CLARKSTON MICHIGAN, THURSDAY, OCTOBER 1, 1953

#### **Kenneth Thayer Elected To Board**

The Board of Education has accepted the resignation of Jack Murton as Board member. Mr. Murton, with his family, now reside in Detroit.

To fill the vacancy caused by Mr. Murton's resignation, the Board appointed Kenneth Thayer. Mr. Thayer is a former member of the Sashabaw School District before that district consolidated with the Clarkston district, and comes to the Clarkston Board with quite a bit of experience in this field.

#### Reminder

The Clarkston Home Extension Group will meet at the Community Center on Tuesday, October 6, at 10:00 A. M., promptly. The lesson by Mrs. George Keelean and Mrs. O. C. Adams will be on "Simple Upholstering".

Be sure to equip yourself with last week's issue of The Clarkston

There will be a sack lunch at

#### D. A. R. Chapter **Meets Today**

General Richardson chapter, Daughters of the American Revolution, will meet Thursday, October 1, at the farm home of Sarah VanHoosen Jones and Alice Serrell near Rochester. Dessert will be served at 1 o'clock, followed by a business meeting and pro-

zSaturday, General Richardson members joined members from ten chapters in south eastern Michigan at Royal Oak for the annual fall regional. Mrs. Ralph W. Newland of St. Joseph, state regent, together with other state officers and committee chairmen met with the chapters for luncheon and discussion of the year's program. Mrs. Harry C. Bates of Clarkston, joined the chapter's representatives at the meeting from Waterford Township were Blanche Avery and Mrs. E. V. Whitfield of Williams Lake, also Mrs. I. A. Woodard and Mrs. E. G. Clark of Silver Lake. From Pontiac were Mrs. Bradley D. Scott, Mrs. Harry Going, Mrs. Allan H. Monroe, Mrs. Harry Chapman, Mrs. E. V. Howlett and the chapter regent, Mrs. Frank B. Gerls.

#### Conference At **Davisburg Church**

The third annual Bible and Missionary Conference will be held at the Community Bible Church in Davisburg on Sunday, October 4. The day's program will start at 10:00 A. M. with the Youth Hour. The speaker will be Lowell Lytle and there will be special music by the Brass Trio from the Grand Rapids School of the Bible and Music.

The regular morning worship will be at 11:00 A. M. Elmer Bauhahn of Grand Rapids will speak. The Brass Trio will play and the Kolenda Brothers will sing.

A full course dinner will be served by the Woman's Missionary Guild at 1:15 P. M. in the Masonic dining hall. There will be no set charge for the meals but a free-will offering will be taken. At 3:00 P M there will be Rible

teaching by Rev. B. M. Nottage. The Kolenda brothers will sing. At 4:00 P. M. everyone is invited to hear Rev. G. W. Laug talk on

At 5:45 P. M. the Woman's

Guild will serve a light lunch. At 7:00 P. M. there will be another Bible teaching session led by Rev. Nottage and at 8:00 P. M. Peter Kover will present the film "Mr Texas". This is a stirring technicolored, deep-south film with excellent acting by Redd

Everyone is invited to stay for the dinner and luncheon and to enjoy the entire conference.

#### **Holly Theatre**

Thurs., Fri., Sat. Oct. 4-5-6 · 2 big features - Edward G. Robinson, Vera Ellen in "BIG LEAGUER" Joel McCrea, Barbara Hale in "THE LONE HAND", in technicolor.

Sun., Mon., Tues., Oct. 4-5-6 Tony Curtis, Janet Leigh in "HOUDINI", in technicolor.

#### **Boosters To Push School Projects**

On Thursday evening, September 24th, after several meetings of interested citizens, a Clarkston Schools Booster Association was formally organized to boost school activities.

At this time the project is a ighted football field. The group feels that is a project that should be of interest to all in the district. Plans are being formulated to raise money this fall for the lights.

The Association hopes that this can be accomplished with the full support of the school district so that the lights will be ready for the 1954 season.

For a progressive community such as Clarkston this is one thing that has been sadly ignored and should have been done some time ago to keep pace with other communities around Clarkston.

The group formed the Association and elected officers last week. Elected were: Ed. Gunter, the needed materials outlined in president; George Lang, vice-president; Don Pringle, secretary; "Bill" Parker, treasurer. They nominated as Board of Directors all heads of local clubs and orgarrizations to serve and offer their support to this project.

A meeting this Thursday, Oct. 1st, will be held and these people and all other interested people in the school district are invited to attend. Final plans to raise the money will be presented at this

Watch for more news of this group's progress.

#### **Bargains Galore** At Rummage Sale

The annual rummage sale sponsored by the Clarkston Farm and Garden Club will be held in the power house in the rear of the Community Center on Friday and Saturday, Oct. 2-3. On Friday the sale will be from 9:00 A. M. until 9:00 P. M. and on Saturday from 9:00 A. M. until noon.

Goodwill Industries pick-up trucks will be in Clarkston and Davisburg on Tuesday, Oct. 6, to collect usable household discards to provide jobs and training for the 400 physically handicapped men and women employed in the Goodwill Workshops in Detroit. Contributions of materials to the rehabilitation program may be made by phoning Mrs. Alfred Lee in Clarkston, at MA ple 5-3381 or Rev. Marshall Saunders in Davisburg at Holly 7-5003. Mrs Lee is employed by Goodwill as its local telephone representative in Clarkston.

**Goodwill Trucks** 

**Here Tuesday** 

Last year's party dress, outgrown clothing, a broken doll or an unused table when sent to Goodwill Industries will help provide a job with wages and training for disabled adults. Clothing, shoes, toys, hats, small appliances, furniture and other household items are the raw materials which were used to provide jobs paying over a half-million dollars to handicapped men and women during 1952.

In order to make "Not Charity but a Chance" a reality to a greater number of physically handicapped persons this year, Goodwill Industries is asking for greater contributions than ever before from the housewives of this area.

#### **Evening Art Classes** For Adults

Art classes for adults will be given under the directorship of Miss Rose Marie Aber at the Clarkston High School beginning Nov. 5 at 7:00 P. M.

Classes will meet on the followng evenings from 7:00 to 9:00 P. M.: Nov. 5, 12, 19; Dec. 3, 10, 17; Jan. 7, 14, 21, 28.

Tuition cost will be \$5.00 per person and each individual will purchase their own special supplies through the school or any other source at their discretion. People interested are asked to

contact Miss Aber at the High School, between 8:30 to 11:30 Friday mornings or 2:00 to 3:00 any afternoon prior to the opening of the course, that she may plan a program that will meet your particular need.

nelps to overcome disease and discords of every nature is explained in the Lesson-Sermon to be read in all Christian Science Churches on Sunday, October 4, on the subject "Unreality".

The Golden Text is from I Timothy (6:17): "Charge them that are rich in this world, that they and does not consider the cost. be not high-minded, nor trust in Anyway, you can be satisfied. . . . uncertain riches, but in the living You can get your "No Hunting" God, who giveth all things to enjoy".

Among the Bible citations is this passage, (Matt. 6:24): "No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one and despise the other. 11:00 A. M. Morning Worship. Ye cannot serve God and mam-

> Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "It is impossible to work from two standipoints. If we attempt it, we shall presently "hold to the one, and despise the other."

#### C. H. S. Graduates Attend College

Besides the students named last Herbert Lissner and Mrs. Merritt week several more names have been added to the list of Clarkgroup of the Clarkston Baptist stonites at Colleges in Michigan Church at a dinner at the Lissner and afar.

Carolyn Blackett has started her first year at Albion. ValGene Younger is in his first year at the Olivet Nazarine College in Kankakee, Ill. Virginia White is atweather was ideal and they really. tending Nazareth College in Kalatook advantage of it as they felt mazoo, Mich., and at the Normal College in Ypsilanti are Martha Masters, Virginia Demski and Dan Curry.

In last week's line-up we placed Sue Shanks in the wrong college. She is attending Kalamazoo College in Kalamazoo, and we did its meeting to October 8th. It will not give Jim Huttenlocher credit Jim is in his Junior year.

The Clarkston folks should be proud to find that so many of the Clarkston High School graduates have gone on to higher learning. It is a credit to the school. It is a known fact that the national average of high school students entering college is about 20 per cent and just to do a little bragging Clarkston can boast of about 33 per cent from the class of '53.

#### Farm Group Helps **Polio Hospital**

The Charkston Farm Bureau Discussion Group has as one of its projects "helping to equip and support the polio hospital at Farmington". Just recently the group, along with the other farm groups in the county contributed enough money to purchase a sterilizer. Now the hospital is in need of beds and the Farm Bureau groups are, hoping to assist in this respect. The local group decided that each couple would donate \$1. At the recent meeting many paid their.\$1, but there were some absentees. Please see that your \$1 is sent to Mrs. Mallory Stickney as soon as possible.

There are those who do not realize that the polio hospital in, Oakland County is supported only by the United Fund and voluntary contributions. In making the move to Farmington much equipment had to be left in the County Contagious Hospital, so this means that needed equipment must be purchased as quickly as possible.

#### Waterford

Last Sunday was Family Day Methodist Church. If you are a light eater the money paid will at the Waterford Community field Hills. help the Church. If you eat a lot— | Church when combined services the Church wants you satisfied of the church and Sunday School were held with 250 in attendance at the morning service. The children's service was held in the signs at the News Office-fresh church annex with Miss Patricia off the press! Just printed! The present for the dinner with Mrs. only reason for saying fresh and Lawrence Giddings in charge of just printed is so that you will the dining room and Miss Maxwell as table chairman. Last week one of our friends was

The afternoon service was one of music furnished by the church choir with special numbers. The tea at 5:30 was in charge of Mrs. William Banghart.

Mrs. Frank Schultz was responsible for the lovely flowers used throughout the church and the table decorations.

Out-of-town guests at the Family Day services included Rev. and Mrs. R. M. Traver and Miss Gladys Brondige of Sylvan Village, Mrs. Fred Tuck and two daughters of Rochester, the David Mehlberg family from Drayton Plains, Mr. and Mrs. Robert Shelley and children of Flint and the Don Hetchler family from Linden. | conservation problem.

#### **Nutrition Day** At M. S. C.

The Michigan Nutrition Council and the Michigan State College extend an invitation to all Michigan residents to attend a NUTRI-TION DAY to be held at Michigan State College on October 12th.

There have been technological changes in food production and much research in food and nutrition since the war. The average consumer is bombarded on all sides with propaganda for organic farming, enrichment of food, fluoridation of water suppliesto name a few. Nutrition day brings together a group of state and national specialists prepared to discuss pros and cons of these programs with you.

From 8:30 until 10:00 A. M. registration will take place in the lobby of the Auditorium Building. A registration fee of \$3.00 (including a luncheon ticket) will be charged each person who attends and will be used to cover the costs of the Nutrition Day.

Morning meetings will be held in the Auditorium Building on the Michigan State College Campus. This building is located at the intersection of Farm Lane and Auditorium Road. Luncheon and afterneon meetings will be held in Kellogg Center.

It will help considerably if you register in advance.

Mr. and Mrs. H. J. Gador recently returned from visiting relatives in Wisconsin and tripping to the Porcupine Mountains in the Upper Peninsula of Michigan.

#### WATER SHORTAGES A GROWING CONCERN

In spite of its huge surface deposits of water, Michigan shares with the rest of the nation a growing concern at the problem of water shortages.

Water generally does not change in quantity as it falls in the form of rain, pours into lakes and seas, and returns as vapor to the clouds. In this manner, estimates indicate, four billion gallons, or over ten times the average fllow of the Mississippi River, circulate daily in the United States.

The problem, therefore, is less one of quantity than more effective control of the constant water volume in natural circulation, according to a report from Cranbrook Institute of Science, Bloom-\ for everyone to receive such a

About one-fourth of this four verage daily run-off which reaches the sea, while the remaining three-fourths return to the atmosphere as vapor. It is possi-Maxwell in charge. 135 were ble, through sound management, to use this water efficiently and at the same time partially control its eroding and weathering action. The Great Lakes store water

equivalent to the average rainfall over the whole nation for two and one-half years. But compared with the water storage capacity of under ground areas, the Lakes are a minor source. Layers of porous materials left in Michigan by the glaciers are a tremendous storehouse for water, and will remain a permanent supply source as long as too much or poorly planned drainage is avoided.

Overflow reservoirs would, in periods of plentiful rain, help both to relieve temporary flood conditions and save water for periods of drouth. Such a program requires joint management of land and water, and goes to the very heart of the general

# **Elects Officers**

On September 23rd the Clarkston Discussion group of the Farm Bureau held one of its most important meetings. It was at the home of Mr. and Mrs. George Perry, and the business meeting proper was preceded by a most successful and delicious pot-luck supper. No time was lost after the sumptuous meal to get down to brass tacks. Mrs. Mallory Stickney reported on the Women's Committee plans: to collect money for aid to polio patients; each woman present donated and others would be contacted. The group would contribute toward a fund to be Hi raised to buy a sterilizer for the polio hospital.

New officers had to be elected, since officers in the discussion groups can hold office for only one year. Very reluctantly and Don Pringle Chevi under protest even, nominations for new officers were offered, and the following elected: Discussion leader: Michael Hart; Minute Man: William Sharpe; Chairman: Mrs. George Perry; Vice-Chairman: Mrs. Wm. Edgar; Secretary: Mrs. Pauline Ogden; Blue Cross Secretary: Mrs. Floyd Andrews; County Women's Committee representative, Wilma Doebler: Recreation Leader, Gordon Bates; Publicity Chairman, Mrs. William Sharpe; Song Leader, Maurice Ogden; Officer for County Meetings, Samuel Miller.

Mrs. George Perry, present disrussion leader, called upon various members to whom she had given specific topics to be discussed so that time might be saved. By alloting a certain amount of time to each in discussing their topic, it was possible to cover 9 subjects in the course of the evening. It was a good thing, however, that the hostesses, Mrs. Perry and Mrs. Jones, furnished some more coffee and refreshments towards the end of the evening, as it was well past midnight before the meeting could be adjourned by the present chairman. Although discussing these vary-

ng topics, and thinking hard about these issues which are important to farmers, is a "chore" requiring at least as much energy as those usually thought of in farming practices, everybody had a feeling of satisfaction in seeing this through, and having learned quite a bit in the process. The large turn-out of members was very gratifying; it proves that people would rather gather at a member's home than in a building. However, it is not allways feasible large group in their home. Next month the meeting will be

held at the home of Mr. and Mrs Clarence Drake who, with their daughter, Mrs. Horace Theriot, will be the hosts.

#### Clarkston Locals

Mrs. Ralph Jones and son, Frank and her mother, Mrs. Maurice Newlin of Fenton, are spending this week in Wahington, D. C., with Mr. and Mrs. Guy Murphy

Born to Mr. and Mrs. William Janton an 8 lb. 10 oz. son, Gregory Thomas, on Wednesday, September 16, at St. Joseph's Mercy Hospital in Pontiac. The Jantons are now living in Farmington and Mr. Janton is the music instructor and band leader in the Clarenceville High School. Kent Powell, son of Mr. and

Mrs. J. D. Powell, had his tonsils removed at Pontiac General Hospital last Friday. He is recovering nicely. Mr. and Mrs. Mallory Stick-

ney will spend the weekend in Ann Arbor. The occasion is the fiftieth anniversary of the founding of the Forestry School.

#### Farm Bureau Group Rotary Club News

Mark Roose, a Rotarian from Van Dyke, was present at the meeting of the Clarkston Rotary Club on Monday and gave an inspiring address on "What a good" Rotary Club's service to the community should be". His talk was very well received.

Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

FEW MINUTES on the tele-phone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over \$4,000!

Now the interesting thing is that in feature after feature the Ford car duplicates each of these fine cars, and for less than half the fine car price!

Look under the hood of the most expensive cars and what do you find?

A V-8 Enginel

Well, the Ford car has a V-8, too. In fact, it has had a V-8 since 1932, and since that time Ford has built more V-8's - by millions - than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

Buf the engine, as fine as it is, is only one of many things that make a fine car fine.

Automatic shifting, for example. All the fine cars offer it in one form or another because it's one of the things that make a fine car fine. But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever - it gives you exactly the amount of power you want, when you want it -automatically.

Fine car power steering, too. The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it-especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels and just enough to take out the work. You don't relinquish one particle of control-rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. And you don't pay a fine car price for "Master-Guide."

But there is another fine car feature-the Ford ride. Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement - or lack of it! Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big fiveton trucks which you see every day

would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and springing system gives the Ford a softer ride,, a smoother ride than many cars which tip the scales at better than an added

What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, but unless you buy a limousine with those little jump seats. it's not one passenger bigger inside.

Visibility is another fine car Ford feature. We say Ford cars offer "fullcircle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . plus side windows that mean every passenger gets room with a view!

How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree-even our competitors

-that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish - we believe Ford's baked-on enamel has no equal in any car. Ford. upholstery fabrics and trim are less costly, but they're less delicate, too. and if anything, more durable.

How then is it possible to give you this fine car at half the fine car price?

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. And that's

Worth more when you bey it Worth more when you sell M.

Do away with the fuss and bother of waiting for hot water every time you need it. Start using a modern, automatic Gas water heater and enjoy all the advantages of hot water 24 hours a day.

Old-fashioned water heaters just aren't capable of providing enough hot water for modern automatic washers. But with an automatic gas water heater, there's more than enough hot water for family washings, household and personal needs.

Replace that old-fashioned water heater today. You'll be thrilled with the convenience, and surprised at how little it costs to own and operate a modern automatic Gas Water Heater.

FIRST GRADE—Miss North

The first grade missed many boys and girls last week due to colds and illnesses. Kent Powell will be gone for a few days, getting his tonsils out. The class is making a scrapbook and a few cifts for him.

Last week we had some visitors including Jughead (Maynard Kiz-al's bird) Snappy (Billy Buros' turtle) and Hoppy (Johnny Skarr-

itt's grasshopper). This week we are planning a zoo on Thursday afternoon. The ees formed for this occasion. Miss Claus's class has been invited to visit us on this occasion.

#### SECOND GRADE-Miss Metzzer

This past week the second grade became the scene of the Double-Bar-H Ranch, complete with a frieze depicting western life. Included in the scene were a sheriff's office, several stage coaches, many horses and cowboys and a ranch; All of the boys and girls were enthusiastic because of the manypast hours they had spent watch ing similar scenes on television. During the week the children wrote a story about a cowboy named Fuzzie Jones. Each child cut a horse's head out of colored construction paper and also colored a picture of himself on a horse. After these were placed on the bulletin board the room really had a western atmosphere.

#### FIFTH GRADE

There are 48 boys and girls in the fifth grade this year. The new boys and girls in our room are: Nancy Farrell, Donald Hunt, Judith Ann Wilson, and Fred Warrick. The first tew days of school were spent as getting acquainted days and for getting classes organized. Each new boy and girl in our room was given a "buddy" some child who was here last year. who showed the new pupils around and introduced them to the other boys and girls who are in the room.

In our spelling class we have divided up the room into six teams. Each team has the name of an automobile. Each week we are having a "Spelling Auto Race". We are anxious to see which car or team will come in dirst place at the end of the first seven weeks period of school:

SIXTH GRADE

### Grapefruit Good with Fall Vegetables

No doubt about it, every last one of us has to take advantage of all the plentiful foods in the markets, whether they be fresh or canned. And while some of the best buys are the autumn garden crops of acorn squash, kale and cabbage, probably the best buy of all is canned Florida

grapefruit.

High in quality and nutrition, the golden grapefruit sections bring gesty new flavor to the season's vegetables, and make glamor dishes of several of the homelier ones. Here is a recipe for an attractive and delicious vegetable-grapefruit dish.

Acorn Squash with Grapefruit Sections 8 acorn squash 2 tablespoons brown sugar
1 No. 2 can Florida grapefruit 2 tablespoons butter or

wash squash; cut in half lengthwise and remove seeds. Place in shallow pan with small amount of water and bake in a moderate oven (350°F.) about 50 minutes, or until tender. Remove from oven. Drain grapefruit; fill each squash cavity with grapefruit sections, sprinkle with sugar and dot with butter. Return to oven and bake 15 minutes margarine

longer. YIELD: 6 servings.

Lieutenant of the Safety Patrol by Tommy Swayne. and Service Squad. The officers are: Captain, Larry Morgan; Lt, eye testing last week. Robert Porritt; Capt. Patty Asher; Lt., Georgia Robinson.

Contributing plants to the sixth grade were Georgia Robinson, Carol Lumm, and Cindy Anderson. They have helped us in studying science where we are reading about plants.

We have a spelling chart and are giving gold stars to everyone that receives an "A" each week.

In English we wrote "tall tales"

#### Red Cross News

Oakland County Chapter, A merican Red Cross, will jump "all the way" on the United Fund bandwagon in most of Oakland County this year.

The chapter's executive comm-

ittee, headed by Harold B. Euler, of Pontiac voted to cancel the Red Cross spring campaign in all areas covered by Pontiac Area United Fund and Twenty Townships

United Fund, The agreement is a one-year contract, Euler explained.

The Red Cross will still conduct an independent fund campaign this March in the string of South Oakland cities south of Square Lake Road, Euler explained that Detroit United Foundation, which covers the cities, is not yet ready to discuss plans to take over the Red Cross drive there.

Executive committeemen okayed the plan after Euler pointed out that both the United Fund groups had offered the Red Cross higher stakes in this fall's drives than last year's if the organization cancelled its spring campaign.

Pontiac Area United Fund offered \$47,000, he said; some \$13,000 over last year's \$34,000 allocation. The Pontiac drive will include Waterford this year for the first time. Red Cross workers raised only \$5,000 in a house-to-house drive in Pontiac and \$4,000 in Waterford last year.

The "Twenty Townships" organization—which actually includes only 19 townships since Waterford joined Pontiac promised \$24,478, Euler said. This is 10 per cent above the amount the Red Cross raised in its drive in the rural areas last March.

Detroit United Foundation is giving the local Red Cross another \$37,000, Euler added.

Mrs. Alfred E. Barnes, commtteewoman from Royal Oak, juestioned the move, as national Red Cross officials have never officially sanctioned any chapter's joining completely in federated fund-raising.

Euler pointed out the national Red Cross has aproved "concurrent" campaigns; and that several Michigan Red Cross Chaptersincluding those in Detroit, Flintand Grand Rapids—are members of United Fund drives.

A \$6,500 "face-lifting" is in tore for the new Oakland County Chapter, American Red Cross headquarters at 118 Franklin Blvd,

The chapter's executive comm-Pontiac.

ittee recently allocated that amount to repaint, repair, remodel the eight-room house and provide a graveled parking lot.

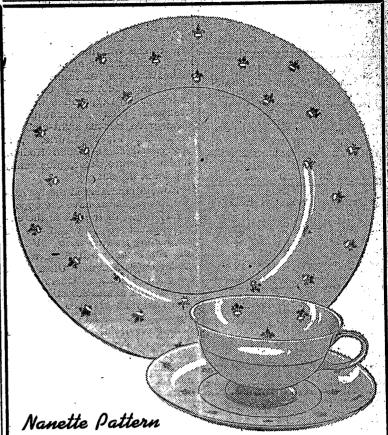

Recommendation came from the chapter's special housing committee, whose chairman, Harold B. Euler, told executive committeemen the Chapter hopes to move to its new quarters in about a

month. Other housing committeemen include Mrs. Sheldon Noble of Birmingham and Palmer Bundy

of Pontiac. Executive committee also authorized the purchase of a fireproof safe to guard the chapter's valuable records, money and other papers.

SORORITY GIRL! Here is an eye-opening picture

of college sororities that reveals the loneliness, frastration, and bitterness they often bring to their members, It's "must" reading for every parent and student. Read the shocking truth about sororities in The American Weekly, the magazine distributed with SUNDAY'S CHICAGO AMERI-

Pick up a piece of BARONET CHINA. Hear its resonant ring. Look at its fine texture, its smooth, brilliant and long wearing glaze, its distinctive decorations. This is fine china, made in the U.S. Zone of Germany by one of Europe's oldest and best china manufacturers, Eschenbach of Bavaria. For your "best" china service (it has an "everyday" price tag on it though) choose NANETTE, the pattern which is equally at home in formal or informal settings. It is decorated with green and coin-gold fleurs-de-lis and coin-gold lines. This charming design is on the princess shape, with large size dinner plates and footed, flared teacups with coin-gold handles.

been received. The Trendle Campbell Broadcasting Corporation, owners of WTAC-TV, are announcing this extension to give everyone an added opportunity to secure an application, and because of the over-whelming popularity of the contest. This change of date provides aspiring television talent with an extra few days to send in their completed applications.

The Trendle Campbell Broadcasting Corporation firmly believes that the television stars of the future will be found in the local entertainers of today. This belief has been proven many times for it was the Trendle Campbell Broadcasting Corporation who introduced such "unknowns" as Hildegarde, famous night-club entertainer; Piper Laurie, pert Hollywood starlet; John Hodiak, motion picture actor, plus many top stars of today.

Now, entertainers in the WTAC-TV coverage area have the opportunity to get their start in the entertainment field. WTAC-TV is conducting an area-wide "TV Talent Hunt" and will feature this talent on Flint's new Ultra High Frequency station, Channel 16. Application blanks for talent auditions may be obtained from any reputable television dealer or television service organization in the WTAC-TV coverage area. As the completed talent application forms are received and processed, audition dates will be set and announ-

The extension of the closing date to Oct. 4 provides talent in Flint and the surrounding area an extra opportunity to enter the "TV Talent Hunt".

#### CHECK HOMES TO ELIMINATE FIRE HAZARDS

Fires killed 231 Michigan people last year.

Four times as many lost their the laboratory will be closed until lives from fires in their own homes as from fires in public buildings or other outside fires.

Greatest toll of lives from fires in the home was among the very young and the aging—children under five and people over 65.

These facts were pointed out by the Michigan Department of Health in urging every family to use National Fire Prevention Week, October 4-10, to check their own homes to eliminate fire haz-

Fires last year cost Michigan people over \$21,000,000 in loss of buildings and furnishings, in addition to costs of hospitalization, doctor bills, rehabilitation, and

INSURANCE

TAKE IT EASY with an

ELECTRIC DRYER!

Ever stop to count the steps you take to do the wash? The average woman takes 625 steps from

the washer, up the stairs, into the yard, and back

again-that's 2500 steps for four loads! An electric

clothes dryer eliminates all those extra steps. It

also eliminates lugging baskets of heavy, wet clothes ... bending, stretching ... pulling, tugging, tightening lines. Too, a dryer's gentle action fluffs and

softens clothes . . . tosses wrinkles out so that iron-

ing's easier. But find out for yourself. Buy an

electric clothes dryer now, during "Dryer Days."

number of applications that have loss of time from work, the Department said.

> Among the common causes of fires in the home are defective. souty and poorly constructed chimneys; sparks from chimneys and honfires falling on flammable roofs; defective stoyes and furnaces; careless smoking habits; improper storage and use of kerosene, gasoline, and other flammable liquids and explosives; spontaneous ignition of hay; broken and damaged lightening rods; unsafe wiring, overloaded electric circuits, worn cords and defective electrical appliances and burning debris outdoors on dry and windy days

The Department advised that you post the fire department number near the phone, keep fire extinguishers in readily accessible places and never leave young children and old folks at home alone Also, be sure every member of the family knows more than one escape route from the house, particularly from the upper floors.

Majority of fires are preventable. Careless deeds and negligence in eliminating known hazards cause most of them. You can prevent fires by learning to recognize the hazards, by checking your premises periodically and eliminating potential danger spots and by being careful at all times.

day of hearing.

Noticed the Missus had a red ribbon tied around her finger at breakfast one morning last week. "What's that for?" I asked. "Your memory slipping?"

"It's not for me," she answers, "it's to remind you, and everybody else who asks what it's for. to contribute to the Woman's Club Library Fund. We need \$200 and we figured we'd get more help if we could get people to ask us about it."

Well, as it turned out, the red ribbon worked just fine. The ladies are having the library all fixed up-and there's enough money for some new books, too.

From where I sit, it would be a fine thing if we had some sort of private reminder when we forget the rights of our neighbors. Like when we start telling them what we think is best. I may like a travel book and a temperate glass of beer while you prefer a cup of tea with your historical . novel. Let's both remember not to "put the finger" on the other!

MR. TRUMAN DESCRIBES HIS FAMILY SOCIAL LIFE!

Harry S. Truman tells about his family's social life in Independence, Mo., reveals his opinion of Margaret's singing and her estimate of his piano playing. He describes, too, some amusing incidents since leaving the White House. Read "Mr. Citizen", by Harry S. Truman, in American Weekly with Oct. 4 Detroit Sunday Times.

NEWS LINERS bring results.

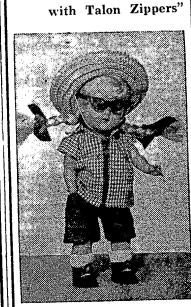

NOTICE OF INDEPENDENCE TOWNSHIP ZONING BOARD MEETING

### ADD BEAUTY TO YOUR NEW HOME

Install a WINDOWALL like this one in your kitchen. Then you'll open it up to sunshine and fresh air—and disclose a lovely view.

The sash swing out—permitting you to work in the midst of a fine breeze. And if it's cold outside, these windows act as a weathertight section of the wall. Ask us about ANDERSEN WINDOWALLS.
