Memorial Day In Clarkston

On Saturday, May 30th, the people of Clarkston and surrounding area will gather at Lakeview cemetery for the annual Memorial Day program in honor of those who have made the supreme sacrifice that democracy may pre

inere will be the usual parade led by the colors and the fife and drum. The parade will form at Burfalo and Church Streets and be ready to start to the cemetery at about 9:30 in order that the program may get underway at 10 octock. The parade marshal will be Frank Green.

The program chairman will be A. E. Butters, who will also give the Gettysburg Address. The keverend kobent M. Atkins will be the speaker and a male quartet led by Orlo J. Willoughby will sing.

in case of inclement weather the parade and program will be cancelled.

W. S. C. S. Circles Meet Next Week

The Circles of the Methodis Women's Society of Christian Service will meet next week.

The Dorcas group will meet on Thursday, June 4th, at the home of Mrs. Ward Robbins for a potluck luncheon at 12:30.

The Marthas will meet on Thursday, June 4th, with Mrs. Sam Miller when a dessert will be served at one o'clock.

The Mary Circle will have its annual picnic on Thursday, June 4th, at the home of Wilma Doebler with a picnic lunch at 12:30.

The Priscillas will hold their meeting on Wednesday, June 3rd, at the home of Mrs. John Fink. A planned luncheon will be served at 12:30.

Local Graduate Receives Degree

David Stephen Yoh, son of Dr. and Mrs. Harry B. Yoh, 21 E. Washington, will receive his bachelor of arts degree at the Albion College commencement ceremonies on Monday morning, June 8. in the Kresge gymnasium. Following the commencement address by Dr. LeRoy E. Kimball, vice-chancellor of New York University, a graduate of Albion, bachelor of of arts degrees will be awarded 187 young men and women and the master of arts degree to two young men by President W. W. Whitehouse of Albion.

Notice

As most stores will be closed Saturday, Memorial Day, they will remain open a little longer Friday evening. The Bank will also be closed Saturday but will be open Friday evening.

Our Challenge

To you who walked the earth before And passed in conflict during war, We honor you for patriot's deeds While rising to our country's needs.

With gratitude within each heart We strive to do our humble part. By singing praises to your name And listing you in hall's of fame.

We know that we should grateful

To live a life that's good and free, Because some man gave all he had In doing battle with the bad.

It's not enough to place a wreath Upon your tomb in false belief, That we have done our very best To hallow ground wherein you

We must seek out a better way To bring to earth a greater day When men the laws of God will

And lives will not be sold so cheap.

We must convince the minds of That none on battle fields should

fall That love and lives that it will save

Will rob the sadness from the -ROBERT C. BEATTIE

State Police Present Program

Sgt. L. Coykendall, a member of the Michigan State Police Post at Rockford presented a firearm safety program to a joint meeting of the Ortonville and Clarkston Rotary Clubs at the Clarkston day. Keith White, a member of trailers, the Ortonville Club was host to the Ontonville Troop of Boy Scouts. It is our understanding that the program had been presented to the Clarkston students in the afternoon.

Stressing safety at all times when using firearms Sgt. Coykendall displayed skill in marksmanship using a 22 target pistol, the regulation police 38 revolver and finished with a machine gun, carried in his hands, capable of firing 400 shots a minute. Because in hunting criminals it

is desirable to "take them alive" it is sometime a good idea to see how close they can shoot without hitting the fleeing person. To demonstrate this the Sergeant had inflated a half dozen toy balloons inside of each other leaving a small air space between each balloon. Then in six shots he bursted the balloons one at a time until he had bursted the last remaining balloon. At no time did he break two at a time evidence that one can shoot pretty close and not hit the target. .

During his demonstration the officer kept up a running comparison of firearm use and safety, to traffic driving with safety. The program was interesting.

A turkey dinner with all the trimmings was prepared by the cooks who prepare the school meals for pupils.

Dixie Saddle Club

Has Get-Together

Saturday, May 9th, the Dixle Saddle Club had its first outing of the year at the club grounds on the Dixie Highway, Many of the club members brought their horses. Some rode over and others High School auditorium on Mon- hauled their horses in trucks and

A good time was had by all. The day was beautiful and the evening was penfect for riding. The members present who didn't bring horses enjoyed talking about horses and watching the broomstick polo game that was in the ring. The Dixie Saddle Club is practicing this game for their horse show Sunday, September 13th. Broomstick polo is somewhat like regular polo only a broom and a volley ball are used instead of mallets and a regulation polo ball.

A wonderful pot luck dinner was the climax to the afternoon and evenings events. There was more than anyone could eat and pop was furnished by the

Following dinner some riders had to leave in order to reach home before dark. Many others remained to ride and visit until quite late.

More of these outings will be planned in the near future.

Advice Given To Post Office Patrons

Post Office patrons, especially housewives, will be delighted with new regulation of the Post Office Department which now permits them to seal all their packages without using a printed label, "May be opened for Postal Inspection".

Seal them hereafter, and seal them as tightly as you wish. All that is now necessary is to write "May be opened for postal inspection" above or below the sender's return address which must be written in the upper left hand corner on the address side of the parcel.

This new order by Postmaster General Summerfield has been greeted enthusiastically by the public and postal employees alike.

In the past it was necessary to have a printed permission sticker on sealed packages. Typewritten or handwritten instructions were not acceptable, and the package was either rated up to first class rate or the sender often had to hunt up a printed label.

The old requirement was seldom understood by post office patrons, and it was the cause of much lost time at parcel post windows, particularly during the their packages with scotch G. Reid and Mrs. Royal Pazik. holiday rushes. Mailers would tape or seals, only to discover with dismay that it was not permitted.

Of course, the inscription should be legible if it is handwritten. The Post Office still prefers the printed or typed form but is waiving the point as a convenience to its patrons.

Post Office patrons are warned not to place written messages or letters inside parcel post packages. It is suggested if patrons wish messages or letters to accompany parcels they place them in addressed stamped envelopes and paste them on the address side of the parcels.

Senior Class Goes To Washington

Sixty of the Clarkston High School graduating class left by bus, on Wednesday about noon, for the Michigan Central Railroad depot in Detroit where they boarded the train bound for Washington, D. C. Miss Ruth Thompson and Arthur Heimburger of the school faculty accompanied the group. They will return to Clarkston on Sunday realizing that their high school days are almost at an end. The Baccalaureate will be held

on Sunday evening, June 14 and the Commencement exercises will

Dr. Pranis Padalis 4H Club Speaks To B. P. W. Elects Officers

On Tuesday evening the Water, the regular meeting of the ford Township Business and Professional Women's Club had the privilege of listening to a most interesting talk by Dr. Pranis Padalis, a professor at the University of Detroit. versity of Detroit.

Dr. Padalis was introduced by Professor Carmen DelliQuadri of the same University. In his introduction Mr. Delli Quadri explained that the talk that was about to be heard was to be given by one who was talking from experience and had witnessed the facts that he was about to tell. A comparison was made by Dr.

Padalis of the life of the women in the Soviet Union and the women in America. The difference in dress, appearance, home comforts and family life showed that the women in America were blessed with freedom in their choice of most everything that tends to make a happy life.

The idea of relaxation in the Soviet Union is unheard of not only for men but for the women also. They work six days a week and then have to attend meetings of the Union on Sunday and usually two or three times a week at night. There is no expression of originality in dress or anything else. To use an Americanism, the 'top brass' has all the say and their orders must be obeyed for else', according to Dr. Padalis.

The forty-five members and guests present were greatly interested in what Dr. Padalis had to tell. They did not realize that he had talked for an hour. In fact they could have listened for a much longer time. However he very graciously answered many questions which brought out many incidents that he had omitted in his speech. Dr. Padalis explained that there was a great deal more that could be said but he hoped that from the telling of his experiences the people who heard him would realize the great privilege of being Americans and having a government and a land where individuals are allowed to live as such and are free to express their opinions.

Mrs. Orlo J. Willoughby favored the group with two very pretty vocal selections, "The Song of 'For You Alone" by Geehl, Mrs. William Watson played the plano ccompaniment.

Following the meeting refreshments were served from a lacecovered table centered with an arrangment of garden flowers flanked by yellow candles in blue glass holders. Presiding at the silver services were Mrs. Charles

The News Service Committee composed of Mrs. W. H. Stamp, Mrs. Joseph Helman and Mrs. Donald Fillmore were in charge of the evening's program and they were assisted by the Education and Vocations Committee which included Mrs. H. A. Mitchell, Mrs. Thelma M. Elwood, Mrs. John Landon, and Miss Lois Hahn.

The next meeting of the Club will be on the evening of June 9th at the Community Activities Building on Williams Lake Road. Installation of officers will take place at this meeting.

FRUIT AND GARDEN NOTES by Willard E. Bosserman Assistant County Agr'l Agent

HOW DO YOUR TOMATOES GROW?

Now is the time to set out those mid-season tomato varieties and the best mid-season varieties to use are Stokesdale, Longred and John Baer. A good yellow variety is Jubilee. Some early varieties have all

ready been set out, however, tomatoes are a tender plant and are stunted by cold nights, so if you have waited until now to set out your tomato plants, you are furtake place, Monday evening, June | ther ahead because they will have warm days and warm nights in which to develop. A short, stock tomato plant is best for setting out, however, if your plants are long and leggy, they can be set deeper into the soil so that only the leafy pontion is above the ground, Roots will develop all along the stem which is under the

> Tometoes should be set 4 to 5 ft. apant in the row, and rows 4 to feet apart. However, if you plan to stake your tomatoes they can be set 3 feet each way. The main advantage of staking is that it keeps the tomatoes off of the ground and, because pruning is necessary, the yield is greater for given area than the non-staked

Rotary Anns Hear County- History

On Tuesday evening the Clarkston Rotary Anns met at the home of Mrs Rolfe Smith on Maybee Road. There was a good attendance.

At the business meeting at which the president, Mrs. Robert M. Atkins, presided it was decided to send two children to the crippled children's summer camp on Lake Huron.

The following board of directors was elected: Mrs. Russell Coltson Mrs. Allen W. Hawke, Mrs. Garnet Poulton, Mrs. Fred Groven Mrs. Robert L. Jones, Mrs. Earl Terry and Mrs. Rudolf Schwarze. The officers will be announced later.

The group was delighted to have as their speaker, Mrs. Donald Adams of Waterford Township Mrs. Adams spoke on the history of Michigan and Oakland County. Her talk was interesting as well

as educational. Following the meeting dainty refreshments were served from a table attractive with a dark green cloth and a center arrangement of bright red tulips and wrought iron candelabra holding green candles, Mrs. Harry B. Yoh presided at the copper service:

Assisting the hostess were Mrs. Earl Terry and Mrs. Russell Mc-

Dairy Council Has Annual Meeting

Mr. Oscar Webber, Lakefield Farms, was a guest at the Annual Meeting of the Dairy Council of Detroit, held at the Park Shelton, Thursday, May 14.

Dr. Dena Cederquist, Associate Professor of Home Economics Michigan State College, spoke on Sense and Nonsense About Milk".

"Women, more often than Men" stated Dr. Cederquist, "tend to reduce their calorie intakes as they grow older. Research has indicated that even though the calorie needs of the adult woman may decrease with age, her need for other nutrients - protein, minerals and vitamins does not decrease proportionately. It becomes necessary therefore that the selection of food be such that each item in the diet contributes more than the calories. Milk is one food which contributes high quality protein, certain minerals and vitamins as well as calories. It is a food around which an adequate diet for individuals of all ages can be most easily and economically built".

By The Way . . .

In years long past our fore-

day to be set aside to decorate the graves of our nation's soldier dead. Then decoration day, as the day was known, was broadened to a day to remember all of our departed and the day came to be known as Memorial Day. War, instead of being an episode such as the War between the States, Spanish-American, World War I and World War II, is now a continuing process with our boys and and girls spread all over the globe, called one world. Bad as the present conflict now is, it is a sad fact that more people are killed and maimed in traffic in this ing. Perhaps it is well to call the day Memorial Day and include our departed dead - whether. military or not Even as we think of the departed the thought is with us of those who still live in army hospitals throughout the country and will always make those hospitals their home. Let us dwell also with the thought of what happens after a traffic accident where human beings are badly injured. For example the sad case where four out of five girls leaving for the north for a weekend vacation last fall were killed just north of the intersection of M-15 and U S 10. The fifth is still living in a hospital and is very apt to continue to live in a hospital for a long time. Forgetting the pain and suffering the costs are so high that the home town of the young lady is, we have been informed, having beneflits to raise money to pay the expenses, her money having long been exhausted in the fight to live . . . "Sudden death", the term used for auto fatalities is bad. In some respects we could call the flight to live a "Lingering Death". Even after leaving the hospitals many will bear the marks of the accidents to their graves . . . Even as Decoration Day changed to Memorial Day, we must compare military conflicts with traffic accidents. You will, please, pardon us if we wonder as "Poppies are growing in Flander's fields" if Sudden Death and Lingering Deaths are and confusion now observed in ever present in our streets of the Veterans Administration opera-

Makes Survey

Half-day session, a twelve month school program or temporary school housing facilities was the question faced by the Clarkston Citizens Advisory Committee. These problems were the direct result of a 26% enrollment increase since September 1951.

Careful consideration and study were made of the student distribution, available space, teacher pupil ratio and all other materials pertinent to a possible solution to the problem.

Following the study the committee prepared the following recommendations and submitted them to the Board of Education for their consideration. 1. That the rural schools be

reopened for school year 1953-54.

2. That single grades operate in each rural school 3. That the following grades

be placed in the following school: a. Andersonville, 5th.

b. Bailey Lake (2 rooms) 5th and 6th. c. Clarkston Station, 4th.

d. Hunter, 3rd. It is important for the entire school district that we marntain a good educational program. We have always been able to point with pride to our schools and we must not compromise these students opportunity for the future.

Mrs. Arnold Barrett Citizens Committee

NEWS AND COMMENT from

CONGRESSAN GEO. DONDERO VA NEEDLESSLY DELAYS

TB PROGRAM

According to Congressman George A. Dondero, political efforts have been made to have if appear that the Michigan Delegation in Congress has deprived veterans of adequate facilities for treatment of TB at the VA hospital in Dearborn. However, recent events have proved the opposite to be the case.

At a meeting early this month n Senator Ferguson's office. beween Michigan state officials Michigan Members of Congress. and Veterans Administrator Carl R. Gray, the latter promised immediate action to provide at least 362 additional TB beds at Dearborn. This would bring the total up to 452.

"General Gray easily could have taken action without delay", Congressman Dondero said this week, "but instead he merely wrote a letter to Federal Budget Director Joseph M. Dudge, demanding more rvance of a money with which to make the hange-over at Dearborn. Thus he delayed action for another eigh-

teen months. "Presumably the Administrator of Veterans Affairs made the demand for \$640,000 to be used in the hospital bed addition and conversion program in view of the fact Michigan Congressmen voted against an amendment to add \$10,000,000 to the VA appropriation this year.

"But at the meeting in Senator Ferguson's offfice General Gray had admitted that withholding of the \$10,000,000 would in no way affect the veterans hospital program in Michigan. He said at the time that the VA would end the fiscal year, next June 30, with a surplus of approximately \$8,000,000 and the \$10,000,000 would merely have increased the surplus by

much. "On the basis of these facts, it would appear that efforts to make Michigan people believe that Members of Congress from the state have deprived veterans of adequate hospital care constitute nothing less than a political smear.

"In his letter to Budget Director Dodge, the Veterans Administrator conceded that more than 500 Michigan veterans with TB are now being hospitalized at state and local expense, and ninety more are in VA hospitals outside the state. A majority of them come from Wayne and Oakland coun-

"Veterans Administrator Gray told the Budget Director that it is expected a reduction of 538 beds for general medical and surgical cases at the Dearborn hospital, necessitated by the addition of TB beds there, will be compensated for by activation of the new VA hospital at Ann Arbor.

"It is to be hoped", Congressman Dondero concluded, government reorganization plans now in the making presently will put an end to the inadequacies tions"

Citizens' Committee Safe Driving Urged Over Week-End

NUMBER 39

The State Police have forecast the grim warning that if the present trend continues, the Memorial holiday week-end, will mark the beginning of a three-month summer season during which every week-end will record an average of 25 persons killed on the highways.

"Holiday week-ends, which are bad enough, will be no worse than other week-ends for the same time period," said Commissioner Joseph A. Childs.

"Memorial day week-ends are usually the forerunner of what is to follow and last year there were 25 persons killed during this period. But this was a four-day stretch, and on the basis of what has been happening on the highways we can expect an average of 25 deaths each three-day weekend, whether it's a holiday or not."

Figuring Friday, Saturday and Sunday as the week-end, records compiled by the State Police show that in 1949 an average of 5.5 persons were killed each of these days during June, July and August. This increased to 6.1 in 1950, 6.9 in 1951 and 7.4 in 1952. The average number killed on the remaining days of the week was 2.6 in 1949, 3.6 in 1950, 3.8 in 1951 and 3.7 in 1952.

Last year 59.8 per cent of all the trafffic deaths during the summer months occurred over the week-ends, with an average of 22.6 deaths each week-end. At the rate of increase shown in the last four years it is feared this figure may now reach 25.

Traffic shows a sharp gain in the summer and last year jumped to 72,000,000 miles driven each

day in Michigan. Childs said intensified highway patrol coverage will be ordered over the Memorial holiday, but he added that the answer to the accident problem lies with motorsts. He cautioned particularly about excessive speed, which is the No. 1 killer, disregard of signs and signals, driving on the wrong side of the road, failure to yield right-df-way, improper passing and driving under the influence of

alcohol. "Make certain your car is in good operating condition," Childs said. "Start your holiday trip early enough so that you can reach your destination without driving too fast, and don't relax in observing the rules of the road.

Citizens' League **Meets Tonight**

Be alive on Monday."

Advocates and opponents of cooperative community solution of problems of sewer, water, garbage disposal, school and flinancing will have an opportunity to air their views at a public mass meeting, to be held in the Birmingham Community House Thursday, May 28 at 8 p. m. under sponsorship

the Oakland Citizens League. With interest in creation of a Detroit metropolitan authority to handle such problems increasing daily, the effect on Oakland County of participating in the plan has not yet been fully explored. The mass meeting will bring together a panel of men who have made close study of phases of the over-all program.

T. Ledyard Blakeman, Wing

Lake, executive director of the Detroit Metropolitan Area Plan Commission, will act as moderator at the meeting. Morton Hilbert. Wayne County Department of Health, will discuss mutual sewage problems. Mayor V. E. Horn, of Royal Oak, will speak on water supply problems; Donald H. Oakes, Berkley city manager, will discuss garbage disposal; Louis H. Schimmel, Pontiac, of the Michigan Municipal Advisory Council, will talk on public filnancing and school problems; and George N. Skrubb, Pontiac, director of the Oakland County Plan Commission, will speak on areawide planning. "No one community can solve

problems of this type alone," Joseph R. Savery, Ferndale, president of the Oakland Citizens League, said, "Oakland County's rapid increase in population has created problems no single municipality can handle by itself. Perhaps we should do something on a county basis alone; perhaps we should join with Wayne, Oakland, Washtenaw and Macomb Counties in an Area-wide program. We want to learn what this is all about. The mass meeting is open to the public and invitations have been extended to governmental officials throughout the areas affected."

Proceeding the discussion the annual meeting of the Oakland Citizens League will be held, including election of directors.

grades. This group sang a number of selections including "The Desert Song" and two songs from South Pacific, "Some Enchanted

Evening" and "Bali High". Sandra Wampfler sang the very beautiful "All the Things You Are", and Jo Anne Chatfield played a piano selection, "I Believe". This part of the program was under the direction of Miss Marilyn Wright.

The High School Band presented the second part of the program. The band under the direction of William Janton played many difficult numbers and played these very well. We were indeed surprised at the size of the band. It now includes 41/ fine musicians as compared to 26 last year. Three of the graduating seniors presented solos. Bill Sutton played a cornet solo, "My Regards" and John Bennett played a clarinet solo, "Interlude". Jeanette Norton played "Marimba Capers" by Caneva on her marimba.

The whole program was enjoyed and was well attended.

MANY STUDENTS EARN B" AVERAGES

A number of Clarkston students earned a "B" average during the second marking period of this

Looking at the class records we see that the seniors had the greatest number of honor students with 24, while the seventh grade scored close second with 21 students Vines.

The \$1,000,000 three-story Kresge Science Library, first Wayne University structure to be financed by private philanthropy, was opened to the public in May dedication ceremonles. Taking part in the program was Stanley S. Kresge, representing the Kresge Foundation which provided funds for the building. The library will provide Detroit with one of the world's outstanding centers for scientific study and research. The 723,000 cubic feet in the building wil' old over 126,000 volumes. more than 20,000 entries submitted by Michigan citizens in a contest to select a suitable motto to advertise the state's attractions on

automobile license plates. Cleary said the slogan will go on the 1954 license plates which

will go on sale next December 1. "I think it is a grand slogan", Cleary said, "Michigan has 11,037 lakes and 3,000 miles of shoreline, and the judges' selection could have been no more appropriate. In addition to advertising our tourist attractions, the word 'Wonderland' embraces our tremendous agriculture and industrial development. I know of no state that is more of a 'Wonderland' than is

The winning slogan was submitted by 61 persons who entered the contest. Each will receive a centificate from the Department of State centifying that he or she submitted the winning slogan.

All of the winners are invited to a luncheon in Lansing today, May 28, when a drawing will be held to determine who will receive the one-week expense-paid vacation at Mackinac Island offered as a grand prize by the Michigan Tourist Council and the Mackinac Island Grand Hotel.

The Grist Mill

By Ed Alchin County Agricultural Agent ERTILIZER ON CORN

Over the years the controversy as to whether or not to fertilize corn has been a big bone of contention to many farmers. For years many farmers have used fertilizer on corn and have reported excellent results. Experiment station scientists have said that fertilizer on corn will not pay when corn is in its proper place in the rotation.

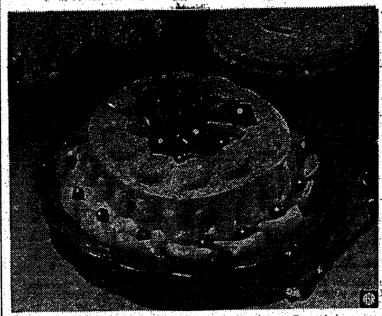

This is the way we look at this controversial subject: Over a rotational period of time, four or five years, a rotation such as oats, hay, followed by corn, will require 700 to 1000 lbs, of fertilizer over the four or five years for the best, efficient growth and to lower the costs per bushel or ton of the crop grown.

Flarmers who have not reported sucess in using fertilizers on corn are undoubtedly those where not enough fentilizers were applied to other crops in the rotation. To realize the goal of 700 to 1000 lbs. of fentilizer per acre in each rotation period of four to five years, we have been recommending the use of 400 to 500 lbs on small grain, topdressing the hay crop, especially legume, with 200 lbs of superphosphate and using 150 to 250 lbs of fentilizer on corn. To-1000 lbs on other crops in the roquired amount of fentilizer which would be removed from the field by a corn, oat, hay rotation.

So the answer would be then, if you are not getting 700 to 1000 lbs every four or five years on each acre of crop land in such a rotation, then use fertilizers on corn. If you are applying 700 to

Bavarian Cream Glorifles Pruits

The Christon Native Christoff Michigan

Let one of the most beautiful of food creations, a Bavarian cream, give sumptiousness to fruits at dessert time. This classic starts as a custard base into which whipped cream is folded. Then unflavored gelatine captures and molds the light, oh-so-smooth texture.

If you do not wish to use a fancy mold for the Bavarian, chill it in sherbet glasses which can go direct to the table. Or chill the dessert in a bowl, and spoon portions into individual serving dishes. The fruit garnish for this velvety custard can be fresh, canned or frozen. Sliced or crushed strawberries, a compote of fruit heightened with rum flavoring, a medley of citrus fruits... all gain glory with this gelatine delight.

Bavarian Fruit Dessert 1 envelope unflavored gelatine cup sugar, divided

2 eggs, separated teaspoon vanilla 1 cup heavy cream, whipped Fruits for garnish

as shown by said petition.

• IN BUYER PREFERENCE! Again this year-as in every single post-war year-more people are buying Chevrolets than any other car. For the first 3 months alone, Chevrolet is over 20% ahead of the second-choice car. Nearly 2 million more people now drive Chevrolets than any other make.

• IN THE NEW THINGS YOU WANT! New Fisher Body styling. New high-compression power with a new 115-h.p. "Blue-Flame" engine in Powerglide* models-and an advanced 108-h.p. "Thrift-King" engine in gearshift models. New Power Steering to make MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CARI driving easier and safer than ever before (optional at extra cost).

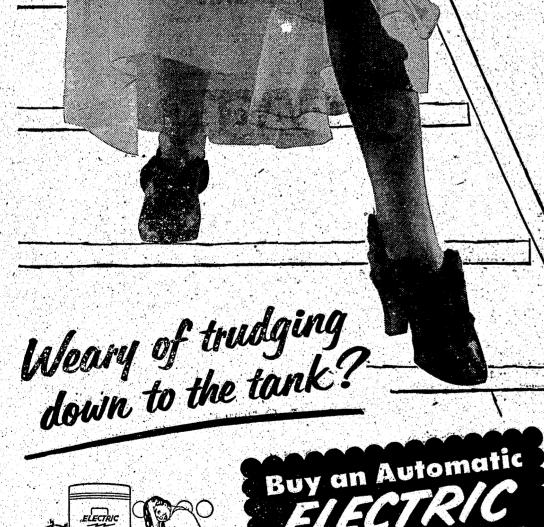

• IN NO-SHIFT DRIVING! With an entirely new Powerglide, Chevrolet's farther ahead than ever in automatic driving. And you get far better gasoline mileage, tool

● IN ECONOMY AND VALUE! Important new savings on gasoline! Lower over-all costs of operation and upkeep! And, again, it's the lowest-priced line in its field. Come in and let us demonstrate.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost

FIRST CHURCH OF CHRIST. SCIENTIST

71 S. Washington, Oxford Sunday School 11:00 A. M. Sunday Service 11:00 A. M. Wednesday Evening Service 8:00 Reading Room at rear of Church, open Wednesday from 2 to 4 and 7 to 8 P. M.

That hypnotism or mesmerism has no part in the healing method of Christian Science is clearly shown in the Lesson-Sermon entitled, " Ancient and Modern Necromancy, alias, Mesmerism and Hypnotism, Denounced" to be read in all Christian Science churches on Sunday May 31.

The Golden Text is from Jonah (2:8.9): "They that observe lying. vanities forsake their own mercy. . Salvation is of the Lord." Among the Bible citations is his passage, (Ps. 43:5): "Why art

thou cast down. O my soul? and

why are thou disquieted within

me? hope in God: for I shall yet praise him, who is the health of my countenance, and my God." Correlative passages from Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The Christian Scientis demonstrates that divine Mind heals, while the hypnotist dispossesses the patient of his individuality in order to control him.

TETANUS SHOTS HELP YOU AVOID

Death is a sure thing for two out of the average five Michigan persons who get lockjaw each year, says a University of Michigan physician.

But both illness and death from the disease can be avoided by getting tetanus antitoxin shots if you have never had the shots and toxoid booster injections if you have had the first shot, states Dr. Milton F. Bryant of the U-M Medical School. The first shot does not immunize for life and should be repeated when your doctor advises, he says.

The shots are strictly for prevention and are of almost no value if given after lockjaw has been contracted. Virtually all persons who have tetanus shots are immune to the disease, which can develop from a trivial wound or injury, Dr. Bryant indicates.

Some 60 per cent of lockjaw cases are children under 14. But as the disease is no respecter of age, shots should be given to any person who never has had

HEALTH FACTS

Mental illness is one of the most important of today's health problems. One out of every 12 children born this year will have severe mental illness some time during his life requiring treatment. in a mental hospital

Michigan now has approximately 30,000 known mental patients in hospitals. Cost of mental treatment is tremendous—patients hospitalized this year for the first time will lose about \$1,750,000,000 they would have earned.

This cost, plus the equally tremendous cost of treatment, plus untold miseries and heart breaks are doubly tragic, so much of it could be prevented. The Michigan Society for Mental tlealth is organized to do everything possible to reduce the toll of mental

Appreciation

We wish to thank our friends, neighbors and relatives for the many acts of kindness shown us during Mr. Beemer's sickness, and special thanks to Mrs. Douglas for staying with us in our great

Mr. and Mrs. John Beemer

NATIONAL PRESS BUILDING WASHINGTON D C.

By Anne Goode

Sheer, sheer 12-denier nylon are making stocking fashion news Gossamer-like you can hardly see them, yet they're as closely knit as some of the heavier ones You'll love them for spring and summe sandal-type shoes

This time of year broiled chicken fresh spring peas and little nev potatoes are at their best My fa vorite way to prepare the chicken is to brush it generously and frequently while broiling with this mixture Melt three tablespoons vitaminized margarine, add juice of 1/2 lemon and 2 tablespoons chop

ped fresh parsley, salt and pepper Try caper mayonnaise on your next salmon salad Gives a Sunday special flavor you'll like Here's how Add 2 tablespoons of the juice in the caper bottle to a cup of real mayonnaise Mix mayonnaise with flaked salmon and other salad ingredients Serve additional caper mayonnaise over salad and garnish with capers.

Looking ahead to vacation time as you collect new summer frocks remember that light weight, easy to-care for fabrics such as the syn thetics, pure silk, jersey and sheer wools are easiest to travel with Two basic colors with a third for accent simplify the number of ac-cessories needed

Yellow will be a very popular color this summer And it's just possible that you have a last year's frock in a light pastel that can be stripped of its color with a good color remover then converted into a sunny, fresh yellow with an all-purpose dye that works on all types of fabrics.

FLAVOR OF THE MONTH
