Rites Saturday For Albert Lawson

After a long illness Albert Lawson passed away in his home on Orton Road early on Wednesday morning, April 22nd. He was born in Martinsville, Wayne County, Michigan, June 10, 1877, the son of Robert and Katherine Lawson. On March 10th, 1906 he was married to Myrtle Fleming, who survives him.

Other survivors are his seven children, Ralph and Earl of Gatlinsburg, Tennessee; Mrs. Alice Shriver of Sawyer, Michigan; Mrs. Helen Miller of Ft. Lauderdale, Fla.; Lt. Richard A. Lawson who is stationed at Kinston Air Base, N. C.; George of Clarkston and Joyce at home; also nine grandchildren and one brother, William, of Van Dyke, Michigan. The funeral service was held at the Sharpe Funeral Home on Saturday afternoon at two o'clock. The Reverend Robert M. Atkins, pastor of the First Methodist Church of which Mr. Lawson was a member, officiated. Mr. Lawson was also a member of Cedar Lodge, No. 60, F. & A. M., which had charge of the graveside service in Lakeview cemetery.

Rotary Club News

The program for the Clarkston Rotary Club on Monday at the Community Center was one of open discussion. The group singing led by Robert L. Jones accompanied by Charles Robinson was of longer duration than usual. Rotarian Jones then gave a talk on government bonds and the meeting was turned over to the members in a "Good of the Order" discussion.

Special attention was given to the Athletic Banquet for the Clarkston High School Athletics, in all sports, and it was announced that this year instead of entertaining the farmers of the surrounding community the farmers would entertain the members of Rotary.

The usual good dinner was served by Mrs. Ralph Kreger assisted by Ada Serace, Mrs. Keith Lowrie, Mrs. Ed. Gunter and Ann Lowrie.

Brownie News

On Wednesday afternoon of last week Brownie Troop 200 met at the home of their leader, Mrs. Cushman. We sang and danced and enjoyed a snack served by Donna Harris.

And Then Came May

For five long months the winter stayed With cold and sleet and snow, We saw no sign of leaf or blade, New life refused to grow.

Since autumn time—way back last fall, The clouds hung low and dark To cast on earth a shadowed pall, And days were grey and stark.

With turbulence, spring storms came on, Beset with lashing gales; They swelled the lakes and streams and ponds With rain, mixed well with hail.

We braved these gloomy countless hours With faith there'd come a day, That God would bless us with His powers.

When came the first of May, We know right now, He has not failed, That life has come anew, The freshness past months entailed.

Were worthwhile waiting through, There is no time that God has made That's quite so fresh and gay, There's not another month I'd trade.

For just a week in May, —ROBERT C. BEATTIE (All rights reserved)

Scout Camporee At Camp Agawam

Last Friday, Saturday and Sunday Boy Scouts in the district gathered at Camp Agawam for their Early Bird Camporee. On Friday the Officer of the Day was Erwin Schilke of Rochester. The group arrived at camp for a quick supper and a gathering in the mess hall where they viewed slides on bird study and sang songs.

The Officer of the Day on Saturday was Stuart Williams of Lake Orion. The District Chairman, William Pascher of Gingsville was at the camp on Saturday. The program for the day was a full one. In the evening the boys gathered around the camp fire for various contests, knot tying and building fires. They sang Scout songs and enjoyed a snake dance. On Sunday the Officer of the Day was O. D. Bostick, Camp Ranger. The boys attended the church services of their choice. After a short program, the closing ceremony, flag lowering and camp inspection, the camporee closed at about 12:30 P. M.

At the camp were 250 boys representing 16 troops in the newly formed district "Manito". Attending from Troop 133 of Andersonville were: Bob and Bud Furman, Fred Robinson, Darwin Selby, Warren Gritzinger, Gary Eichbrecht, Floyd Menzies, Billy Jacobs, Lyle Wheatley, Larry Saiz, Ronald Young, Andrew McGregor, Fred Miller, and the leaders, Stanley Furman and Glenn Robinson.

Obituary

Mrs. Clara Horne
Mrs. Clara Horne, passed away at her home at 7690 Bridge Road on Sunday. She was born in White Lake Township on August 22, 1871, the daughter of Alden and Sarah Ackert Giddings. She lived in Oakland County all of her life. Her husband, William T. Horne died in 1948.

Survivors include one step-daughter, Mrs. Lillian Richmond; 3 grandchildren; one niece; two nephews in Montana and one nephew, John Giddings of Pontiac.

The funeral service was held on Wednesday afternoon at the Sharpe Funeral Home with the Reverend Walter Ballagh of Lake Orion officiating. Interment was in Lakeview cemetery.

Clarkston Local

Mr. and Mrs. Philip Smith returned to their home last Sunday evening after an enjoyable trip through the southern states. They went by way of New Orleans and returned by way of Washington, D. C. They visited all places of note along the way.

Women Hear Story Of Leader Dogs

On Tuesday evening the Waterford Township Business and Professional Women's Club met at the C. A. I. building on Williams Lake Road to hear about Leader Dogs for the Blind. Mrs. Karl Schultz, membership chairman and her committee were hostesses for the evening.

Before showing pictures of the blind students and their dogs in action the two representatives from the school explained the routine carried on at the training school in Rochester, how the dogs are obtained and what happens each day from the time the dog is started in training until he goes with his blind master to help him conquer one of life's severest handicaps. A question and answer period followed the showing of the picture.

The training school is in beautiful, farm country just outside of Rochester, Mich. Its geographical location makes its facilities close to 45 per cent of the nation's blind. The school buildings include a comfortable dormitory with recreation rooms, living quarters for housemother, modern kennels, dog hospital and diet kitchen. Students have many recreational facilities including games, musical instruments, radio, talking book machine and braille literature.

Applicants to be received at the school must be totally blind or have only slight light perception. They must be between the ages of 18 and 55, in good health, emotionally stable, of good moral character and not addicted to drugs or alcohol. Students live under constant supervision of competent instructors during a minimum four weeks instruction period.

At the close of a very worthwhile evening dainty refreshments were served from a table attractive with a lace cloth and a center arrangement of daffodils, a forsythia and hyacinths in a crystal bowl flanked by lighted yellow tapers in crystal holders.

The next meeting of the Club will be on Tuesday evening, May 12th, at the Old Mill Tavern.

Legion and Ladies To Fete Scouts

Next Tuesday evening, May 5th, the Campbell-Richmond Post, American Legion and its Ladies Auxiliary will meet at the Township Community Center at 6:30 for a pot-luck dinner. Their guests will be the Clarkston Boy Scouts who will participate in the evening's program. All members are urged to attend this meeting.

Practice Safety With Your Children

This was the advice given local parents today by Mr. Tom Peterson of the Pontiac Chamber of Commerce.

Mr. Peterson pointed out that nowadays parents are urged to take an active interest in the children's games and lessons, to practice their dancing with them, to join them in other activities. "So, why not practice safety with the children, too?" he asked.

He proposed that parents make safe practices a habit in the home and more particularly in traffic. It is not always necessary to tell the child to look both ways before crossing the street, he said. The parent who obviously looks both ways is "setting an example the child cannot fail to observe."

"Children look up to their parents," he said, "and they take as much pride in imitating the careful parent as they do in imitating the daring and careless one."

Mr. Peterson also urged parents not to fear indulging in old fashioned discipline if such action is necessary. "Your firmness may someday save your child's life," he told parents.

Mr. Peterson listed five practices for parents to put into effect with their children:

1. Practice and talk safety at home and in traffic until safety becomes second nature with the child.

2. Absolutely forbid playing in unsafe places. Where safe play places for children do not exist, parents should exert individual and civic pressure to have safe play areas provided.

3. Support the schools and the police in their efforts to promote child safety.

4. Be firm—even though it may be painful to do so. The easy-going parent may someday be responsible for an accident to the child.

5. Never permit children to use roller skates, coaster wagons or bicycles without supervision until they have demonstrated their ability to use such articles carefully and safely.

Methodist W. S. C. S. Meets Wednesday

The quarterly meeting of the Methodist W. S. C. S., will be held at the church next Wednesday afternoon. A luncheon will be served by the Priscilla Circle at 12:30. Mrs. Roy Gundry will be chairman of the luncheon and assisting her will be Mrs. Orlo Willoughby, Mrs. James Sutton, Mrs. L. F. Walter and Mrs. Edmund Gunter.

The members of all of the Circles are reminded to take along a few white elephants to this meeting for the "silent" auction. Also at this meeting the officers for the new year will be installed. All members are urged to attend.

CORN GROWERS GET WARNING

Oakland County Corn Growers are warned at this time by County PMA Chairman, Walter R. Cook, that Commodity Credit Corporation loans and Purchase Agreements for the 1952 crop must be completed before May 31, 1953 to be eligible for the price support rate.

Mr. Cook points out that No. 3 grade corn or better is supported at \$1.66 per bushel, delivered as shelled corn to an elevator approved for handling corn for CCC.

Loans may be obtained on any eligible corn produced by the applicant provided it is stored in good farm storage. The program also obtain a Purchase Agreement which guarantees him the support price at time of delivery.

All loans and Purchase Agreements terminate as of July 31, 1953 and CCC will arrange for delivery as soon after that date as possible.

Service charges on farm stored corn loans is one cent per bushel with a minimum charge of \$3.00, while on Purchase Agreements the service charge is one-half cent per bushel with a minimum charge of \$1.50.

All notes on corn are non-recourse notes bearing interest at 3 and one-half per cent per annum, which means that if the corn is delivered to CCC no interest is charged.

Mr. Cook advises any one interested in a corn loan or Purchase Agreement to contact the Oakland County PMA Office, 18 South Perry St., Room 320 Hubbard Bldg., Pontiac, Michigan.

By The Way . . .

Having rested for a few days from the duties of playing "April Fool" jokes, tomorrow you can enjoy hanging "May Day" baskets. . . . The annual athletic banquet sponsored by the Clarkston Rotary Club will take place Monday, May 11th. William Burns has secured a very good speaker. As usual the tickets are limited, so secure yours early. . . . It was good to see Guy A. Walter at Rotary for the first time since his recent illness. . . . William Sharpe managed to hook some perch over the weekend. Regardless of size they were biting very well. . . . Ira Snader is about again having fought a winning battle with the flu. . . . And now Terry's Market is selling perfectly matched baked apples, all ready to heat and place on the table. . . . In remarking to Reverend Atkins that there were 15 places we would like to be, he reminded us that the Royal York Hotel in Toronto had seventeen floors. It might be stated, that he had just returned from a visit in Canada and, as always, reported to me that the hotel was still there, as big as ever. . . .

In cleaning up the business of April we might add to the employers, that the Social Security and Withholding Taxes for the first quarter are due today. . . . May is generally clean-up and paint-up month—it is also a good month for the sale of liniment after the cleaning and painting is over. . . . In this issue of The Clarkston News is the report of the Clarkston State Bank as of April 20th. As usual the bank shows its usual growth. Few towns, the size of Clarkston, have a bank with the total resources of this bank. . . . The new home of the Pontiac Coach Company on Williams Lake Road will be a large one—probably the largest by far in this community. . . . We have not printed a story on publishers in a long time. So: The editor was busy at his desk, doing nothing, when the phone rang. On the other end was an irate subscriber. "I noticed in your paper," the reader shouted, "that you printed I was dead." "Zatso?" was the indifferent retort. "Where are you speaking from now?"

Scout District Has Been Divided

The annual meeting for the Oakland Circle District was held at the Community Activities Bldg., Waterford last Thursday night, April 23. A pot-luck dinner was served with more than 150 persons attending. This meeting was characterized as the last annual meeting for the District, which, because of its size, has been divided into two new districts for more effective operation.

The invocation was delivered by the Rev. Chas. Ritchey of the St. Paul's Presbyterian Church. William Vanderven led in the Pledge of Allegiance and in group singing. He also pleased the audience with two solo numbers.

Kenneth Sanderson, District chairman reviewed the history of Oakland Circle, recalling that it became a part of the council in 1922, but became a fully organized district in 1946 with a total membership at that time of 1451 Scouts and leaders. The present membership of the district is 3523 showing a growth in the past eight years of 143%.

Four men have served the district as chairman. The first was Arno Hulet in 1946 and 47. Dale Kennedy, now with the Michigan Education Association in Lansing served as district chairman for the next two years. While Kennedy was chairman the district made the decision to employ a full time District Executive. L. C. Churchill of Westacres served as chairman for the next two years, with Sanderson serving for '51 and '52.

Next on the program was a showing of a new film, "Once a Scout", after which the group broke up into two sections representing the two new districts. Francis Colton acted as chairman of the committee for the northern division, and Nick Lup acted as chairman for the southern division. Names selected for the new districts are Manito for the North Oakland area, and Ottawa for the south Oakland area. These Chippewa Indian names are in keeping with the rich Indian tradition of this section of the country.

Officers, Executive Board members, and members-at-large were then selected for each district, after which the group reconvened for a closing ceremony. With Tom Dodd, Jr. Ass't Scoutmaster of Troop 36 acting the part of Agadi-Woo-So, Indian medicine man, a group of Scouts and Cubs for a background, they dramatized the division by sawing a Cub Scout in half, placed in a box labeled "Oakland Circle District". After numerous incantations over the two halves, the boxes were opened revealing in each a Cub Scout bearing a sign with the name of the new districts.

The following men were elected to office: District Chairman, Bill Pascher, Gingsville; Vice Chairman, Francis Colton, Pontiac Lake; District Commissioner, Claude McKinnon, Williams Lake; Assistant Commissioner, Ervin Schilke, Rochester.

Executive Board—Arnold Sherman, Brooklands; Mason Case, Rochester; Frank Chapman, Rochester; William Pascher, Gingsville; Joe Haas, Holly; Ed. Porritt, Clarkston; Howard Huttenlocher, Clarkston.

Members at Large—Roy Plau-man, Brooklands; George Funkey, Rochester; Arnold Sherman, Brooklands; Harold Hopkins, Rochester; Charles Caldwell, Brooklands; Ray Frank, Brookland; Mason Case, Rochester; Frank Chapman, Rochester; Ted Pearson, Oxford; Louis Corbat, Oxford; Ellsworth Sage, Oxford; Harold Ingram, Lake Orion; Ray VanWagoner, Lake Orion; John Jacobs, Lake Orion; Arthur Cotcher, Lake Orion; William Pascher, Gingsville; Wallace Wait, Gingsville; Joe. McCall, Holly; Rev. W. Teemwissen, Drayton Plains; Myron Leighton, Lake Angelus; Charles Latta, Pontiac Lake; Joe Haas, Holly; Kenneth Rich, Lake Orion; J. B. Johnson, Oxford; Robert Beattie, Waterford.

Folks will be glad to learn that Mrs. Warren McVittie who is convalescing at her home following surgery is getting along nicely. She has to have plenty of rest and take things easy for the next few months.

The Clarkston Fire Department answered a call to the Vern Abbott home at 6564 Eastlawn on Tuesday. Not much damage was done.

Attend the School Fair at Andersonville on Saturday. There will be everything for your entertainment.

School Fair At Andersonville

A Fair will be held at the Andersonville Elementary School on Andersonville Road on Saturday, May 2nd, at 7:00 P. M.

Among the highlights of the evening will be a champion baton twirler. This act everyone will want to see.

Special booths are being set up by the Girl and Boy Scouts. Among others will be the White Elephant booth, fancy work, games and curio, cake walk, pop corn and home made candy, fish pond and grab bag.

Special movies will be shown and the king and queen will be crowned.

This Fair is being sponsored by the Andersonville P. T. A. Everyone is invited to attend.

Farm Bureau Group Met Last Week

Pot-luck dinners seem to be a nice solution to the social side of the Farm Bureau discussion group meetings in Clarkston, since the group has grown too large to be entertained in the various members' homes. There is the busy preparation by the hostesses of the evening, the contribution of the various dishes and specialties by the members, the gaily set tables with individual dishes, some flowers in the center, and the cooperation of everybody to make the affair a success. The men pitch in by carrying pitchers (no pun intended) and cleaning up afterwards.

So it was last Wednesday evening, April 22nd. After doing justice to the casseroles, salads, rolls, and tempting desserts, the business meeting was opened by Mrs. Samuel Miller. The question which was brought up last month on the farmers' market in Pontiac, came in for more discussion; reports were brought out by the representative of the Women's Committee, Wilma Doebler; about the county meeting by William Edgar and by the minute man, Herbert Baynes. All members in keeping with the rich Indian tradition of this section of the country.

For the discussion, Mrs. George Perry had invited Wm. Howard Stamp, attorney, who introduced the subject in general, discussed the Horton Act, and told some stories about hunters trespassing on farmers' property. After that, the official questions were answered; the general gist was that it is up to the farmers to follow through in order to have trespassers convicted. But it was also suggested that enlarged sheriff's staff might help during the hunting season, and that by withholding a future hunting license to convicted offenders for a specified period might make hunters more cautious.

Miss Wilma Doebler and Mrs. A. Hensing were hostesses for the evening.

Rotary Anns Say Music Hath Charm

On Tuesday evening the Clarkston Rotary Anns met at the home of Mrs. Jack Wignall on E. Washington Street. There was a splendid attendance and all enjoyed a very fine evening.

The business meeting was conducted by the president, Mrs. Robert M. Atkins. It was decided to send two crippled children to the summer camp on Lake Huron. The group voted to entertain their husbands at the June meeting and to have dinner and a program at Haven Hill. Mrs. A. W. Hawke and Mrs. W. H. Stamp were appointed to make arrangements at Haven Hill as to the date, etc., and Mrs. Charles Robinson was named as the entertainment chairman for that evening.

Following the business meeting the program chairman for the evening, Mrs. Wignall introduced Mrs. Paul Eliason who announced the musical numbers and also favored the group with several cello selections. Mrs. Wignall played the piano accompaniment for Mrs. Virgil Campbell who was heard in violin solos. Sheldon Smith rendered two piano numbers.

Everyone seemed in the mood for music and the program participants were very generous with their talent. It was an evening to be remembered.

At the close of the evening delightful refreshments were served from a table centered with Spring flowers flanked by yellow candles. Mrs. Virgil Campbell presided at the silver service.

Hostesses assisting Mrs. Wignall were Mrs. Robert C. Beattie and Mrs. Robert M. Atkins.

Clarkston Graduate Makes Good

It has been said by some of the long-time residents of Clarkston that it warms their hearts to hear of the Clarkston School graduates who really make good. This week word comes to Clarkston about a 1943 graduate, Mazy Wompolo.

After Mazy graduated from the Clarkston High School she attended the University of Michigan and graduated from there in 1949. Then Mazy's thoughts turned towards California and that's where she headed for. Good fortune and her high ambition rode the crest together and four years ago she joined the Contra Costa Planning Staff. This week Mazy has been promoted and on May 1st will assume her new duties as Planner's Associate for the County, a newly created post to put the master plan for the county in high gear.

Mazy has her own home on Benita Way in Martinez. She is the daughter of Mr. and Mrs. A. B. Wompolo of Clarkston.

May Breakfast And Style Show

Plans were completed for an annual May Breakfast and Style Show when the Republican Women's Federation of Oakland County met recently.

President Mrs. William A. Kennedy named chairman for the affair which will be held Monday, May 11th at 11 A. M. at the Northwood Inn on Woodward Ave.

Mrs. Bernard Girard and Mrs. William Donner have been appointed co-chairmen of the arrangement committee. Assisting them will be Mrs. William Randall, Mrs. Arthur Jayne and Mrs. Claude McRobert.

The reception committee includes Mrs. Clarence Maynard, Mrs. George Dondero, Mrs. George N. Higgins, Mrs. Edward E. Wilson and Mrs. William Broomfield.

Mrs. Bert Norton will be in charge of the program and Mrs. Meta McIlroy will arrange for music. Invitations are being extended by Mrs. Fred Ziem, with Mrs. Bruce J. Annett handling publicity.

4-H MEMBERS IN DETROIT APRIL 30 AND MAY 1

Under the leadership of Nevils Pearson, assistant state 4-H Club director, 75 boys who have dairying as their 4-H Club projects, together with their leaders, will be the guests of the Michigan Milk Producers Association in Detroit on April 30 and May 1. These farm boys are selected for their outstanding work in dairy activities in the 33 counties wherein the producer's organization has members and this annual expense-paid trip is the forerunner to the selection of a half dozen boys to be sent to the National Dairy Cattle Congress in Waterloo, Iowa next October.

On arrival in Detroit, the 4-H Club boys will be received at the headquarters of the Michigan Milk Producers Association and have explained to them the intricacies of handling milk from the time it leaves the farm until it reaches the city market. President I. K. Maystead and Secretary-Manager H. F. Simmons, as well as members of the MMPA staff, will address the boys and instruct them, after which they will be given an examination on various phases of dairying and

marketing. The winners in this test will be awarded trips to the Waterloo convention.

The guests will be housed in the Fisher Y. M. C. A. and the second day will start off with a visit to WJR radio station for the Marshall Wells farm program. Following breakfast, the party will visit one of the large dairies to learn how milk is processed and bottled ready for delivery to consumers. At noon, the boys will be entertained by radio station WWJ and participate in a television broadcast.

They will then be guests of the Michigan Milk Producers Association for lunch and at Briggs Stadium for the ball game between the Detroit Tigers and the Philadelphia Athletics.

School News

SECOND GRADE NEWS

All during the school year our windows have been filled with lovely plants. How cheerful they have helped to keep the room! Those who contributed were Karen and Marlene Smith, Vicki Burley, Ward Robbins, Lynn Ells-

worth, Joan Mansfield, "Chuckie" Rockwell, Carol Walter, Blair Bullard and Sue Lynn Allen. In addition we had paper narcissus blooming during the winter. Now we have an Irish and a sweet potato growing in glasses so that we can watch the root system as well as the leaves. Then there is a carrot with the top cut off and growing in water. A root system has formed and it has pretty fern-like leaves.

FOURTH GRADE - Miss Bachand

We have learned how to use reference books and we have been making reports on birds. One reading group has finished the book so they will begin another one. Judy Bishop and Dawn Green have moved away.

Sashabaw School

FOURTH GRADE - Miss Coe

Our class enjoyed a trip to a court in Pontiac on April 21st. We saw them select a jury and heard part of a case on a traffic accident. Several pupils had birthdays this month. They were Dora Schiels, Dick Faust, Robert Parsons, Howie Tondou, Sandra Swansy, Ronnie Webster and Marty Pyle.

Mr. Norton made us two terrariums. One has five salamanders in it and in the other we have a garter snake and a small snapping turtle.

A unit on reptiles has just been completed. We studied about the ones that lived during the Great Age of Reptiles and about the reptile of today.

MSC TELEVISION SERVICE CTED

Michigan State College's television development service has received an honorable mention award in national competition for a series of agricultural television programs.

The award was announced at the 17th American Exhibition of Educational Radio and Television programs, sponsored by the 23rd Institute for Education by Radio-Television, Ohio State University.

The M. S. C. service received the award for the series, "M.S.C. Presents - Agricultural Economics." The programs, presented over several Michigan television stations, were cited by judges "for linking the welfare of farmers and consumers through simple, understandable talks on agricultural economics."

ST. JOSEPH MERCY HOSPITAL NURSES ATTEND POLIO WORK CONFERENCE

A recent 8 day Polio Work

Dangerous Time of Year

It's a bad time of year for both deer and motorists. After a long winter, deer are slow and weak and does are heavily pregnant. The animals like to group near open highways to nibble early greenery that sprouts in the first weeks of warm weather. Trooper Mel Osment, Houghton Lake state police post, surveys damage caused during this recent deer-auto collision north of Houghton Lake. Three persons were hospitalized, the car ran off the road and was wrecked and the doe, carrying two unborn fawns, was killed. Surveys show that about 350 deer-auto collisions occur each year in the northern lower peninsula. Motorists are urged to use extreme caution when driving in deer country at this time of year.

Conference at Cooke County General Hospital in Chicago was attended by Marie Hickey, R. N., Director of Nursing Service and Barbara Kemp, R. N. and Dorothy Williams, R. N. of St. Joseph Mercy Hospital in Pontiac. The Conference was conducted by the Illinois League of Nursing and the Advisory Nursing Service for Poliomyelitis of the National League of Nurses. The Nurses, were sent to the Conference by the hospital and the Oakland County Chapter of The National Foundation for Infantile Paralysis. Now plans have been completed for a County Polio Nursing Institute for registered nurses to be given at St. Joseph Mercy Hospital under the sponsorship of the hospital and The National Foundation. The Institute will start on May 12th, it was announced today by Carl W. Donelson, Chairman of the Oakland County Chapter of the National Foundation.

FRUIT AND GARDEN NOTES

by Willard E. Bosserman Assistant County Agr'l Agent

FERTILIZING TREES

Orchardists usually get best gains from spring use of nitrogen fertilizers. Orchardman should take caution and not waste fertilizer elements when and where they are not needed.

Lime, phosphorus, potassium, and minor elements may not be needed, except for cover crops and sod growth. The money saved can be put into nitrogen.

Mulching of trees on soils subject to drought or insod will be very beneficial. Nitrogen rates should be boosted in orchards planted in sod or mulched with sawdust. A 50-to-100 per cent increase is frequently used, but excessive amounts of nitrogen can

16,000 plants per acre.

Here is the way the corn yields compared with differing plant populations; The 16,000 plants per acre averaged 11 per cent more corn than populations of 12,000, and populations of 12,000 plants averaged 25 per cent more corn than 8,000 plants per acre. This means that yields were increased 40 per cent by increasing the plant population from 8,000 to 16,000 per acre.

With the thicker plantings, ear size and weight per ear decreased, but larger numbers of ears per acre more than offset the smaller size. And, says Rossman, there was no consistent evidence that thick planting increased the amount of stalk breakage.

On the basis of the tests, says the scientist, stands of 16,000 plants per acre are recommended for good-to-average corn soils. And on light soils where fertility is low, Rossman recommends 12,000 plants per acre.

In the Michigan tests, Rossman reports, there were no cases where 16,000 plants per acre on good corn land resulted in a lower yield than the lighter rates of planting.

SPRING TIME FOR STARTING FRUIT PLANTS

Spring is the time to get new fruit plantings into the ground and here are some tips from a Michigan State College horticulturist on how to do it.

Clarence A. Langer, fruit specialist at M. S. C., says all fruit plants should be put in the ground as early as possible in the spring. This gives them a chance to get a head start for the following year.

Small fruits — raspberries, strawberries and grapes — should be planted in ground that has been under cultivation at least a year. Row crops, corn or potatoes, are preferred to precede small fruits.

It is not necessary to plant large

Ammonium nitrate or equivalent nitrate of soda or sulfate of ammonia is recommended for peaches, cherries, pears, plums, grapes, currants, gooseberries and raspberries.

Here are some specific fruit crop suggestions:

Apples — No fertilizer at planting, except on light soils, and none the first year. Use a fourth to a third of a pound per tree for each year of orchard age up to five to seven pounds.

Peaches — Use 1 to 2 ounces first year trees are planted and a third to a half pound per tree per year until a 2 to 3 and one-half pound rate is reached.

THICK CORN STANDS GIVE BEST YIELD

Corn yields on many Michigan farms can be boosted considerably by thicker planting, says E. C. Rossman, Michigan State College farm crops researcher.

Five years of testing at several locations in the state have shown that about 16,000 corn plants per acre give the best yield on average to good corn soils. You can estimate 16,000 corn plants per acre this way, say Rossman: When corn is planted in 40-inch rows, it takes one plant every 10 inches. In 36-inch rows, a plant every 11 inches will average about

fruit trees in land that has been cultivated. Some have been planted directly into a sod with satisfactory results, Langer notes.

Organic matter, either green manure or rotted barnyard manure, is important. Peat moss is also good but is expensive for large operations.

Langer says fertilizer can be used the first year on small fruits but is not necessary on large fruits. For small fruits he recommends using 300 to 400 pounds of 6-8-6 or 10-10-10 analysis, broadcast before planting and worked into soil.

He stresses that all tree fruits should be pruned of their lateral branches before planting. This must be done because the roots are cut during transplanting and remaining roots cannot support the branches.

Cherries should be planted 24x30 feet, plums 20x24 feet, pears 20x24 feet and apples 25x35 feet.

CORY RECEIVES AWARD

Merton M. Cory, retired professor of electrical engineering at Michigan State College, has received the Distinguished Alumnus award at the University of New Hampshire. Cory retired in 1949 after 37 years teaching at M. S. C.

The Grist Mill

By Ed Alohin County Agricultural Agent

HOW TO USE LIME

Judicious use of lime on fields is one of the main essentials to good soil and crop management in Oakland County. Wherever farmers raise alfalfa or other

legumes, additional lime is generally needed on most Oakland County soils. In the past, one of the problems has been to get farmers to apply lime. Now tests show that some farmers have not realized that too much lime can be as harmful as not enough. Too much lime will cause the tie-up of other elements necessary for plant growth in a form that will not dissolve. Since plants drink their food rather than eat it, it is necessary to have the mineral elements dissolved in soil water. Certainly farmers will not want to add lime unless it is needed. Not only is this uneconomical from the standpoint of investment, but it may damage their prospects for good crop yields.

NEW BULLETIN ON LIME

An excellent bulletin published by Michigan State College, is available at the Oakland County Extension Office. It is called "Lime and Its Use." Extension Bulletin No. 314. This bulletin is an excellent guide to good liming practices for farmers. It can be obtained for the asking and gives farmers information on not only how much lime, but what kind to use and general requirements of different kinds of soil.

SHOCKING REVELATIONS OF BELLA DODD

In The American Weekly with this Sunday's issue of The Detroit Sunday Times, read "I Was a Communist School Teacher." In it Bella Dodd tells how teachers are recruited into Communist ranks and how children's minds are poisoned against Democracy. It's "MUST" reading in The American Weekly with Sunday's Detroit Times.

Special programs, tours and openhouses are planned during May 2 and 3, the third annual Parents' Days. M. S. C. President John A. Hannah will address parents in the Kellogg Center auditorium May 2 at 12 p. m. Special music programs are scheduled for Sunday, May 3. Parents' Days registration will be from 9 to 11:30 a. m., May 2 in M. S. C.'s Kellogg Center.

More than 300 M. S. C. foreign students from 50 foreign lands will be hosts to visitors Saturday, May 2, in Jenison field house from 9 a. m. to 11 p. m. Programs of native dances and songs and displays of clothing, artwork and native crafts will be displayed.

Engineering advancements of today and the future will be in the spotlight during the fifth annual Engineering Exposition. Displays, exhibits and demonstrations will be held in M. S. C. engineering buildings and shops.

GRASS AIDS STEEP SLOPE STAY FERTILE

Land with 6 to 8 per cent slope should be in grass at least for one half of the rotation, and very steep slopes should be in grass continuously, says Russell G. Hill, extension soil conservationist at Michigan State College.

Such areas, he says, may actually produce more longtime farm income in high quality legumes than from any other crop.

A good pasture will act as an umbrella over land, protecting it from the "explosive" action of raindrops. Its root masses allow more water to penetrate the ground.

A raindrop "exploding" on bare soil breaks down clods into individual soil particles. This seals the surface, cuts down on air and water penetration and aids running water in carrying away topsoil. Rain water running unimpeded down even gentle slopes carries away soil particles and organic matter.

Hill cites this example: One experiment on cultivated land showed that when the depth of top soil eroded from six to three inches, oat yields were cut from 52 to 35 bushels and corn yields were reduced more than 20 bushels per acre.

Pasture, says Hill, is not enough. High quality legume and grass mixtures, dense in growth and not over-pastured, will give land its best protection and increase its productivity.

Meet Your Michigan

GHOST TOWN REBORN: ONE OF THE WORLD'S LARGEST KNOWN COPPER MINES LIES BENEATH THE REMAINS OF WATKINS FURNACE. PRODUCTION OF IRON AND STEEL FOR 2000 YEARS AND A PLANT MILL AND SMELTER IS NOW BEING COMPLETED FOR REBORN COPPER PRODUCTION IN THE ONLY PROSPECTIVE MINING COMMUNITY AT WATKINS. Strikingly new—with longer, lower lines that set a new standard of beauty for low-priced cars. Roomier, richer interiors, too.

Entirely new Powerglide*
Faster acceleration from a standing start with new automatic starting range... new power to pass in city traffic with new automatic passing range.

Entirely new Economy
The most important gain in economy in Chevrolet's history! Two great engines now offer even more economy than you have enjoyed with Chevrolet in the past.

Entirely new Safety
New one-piece curved windshield for greater visibility. New, sturdier construction. New, easier brake action and new Foot-Form brake pedal.

Entirely new Durability
Chevrolet's new Body by Fisher is strengthened throughout. New heavier door-posts and sills. New bracing in roof and framing.

Entirely new Power Steering*
Exclusive to Chevrolet in the low-price field! It permits you to park with finger-tip ease. You turn the wheel and the power unit does the work.

Pictured above, you see the great new 115-h.p. "Blue-Flame" engine—one of the most important advances in engine design in many and many a year.

New high compression! The 7.5 to 1 compression ratio is among the highest in the industry. Free-breathing carburetion, new aluminum pistons and many other features also play an important role in making this the most powerful engine in its field!

Yet, both the "Blue-Flame" engine (teamed with the new Powerglide automatic transmission*) and the advanced "Thrifty-King" engine (in gearshift models) offer a wonderful gain in economy, too.

Why not come in and take the wheel on a demonstration drive? Why not make it soon?

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models. (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

 71 S. Washington, Oxford
 Sunday School 11:00 A. M.
 Sunday Service 11:00 A. M.
 Wednesday Evening Service 8:00
 Reading Room at rear of Church, open Wednesday from 2 to 4 and

Why sin always brings punishment is explained in the Lesson Sermon, "Everlasting Punishment" which will be read in all Christian Science churches on Sunday, May 3.

The Golden Text is from Hebrews (12:11): "No chastening for the present seemeth to be joyous, but grievous; nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby."

Among the Bible citations in this passage, James (1:13): "Let no man say when he is tempted, I am tempted of God: for God

cannot be tempted with evil, neither tempteth he any man." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "A corrupt mind is manifested in a corrupt body. Lust, malice, and all sorts of evil are diseased beliefs, and you can destroy them only by destroying the wicked motives which produce them." (p. 404)

SASHABAW PRESBYTERIAN
 5331 Maybee Road
 Reverend William H. Bos
 10:00 A. M. Sunday School,
 11:00 A. M. Morning Worship.

WATERFORD COMMUNITY
 Andersonville Rd., near U. S. 10
 Rev. Wright Van Plew, Pastor
 Elizabeth Jencks, Children's Worker
 Dr. Clark A. Porter, vice-chairman of the Slavic Gospel Association, will be the guest speaker on Missionary Sunday, May 3. He will speak at each service of the day, beginning with the Sunday School sessions at 9:45 A. M. Adult and Junior worship services at 11 o'clock. Also at the Youth hour meetings at 6:15 P.M. and the evening service at 7:30. The work of presenting the gospel to the Slavic speaking people in Europe, the Far East, South America, Alaska, Canada and the United States, will be presented, as carried on by the Association.

This group was formerly called the Russian Gospel Association and was founded by the well known Peter Deyenka. Dr. Porter before assuming his duties with

UNEQUALLED FOR VALUE... NOW—MORE THAN EVER ✓

You can be prepared to pay double what this beautiful Chrysler New Yorker costs you... and still not get the tremendous driving advantages. It was first to give you. Here is money's worth expressing itself in far greater car command and control... with an entirely new-type engine that can deliver more horsepower to the rear wheels than you've experienced before. With the safety and ease of full-time Power Steering. With Power Brakes. With new-type shock absorbers of double the usual protection. All this (and much, much more) your Chrysler-Plymouth dealer will be happy to demonstrate—right now!

DOG QUARANTINE INDEPENDENCE TOWNSHIP

The fact has been established that dogs affected with an infectious and communicable disease known as "Rabies" have recently been at large within the County Of Oakland, Michigan, and are known to have bitten persons and animals and may have come in contact with dogs as yet unknown in the Township Of Independence.

NOTICE IS HEREBY GIVEN that any dog which is owned, kept, or harbored within the above named TOWNSHIP OF INDEPENDENCE shall be securely chained, confined, or secured and under physical control of the owner or custodian of such dog to prevent the aforesaid dog from attacking or biting any other animal or any person. No such dog shall be allowed to run at large within the Quarantine Area during the period of this Quarantine. Dogs may not be removed from Independence Township unless accompanied by permit from the Oakland County Department of Health. Such permits may be secured from the Department of Health or its authorized agents on presenting evidence of vaccination against rabies within six months performed by a licensed veterinarian.

The attention of all owners or keepers of dogs in the above named territory is hereby called to the following sections of the Michigan State Laws.

Act 306 Public Acts of 1909 As Amended

Section 1. It is hereby made the duty of all township boards of health to whom cases of rabies among dogs are reported to immediately investigate the same by some members of the board; and should such investigation show a reasonable probability that a dog is affected with the disease known as rabies, the said board of health shall immediately establish such temporary quarantine as may be necessary to prevent the spread of the disease and to make immediate complaint thereof in the manner provided in Section 4 hereof.

Section 2. The order of the board of health to restrain, confine or muzzle dogs shall be operative when a copy of such order shall have been left at the usual place of residence of the owner or owners of dogs that are believed to have been exposed to the said disease, or when a copy of said order has been posted in 3 of the most public places in the township or part thereof to which said order applies.

Section 8. Any persons violating any of the provisions of this act, or of a quarantine or regulation or order to restrain, confine or muzzle dogs, duly established or issued by the board of health as provided in this act, shall be deemed guilty of a misdemeanor; and upon conviction thereof shall be subject to a fine of not less than 10 dollars nor more than 100 dollars, or to imprisonment in the county jail for a period of not less than 10 days nor more than 30 days, or both such fine and imprisonment in the discretion of the court.

Act 306 Public Acts of 1927 As Amended

Section 6. The county or district board of health, or the health committee of the board of supervisors, shall have and exercise the same powers and perform the same duties of a board of
