CLARKSTON, MICHIGAN, THURSDAY, JUNE 25, 1953

Plans Completed For July Fourth

Frank Ronk and his committee of firefighters have the program for July Fourth in Clarkston already lined up. What they need now is the hearty cooperation of everyone in the district.

The day will start with a parade at 10:00 A. M., which will assemble at Miller Road and N. Main Street. Young and old are urged to participate in this event. It's fun to "dress up" — fun for you as well as the onlookers. Make this event as colorful as possible. Wear a comic costume, characterize someone, or rig up in something original. Just get in line and start the day in a community way.

There will also be water events and field events. After dusk the crowd will gather on the grounds at the Clarkston High School for a very fine display of fireworks. To climax the day a street dance will be held on W. Washington. Everyone is invited to enjoy this part of the program.

The day will be one of merry-making and at home with your neighbors and friends will be a good, safe place to be when the main highways are congested with traffic.

Clarkston Locals

Mr. and Mrs. Leo Erickson and three sons of S. Main St., spent a few days this week on the shores of Lake Huron.

Mr. and Mrs. George N. Hills are now in their home on Holcomb Street. They came from Ann Arbor about a week and a half ago. Mr. Hills is now employed in Kennedy's Barber Shop.

Mr. and Mrs. Ronald Touscany and family of Pontiac moved into the former Ainsley home on Middle Lake Drive on Saturday.

Mr. and Mrs. Glenn Howland left last Friday on a trip to the west coast. They intend to stop at all points of interest along the way.

Nursery School To Have Picnic

The Deer Lake Farm Nursery School will close on June 26th with a swimming party and a picnic at the home of Mrs. R. Lloyd Walker in Drayton Plains. The mothers are invited.

During July and August the school will operate a "Play School" on Tuesdays and Thursdays.

When Day's Begun

The perfect time for the earth in tune
When life's symphonic lyric plays,
Is a morning fair in a day in June
As the sun extends its warming rays.
All of life begins on earth anew
And the ones that fly take off on wing,
There's much for them in a day to do
But the grateful ones take time to sing.
That all could only sit here as I
In the morning sun, by towering trees,
To feel the place in the cloudless sky
And be refreshed by the morning breeze.
That bird that's swaying on yonder limb
Has a son I've never heard before,
It seems the day has enchanted him
And loosed all the song he had in store.
Just now I hear the drone of a bee
As he busily starts to ply his trade,
But he scarcely takes a note of me
For this is the time that honey's made.
There's much to be said when day is done
When all of the earth is put to rest,
But let me live when the day's begun
For then all the world is at its best.

Rotarians Hold Ladies' Night

On Monday evening the Clarkston Rotary Club met at Waldenwoods near Harland. Their wives were their guests. Other guests were Mr. and Mrs. A. E. Hawke, Mr. and Mrs. Norman Roth, A. C. and Mrs. Harold Goyette, Susan Snader, Mr. and Mrs. Robert Phillips, and an aunt of the guest speaker, Mrs. Lucy Corbett.

A delicious dinner was served at tables attractive with arrangements of garden flowers. The invocation was given by the Reverend Robert M. Atkins.

A following dinner group singing was led by Robert L. Jones with Charles Robinson at the piano. E. D. Rummings, president of the club, introduced the master of ceremonies, Lloyd C. Megee, Past District Governor, who in turn introduced the guests and the Rotary officers for 1953-54.

The guest speaker was Mrs. Lucy Corbett, a well known columnist, lecturer, household editor and TV performer. Mrs. Corbett used as her theme "Silver Linings". She stressed the idea that if the people in this country and every country would do more sharing peace would be more likely. She told how she and her husband started writing books and what prompted them to do so.

William Burns presented Mr. Rummings with a past president's pin and in his response Mr. Rummings thanked the Rotarians for their cooperation during the year and announced a picnic for the Rotarians and their sons at his farm next Monday evening.

Obituary

Kenneth D. Lumm

The funeral service for Kenneth D. Lumm, 7, was held on Wednesday morning at ten o'clock at the Sharpe Funeral Home. The Reverend General Halk officiated. Burial was in Lakeview cemetery.

Kenneth was accidentally killed last Saturday, June 20. He was struck by a car when he ran into the street after a baseball.

He was born May 23, 1946, in Pontiac, the son of Mr. and Mrs. Harold Lumm of 6210 Shappie Road. He attended the Clarkston School and was in the first grade.

He is survived by his parents; two sisters, Marjorie and Carol Ann; four brothers, Harold, Jimmie, Gary and Michael; his grandparents, Mrs. George Lumm, of Clarkston and Mr. and Mrs. William H. Pyke of Pontiac.

Clarkston Local

Miss Olive Smith of Ann Arbor was a guest at the Walter Barrows' home recently. She was here to attend Ann's graduation from the Clarkston High School on the evening of June 15th. Ann is planning to attend the School of Commerce at Tri-State University in Angola, Indiana, in the fall.

Leak-Stormer Rites Read Sunday

St. John's Episcopal Church in Mt. Pleasant was the scene of a very lovely, small wedding last Sunday, uniting Miss Sally Stormer, daughter of Mrs. Patrick Bourke, of Mt. Pleasant, and David Leak, son of Mr. and Mrs. Keith Leak of Clarkston.

The bride was gowned in white lace and tulle, with a finger-tip, illusion veil. She carried an arrangement of carnations, gardenias and stephanotis.

White French gongandi, ballerina length gowns with yellow sashes were worn by the attendants. They carried yellow daisies and Jarkspur. The matron of honor was Mrs. George Vantepps of Albion and the bridesmaid was Carolyn Yoder of Clarkston, a cousin of the bridegroom.

James Huttenlocher of Clarkston assisted Mr. Leak as best man and seating the guests were Lanny Leak, the bridegroom's brother and Richard Huttenlocher, both of Clarkston.

A reception in the home of the bride's uncle and aunt, Mr. and Mrs. Howard Renwick, followed the ceremony.

For traveling the bride chose a toast suit with brown accessories.

After a two weeks' honeymoon at Wallon Lake, the young couple will make their home in Albion.

Rotary Officers Meet Today

Meeting today at the Hillcrest Country Club near Mt. Clemens will be all of the incoming presidents and secretaries who will take office July 1, of the forty Rotary Clubs in District 222 Rotary International. It will be an all-day session led by Allen Brander, Governor of the district this year. He will be assisted by the past District Governors, Joseph V. Brady, Fletcher R. Renton, and Lloyd C. Megee together with the Governor Elect, Macey D. Watkins, who will be the governor of the district for the Rotary year beginning July 1. The purpose of this assembly is to acquaint the new officers with their duties in connection with their club activities.

Attending from Clarkston will be Past District Governor, Lloyd C. Megee, President Ed. Rummings, and President Elect Rudolf Schwarze.

Clarkston Locals

The Priscilla Circle of the Methodist W. S. C. S., will have a picnic luncheon on July 1st on the parsonage lawn. Each one will furnish sandwiches and a dish of food to pass and her own table service.

When the "Fair" schedules start arriving in the office the feeling of fall begins to creep in. These announcements of the Fairs came just when the temperature hovered around 100 degrees and by press day the rains came and what a temperature drop.

Local Graduate Gets Scholarship

Winners of the Detroit Edison 50th Anniversary Scholarships at the University of Michigan were announced today by Erich A. Walter, dean of students and chairman of the Committee on University Scholarships.

Funds for these scholarships were made available by the Detroit Edison Company as a part of its 50th Anniversary celebration program. Each of the ten recipients will receive a \$200 scholarship for his freshman year. They were selected from a group of 87 applicants.

The committee considered particularly the academic standing, school and community activities, letters of recommendation, and financial need, in selecting the recipients.

Among the award winners was John Francis Bennett, of 7960 Dixie Highway, John just graduated from the Clarkston High School. He will enter the College of Engineering.

Waterford Club Has Fun Night

The Waterford Township Business and Professional Women's Club held its "Fun Night" on Tuesday at the home of Mrs. Harry Ault in Detroit. There was a splendid attendance and everyone had a good time.

During the evening Mrs. Ault kept the group busy with contests and games in the recreation room.

The refreshments were served at large tables centered with garden flowers.

Mrs. Ault was a most genial hostess and the consensus of the members was that they had had a Fun Night to be remembered.

By The Way . . .

One of life's mysteries is why it is alright for the government to be overly in debt and for an individual to be so tied up to installment payments that he wonders if he will ever see the light and still that same individual will join some lodge or club and "work his head off", as the saying goes, to see that the treasury of that lodge or club is well filled with the coins of the realm. We sometimes wonder what a wonderful country this would be if we applied the same rule to our private lives. . . . A good argument for the discussion for the numerous coffee clubs which meet daily in the different restaurants is how we can have the recession everyone has been looking for for the past few years when 7,000 babies are born every day in these United States of America to increase the market for the goods our factories produce. . . . Waldenwoods, the scene of the Clarkston Rotary Club's Ladies' Night, is a beautiful spot near Harland. Two days later I realized that this was the home of the famous Musicals which Harland produced a few years ago. A number of members were wondering "how come" such a building and accommodations were there, so far from the beaten path. So you have the answer. . . . On passing customs (returning from that "foreign" country to the north of us) and being satisfied that we had brought nothing into the country for which we could be taxed and in fact having brought back only a package of Canadian cigarettes, the customs agent excused us with the question "How can you smoke the things?" . . . Because we should include an item of business of interest to many Herbert Beach, doing business as the Clarkston Coal and Oil Company, announces in an adv., in this issue that his company will now be the distributor of Sunheat Fuel Oil and Blue Sunoco Gasoline. . . . It is of public interest and for that reason we urge all readers to read the Ordinance of the Township of Independence regarding electrical work, electrical contractors, and all matters pertaining to the use of electricity and the appliances therefor to be found on page four of this issue. . . . Another ordinance on the same page doubles the fee if anyone starts excavation for a building without securing a permit before starting the construction. . . . Another week and half of 1953 is history. To you who are planning to go away check your car for safe traveling. To you who are staying home plan to have a good time in Clarkston at the celebration put on annually by the local firefighters. . . . A little boy was saying his go-to-bed prayers in a very low voice. "I can't hear you, dear" his mother whispered. "Wasn't talking to you", said the wee one firmly.

Drivers Urged To 'Check Speed'

"Check Your Speed" is the slogan of a two-months campaign now being started throughout Michigan under the direction of the State Safety Commission.

"Because speed is Public Enemy No. 1 on the highways special emphasis is being given to the effort to convince motorists they should pay more attention to how fast they are going", said State Police Commissioner Joseph A. Childs in announcing the drive on behalf of the commission, of which he is a member.

City and county law enforcement officers, judges, safety organizations and others will be among those participating in the appeal. Press, radio, and television leaflets and posters will carry the slogan and urge drivers to be constantly aware of their personal danger in going too fast for conditions.

"Figures compiled by the State Police show that last year 48 per cent of all violations reported in fatal traffic accidents were for speeding", Childs said. "This was the highest percentage we have ever had and far exceeded any other type of violation."

"It is a matter of concern that although we had fewer accidents in 1952 there were more deaths due largely to the fact that cars hit with greater force because of the speed at which they were travelling. Speed is the main killer and no driver is so good that he can forget the record."

Michigan does not have a specified maximum speed limit except in zones which are specially posted. The law, however, does provide that speed must be controlled at all times according to conditions, such as type of highway, amount of traffic, weather and visibility.

Demand For MSC 'Planners' Grows

A desire by growing American cities and towns for orderly and planned development is steadily increasing the demand for young persons trained in urban planning.

At Michigan State College, the only university in the midwest offering an organized undergraduate curriculum in urban planning, the demand from employers is continuing to exceed the supply of graduates.

Prof. Charles W. Barr, a leader in developing the program at M. S. C., reports that unusual employment opportunities exist in federal, state and local planning agencies and on the staffs of private planning agencies.

"The increasing demand over the years for personnel trained in urban planning has made the field one of growing possibilities for the young graduate", Professor Barr said. Average starting salaries for M. S. C. graduates range from \$4,000 to \$4,500.

The Grist Mill

By Ed Alchin
County Agricultural Agent

GRASS AND CORN

Farmers throughout the county are concerned with the grass condition that they find in many of the corn fields which is probably due to the cool, wet weather we have had during May and June of this year. Cultivation practices should be brought into play for the control program for this grass as quickly as possible. But I would not advise farmers to cultivate corn to the detriment of getting their hay crop up.

The recent rains have delayed the haying on farms and it roughage quality is to be good at all, hay should be made as quickly as possible, even though it may cause a delay of a few days in getting into the corn for cultivation.

REPORT INSECT DAMAGE

Any farmers who observe insects or worms in a great number working on their farms should call the county agricultural agent's office so that steps can be taken to prevent excessive damage. The danger time is now nearly past but army worm has been a plague in states all around Michigan.

GRASS SILAGE

Farmers who make grass silage by direct cut method may be defeating one of big advantages of grass silage—that of getting started in the hay early. Waiting until near maturity to get the proper moisture content for the direct ensiling of hay crops also will cause a poor quality feed. Just remember that hay crop silage is no better than the hay it is made from. Let's think this through carefully before waiting to put up direct cut silage.

'Young Adults To Square Dance

The Y. M. C. A. sponsored 'Young Adults will meet Thursday (tonight) at Brown's Barn in Clarkston. Haan's orchestra will play for dancing from 9 until 11 P. M. Hal Brown will call the squares.

There will be a weiner roast and community singing around the camp fire.

All young adults 20 years of age or older in this community are cordially invited to attend. For further information call Mr. Hemstead at the Y. M. C. A., in Pontiac or phone MA 5-3501.

Summer School At Big Rapids

The first term of Ferris Institute's 69th annual summer school is in full swing, and college officials have announced that the second term of summer work will begin on July 13.

Enrollment in the first term, now in progress, is 220 students, with the largest representation, 76 students, being in the College of Pharmacy. In addition, 25 teachers from rural schools are taking special courses in the Rural Education Workshop, an annual short course enabling non-degree teachers to earn higher teaching certificates.

The student activity program for the summer, under the direction of Donald F. Rankin, Dean of Men at Ferris, includes picnics, outdoor dances on the tennis courts, weekly "coke hours" where faculty and students get better acquainted, outdoor movies, a summer tennis tournament, and other activities.

MSC SLATES FARM CROPS FIELD DAY

The Michigan State College Agricultural Experiment Station has slated a Farm Crops Field Day for Wednesday, July 8, at Michigan State College, East Lansing.

Staff members report that farmers can get a good look at farm crops research during the tours which will be conducted from 1:30 to 4 p. m. The tours start at the Farm Crops Barn, on Mt. Hope Road, a half mile east of Farm Lane and a half mile west of Hagadorn Road—a mile south of the main campus.

Latest developments in wheat, oats and barley varieties in Michigan, surrounding states and Canada will be shown. Varieties include Craig oats and Genesee and Seneca wheat. Specialists will discuss weed control experiments and present recommendations for control of the pests in oats, corn and forage crops.

Also to be shown are varietal trials in alfalfa and sudangrass. The program is being arranged by a committee headed by Milo B. (Mike) Tesar, farm crops researcher.

Church IN THE NEWS

CLARKSTON METHODIST

Rev. Robert M. Atkins, Pastor
9:45 A. M. Church School. William Mansfield, superintendent. Classes for all ages including an adult class with A. E. Butters, teacher.

Adult Discussion Group led by Carmen DelliQuadri. This group meets in the upstairs room in the new addition.

11:00 A. M. Morning Worship. Sermon subject: "Thoughts on being a Member of this Church". Youth Fellowship which meets at 7:00 each Sunday evening will be discontinued through the summer months.

CLARKSTON BAPTIST

Rev. George Halk, Pastor

(continued on page 5)

You Are Invited To Festival

On Saturday evening, June 27th the ladies of the Sashabaw Presbyterian Church will sponsor a Strawberry Festival and Ice Cream Social at the church. Serving will start at 5:30 P. M. There will be no set charge but a free-will offering will be taken.

The public is cordially invited to attend. It would be a grand idea to forget making any dessert at home on Saturday evening. Just eat your dinner and then go to the Sashabaw Presbyterian Church for your favorite dessert — pie ala mode, strawberry shortcake, cake ala mode, strawberry sundae, etc.

Waterford

Marian Emery, daughter of Dr. and Mrs. Ashton Emery, was among the June graduates at Michigan State College. She received her bachelor of Science degree in medical technology. Marian will start her year's internship in laboratory work next week.

Ten members of the Birthday Club met at the home of Mrs. Edwin Hague last Wednesday. The July 15th meeting will be at the home of Mrs. Albert Dryden.

Waterford will be well represented at the annual convention of the Luther League for the Augustana Lutheran Church to be held in Boston, Mass., from July 24th through the 28th. Those who left last Thursday and made a trip to Washington, D. C., and other points of interest before going to Boston are Mr. and Mrs. Howard Peterson, the League Counsellors, and their daughters, Mary and Sally, Mrs. George Carter and her son, David, Roger Stevens, James Wager, Allan Olson, Sandra Williams, Elvera Larson, and Jeannine McCaffrey. The Reverend Arvid E. Anderson and Barbara and Donald Sayles left on Monday to attend the convention. Five thousand youth will be at the convention.

The Luther League met last week and welcomed the newly confirmed youth of the church. This group included Margaret Braun, Gary Collins, Janet Crothers, James Cote, Joanne and Marilyn Gidley, Kay Johnson, Barbara Kenfleck and Shirley Lamberton. Others in this group are Nils Lindstrom, Sally Peterson, Donald Sayles, Mary Witherspoon, Vonda Terry, Patricia Witt, Phyllis Mursu and Adele Limatta. Barbara Sayles and Roger Stevens were also welcomed into the League at last week's meeting by James Wager, League President. The Reverend Arvid E. Anderson conducted the reception ceremony. Sandra Williams favored the group with a piano solo. Also on the program was an interesting talk by David Swanson who talked on "Today's Headlines". David is the son of the Reverend Raymond Swanson of the Flint church who is well known to the Leaguers through his work with them at Bible Camp.

The Board of Education for Waterford Township held its first regular meeting since the annual meeting on June 8, last Thursday evening and Mrs. William Vann was re-elected president of the Board; Edmund Windeler was elected secretary and Elmer Johnson was named treasurer. The Board adopted the calendar for the 1953-54 school year at this time. School will re-open on September 7 and the children will be excused on October 15-16 while the teachers are attending the teachers' institute. The Thanksgiving vacation will be November 26-29; the Christmas vacation from December 24, 1953 to January 3, 1954. January 19 will mark the end of the first semester. The spring vacation will be April 16-30; Decoration Day, May 30 and June 18 will complete the school year.

The children in the community may attend Vacation Bible School at either the Community Church or Christ Lutheran Church from July 6 through the 17th. The classes will be mornings, Monday through Friday, for ten days of music, recreation, handwork, study and worship.

The Reverend Arvid E. Anderson of Christ Lutheran Church was the guest speaker at Ascension Lutheran Church in Pontiac on Sunday morning, Next Sunday, June 28, the Reverend George Garver from the Ascension church will speak in Rev. Anderson's place as Mr. Anderson will not have returned from the Boston convention by that time. Rev. Garver is well known by the Waterford congregation as he filled in here last year while the Andersons were on vacation as well as on other occasions.

(continued on page 5)

Goodwill Truck Here July 7

The Goodwill Industries will have a truck in Clarkston on Tuesday, July 7th. The folks in the area are asked to have their contributions ready for the pickup. Clothes, shoes, furniture, electrical appliances, almost anything that you wish to donate so that the handicapped people will have something to work on will be appreciated. What you call cast-offs really give these handicapped folks employment. If you do not have a card or Goodwill bag call Mrs. Alfred Lee, MAple 5-3381 and she will see that the truck stops at your home.

Hurstalls Move To Ohio

The women employees of the Clarkston State Bank honored Mrs. Duane Hurstall at a farewell dinner at Cromers Restaurant in Flint last Thursday evening. She was presented with a gift.

Mrs. Hurstall and daughters will join Mr. Hurstall in Ohio the middle of July. Their new home is located in Medina, near Cleveland.

Flint Tornado Studied By MSC

A scientific study of the human element in the tornado which struck Flint, Mich., June 8 has been undertaken by two public service agencies of Michigan State College.

The tornado which took more than 100 lives and injured 500 others, will be the greatest single disaster in America which has ever been subjected to such intensive research, according to R. L. Gordon, special consultant from the Disaster Study Project of the National Opinion Research Center.

The study will have two objectives, according to Dr. Charles P. Loomis, director of the Social Research Service at M. S. C. He said these are "the advancement of scientific knowledge about human behavior under catastrophic conditions, and reconstruction of an accurate picture of the work of people and organizations in alleviating the tornado's effects."

The study will be conducted by the Social Research Service under sponsorship of the M. S. C. Continuing Education Service, of which Dr. Edgar Harden is director. The research findings will be made available to the many directly-concerned groups which make use of the on-campus training programs of the Continuing Education Service.

The American Red Cross, the Michigan State Police, the National Civil Defense Administration, the Salvation Army and others have recognized the need for the survey and have requested the study's findings, Dr. Loomis said.

Clarkston Locals

Dr. Luther Gill of Tampa, Fla., was a guest at the home of Mr. and Mrs. Charles O. Lanning over the weekend of June 7th.

The friends of Elmer Hagen will be sorry to learn that he suffered another heart attack last Saturday and is confined to his bed at his home on W. Washington Street.

Mr. and Mrs. Robert L. Klingman are receiving congratulations on the birth of their second child, Judy Lynn, on Thursday, June 18th, at St. Joseph's Mercy hospital in Pontiac. Judy Lynn weighed 8 lbs 13 oz at birth. Her brother, Terry Lee will soon be seven years old. Grandparents are Mrs. Lena Brandenburg of Athens, Ohio and Mr. and Mrs. Forrest Klingman of Six Lakes, Michigan.

Ann Barrows boarded a United Airlines plane on Thursday of last week headed for New Jersey. She will visit Miss Betty Phillips in Long Branch. Her parents Mr. and Mrs. Walter S. Barrows will leave this Thursday for New Jersey where they will pick up Ann and go to Washington, D. C., and other places of interest. They expect to return by way of Niagara Falls. While they are gone Miss Pearl Hollister of Birmingham will stay at the Barrows' home with Mr. Barrows' mother.

HEADS MICHIGAN NURSES

Miss Florence C. Kempf, head of the department of nursing education at Michigan State College, has been elected president of the Michigan State Nurses association for a two-year term.

Miss Kempf, who holds degrees from Ohio State University and Columbia University, joined the M. S. C. staff in 1950 as head of the new four-year program in nursing. The new president of the 7,000 member association has wide experience in the nursing field and is the author of several books and numerous magazine articles about nursing.

Waterford

Mrs. Jack Hall, Correspondent
Phone OR 3-0261

The Women's Club met at the Community Activities Building on Thursday evening and made plans to purchase a new refrigerator and curtains for the newly decorated kitchen at the C. A. I. Building. They plan to serve dinners during the time that the Annual Fair for C. A. I. is in progress on July 17-18-19. They will also serve a dinner on the evening of July 11 for the 1938 graduating class of the Pontiac High School. Thursday hostesses were Mrs. Anna Gesch and Mrs. Jack Hall. Mrs. Gesch had the misfortune to fall at the close of the evening and break a finger as well as receiving other injuries. The hostesses for the July meeting will be Mrs. Gale Grafmiller, Mrs. Franklin Correll and Mrs. LaVerne Myers.

Mrs. Gordon Bryce has received word that her parents, Mr. and Mrs. Harry Coulthurst, arrived safely in California. They recently flew there to attend the graduation of a granddaughter in spite of the fact that Mrs. Coulthurst is confined to a wheel chair.

Mrs. Arthur Haynes is still confined to Pontiac General Hospital.

and will be there for several days yet. She enjoys hearing from her friends.

Mrs. Clayton Eshleman and children, Terry, Kathy Sue and Scotty, are spending a couple of weeks with relatives at Suttons Bay. Mr. Eshleman and son, Ronald, spent the last two weekends there also.

Mr. and Mrs. Charles Robinson left on Wednesday of this week to return to their home in Morion Grove, Ill., after having spent a week here with their son-in-law and daughter, the Reverend and Mrs. Wright VanFlew. Before coming here last week they traveled as far north in Michigan as Copper Harbor.

Mitzie Boss started working for the Oakland County Health Department this Monday and finds it very interesting work. Mitzie is one of the June graduates from the Waterford Township High School and was one of the honor students.

Mr. and Mrs. William Bevan who formerly lived on Rolton Ct., are announcing the birth of a daughter, Patricia Lynn, at St. Joseph's Mercy Hospital in Pontiac on June 17. Bevans have a little son also.

Mrs. James Stites and her daughter, Mrs. Paul Fair with her young son are enjoying a stay at the Stites cabin at Atlanta. Mr. Stites and Mr. Fair spent last weekend there. Another daughter, Patricia Stites, left on Saturday for Mackinac Island where she will again work in one of the hotels.

Jeffrey Lynn Wyckoff, infant son of Mr. and Mrs. Lynn Wyckoff was baptized at Christ Lutheran Church last Sunday. His sponsors were Donna Kay Lamberton and George Grace. A family gathering was held at the home of his grandparents, Mr. and Mrs. A. H. Wyckoff, during the afternoon.

The S. O. S. Club and King's Disciples from the Community Church enjoyed a moonlight cruise on the Detroit river on Monday evening. The cruise is sponsored by the Voice of Christian Youth of Detroit.

Some of the birthdays being observed in Waterford this week are those of Mrs. Earl Schwalm on the 22nd; Mrs. Ainsworth Wyckoff on the 25th; Mr. Albert Mertens will be eighty on the 26th; August H. Jacober and his brother Harold will also be celebrating on the 26th. Mr. and Mrs. August V. Jacober, now in Comins, are celebrating their 49th wedding anniversary on the 25th and Mrs. Jacober will celebrate her birthday on July 1st.

Mrs. Jerry Mejeur expected to return to her home early this week after having been a patient at St. Joseph's Mercy Hospital for over a week.

Jim Beebe was very happy to accept an invitation extended by

Robert Materna last Friday afternoon to spend the weekend at the Materna cabin on Platte Lake near Honor. Mr. Materna and Jim went up Friday evening to join Mrs. Materna and Jack and Judy who had been at the cabin all week.

The quarterly Cheery Churn party will be held at the home of Mrs. John Watchpocket this Friday. Those on the committee are Mrs. Louis Dorman, Mrs. Henri Buck, Mrs. Henry Mehlberg, Mrs. Marcella Medlin and Mrs. Fred Tuck.

Mr. and Mrs. James Lamberton and daughters, Karlene and Kathy Sue spent most of last week at their cabin at Atlanta. On Saturday their daughter, Donna Kay,

who is stationed at Washington, D. C., came home to spend Father's Day with her family. She had to return on Sunday.

Mr. and Mrs. E. C. Saari and daughter, Phyllis, and her children returned to their homes in Minnesota after having spent over a week here with the William Jacobers. They had been here for the graduation of William Jacober, Jr.

Fred Mitchell, who has been ill at the Henry Ford Hospital in Detroit for the past few weeks, is now convalescing at the Pine Knob division at Clarkston for a couple of weeks. He enjoys hearing from his friends.

POWER! PERFORMANCE! AND LOW PRICE!

Drive it and Learn Why Dollar for Dollar You Can't Beat a Pontiac

GENERAL MOTORS LOWEST PRICED EIGHT

Pontiac

When you first sit behind the wheel of a new Pontiac forget its very low cost and concentrate instead on its performance.

Guide it through city traffic and see how its big, high-compression engine gives you amazing get-up-and-go. Then take it out on the open road and feel how it provides surging power on the highway, proof of plenty of power to spare.

Then see how relaxed you are in Pontiac's big, roomy, luxuriously appointed interior,

how remarkably easy Pontiac handles, and how sure-footed it is on any kind of road. Add to all this Pontiac's distinctive beauty and you know you're commanding a car that represents quality through and through.

Now it's time to consider Pontiac's low, low price—so low, in fact, that if you can afford any new car you can afford a Pontiac. We suggest you come in and put Pontiac through its paces. We're sure you'll agree that dollar for dollar you can't beat a Pontiac.

GUARANTEE

All Universal Kitchenware and Dinnerware (including refrigerator pieces) is guaranteed against checking or glaze cracking (commonly known as crazing) or any damage to the glaze or decorative treatment resulting from exposure to either heat or cold. This does not include ware exposed to an open flame or to any direct source of heat. Universal oven-proof kitchenware may safely be transferred directly from a cold refrigerator to a heated oven. Universal oven-proof Kitchenware and Dinnerware is regularly tested for one hour under 150 pounds live steam pressure then immersed in 50 degree water—a test more severe than three years of hard kitchen use.

PRUNING PINES FOR CHRISTMAS
If you're growing pines for Christmas trees, this is a good time to trim them up through the first week of July.
That's a tip from Extension Forester William G. Stump of Michigan State College. Pine trees usually grow too fast and leave too much space between whorls of lateral branches, he says. Pruning will help give a compact tree with the right height.

Next come the lateral branches on the remainder of the tree. Some of these may be growing too rapidly and will have to be pruned in order to give the tree a conical outline. Occasionally, Stump suggests, it may be necessary to remove some old growth in order to shape the tree.
You don't need to worry about pruning spruce and fir trees now, he says. They can be pruned during the dormant season.
Details on pruning can be obtained in a publication called "The

DETROIT EDISON

Some Chevrolet advantages worth considering when you're ready to choose a car...

Next to a new house, a car is probably your most important purchase. Here are some facts to help you make up your mind about which make to buy.

Styling You Can Stay Proud Of
Styling, of course, is a matter of personal taste. Because we think Chevrolet is the best-looking car in its field, doesn't necessarily mean you'll think so, too. But we can tell you that the majority of our showroom visitors prefer Chevrolet styling and compare its appearance most favorably with cars costing a great deal more.
And you might consider this: Chevrolet styling is the newest in its field. It's the kind of styling that stays new, too. For it is based, not on fads or extremes, but on the fundamentals of good, modern design.

The One Automobile Body Almost Everybody Knows
It's not really surprising that so many people prefer Chevrolet's appearance. For Chevrolet is the only low-priced car with Body by Fisher. And Fisher, as you know, is the only automobile

body manufacturer with a world-wide reputation for styling, craftsmanship and quality.

The Many Benefits of High-Compression Power
When you drive a new Chevrolet (and we hope you'll do that soon), you'll notice these things: faster acceleration from a standing start; greater passing ability in traffic and on the highway; the new ease with which you climb steep hills.
These are just some of the benefits of Chevrolet's new high-compression power. In gearshift models, there is an advanced 108-h.p. "Thrift-King" engine with a 7.1 to 1 compression ratio. Teamed with the new Powerglide automatic transmission* is an entirely new 115-h.p. "Blue-Flame" engine with 7.5 to 1 compression ratio. It is the most powerful engine in Chevrolet's field.

A Great Gain in Gasoline Economy
Along with remarkable new performance, Chevrolet's advanced engines give you far greater gasoline mileage. In fact, this year marks the most important gain in economy in Chevrolet history. And that includes sub-

stantial savings on over-all upkeep, as well as on gasoline.

New Getaway in the New Powerglide*
The new Powerglide automatically drops into "Low" range for starting and for passing in city traffic. Then, as you glide along, it slips smoothly and almost imperceptibly into cruising range. The results are much faster and more positive acceleration, and much lower fuel consumption.

The First Power Steering in a Low-Priced Car
This year's Chevrolet is the only car in its field to offer you the extra ease and convenience of Power Steering, optional at extra cost. With it, you can spin the wheel with the strength of one finger. You can see-saw in and out of tight parking places without the slightest strain. You get an additional cushion against road shocks and jars. Driving is easier, safer.

A Smoother and a Safer Ride
Chevrolet is the heaviest low-priced car. Model for model, a Chevrolet will weigh as much as 200 pounds more than the other makes. You often hear people say they buy high-priced cars because they're heavier, hold the road better and ride better. Well, isn't it logical, then, that Chevrolet's extra weight (which comes from extra strength of body and frame) would result in a better ride?

Chevrolet is the Lowest-Priced Line
Certainly, price is one of the most important factors of all. We're glad to be able to tell you that Chevrolet is the lowest-priced line in its field.
Now, you might well ask, "How can Chevrolet offer me more and still cost less?" There is a simple, logical answer to that.
Remember that Chevrolet builds more cars than any other manufacturer. Chevrolet, along with General Motors, has greater facilities for research, for engineering and production. So, isn't it reasonable that these greater facilities bring manufacturing advantages and economies which Chevrolet can pass on to you in terms of higher quality at lower price?

An Endorsement Given No Other Car
Again this year, more people are buying Chevrolets than any other car. Obviously that wouldn't be true unless people liked Chevrolet better. Unless Chevrolet offered more things people want—more value.
So, when you're ready to choose your new car, wouldn't you agree that Chevrolet merits your careful consideration? We welcome your visit at any time, so that you can look the car over yourself and try it out on the road.
*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission optional on "Two-Ten" and Bel Air models at extra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

SECTION 1. Certificate of Licensing - Definitions. Each certificate for a license shall specify the name of the person, partnership or corporation licensed, to be known as the holder of the license. An Electrical Contractor's license shall specify the name of the holder of the license. An Electrical Contractor's license shall specify the name of the holder of the license.

SECTION 2. A licensed electrical contractor or journeyman engaged in the business of electrical contracting for a period of three years or more within the Township of Independence. SECTION 3. A representative of an electric utility supplying electrical energy within the Township of Independence.

SECTION 4. Meetings of Electrical Board - Quorum. The Electrical Board shall hold regular meetings every other month, and shall hold special meetings at the call of the chairman or upon the written request of two members. All meetings shall be public.

SECTION 5. Powers of the Electrical Board. The Electrical Board is hereby authorized to provide for examination of applicants for licenses as contractors or journeymen; to grant such licenses to qualified applicants who have paid the prescribed fee; to revoke or suspend such licenses for sufficient cause as set forth in Sections 6 and 14 of this ordinance; and to issue necessary orders, rules and regulations in the enforcement of minimum standards for electrical equipment and its installation.

SECTION 6. Adoption of the National Electrical Code. The current edition of the National Electrical Code, Standard apparatus as recommended by the National Fire Protective Association, is hereby adopted as part of this Section as fully as it set out herein, and shall govern and be observed and followed in all electrical wiring, and in the construction, installation, repair, alterations, operation and maintenance of electrical wiring, apparatus or fixtures, except insofar as it may be in conflict with specific sections of this ordinance or local rules determined by the Township Board under this Ordinance.

SECTION 7. Licenses - Classes - Exceptions. No person, partnership, nor corporation shall provide for the installing, altering or repairing of electrical equipment without first having obtained from the Electrical Board a certificate for an electrical contractor's or electrical journeyman's license, nor shall any person undertake to perform any work of installing, altering or repairing any electrical equipment unless such person shall be duly licensed as an electrical journeyman (except helpers and apprentices permitted by rules of the Electrical Board) and be employed by and working under the direction of the holder of a certificate for an electrical contractor's license, except that no license shall be required in order to execute or perform any of the classes of electrical work specified in the following paragraphs:

SECTION 8. Powers and Limitations of Licenses. There shall be two classes of licenses as follows: 1. An electrical contractor's license shall entitle the holder thereof to provide for the installing, altering, or repairing of electrical equipment within the Township of Independence. 2. A journeyman's license shall entitle the holder thereof to perform any work of installing, altering, or repairing electrical equipment as an electrical journeyman under the direction of the holder of a contractor's license by whom he is employed.

SECTION 9. Reciprocal Licenses. The Township of Independence shall permit Electrical Contractors lawfully licensed by other municipalities of the State of Michigan to install, alter or repair electrical wiring, equipment, apparatus or fixtures for light, heat or power purposes within the corporate limits of the Township of Independence upon payment of a one dollar registration fee, provided that such municipalities reciprocate in recognizing Electrical Contractors who are duly licensed under the provision of this ordinance by granting them the same privilege and charging the same uniform license and registration fee.

SECTION 10. License Fees. Before a license is granted to any applicant, the applicant shall pay to the Township Clerk a fee of \$25.00 for a contractor's license, a \$1.00 for a journeyman's license and \$1.00 for license registration of reciprocal contractor's license. Each license shall expire on December 31 following the date of its issuance and shall be renewed by the Electrical Board without examination upon application of the holder of the license and payment of the required fee at any time before the date of expiration or within 60 days thereafter.

SECTION 11. Application for License - Forms. Each application for a license shall be made in writing to the Township Clerk on a form prescribed by the Electrical Board. Application for a contractor's license shall include the name of the licensed electrician representing the applicant who will act as supervisor for all work to be done under the license. The license fee shall accompany the application.

SECTION 12. Qualification for Licenses - Examinations. The designated representative of each applicant for a contractor's or journeyman's license shall be examined to determine his knowledge of the required standards for electrical equipment and its installation and to determine the general qualifications and fitness of the applicant for executing work to be done under the class of license applied for.

SECTION 13. Temporary Connections - Public Utilities. Temporary connections for the purpose of providing power for power tools or for installation of lights to be used while constructing, erecting, altering, remodeling or dismantling shall be issued by the Electrical Inspector upon payment of the required fee and shall be valid for a period of ninety days only. Extensions of sixty days may be granted, upon payment of the required fee, by the Electrical Inspector in his discretion.

STAINLESS STEEL GOOD FLATWARE

Consider stainless steel for the table if you are considering the important purchase of flatware, suggests a Michigan State College specialist. Stainless steel has ideal qualities for long, hard use—it is tough, strong, non-tarnishing and acid resistant.

Miss Geitel Winakor of the M. S. C. textiles, clothing and related arts department points out that the new designs and qualities of stainless steel flatware are greatly improved now. The better type is entirely suitable for entertaining, she believes.

Some points to consider before purchase are color, shaping and finish. Color is important because it indicates the quality of the stainless steel. The lighter the color, the better the quality. A silvery stainless steel is composed of 74 per cent iron, 18 per cent chromium, and 8 per cent nickel. This high-quality combination of metals may be marked "Stainless 18-8".

Shaping is important, Miss Winakor advises. Inexpensive ware will be of even thickness while more comfortable and more costly types will be thicker at points of wear and thinner in some parts for ease of handling. Carefully smoothed edges indicate quality.

Many companies in the United States are making stainless steel flatware now and imports are coming from Denmark, Germany, Sweden and Italy. Cost for a moderately expensive set for six persons will be less than \$10 while higher priced ware will be several dollars a place setting. Very inexpensive stainless steel is available for a few cents a piece.

FERTILIZERS AID ALFALFA IN SUMMER
Start your August-September

build-up of alfalfa fields now, as soon as your first cutting is harvested, advises Edward D. Longnecker, extension soil scientist at Michigan State College.

"One principal cause of unsatisfactory alfalfa yields in Michigan is lack of readily-available plant food in the soil, he claims. The 1950 agricultural census showed the average Michigan alfalfa acre yielded only a ton and a half of hay. Yields of twice and three times that amount are not uncommon — where plant food is available.

This necessary plant food can be added to the soil any time during the growing season, Longnecker explains, but there is no better time than shortly after the first cutting. This provides for the important August-September build-up.

This fertilizer application right after first cutting should increase next year's yields more than nutrients put on in late summer, fall or early next spring, he notes.

Farmers should not try to place fertilizer in the soil on established stands, the M. S. C. soil scientist warns, because discs of the drill will injure plant crowns; this might be a factor in spreading bacterial wilt. He advises broadcasting the fertilizer over the surface.

On heavy clay soils, use 0-20-10 analysis fertilizer, Longnecker suggests. For light or sandy loams,

News Liners
For Sale — 6 acres of clover hay; 2-well electric cooker. Phone MA 5-8481.

AUTOMOTIVE SALES REPRESENTATIVES — to contact prospects in Clarkston area. Highly desirable, medium and high price class lines. For information write Box B, The Clarkston News. 41c8
