

Waterford
Mrs. Jack Hall, Correspondent
 Mr. and Mrs. Harry Wormnest are now occupying their new home on Andersonville Road just west of Airport Road. They formerly lived on the same street, up by the bridge connecting Van-

Norman and Lester Lakes. A/3C Donald Helman who has been spending the past months at his home here is now at Camp Kilmer, New Jersey. He will sail soon for Germany and expects to be stationed near Munich. This past Sunday he visited New York City and while there was a dinner

guest of Lieut. and Mrs. Martin Wager, Jr., former Waterford friend. Lieut. Wager is stationed in New York.
 Mr. and Mrs. Fred Mitchell are home after spending two weeks in the north.
 Mr. and Mrs. W. K. Ryan and boys accompanied by their son and daughter-in-law, Bill and Marilyn Ryan of Pontiac, attended Cinerama on Sunday evening at the Music Hall in Detroit.

Kathleen Stites, a student at Michigan State College, spent the weekend with her uncle and aunt, Mr. and Mrs. James Stites.

Mrs. William Jacober has been called to Minnesota again on account of her father's illness. He has been in the hospital for some time but is now home and his condition grows steadily worse.

Mr. and Mrs. Lancy Jones of Airport Road were hosts to 14 members of the Jones family for dinner on Sunday. The get-together honored his uncle, Carl Crittendon, who is visiting here from California.

A birthday dinner honoring several friends was held at the Wallace Brown home on Saturday evening. Guests for the dinner were Mr. and Mrs. Albert Kray, Mr. and Mrs. Henry Mehler, and Mr. and Mrs. Alton Goll. Mrs. Brown, Mrs. Kray, Mr. and Mrs. Mehler and Mr. Goll all celebrated birthdays within a few days of each other.

Mrs. Henri Buck and her daughter, Mrs. Victor Lindquist were hostesses on Thursday of last week to the members of the Good Will Club. Plans are underway for their Christmas work and will be completed at the combined November and December meeting on December 4th at the home of Mrs. Henry Mehler.

Mr. and Mrs. Edward Hague and daughter, Margaret, left last week to spend the winter months in Arizona. Mrs. Hague suffered from arthritis and it is hoped the change in climate will be beneficial to her.

Thirty-five members of the Luther League of Christ Lutheran Church attended their banquet on Sunday evening with members of the Ladies' Guild serving. Daniel Carter acted as master of ceremonies and Gary Waltz gave the welcome. The Reverend Mr.

Emblem of The Republic

Defiant and poised, this American bald eagle was found in the woods near Roscommon recently with one wing sprained. Conservation department biologists captured the big bird and took it to nearby Houghton Lake wildlife station for protection and care while its wing was mending. The department's photographer made this study of the majestic bird that has been chosen as emblem of the United States.

Anderson lead group singing and songs by the Choral Group of the League were also enjoyed, as was the film "The Shield of Faith".

The Gospel Truth Campaign that was scheduled for this week, Wednesday through Sunday, at the Waterford Community Church with Mel Seguire as speaker, has had to be cancelled due to the death of his mother.

The Adult Bible Class of the Waterford Community Church will meet on Tuesday evening at 7:30 at the Henry Mehler home. Roll call will be answered with a Bible verse containing the word "fellowship".

The Ladies' Auxiliary of the Community Church will meet on Thursday, Nov. 5th, at the home of Mrs. Wright VanPlew. There will be a pot-luck luncheon at 12:30 followed by the business meeting. Mrs. Kline Powell will assist.

SATURDAY MORNING FUN PROGRAM

Over 80 youngsters turned out to participate in the Saturday morning fun program sponsored by the Waterford Township Recreation Board.

Although the weather was rainy and dreary, activity was high throughout the morning, in the Community Activities Building.

With Hallowe'en just around the corner, the special feature of the Arts and Crafts room was mask-making. The boys and girls created new and unusual masks to their own liking. Others were busy working on leather belts, while still others worked on pyro-lace braiding.

A large group of boys went into the basement gym to take part in supervised boxing, wrestling and tumbling. Some of the boys and girls played basketball, while still others took part in special games and relays. A large variety of quiet box games and semi-active games were offered the youngsters in the game room.

The Community Activities library was open for the children wishing to listen to stories as told by the ladies in charge of the library and several books were checked out during the morning.

This fun program is a weekly affair for the children of Waterford Township; held every Sat-

urday from 9 until 12 noon.

The Saturday afternoon boys Football Clinic was rained out last Saturday, but will be held at the scheduled time this next Saturday, 1 to 3:30 P. M. Boys of Waterford Township are welcome to join in the fun of this clinic, held at the Waterford Township High School Football Field.

HALLOWE'EN PARTIES

Donelson and Adams, township elementary schools, are to be the scenes of Hallowe'en parties for the young children of Waterford Township on Saturday, October

31, from 7 to 9 P. M.

Waterford Township Recreation Board, co-sponsored by the local Kiwanis and Rotary Clubs are putting on an evening of festivities for the young people in those particular areas. Children not attending Adams or Donelson schools, but who wish to attend these parties are welcome.

Youngsters are to come dressed in costumes of their favorite Hallowe'en character. Prizes are to be given to the funniest, scariest, etc. Games, contests, haunted rooms, hallowe'en skits are to highlight the evening. It is hoped by the Recreation Department that parents will provide the necessary transportation.

In the future it is hoped that all children in the township will be provided with evening Hallowe'en parties, by including more of the elementary schools in the recreation department's planning. Clubs, neighborhood parties or the lack of certain school facilities are the reasons more elementary school areas are not in the plans this year.

FORTISAN AND SARAN FIBERS FOR CURTAINS

Fortisan and Saran are two of

the newer man-made fibers now being used in window curtain fabrics, report textiles authorities at Michigan State College.

Fortisan, used for parachutes during World War II, is a cellulose fiber which is frequently blended with other fibers. It's used with cotton and with rayon to make sheer, gauze-like window fabrics available in a variety of colors.

The manufacturers claim Fortisan's special qualities to be great strength, light weight, fade resistance and resistance to stretching and shrinking. Stretching

and shrinking stability is important in curtains, of course.

Saran marquisette is woven from plastic yarns and may be dyed many colors. These yarns are very tough, flexible and resistant to wear, water, fire and chemicals. Although fabrics made from these yarns may be easily cleaned with soap and water, they will shrink excessively at high temperature.

Crumpling of the Saran fabric will result in permanent wrinkles or folds, cautions Florence Rann, Extension specialist in clothing and textiles at Michigan State College.

Today is the day to get your NEW FORD!

1. BECAUSE WE NEED MORE GOOD USED CARS—RIGHT NOW!

And we're willing to pay you more for 'em, too! Why not bring your car in today and we'll show you what really good trade-in prices we're offering! In fact, why not check several places for trade-in prices—then compare them with ours. We know you'll like the difference.

2. BECAUSE OUR SELECTION OF NEW FORDS IS THE BEST IT'S BEEN IN YEARS!

With production of Fords at a new high, we're closer to being able to supply the persistent demand for the "Worth More" car. Take a look and take your pick—there are 18 models to choose from! Quick delivery, too!

3. BECAUSE FORD OFFERS YOU FEATURES OF CARS COSTING HUNDREDS MORE!

Sure, some of the costly cars have V-8 engines, power steering, completely automatic drive, smooth ride and other features—but Ford has them, too! (And for a lot lower price!) Test Drive a Ford and see for yourself!

4. BECAUSE A FORD'S WORTH MORE WHEN YOU SELL IT, TOO!

Here's the acid test for any car—its resale value. According to recent used car surveys, a year-old Ford retains more of its original cost than any other car! Think it over... for trade-in, selection, features, resale value, you can't beat Ford... get yours today!

CLARKSTON ELEMENTARY

SIXTH GRADE—Mrs. Forsyth

We were glad to see so many people in our talent show and spook-house. We haven't heard how much money we made but we hope we raked in lots!

We extend our thanks to all the children participating in our talent show. Also, to all our helpful mothers.

On Friday we are turning in reports on Central America.

Today we welcomed a new student, Karen London.

We're glad to have Carol and Harold Lumm back.

We finished the book "Black Stallion" and enjoyed it very much. We are starting the next book in the series.

Donna Ruggles

ANDERSONVILLE SCHOOL

FIRST GRADE—Mrs. Landon

We have a fall exhibit in our room. We have collected leaves, pumpkins, gourds, corn, pheasant

feathers, nuts, and many pictures of fall scenes.

Karl Sprague brought a pumpkin. We made a jack-o-lantern out of it. Then we made up a story about it.

SECOND GRADE

Karen Horn, Leslie Whalin and Sandra Richmond all had birthdays this week.

We have two new pupils this week, Nancy Crosby came from Georgia and Lois Lorton from Waterford, making our enrollment 51.

OUR NEWS—Mrs. Mills

Everyone in our room changed desks today. We like to do this.

We are looking forward to our Hallowe'en party. We are going to have our party next Friday afternoon. We have witches, black-cats and bats on our bulletin board. Some of us have brought pumpkins. In Miss Aber's art class we made masks out of colored paper. When Mrs. Mills walked into the room we put our masks on and scared her.

We like our library books very

State Winner in 4-H Dress Revue

KAY ANN CONELY of Brighton will represent Michigan in the National 4-H Club Dress Revue in Chicago in late November.

Miss Conely gained the honor when she was judged winner of the dress revue at the 38th annual State 4-H Club Show held at Michigan State College in September.

Her award-winning costume was a fitted stole suit in a shade of smoke blue wool overcast with a lavender tone. The stole was fringed in lavender wool. She wore black accessories.

Rating top honors on the basis of poise, grooming, good taste, fine tailoring and harmony of costume and personality, Miss Conely won the award. It is the top award in the 4-H Club girls in clothing projects in Michigan.

Her trip to 4-H Club Congress in Chicago will be sponsored by the Simplicity Pattern Company, Inc., of New York.

During more than seven years of 4-H Club membership, the 18-year-old Miss Conely has completed 30 projects—concentrating in the 4-H Club clothing, foods and canning programs.

A graduate of Brighton High School last spring, Miss Conely is enrolled in home economics at Michigan State College this fall. She holds two college scholarships—a 4-H Academic Scholarship and a Kroger Scholarship.

The awards program is conducted under the direction of the National Committee on Boys' and Girls' Cooperative Extension Service of

Kay Ann Conely

Michigan State College and the U. S. Department of Agriculture in cooperation with the National Committee on Boys' and Girls' Work of Chicago.

supplies of the right food are provided beginning in October or early November, many birds can be persuaded to remain throughout the winter.

Common visitors to most feeding stations are the black-capped chickadee, downy woodpecker, cardinal, slate-colored junco, blue jay, white-breasted nuthatch, and in some areas, the pheasant.

Foods especially popular with birds are suet, sunflower seeds, crushed raw peanuts and baby chick scratch mixture, according to naturalist Walter P. Nickell of Cranbrook Institute of Science, Bloomfield Hills.

Aside from attracting a parade of living color to his yard, the station operator helps conserve native wildlife and sometimes has a chance to photograph such rare specimens as the purple finch, tufted titmouse, pine siskin, bronzed grackle and cedar wax-wing.

Once started, a feeding station should be kept stocked until spring, Mr. Nickell observes, because birds grow to depend on it and may suffer or perish at an empty feeder during periods of heavy snow or when wild food is covered with ice.

Good designs for home-made feeding stations are available in a small booklet published by Cranbrook Institute of Science.

TURKEY FETE OFFERS MANY SUGGESTIONS

A nationally recognized authority on the merchandising of processed poultry will be one of the main speakers at the annual Michigan Turkey Festival at Grand Rapids, Nov. 3 through 5. He is Cliff Carpenter of Chicago, president of the Institute of American Poultry Industries.

Another highlight of the Festival will be pointers on selecting good quality turkeys for cooking and a demonstration on methods of preparing halves and quarters of birds. Margaret Smith, a Grand Rapids home economist, will stage the demonstration and give the pointers.

Judging of exhibits in the five divisions and 31 classes will be based on meat qualities. The finish and attractiveness to Mrs. Consumer will be considered of prime importance, according to Don Miller, extension poultryman at Michigan State College. Miller is secretary-treasurer of the Michigan Turkey Growers' Association. He and Marve DeWitt of Boroulo are co-chairmen of the event.

Weekly with this Sunday's (November 1) issue of The Detroit Sunday Times, a magnificent color photograph of His Holiness, taken by Karsh of Ottawa—plus the famous portrait photographer's fascinating article, "How I Photographed Pope Pius XII". Be sure to get Sunday's Detroit Times.

MAINTAINING and improving the quality of its products is the most highly emphasized activity of this cooperative milk marketing association.

For thirty-seven successful years the Michigan Milk Producers Association has carried on an intensive quality control program in the belief that it provides its members the maximum of protection in holding and expanding their markets.

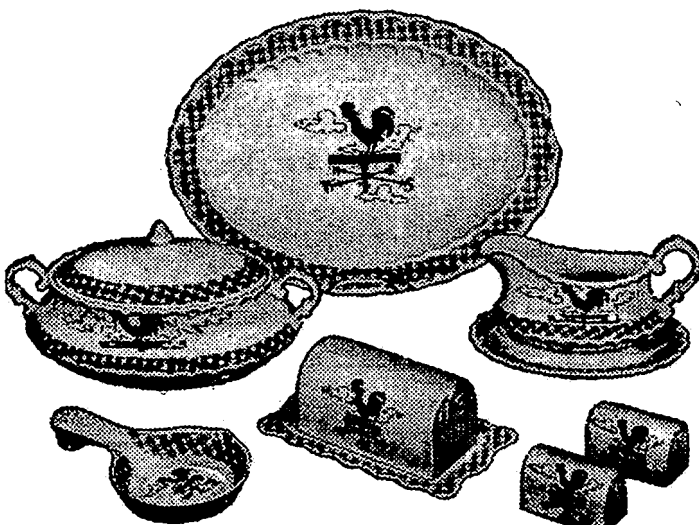

The Quality Control Department is adequately manned by competent technicians who are provided with the most modern, approved equipment for both field and laboratory work. The illustration above shows a section of the splendid facilities in which the members of this organization have invested at their Imlay City, Michigan, manufacturing plant. Such a laboratory is available to the dairy farmer only through the means of a cooperative organization spreading the cost among thousands of members.

Consumers share equally with members in the benefits which accrue from the production of highest quality products.

YOUR HOME NEWSPAPER

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.

The Clarkston News

much. We have been giving a report on our books in English class.

We have a lot of fun with our new soccer ball on the playground.

We have two new pupils in our room. They are Beverly Ann Lewis from Pontiac and Alvin Crosby from Sparks, Georgia.

4TH GRADE—Mrs. VanNatta

The fourth grade is starting a new reading unit on "Pioneers". We are following a family from their home near Philadelphia to Pittsburgh. They travel by covered wagon and by flatboat on the Ohio River. The story happens in the year 1790.

The children are building a pioneer village and gathering pioneer pictures. We hope to make some of the tools the pioneers used, also some covered wagons.

FEEDING BIRDS IN WINTER

Armchair bird-watchers have a much easier time in winter than in summer.

Many varieties of birds which scatter widely through forests in summer can, during winter food shortages, be lured into backyards with properly arranged feeding stations.

Unlike humans, birds do not migrate south to escape cold. Those species that leave the summer haunts do so because winter kills or covers most of the insects,

CHRISTMAS TREE LAW
As the Christmas holiday season is rapidly approaching, the Michigan Department of Agriculture wishes to alert all citizens who plan to sell or transport cut Christmas trees or evergreen boughs to be thoroughly familiar with the provision of Michigan's Christmas tree law (Act 124, P. A. 1933).

CHRISTMAS TREE LAW (continued)
1. Any person, except the original owners of trees or boughs, must upon reselling Christmas trees or evergreen boughs, give the buyer a bill of sale which shall contain the names and addresses of both seller and purchaser and the number and kinds of trees or boughs that are sold.

CHRISTMAS TREE LAW (continued)
2. Persons, such as brokers, truckers, sales lot operators or anyone buying and selling who is not the original owner must keep for a period of two years bills of sale received from persons from whom the trees were obtained.

CHRISTMAS TREE LAW (continued)
3. Anyone buying trees from a property owner must have in his possession a bill of sale on a form furnished by the Department of Agriculture and available at State Police Posts, Conservation Headquarters, County Agents' Offices, and Sheriffs' Offices.

CHRISTMAS TREE LAW (continued)
4. Property owners may transport Christmas trees or evergreen boughs from their own property without a bill of sale provided they can provide their ownership of such property.

CHRISTMAS TREE LAW (continued)
A bill of sale is not adequate for persons who wish to transport native trees or plants with roots attached, says Mr. Boyer. An inspection is essential before these may be moved from the property on which they are growing.

NATIONAL PRESS BUILDING WASHINGTON, D. C. By Anne Goods

Aluminum foil pie pans—in different sizes and shapes—are wonderful for deep-freezing homemade pies, cupcakes, custard, etc. They're easy to pack and blessedly inexpensive!

If you're tired of your bedspreads and are in the mood for something different, make a Hooney dust ruffle to show under a gay patchwork quilt cover. For the ruffle: straight strips of sheeting (about 12 inches deep) dyed a pretty color with all-purpose dye, hemmed and gathered at the top. Fasten according to the type bed you have.

To serve a really deluxe baked potato, try this: Sift and scoop out the insides of each baked potato, mash and add vitaminized margarine, salt, warm milk and one or more of these—chopped bacon, melted cheese, finely chopped onion, or pimiento. Refill shells, place in oven until lightly browned and serve piping hot.

The divan or studio couch never looks so inviting as when decked with comfy looking pillows. They're easy to make yourself if you buy foam rubber cushion shapes (square or round) and cover with bright corduroy, velveteen or antique silk.

When cooking or hard-cooking eggs, a sprinkling of salt in the water will keep them from breaking.

News Liners
 Six weeks old, fluffy yellow kitten wants a home. Call MAple 5-3541 after 6:00 P. M. 9c

For Sale—white porcelain, cook stove, coal or wood. Phone MAple 5-3101. 9c

It's GOOD JUDGMENT.

... to bring your foods to our locker, plant for processing, freezing, and zero storage, for we're specialists in the handling of frozen foods.

You make a wise decision when you use our services. We handle hundreds of thousands of pounds of foods a year, and our experience is your assurance that the foods you bring in—or the things you buy at our plant—will be taken care of promptly, expertly and economically.

You, too, can enjoy the convenience of one of our handy frozen food lockers. Any meal, any season is easy for you... delicious for your family... when you have a locker. We'll be happy to tell you more about our services.

Tinkling Angelabra
 WITH INTERCHANGEABLE CLOWNS

One of the earliest mobiles was the Angelabra of Sweden. Activated by candle's heat, Angels revolved around the center tinkling bells as they went. Now... something new! Angels may be interchanged with the clowns on prancing horses. Complete with angels, clowns on horses and 3 candles, only \$2.95

Meet Your Michigan

MICHIGAN'S BUSY BEES:
 IN 1952, MICHIGAN'S 775,000 COLONIES OF HONEY BEES PRODUCED OVER 33 MILLION POUNDS OF HONEY AND 137,000 POUNDS OF BEESWAX. TOTAL RETAIL MARKET VALUE OF THIS HONEY CROP WAS \$1,269,000 THEREBY RANKING MICHIGAN AMONG THE NATION'S LEADING HONEY PRODUCERS.

HOW DETOUR WAS NAMED:
 THE VILLAGE OF DETOUR, LOCATED WHERE THE ST. MARY'S RIVER SWIRLS INTO LAKE HURON, DERIVES ITS NAME FROM THE FRENCH. DETOUR MEANS "THE TURN" AND REFERS TO THE COURSE OF NAVIGATION FROM MACHINAC ISLAND TO THE RIVER. THIS ROUTE IS REGARDED BY LAKE CAPTAINS AS ONE OF THE MOST DANGEROUS GREAT LAKES' PASSAGES.

IN MEMORIAM:
 IN DOWNTOWN DETROIT'S CAPITOL PARK SITE OF MICHIGAN'S FIRST CAPITAL STANDS AN INTERESTING MONUMENT. IT'S A STATUE TO STEPHEN T. MASON, FIRST GOVERNOR OF THE STATE. BENEATH THE MARBLE, HIS ASHES ARE ENTOMBED. THE STATUE WAS BUILT OF BRONZE FROM AN OLD CANNON DONATED BY THE U.S. WAR DEPARTMENT.

LUMBER TYCOON:
 MICHIGAN'S LUMBER INDUSTRY IS STILL A SOURCE OF VAST WEALTH. ESTIMATED VALUE OF FOREST PRODUCTS HARVESTED IN MICHIGAN IN ONE PERCENT YEAR WAS NEARLY \$2,000,000, COMPRISING MOST OF THIS TOTAL WERE SAW LOGS, PULPWOOD, FUELWOOD, VENEER LOGS, POSTS AND MINE TIMBERS.

MICHIGAN FEATURE SERIES prepared by MICHIGAN TOURIST COUNCIL... No. 58
