PONTIAC COACH TELLS EXPANSION PLANS

Architect's drawing of new administration offices of Pontiac Coach Company with factory in the background; now under construction on Williams Lake Road.

Above drawing shows the proposed reception room adjoining the business offices.

Seven years ago Leslie A. Hutchinson started to build modern, house trailers in a small plant at 4615 Dixie Highway, Drayton Plains. At that time, as far as plant and production were concerned, he stood in 287th place in the nation, if not the world.

The famous "Pontiac Chief" trailers are known and sold from coast to coast and as a result of popularity have caused the walls of the present plant to bulge and thus place the Pontiac Coach Company, in the world's No. 1 spot as an independent trailer manufacturing plant.

Needless to say Mr. Hutchinson has had to plan larger quarters and now on the north side of Williams Lake Road just east of the Grand Trunk Railroad a larger factory and one of the most modern plants is being constructed.

This new factory, all on one floor, will cover over 244,000 square feet of space, and will center in one spot the company's operations. A private spur will allow shipments by railroad and ample docks will provide facilities for shipments by truck.

The factory building is 1120 feet long and 202 feet wide, of structural steel and masonry, with buff colored brick up 6 1/2 feet; steel sash and glass for 9 1/2 feet and the 3 1/2 feet to the roof will be of a new concrete material.

There will be a large parking area for the employees and plenty of storage space for trailers prior to shipping.

At the present time buyers of Pontiac Trailer Coaches have a wide choice in size and design. There are 23 floor plans ranging from 26 feet to 45 feet in length. These models contain such outstanding features as fully equipped bathroom; television installations and complete furnishings.

These Coaches are sold through a financially sound dealer organization from coast to coast.

The Pontiac Coach Company is constantly thinking of improvements to its trailers as well as its factory. It also is considering the welfare of its employees. A profit-sharing plan has been established whereby a share in the profits is distributed quarterly, in addition to the regular salaries.

M. & D. Banquet In Ortonville

On Thursday evening, May 7th, a Community Mother and Daughter Banquet will be held at the Brandon Grange Hall in Ortonville. The highlight of the evening's entertainment will be a magician.

The W. S. C. S., of the Methodist Church is sponsoring the affair and they will serve at 6:30.

All mothers and daughters in the community are cordially invited.

Bowling League Closes Season

The Clarkston Women's Bowling League closed the season last week with a banquet at Villa Inn, Lake Orion. Honored guests were the team sponsors and other guests were Mr. and Mrs. W. H. Stamp.

The banquet tables were quite colorful with center arrangements of spring flowers and each place marked with a small pot of ivy and a green, maple leaf shaped place card inside of which was the evening's program.

Mrs. William Radoye gave the invocation and following a delicious dinner Mrs. Herbert Beach league president, briefly welcomed the teams and their guests and presented Mrs. Elmer Hagen, toastmaster for the evening. After a few remarks Mrs. Hagen called upon Mrs. Lee Kelley who introduced the sponsors and asked them to take a bow.

Mr. Stamp, in a few words, thanked the group for a lovely evening and a fine dinner and said he was happy to publish the bowling scores during the season and would be looking forward to rendering the same news service during the 1953-54 season.

The highlight of the evening was the presenting of the awards by Mrs. Elsie Smith. Special awards went to: high act, single, B. Howe, 231; high act, series, B. Howe, 583; high hdp, single, E. Kelley, 247; high hdp, series, J. Rudduck, 637; average raise since Jan. 1st, M. Bates, 8 points, 124-132; team single, Clarkston State Bank, 1009; high team series, Don Pringle Chevrolet & Olds, 2793.

Mrs. Hagen gave some very good advice to the bowlers and then asked Mrs. Herbert Beach to introduce the following officers for 1953-54: president, Mrs. Keith Lowrie; vice-president, Mrs. William Jacobson; secretary, Mrs. Elmer Hagen; sergeant-at-arms, Mrs. Delmont Walter; treasurer, Mrs. Glenn Mills.

The League then presented the retiring president, Mrs. Beach, with a gift of appreciation for her patience and loyalty during the season. The presentation was made by the banquet chairman, Carole Torr.

In behalf of the sponsors Robert L. Jones thanked the League for the dinner and program and said he was quite sure the sponsors were glad to do their part in helping to make the bowling season possible.

Les Howe, owner of Howe's Lanes, presented Mrs. Lee Kelley with a trophy for having the highest single game for the season. Her score was 220.

Robert Beattie, sponsor of the Beattie Motor Sales team, presented each of the women on the team with a copy of the new book, "Ford At Fifty".

Clarkston P. T. A. To Install Officers

The Clarkston P. T. A. will meet at the High School on Thursday evening, May 14th at 7:30.

The officers for 1953-54 will be installed with Mrs. Herman Klinkoff of Milford, President of the Oakland County P. T. A. Council, being the installing officer.

One of the highlights of the evening will be a number of selections by the Mothersingers of Drayton Plains and Pontiac. One of the members of this organization will give a short talk on the activities of the Mothersingers and how to form such a group.

Refreshments will be served by the sixth grade room mothers with Mrs. Rudolf Schwarze as chairman.

Clarkston Local

Mrs. Myra Wieland of Lake Orion spent the past ten days in Clarkston visiting relatives and friends.

Our Mothers

Our mothers have carried earth's burdens for years. With a smile on each face, and hearts full of tears. They've silently suffered the griefs of us all. When grim disappointment was making a call.

A mother has stood in the courts of our land. Defending a son from a barrister's stand. Unmindful of shame he had brought on her head. And prayed she'd be sentenced to jail in his stead.

Our mothers have lived through the war years in hell. With prayers in their hearts that their sons were still well. With faith in their God that He'd find out a way. To brighten the earth with a new kind of day.

How often it's happened, our God only knows. That mothers denied themselves pleasure and clothes. To give without stinting to lassie or lad.

For better conditions than they ever had.

Old Job and his patience had nothing on them; They face the world's hardships again and again.

With scarcely a murmur of righteous protest. Making man realize how well he was blessed.

I pray to my God on this day that's at hand. Each mother'll be honored throughout our great land. And all will be given a reason to feel.

Our love and affection is sincere and real.

Library Workers Have Get-Together

On Thursday evening of last week the Elementary School Library Board and Librarians met at the Clarkston Elementary School to hear and discuss the plans for the work in the library during the next few weeks.

Mrs. Jack Murton, chairman of the board, presided at the meeting and carefully outlined the work that had to be done in the libraries at the close of this school term and during the summer in order to have the libraries in the three schools ready for September.

There was a splendid attendance at the meeting and it was gratifying to see such enthusiasm manifested by the mothers each time volunteers were asked for. A great deal of mending of books has to be done before some of the books are ready for the shelves. The books have to be catalogued and it was decided that at the close of the school term the books would be brought from the Sashabaw and the Andersonville schools to the Clarkston Elementary School where they could be sorted. Many new books will be added.

Leslie Greene, school superintendent, spoke briefly about rearranging the book shelves in the Clarkston Elementary School, and having movable shelves placed in the hallway. Mr. Barrie, principal at the Sashabaw School, thanked the library board for organizing the library in that school.

After the meeting Mrs. Murton presented Mrs. Floyd Hammond with a tuberosus begonia with bright red blooms. Mrs. Hammond who had just celebrated her birthday has been a faithful library worker for the past number of years. She has mended most of the books that needed repairs.

The group then enjoyed a social hour with delightful refreshments. Mrs. Jack Jyleen and Miss Ruth Sharpe were the hostesses.

ATOM BOMB ENERGY MINUTE COMPARED TO SUN'S RADIATION

Energy released by the recent atomic bomb explosion was relatively minute compared to that of the sun's radiation, a University of Michigan astronomer says.

Dr. Leo Goldberg, chairman of the U-M Department of Astronomy, points out that while the atomic bomb converts less than a fraction of an ounce of mass to energy, the sun converts four million tons a second.

This is energy released in the sun's steady state, he explains, not taking into account flare-ups, such as prominences, sunspots and other solar disturbances.

The energy is released by the union of hydrogen atoms. As a result, the sun shrinks each second, but the loss in mass is insignificant because of the sun's enormous size.

At the present rate of conversion, the process could continue for many millions of years without noticeable effect.

Professor Goldberg explains that if all the solar radiation hitting the earth in one second were converted to power, it would cost just under the billion dollars a second.

Even at that rate, the sun would be losing on its investment, for the earth is 93 million miles from the sun and intercepts only 1/2200 of the energy released.

Clarkston Local

The Clarkston Royal Neighbors will meet at the home of Mrs. John Alander on Wednesday, May 13th. The usual pot-luck luncheon will be served at 12:30 with the business meeting following.

On Tuesday Mr. and Mrs. Edw. D. Whipple went to Carp Lake in Emmet County to help Mrs. Whipple's parents, Mr. and Mrs. Harry J. Embree, celebrate their golden wedding anniversary on Wednesday. The Embrees will be at their summer home at Carp Lake for the next several months.

Rotarians Hear Talk On Reds

On Monday, the Clarkston Rotary Club held its meeting in the Independence Township Center and was privileged to hear a remarkable talk. Mr. Pranas Padalis, Professor of Economics at The Wayne University in Detroit discussed Communism. Considering that he was a native of Lithuania, had gone underground when that country was overtaken by the Soviet, had fled to Communist Germany, escaped into France and finally came to the United States, his wide experience lent authority to his statements.

Mr. Padalis described the methods used to take over all private property and the mass deportation of officials and business men together with their families to Siberia. The talk could be described as depressing but only so by those who believe Communism cannot come to the United States. To those who realize that the United States can spend itself into bankruptcy or as the idea now seems to be to offer peace so this country could have a depression, either plan making the United States ripe for the seeds of Communism to be sown, the talk was instructive, and certainly a warning.

During the question hour the speaker's opinion was sought on whether the present peace offer is to be taken in good faith. The answer was that it was just another stall for time and to be disregarded.

Professor Carmen Dell'Quadrè, also of Wayne University, introduced the speaker.

Seldom has a speaker addressed Rotary in as low a tone of voice. We doubt if a listener missed a word due to the rapid attention given the talk. The meeting ran twenty minutes overtime, but no one left early. Definitely the subject was of interest and just as definitely the speaker spoke from experience.

The dinner was served by Mrs. Floyd Andrews, chairman, assisted by Mrs. Charles W. Robinson, Mrs. E. L. Jones, Mrs. Earl Terry, Mrs. L. D. Riley and Mrs. Gerald O'Dell.

Brownie News

There were 16 Brownies of Troop 200, at our meeting last week. We played games, Squirrel in the Tree and Draw a Bucket of Water. Afterwards, because it was Mrs. Cushman's birthday, we had birthday cake and candy. Suzanne Cushman made the icing for the cake.

Judy Powell, Scribe

Local Group Has Window Display

This week is National Home Demonstration Week and it is being observed by the women's groups in Oakland County. In Clarkston a window display has been arranged at Kelley's Hardware. The theme used is "Working and playing together as a family is the foundation for a better world and peace" and right along side of this is the American Flag to substantiate the fact that this is the idea of a real American family.

Also in the window is a large card showing how to mend woolens. This is just one of the lessons learned by the Clarkston group this year.

The Achievement Day in Pontiac on Wednesday closed the year for the Home Demonstration groups.

Luncheon Meeting Next Wednesday

Plans for the annual luncheon meeting of the Oakland County Pioneer and Historical Society were made at a recent meeting of the board of directors of the Society. The luncheon will be held on Wednesday, May 20 at 12:15 P. M., in the Fellowship Hall in the new Grace Lutheran Church in Pontiac. The church is located at 809 Glendale between Telegraph Road and Genesee Avenue.

Maurice Cole of Ferndale, author of a series of articles on old Oakland County post offices which has appeared recently in the Pontiac Daily Press, will speak on the history of the county as revealed through his stamp collecting experiences. At 11:30 members will gather at Fellowship Hall to greet old friends and meet new members.

The following committee in charge of arrangements for the meeting has been named by Donald E. Adams of Drayton Plains, president of the Society: Mrs. Harry F. Going, W. E. C. Huthwaite, Mrs. L. L. Dunlap, Mrs. N. W. Peterson, Mrs. Place, Harry F. Going, Mrs. Demaris Bigler, Mrs. H. A. Sibley, all of Pontiac, Harry Garling of Oakland Township, Louise Paddock of Commerce Township and Mrs. Donald E. Adams, of Drayton Plains.

Reservations may be made by writing or calling Mrs. H. F. Going, 214 W. Pike St., Pontiac (FE 2-6087) or Mrs. Donald E. Adams, box 248, Drayton Plains (OR 3-2665).

Anyone interested in the history of the county is invited to attend.

Carnival! Carnival!

Friday, May 8th — Gay concessions line the halls — Fun and laughter bulge the building as Clarkston's Carnival Time gets rolling.

New and novel games are being prepared to make your evening most enjoyable. The carnival proceeds are going to the Clarkston Band and to the "Football Lights" fund. So when the hands of the clock reach 7, let Carnival Night be the entertainment — that's 7 to 11 P. M., at the Clarkston High School.

Paper Drive Saturday, May 23

The Clarkston Cub Scouts will hold a waste paper drive on Saturday, May 23rd. They are asking the cooperation of every home in the district in order that the drive will be worthwhile. Have the bundles or boxes of paper at the curb early on Saturday morning, May 23rd, and help put a little money in the Cub's treasury. A bundle from every home would mean a successful drive. Do your part.

Dine At Sashabaw Saturday Eve

Treat yourself and family on Saturday evening, May 8th, by dining at the Sashabaw Church, 5331 Maybaw Road. The women of the church are serving another of those wonderful smorgasbord dinners. Serving will begin at 5:30. There is no set charge but a free-will offering will be taken.

Michigan State College home management specialists point out that fatigue can come from just thinking about a long, difficult task you have to do, like a family ironing. They suggest that breaking up such a job into several short periods would likely eliminate the tired feeling you get just thinking about it.

It's the New PONTIAC Chief

Waterford

Mrs. Jack Hall, Correspondent
Phone OR 3-0261

Mr. and Mrs. Charles Pammenter of the Andersonville Road are vacationing in Florida. They are at Deerfield Beach on the east coast.

Mr. and Mrs. L. H. McFarland are leaving Friday for Columbus, Ohio, to visit his brother who has been ill for some time following a stroke. They also expect to visit her sister in Bloomington, Ill., before returning home.

William Jacober is now sole owner of Jacober's Market, having purchased the interests of his brothers. Bill has worked in the store, continuously, for 28 years and part-time for a few years before that while attending school. The new ownership became effective on May 1st.

The Jack Jacober family who left here about a year ago and went to Wickenburg, Arizona, are now living in Phoenix where Jack has a position. Their address is 2435 W. Indian School Road.

Mr. and Mrs. Dayid Lynch recently sold their home on Mace-day Lake Road and are now living in Orlando, Florida, where they have bought a home at 214 Oxalis Drive.

Sunday visitors at the home of Mr. and Mrs. Fred Fuchs on Waterloo St., were her brother and family, Mr. and Mrs. Henry Keller and Betty Anne of Detroit.

O. M. S. N. "Chuck" Richards has returned to his base in Rhode Island after spending a week's leave with his parents, Mr. and Mrs. Charles Richards of Rolton Court.

Mrs. Jack Hall attended a May breakfast on Sunday at Rotunda Inn given by the members of the Psi chapter of the Beta Sigma Sorority honoring their mothers. She attended with her daughter, Mrs. Ray Everett.

Sunday was the first birthday of little Linda Marie, daughter

of Mr. and Mrs. David Mehlberg. Enjoying a birthday dinner with the family were her grandparents, the Henry Mehlbergs; her uncle, Bob Mehlberg and good friends, Mr. and Mrs. Roy Pammenter.

Mr. and Mrs. Robert Mehlberg and children went to Toledo on Saturday to attend a wedding. Mrs. Mehlberg and the two children are staying there for a visit this week.

Jim Sutton is greatly improved and expects to be home from St. Joseph's Mercy Hospital some time this week. He has been hospitalized for four weeks following a heart attack.

Mr. and Mrs. William Kremlick of the Dixie Highway are home from a month's vacation trip which took them to New Orleans, Florida, Key West and Cuba.

Mrs. Joseph Helman, who underwent surgery last week at Pontiac General Hospital, is getting along nicely and expects to be home the last of this week.

Eight members of the Good Will Club and one guest, Miss Ruth Kimball, enjoyed a dinner at Devon, Gables last Thursday.

On Wednesday afternoon, May 13, beginning at 3 o'clock, Waterford Township High School girls who are interested in nursing as a career, with their mothers and counselors, Miss Sue Houghton, have been invited to the Waterford Community Library in the C. A. I. building for a tea and program. The speaker for the occasion will be Mrs. John D. Monroe of Pontiac, who is a member of the committee on careers in nursing. Mrs. Ralph Eaton has arranged the program. Assisting with the tea will be Mrs. O. L. Siegmán, Mrs. A. L. Purcell, Mrs. Dwight Blinn, Mrs. Owen O'Neil and Mrs. Arthur Arnold.

Mrs. Charles Topham, 343 E. Boulevard South, in Pontiac, will entertain the Waterford Moms on

Wednesday, May 20, at 1:30. The change in date is due to the National Convention held in Detroit May 13th, which several of the Waterford members plan to attend.

Missionary Sunday was observed last week in the Waterford Community Church with Dr. Charles Porter of the Slavic Gospel Association speaking at all Sunday Services.

This Sunday, Mother's Day, the Waterford Community Church will honor all mothers with gifts for each one present. Special gifts will be presented to the oldest mother, the youngest mother, and the one with the largest family present. The service is at 11:15 A. M.

The annual business meeting of the Waterford Community Church is called for Tuesday, May 12th, at 7:30 P. M. The following Thursday the Sunday School teachers and officers will meet at the church at 7:30 P. M.

MICHIGAN'S SCHOOL BUILDINGS SUBJECT OF U-M RESEARCH

Factors which influence the life cycle of school buildings will be determined by a new research project now underway at the University of Michigan, announces Dean Wells I. Bennett of the College of Architecture and Design. The one-year study, financed by the Michigan Memorial-Phoenix Project, will be supervised by Frederick Guthrie, research and planning consultant on the college's staff.

Guthrie said that the study would try to help school boards, consultants, planners and architects toward better decisions in the planning of school systems and in building design. Although work will be concentrated in the Michigan area, he said that the results will be of wide application.

More comprehensive planning of the location, size, and character of schools and designs that allow greater flexibility in the use of building by the school and community are some of the phases which the study will investigate.

Two members of the University's architecture faculty will participate in the study. They are A. Benjamin Handler, associate professor of planning, and Joseph T. A. Lee, instructor in architecture.

"Very little is known about the

life of school buildings or the factors which contribute to their obsolescence," Guthrie comments. "The important relationship between the life of buildings and the terms of bond issues is based on guesswork. The study should contribute to the solution of current school financing difficulties."

SUPPLY OF TEACHERS DECLINES IN STATE

The declining supply of teachers for the public schools of Michigan is rapidly approaching a state of crisis.

Mr. Bruce K. Nelson prepared a dissertation for the University of Michigan this year, entitled, "A study of selected factors relating to the demand for and supply of teachers in Michigan 1941-60."

The following are some of the excerpts taken from this study that partially explains the current shortage of teachers and also reveals some interesting trends in the teaching profession:

"The annual supply of new, qualified elementary teachers probably will be 2,500 short of the annual demand in 1953, 1954, 1955, becoming about 3,500 short in 1956 and 1957, and decreasing to about 2,000 beyond those years.

"Meanwhile, the deficiency between the yearly need and the annual supply of new, qualified, secondary teachers probably will be less than 500 prior to 1954-55, may grow to 854 in 1955-56, decline to 409 in 1957-58, and spiral to 1,997 in 1959-60."

The biggest single factor in alleviating the gap between supply and the demand has been the employment of married women who have had teacher preparation work and who often have had teaching experience and who have been induced to re-enter teaching.

Number of teaching positions in Michigan: 1945 - 31,955; 1950 - 37,157; 1952-53 Est. - 40,562; 1960, Est. - 51,908 (if 30:1 pupil-teacher ratio prevails throughout all grades); 1960, Est. - 53,984 (if 30:1 pupil-teacher ratio prevails in elementary grades; 27:1 ratio in secondary grades).

Interesting facts relating to teachers in Michigan:

More married women are being employed: 1931-32, 20.6% of the total teaching population were married women; 1950-51, 43.6% of the total population were married women;

In 1931-32, there were approximately three single women teachers for every married woman teacher. At present, there are approximately two married women teachers for every single woman teacher. This is the most important sociological change that has taken place in the teaching profession.

More men are being employed: 1931-32, 16.2% of the total teaching population were men; 1950-51, 27.2% of the total teaching population were men.

Fewer young people (below the age of 30) are being employed: 1932-33, 10,308 teachers were below the age of thirty; 1939-40, there were 8,384 teachers below 30 and 1950-51 there were 7,702 below this age.

Approximately 25% of the total teaching population will be eligible for retirement within the next ten years.

The level of preparation of teachers has increased:

1932-33, 31% of teachers had four or more years of preparation; 1939-40, 58.6% had four or more years of preparation and in 1950-51, 74% had four or more years of preparation.

ALUMNI GO BACK TO SCHOOL AT U-M, JUNE 8 TO 12

Former students will go back to school at the University of Michigan June 8-12, when the 15th Alumni University is held. First of its kind offered by a university, this program remains one of the few for alumni anywhere that has a serious educational purpose.

Courses will be focused on literature, music, the situation in the Middle East and the peacetime uses of atomic energy.

HOW TO RAISE VEGETABLES

Two publications on growing vegetable gardens are available at the Bulletin Office, Department

of Information Services, Michigan State College.

One bulletin is called "Suburban and Farm Vegetable Gardens" and the other is entitled "Growing Vegetables in Town and City"

Both U. S. Department of Agriculture publications, they present information on gardening—from the selection of the site to harvesting and preserving vegetables. Information is included on caring for specific garden crops.

Sashabaw School

4th Grade News — Mrs. Hedden
We would like to thank all of the people who appeared on our Talent Show at the School Fair. James Ashby has been absent because of having a tonsilectomy. Taylor won quite a few honors in the 4-H Club Achievement. They included a dress review pin, County honors and a blue ribbon for the skirt she made.

4th Grade News — Mrs. Rowley

Measles caught up with some of us but we are happy to report everyone is fully recovered and back in their usual places. Mothers Day and May Day baskets are occupying any spare time we can find and it is fun doing things we enjoy out of the regular routine.

Last week was filled with final preparations for our Fair and we are happy to announce that our room merged forth with the Queen, Susan Turek and King, Russell Frick. Of course, the project was a money-making scheme for our fair and we are proud our room was able to contribute the largest amount — thanks to our many friends, parents, brothers, sisters, aunts, uncles, and all

those deaf grandparents. Again we thank you!

We have about completed our study of our national forests and will soon start a unit on transportation.

Baseball, marbles, skipping ropes and utility balls occupy the entire playground these fresh, breezy days.

Our room had a very delightful trip to the Science building at Cranbrook last Wednesday. We saw and heard about many things of interest. Since that time we have accumulated many interesting stones from our own fields and yards.

Our jar of frog's eggs is showing progress every day and this morning we found several little

pollywogs who are fully developed and able to swim about.

We had our eyes tested yesterday and no one was found to have any serious trouble with their eyes. We were glad to hear this report.

1st Grade News — Mrs. Draker
The five bulbs we planted grew green sprouts. We now have yellow flowers. The stalk grew to be 15 inches high.

We have also enjoyed our rock garden. We cut the grass today.

THIRD GRADE NEWS
Monday our class made May baskets with flowers in them. Yesterday our class took their plants home. We are making Mother's Day gifts. Gary Wood,

Kenny Cooper and Jim Harrell had their ninth birthdays this last week. This week's helpers are Lucy, Linda, Connie, Jacky, Maureen, Nick, Patsy P., and Phillip. Yesterday our class had their eyes checked.

MUSIC NEWS
The kindergarten, first and second grades presented a Music Assembly for the school on Thursday, April 23. The purpose of the Assembly was to give the upper grades an idea of the music program used in the early elementary grades.

The two first grades sang a group of songs. These songs were divided into three groups: songs about Spring; songs about things we play with and songs of nursery rhymes.

Mrs. Burley's second grade presented some singing games and rhythmic response to music. They played "Bluebird", "Jump Jim Crow" and "Lody Loo".

Mrs. Houldings second grade dramatized two song stories. The first was the fairytale "The Sleeping Princess" and the second was a story about a mouse who was looking for a house.

The afternoon kindergarten Rhythm Band played "Pop goes the Weasel"; "Country Gardens" and "The Song of the Clock".

Keith Clements and Jerald Lee played accordion solos.

All of the music classes are preparing for our Spring Music Festival which will be held the last

week in May.

Kindergarten News
Teddy Hollis celebrated his sixth birthday on Wednesday by having cake and ice cream for the group. There was also a balloon for each child.

We have decorated our room with spring pictures and flowers which were all done freehand.

TOWN HALL MEETING IN BIRMINGHAM, MAY 28
Area-wide problems of water supply, sewage disposal, garbage disposal, and school attendance, brought on by the rapid growth of Oakland County, will be the subject of a Town Hall mass meeting, called by the Oakland Citizens League for May 28 at the Birmingham Community House.

A panel of experts, each of whom has made a special study of his topic, will outline the problems, following which the public will be given an opportunity to question the speakers. T. Ledyard Blakeman, Birmingham, executive director of the Detroit Metropolitan Area Plan Commission; will act as moderator.

Morton Hilbert, director of the Bureau of Engineering, Department of Health, Wayne County, will discuss sewage disposal problems as they apply to southern Oakland County and adjacent areas. Mayor V. E. Horn of Royal Oak will speak on the water supply problem.

Donald Oakes, city manager of Berkley, will speak on garbage

disposal. Louis H. Schimmel, Pontiac, director of the Michigan Municipal Advisory Council, will discuss public financing of projects and school problems. George H. Skrutob, Pontiac, new director of the Oakland County Plan Commission, which was created at the urging of the Oakland Citizens League, will speak on area-wide planning.

"Solution to many of the problems cannot be accomplished on an individual community basis", Henry S. Booth, Bloomfield Hills, chairman of the rally, said. "However, communities can do it together."

City and county officials have been invited to be present for the

meeting, which will be for members of the non-partisan citizens group as well as the general public.

Election of new members of the board of directors for the Oakland Citizens League will be held at a brief business session in connection with the meeting, according to Joseph W. Savery, Ferris, president of the group.

**PRICE! PERFORMANCE!
BEAUTY! LONG LIFE!**

4-Way Proof that Dollar for Dollar you can't beat a Pontiac

Good Drivers Drive Safe Cars
Check Your Car—Check Accidents

Here's how to prove Pontiac value:

First, get behind the wheel and drive it—see how Pontiac puts you out in front in traffic, skims you along the open road with surprising economy; how its big, husky high-compression engine provides power to spare.

Next, take a good long look at its distinctive styling and its luxurious color-matched interiors.

Consider, also, Pontiac's reputation for unsurpassed dependability, long-range economy and high resale value.

Finally, compare its low price—so low, in fact, that if you can afford any new car you can afford a Pontiac. Why not come in and see for yourself?

CORRESPONDENCE COURSES OPEN NOW FOR HIGH SCHOOLERS

High School students who want to make up credits needed for graduation or for college entrance during the summer months may enroll now in correspondence courses offered by the University of Michigan Extension Service.

Most of them were attending classes in their local high schools at the same time, but used the correspondence courses to make up credits or to study subjects which were not offered by the high schools. Among the subjects most frequently elected were Latin, advanced mathematics and commercial subjects.

Students who wish to take a correspondence course in the summer are advised by Mrs. Bernice Lee, supervisor of the University's Correspondence Study Department, to consult with their high school principal about it now. The principal can help them select the course or courses which will be most useful.

A delicate, soft meringue will be fluffy, tender, fine textured and it will stand in soft peaks that become golden brown when baked, remind Michigan State College home economists. The most satisfactory proportion of sugar to egg for such a meringue is two tablespoons of sugar per egg white.

With all its higher quality...

Chevrolet is lowest priced!

Above: The "Two-Ten" 4-Door Sedan. At right: The "One-Fifty" 2-Door Sedan, two of 16 beautiful models in 3 great new series.

It brings you more new features, more fine-car advantages, more real quality for your money... and it's America's lowest-priced full-size car!

Farther ahead than ever in quality... yet the lowest-priced full-size car... with sharply greater economy of operation!

Imagine — the most beautiful car in its field, with new Fashion-First Bodies by Fisher that set the standard of styling, inside and out. The most powerful car in its field, with your choice of a new 115-h.p. "Blue-Flame" high-compression engine* or greatly improved 108-h.p. "Thrill-King" high-compression engine.

Yet, with all these new and exclusive advantages, there is no increase in Chevrolet prices, and it remains the lowest-priced line in its field!

Yes, indeed, only Chevrolet gives such excellence with such economy. Come in and prove it at your earliest convenience!

*Combination of Powerglide, automatic transmission and 115-h.p. "Blue-Flame" engine, optional on Bel Air and "Two-Ten" models at extra cost.

Plenty of Water... Plenty of Pressure

Makes a World of Difference in Farm and Suburban Living

Production
More milk to sell, more eggs and meat. Better quality, too — fewer hours of hard work.

Convenience
Less drudgery for Mother in the laundry and kitchen, all over the house. Wonderful

Health
Bathing's a breeze for young and old. No need to skimp on water. No lugging or lifting.

Safety
Family, barn and stock are much better protected... that's peace of mind every farmer wants.

May is a good month to check up on your water system's capacity and efficiency. You can get plenty of practical aid from your Edison Farm Service Advisor. He's an expert on proper size pumps and motors. Just call, write or visit any Edison office.

CORRECT LAWN SEED

(continued from page 1)

three inches of grass below. Weeds are bound to appear. There is only one thing to do—pull them up! Do not use weed sprays on tender young seedlings. When the grass is well established, anti-weed sprays can be used.

For purposes of economy in dealing with a large area, you can have two kinds of lawn. First, there is the garden lawn, or the area near the house. To ensure rich, heavy grass, use the normal amount of grass seed and employ intensive soil preparation.

Second, there is the meadow lawn, farther from the house. This will require less expensive preparation.

DONDERO PRESIDES

Congressman George A. Dondero, Republican, of Michigan's Eighteenth District is shown on the rostrum in the chamber of the House of Representatives, where he presided recently. Speaker of the House Joseph W. Martin, Jr., often calls upon Republican members to take the chair when his duties as Speaker require his absence from the rostrum.

ration: You may use about half the quantity of seed and cheaper grass, thus saving from one-half to two-thirds of the material cost. The cheaper meadow lawn will look at a distance nearly as good as the fine lawn near the house.

LUCILLE BALL TELLS "THE STORY OF DESI AND ME"

Enjoy the delightfully daffy and heartwarming love story of Lucille Ball and Desi Arnaz. Read "The Story of Desi and Me," telling private adventures of the stars of TV's "I Love Lucy," illustrated with wonderful family photographs, starting in this Sunday's (May 10) issue of The American Weekly with Detroit Sunday Times.

EGGS USED IN VARIETY OF WAYS

Spring is traditional season for using eggs, points out Ann Heiss of the foods and nutrition department at Michigan State College. Furthermore, eggs can be adequate substitute for meat in your menus.

Miss Heiss urges careful storage of eggs in the refrigerator. Even a few hours in a warm room will mean loss of quality. Ideal conditions for eggs are cool and moist, she says. It is better to wait until you are ready to use the egg before washing it because the egg shell is porous and off flavors, bacteria and dust can enter through the shell easily.

How about egg soufflé? asks Miss Heiss, who offers these suggestions: Soufflés are light, delicate baked mixtures which somewhat resembles fluffy omelettes. They should be made from stiffly beaten eggs (whites alone or whites combined with yolks) to which flavoring or some savory food material is added. A thick white sauce is used as the basis for savory soufflés such as cheese or ham soufflé. Thick, sweet, custard-like sauces are used in sweet soufflés.

For a cheese soufflé, Miss Heiss

says, you will need one-half cup grated cheese, per cup of thick white sauce, three egg yolks well beaten and three egg whites beaten stiff, but not dry. Prepare and measure the cheese, break eggs into bowls—whites in one and yolks in another. Make the sauce and beat the egg yolks, add cheese to the sauce, beat the egg whites, and egg yolks, fold that mixture into the beaten egg whites. Turn the mixture into a greased baking dish or individual dishes and place the baking dishes into a pan containing hot water to the depth of one inch or slightly more. Bake at about 350 degrees F. for 30 to 40 minutes.

THE GREAT HORNED OWL

By Walter F. Nickell, Naturalist Cranbrook Institute of Science

Largest of Michigan's native owls, the Great Horned Owl is so ferocious that he has nothing to worry about, if he does worry, except disease, old age and man.

Since man is by far his most hateful annoyance, the owl prefers to live in dense wooded areas as remote as possible from human activity. And apparently he has good reason, for his numbers and distribution have greatly declined as people moved into his domains, research at Cranbrook Institute of Science, Bloomfield Hills, and elsewhere has shown.

But Bubo virginianus, as he is known to intimate friends, fears no other living creature. In fact he does not bother to gather materials for his nest. He simply moves into the nest of hawks, the largest squirrels, and even bald eagles, and rearranges them to suit his taste.

Bubo does not care what he eats, so long as it is fresh meat. His menu has been known to include fish, skunks, insects, crayfish and snakes, though he has a special yen for mammals of

rabbit size or smaller. When rations are short, however, he has been known to attack even a porcupine.

Noticeably larger than the long-eared owl, with which he is sometimes confused, the great horned owl has a total length of 20 to 23 inches, and is apparently Michigan's earliest nesting bird. Full sets of eggs, usually two or three in a set, have been found as early as mid-February, which is about a month earlier than the nesting of his nearest competitor, the prairie horned lark.

While Bubo has no doubt that man is a nuisance to him, his chief enemies must admit that the damage he does to game birds and poultry is largely offset by his constant war on rodents injurious to man's interests.
