CLARKSTON, MICHIGAN, THURSDAY, JULY 30, 1953

NUMBER 48

GOLF TOURNAMENT WEDNESDAY, AUGUST 12TH

Picnic Held At Rummings Farm

On Monday the Clarkston Rotarians and their wives enjoyed a picnic at the farm of Mr. and Mrs. E. D. Rummings on Hadley Road. This was a real Rotarian picnic with the men doing the work.

The tables were arranged under the large trees not far from an outdoor fireplace where the men busied themselves preparing hamburgers. The picnic was served buffet style and everyone had more than enough to eat.

The group visited for a couple of hours and after the meal several of the men enjoyed pitching horseshoes.

Homecoming At Seymour Lake

The Seymour Lake Homecoming will be held at the Seymour Lake Community House on Saturday, August 8th.

The women of the Methodist W. S. C. S., will serve a chicken dinner at noon. The public is invited.

Youth Group To Have Swim Party

St. Andrew's Youth Group which meets at the Church Thursdays from 4:00 to 7:30 P. M. for games, picnic supper and choir rehearsals under the direction of Reverend W. R. Hunt will vary its program this week.

The group has been invited to the Oakland Lakeside home of Mr. and Mrs. Carl Hoffman, by their daughter Miss Jean Hoffman. There will be several games and a swim in the afternoon, a "cook-out" supper and a campfire program of songs and stunts in the evening.

Any 6th grade through 10th grade boys or girls who are interested are invited to join this group, according to Rev. W. R. Hunt, leader.

Clarkston Local

Born to Mr. and Mrs. Leo Erickson of S. Main St., a 7 lb 3 oz son, David Eugene, on Saturday, July 25, at Pontiac General Hospital. Mrs. Erickson's mother, Mrs. Lydia Hollander, of Chicago, is here caring for the other three sons, Paul, Roger and Mark.

A Way Of Life

There is a way of life I've found That satisfies my every need, True love and friendship here abound Unhindered by a thought of greed.

God rules supreme this way of life He handles all my earth affairs, He guides me through the days of strife In answer to my earnest prayers.

Some vital truths I understand Must here be found and put to use, That they might work to help earth man To rise above the world's abuse.

All hatred must be driven out If life would be free from disease, My mind should never harbor doubt If I expect to be at ease.

I must have faith in man and God And know that other souls possess Some rights along the road I trod That I might know true happiness.

The fruits of life each day increase As I walk down this wondrous way, My soul is full of blessed peace And light shines through each cloud of gray.

Summer Supper At Mt. Bethel

A treat is in store for you if you attend the Summer Supper at the Mt. Bethel Church on Wednesday, August 5th. The women of the church are planning a delicious menu. Serving will start at 6:00 P. M. There is no set charge but a free-will offering will be taken.

Save heating your own kitchen next Wednesday by eating your evening meal at Mt. Bethel Church.

Children's Aid Receives Check

One of the nice things that occur to bring new life and a feeling that all is worthwhile to a charitable organization has happened to the Pontiac Branch of the Michigan Children's Aid Society. Mrs. Bert E. Norton, President of the local Board, received a check for \$1,845.39 from Harold B. Euler. The check represents earnings from the Trust Fund of the "May and Laura Woodward Estate" and is the first of many from the fund which will be awarded to the Society at the suggestion of Milo Cross, treasurer of the local branch and approved by Judge Arthur E. Moore, honorary board member.

Harold E. Euler, Woodward Estate trustee, explained that it was the Woodward sisters' desire that the fund be used to help Pontiac children.

"We can think of no better way to do this," he said, "than by supporting the Michigan Children's Aid Society."

During June the Pontiac Branch cared for 90 children of divorced, ill, deceased or unwed parents while permanent plans were being worked out.

Gifts such as this help the agency to give more service to more children of Oakland County.

The Michigan Children's Aid Society is a member agency of the Pontiac Area United Fund.

Clarkston Locals

Carol Torr is vacationing at Tawas State Park this week with friends, Mrs. Thomas Bell and daughter from Royal Oak.

Mr. and Mrs. Merritt Cooley have started construction on their new, ranch type, stone home in Clarkston Estates subdivision south of Clarkston, at 6031 Middle Lake Road. The Cooleys are now residing in the Blue house on the Dixie. They hope to be in their new home this fall. Mr. Cooley operates the Clarkston Products Company in Springfield Township.

Attention

There will be a Civil Defense meeting at the Independence Township Community Center on Monday evening, August 3, at 8 o'clock. This meeting is for all residents of Springfield and Independence Townships.

Michigan Rangers Have Trail Ride

The Michigan Rangers Club of wishes to report a successful trail ride last weekend at Big Fish Lake in Lapeer County.

Seventeen horses made the trip Friday from Davisburg. Mrs. Earl VanLouver transported the club's camping equipment and supplies to the camp. Riders set up camp and proceeded to get meals and take care of their horses. Several trips were made to the lake each day for water and a cool swim.

Visitors and riders arrived Friday evening and Saturday from Ortonville, Clarkston, Perry, Durand, Bancroft, Linden and Davisburg.

Friday night's cold weather found riders huddled in blankets trying to keep warm and others stayed close to the fire most of the night. Everyone was up at 5:00 A. M. for breakfast and after morning chores and a quick swim, saddled up for a cross-country ride through the Hadley hills. At 1:00 P. M. back in camp, dinner was prepared and riders rested and some went swimming. A trail ride was underway in the late afternoon and members and visitors enjoyed the trail that led through the countryside in the Ortonville Recreation Area. Two trips up the pinnacle were made Saturday so that riders could observe the beauty of their surroundings.

Saturday evening was spent quietly around the camp fire resting, sipping hot coffee, singing and visiting with horse lovers. Jean and Stoney Nelson of Clarkston played their guitars and sang songs for the group.

Mrs. Fred Broegman and Mrs. Louie McDonald served hot coffee and donuts to all riders and guests and they kept the coffee pot on day and night.

At midnight, those who had the strength to lift a saddle went on a moonlight ride around a country block.

Sunday morning at six o'clock everyone crawled out of bed and had breakfast. Those who thought of a morning sleep got a rude awakening with a cold shower.

At 10:30 riders were in "follow the leader" style on another cross country ride through beautiful hills, valleys, woods and fields seeking a different trail.

Camp was broken late in the afternoon and each rider packed up and went his or her way. The Michigan Rangers riders had their horses trucked home by E. Conklin of Clarkston and Art Buell of Milford. Three riders, Carol Blumenshein, Darylne Weber, and Danny O'Brien rode horseback to Davisburg.

The rider who rode the greatest distance was Miss Sally Boutell of Linden, a member of the Fenton Trail Riders. Thirty horses participated in the weekend ride.

The Michigan Rangers will present their 7th annual Horse Show on August 16, at 2490 Davisburg Road, Deaver Schoolhouse, 2 miles west of Davisburg. Ten events are planned for the afternoon and the Grand Parade will be at 1:00 P. M.

Drayton Baptists To Build Manse

The joint board of the First Baptist Church of Drayton Plains, recently met and formulated plans for the manse for the pastor. The board, which is made up of the following men: Josiah Reed, Ira Whitney, Kenneth Rush, Daniel Rivers, Benjamin Ellsworth, Elwin Bishop and the pastor James E. Taubee, executed plans for the building to have three bedrooms, a study, kitchen with snack nook, dining room, and a spacious living room. The men of the church are planning to do most of the building which will cut the cost of the building in half. The completion of this building will be very profitable to the church in that it will not only place our pastor in the midst of the parish but will cut the driving time and expense so that more time can be devoted for counsel.

The construction of the manse will start right away.

Clarkston Locals

J. Thompson Miller of South Main Street left on Monday to spend the week with relatives in Pennsylvania.

William Gassick is ill and is in Pontiac General Hospital where he is under observation.

Mr. and Mrs. Charles Rockwell and family are spending the summer at their cottage at Big Fish Lake near Ortonville.

Guests at the W. H. Stamp home this past week were Mr. and Mrs. Earl Herst and two children, Donald and Marla, of Simcoe, Ontario.

By The Way . . .

Our memory for poems is generally hazy, but all morning we have been thinking of "The Children's Hour" by H. W. Longfellow where he states "Come a pause in the day's occupation—" and he devotes that pause to the children in the home. Now the only relation that poem has to this space is "Come a pause in the week's writing and somewhat important task of selling ads when we devote some time to these remarks." . . . In one of our trade papers we came across an item of general interest—A greeting card company in Cleveland operates five plants, and has just completed a million dollar expansion program which enables them to produce 1,650,000 cards a day. Considering that this company employs 1,700 people and is just one of many companies printing greeting cards, you can imagine the number of cards used by Americans in a year. Add to this the number we intended to mail and forgot to and you could probably double the number. . . . So far, cars from M-15 continue to creep onto the Dixie in groups of perhaps three or four. And this number is cut down if a truck is approaching the light. Traffic moves so carefully to see if the truck is going to stop or not. . . . We have no desire to enter into the bing argument going on in the state, but we got a kick out of this conversation between a couple of ten year olds, which ended this way "Do you want to lay a small bet on that?" . . . At last the Korea "incident" is over for a while. Happy as this makes us we would be happier if we were confident that Russia's internal troubles would keep that country from starting aggression either there or somewhere else. . . . We had the pleasure of dining with a young lady three years old, this weekend. It was a chicken dinner and she spied a chicken leg and requested it. Her parents objected on the ground that her eyes were larger than her stomach. However, she got her wish and cleaned every bit of meat on it. Of course there was a little trick she used—she could catch an end of the leg in either hand and enjoying the novelty forgot the amount she was eating. . . . We are indebted to Mr. and Mrs. Riksen who own and operate The Dixie Spot for a special edition of the Flint paper telling about the damage done by the tornado, recently. . . . May we repeat our plea of some time ago that if you have a room or desire to room and board, a teacher from the Clarkston School system get in touch with Leslie Greene, superintendent. The need is urgent. . . . Well it is vacation time, so: "Oh, here's the place Mother told me to stay away from—I thought we'd never find it."

Farm Discussion Meet July 22

It was a well-attended meeting in Independence Township Hall on the evening of July 22nd. Mrs. Samuel Miller, chairman, called the meeting to order at 8:45 P. M.; old business consisted most of reports by Wm. Edgar on the County meeting, Wilma Doebler on the Farm Bureau Women's meeting. Mr. Baynes, minute man, gave some information on government loans on wheat; they will be available 30 days after harvest, and can be applied for at the Hubbard Building in Pontiac. On August 14 there will be a referendum vote on this wheat plan; anyone who has 15 acres of wheat in this year can vote.

For the discussion of this month's topic the group was very fortunate in having Senator Geo. Higgins present who gave a short history of Michigan taxes, and stressed the importance of townships levying taxes and keeping self-government. Then the group enjoyed some delicious home-baked cakes, served with ice-cream. The actual questions posed by the Farm Bureau were discussed afterwards. The meeting was adjourned at 10:45 P. M.

Clarkston Local

A guest for a few weeks at the home of Mr. and Mrs. W. V. LaPlante of Buffalo St., is Mrs. Larson of Rothsay, Minn. Mrs. Larson is also spending some time with her son and daughter-in-law, Mr. and Mrs. Al Larson of Airport Road.

B. & P. W. Club Has Social Meeting

The July social meeting of the Waterford Township Business and Professional Women's Club was held at the home of Mrs. William Thomas on Hayden Court in Waterford on Tuesday evening. The Public Affairs Committee for 1952-53 were in charge of arrangements.

Mrs. Thomas was a most genial host and she planned the evening for the comfort and interest of the members.

The group gathered on the spacious grounds where long tables were spread ready for the dessert which was served shortly after eight o'clock.

The women had a grand time visiting and they enjoyed seeing The Little Red Schoolhouse where Mrs. Thomas teaches ceramics to children 5 to 13 years old. They also enjoyed viewing the many pretty ceramic pieces done by Mrs. Thomas.

Following the dessert an interesting movie was shown. This picture, in color, told the story of the manufacturing of explosives, dyes, rayon, plastics, nylon, etc. by Duponts.

There were several guests present. Among them was Mrs. Maud Finn of Oklahoma City who is visiting Mrs. Florence Schlosser, a member of the Club. Mrs. Finn is a member of the B. & P. W. in Oklahoma City.

State Fair Looks For Queen

Once again the Michigan State Fair is looking for the Queen of all Michigan Beauty Queens.

Her title will be "Miss Michigan State Fair of 1953" and she will be chosen by well-known judges and crowned by Governor Williams on Wednesday, September 9. The State Fair opens September 4 and runs through September 13.

To qualify for the State Fair contest the candidates must have won a sponsored Beauty Contest in Michigan since the last State Fair. She must be at least 17 and not over 25 years of age.

Only one Queen may be sent by the sponsoring group which pays the Queen's expenses. Entry must be made by Wednesday, August 26, on an official entry blank and mailed to the attention of Graham T. Overgard.

The various Queens will be invited to the opening day parade through downtown Detroit and will be guests of honor to other functions on the Fairgrounds.

Last year it was Miss Carol Martin of Dearborn who as "Miss Junior Achievement" won the State Fair crown.

Republican Women Plan Picnic

The twenty-first anniversary of the Republican Women's Federation of Oakland County will be celebrated August 5th at a cooperative picnic to be held at 6 o'clock at Avon Park, Rochester.

Assisting the Federation will be the Republican County Committee, the Lincoln Club, and the local Women's Republican Clubs.

Mr. John Feikens, the new Republican State Chairman, will be guest speaker. Other expected guests will be Mrs. Rae Hooker, National Committeewoman; Mrs. Peter Gibson, Vice-Chairman of the State Central Committee; Mrs. Charles A. Dean, Jr., Republican National Finance Committee member for Michigan; and Mrs. Albert Koeze, the newly elected President of the Republican Women's Federation of Michigan.

Mrs. William A. Kennedy, Federation President, has appointed Mrs. Kenneth Nichols and Mrs. Floyd Andrews as general chairmen of the event. Assisting them will be Mrs. Harry Henderson, Mrs. Anne Castle, Mrs. Claude McRobert, Mrs. Richard I. Moore, Mrs. Orrin McQuaid, Mrs. Frank McGregor, Mrs. Lulu Luby, Mrs. H. J. Simpson, Mrs. Albert E. Kohn, Mrs. Sadie Williams, Mrs. Lynn Allen, Mrs. Bernard Girard, Raymond Addis, Bruce J. Annett, Clare Fuller, Harry Horton, John Wilson and William Severance.

Serving as hostess for the affair will be Mrs. Frances Covert of Rochester. Mrs. William Donner and Mrs. Charles Barrett are in charge of music and Mrs. Fred Ziem, invitations.

The program committee includes: Mrs. Bert Norton, Edward E. Wilson, and Richard I. Moore, Mrs. Bruce J. Annett will handle publicity.

The reception committee consists of Mrs. Fred Anger, Mrs. John Shock, Mrs. Ralph Cook, Mrs. Everett Reese, Mrs. George Brown and Mrs. P. J. Henkel.

The picnic will be informal with guests asked to bring their own table service, own meat and a dish of food to pass.

The public is invited to attend. For further information call Mrs. Floyd Andrews, MA ple 5-2456.

Awards Given To Polio Helpers

Eighteen county residents were graduated this week as Polio Emergency Volunteers. Mrs. Louis Boyington of Livonia, presented insignias to the graduates in a ceremony at St. Joseph Mercy Hospital, Pontiac. The volunteers completed 20 hours of instruction in Polio care at the hospital and are now on call to assist doctors, nurses and physical therapists in event of another polio epidemic.

Sister Mary Janice, R. N., directed the course which was co-sponsored by the hospital and the National Foundation for Infantile Paralysis and the American Red Cross.

Graduates are: Mrs. Russell Banks, Mrs. William Barnum and Mrs. Miss Ellen Langdal of Farmington; Mrs. Mildred Cooley, Mrs. Carlton McWilliams and Mrs. C. E. Whoolery of Royal Oak; Mrs. V. R. Moore of Rochester and the following from Pontiac, Mrs. Clarence Ayotte, Mrs. James Beall, Miss Pauline Brutus, Mr. Stanley Colby, Miss Ada Cowart, Miss Pauline Dequis, Mrs. Alphonse LeGault, Mrs. George Lind, Mrs.

Local, state and national facilities providing care for polio patients was discussed by a panel with Sister Mary Janice as the moderator. Taking part were Miss Marie Daggett of Michigan Crippled Childrens Commission; Mrs. Ruth W. Parshall, ex. sec., Oakland county chapter of National Foundation for Infantile Paralysis; Miss Estella Mitchell, supervising nurse of the county health department; Mrs. Mildred Bennett, ex. sec. Oakland county chapter American Red Cross and Miss Eleanor Traut, of the Pontiac Board of Education Orthopedic room.

Kids Thank Air Force

NEW YORK—General Hoyt S. Vandenberg, Chief of Staff, U. S. Air Force, adds to his medals as Marilyn McCarrall, Jacksonville, Texas, presents the thanks of the nation's children for opening 183 U. S. Air Force bases to young visitors on National Kids' Day, Sept. 26. Over 500,000 boys and girls are expected to accept the invitation.

The annual Golf Tournament sponsored by the Clarkston Rotary Club will take place on Wednesday, August 12, at the Indianwood Club near Lake Orion.

A. W. (Bud) Hawke is the general chairman and he is arranging for a big day. All of the Clarkston business men and their friends are invited to participate—"the more—the merrier".

It is expected that some golfers will want to play longer than others, so they will likely be on the course by 10:00 A. M. Others will start at one or shortly after.

There will be an evening dinner served in the club house. If you cannot join in the golf game, you are asked to attend the dinner and enjoy the evening of fellowship.

For reservations call "Bud" Hawke, Roy Alger or W. H. Stamp.

More details will be given in next week's paper.

Michigan Bell Case Before Commission

The Michigan Bell Telephone Company rate case before the Public Service Commission is in indefinite recess after week-long hearings highlighted by the company's appeal for recognition of its "real costs" of doing business. Michigan Bell seeks a general rate increase averaging 3 cents a day per telephone with residence users asked to pay 2½ cents per day per telephone on the average.

Company witnesses hammered home the contention that regulation should take into account that the dollar of today is worth only half of pre-inflation times and the effect of this change on costs of doing business.

Clinton W. Phalen, Michigan Bell president, keynoted the case for the company with testimony that "the only reason we are here is to make sure we can continue to give good service and meet expanding needs."

"There can be no other reason. We don't pay bonuses. We don't cut any melons. Our dividend policy has been conservative. We have no reason for excessive earnings."

Like it or not, the general price level of today is here to stay, Dr. Paul W. McCracken, professor of business conditions at the University of Michigan, testified.

In support of his contention, he said expansion in the money supply is largely permanent, the wages will rise at least as fast as productivity, and public policy will not tolerate the unemployment that deflation would bring about. To reduce prices to their pre-war level, he said, would put 30 million people out of work.

Dr. William A. Patton, professor of accounting and economics at the University of Michigan, said Michigan Bell's "real costs" are understated and its "real earnings" are overstated because the standard accounting procedures do not give proper recognition to the cheapened value of today's dollar.

Patton said he recognized "the validity of standard accounting records used by and prescribed for the company," but emphasized that they needed interpretation for regulatory purposes. He recommended the supplementary to reflect "real costs" in line with the current value of the dollar.

Company witnesses said that rate increases have not depressed the demand for telephone service, citing the waiting list for new and higher grades of service.

Ferry B. Allen, assistant comptroller, said the cost of money to the Bell System is at least 7½% and urged a return for Michigan Bell somewhat higher.

Several motions to rule out the company testimony by counsel representing four intervenors were denied by the Commission.

The Commission will set the date later for resumption of hearings. Michigan Bell suggested mid-September but intervenors asked for 60 to 90 days time.

MSC ALUMNI SERVING IN PMA UNIT

Two of the new Michigan Production and Marketing Administration committeemen are former students at Michigan State College.

Walter W. Wightman of Fennville and Herbert M. VanAken of Eaton Rapids.

The chairman is Bruce F. Clothier, North Branch general crop, livestock and dairy farmer and president of the Michigan unit of America Dairy Association.

Waterford
 Mrs. Jack Hall, Correspondent
 Phone OR 3-0261

Mr. and Mrs. Howard Steele of Airport Road are the parents of a daughter, Deborah Sue, born July 19th at Pontiac General Hospital.

Mrs. Richard Esser and baby daughter of East Lansing are visiting her parents, Mr. and Mrs.

Al Kray of Andersonville Road, Mr. and Mrs. John Watchpocket have returned home from a two weeks vacation trip which took them as far west as Montana where they visited relatives.

Jim Amos is home on a 30 day leave from the Navy. He arrived Thursday after spending the last year and a half in Puerto Rico. He is the son of Mrs. Wallace Brown of Northrup Street.

Mr. and Mrs. Frank Marrow

and son and daughter from Chesley, Ontario, are visiting in Waterford with Mrs. Marrow's sisters, Mrs. James Saylor and Mrs. William Chase.

Mr. and Mrs. Homer VanAtta of Detroit called on Waterford friends on Saturday.

E. C. (Sam) Saari, father of Mrs. William Jacober, has returned to his home in Mt. Iron, Minnesota, from the hospital in Virginia, Minn., where he recently underwent a very serious operation. Mrs. Jacober who has been with her parents is expected home the last of this week. Mr. Saari still remains seriously ill.

Little Rickey Beedle was able to leave the hospital on Thursday where he had been ill with bronchial pneumonia. He returned home to Memphis on Monday with his parents, Mr. and Mrs. Don Beedle and little sister, Dale.

The annual Jacober family reunion was held on Sunday at the home of Mr. and Mrs. Robert Amos with 30 members of the family in attendance. One of the highlights of the day was moving pictures sent by the Jack Jacober family who now live in Phoenix, Arizona. Jack's family also sent a letter which was read and enjoyed. Mr. and Mrs. August V. Jacober who have been spending the summer in Comins, came down to be with their children and grandchildren for the day. The reunion next year will be held at the home of Mr. and Mrs. William Jacober at Williams Lake.

Reverend Arvid E. Anderson is in Lake Geneva, Wisconsin, this week where he is serving as a teacher-counselor at the Illinois Conference Luther League Camp. He will return home in time for the church service next Sunday.

Mrs. David Mehlberg, assisted by Mrs. Henry Mehlberg, entertained at a party last Friday evening in honor of Mrs. William Siever (Charlene Pammenter) who recently moved to her new home at Lake Louise near Ortonville. The 16 guests presented her with gifts for the home. Mr. and Mrs. Siever and sons, David and Danny, have been staying at the Pammenter home for some time. They moved about three weeks ago.

Members of the Good Will Club are asked to note a change in the time of their meeting. It has been put over to August 7th.

The annual reunion of the Waterford Village School is scheduled for August 8th. More details on it will appear in next week's paper.

This coming Sunday is Missionary Sunday at the Waterford Community Church. Miss Patty Maxwell will speak at both services. There will be no meeting of the Adult Bible Class during August and the Ladies Auxiliary meeting has been put over to August 6th when they will meet at the home of Mrs. Myrtle Biggs.

NEWS AND COMMENT

CONGRESSMAN GEO. DONDERO

Congressman George A. Dondero last week accepted the invitation of the Public Works Committee of the U. S. Senate to testify in behalf of the Niagara Power Bill, H. R. 4351, which he introduced in the House of Representatives concurrently with its introduction in the Senate.

Considerable interest has been shown in the Niagara Bill recently. It proposes to authorize private enterprise to develop additional hydro-electric power at Niagara Falls. It is estimated that it will yield approximately 8.6 billion kilowatt-hours of electricity each year. The cost of development would be about \$400 million, defrayed entirely by tax-paying, privately-owned power companies. The bill passed the House of Representatives with an overwhelming majority of 262 to 120.

Congressman Dondero took time from his other duties to listen to testimony offered before the Senate Public Works Committee by Governor Thomas E. Dewey testified in behalf of a proposal that Niagara Power development should be put in the hands of the New York State Power Authority, a government agency of the Empire State.

"The New York governor," said Congressman Dondero, "told the Senate Committee that he believes the state governmental agency should be entrusted with further development of Niagara power because 'the Niagara water belongs to all the people'."

"This statement," Congressman Dondero said, "appears to be at variance with another statement Governor Dewey made on his return a couple of years ago from a trip around the world. At that time, he said that 'only in America, where the power industry has

largely remained free of government ownership, is there still an almost adequate supply of electric power.' I have always appreciated the value of the American free enterprise system, and everywhere I went it was driven home, again and again, that competitive private enterprise is the only system which can meet the needs of modern society. It would seem that Governor Dewey is now against private enterprise and in favor of socialistic government ownership."

Congressman Dondero referred to an article in the Readers' Digest which points out that it was private enterprise which built America and is responsible for the fact that Americans are the happiest and most prosperous people on earth. Everyone should read the article. Then they will better understand the issue involved.

At the executive session of the Public Works Committee the bill was reported to the House by a vote of 14 to 7. Congressman Dondero provided hearings on all proposed methods for the development of power at Niagara by the Committee. No amendments were

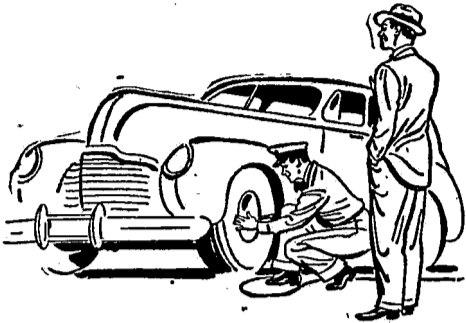

offered to the bill, although opportunity was given to do so. All Members of the Committee were given due notice of the meeting. The decision was to report H. R. 4351, to authorize private enterprise to do the work, and to table all other bills. All Members present voted.

"The Niagara Power Bill was passed by the House of Representatives only after complete committee hearings; well considered committee action; and full debate on the floor of the House," Congressman Dondero said in conclusion.

WHAT YOU MUST KNOW ABOUT POLLO

How can you safeguard your family against polio? In The American Weekly, with this Sunday's (August 2) issue Detroit Sunday Times, read "What You Must Know About Polio". It's an important, timely message, by Dr. Kenneth S. Landauer, Assistant Medical Director of the National Foundation for Infantile Paralysis. Get Sunday's Detroit Times.

The Grist Mill

By Ed Alchin
County Agricultural Agent

The disaster relief program has been instituted for Southwestern United States through the Agricultural Extension Service, 1260 West Boulevard, Pontiac, Michigan, Phone FEderal 42564. Farmers in Oakland County can offer hay and pasture for sale to this disaster area, through a program in cooperation from each State Extension Office. Agricultural agents throughout the drought stricken area have a list of farmers who would like to purchase hay or pasturage. In order to offer hay or pasture farmers are urged to call or contact the above office giving information as to the amount, kind, quality, and price asked for any surplus hay or pasture they may have. This is a worthwhile project and should be of interest to you as farmers.

MSC'S TV STATION ON THE AIR IN '54

East Lansing-WKAR-TV, Michigan State College's television station, is scheduled to be on the air with regular programs early in 1954, college officials have announced.

The station will operate on ultra-high frequency channel 60 with an approximate 65-mile fringe area of reception, according to W. H. Tomlinson, director of research and promotion of M. S. C.'s television development program.

About three months will be required for erection of the 1,000-foot transmitter tower, on top of which will be placed a 34-foot television antenna. Following erection of the building and tower and installation of equipment, WKAR-TV's test pattern is scheduled to go on the air in November or December.

TOWNSHIP SITUATION DEFINED AS 'RURAL'

Only about 60 of Michigan's 1,265 townships are urban areas, consequently the township situation is primarily a rural one, according to an official of the Michigan State Association of Supervisors.

Jacob Schepers, speaking at Michigan State College's annual Forum on Local and State Government, said criticism of townships "is coming from outside, not from the people in the townships." Township residents, he said, "will take care of themselves."

Legal Notice

ESTES & COONEY, Attorneys,
812 Pontiac State Bank Bldg.,
Pontiac 15, Michigan

STATE OF MICHIGAN—In the Probate Court for the County of Oakland.
No. 60,275

In the Matter of the Estate of Annie Wells, Deceased.

At a session of said Court, held at the Court House in the City of Pontiac, in said County, on the 13th day of July, A. D. 1953.

Present, Hon. ARTHUR E. MOORE, Judge of Probate.

David V. Weis, administrator of said estate having filed in said Court his final account and petition praying for the examination and allowance thereof, determination of the heirs of said deceased, assignment of the residue of said estate, and the discharge of said administrator.

It is Ordered, that the 14th day of August, A. D. 1953, at nine o'clock in the forenoon, at said Probate Court in the Court House in the City of Pontiac, Michigan, be and is hereby appointed as the time and place for hearing said petition.

It is Further Ordered, that public notice thereof be given by publication of a copy of this order, once each week, for three successive weeks previous to said day of hearing, in the Clarkston News, a newspaper printed and circulated in said County, and that notice be given to the heirs-at-law named in the petition for administration filed in this cause, and to creditors whose claims have been allowed but not fully paid, by personal service of a copy of this order, or by serving the same by registered mail with return receipts demanded, addressed to their respective last known addresses as shown by the files and records in this cause.

"BOO!"

Though still a youngster, about the size of a short turnip, this baby screech owl already exhibits the courage of his breed, standing up to the conservation department photographer without apparent fear. Screech owls are the most common type in Michigan and when this little fellow grows up, he'll give farmers in his home area considerable help by eating rats, mice, insects, and ground lizards. His call is not really a screech, being more a plaintive wail. Don't look at him too long; those eyes have a hypnotic effect.

They don't want people outside to tell them what to do."

Carroll Newton, Barry township supervisor in Barry county, said township government "does for its people somewhat the same as a village does for its people. If townships were abolished, I don't know where the people would go. No one has favored abolishing village governments."

Because of the small geographic

ical area of the townships, the township officials "know all of the people", Newton said. He said they are better able to determine what the people want because of this.

Newton and Schepers were speakers at the M. S. C. Forum on the topic, "How Effectively Are Michigan Townships Meeting the Needs of Their Citizens?"

FARM MANAGEMENT & MARKETING NOTES

by Ray E. Poyner
Assistant County Agr'l Agent

In this time of cost-price squeeze on farmers, any management practice which will cut costs of production is welcome. Poultry men have the opportunity to hear about all of the latest poultry developments at the annual Flock Selection and Blood Testing School, August 10 - 14, at Michigan State College. There you will be given all the answers that poultry husbandmen and pathologists can offer in five days.

The school will be a cooperative program of the M. S. C., poultry department, poultry pathologists and Michigan State Poultry Improvement Association. It will include such subjects as popular breeds, pullorum testing, diseases, pigmentation and moulting, culling, selection, bronchitis, avian leucosis, sanitation, feeding and hatchery flock service.

Housing will be provided in Gilchrist Hall to those who reserve it and meals will be available on the campus, but no dinners or banquets are planned.

Poultrymen instructors will include E. C. Foreman of Lowell, Dudley Tice of Barryton and John Elhart and John Kaat of Zeeland. Others, in addition to college staff members, will include George B. Scott, association field manager; Dr. John Groves, assistant state veterinarian; Dr. R. F. Gentry, of the U. S. Department of Agriculture Regional Laboratory in East Lansing, and George Bartlett, Assistant Association Field Manager.

Wednesday and Thursday afternoons will be spent in the laboratories and examinations will be given on Friday afternoon.

MSC CONSTRUCTING 'MARRIED HOUSING'

Construction has begun on three apartment buildings designed for married students at Michigan

State College, officials have announced.

The three brick-veneer buildings, each costing approximately \$100,000 and containing 12 apartments, are scheduled for occupancy sometime next autumn.

The buildings will be "pilot" models in the college's over-all program to replace M. S. C.'s "trailer village". Each apartment will contain a built-in range and refrigerator. Rent will be about \$60 a month.

JUNIOR DEPARTMENT AT STATE FAIR

Any boy or girl, living in a metropolitan area, will no longer have to compete with parents for prizes in the Home Arts Department at the Michigan State Fair, September 4 through 13.

A new section has been set up for youngsters under 14 years of age who are not qualified to make entries in the Junior Show Home-making Department. Entries in this department must be made through the county extension a-

gent or high school vocational instructor, which eliminates the would-be contestant living in an urban area, according to Mrs. Polly Luers, Home Arts Director.

Because the demand for the Home Arts information is so great, the premiums offered in this department are listed in a separate booklet for the first time. This eliminates the mailing of the bulky general premium book to those interested only in Home Arts.

All exhibitors in the Home Art Department in the past years are on the mailing list to receive the new book. Others may secure the premium list by writing to Home Arts Department, Michigan State Fair, Detroit 3, Michigan.

Ice cubes made of ginger ale or cherry or orange juice will brighten summer beverages, according to Michigan State College food and nutrition specialists.

Nylon garments shouldn't be through the wringer as wrinkles formed won't come out.

**WHAT A PERFORMER!
WHAT A BEAUTY!
WHAT A BUY!**

Unless you've actually driven a Pontiac with Dual-Range Performance*, you can't appreciate how nimbly it handles in traffic and how economically it cruises the open road with plenty of power to spare.

Add to Pontiac's plus-performance its distinctively beautiful styling, its luxurious interior appointments, its effortless Power Steering*, and you have a car that matches any on the road.

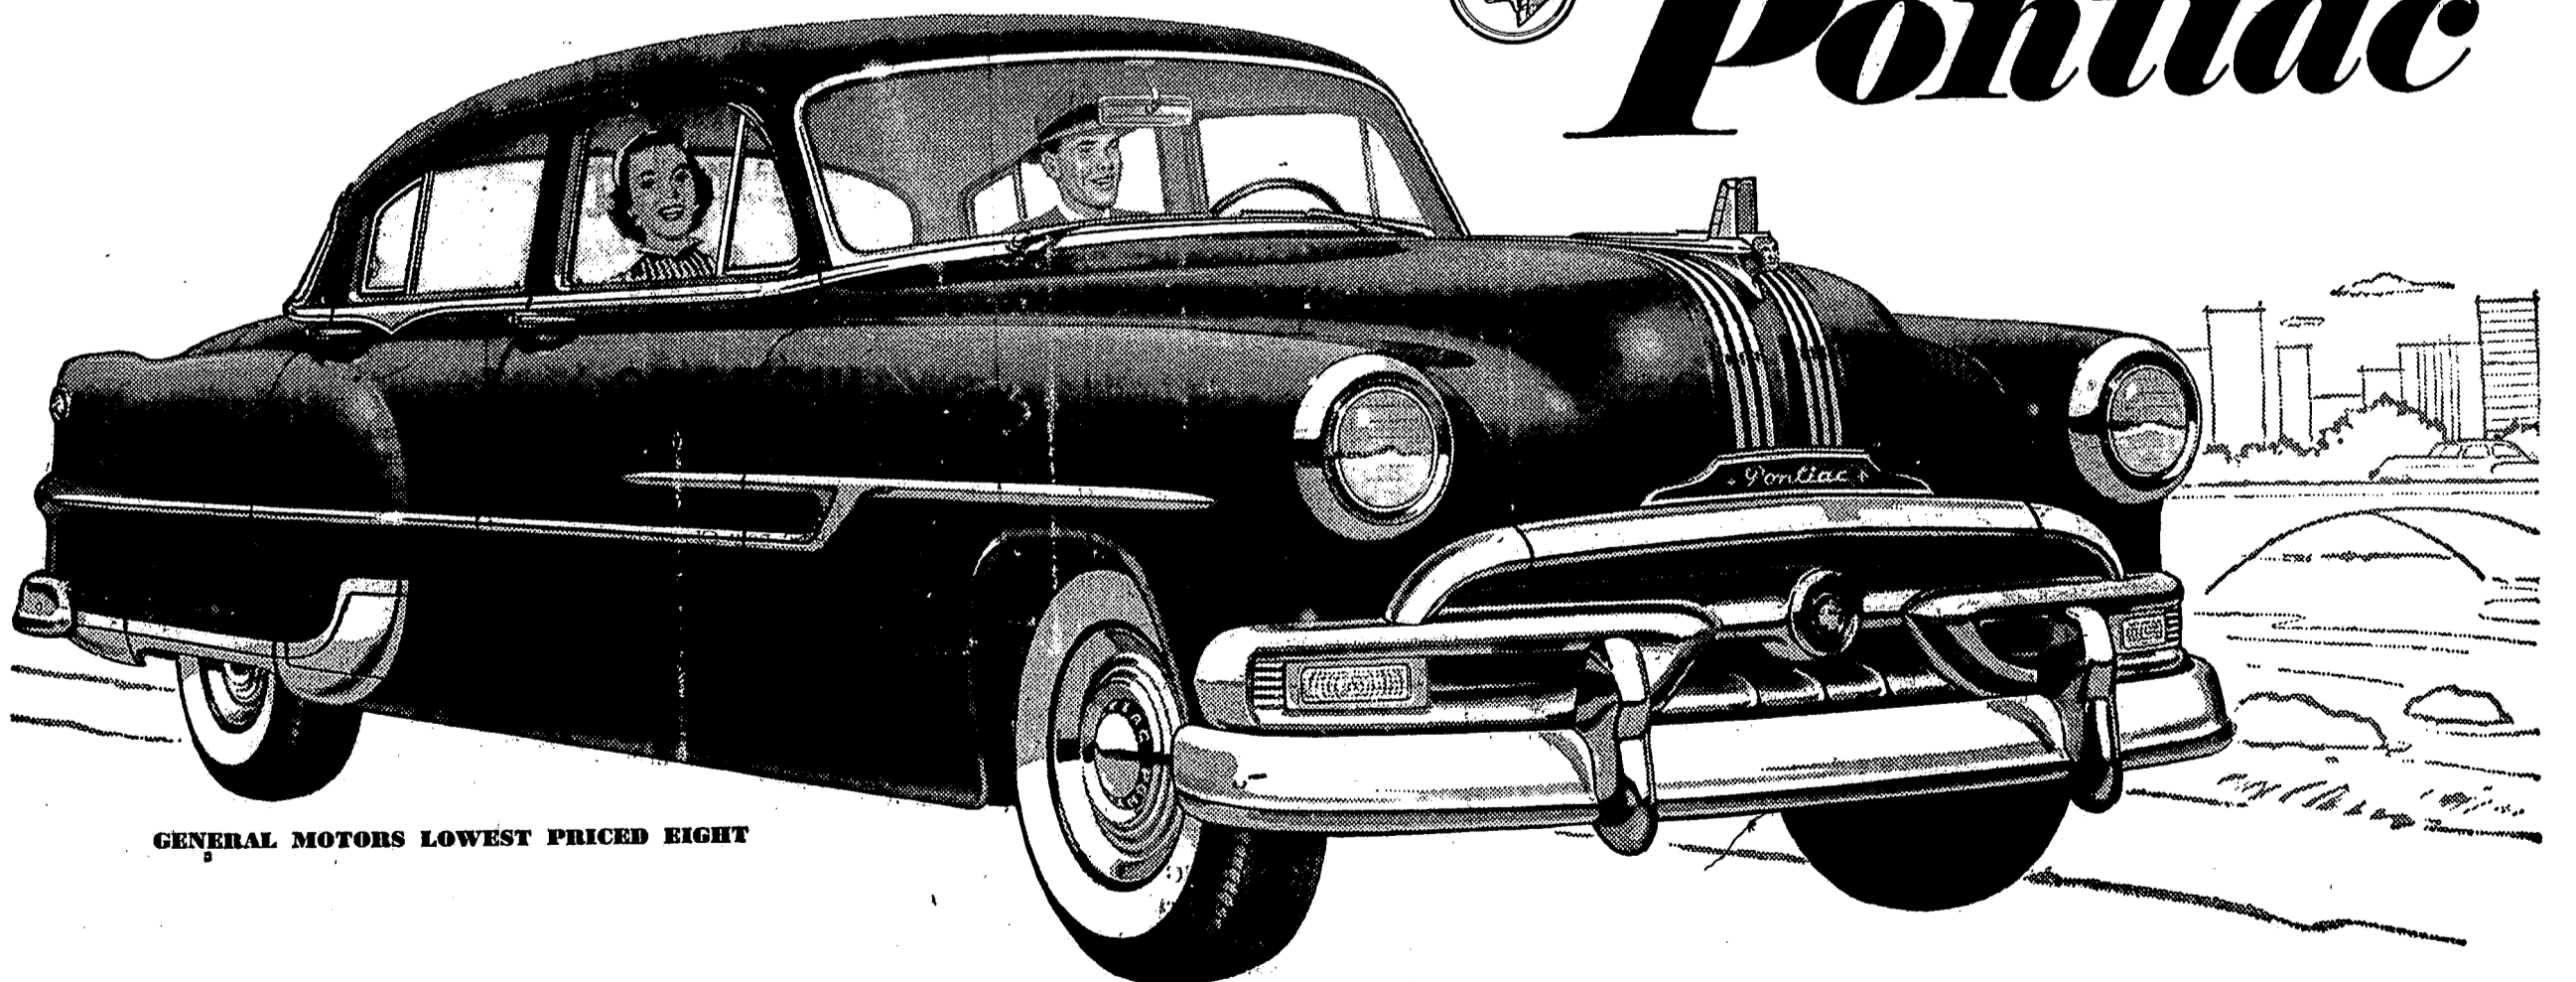

And when you learn you can get all this at a price only a few dollars above the lowest, you'll say, "Here's the car for me!"

Why not take the first step toward Pontiac ownership right now? We're ready and anxious to let you drive it yourself for first-hand proof that Pontiac is the best buy of all, from any standpoint.

GIVE BIRDS TREAT. BUILD THEM A BATH. SAYS U-M MAN

Providing water for birds in the hot summer months is a simple way of attracting them to your garden or lawn, according to Harry W. Hann, assistant professor of zoology at the University of Michigan.

Birds enjoy bathing frequently in warm weather. Of course, if your property is a well watered spot with brooks and pools, nature will provide for the birds. But if your garden is far from the source of water, you will need to give thought to the construction of artificial bird baths, he says.

Filling a shallow pan with water is the simplest way you can furnish water for drinking or bathing, Professor Hann suggests. Place the pan on a post or stump, or sink it into the ground. If you place the bath on the ground, be sure that there are bushes within four or five feet to serve as escape cover for cats.

You can make a simple bird bath of concrete by digging a shallow depression in the ground. This should be two to three feet in diameter. The bath should not be more than three inches deep in the center and should slope very gently from the margin toward

the center. Most birds prefer water less than two inches deep. The bottom and edges should be rough to afford safe footing, Professor Hann advises. A good concrete mixture is four parts of sand or gravel to one of cement. Mix thoroughly with a hoe, and then mix with water until the mixture flows evenly. The next step is to line the bottom and sides of the depression with this mortar. Then you can pat it into shape with a trowel or by hand. You can soften the effect of the edges by planting mosses, ferns and flowers. There should be bushes a few feet away.

You can make a bird pool simply by filling with cement a depression in a pile of pleasingly arranged boulders, he states. Pools of this sort will blend into a rock garden beautifully.

Birds are attracted by dripping water. They are sure to enjoy a bath where water flows out slow-

What Would You Do If

Junior Drank Kerosene?

Kerosene is poisonous. Quickly dilute it by giving several glassfuls of liquid. Induce vomiting. Call a doctor. Clearly label the kerosene and keep it out of Junior's reach from now on. Learn how to detect hazards, prevent accidents, and give emergency care by joining a Red Cross first aid class.

ly from a pipe or spring. If you have a small garden and find it difficult to install a pipe, you might try suspending a pail with a very small hole in the bottom through which water will drip one drop at a time. The pail may be screened with foliage.

Professor Hann also suggests that if you have a lily pool, you can make it do duty as a bird bath by including a shallow sloping ledge partly covered by water at the edge of the pool. A flat boulder, slightly immersed, also will give the birds convenient foothold for bathing.

Your pool may well contain plants for oxygenation and also small fish to keep it free from mosquito larvae and thus make it sanitary.

Many birds like a shower bath and enjoy flying through the thin spray of a hose with a spray nozzle or fluttering in the drenched grass.

Birds also enjoy a dust bath. They will appreciate your turning up the earth in a few spots, preferably at the base of a sunny wall.

as dust and food, states Dr. Kenneth P. Mathews, assistant professor of internal medicine at the U-M, who adds that from 35 to 40 per cent of hay fever sufferers eventually develop bronchial asthma, a much more serious disease.

There are so many kinds of pollen and fungus spores that the hay fever problem varies with geographical area, the individual and the season. The most common type will begin in Michigan August 15, when the ragweed starts to pollinate, and will run until late September.

This year, physicians will continue to use three time-tested methods of dealing with allergy, Dr. Mathews explains.

Hyposensitization, or injection of pollen extracts in gradually increasing amounts, builds up the individual's tolerance for a particular pollen. This method strikes at the cause of the patient's trouble and reverses the tendency for the allergic state to become more severe.

Certain drugs may give temporary relief. Antihistamines frequently are helpful, and an ever increasing number of these compounds are now available to suit individual preferences.

The third method of combating allergies is to avoid the offending substances. Though this is relatively simple in the case of sensitivities to such things as animals and foods, pollen avoidance is not easy.

A few simple "don'ts" may help. One should not hike through the countryside, and it is best to drive with the car windows closed. Weather permitting, keeping the bedroom windows closed at all times also may help. Although beautiful flowers are insect-pollinated and therefore are not major causes of hay fever, working in the garden or other close contact with cultivated flowers may cause trouble.

If the situation gets completely out of hand, Dr. Mathews advises, escape to another part of the state or country where the offending pollens or mold spores are absent will give great temporary relief.

From where I sit... by Joe Marsh
It's Fine To Be Fooled — Sometimes
Handy Peters entertained for the ladies of the Auxiliary the other night—and had the ladies believing for a while that he's the best marksman ever.
Handy put on a great act. He set up a whole bunch of balloons on a muslin backdrop and then took out his pea-shooter. He shot blindfolded, standing on his head, every which way—and broke a balloon every time!
No wonder Handy impressed the ladies. What they didn't know—fill the show's end—was that Buck Mulligan was hiding behind the backdrop improving on Handy's aim with a hatpin.
From where I sit, we all get things "put over" on us now and again. When it's good-natured—fine! But, some folks would like to fool the rest of us into believing it's wrong to enjoy an occasional glass of beer—just because they prefer something else. For real American tolerance and neighborliness these people are simply "off target."
Joe Marsh

To love and be loved is the earnest desire of everyone. How to accomplish this is explained in the Lesson-Sermon to be read in all Christian Science churches on Sunday, August 2, on the subject of "Love".

The Golden Text is from II Corinthians (13:11): "Be perfect, be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you."
Among the Bible citations is this passage, (I John 4:7): "Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "All substance, intelligence, wisdom, being, immortality, cause and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love." (p.275)

Deer kill figures from the regular and "any deer" seasons held in the northern lower peninsula last fall were recently assembled from a number of poll and survey sources and put together in the above map. After seeing the results, conservation department game men pointed out that, happily enough, the two areas of heaviest kill as shown by the map were also the areas that needed the most thinning. Tree and shrub growths in the two areas have been heavily over-eaten during recent winters and proper herd management, starting with the any deer season last fall, is aimed at correcting this situation.

WARNING GIVEN AVERAGE SPEED OF CARS HIGHER

The average speed at which cars are being driven in Michigan is increasing along with accidents and casualties, State Police Commissioner Joseph A. Childs, who is also a member of the State

Safety Commission, reports.

Recent figures reveal it is more important than ever to heed the appeal of the commission's summer "Check Your Speed" campaign, now at the half-way mark, he said.

"A check made this month by the State Highway Department at 21 selected locations showed that 18.4 per cent of all passenger cars were being driven in excess of 60 miles per hour", Childs said. "This was a gain of 2.2 over 16.2 per cent a similar check disclosed a year ago. Gains also were clocked in the speed ranges just below this mark."

"Cars are not only being driven faster, but there are more of them and more drivers. For the first five months of this year 67,000,000 miles were driven each day in Michigan as compared to less than 66,000,000 last year. During these summer months it is estimated the figure has jumped to at least 70,000,000. All of this means the hazards are multiplied."

Pointing out that a new all-time high monthly traffic casualty toll was recorded in May, Childs said that 48 per cent of the violations reported in traffic deaths were for speeding or driving too fast for conditions.

"During May, the latest month for which figures are available 5,433 persons were killed or injured in 16,092 accidents, also a new high."

"Keep your speed under control", said Childs. "Don't rush to death."

"Courtesy is every day"

writes Mrs. J. B. Dellinger formerly of Ann Arbor, Michigan

WE WERE very pleased to receive a letter from Mrs. J. B. Dellinger shortly before she moved to Maryland. Her letter regarding her telephone service included the following comments:

"A few years ago when an employee of your company had showed us what we thought was an unusual courtesy we remarked upon it to Mr. Prakken, your manager in Ann Arbor.

"Since then, however, we have discovered on many occasions that Michigan Bell courtesy is 'every day' and not at all unusual. Your slogan of 'The Voice with a Smile' is most appropriate. We thank you for a most pleasant association."

And we thank you, Mrs. Dellinger, for putting into words sentiments which we hope are shared by Michigan Bell customers everywhere.

It's people who make telephone service good

WHEAT VOTE SET FOR HALF OF GROWERS

About half of Michigan wheat farmers can vote Friday, August 14, on national wheat marketing quotas proclaimed by Secretary of Agriculture. Quotas will apply to farmers planting 15 or more acres of wheat this fall—and therefore, only they can vote, explains Clarence E. Prentice, Michigan State College farm economist. As extension marketing specialist who has been very close to the wheat situation for many months, Prentice was recommended in mid-July to be state administrator for the new Michigan Production and Marketing Administration committee.

Secretary Benson has set the national wheat allotment for 1954 at 62 million acres—a reduction of 15.5 million acres. This 20 per cent cut will be allocated to states and counties on basis of 10-year wheat production history, notes Prentice, with adjustments for unusual trends.

Michigan farmers will know before they vote, their exact 1954 allotment, Prentice advises. Individual allotments will be based on the past two year production. Michigan's exact allotment will be computed in Washington.

If two-thirds of voting farmers favor quotas, the wheat price support will remain at 90 per cent of parity. If more than one-third vote "no" support will drop to 50 per cent for all farmers. Under quotas, excess production will carry a penalty of 45 per cent of the parity price. Without quotas, Prentice doubts that support prices would be effective.

With or without quotas, allot-

HEALTH FACTS

Hearing is priceless. YOUR hearing is priceless. Doc United warns: "Don't realize it too late!" The Michigan Association for Better Hearing exists to prevent and help solve hearing problems.

The Association's new mobile testing unit detects hearing losses early—before they are evident to the individual—more than 1,000 have already availed themselves of this two-minute hearing test.

The organization of lipreading classes is another project of the Association. It has been started in the past two years. The Association also assists hard of hearing persons secure any help they might need—help in getting or using a hearing aid, vocational training, job placement, help with family problems.

UNITED HEALTH & WELFARE FUND OF MICHIGAN, INC.

YOU make possible the work of the MICHIGAN ASSOCIATION FOR BETTER HEARING when you give to United Campaigns—United Fund, United Community Chest and Torch Drives.

ments will apply, and excess production will make a farmer ineligible for price support, under a loan program purchase agreement, or otherwise, sums up Prentice.

25-YEAR DAY BIDS VISITORS TO LAKE CITY

Potato farmers, turkey raisers, beef cattlemen and conservationist all types of farmers from all over Michigan will be heading for Lake City in Missaukee county on Wednesday, August 12.

The occasion will be an open house and field day to mark the 25th Anniversary of the Lake City Experiment Station, operated by Michigan State College to find the answers to farm problems

through field research.

Morning arrivals will take wagon tours of the station. Included in "stops" will be farm fish ponds, rye seedlings to control potato scab, brush control with chemicals, Hereford and Angus beef herds, loose-housing barns for livestock and experiments in conservation and grassland farming.

Farm wives visiting the station will find that Ashley Berridge, the superintendent all of the 25 years, has planned special exhibits and a program for them. During the forenoon they will get suggestions on preparing potatoes and meat and will see a demonstration of how to catch, clean and

YOUR HOME NEWSPAPER

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.

The Clarkston News

fillet and cook or smoke fish. Speakers, after picnic lunches in a grove, will include Dr. Clifford M. Hardin, new M. S. C. dean of agriculture. Entertainment will include horsemanship in "cutting" a calf from a herd. And then the Potato Pageant will unfold. Equipment used in a quarter century of operations will be demonstrated in as many actual potato raising operations as is possible.
