Localites Saddened **By Flint Tornado**

The tornado that caused so much destruction in the Flint area not only caused grief and destitution to many there but touched the hearts of relatives and friends all over the nation.

Today Mr. and Mrs. Tom Corkin of Waterford are grief-stricken because of the death of her brother, Herschel Tuttle; his wife Martha, and three of their children. Their home was leveled so that nothing can be salvaged. By all appearances they were trying to make an escape from the onslaught of the terrific wind benition in the car was turned on. However the wind must have struck before they could get away from their yard. Their 18 year old son, who just graduated from high school last Thursday, had been out for a ride and just got near his home when the blast came. Luckily he was out of its course. His 15 year old sister was taken to a hospital in a serious condifion. He has a married sister who lives in Flint but not in the strick-

D. A. R. Chapter **Host At Picnic**

The annual Oakland County Daughters of the American Revolution picnic was held recently at Avon Park, Rochester, with General Richardson chapter as host. The Clarkston Rotary Club, on Monday, June 22nd, will have its thirteenth Annual Ladies' Night Dinner Meeting. This will be at

distance north of M-59, at Waldenwoods Club House, a beautiful early American type mansion containing a large dining room suitable for two hundred or more. The background of this room is an old fashioned, stone fireplace. Situated as it is on the shores of Lake Brophy, in a woods setting, it is a delightful place for such meeting.

The committee, headed by C. H. Lippingott with R. L. Jones and Charles Rockwell, has planned well for the entertainment of the members and their guests.

The principal speaker, will be Mrs. Lucy Corbett, a well known columnist, lecturer, household editor and TV performer, who has led an extraordinary life. Starting out as a young housewife, she and her husband, Sid, were faced with a wheelchair existence for Sid some twenty years ago.

A young General Motors executive, he was stricken in the midst of an active life and spent five years in the hospital. Lucy and he have worked out, together, a life that is full of food, fun, friends and philosophy. They have written and published together three books-"Pot Shots From A Grosse Ile Kitchen"; "Long Windows", Harper Brothers; and "French Cooking In Old Detroit Since 1701", Wayne University Press.

For the past eight years they have collaborated on a column in The Detroit News, "Pot Shots From A Grosse He Kitchen" Since much of their activities circle about food, Lucy has found it natural to do food commercials for Hygrade on the Auntie Dee Show. Recently she took over the editorship of the household page of the Wyandotte News-Herald and is still holding down her job as police reporter for that paper.

Her ideas on food, homemaking and life in general are stimulating and original. She is in great demand as a speaker and as she says: I love to talk anyway and to share our philosophy with fine people is a treat."

Every member is urged to se cure their tickets for themselves and their guests from R. L. Jones

Norman Roth, a member of the Waterford-Drayton Rotary Club presented slides, in color, of the recent trip he and Mrs. Roth took to Hawaii. It might be said that the pictures were in three demensions, and as usual with Norm's pictures, were inter and beautiful. The meeting was held on Monday at the Communty Center. Dinner was served by a committee of Rotary members

Local Scouts At Weekend Camp

High winds and drenching rain failed to dim the spirits of more than 500 Scouts and leaders of the Ottawa and Manito Districts the Highland Recreation Area last week-end. Most of the units pitched their camp in the driving rain storm Friday night, and it is no small tribute to their abilities as campers that most of them ate hot meals and all slept warm and dry Friday night. Clearing weather Saturday and Sunday gave ample opportunity for all equipment and tentage to be thoroughly dry before breaking camp Sunday afternoon.

In addition to this unscheduled test of camping ability, Scouts participated in an adventure trail consisting of competition in nine different Scout skills on Saturday morning, and enjoyed a well-supervised swim Saturday afternoon at Teeple Lake beach.

Highlights of the evening program were a Court of Honor, climaxed by the award of an Eagle Scout badge to Scout Charles Potter of Troop 36, Westacres, followed by a Council Fire held in the natural bowl at the camparea, Both Count of Honor and Campdire programs were under the direction of William Paschar, chairman of the Manito District. Virgil Dodd, Scoutmaster of Troop 36 made the Eagle award. More than 250 individual awards were presented at the Court of Honor n recognition of advancement made by Scouts during the past tree months.

Sunday morning, transportation to Milford for Mass for the Catholic Scouts was provided by the Scout leaders while Protestant Scouts held religious services on l the grounds under the direction of Rev. Ritchey of the First Presbyterian Church, Milford.

Troop 49, 105, 133 of Clarkston, Sashabaw Plains, Andersonville received the following ratings on the overall ability by the judges at the Camporee based on leadership, Scout Spirit, Scoutcraft: Troop 49 - AAA; Troop 105 AAA; Troop 133 - ABB. Robert Skellenger of Novi was

Word Comes From Byron T. Miller

CLARKSTON, MICHIGAN, THURSDAY, JUNE 11, 1953

Many in Clarkston have been wondering where Byron T. Miller is living and this week a letter comes to his grandmother, Mrs. Waldenwoods on M-23, a short as they held their Camporee at Byron T. Beardslee, which might be interesting to Byron's many friends here. He says: "I have just started on a new job. It is quite a terrific one, with lots of opportunities. As of now I am a technical writer for the Engineering Deparkment at Republic Aviation Conporation. This job consists of writing technical publications, booklets, correspondence and required reports by the government. It is quite interesting, with each day bringing something new aboard."

Another little interesting "bit" in his letter was the fact that his wife. Ruth, had just put on an Ant Festival in New York, He says: "This is the first attempt at an Amateur Ant Festival by her Company and all fingers were crossed. It ran for a week in the Armory in New York, and as the doors closed and tabs added up it was a tremendous success. After seeing Ruth in action, during the week, I was amazed at the job she did and can only know for certain that something big is hers in the future."

The letter certainly indicates that Byron and his wife are two very busy people.

Home Makers Camp At Hartland

Home demonstration members of Lapeer and Oakland counties held their camp June 8 and 9. This camp sponsored by the home demonstration agents Mrs. Dorothy Pohl from Lapeer and Mrs. Josephine Lawyer of Pontiac was planned for over 100 demonstration members. This camp was held at Hantland and began with registration at 9 o'clock Monday and ended after recreation, Tuesday evening.

Camp activities included the teaching of copper tooling, devotional services, and recreational activities. Mr. Ray Lamb, 4-H club agent in Jackson County was present on Monday evening to lead the recreation. On Tuesday Mr. Arden Peterson, recreation specialist in the 4-H club department at Michigan State College led the recreation.

Those campers taking the crafts finished either a copper tooled picture or a copper tooled planter. Lapeer county was responsible Monday for some recreation and the devotianal service while Oakand county took these responsiblities on Tuesday. The theme developed during the day on Monday was "Better World Understand ing". The theme discussed Tuesday was "Citizenship".

Representing Oakland county were home demonstration members from many groups including the Clarkston group.

Michigan Bell Asks Rate Increase

The Michigan Bell Telephone Company has asked for a general rate increase throughout its territory which would boost charges for residence service from 1 to

3 cents a day in Clarkston. In its application with the Public Service Commission at Lansing, the company also asked that individual-line business service rings heard by rural users, conrates be raised about 9 cents a

The company asked for no increase in long-distance rates. Under the proposed schedules, monthly rates in Clarkston would

be increased	as follows:

ager here for Michigan Bell, termed the proposed rate increase 'essential if we are to continue to maintain a high-quality service." He emphasized that "even with the proposed increase, telephone service still would be a

bargain." Pointing up the company's progress in expanding and improving telephone service here, Novak said that Clarkston customers can now call 41,500 telephones on a local call basis, compared with 550 in 1946.

"This increase in the number of telephones subscribers can reach on a local basis has been due largely to the inauguration of extended-area service — a service of particular benefit to rural users because it provides toll - free access to their trading centers.

"Between 1946 and 1952, Michigan Bell spent \$20,000,000 to expand and improve service in rural all-time high."

Polio Training

Plans for the third annual training course for Polio Emergency Volunteers got underway his week. The group will help cope with any outbreaks of infantile paralysis in Oakland County this summer, it was announced by Mrs. James Lillie of Farmingon, P. E. V. chairman for the local chapter of the National

Foundation for Infantile Paralysis. "Whenever polio strikes," Mrs. Lillie said, "one of the most pressing problems is to obtain enough hands to assist in caring for victims. To help solve this need, Polio Emergency Volunteers will be recruited and trained well in advance to ease the burden of professional personnel in case of emergencies."

Members will undergo a short out intensive training course beginning June 22 at St. Joseph's Mercy Hospital, Pontiac. Medical staff members will instruct in many non-technical tasks of bedside nursing and polio care.

Assisting Mrs. Lillie as secretary is Mrs. Arnold Hillerman, of Pontiac. Also attending the plannng meeting were Mrs. Erwin Bell, Royal Oak, chairman of Women's Activities in South Oakland County; Mrs. Richard Paschke, Commerce, Pontiac chairman of Women's Activities and Mrs. Ruth Parshall, executive secretary of the Oakland County chapter.

Approval of the course was given by Sister Mary Phillipa, St. Joseph's Mercy Hospital administrator and Dr. Harold R. Roehm, polio committee chairman. Other hospital personnel, aiding are Sister Mary Janice, RN; Sister Mary Rosella, RN; Marie Hickey, RN, nursing service director; Dorothy Williams, RN; and Jeanne Ryskamp, physical therapist.

American Red Cross units are also cooperating. Mrs. Edward Rothman of Birmingham, chairman of nurses aides, and Mrs. H. Rodriquez, Royal Oak, chairman of nurse recruitment attended. telephones, reduced the number of lines with more than eight stations from 44 per cent to 7 per cent, reduced the number of verted 12,000 'crank-type' magneto instruments to dial or 'liftthe-receiver' type operation, inaugurated extended-area service in about 200 exchanges, and are now serving about 76 telephones per 100 rural establishments compared with approximately 60 in 1946. In addition, dial service has been inaugurated in scores of

exchanges." Novak cited an increase of 90 per cent in the overall cost of living since 1940 in contrast with an increase of only 27 per cent in revenues from Michigan Bell rate increases.

He said that 'if the price of other products had gone up no more than that of Michigan Bell service, coffee today could be bought for only 27 cents a pound and the lowest-priced popular automobile for less than \$1,000.

"One substantial element of our costs is our wage bill. General wage increases, alone, have amounted to \$1.50 for every \$1 of rate increases in the same period. During that period wage costs per telephone per month have jumped ffrom \$1.54 to \$3.39. Further, taxes paid by the company per telephone have increased from 82 cents to \$1.26 a

month. "In total, costs per telephone per month are now \$6.45, as igainst \$3.86 in 1940.

"As a result of this lag in the price of our service behind the increased costs of providing it, our earnings are about a third. of the rate of earnings of outside industry during a period when business activity has been at an

Two weeks of Vacation Bible School are planned for Christ Lutheran Church beginning July 6th and continuing through July 17. There will be a varied program of music, recreation, handwork, study and worship for chil-

dren between the ages of 4 and 14. A number of volunteers as teachers, helpers and assistants are needed. Also volunteers for transportation. Anyone able to nelp may contact Rev. Anderson. The Rev. Wright Van Plew,

pastor of the Waterford Communty Church, gave the Baccalaureate message for the nearly 200 seniors at the Waterford Township High School Sunday evening. The Township High School Orchestra under the direction of James Vandersall played the prelude, processional and recessional music. Gary Waltz, soloist chose "The Lord's Prayer" as his selection, accompanied by Elene Wood at the piano. Reverend Richard Smith, assistant to the pastor of the Drayton Plains Presbyterian Church gave the invoca-

tion and benediction. Mr. and Mrs. Arthur Davis were hosts to the members of the Adult Bible Class last week Tuesday at their home when 11 members were present. Mrs. William Granger and Mrs. Isaac Shook assisted. The July meeting will be in the form of a picnic at the home of Mr. and Mrs. Carl Hulett, combined with the meeting of the Ladies Auxiliary of the Waterford community Church.

Vacation Bible School to be held the Waterford Community Church is scheduled for July 6th to 17th. Volunteer teachers, helpers and drivers will be needed and anyone able to serve in these capacities is asked to contact the Pastor of the Church.

School News FOURTH GRADE NEWS

We have been studying about the jungle in geography. We drew

pictures to show how we though it would be in the hot lands. Our books are nearly finished and we are reviewing for the

final exams. FIFTH GRADE NEWS

June 3 the fifth grade went to Henry Ford's museum. We saw the cars that look quite funny beside the cars of today. We saw some old trains that

were very beautiful inside. They had velvet covered seats and had a cappet in the middle of the car. Then we saw Tom Thumb's carriage and it had velvet seats. They showed his picture in the front of the carriage. The picture

was of he and his wife. We also saw a hearse that was drawn by a horse. It was quite beautiful but the children said they wouldn't like to ride in it, The fifth grade would like to thank the mothers who drove. The mothers were: Mrs. Kelley, Mrs. Spohn, Mrs. Stewart, Mrs. Hutchins, Mrs. Snover, Mrs. Bennett Mrs. Mansfield, Miss Sharpe was also one of the drivers. Prudence Hutchins

NINTH GRADE NEWS

Miss Stites' 9th grade civics class conducted a mock trial during their class time last week. The students wrote up details of a case. Then the class voted that they would like to use the case written by Geraldine Rowe, Barbara Jones and Evanell Pyle. Gary Robertson was elected judge while Jim Napierski acted as bailiff and Darrell Blackett was the

Kay Robinson was elected as defense attorney for the defendant, Barbara Jones and Tim Mortimore was the district attorney. The rest of the class members acted either as witnesses or as members of the jury.

This assignment was a very interesting and a very educational one for all of the class.

SENIOR TRIP

On Wednesday, May 27, at 12:00 noon the Clarkston Seniors rushed their baggage to the school's side entrance to board a Rochester bus. Three quarters of an hour later it came and they, like sardines, rode merrily to Detroit Union Station where they waited several hours for their train to leave for Washington, D. C. For dinner we had apple pie and ham. Everyone went to sleep about nine and got up again at nine-o-five.

walk and eat soup in a careening car and how much fun it is to ask Mr. Heimburger if he is asleep until he answers.

We reached Washington next morning at 7:30 and stumbled to our rooms, fell on the nice, soft beds and then were dragged down to a bus. We toured the capital, the Supreme Court, and Library of Congress. After a lunch of ham and apple pie, we took another tour and came back about 5:00. For supper we had pork chops and apple pie. The evening was free and some of the less rugged fell into a stupor at the hotel and rested all evening. A bunch took a trolley to Glen Echo, an amusement park with a mad rollercoaster. Three of the girls innocently stepped into the ball-room there and were flung madly about in a square dance wearing high heels. We partied all night and toured all next day with the atternoon off for whatever. For lunch we had soup and apple pie and for dinner we had all kinds of things because we all dressed up and flocked to the Royal Casino in a parade. After eating, we enjoyed a spectacular (?) floor-show and then some went dancing, some to a play, "The Four Poster", and several took a moonlight cruise similar to the trip to Bob-Lo at Detroit, Homer and Jethro were living it up and all five decks were massed with people -- men -- marines! We all got plenty of sleep, about three hours. Danny Curry got all tied up in his bed which was heaped with pillows and cov-We moved around in a fog Saturday morning. We got up, had bacon and eggs for breakfast, as we had every morning on the trip, packed our bags, and went on another tour which some people slept through. We went through a zoo, saw some beautiful homes, the Jefferson Memorial, the Unknown Soldier's tomb, Lincoln Memorial and while we passed through Mount Vernon, our beau-

flocked into the house. It was a case of smothering or drowning so we ran out into the rain which woke us all up. The girls really went through the test. Now everyone knows. Everyone knows whose hair is naturally curly, Pat Tisch, who looked cute anyway. We caught the train about 3:00 and Zane P. desented us again for the girl in the next car. Everyone was tired and the boys slept in one end of the car and the girls did too. We landed at 8:15 and a school bus brought us home. Next time someone wants to go somewhere and wants somebody

STRAWBERRIES Probably some of you are already picking ripe strawberries. It may seem a little far fetched now, but a week of real dry weather would cut the crop short and irrigation will be needed to keep the crop coming on. On the west side of the state irrigation water has already been applied to strawberries because of dry soil. Lst year, the crop was cut in half because of dry weather duning the latter part of the picking season. If you have irrigation facilities, keep close watch on your soil moisture.

SPRING CANKER WORM

Just about everybody that has an ornamental tree or shrubbery have spring canker worms. This year, the worms, if in large enough numbers, will defoliate a tree. There are trees in the county to which this has happened.

Spring canker worm, or sometimes called Measuring Worm, is about one and one-fourth inches long and, in its process of moving, it will loop the center part of its body and pull its hind part forward, thus its name-Measuring Worm.

SOBRAUTERS SOPOWERUE!

Judge Pontiac purely from the stand-point of quality and it's hard to believe that it is actually a low-priced car.

Here's a car so handsomely styled it's one of the most beautiful on the road.

Performance-wise, too, Pontiac will take on all comers. Its big, high-compression engine gives you split-second response in city traffic, lets you cruise at highway speeds with plenty of power to spare and economy, too.

Pontiac is a big car—in fact, no car so big is priced so low. Its long 122-inch wheelbase means road-hugging safety. And inside you'll find Pontiac's big, roomy Body by Fisher gives you plenty of space to relax.

But Pontiac's outstanding feature is its price—a price so low that if you can afford any new car you can afford a Pontiac.

EXTENSION SERVICE NEWS by Mrs. Josephine Lawyer Home Demonstration Agent

"BE READY FOR CANNING"

It's not too soon to begin getting your steam-pressure canner in condition for the coming canning season, reminds Mrs. Josephine Lawyer, Oakland County home demonstration agent.

For safe operation of your canner, you will need to clean the petcock and safety valve openings by drawing a string or narrow strip of cloth through them. Do this at the beginning of the season and often while the canner is in use during the season.

An accurate pressure gauge is iecessary to get the processing emperatures needed to make food reep, advised Mrs. Lawyer. While a weighted gauge needs only to be cleaned thoroughly, a dial gauge, old or new, should be checked before the canning season begins and also during the season if you use the canner often. Ask your dealer about where to get the dial gauge checked. Better still, return the gauge to the mansfacturer for checking.

ash the canner thoroughly, but ion't put the cover in water; wipe t with a soapy cloth and rinse with a damp, clean cloth and dry

For a boiling water-bath canner, my big, clean vessel will do if it is deep enough to have an inch or two of water over the tops of the jars and a little extra space for boiling. It must also have a cover and a rack to keep the jars from touching the bottom. The rack may be made of either wire or wood. It should have partitions if possible, to keep the jars from touching one another or falling against the side of the canner. A

ctive duty with troops Officials announced that 34 new oranches of The Mother Church were established during the year. They included branches in Casaolanca, Morocco; Apeldoorn, the Netherlands, and several in Germany Christian Science lecturers toured many parts of the world, including Korea.

New translations of certain of the writings of Mary Baker Eddy, the Discoverer and Founder of Christian Science, into Swedish, Dutch, Greek and Russian, were announced by the Trustees under her Will, who reported a year of 'outstanding activity''.
