Large Crowd Attends Senior Play

The Clarkston School Auditorium was crowded last Thursday night for the senior play "Melody Jones". This play, a comedy-drama, was just a little different than the usual run of presentations and the students in the cast and their directors, Richard Farmer, are to be congratulated on their very fine work. The story was very much alive from start to finish. Here and there were bits of humor and then again there were such serious parts that many in the audience were seen to be forced to use their handkerchiefs, a compliment to the young actors.

Between acts William Jantun and some of his young musicians favored the audience with several stirring selections.

Just before the third act, Gene Younger, a senior, made his appearance and thanked those who had contributed to the success of the play, the advertisers and those who loaned furniture. He presented tokens of appreciation to Mr. Parmater, the director, and to Leigh Bonner who was responsible for the make-up.

Former Resident Tells Of Trip

A former Clarkston girl, Janet (Stickney) McCord, who lives in Denver, Colorado, spent Christmas week in the mountains and evidently had some thrilling experiences according to an excerpt from one of her letters to her folks.

"All the time we were in Aspen (Christmas week) we had lovely weather. It was perfectly beautiful with the high mountains, the bright blue sky and the sunshine. I've finally learned the hardest turn: coming down the hill, you twist your body around in such a way that both your skis swing around in unison as if they were one board and back and forth you go.

Every day, I rode the chair-lift to the top of the mountain and came down in about an hour. You get a little cold on the long ride up, but on the top there is a wonderful round-house, with a big, central fireplace, windows all around, and good hot food. Also a sundeck which is really warm unless there is a blizzard, and you can see snow-covered high peaks streaking in all directions.

The day we left we encountered some snow, but they really kept the road over Loveland Pass in excellent shape."

A note from the Mallory Stickneys says they are enjoying their winter stay in Florida although the temperature is not as high as usual.

Moon On The Snow

There is much in our world to make a heart glad; There's pleasures a-plenty for all to be had. It matters but little, man's life and its trends, In any endeavor he'll find he has friends. There's joy in the work that man does every day If he thinks of his task as a game he must play; And he learns to take losses square on the chin, Giving all he has, that his team mates can win. There's joy in the reading of books, I suppose For those who would learn what another man knows. It must thrill the souls of a well chosen few To produce for the world some instruments new. Some others find peace by the side of a stream, With flies and mosquitoes disturbing a dream. Another finds joy while he's stalking the land With a dog at his heels and gun in his hand. Our God in His wisdom gave something to all, Through summer and winter and springtime and fall, But the loveliest sight of them all that I know Is the moon and the stars and new fallen snow.

Rotary Anns Have Unusual Program

The Clarkston Rotary Anns held their regular monthly business meeting and program on Tuesday evening at the home of Mrs. Charles Robinson on Robertson Court, Assisting Mrs. Robinson were Mrs. Earl Terry and Mrs. Russell Colston.

Mrs. Robert Atkins, club president, conducted the business meeting at which time the group voted to donate \$25 to the March of Dimes.

The program was rather unusual. The children of the Rotary Anns were the participants. As the club members arrived they were greeted at the door by Freddie Schwarze and then were capably helped with coat checking service, ushering, tickets, etc., by Carol Walker, Johnny Greene, Craig Smith and Sally Morgan. Johnny Jones announced the opening of the program and the children were off to a fine start with Tommy Hawke introducing Ronnie Walter who acted as emcee. Craig Smith sang a very pretty number with his brother Sheldon playing the piano accompaniment. Bruce McArthur introduced his sister, Ann Wignall, who played a piano solo. Elaine Groven introduced Georgia Robinson who presented a puppet show. Shannah Stewart assisted Georgia. Kay Robinson presented a fine collection of ceramics and King Robinson announced the closing of the show.

After the program the adults were served dainty refreshments in the recreation room from a table centered with an arrangement of spring flowers. The children were served a snack in the living-room and breakfast nook.

On Tuesday evening the Waterford Township Business and Professional Women's Club held its Program Night in the C. A. I. building on Williams Lake Road. The hostesses for the evening were Mrs. Ray Kingsbury, chairman, Mrs. Elizabeth Ronk, Mrs. H. G. Fuller, Mrs. Everett Reese and Mrs. Edna Reid.

Cancer Films Shown To Club

The main feature of the program was a showing of cancer films by a representative from the office of the Cancer Society in Detroit. The growth of cancer was clearly defined and it was explained that most cancer can be cured if detected in time. After the viewing of the films Dr. Jane Blue of Pontiac graciously answered any questions.

To close a very fine evening dainty refreshments were served from a lace-covered table.

The next meeting of the club will be the dinner and business meeting at the Old Mill Tavern on Tuesday evening, February 10th at 7 o'clock.

Legion Ladies Will Meet Tuesday

The Ladies Auxiliary to the local American Legion Post will meet on Tuesday evening, Feb. 3rd, at the home of Mrs. Herbert Beach on Robertson Ct., at 8 o'clock. Mrs. Treva Quinn of Farmington, President of the 18th District, will be present and will give a short talk.

All members are requested to be present.

Give Now To March Of Dimes

The March of Dimes is rapidly drawing to a close for this year. Have you helped? Just remember that you or your family are not immune from this dreaded disease. You never know just where it will strike. That is the reason that every person should be willing to help fight it by giving, even a few cents, if that is all that you feel you can afford. This money that is collected helps with research as well as helping the afflicted right here in Independence Township.

Townships Meet To Organize U. F.

On Tuesday evening The Oakland County Twenty Townships United Fund held an Organization Meeting at the Waldorf Hotel in Pontiac, representing Brandon Township were Mrs. B. L. Hamilton, Mrs. William Harrison and Mrs. C. Owens; from Independence Township were Herbert Beach and Arthur Rose; from Springfield were Mrs. G. Ellis, Cliff Schoenhals and Harris Schultz; and from Waterford were E. Windeler and F. W. Mackinder.

Far-reaching effects are expected from this organization meeting, in providing more and better Health, Welfare and Community services. Main items on the agenda were: The adoption of a Constitution and By-Laws; Election of a Board of Directors representative of all areas of the twenty townships and appointment of Standing Committees, assigned to fulfilling the various purposes of this community-serving organization.

MICHIGAN HISTORY DRAMATIZED BY U-M RADIO STATION

How Confederate President Jefferson Davis was captured and the death of Tecumseh, famed Indian chief, have been dramatized for Michigan's schoolchildren by the University of Michigan.

As part of a series, "A Name to Remember," dealing with Michigan history, the stories have been prepared by the U-M Broadcasting Service and will be heard over more than 20 state radio stations.

The week of January 26, the program will tell how Governor Isaac Shelby of Kentucky, an aging Revolutionary War hero, led two regiments of mounted Kentucky riflemen to American forces battling the British in the summer of 1813.

In recognition of the governor's services, Fort Detroit was renamed Fort Shelby.

The following week, the U-M show will recount how the Fourth Michigan Cavalry, one of the first military units to go into battle in the Civil War, took part in Gen. Sherman's march to the sea and how, just a few hours after the war ended, the Michigan soldiers captured Jefferson Davis.

MAKE RESERVATIONS NOW

NEWS AND COMMENT from CONGRESSMAN GEO. DONDERO

LAIDLY HANDS, LUGGAGE, ETC. — TAX REPEAL.

By introducing H. R. 429, to repeal excises now in effect on many leather-goods articles, Congressman George A. Dondero has started what he believes may become a move in this session of Congress to eliminate the luxury taxes on a wide variety of daily necessities.

The Dondero Bill, which was referred to the House Committee on Ways and Means, would terminate the retailers' excise taxes on most kinds of luggage, brief cases, handbags, wallets, billfolds, sample and display cases, toilet cases and other articles made of leather or imitation leather.

In addition to repeal of the retailers' tax, the bill would repeal also the manufacturers' excise tax on these articles, which is applicable at all times when the retailers' tax may not be in effect.

This passage of H. R. 429 would remove altogether from direct luxury taxation all of these articles of common necessity and use. A large proportion of them, it should be noted, are articles used by women. If they are applied to necessary articles, then they should be applied to all goods or items alike and not to a few, allowing others to go tax-free.

Luxury taxes at present are not limited solely to leather goods, Congressman Dondero pointed out this week. When one buys a new automobile, for example, twenty per cent of the retail price represents the manufacturers' excise tax paid the Federal Government by the motor car manufacturer. On a \$2,000 car this tax therefore is \$400.

Granting that luxury taxes should be continued on many kinds of luxury goods, Congressman Dondero declared, there is no good reason why they should be continued on articles of necessity in everyday life, such as motor cars.

SOMETHING ABOUT THE BUDGET

In view of the strong effort to cut the Federal budget for the 1953-54 government fiscal year which will be made by Congress in the months ahead, it is interesting to note the estimated budget results for this year and next, on the basis of budgets submitted by the Truman Administration.

According to these estimates the best available - federal government expenditures for the 1953 year, which ends next June 30, will be \$74,592,831,757 and government receipts will be \$68,696,924,377, leaving a government deficit of \$5,895,907,380.

January Jamboree Saturday Eve

The P. T. A. of the Brandon Township Schools will sponsor the "January Jamboree" on Saturday, January 31st at 7:00 P. M. in the school auditorium.

The affair will be open to the public with games, contests, booths, amusements, movies, refreshments and dancing for adults and teenagers.

Farm Women Have Meeting

The Farm Bureau Women's Committee met January 13, at the home of Mrs. Clarence Porritt on Dutton Road. Six groups were represented with nine members and two children present.

A delicious, cooperative luncheon was followed by the regular business meeting. The project for 1953 was discussed and it was decided to continue with assistance to the polio hospital with the women from each group raising the money as they desired. Reservations for ten will be sent in for the convention in Toronto this summer. Livingston County invited the group to their meeting January 6, with Harold Webster to speak on "Mental Health".

Mrs. Howard Wilson instructed the group on "Pledge Allegiance" and "Salute to the Flag" and a game "It's News to Me" by John Daily on State Fire Regulations, and Rural School Districts.

GRANDMOTHER OF 10 ENROLLS AT MSC

Mrs. Augusta M. Lynch, after seeing her fifth and last child graduate from Michigan State College in December, is now realizing a life-long ambition — to work for a bachelor's degree of her own.

Mrs. Lynch, a 72-year-old grandmother of 10, is as spry and quick-witted as a 50-year-old. She is a resident of Custer, Michigan.

Registrar Robert S. Linton said that Mrs. Lynch is enrolled in general business, majoring in insurance and real estate.

Mrs. Lynch has had at least one child enrolled at Michigan State continuously since 1932, with the exception of the World War II period. She said that by the time she gets her degree, the next generation — her grandchildren — should be ready to start in at M. S. C.

After her husband died in 1935, Mrs. Lynch admits that "keeping the kids in college was sorta tough". She took in boarders to foot the bill.

She says there is a good possibility that she will enter the insurance business in Custer once she receives her degree.

As for social life, Mrs. Lynch is going to attend as many functions as possible — providing, of course, that suitable escort is available.

One date definitely on the calendar is for the 1953 J-Hop with Registrar Linton. When Mrs. Lynch told Linton about a year ago of her intention to enroll, he said: "If you do, I'll take you to the J-Hop". She's holding him to his word.

These estimates show that on the basis of the 1954 budget recently submitted by the outgoing Truman Administration, expenditures will be \$78,586,562,289 and receipts will be \$68,694,715,949, leaving a government deficit of \$9,891,766,340.

From these figures it is plainly apparent how important it is to national welfare that President Eisenhower should recommend many substantial reductions in government expenditures for next year, and that Congress should cooperate in making the reductions effective.

W. S. C. S. Circles Meet Next Week

The Circles of the Methodist W. S. C. S. will meet on Thursday of next week, Feb. 5. The Dorcas Circle will have an evening meeting at the home of Mrs. L. D. Riley on Holcomb St.

The Martha group will meet at the home of Mrs. Leslie Greene on Holcomb Street for a dessert luncheon at 12:30. Mrs. George Perry will assist Mrs. Greene.

The Mary Circle will meet with Mrs. Jack Jyleen for a 12:30 dessert luncheon.

The Priscillas will gather at the home of Mrs. Harold Bauer at 12:30 for a planned luncheon.

Random Thoughts

DEMOCRACY — Do you ever listen to station WKAR of East Lansing? I have my radio set at 1450 more than at any other spot during the day, and I have become so spoiled by the non-commercial programs of that station that I have lost all patience with the frequent interruptions in others when high-pressure salesmanship tries to impress me and only succeeds in boring me.

The college station gives entertainment and education, news and interpretation. It gives it on a wide basis, without any axes to grind, any bias to distort the facts, any dramatic presentation of news for the sake of sensation, any smooth-talking, superficially cheery masters of ceremony.

One of the programs I have enjoyed most is called "The People Act". The story which is told is real; the voices you hear are actual; the problems which are pointed up are those that could happen to any community.

And always success has been achieved because the people of such a community have pooled their strength, their time, their knowledge to find a solution to their problem. The very fact that we hear a housewife, in a rather flat and unmelodious voice, exclaim that there won't be enough pies for the bake sale unless Margie, Susan and Mary help out and send more pies before 5 o'clock, makes the whole business real; or a man will draw that he don't rightly know whether a one-story or a two-story schoolhouse will be better; or a bunch of women will get so angry at the conditions in their town that they confusedly all talk at the same time, their voices rising high and shrill. But when a plan of action has been decided upon, work and energy and hours have been organized, the very tone of their talk gives us the changed mood. This is drama, not enacted skillful histrionics, but drama portrayed by life itself. It is gripping in its reality, and — listening — we identify ourselves with that group. All that we hear has been tape recorded on the spot and becomes as real to us as if we lived in that community.

This is democracy in its real sense. It is democracy in action, not in words. The people of a community, all the people who are interested, get together to discuss a problem, to view it from all sides, hear anybody's viewpoint; then decide among themselves what the best course of action is — and do it.

I am getting a little tired of overworked word "democracy" as it gets bandied around in any speech, in any article, in any discussion; especially if it is intoned as if it were something holy, or uttered as if it were written with a capital D and set between quotation marks. The poor little word has had to serve all kinds of masters, of different political ambitions and beliefs; it had to camouflage ulterior motives; it had to hide empty-headedness and ignorance; it had to work its magic in swaying people's emotions and befuddle their thinking. All that the spoken word of democracy can do. But the action of democracy is self-evident and real. To mouth the democratic principle is easy; to act it means co-operation, giving of one's self for the sake of all; it is not easy, but often very hard. But it is the only kind of democracy that counts.

I hope the Ford Foundation will keep on giving us real-life instances of active, living democracy. I'll be tuning in on WKAR every Thursday afternoon to catch these enlightening broadcasts.

Girl Scout Council Met Last Week

Mrs. Perry Reynolds of Grosse Pointe was guest speaker last Tuesday evening when the Northern Oakland County Girl Scout Council met at Lincoln Junior High School in Pontiac.

Explaining "A Calendar of Events", Mrs. Reynolds recommended year-round activities for nature study, from the three-weeks trip in the wilds to the backyard explorations where each scout investigates an area six feet square.

Rock collections and samples of handicraft made from nuts, seedpods, and other easily attainable materials were enthusiastically inspected by those in the audience.

Mrs. Reynolds, a former Girl Scout leader and also a commissioner on the Pontiac Council, is now with the Detroit Audubon Society. She recently appeared on the TV program "Woods and Waters".

Also present at the meeting was a representative of the Detroit Good-Will Industries, Inc., Mrs. K. Kopka, who spoke on the work of that organization.

Mrs. Ivan Wilcox, Council President, announced that Mrs. David Eicher, Mrs. J. J. Gouin, and Mrs. Ivan Doctor would attend the conference in Chicago next month.

The annual cookie sale is to be held in March. Proceeds this year will benefit troop camping, and day camping as well as Camp Sherwood, and will also finance Girl Scout "Campership".

School News

On Friday, Jan. 23, Clarkston entertained Dryden for two debates.

In one contest Pat Tisch and Carol Kuklaw debated negative against Dryden's affirmative team. Judge of this debate was Miss Eva Moore of the Royal Oak High School. Timekeeper was Gary Robertson and the chairman was

Donis Kaska. The decision was awarded to Clarkston. In the second debate Clarkston's affirmative team, Ginny Demski and Terry Brown lost a close decision. Timekeepers for this debate were Darrel Blackett and Tim Mortimore. Chairman of the event was Joyce McIlrath. The judge was Harold Richards, debate coach at Hazel Park High School.

On Monday the League Debate Tournament was held in Clarkston.

Larry Worley, 4 months old son of Mr. and Mrs. Howard Worley, was taken to Pontiac General Hospital on Thursday of last week. He is suffering with pneumonia.

On Wednesday evening of last week while a group of children were playing on the ice 7 year old Billie Black had the misfortune to get such a hard bump that his right leg was broken in two places. He is home now with his leg in a cast.

Kenny Ross left on Monday for training in the Air Force.

Tommy and Billie Black were guests of honor at a birthday party on Saturday. Billie was 7 and Tommy was 3. There were 18 present.

Mrs. Tony Pelle is in Pontiac General Hospital where she underwent surgery on Wednesday.

If anyone in the area has waste paper that was not collected last Saturday or any that they might accumulate in the next while if they will call Mrs. Stanley Furman or Mrs. Glenn Robinson they will see that it is picked up and stored ready for the Cub's next paper drive.

S/Sgt Jack Lane has been transferred from a camp in Georgia to Indiana. He is taking jet training. He visited at the home of his parents, Mr. and Mrs. Howard Lane last weekend.

A new scout troop has been started in Andersonville and is being sponsored by the P. T. A. The troop no. is 132 and Stanley Furman is the Scout Master. The assistant scout master is Glenn Robinson.

STRAWBERRIES

This is the type of winter that people may get by without mulch-

ing strawberries. This is the type of winter growers have in mind when they tell you they have good luck without mulching until spring. Of course, if you do not have your berries mulched, I would suggest that you do mulch them very soon. Possibly, the plants have not been hurt because when spring comes with its alternating freezing and thawing, many of the strawberry plants may be heaved out of the soil but if they are protected with at least 2 inches of straw, this heaving will be held to a minimum because the ground will stay frozen instead of thawing in the daytime and freezing at night.

EARLY RED RASPBERRY

Last year, news came out about a new Red Raspberry that had been developed at the South Haven Experiment Station by Stanley Johnston. Plants were sold to nurseries for propagation. This year nurseries have them for sale. The berries do not crumble as in the Latham and are about ten days earlier than the Latham. The berry is called the Early Red and has been grown experimentally on a commercial scale for 10 to 11 years in different parts of the State. It is a berry that can be recommended quite highly, however, at present, the price is about double that of the Latham.

To love and be loved is the earnest desire of everyone. How to accomplish this is explained in the Lesson-Sermon to be read in all Christian Science churches on Sunday, February 1, on the subject of "Love".

The Golden Text is from Jeremiah (9:24): "Let him that gloryeth glory in this, that he understandeth and knoweth me, that I am the Lord which exercise loving kindness, judgment, and righteousness, in the earth".
Correlative passages from "Sci-

ence and Health with Key to the Scriptures", by Mary Baker Eddy include: "All substance, intelligence, wisdom, being, immortal-ity, cause, and effect belong to God. These are His attributes, eternal manifestations of the finite divine Principle, Love."

"It happened 40 years ago..."

Hal W. Cobb, Central Division safety supervisor for Michigan Bell, talking to Field Engineer Warren A. Pickering outside the telephone building in Saginaw, recalls that the Benefit-Pension Plan started the same year he began his telephone career.

"I'll always remember my first day with the Telephone Company back in January, 1913. It was 12 below zero the day I started as a lineman. That same month the Company's Benefit-Pension Plan was established. The Company put up the money in 1913 to get it started and has paid all the costs ever since. The Telephone Company's Plan not only provides retirement pensions. It also gives financial help to employees of all ages in meeting emergencies that may come with sickness, injury or death. For instance, there were the times when I was sick in a hospital for weeks and got my pay checks just the same, thanks to the Benefit Plan. One of these days I'll be retiring and, believe me, it's mighty comforting to know that I can count on a good pension when that day rolls around. Having our Benefit-Pension Plan with me all these forty years has meant a lot to me in peace of mind. It was a good, sound plan to begin with. And it's been kept up to date to meet the needs of changing times. I'll stack our Plan against any of them."

AN IMPORTANT KEY TO GOOD TELEPHONE SERVICE Michigan Bell's Benefit-Pension Plan is one of the oldest of its kind in industry. It is one of the things that makes the Telephone Company a good place to work. Telephone men and women have the protection and security of a complete benefit and pension program with all costs paid by the Company. This includes liberal benefit payments for sickness and accident disability, death and retirement. Folks do a better job when they have a feeling of security. The Plan contributes to that feeling among telephone people. So it's a good thing for your telephone service, too. The Benefit Plan is an important part of what we mean when we say... "Our policy is to furnish the best telephone service at the least cost to the public, consistent with financial safety and fair treatment of employees."

(continued from page 2) men from the township who would like to enter this tournament or take part in the other activities are welcome to attend any of the

training sessions. All of the boxers in the tournament will be given instruction and conditioning training before they are eligible to compete, and must have a complete physical examination.

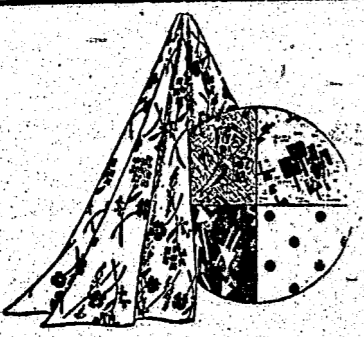

Matches will be carefully made so as to eliminate the chances of boys with little experience meeting better qualified boys.

The tournament will be run on a single elimination basis, and will be open to the public. Time and place will be announced later. Gold medals will be awarded the winners in each weight division and ribbons will be provided for the runners-up. The proceeds will be used for equipment for the club.

High School, Junior High and Elementary Schools all have recreation basketball teams sponsored by the Waterford Township Recreation Board. Four teams from the Waterford Township High School are playing games every Saturday in the high school gym. The teams are: Crescent Lake with Ken Morrow as manager; Confederates, Ron Cordray, manager; Hi-Y, James Elliott, manager; Basketeers, Don Traxler, manager.

The Junior High also has a four team league that plays on Saturday morning. The teams are: Bob Cats, Jerry Hickman, manager; Lions, Charles Gaff, manager; Hawks, Phil Felice, manager and House of Waterford, Charles Tisley, manager. Next Saturday's schedule is: 10:45 - 11:20 a. m. Crescent Lake vs Hi-Y and Bob Cats vs Hawks; 11:25 - 12:00 noon, Confederates vs Basketeers; Lions

vs House of Waterford. The elementary schools have their basketball from 9:00 to 10:30 every Saturday morning at the high school in the form of a clinic. The boys are learning the fundamentals of shooting and dribbling and as soon as the basic skills are learned they will start playing games every week. They are attempting to get a team from each school so that a tournament can be run and a championship team picked as was done in softball and touch football. Some of the schools have a transportation problem in getting their team to the high school on Saturday morning. The Recreation Board is asking the parents to help the boys by driving a carload over to the clinic.

AN INSPIRING MESSAGE FROM EDDIE CANTOR

Comedian Eddie Cantor points up a great message he learned from a young "show-off" and a famous fighter: "When you help others, you can't help helping yourself." Read "Why Knock the Kid Out?" by Eddie Cantor, in this Sunday's (February 1) issue of The American Weekly, exclusively with Detroit Sunday Times.

than 20 Michigan stations deal with singing, music appreciation and Michigan history.

Middle aged persons need protective diets as much as growing children, remind Michigan State College home economists. Older people are less active and require fewer calories, they point out, but their needs for vitamins and minerals are as great as for young adults.

Make your cupboards handier by having vertical compartments built in to accommodate pie, cake and muffin pans. That will save room and make the utensils easier to get at, Michigan State College home economists suggest.

Orlon fabric is especially suited to making curtains since it resists gases and sunlight, advise Michigan State College home economists.

1953 Chevrolet Advance-Design Trucks deliver more value!

4 powerful reasons why you get more of what you want...

- more engine power!** 108-h.p. Loadmaster engine—standard on 5000 and 6000 Series heavy-duty and forward-control models, optional on 4000 Series heavy-duty trucks.
- more staying power!** Heavier, stronger, more durable frames increase rigidity, add to ruggedness and stamina of 1953 Chevrolet trucks.
- more braking power!** Trucks up to 4000 Series heavy-duty models have "Torque-Action" brakes. Series 4000 and above use "Torque-Action" brakes in front, "Twin-Action" in rear.
- more economy!** New stamina plus extra gasoline economy in heavy-duty models with Loadmaster engine, reduces hauling costs per ton-mile.
