: plug up holes in buildings where rats can gain entrance. Fix up breaks in walls, loosely fitting floors, broken windows and screens.

Third: keep rats from getting food. Store feed in rat-tight containers or build rat-proof bins. Fourth: prevent rats from obtaining water as much as possible. Fifth: use poisons (poisons alone do not do an effective job).

The new rat poison which is effective is WARFARIN. Rats need a steady diet of Warfarin from 7 to 10 days to kill them. Place in rat runways and hidden, because rats do not like to eat in the open. Recommended mixture for Warfarin is—4 1/2 lbs. corn, 4 1/2 lbs. rolled oats, 1 1/2 cups of corn oil - add 3/4 cup powdered sugar and 1/2 lb five percent Warfarin concentrate. Mix well and keep all bait stations supplied for three or four weeks.

HALLOWEEN SAFETY  
PLEA TO MOTORISTS

As thousands of boys and girls throughout Michigan prepare to make another Halloween night "trick or treat" venture, State Police Commissioner Jos. A. Childs appeals to motorists to be on the lookout for children.

"The hazard of limited visibility," said Childs, "is emphasized when children are dressed in dark costumes. And, of course, their own vision is lessened when they are wearing masks."

"Motorists should expect the unexpected at all times and watch carefully for children darting across streets."

"Parents should warn children of the added hazards of crossing streets and highways after dark. Streets should be crossed only at intersections and never between."

"Small children should not be allowed to go out alone. Some older person should accompany them."

"Make Halloween night a happy one for the boys and girls—and adults too—by taking precautions to avoid traffic tragedies. Watch out for kids."

GOODWILL INDUSTRIES  
ANTIQUES SHOW & SALE

The fifth annual Antiques Show and Sale sponsored by the Junior Group of Goodwill Industries for the benefit of the physically handicapped will be held October 26, 27, 28 and 29, at the main Goodwill Industries building, 6522 Brush near East Grand Blvd., in Detroit. More than thirty dealers from

Michigan and out-of-state will have exhibits at this year's show. Favorite dealers of former years, plus many who have never before shown their collections in Detroit, have reserved booth space in the "Quality Show of the Midwest". As usual, furniture, china, silver, jewelry, dolls, pictures and prints plus collections of rare items will be displayed and sold by the dealers.

The Antiques Show and Sale is one of several conducted annually by the Junior Group in behalf of Goodwill Industries. Members of the group contribute liberally of their time and energy, and all proceeds of the show and sale are turned over to Goodwill Industries to aid the program of employment and rehabilitation of physically handicapped men and women. Much of the machinery and equipment of the Goodwill Industries workshops have been purchased by funds raised in this manner.

Adding spice to the show will be the French sidewalk Cafe operated by the Junior Group itself. Light refreshments will be served at the Cafe which will feature a canopied front and tables decorated in typical Parisian fashion. The Juniors will also operate a quaint old "Country Store". Here will be found many of the old and treasured items that are now but memories of long ago. Cracker barrels, captains' chairs, spice and spool containers will lend atmosphere to the setting. The Junior

Group plans to sell cheese, apples, and candy in the booth. The show will open on Sunday from 2 P. M. to 10 P. M. and Monday through Wednesday from 11 A. M. to 10 P. M.

Halloween Treat

When those small masked creatures knock at your door around Halloween and say "Tricks or Treat," invite them in, admire their costumes, and give them a treat. It's fun for everybody, and good insurance against tricks.

Halloween treats should be foods good for children, and foods wrapped to stay fresh and wholesome until eaten. Doughnuts from your grocer's ready-to-eat cake department make perfect "tricks or treat" fare. Choose the kind made from a famous cook book recipe. These fresh doughnuts, deliciously coated with powdered sugar, come eight to a windowed box.

Wrap each doughnut in wax paper first. Then wrap in a paper napkin and tie with ribbon. Attach candy kisses to the ends of the ribbon. You can buy everything you need except the ribbon (and maybe you have some left from last Christmas), right in your grocery store.

GIVE YOURSELF TIME  
TO GET ACCUSTOMED  
TO HEARING AID USE

Don't throw that hearing aid away just because you can't understand the strange sound of words you hear, cautions a University of Michigan physician.

The chances are you haven't given yourself enough time to become familiar with its operation and purpose, Dr. Albert C. Furstenberg, Medical School dean says.

He indicates that the hearing aid does not transmit the familiar sounds that are received by the unaided ear, but new and different impulses that have little meaning until the wearer is familiar with them.

"It is like your first experience with a foreign language," he states. "Your ears have the power of hearing the language, but you have no capacity for understanding it until the brain has gained an appreciation of its meaning".

Pointing out that hearing aids should be employed whenever practical, Dr. Furstenberg adds that they should be fitted. "Hearing aids cannot be prescribed as in the case of eye glasses—which merely serve to focus better the same rays of light on the retina that are perceived by the unaided eye", the physician explains.

"There are possibly more hearing aids in bureau drawers today than there are in active use by the hard-of-hearing, simply because the patients don't wear them long enough to learn the new language they hear", he comments. "Interpretation of these sounds may require weeks and months of patient effort and adjustment."

ANSWER CHILDREN'S  
QUESTIONS WILLINGLY  
ADVISES U-M DEAN

Cheerful willingness to answer your children's questions matter-of-factly can help you to see them safely through a period of irrational fears, Dean Willard C. Olson of the University of Michigan School of Education, believes.

The dean points out that such touchy subjects as "death", "where babies come from" and "the differences between boys and girls" rate very high among those which lie at the roots of children's "phantasy" fears.

This is probably because many adults are somewhat uncertain of the explanations and find it especially hard to give simple, reassuring answers to children's questions about them, he states.

"Most children beyond the age of three develop fears which may awaken them at night, cause them to scream or sob at times, and which often frighten or annoy their parents. These fears often are unexplainable but may result when a child feels that he is not loved or wanted," Dean Olson says.

He indicates that in severe form such phantasy fears are rooted in real feelings of insecurity which threaten the child's peace of mind. Sometimes it's found that some disturbing new piece of knowledge about himself or about his relationship to his family or to the world, is completely misunderstood by the child.

He explains that if the child is

afraid of punishment or thinks he is a nuisance if he reveals his problem, he will be forced to whatever explanation best fits his own dim understanding of the laws of nature.

"The radio, the movie or play-mates' ghost stories may supply the basis for the child's immature conception of reality. And sometimes, this is even helped along by parents' threats to send the bogieman for certain kinds of behavior."

"To a child's inexperienced mind it is certainly no more outlandish to think of being eaten by a bogie than it is to think about a watermelon seed growing inside Aunt Mabel."

"Help your child feel free to discuss disturbing information with you. By your straightforward explanation and loving reassurance you can probably dispel his fears," the dean suggests.

FAT PERSONS  
EAT TOO MUCH,  
SAYS U-M DOCTOR

Girth control is not a problem of why are people fat, but what makes people eat too much, states a University authority on obesity.

Pointing out that behind that wolfish appetite is usually found an emotionally disturbed individual, Dr. Jerome W. Conn, professor of internal medicine in the Medical School, says that heavy eaters find comfort in overeating which temporarily soothes the emotional unrest, but starts the big "battle of the bulge" around the waistline.

Usually such people do not understand that their hungering appetites may have an emotional basis, Dr. Conn explains. "They simply indulge in food to compensate a craving that is not physical," he says. "It is a form of 'escape' from disturbing environmental influences."

Obesity is not inherited, he asserts. Body build and bone structure are inherited, but all fat people get that way simply because they overeat.

Dr. Conn states that blaming glandular disturbances for overweight is merely grabbing at straws for excuses. The glandular balance in the human body determines what part of the body fat will be deposited when one eats excessively, he explains.

"Normal control of appetite returns when emotional problems are solved," he indicates. "Often this cannot be accomplished. However, once the patient understands that the abnormal craving for food is an artificial way of meeting emotional disturbances, the battle of the bulge is won."

SCOUTS SPONSOR  
VOTE CAMPAIGN

The Boy Scouts of America will climax its nationwide "Get Out The Vote" campaign on Saturday, Nov. 1 when most of its two million members call on 30,000 homes throughout the United States and leave on front doorknobs a Liberty Bell cutout urging all citizens to vote.

The campaign is non-partisan, without reference to any candidate or party. It is sponsored jointly with the Freedoms Foundation.

The message on the Liberty Bell cutout reads: "Vote as you think. Think when you vote. Tuesday, Nov. 4. Today's youth counts on you. Use your freedom to vote."

The Boy Scouts of America, says Dr. Arthur A. Schuck, Chief Scout Executive, recognizes the need of "reselling" America to its citizens (continued on page 7)

NATIONAL PRESS BUILDING  
WASHINGTON, D. C.  
By Anne Goode

Remember the bowl and pitcher sets of by-gone days? If you're lucky enough to still own one of the prettier sets here's how to put it to good and glamorous use: Plant the bowl with a variety of small green plants, leaving space in the center for the pitcher. Then in the pitcher arrange philodendron or small ivy.

Homemakers who prepare lunch boxes daily will appreciate this sandwich filling which can be made up in quantity and refrigerated for at least two weeks: Blend 1 cup ground cooked ham with 1/4 cup real mayonnaise, 1/2 teaspoon mustard-with-horseradish and 1/2 teaspoon grated onion.

Women are going to love the new Fall fabrics not only for their good looks but because so many of them are washable. Examples are the velvety-soft cotton flannels and the cotton herringbone tweeds.

Top your ice cream sundaes with this scrumptious sauce: Over boiling water melt 6 ounces of semi-sweet chocolate. Remove from heat and quickly stir in 6 tablespoons soft vitaminized margarine, stirring until melted. Place over hot water until ready to serve. Makes about 1 cup.

Sliced or diced zucchini, raw, is a delicious addition to tossed vegetable salads.

Money Invested in Research  
Returns to YOU

Money put into research means the development of new techniques of diagnosis, new methods of treatment, new drugs, and the refinement of present drugs. All these developments come back to your community, your family doctor.

And they may mean the difference between sickness and health,

pain and happiness to you or a member of your family.

The money you put into research now may save your life tomorrow.

A large portion of the money raised in United campaigns goes into research projects—heart research, arthritis research, multiple sclerosis research and research in many other health fields.

#### KINDERGARTEN

The Kindergarten pupils have been busy this week working on their farm. First, we talked about a farm, and everything that we find there. Then we drew pictures of farm animals, barns, houses, etc. We even drew pictures of fences and trees to put on our farm. Then we put them all on the bulletin board. Terry Klingman, from the first grade, gave us a nice picture of a farm to use. We are all going to bring animals for our farm and today we had a story of a little boy on his farm.

Wednesday we learned a new song called, "Falling Leaves", and Friday, we pretended we were falling leaves, and went swirling around all about the room.

Our milkmen for this week were: Paul Pettinturf, Rickie Wilson, Linda Haney, Francis Leder-spiel, Darian Pringle, Arnold Taylor, Bruce McArthur, David Os-good, George Denton and Penny Muma.

#### FIRST GRADE

The first graders are working on a Halloween theme for the hall show case. We are making pumpkins, black cats and witches. The first graders have written a letter to Jerry McGill who is ill with polio.

#### SECOND GRADE

Cookies and cup cakes made Joan Mansfield the most popular girl in the second grade on Friday. Her mother furnished the treat for a birthday party after the last recess.

The theme of autumn is being featured in our choral, speaking language class with the poems, "October" and "Come Little Leaves".

#### THIRD GRADE

Fall is here, to school we go, and the frost on the leaves make them glow. In Fall we have good things to eat. Pumpkin pie for dessert and turkey for meat. Apples, apples, so red and so sweet. To eat them every day is a treat. Pumpkins on the doorstep with their great big smiles, shining there so gaily they are seen for many miles.

The third graders wrote this poem together.

#### FOURTH GRADE

We are reading about the pioneers and their trip west.

Elaine Groven brought a stalk of sugar cane to school. We each had a small piece to chew and enjoyed it. We looked up information on where and how sugar cane grows.

#### FIFTH GRADE

We had several tests this past week.

We are making hand puppets and we are planning to put on a puppet show.

Friday afternoon we spent some time making Halloween decorations.

Our club, "The Fifth Grade Tigers", has the following officers, President, Richard Mansfield; Vice-President, Larry Morgan; Secretary, Jaynth Tebo; Treasurer, Prudy Hutchinson.

#### SIXTH GRADE

Our class officers are: President, Patricia Fredericks; Vice-President, Thayer Wilson; Secretary, Carolyn Bishop; Treasurer, Daurance Marshall.

Our class dues are 10c per month.

We had a play about Columbus. It was written by the class. Many interesting facts were found in our study.

We are studying Mexico. Many children have brought things made in Mexico.

#### JUNIOR NEWS

By Jon McIntyre

Class Officers for this year are: President, Jon McIntyre; Vice-President, Eileen Jones; Secretary, Harry DeVar; Treasurer, Maxine Wheatly.

The Junior Class is planning a Halloween Masquerade Dance for the 25th of October. It will be from 9 'til 12. There will be a popular band, and everyone is invited. Tickets can be obtained from the above class officers.

#### SENIOR NEWS

By Dan Curry

All members of the Senior Class had their graduation pictures taken about two weeks ago, and the proofs have just been returned recently. Now the Seniors are busy choosing the one which they wish to have finished.

Five members of the yearbook staff will go to Michigan State College on Wednesday, October 15, to attend a meeting which will be very helpful in constructing the Annual. We hope to have a really outstanding yearbook this year. These five members are Sandra Wampfler, Editor; Ann Spohn, Class Editor; Ric Huttenlocher, Co-Business Manager; Tom Bullen, Sports Editor; Pat Tisch, Art Editor.

Not all seedlings going into state forests this fall are being planted by mechanical tree planters. Where vegetation is too thick, terrain rocky, or in isolated spots, it is more economical to prepare soil and plant by hand. Here in Higgins Lake forest, conservation department tree planter Claude Johnson scalps with a "Swede hoe" to remove bracken which would compete with seedling for light, moisture and soil nutrients. "Michigan planting bar" (left foreground) is used to create V-shaped hole for seedling insertion. Bar is removed and pushed into earth closely behind seedling to close gap and firmly secure tree in place. Some 16,300,000 department nursery trees now are being planted in private reforestation projects and state forests.

On Friday, October 17, the Seniors are having a bake sale at the Town Hall. Let's everybody tell our Mothers not to bake anything over the weekend for there will be quite a good selection of tasty, home-made baked goods available. We are also selling Halloween candy and Christmas cards. These items can be purchased from any senior.

Tryouts are being held for the Senior Play, "Melody Jones", the title of the play selected, will be presented at the Clarkston High School during the first week of December. The final cast was chosen on Tuesday, October 14.

#### SASHABAW ELEMENTARY

2nd Grade — Mrs. Houlding

Through an Indian story in the reader the children have developed interest in study of the American Indians.

They made many weapons at home and a wigwam on their own. One boy did a crayola drawing on cloth and brought it. From this has developed the construction of Indian home near the water on our room shelf.

The children are also observing the beauty of nature in October and the meaning of harvest time.

2nd Grade — Mrs. Burley

We are starting an Indian unit. Many children have brought books or other objects from home to

make our work more interesting. We will arrange our collection on a shelf.

In our music we are learning many Indian customs.

3rd Grade — Mrs. Beck

We made room decorations for Halloween in our art class. We made spelling books to write our spelling words in for the week. If we get them all right we will receive a star.

4th Grade — Miss Coe

We are beginning a study of ranch life. We have had pictures brought in. Our aim is to find out how this type of a community helps us.

There has been a great interest shown in reading since we have appointed a librarian and are checking out books.

Many thanks to the parents who have sent in plants to our room.

4th Grade — Mrs. Rowley

We are back once more in our arithmetic books using those multiplication tables that have troubled us for quite a few days. We now find many ways to use our 2's and 3's but we now find there are 4's to learn.

In our social studies we are much interested in maps and globes. It is real sport to find the different states, the home of some of the Indian tribes, the grass lands of the U. S., and where our great highlands are.

Of course Halloween is coming closer, each day and that means we are thinking of ghosts, witches and pumpkin jack-o-lanterns. We have Halloween decorations up which we made in Art Class.

We were a wee bit disappointed not to have more of our parents out to Parent-Teacher meeting last Monday and we wish to urge parents to come next time. The meetings are held the second Monday in every month at 7:30 P. M. We'll be looking for you next time.

#### ANDERSONVILLE SCHOOL

The boys and girls of the Andersonville school have been very busy this week planning for their Open House, which will be on October 28, 1952. Also, the P. T. A., of the Andersonville school district had their first meeting on Monday, October 20, in the kindergarten room. All parents are urged to attend the future meetings.

The fifth and sixth grades at Andersonville constructed an attractive scene in the display case in the lobby of the school. Covered wagons, dolls dressed in the fashion of the pioneers and pictures of western scenes illustrated

the movement of the pioneers westward.

The fourth graders are also studying about the pioneers and have constructed in their room a log cabin, replica of those in which they used to live.

The Kindergarteners are busy making plans for their Halloween party which is to be on October 31st. The children have been singing Halloween songs, reciting poems, and constructing Jack O'Lanterns, for their room.

Donald Dorman and Donna Nelson have returned to kindergarten after a week's absence due to illness.

Milk helpers for this week were: Jimmy Stickney, Norman McDowell, Edna Mae Steele, Lulu Demetro, Sharon Van Kuren, Michael Zeremit, Steven, Brooks, Buddy Bruckman, Mary Jarvis and Sharon Schmid.

#### MSC URGING PRECAUTIONS BEFORE FIRES

Losses from farm fires, an everyday danger, and possible precautions that should be kept in mind, the year long will be stressed in Michigan during national Fire Prevention Week October 5 through 11.

In cooperation with Michigan State College Agricultural Extension Service, representatives of insurance companies, utilities and the Michigan Department of Agriculture have set up a special committee. The Michigan Rural Fire Prevention Committee met recently on Michigan State College campus to discuss fire prevention means, and ways of getting direct action. The committee secretary is George Amundson, agricultural engineer of the MSC Extension Service.

One direct approach to fire prevention, the 4-H Club Fire Prevention Project, was reported by P. G. Lundin of the MSC 4-H Department. In 1951, with 440 members enrolled, there were 368 projects completed in 25 counties. Safety and fire prevention are stressed also in the 4-H Rural Electrification Project.

Committee members are circulating fire prevention inspection blanks through vocational agriculture teachers, county agricultural and 4-H club agents, farmer discussion groups, rural schools and other agencies.

Use of hay prod thermometers to guard against spontaneous combustion, county fair displays to promote fire prevention interest and creation of honor awards for persons doing an outstanding fire prevention job have been discussed by the committee. They decided to encourage rural service men of utility companies, county agric-

ultural agents, insurance inspectors and others to carry hay prod thermometers at hay harvest time and soon afterwards to help farmers check hay.

#### Red Cross News

Some 3,000 men and women, patients of Pontiac State Hospital, will be happier holidays from now on, thanks to Oakland County's American Red Cross. The chapter announced today that its embarking on a brand new program to help hospital authorities furnish patients' holidays with "all the trimmings".

"We believe that it's often the little things that count" Dr. Robert W. Kelso Chapter Chairman, explained. "We're going to try to see that those little things are there—on Christmas, Easter and Halloween". Dr. Kelso explained that the hospital's budget—recently cut by the state legislature—doesn't allow much money for things like Christmas tree trimmings and colored Easter eggs. The Red Cross, realizing this, recently offered its help in providing decorations for holidays.

The hospital replied, telling its need for thousands of items—85 strings each of cranberries and popcorn and 1,000 pipe-cleaner tree ornaments for Christmas; ten dozen colored eggs and 400 table-favor Easter baskets for that holiday; and about 500 Halloween decorations; as well as Christmas gifts for several hundred patients. "We're going to need a lot of help," Dr. Kelso said. "Most of these things don't cost much money—they just take a little time. With the help of other organizations in this county, we can do the job—and put the trimmings on holiday doings at the hospital from now on".

Leaders of Oakland County Chapter, American Red Cross will meet November 6, at Christ Church, Cranbrook for an insight into the Red Cross Home Service Program, its policies and the way it works. Elizabeth Olson of St. Louis, Missouri, Director of home service for the Red Cross Midwestern Area, will explain the program—the Red Cross "Service at home to servicemen overseas".

#### YOUR MORALS ARE SHOWING

Betty Betz, aroused by criticism of teen-agers' behavior, challenges American youth to mend its way. Miss Betz, authority on young people, points the way to moral sanity. Read, "Your Morals Are Showing". Series starts in this Sunday's (Oct. 26) issue of the great Color Gravure American Weekly, exclusively with The Detroit Sunday Times.

Get the habit—you'll enjoy it

# DO YOU WANT A WAR PRESIDENT OR A PEACE PRESIDENT?

#### Before you vote, consider this:

If you want to know whether America's foreign policy is good or bad, just ask yourself one question: Will our foreign policy lead to peace, or will it lead to war?

History proves that the Democrat party is the war party. The Republican party is the peace party.

#### DO YOU WANT REPUBLICAN PEACE or DEMOCRAT WAR?

Let's look at the record. In the past 50 years there has not been one single battle casualty while a Republican president has been in office.

In the same 50 years we have had a war under every Democrat president, resulting in death and wounds to nearly 1,500,000 American boys. Here's the record:

#### REPUBLICAN WAR CASUALTIES

Theodore Roosevelt..... none  
Wm. Howard Taft..... none  
Calvin Coolidge..... none  
Herbert Hoover..... none

#### DEMOCRAT WAR CASUALTIES

Woodrow Wilson..... 334,734  
Franklin D. Roosevelt..... 994,893  
(World War II)  
Harry S. Truman..... 120,269  
(Korea to 10-9-52)..... 1,449,896

#### YOUR CHOICE ON NOVEMBER 4th

If you or your children are of draft age and you want to avoid the dreadful horrors of a third World War, the weight of history offers these possibilities: Adlai Stevenson as our next Democrat war president, or Ike Eisenhower as our next Republican peace president.

Let's sweep the war party out of office. Let's vote straight Republican. Let's sweep it clean!

## VOTE THE IKE TEAM— STRAIGHT REPUBLICAN

DWIGHT D. EISENHOWER—President  
RICHARD M. NIXON—Vice President  
CHARLES E. POTTER—U. S. Senator  
GEORGE A. DONDERO—U. S. Representative  
FREDERICK M. ALGER—Governor  
GEORGE H. HIGGINS—State Senator  
FRED G. BEARDSLEY—Representative 1st Dist.  
ERNEST KUTHWAITTE—Representative 2nd-Dist.  
HOWARD R. ESTES—Representative 3rd Dist.

WILLIAM G. BROOMFIELD—Representative 4th Dist.  
DONALD A. BROWN—Representative 5th Dist.  
FRED C. ZIEM—Prosecuting Attorney  
CLARE L. HUBBELL—Sheriff  
LYNN D. ALLEN—County Clerk  
CHARLES A. SPARKS—County Treasurer  
ORRIN McQUAID—Register of Deeds  
RALPH A. MAIN—County Drain Comm.  
OMAR E. MacHUTT—County Surveyor

SCOUTS SPONSOR VOTE CAMPAIGN (continued from page 4) by urging every eligible person to exercise his right to vote in the national election.

"This year there will be about 97,000,000 eligible voters," he said. "Our objective is to increase the voting percentage. We feel that America will be strengthened by our efforts in doing this service which we are equipped to do.

"We have accepted this challenge," said the Chief Scout Executive, "and are putting forth a tremendous effort to get thousands more citizens to cast their ballots and thus become participating citizens in these United States."

The first phase of the Scouts "Get Out The Vote" campaign began last Spring when Boy Scouts in many parts of the nation started to place attractive four-color posters on public display.

The poster shows a Cub Scout, Boy Scout and Explorer enthusiastically calling "Hey, register and vote!" while the two older boys punctuate this appeal by ringing bells.

Mr. Joe Haas, Council chairman of the event, said he expects about 5,000 Cub Scouts, Boy Scouts and Explorers will be on the job bright and early Saturday, Nov. 1 to hang the Liberty Bell cutout on the doorknobs of about 45,000

NEWS LINERS

For clean, honest government—Vote the Ike team. Vote straight Republican. 3c

LADIES! Do you want to save money on your food bill? You can do it by helping sweep out those grafters, wasters, and socialist planners, who are making the dollar buy less and less, while taxing us more and more.

homes in Oakland and Macomb counties.

A surprise promotion stunt is being planned by Scouts all over the Oakland Circle District to take place on Saturday afternoon, between 2:00 and 4:00 P. M. Watch your Scouts in action on Saturday, Nov. 1. Everything they have planned is designed to make the public "vote-conscious" in young America's effort to get out the vote.

In many communities Boy Scouts will ask householders to turn on their porch lights on Monday evening, Nov. 3, to indicate their intention to vote. Scout leaders believe that organized boyhood can exert a strong influence among parents, relatives and neighbors in doing their share in rolling up a record vote this year.

Mr. Haas said that while the campaign hopes to stimulate adults to meet their responsibilities of good citizenship by voting, the scouts themselves will also get a lesson in their duty to vote when they come of age.

Wanted—Substitute Rural Carrier. Car necessary. Call at Post Office, Clarkston. 8p

Alger Urges Lower Costs, Not More Tax

Fred Alger insists that lower costs of government — not higher taxes — are the answer to Michigan's present financial crisis. "The State of Michigan, like you and me, can go broke too. And the State will go broke if it keeps on spending more than it takes in," Alger insists.

KEEP MICHIGAN FROM GOING BROKE.

ELECT FRED M. ALGER GOVERNOR NOV. 4. REPUBLICAN.

# PAGINATION ERROR

The Clarkston News, Clarkston, Michigan

October 23, 1952

**CONSERVATION PROGRAM**  
(continued from page 1)  
to acquaint the farmer with the assistance available through the Agricultural Conservation Program.  
To be eligible to participate in the 1953 Agricultural Conservation Program, a farm plan must be signed before Jan. 1, 1953. In some townships this work must be done by mail and the farmer will

be contacted by letter. Any farmer that has any questions regarding the program may contact the county office at 320 Hubbard Bldg., 18 South Perry St., Pontiac, Michigan or phone Federal 2-8533.

**U-M MEETS TO DRAW 4,000 HIGH SCHOOL STUDENTS**  
More than 4,000 persons are expected to attend the eighth annual Michigan High School Conference on Citizenship and the third annual state-wide Cheerleaders' Clinic at the University of Michigan Oct. 29 and Nov. 8, respectively.

Some 1,500 students and faculty advisers representing student councils will be delegates to the citizenship meet designed to foster ideals and principles of student government in the schools.  
Over 2,500 cheerleaders from Michigan's junior and senior high schools are expected for the Nov. 8 event. Purpose of the clinic is to help them recognize their responsibility in developing good sportsmanship and citizenship at athletic events and assemblies and to receive instruction in the fun-

damentals and techniques of leading cheering.  
Both meetings are sponsored by the University's Bureau of School Services.

One method of removing iron rust from white materials is to spread the stain over a pan of boiling water and then squeeze lemon juice on it. After a few minutes, rinse and repeat process.

This method is slow — but safe, say Michigan State College home economists.

If your nylon or orlon curtains are neatly folded when you wash them, you will have less trouble with wrinkles and probably less pressing to do. Wash by the usual method, swishing the folded curtains up and through the sudsy wash waters, recommend Michigan State College textiles specialists.

## Notice

Bids will be received by the Township Board until 2 P. M., Wednesday, October 29, 1952, for a new roof on Township Garage at 3 E. Church St., Clarkston. Bids should state the price of the job and the term of guaranty. The Board reserves the right to reject any or all bids.
